VOL. LVII., No. 9 PETERBOROUGH, ONT., CANADA, SATURDAY, JULY 11, 1908 TEN CENTS PER WEEK

TO REWARD THE VETERANS COL. SAM HUGHES' PLEA

Grant is to Include Two Adjoining Quarter Sections—Clause Permitting Grain-Mixing at Winnipeg Sharply Criticized.

Ottawa, July 11.—Last night Hon. Mr. Oliver moved a resolution that the bill to authorize a bounty to volunteers who served the crown in South Africa shall apply to all volunteers who reside, or were domiciled in Canada at the time of their enlistment for military service in South Africa; that in the event of a volunteer's death between the date of his enlistment and Dec. 31, 1910, the proposed grant of land may be made to his legal representative, and that any person entitled to choose scrip in lieu of land may give notice before Dec. 31, 1910.

Mr. Oliver said those who enlisted in the South African constabulary would be eligible.

Col. Sam Hughes thought Canadians who enlisted in Britain or South Africa should also be included, while Messrs. Bickerdike and Schell (Oxford) spoke for the Fenian Raid veterans.

The resolution carried and the bill taken up. Again Col. Hughes pressed for recognition of men who went to South Africa to enlist, "including if you like," he said, "Col. Sam Hughes."

Mr. Oliver intended that, but thought it would be impossible to draft a clause covering all cases.

Mr. Borden suggested a clause, but E. M. MacDonald objected. This country should recognize only those men who enlisted in Canadian corps.

Col. Hughes instanced the case of Col. Hamilton Merritt of Toronto, who served with Gen. Brabant's Horse, "and I," said the colonel, "couldn't go to South Africa because of the tyranny of an English officer who happened to be a servant of the Canadian Government."

The clause was allowed to stand.

Dr. Barr proposed that war correspondents be included and Mr. Martin (P.E.I.) suggested nurses and chaplains. The Minister said the suggestions would be considered.

The grant is to consist of two adjoining quarter sections and the grantee or his substitute is to fulfill homestead duties and make his entry by Dec. 31, 1910, and begin residence on the land six months after that date.

In regard to substitutes the bill now provides that a substitute must be of the age of 18 years and a British subject, or one who has declared his intention of becoming a British subject, but no patent shall issue to anyone until he has become a British subject.

Yesterday afternoon's sitting of the House was devoted to consideration in committee of the Manitoba grain act.

There was a good deal of criticism of the clause permitting the mixing of grades at Winnipeg, but not at the western and eastern elevators.

Messrs. Lake, Schaffner and Staples on the Opposition side, and Mr. Conmee on the Government side, voiced the objection to this clause.

The latter moved an amendment to extend the privilege of mixing to terminal elevators, but this the Minister refused to accept.

Among the amendments adopted was one designed to preserve the identity of shipments of grain while en route to the western and foreign markets.

Progress was reported.

Hon. Mr. Lemieux introduced a resolution declaring it expedient to prohibit the importation, manufacture and sale of opium for other than medicinal purposes.

The proposal was greeted with calls of "carried!" and a bill was introduced to give effect thereto.

The item in the supplementary estimates of $100,000 for a survey of the route of the proposed Hudson Bay Railway gives interest to the speculation which has been rife for days as to how the line is likely to be constructed.

It is now said that instead of arranging with the Canadian Northern Railway Co. to continue their present railway from La Pas on the Saskatchewan on to Fort Churchill on Hudson Bay, the road will be constructed by the Government and as a Government proposition, other railways to have running rights over the route.

For several days representatives of the C.N.R. have been in Ottawa doubtless endeavoring to induce the Government to give them the necessary financial encouragement to enable them to construct the Hudson Bay road. But the indications are now that all their efforts have been in vain, and that a Government constructed and public-owned road is the policy of the Government.

CONFLAGRATION AT GRAND FORKS

One Dead and One Missing in $300,000 Blaze.

Grand Forks, B.C., July 11.—The worst fire in the history of this city was started early yesterday morning, supposedly in the Square Hotel, which was vacant.

Two blocks and a half were completely burned out, and the approximate loss, which cannot be accurately ascertained at present, will reach nearly $300,000, with possibly 25 per cent. insurance.

Barnaby Mola, who was stopping in the Valhalla Hotel, was killed, only his charred remains being found in the ruins. One other person, a miner named Buckman, is missing.

Three hotels, telephone exchange, C. P. telegraph and Dominion express offices and Eastern Townships Bank are among the buildings destroyed.

Lost Savings; Inhaled Gas.

New York, July 11.—Rather than face her landlord when she had no money to pay the rent of a boarding house in which she had lost the savings of a lifetime, Mrs. Henrietta Scadder killed herself yesterday by inhaling illuminating gas.

Enquiry Ordered.

Windsor, July 11.—Attorney-General Foy has ordered an investigation of the circumstances surrounding the death of Jap Brown, the Bell Telephone lineman, who was electrocuted while working here about two months ago.

Co-operative Bill to Senate.

Ottawa, July 11.—The Senate banking committee yesterday morning, upon motion of Hon. J. H. Kerr, by a vote of 9 to 8, decided to report to the Senate that it was not advisable to pass the co-operative bill, because it intruded on provincial rights.

The Minister of Justice gave an opinion that with the possible exception of the banking provisions the objects of the bill were within the legislative powers of the provinces.

Cigarette Bill Passed.

Ottawa, July 11.—The Senators yesterday adopted on a vote of 33 to 13 an amendment of Senator Power to reduce the age limit of cigarette smokers from 18 to 16 years.

The bill then passed.

Hungarians Go on Strike.

Belleville, July 11.—Fifty Hungarians employed by the Belleville Portland Cement Co. plant here went on strike Thursday evening.

PENSIONS PASS IN THE HOUSE

Old Age Bill Survives Third Reading British Commons.

London, July 11.—The third reading of the old-age pension bill was passed in the House of Commons last night. By this measure every man and woman of seventy or over who is not in receipt of an annual income of over £31 shall receive from the Government a weekly pension of five shillings. Persons in receipt of relief under the poor law will not receive a pension. It was intended at first that when two or more persons in receipt of pensions resided in the same house, as, for instance, a man and his wife, the pension should be reduced to 3s. 9d. weekly, but at the earnest solicitation of the Labor members and many others the Government decided to abandon the reduced pension. It is estimated that the cost of this concession will be £300,000. The sliding scale introduced by Mr. Lloyd George provides that for every £2 12s. 6d. which a pension income is in excess of £31 yearly, the pension shall be reduced by one shilling weekly. The total cost of the pensions to the country will be about £8,000,000 annually. The bill met with very little opposition in the House of Commons, but, of course, it must yet run the gauntlet of the Lords.

Coal Boat Ashore.

St. John's, Nfld., July 11.—The big steamer Regulus, five days from Philadelphia, coal laden, ran on the Stopper Side shoal near Petty Harbor Thursday evening in a dense fog at slow speed. The forward part is 12 feet on the rocks, and the amidships 18 feet. The forehold has eight feet of water.

On the Way.

Liverpool, July 11.—The Duke of Norfolk, Lord Roberts and a distinguished party sailed yesterday on the Canadian Pacific liner Empress of Ireland for Quebec to attend the tercentenary celebration of the foundation of Quebec by Champlain.

Ex-Hotelkeeper Shoots Himself.

Montreal, July 11.—William Kenny, who formerly kept the Albion Hotel in this city, and also the American House, shot himself yesterday at Newport, Vt., where he was living a retired life.

Army Medical Corps For Quebec.

Toronto, July 11.—There will be a composite company of the Army Medical Corps Field Ambulance go to Quebec in response to the call sent out from Ontario that there be one.

KERN FOR VICE-PRESIDENT HOPE OF THE DEMOCRATS

Democratic Candidate is Named Amid Wildest Scene of Enthusiasm at Denver—If Elected One Term is all He Will Accept.

Denver, Col., July 11.—William Jennings Bryan of Nebraska was nominated for the third time for the office of President of the United States by the Democratic national convention at 3.40 o'clock yesterday morning, amid scenes of frenzied enthusiasm. The result came after an all-night session, which was kept in a constant state of turmoil up to the moment when the Nebraska leader was proclaimed the choice of the convention.

The nomination was made on the first and only ballot, the vote standing:

William J. Bryan	892 ½
Judge George Gray	59 ½
Governor John A. Johnson	46
Absent or not voting	8
Total	1,006

Late yesterday afternoon John W. Kern was nominated by acclamation for vice-president by the Democratic national convention, thus completing the work of the convention and sending to the country the ticket of Bryan and Kern.

The nomination was made without the formality of a vote, all other candidates withdrawing. The result awakened a tremendous demonstration.

The convention adjourned amid scenes of enthusiasm.

The announcement of the vote on the Presidential ballot in the early morning was the signal for a wild demonstration, especially in turbulence if not in duration, the record-breaking display which on Wednesday afternoon greeted the first mention of Mr. Bryan's name in the convention. The scene within the amphitheatre at the moment of the nomination was of stirring animation. From pit to dome the vast building was packed with 10,000 people, thinned out in the remoter galleries after hours of waiting through the intense discomforts of a hot night.

Twice before the throng had been moved into a mad ecstacy, first by the speech placing the name of Bryan in nomination, and again when that of Governor Johnson of Minnesota was presented, but these manifestations paled before the culminating outbursts of emotion.

As the announcement of the Nebraskan's actual nomination was made, the whole assemblage rose en masse, waving flags, handkerchiefs, newspapers, hats and coats; anything everything which hands could lay upon, to wave aloft or hurl into the air, while a bedlam of sound poured out from these 10,000 throats in exultant yells, cat-calls, Commanche war whoops, with the added din of shrieking horns, the roar of megaphones and the strains of the band playing an exultant anthem.

New York Goes Solid.

When for a moment order could be secured out of this tempestuous chaos of demonstration, state after state which had at first recorded its vote for Johnson or Gray fell into line with the over-mastering column, and the nomination was made unanimous and by acclamation.

The taking of the vote had been followed with breathless interest. When New York was reached in the call of states, the announcement of Chief Murphy, "Seventy-eight votes for Bryan," brought out a wild outburst of enthusiastic approval, which for a time compelled the suspension of the roll-call. A further delay was caused by a demand for a poll of the New York delegation. On this poll many of the New York delegates, including Judge Alton B. Parker, the presidential nominee four years ago, remained silent, but the entire seventy-eight votes of the delegation were cast for Bryan under the "unit rule."

One Term Will Do.

Fairview, Lincoln, Neb., July 11.—The following statement was made by William J. Bryan when, at 4.34 a.m., he received the announcement of his nomination as the candidate of the Democratic party for President:

"The Presidency is the highest official position in the world, and no one occupying it can afford to have his views upon public question biased by personal ambition. Recognizing his responsibility to God and his obligation to his countrymen he should enter upon the discharge of his duties with singleness of purpose. Believing that one can best do this when he is not planning for a second term I announce now, as I have on former occasions, that, if elected, I shall not be a candidate for re-election.

"This is a nomination as purely from the people as can be, and, if elected, my obligation will be as purely to the people. I appreciate the honor the more because it came not from one person or a few persons, but from the rank and file acting freely and without compulsion."

PRINCE TO BE WELL GUARDED

Twenty English Sleuths Arrive to Watch Over Him.

Quebec, July 11.—The civic and provincial authorities are exercising all necessary discretion for the protection of the crowds at the tercentenary. The police force will be trebled, while a small army of detectives will do duty, and lessons are already being taught those of thieving inclinations by the arrest of suspicious characters on the slightest provocation. In addition to American and Upper Canada sleuths, no fewer than twenty picked English detectives recently arrived in the city, some of whose duty it will be to keep close to the Prince of Wales.

Want the Georgian Bay Canal.

Ottawa, July 11.—A deputation 100 strong, from Fort William, Port Arthur, North Bay, Sault Ste. Marie, Mattawa and various towns of the Ottawa Valley waited on Sir Wilfrid Laurier and Hon. Messrs. Scott and Pugsley yesterday morning to urge the prompt construction of the Georgian Bay Canal, and that an appropriation of ten millions be set aside by Parliament, so that the work on the new waterway might be started immediately.

The Premier said that the report of the survey had been in the hands of the Government only a week. The report, he said, would receive the prompt and full attention of the Government as soon as Parliament prorogued. Senator David presented a memorial of the Montreal city council in favor of the construction of the canal.

French Treaty Is Delayed.

Paris, July 11.—(C. A. P.)—At the customs commission yesterday the Minister announced from the agricultural view point the convention might be adopted without damaging the national production and promised to provide the commission with certain statistical documents dealing with the agricultural produce of Canada. Under the circumstances it is not likely the convention can be discussed in the Senate before the end of the session.

A Lone Highwayman.

Spokane, Wash., July 11.—A lone highwayman attempted to hold up westbound passenger train No. 3 on the Great Northern Railroad near Naples, Idaho, Thursday afternoon. The highwayman got nothing, but fled after exchanging several shots with the crew and passengers of the train. He is thought to have been shot, as he was seen to fall.

Two Boys Drown.

Kingston, July 11.—Kenneth, aged 11, and Rose, aged 15, sons of Henry Davey of Enterprise, were drowned in the creek there. No one saw the accident. It is believed that one was drawn into a hole and that the other, in an attempt to make a rescue, took cramps and sank. The bodies were found together.

MONTREAL MURDER IS UNRAVELLED

The Names of Murderer and Murdered Have Come to Light.

Montreal, July 11.—The names of murderer and murdered in the Chinese opium den on Tuesday last have come to light. The dead man was James E. Enright, and he was slain by his pal, Frank Smith. Another of Enright's partners, Frank Lennox, and another named Paul, is being held by the police.

Paul is said to be the head of a bad gang of pickpockets, sneak thieves and burglars, to which the principle in Tuesday's tragedy belonged. Smith is declared to be in hiding in Montreal at the present time.

The murder was the result of a row over the divisions of loot taken from the pocket of a passenger on one of the boats. The gang was on its way to Quebec.

Graves Washing Away.

Chatham, July 11.—The attention of local and county authorities is being directed to the condition of Dolson's cemetery on the banks of the Thames river. The portion of burial grounds which faces the river is being gradually washed into the river and many skeletons are exposed to view. This has made the cemetery a mecca for relic hunters. Fully 15 feet of the original cemetery is exposed to view.

The place never had a keeper, and when the river is high students from the nearby colleges flock to the place to carry away the skulls and bones.

Ex-Archbishop O'Connor Honored.

Toronto, July 11.—The presentation yesterday of a testimonial and the sum of $1,200 to former Archbishop O'Connor was an event of no little interest in connection with the annual "retreat," which has been in progress several days at St. Michael's College, and which was brought to a conclusion yesterday. Sixty priests have been in attendance at the ceremonials and Rev. Father Bric, C.S.S.R., St. Patrick's Church, delivered four sermons daily. Archbishop McEvay also addressed the gathering.

All-Red Route Will Boom.

London, July 11.—(C. A. P.)—The Chronicle anticipates that the result of Canada's resolution regarding the all-red route will be an immediate move forward for the scheme.

It would be a tactical misfortune if the Home Parliament ended its session with nothing done.

Pyne Leaves For England.

Toronto, July 11.—Hon. Dr. Pyne, Minister of Education, left for England yesterday. He will investigate industrial training conditions in connection with the projected technical schools for the province, and the technical training to be instituted in the public schools.

Against Separate Schools.

Winnipeg, Man., July 11.—The Free Press on behalf of Manitoba Liberals pronounces against Separate schools in the territory to be added to the province.

U.S. MARKSMEN IN THE LEAD THE CANADIANS COME FOURTH

England is Second and Sweden Third With Half of International Matches Finished—Kerr for Canada Ranks Eight in Individual Scores.

Bisley, July 11.—The American marksmen made the best showing yesterday in the Olympic games shooting contests. Besides capturing gold and silver medals they have also a useful lead in the international team matches.

The chief interest of the day naturally centered in the international match in which the Americans have the top score at three ranges, the 200 yard, 500 yard and 600 yard, which comprise the first half of this contests. The concluding three ranges are to be shot over to-day and the winners, in addition to securing the coveted gold medals, will be acclaimed the champion marksmen of the world. When the teams left the butts yesterday the American team led with a score of 1,291, with England second with 1,281 and Sweden third with 1,229.

Canada came fourth in the day's shooting events in the Olympic contests for international teams. Kerr stood highest of the Canadians coming eighth in the individual scores.

In these scores the standing of the Canadians was as follows: Kerr, 8th; Upton, 9th; Crowe, 10th; Brown, 12th; McInnes, 17th; Morris, 24th; Freeborn, 27th; Elmitt, 31st; Jones, 32nd; Martin, 34th; Rowe, 36th; Steele, 38th. There were 49 competitors.

Williams of Annapolis, N.S., made a remarkable showing at 500 yards with 14 bullseyes out of 15 shots.

Reciprocal Trade.

Ottawa, July 11.—D. H. Ross, the Canadian trade commissioner in Australia, writes that the Commonwealth Government will this summer take up the question of a reciprocal trade agreement with Canada. In his report to the Department, Mr. Ross says that in an interview with Premier Deakin last month with reference to proposals submitted on behalf of the Canadian Government for a reciprocal tariff, the latter stated that as the new Australian general and British preferential tariffs had only been finally dealt with on May 29 last his Government had been unable to consider the Canadian proposals. Premier Deakin, says Mr. Ross, again expressed his personal sympathy towards the improvement of trade relations with Canada, and intimated that during the Parliamentary recess the question would be carefully gone into with a view of having the matter dealt with at the next session of the Australian Parliament, which will probably commence early in October.

Patrol Boat Is Making Good.

Amherstburg, July 11.—Good work is being done by the Canadian Government patrol boat Owen at the Lime Kiln crossing. Since the patrol boat has been on the job not a single accident has occurred in the dangerous channel. Large boats are stopped by the patrol boat while tows are coming through. This makes it almost impossible for any mixup to occur.

Little England Ideas.

London, July 11.—The Evening Globe sees in the inability of the Government to give information re the all-red route, signs of its obedience to the Little England principles, regretting that the Government seems to have chosen this great scheme for the demonstration thereof.

Lusitania Breaks All Record.

New York, July 11.—Breaking all previous records over the long-distance course across the Atlantic of 2,891 miles, the swift turbiner Lusitania arrived at Sandy Hook lightship yesterday at 2.11 a.m., the time of passage being 4 days 19 hours and 36 minutes.

The Lusitania left Daunt's Rock July 5, at 11.35 a.m., her average speed throughout the trip being 25.01 knots an hour, which eclipses her previous day's average of 24.88 for the trip. She is now the only 25-knot steamer. The Lusitania on this trip also distanced her sister ship's record, the Mauretania, by 39 minutes. New four-bladed propellers were used on the trip. The best day's run, July 7, was 643 knots, beating the previous record two knots.

Cobalt Fines Total $2,000.

Toronto, July 11.—Two thousand dollars was the rake-off by the License Department at Cobalt in connection with the recent raid on the "blind pigs" there. Eudo Saunders, chief license inspector, returned yesterday from the mining town, where 27 convictions had been obtained, resulting in $1,800 of fines and $200 costs.

Most of the "blind pigs" were in the rear of cigar stores and similar resorts.

Boats Go Through Canal.

Cornwall, July 11.—The R. & O. liner Rapids King was allowed to pass up the canal at 5 a.m. yesterday, and at 10 a. m. the steamer Dundurn passed down. Navigation for all kinds of craft was in the evening.

Bush Fire at Englehart.

Kingston, July 11.—A bush fire at Englehart has destroyed the railroad camps of William Balby. He lost his entire outfit. Two houses were destroyed. The damage is estimated at $12,000.

CHIEF ROSZEL IS ELECTED PRESIDENT OF ASSOCIATION

Is Honored at Gathering of Canadian Chiefs of Police at Quebec.

Special to the Review

Quebec, July 10.—At yesterday morning's session of the Chiefs of Police, Chief MacRae, of Winnipeg, said that the trial by jury as at present constituted had outgrown its usefulness.

Niagara Falls has been chosen for the next convention which will take place next July.

Yesterday afternoon at the city hall they elected the following officers:

Pres.—Chief Roszel, Peterborough.

Vice-Pres.—Chief Trudel, Quebec.

Secretary—Deputy Chief Stark, Toronto.

Executive Committee—Inspector Archibald; Dominion Patrol Official, Toronto; Chief Clarke, St. John, NB; Lieut.-Col. Sherwood, Ottawa; Chief MacRae.

Votes of thanks were passed to the retiring officers, and Chief Trudel, etc. His Worship Mayor Garneau attended yesterday afternoon's session and extended a civic welcome.

CHIEF ROSZEL.

Pardon Comes 18 Years Late.

Columbus, Ohio, July 11.—Eighteen years after George Swanson completed his one-year sentence in the penitentiary for violating the United States pension laws, having been sent up from Youngstown, a full and complete pardon arrived at the institution yesterday, signed by Benjamin Harrison, then President of the United States, and Wm. F. Harton, his acting Secretary of State.

The original letter containing the pardon was received here Thursday from St. Louis. It is dated at Washington, Sept. 3, 1890. It was stamped at Columbus, Sept. 4. It is probable that the letter has been lying in some postoffice for years.

Greeks Get Confederated Bill.

Toronto, July 11.—Confusion reigned in the Greek colony in the eastern end of the city yesterday. It arose out of the travels of a Louisiana $50 bill. Two warrants and one arrest was the net result.

Peter Ilia, Milan Demetero and Christo Steinhoff passed it around among them for several days in ignorance of its worthlessness. When Steinhoff presented it at the bank it was refused. So he got out warrants.

Navajos In Revolt.

Bisbee, Ariz., July 11.—An uprising of Navajos in New Mexico is reported to have occurred and thirty soldiers with machine guns have been despatched from Fort Huachuca to Fort Wingate, New Mexico, for the purpose of aiding the troops stationed there in quelling the outbreak.

UNIFORMS FOR THE FIREMEN

Quotations to be Secured From Clothing Firms

Uniforms will be procured for the firemen as soon as possible. At the meeting of the Fire, Water and Light Committee last night, the City Clerk was instructed to write the clothing firms and secure quotations for uniforms for the brigade. The committee will likely have a recommendation to make in connection with the matter at the next meeting of the Council.

Drowning In Muskoka.

Port Sandfield, Muskoka, July 11.—H. Chambers, son of a Redwood farmer, was drowned by the upsetting of a canoe three miles from here. He was an expert canoeist and swimmer.

Carpenter Falls From Building.

Welland, July 11.—A carpenter named Eckley was seriously injured by falling from a schoolhouse Thursday. His life is despaired of.

Farmers Fall Out.

Belleville, July 11.—A young man named Earle Fox is under arrest here, charged with shooting with intent to kill, and with wounding a man named William Day. The parties are farmers, residing in Sydney Township, and the assault was the outcome of a quarrel.

THE TRIUMPH OF "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets Are Now Used and Praised in Every Section of the Dominion

A 25c. TRIAL SIZE HAS JUST BEEN PUT OUT SO THAT EVERY FAMILY IN THE LAND MAY GIVE THEM A TRIAL

"Fruit-a-tives" have been a wonderful success because they have proved their value in every case. Whether it was Constipation or Biliousness—Headaches or Neuralgia—Rheumatism or Sciatica—Indigestion or Dyspepsia—Sallow Complexion or Eruptions on the skin—Pain in the back or other indications of Kidney Trouble—"Fruit-a-tives" have never failed to give the promised relief. People tell about their cures and write to the company about them. Thus, the good news has spread that here was a medicine that actually cured—that did more than was claimed for it. And more people tried "Fruit-a-tives." To-day, "Fruit-a-tives" are the acknowledged success in the medical world and are known from ocean to ocean. Some wholesale druggists order 100 gross (14,400 boxes) at a time. Practically every druggist and general store in Canada sells them.

The new trial box at 25c will make "Fruit-a-tives" more popular than ever because it gives everybody the chance to try them.

If you only know "Fruit-a-tives" by reputation, the 25c trial size enables you to test them at a very small cost.

Write direct to Fruit-a-tives Limited, Ottawa, Ont., if your dealer does not have both the 25c and 50c boxes.

RICHMOND'S STUDIO

The Daily Review

SATURDAY, JULY 11, 1908.

THE GLORIOUS TWELTH

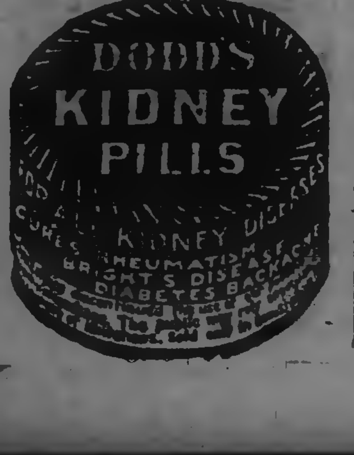
The Twelfth of July is a historic and memorable anniversary. It is the occasion of rejoicing for a large number of people throughout the British Empire, who assemble at central point to "walk" listen to addresses and otherwise enjoy themselves. Monday will be a "great day" in Peterborough if the preparations of the various local Orange societies come to a full fruition. The old familiar airs will be played and the drummers will no doubt attempt to beat all records. It is said that ample accommodation has been provided for a crowd up to twenty thousand in number. It will tax the resources of the city to provide for so large a body. The weather promises to be fair. The citizens of Peterborough will do all they can to make the day a pleasant one to the visitors.

THE MIDDLEMAN

Mr. B. H. Dodge, M.P.P., for King's County, Nova Scotia, (Sir Frederick Borden's constituency) found out that Sir Frederick as Minister of Militia was about to buy a quantity of land near Kentville for a rifle range. Fortunately for Mr. Dodge and his name is no misnomer, he "knew enough" to purchase the exact amount of land the Government acquired at the precise moment at which it was wanted. The Supreme Court reports show that Dodge paid $6,979.14 and sold to the Government for $12,460.00, being a profit rake-off or graft to the tune of $5,941.60, being over 75 per cent. which at so much per annum would be a percentage of profit at the rate of 1,200 per cent per annum. It is true that this is a mere flea-bite compared to some in fact to many of the cases of graft, but then it is not so slow all things considered.

Down in Halifax, Government printing contracts were given to a Mr. Pearson, who had no office, but farmed them out at a regular profit of 25 per cent. It was not that the actual printers got less than they would have charged others. It was merely a case of friend Pearson's getting a commission of 25 per cent for work doing or done for the party in that neighborhood.

Mr. Walberg was sent out to buy equipment for the Intercolonial. His graft on a $31,000 purchase was $4,550. The Royal Commission raked this not off, but ever when they came to it and thereby incurred the wrath of the delinquents. But it is all graft. The Laurier Government is Government by graft and nothing else. Some say, "Oh! Sir Wilfrid didn't know about it." Well, he knew about it when his commission brought in a report didn't he? What has he done about it? Nothing! He is only too glad to hold power under any circumstances. Sir Wilfrid cannot escape the plain imputation.



OPIUM IN CANADA

"The Chinese with whom I conversed on the subject, assured me that almost as much opium was sold to white people as to Chinese, and that the habit of opium smoking was making headway, not only among the white men and boys but also among women and girls. I saw evidences of the truth of these statements in my round of visits through some of the opium dens of Vancouver. The following item which appeared in a Vancouver paper at the time the Commission was in session, speaks for itself. It is entitled,

'Awful Effects of Opium.'

'In the police court this morning while Vancouver lay in the beauty and brightness of early sunshine, there emerged into the light, ugly and horrible evidence of dire influence which the opium traffic is exercising that the Federal Government of Canada, will decisively exercise its authority and powers to prohibit the importation manufacture and sale of opium into and in Canada so that the social physical and moral conditions of both the Chinese and the Europeans who indulge in the use of and the abuse of the drug may in consequence be vastly improved.'

The reference to the opium evil contained in my report as commissioner to adjust the Chinese claims, was limited, necessarily, to such facts as were brought out in evidence before the commission, while ascertaining business losses of certain of the claimants. It is hardly sufficient to convey an adequate conception of the extent to which this traffic has developed in the province of British Columbia, or to show how urgent is the need of prohibitory legislation. That the government may be more fully advised, I beg respectfully to submit a few facts and considerations which have an immediate bearing on the subject."

The above clipping is from the 'Report of W. L. Mackenzie King, C.M.G., Deputy Minister of Labour on the need for the Suppression of the Opium Traffic in Canada." This report has just been issued and discloses a part of what we may expect when the overcrowded countries of the east find an outlet in the fair, but sparsely-settled fields of Western Canada. Ill considered is a mild word to use in connection with the Laurier government's invitation to the slums of the East to pour their output into Canada. The question arises immediately "why was this beautiful Canada to have been made the stamping-ground of the irreclaimable coolie?" Unfortunately there is but one answer —to stock the labour-market. A more hideous betrayal of Canada and the best interests of Canadian manhood and womanhood would not well have suggested itself to a government given over to and in the clutches of the financier. What cares Money about mere Sentiment? Flesh and blood are to such an administration and in the eye of Money, merely part of the equipment of business. The workingman who laughs at sentiment is not long in finding out that if what he has been looking for is business and not sentiment, he is getting it here. It takes but little reflection however to discern that so soon as we learn to scout sentiment, human slavery begins, once more. But to add to all this the horrors of Oriental vices is something more horrible still. That a commissioner to suppress opium should be needed so soon after the opening of Laurier's policy of Oriental immigration is a fierce satire upon that policy. The orientalization of British Columbia and the western prairies but for the herculean opposition of Mr. Borden and the Conservative press was assured. It is gradually dawning upon even the most partisan Liberals that Laurier did not sound his retreat a moment too soon. It is true that some men of great prominence and power thought otherwise, notably the Hon. Geo. A. Cox, at Calgary in his now famous address on the occasion of the public luncheon to him when he deplored the opposition to eastern immigration as a blow to the G.T.P. But GTP. or no GTP we must think of Canadian men and women first. There can be no excuse for the disregard of Canadian sentiment and nationality.

THE NEW QUEBEC

"La Patrie" gives a very interesting summing-up of the effect of Sir Wilfrid's new Provincial Boundaries bill. "Thus increased Quebec will be much the largest province of the Dominion," says "La Patrie." Manitoba it terms a fiery and ambitious province, chafing within its present boundary. Ontario apparently was not asking for anything when a new access of territory was thrust upon it. As it stands the new and huge province of Quebec comprises the whole of eastern Canada north of New Brunswick. It will be interesting to see what the development of these immense territories will bring forth. They are nations in themselves. Manitoba was too small but why increase Ontario and Quebec?

EDITORIAL NOTES

It is a wonder that the Examiner didn't run across that balloon as it is usually at that elevation.

Now that the pre-election supplementaries are down, the total expenditure for the year is found to be $138,000,000. Gee!

'Mamma—Johnny, see that you give Ethel the lion's share of that orange.

Ethel— (later) Mamma, he hasn't given me any.

Johnny—Well, that's all right. Lions don't eat oranges."

Sir Frederick Borden, the Minister of Militia's attack on the Civil Service Commission that gave him his quietus, is amusing. He calls them all the choicest names he can lay his tongue to.

It is being suggested that the Premier of Ontario should be knighted. If the qualifications of a knight are that he be "sans peur et sans reproche," then Mr. Whitney will certainly qualify.

Since Trainer Sherring has decided not to give his Marathon participants anything but a little water, we withdraw our entry. How much nicer it would be to sit down occasionally in a cool place and have a little lemonade and a sandwich en route.

Amongst heathen people it is accounted cowardly and disgraceful to lie or cheat on any pretence whatever. After having read in the Examiner of April 28th, 1908, that "the world has come to set up less exacting standards in politics, etc.," the Zulu Chieftain Ceteway ordered his people to take that journal since which time they have become a race of machine politicians having neither sense nor conscience, so it is said.

The House of Commons has approved of the Government's proposal to give part of Major's Hill Park at Ottawa as a site for a hotel. It some time ago voted to purchase a lot of land adjoining for departmental buildings, on the ground, among others, that Major's Hill would be spoiled by putting buildings on it. The present House of Commons is, like the present Government, a freak in business.—The Montreal Gazette.

Sir Wilfrid Laurier has intimated that before Parliament is prorogued he will introduce more estimates of expenditure, a lot more railway subsidies and a measure in regard to the Quebec bridge—all providing for heavy expenditure. This is with the national treasury empty and the country's credit so reduced by this Government's wild extravagance that 3 3-4 per cent. bonds cannot be sold at par in a cheap money market. The Government surely intends to go to the country, and to depend for success on the votes of financial fools.—Montreal Gazette.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

SUPPLIED CAPS TO ORANGEMEN

McWilliams the Hatter Has Filled Three Large Orders

McWilliams the hatter, has just filled three large orders in connection with Monday's Orange demonstration. He has supplied handsome caps for Keene L.O.L., Duke of Manchester L.O.L., Peterborough, and for the 'Prentice Boys Lodge of this city. The headgear is exceedingly appropriate and the design in each case is very pretty. The regalia of L.O.L. No. 50 is on exhibition in Mr. McWilliams' Window, George street.

The C.P.R. are beginning their campaign for 25,000 harvesters for the west.

J. P. Groves, a Winnipeg broker, lost $150,000 in trying to corner rejected oats.

YOU ARE SICK !

You're uneasy, restless, without appetite. Still worse, you are thin and fagged out. Work must be done, but where is the strength coming from? Make your blood nutritious and you'll have lots of strength.

Your only hope is Ferrozone, the great food tonic.

FERROZONE

It's a blood maker, blood purifier, blood enricher. It brings sharp appetite, digests and converts all you eat into nourishment.

Ferrozone makes muscle, tissue, nerve. It strengthens in a week, builds up anyone in a month. Think of it. You'll live longer and feel better by using Ferrozone. Avoid substitutes.

Price 50c per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

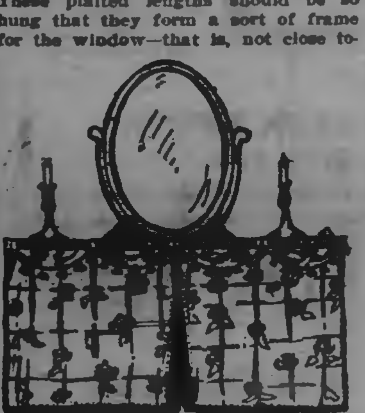
A COLONIAL BEDROOM

Summer Scheme to Take Place of Winter Fixings.

DAINTY CHINTZ DRAPERY.

The Desirable Thing Is a Combination of Coolness and Smartness With Usable Qualities—Crystal Candlesticks an Artistic Touch.

With summer comes the question as to what shall take the place of the winter fixings of the girl's room when it becomes a question of something that is cool both as to feel and as to looks. Here is where the girl with the clever fingers can do wonders with an absurdly small outlay. The trick is done by following the hint to be got from the dainty chintz draped rooms of our grandmothers' time. In the shops can be found an endless array of dainty and artistic patterns in chintz, or, as it is now called, cretonne, for the very moderate price of 20 and 30 cents a yard, and it is a yard wide at that. Two widths of the goods can be taken and cut the length of the windows and then laid in narrow box plaits, say one and one-half inches wide. These are caught with the curtain pins that come for the purpose and have hooks to catch in the little rings of the curtain rod. These plaited lengths should be so hung that they form a sort of frame for the window—that is, not close together—and across the top of the window a piece of the goods about twelve inches long and as wide as may be necessary, plaited like the side pieces, is hung to finish the top. If desired, an ordinarily cut and hung curtain of dotted swiss or net hung under the cretonne drapery can be used and gives a very delightful effect.



A COLONIAL DRESSING TABLE.

The furniture of the room is then to be considered, and the desirable thing is a combination of coolness and daintiness, yet with good usable qualities. The same pattern cretonne should of course be used, and the variations to be got with it are countless. For instance, if you are not fortunate enough to possess a conventional dressing table there is no good reason not to have an unconventional one. Any old table that can boast of a drawer and four firm legs will do famously. Cut the cretonne the exact size of the top of your table and from this drop your draperies. The festoons of the goods are not necessary, but if they are not used the stuff should be plaited like the curtains and pressed to hold into place. Two of the crystal candlesticks that can be had for a song in almost any little shop give a most artistic touch to the table. If in addition to these a few bits of china with flowers or designs to match the color of the chintz can be had, the effect is the daintiest imaginable.

The mantelpiece or hanging bookshelf then can be hung to match the curtains. This gives a stiffer, quainter effect to the draperies, almost an "art nouveau" look. Then if the bed is covered with the same stuff, bolster throw and all, the fortunate girl who lives in such a room will not be sure whether she has gone back to colonial days or has been transplanted to a fancy flower garden.

About Service Plates.

"Service plates" are those used on luncheon and dinner tables between courses.

The old fashioned way was when a person had finished eating from a plate it was removed and the place left empty until another containing the next course was put on.

Service plates fill this gap, and it is not considered good form ever to leave a place without a plate. The butler or maid as he or she takes away the plate with which one is finished puts down an empty one, usually of a very fancy kind. This remains until the next course is served to each person. The service plate is then taken up and returned at the next interval.

Service plates are on the table at the beginning of luncheon or dinner, and at that time the napkin is folded on them.

They may be medium size or large, preferably the latter.

STEAMER CLOTHES.

Advice When Preparing For a Short Trip Abroad.

First and foremost be it said to all those unacquainted with Father Neptune who are contemplating getting whiffs of sea air that they make a mistake if they allow themselves to be consumed with dread seasickness. Dismiss the thought and fear of mal de mer from the mind, and the chances are you will not suffer discomfort from the moment you board the vessel till you leave. Fill the mind with other thoughts, and, above all, do not let any one prevail upon you to take anything to prevent seasickness. If you do, the stomach will likely become upset, and you will have to pay the penalty.

In the choice of staterooms opinions differ. Amidships there is less motion. Many prefer outside staterooms. These rooms are generally higher priced than inside ones. But let it be remembered that an outside room, whether opening on a promenade deck or underneath one, has its disadvantages. If you have one of these rooms you will probably be disturbed by the noise made by the cleaning of the decks in the wee small hours or by the passing to and fro of those who prefer walking out of doors to sleeping within. Again, the strong light of the morning sun may prove a disturbing factor. Some of these rooms have only the artificial ventilation similar to the inside rooms, for the portholes frequently are not opened. However, the ventilating system on most of the boats is admirably managed today, so one need not fear lack of good air in any of the rooms.

Women need not give too much thought beforehand to the matter of clothes. Have the skirt of your traveling suit sufficiently short to clear the deck. A silk waist has the advantage over cotton materials in that it does not soil so quickly. A long coat will be found almost invaluable. When you are wrapped up in your steamer chair it will be a comfort and will prevent the stiff breezes blowing the skirt around when you walk the deck.

A small, close fitting hat is best. The soft felt ones which can be held in place with a large veil passed over the top and tied under the chin are always becoming.

See that the shoes have soles sufficiently heavy to prevent damp feet when the decks are wet. A pair of footholds will be found useful when the weather is unpleasant, for they will save one from slipping.

Immediately on seeing that your baggage is in your stateroom provide yourself with a steamer chair and have it placed as advantageously as possible. Take heed not to have it where you will obtain whiffs from the galley. The odors are apt to be uppermost in your mind when you should be taking deep breaths of the salt air. Take the precaution to have your name on your steamer rug and pillows.

If you wish to take advantage of the salt water baths each morning, arrange with the bath or room steward for your bath hour.

If you have had flowers sent to you, don't make the well nigh fatal mistake of keeping them in your stateroom. The odor will not be pleasant. Rather see that they are placed on the saloon table.

In Case of Fire.

If smoke is seen pouring out from under a door, do not rush and open that door. Remember that by so doing you cause a draft which will fan smoldering timbers into flame. Shut and keep shut all doors and windows or other air channels.

If you have not a hand pump or fire grenades handy, collect as many pails or jugs of water as possible outside the closed door of the room which is afire.

Meantime remember that smoke is almost as dangerous to life as fire. A soaking wet towel knotted round the face and nostrils is an excellent rough and ready protection against breathing smoke. So is a wet sponge.

Remember also that smoke rises. Therefore it is least thick near the floor. If the smoke be very thick, crawl with your face close against the floor.

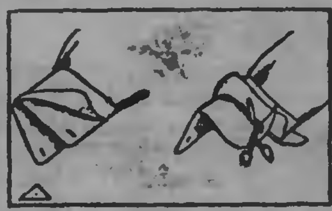
The commonest cause of fire is the upsetting of an oil lamp. Water will only spread the flames of burning oil, but a hearth rug will extinguish them promptly.

Milk will also extinguish burning oil.

Sand and earth and common salt are useful aids to fire fighting. The contents of an ordinary flowerpot will stop the spread of the flames of oil.

To Renovate Cuffs.

An ingenious and thoroughly practical idea for renovating old shirt cuffs is shown in the illustration. First of all divide with a knife the stitching at the edge of the cuff and down half the sides and pull carefully apart the linen facings from the interlining. Now cut off carefully, as shown, the worn part and shape the interlining as desired. The linen covers should be left an inch longer than the interlining to allow for turnings. When this is down, turn in neatly and machine stitch, making buttonholes to match the ones cut off, and the work is completed.



A PRACTICAL DEVICE.

WOMEN AND GIRLS HELD BY ANAEMIA

Unless the Blood is Made Rich and Red Health Cannot be Restored

Throughout Canada there are thousands of growing girls and women held in the deadly clutches of anaemia. Slowly but surely a deathly pallor settles on their cheeks; their eyes grow dull; their appetite fickle; their steps languid. Daily they are being robbed of all vitality and brightness. Their sufferings grow more acute if neglected, until the signs of early consumption become apparent. If your wife or daughter or sister complains of weakness, pains in the side, headaches or backaches; if her appetite and temper are uncertain and she is often low spirited anaemia has her in its deadly hold. What she needs is new, rich, red blood. Give her Dr. Williams' Pink Pills for Pale People without loss of time for they actually make new, red blood. They make girls and women well and happy, impart an appetite and steadily bring back the charm and brightness of perfect regular health.

Miss Carrie McGrath, 36 Fenwick street, Halifax, N.S., says:—"I believe Dr. Williams' Pink Pills saved my life. Three years ago I suffered from anaemia in a severe form. I was all run down and as pale as a sheet. I could scarcely eat anything, and what I did take did not seem to nourish me. My hands and feet were much swollen and the least exertion would leave me breathless and my heart beating violently. I seemed to have pains and aches all over. I was so weak I could not even sweep a floor. At different times I was under the care of three doctors but did not get any better. One doctor said I had dropsy and that my blood had all turned to water. My friends thought I was in a decline and that I had but a short time to live. I was completely discouraged myself, when one day a lady friend called to see me, and told me Dr. Williams' Pink Pills had cured her daughter of anaemia, and urged me to try them. I decided to try them, and in the course of a few weeks felt somewhat better. I met the doctor one day and he remarked how much better I was looking. I told him it was not his medicine, but Dr. Williams' Pink Pills that were helping me, and he told me I had better keep on taking them. I continued to do so until I had taken another half dozen boxes, when my health was perfectly restored. I am more than grateful for what these pills have done for me, and strongly recommend them to all weak girls."

Thousands of men and women, now well and strong, praise Dr. Williams' Pink Pills for having cured anemia, general weakness, indigestion, rheumatism, neuralgia, nervous disorders, paralysis and the ailments of girlhood and womanhood. These Pills do this by making new, red blood, which feeds the starved nerves, drives out disease and strengthens every organ in the body. Sold by all medicine dealers or by mail, at 50 cents a box, or six boxes for $2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

THE MARKETS.

THE "KANDY GUM" MADE BY LOCAL FIRM IS OF A SUPERIOR QUALITY

Great Demand for Product of the Canadian Chiclet Co.—The best Process and most Modern Equipment in use at the Factory—Wrappers bear the Blue Spear Trade Mark.

Although the company has only been carrying on its manufacture since last Monday, owing to the quality of the gum that is being made by the Canadian Chicle Company, the plant of which is at the corner of Weller and Park streets, the demand for its products has been a very large one, and the splendid article made has been the source of much favorable comment. Two gums are manufactured, the wrappers bearing the blue spear, which is the registered trade mark of the Canadian Chicle Company. They are Red-Cross Spearmint-Pepsin gum and Fruitlets, an exquisite candy-coated gum. It is a mere matter of taste as to which of the two kinds is the more preferable, both being of splendid quality and possessing a lasting flavor. Fruitlets, or the "Kandy Gum," promises to be very popular. It is of a delicate lavender tinge and made in three flavors, pineapple, strawberry and blood orange and is put up in attractive form.

The machinery in use at the plant is of the latest improved type, and was manufactured in Philadelphia, Pa., some being purchased through the A. R. Williams Company, Toronto. The two large pans for coating gums were made by the A. E. Micks Company, of Peterborough. The motors were supplied by the Canadian General Electric Company. The factory is one of the finest in Canada and has gum-making equipment of the most approved type, and has superior facilities of manufacture in every way.

Ten hands are employed at the factory, and as these become familiar with the work required of them, the number of employees will be increased.

The gums made by the company bear wrappers with the blue spear on them, and the names of the gums and trade marks are registered and copyrighted.

The gums compare most favorably with any manufactured, and the output from Peterborough's factory promises to be an especially large one.

FIRE CHIEF HOWARD SUBMITS REPORT TO THE COMMITTEE

At the meeting of the Fire, Water and Light Committee last night, Fire Chief Howard submitted the following report;—

Peterborough, July 10, 1908.

To the Chairman and Committee of The Fire, Water and Light Committee.

Gentlemen—I beg to present report No. 2 of the fire department as follows;—

I took charge of your fire department at 12.05 a.m., July the 1st, and immediately took stock of the building and equipment. You will please find attached to this report a stock sheet of the apparatus, equipment and supplies, as I found them on July 1st.

I trust the committee will scrutinise the stock sheet and by so doing avoid any misunderstanding that might occur in years to come. I also attach to this report a list of articles for purchase, that will be necessary to make an appropriation for, over and above the ordinary running expenses.

The last referred to is not put in the way of a demand, but merely as a guide to assist your committee in speedily bringing the department to a state of efficiency.

I wish to draw you attention to three important matters that should be acted upon immediately.

1. Your No. 1 hose waggon is in a bad state of repair, and in my opinion should receive a general overhauling. The box of the waggon is in splendid shape, but the gear is not substantial enough. I would suggest that the present gear be replaced with a heavier set, with Archibald wheels and roller bearings and that the old gear be equipped with a common box and made into a supply waggon. In cities it is customary to use the supply waggon for exercising the horses.

2. That your new hose waggon be equipped with a 50 gallon chemical tank, with interchangeable fittings.

3. It may be necessary to replace two of your horses some time in the near future, as they show signs of playing out.

I also wish to report that as yet I have not received the books belonging to the fire department, nor have I been able to obtain possession of the keys to the bell tower.

Some minor repairs are required at the fire station. The roof of the building is leaking, and the eave troughs at the rear of the building are broken.

There is another matter that I would like the committee to take up at once. I refer to the passing of by-laws governing the storage of combustibles, and the inspection of public buildings, as I would like to take up the work of inspection as soon as possible.

SOCIALIST ORGANIZER SPOKE TO CROWD AT STREET CORNER

The socialistic party is at present trying to establish a branch in Peterborough. Mr. Wilfrid G. Gribble, the provincial organiser, has been in town for the past day or two and has been holding open air meetings for that purpose. If he finds that enough interest and enthusiasm is being displayed he intends to hold an organization meeting in a short time.

He says that he had great expectations in coming to Peterborough and that there is very little doubt that there will soon be a large and flourishing branch of the party in this city.

Last night he held a meeting at the corner of George and Brock Sts. and talked to a large crowd for over an hour.

Speaking of the aims and ambitions of his party, he said that it is the object to gain control of the things which they work with and construct. To obtain this end, it is the scheme the socialists to put up labor candidates for election to parliament, and he asserts that while it will undoubtedly take some time to give the laboring class the majority in the parliament, once this is obtained, great results will follow.

The present system of capitalistic ownership will be abolished it is hoped, and in its stead will be substituted common ownership. This, Mr. Gribble says, will work wonders in the present condition of the laboring class. All will be able to claim the right to work, and all will be able to enjoy the products of their combined efforts

FULL BLOODED INDIAN BOY STANDS HIGH IN HIS EXAMS

Mr. W. J. O'Brien, son of Mr. Michael O'Brien, separate school inspector received word today that eight pupils out of a class of nine from the Mattawa separate school had passed the Entrance examination. Mr O'Brien is principal of the above school and naturally is elated over the success of his students.

One of those who passed is a full blooded Indian boy, thirteen years of age. He is exceedingly clever and took a high standing in the examination. He has adopted the name of Crawford, his Indian cognomen being too cumbersome for every day use. This Indian youth has a sister who is also very clever.

FOR A GOOD OUTING
Come with St. Luke's Congregation and Sunday School Excursion to Jubilee Point, on Tuesday, July 14th, per Str. Otonabee. Leaves Peterborough Wharf 8:15, Ashburnham Wharf 8:30. Adults 50c. Children 25c.

GOOD MARKET THIS MORNING

Plenty of Vegetables — Large Quantity of Cherries Offered for Sale

There was a large and busy market this morning. There were plenty of vegetables of all kinds except new potatoes, which are not as yet on sale.

There was an abundance of cherries at 10c per quart, but the other berries were rather scarce.

Butter ranged from 20c to 25c per pound and eggs sold for 20c per dozen.

A freight car knocked off the track at Montreal, tore all the steps from the cars of a passing passenger train.

CONGREGATION WILL WORSHIP

Service in Tent at Corner of Romaine and Aylmer Sts. To-morrow

The new Methodist congregation in the south end of the city will hold their first services tomorrow in a large tent at the corner of Aylmer and Romaine streets. Rev. H. M. Manning, the pastor, will preach at 11 am. and 7 pm. and Sunday School will be held at 2.30 o'clock.

MR. W. PUGSLEY AT PARK STREET

Commencing To-morrow Will Take Charge of Services Until Arrival of Pastor Elect

Mr. Wm. Pugsley of Toronto will conduct the services at Park street church commencing tomorrow until the arrival of the pastor elect, Rev. W. C. Riddiford, of Mount Forest. The latter will take charge on the first Sunday in September but will preach his first sermon at Park street on the 23rd of August.

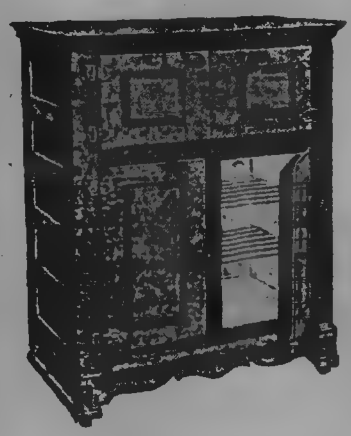
OPALITE REFRIGERATORS
MANUFACTURED AT PARIS, ONT.



Opalite is a pure white glass, 7-16 thick, is fitted in the Provision Chambers in sheets—one covers the bottom, another the back, etc. and not in little square pieces like some Porcelain lines.
This material resembles china in appearance and is the most sanitary lining known.
An Opalite does not need to be scrubbed out every few days, as the surface is easily cleaned with a damp cloth. This will save ice and temper.
The Clean, Glossy, Milk-White Walls, the handsomely finished Oak Cases, and attractive Nickled Brass Trimmings, appeal to particular men and women instantaneously.

WILL INSPECT THE EQUIPMENT

Master Gunner Stroud of Kingston Will be Here on 16th and 17th.

Major Young of the 24th Field Battery received word yesterday that Master Gunner Stroud of Kingston, will be here on the 16th and 17th of the month to inspect the equipment of the battery.

The battery is not going to the Quebec Tercentenary, but will go into camp at Kingston at the end of August.

Keep Cool—Keep things cool This is easily accomplised by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

HAS PURCHASED "MAIDA VAILA"

Mr. Fred Hickey Has Bought Mr. H. Buck's Handsome Launch

Mr. Fred. Hickey, Ashburnham, has purchased Mr. Harry Buck's handsome steam launch, the "Maida-Vaila. It is a very fine boat, fitted up with all conveniences and thoroughly modern in every particular. It is capable of seating between forty and fifty persons comfortably. It is beautifully upholstered and can well be termed the finest craft on these waters.

Mr. Buck did not use it at all last summer. It is in excellent condition.

For sixteen years the name 'Salada' has stood for the maximum of quality, purity and flavor in blended Ceylon teas, so that the only thing you need to look out for is the "Salada" label on every package of tea you buy.

GOOD PROGRESS ON NORMAL SCHOOL

Finishing Touches are Now Being Put on the Interior---Will be Finished Soon

The local Normal school is fast nearing completion. A staff of about ten men is employed in putting the finishing touches to the interior wood-work and doing odd jobs on the different floors. A stage has been put up in the assembly room, which is of good dimensions.

The plans, which at first allowed for only about twenty feet of blackboard in each room, have been changed, so as to increase the space to about forty feet, and the blackboards are being rapidly put in position.

The desks and laboratory fittings have not as yet been installed, but will be in the near future.

WEEKLY REVIEW OF TRADE IN CANDA

Montreal, July 11.—Haying is now general throughout the district, and all advices point to the probability that the crop will be short of an average. The season opened up with promise of a heavy field, but the lack of rain during the past few weeks has stunted the growth considerably. There is, however, quite a fair proportion of last year's crop carried over by farmers and others who held on to their hay, notwithstanding the high prices which prevailed, so that no scarcity is anticipated. With the heated holiday season now on, it is hardly to be expected that there should be much activity in wholesale trade. Some dry goods wholesalers profess to note a little improvement, but it is hardly noticeable, and most other lines are comparatively quiet. —Dun's Bulletin.

CITY NEWS NOTES

COUNCIL TO MEET.

There will be a meeting of the whole Council on Monday night at eight o'clock.

QUARTETTE WILL SING

A male quartette will lead the singing at the open air service at Central Park to-morrow evening at 8.15 o'clock.

(Anglican) East side.—Rev. Dr Langfeldt, rector. 4th Sunday after Trinity. 8 a.m. Holy Communion; 10 a.m. Sunday school and Bible class; 11 a.m. Morning Prayer and sermon. 7 p.m. Evensong and sermon.

Rev. Provost Macklem, D.D., of Trinity College, Toronto, will preach morning and evening.

St. Paul's Presbyterian

The pastor, Rev. R. A. Pogue, will preach at both services to-morrow. In the morning he will resume the study of the Lord's Prayer, taking up the petition, "Lead us not into temptation." The Orangemen of the city and district will be present in a body at the evening service, when Mr Pogue will preach a sermon suitable for the occasion.

Knox Presbyterian

Rev. H. J. Keith will conduct the regular services at Knox church tomorrow.

Park Street Baptist

Services 11 am. and 7 pm. conducted by Mr. Will Pugsley of Toronto. Prayer meeting on Wednesday evening at 8 o'clock.

George Street Methodist

The pastor, Rev. E. A. Pearson, will conduct the usual services.

Charlotte Street Methodist

The pastor, Rev. G. W. Henderson, will preach morning and evening. The morning subject will be "Wall Building," and the evening topic, "Soul Winning." Sunday school at 2.30 o'clock.

Mark Street Methodist

The usual services will be conducted at Mark street church tomorrow, by the pastor, Rev. C. H. Coon.

St. James', Methodist

Methodist, corner Aylmer and Romaine streets. Rev. H. M. Manning pastor. Services will be held at 11 and 7 p.m. and Sunday school at 2.30 p.m.

Murray Street Baptist

The pastor, Rev. J. R. Webb, will occupy the pulpit at both services to-morrow.

St. Andrew's Presbyterian

The pastor will preach morning and evening. The evening subject will be "The Message of William of Orange to the men of this Generation." Sunday school and Bible classes at 10 a.m. The Christian Endeavor Society will combine with the regular prayer meeting on Wednesday night.

Gospel Hall

Sunday school and Bible class at 10 a.m.; Lord's Supper at 11 a.m.; gospel meeting at 7 p.m.

Bethany Tabernacle

Sunday school 10 a.m. Rev. W. Pocock is expected to preach in the morning. Mrs. Stouvenage will take charge of the evening service.

Salvation Army Barracks

Simcoe street.—Staff Captain Goodwin in charge. Capt. Maisey, assistant. Sunday meetings; 7 a.m., prayer meeting; 3 p.m., free and easy; 7 p.m., salvation meeting. All are welcome

ANNIVERSARY OF THE BOYNE

The 218th Anniversary Will be Royally Observed

To-morrow is the 308th anniversary of the Battle of the Boyne, which was fought on July 12th, 1690. In Toronto and Hamilton and several other places celebrations are being held to-day, but the Orangemen of Peterborough will observe the day on Monday. It is expected that there will be a monster crowd in the city.

La Patrie maintains that Bourassa's success in Quebec means no loss of prestige to Sir Wilfrid Laurier.

A PARODY IN SEASON

Below is given a hot weather parody which may be sung to the air of the "Merry Widow" waltz.

Hiram Walkers, Corby's, Seagram's
Gooderham and Worts,
Calcutt's Lager, dear White Label and
the other sorts,
I will be happy always, I know, with
thee beside me,
For I love them so.

NOTICE TO BUILDERS

Tenders will be received up to noon on the 16th inst. for the erection of a rectory for the parish of St. John's Peterborough the plans and specifications for which may be seen at the office of Mr. J. E. Belcher, architect, city, between the hours of 10 a. m. and 5 p.m. Tenders to be endorsed "Tenders," and addressed to the undersigned. The lowest or any tender not necessarily accepted.

P. CAMPBELL,
Chairman of Committee. 3 tod

TENDERS

Tenders for the Installation of a Heating Plant

In the Shelter of the Children's Aid Society of Peterborough, will be received by the undersigned until

MONDAY, JULY 13th, 1908

SPORTING NEWS

Y'S WIN GAME, WELLINGTONS COULDN'T OVERCOME THE LEAD

At Nicholls Oval last night the Wellingtons and the Y's played off the protested four innings of their last game. Both teams presented a somewhat patched up appearance, the Wellingtons playing the game with only eight men, while the Y called upon a lot of new men. The game was rather slow, the Dukes winning out by the score of 4—2. However, as the Y's had a lead of four runs from last game, this made the final score 11—9 in their favor.

During the Duke's last chance at bat their was fear for a few minutes things taking a very interesting look. With a man on second Picard issued a charity and immediately after threw wide to 3rd, allowing the two men to cross the plate. Things soon calmed down, however, and the Y's didn't need their last innings.

The feature of the game was a great catch by Cressman at short stop. He picked a hard fly off his very shoe strings after a hard run. It was certainly one of the best plays of the season. Picard also made a nice catch drawing it down with one hand.

The teams were as follows:

Y. M. C. A.
McDonald c.
Picard p.
Warham 1b.
Barber 2b.
Rankin 3b.
Daly rf.
Robertson lf.
Donner cf.
Wellingtons.
Patterson c.
Hawkins p.
Henderson 1b.
R. Johnston 2b.
Russell 3b.
Johnston rf.
Fallon M.
O'Toole cf.

W. Shaw gave good satisfaction as Umpire.

FRED SIMPSON WON TRIAL MARATHON BY HALF MILE

Peterboro's Representative on Olympic Team Went 20 Miles in 1:58 – Sherring Says he will Beat Longboat.

London, July 10.—A final twenty mile trial by the Canadian Marathoners to-day was won by Simpson, the Peterborough Indian, with a half mile to spare. The time was one hour fifty-eight minutes. Cotter, Goldsboro, Lawson and Caffrey came next in order. The time was excellent. The trial was made during a strong rain and wind storm.

Sherring and Croker are delighted with Simpson's showing. He was always in front, and ran with judgment. Sherring says he will beat Longboat.

JIM HARRISON INTENDS TO TRY PORT HOPE-TORONTO WALK

Jim Harrison says that he will in all probability attempt the Port Hope-Toronto walk that Jimmy Reynolds has attempted several times and failed to make within the set limit.

If Reynolds does the distance the next time in 62 hours Harrison will try to make it in less. He figures out that he can do it around the 52 hours.

He says he knows he can do better than Hartley or Reynolds, the men who have done the walk, and asks why he shouldn't beat their time. It seems quite reasonable that he should. He is a strong, even walker, and has the advantage of being much younger than the two two peds mentioned above.

BIG GAME ON MONDAY. WIDEAWAKES OF LINDSAY WILL PLAY PETERBOROS

On Monday in connection with the big doings with the Orangemen's celebration here, one of the best ball games of the season will take place, when the strong Wideawake team of Lindsay will play the Petes. When the Peterborough team went up to Lindsay they found they were up against one of the stiffest propositions of the season, and after the game was over they found that they had only beaten them by the narrow margin of one run. The Lindsay team will come down here on the excursion with the Orangemen of that town and will have on the pick of the town. The game will commence immediately after the ceremonies of the Orangemen are over. There will be a band in attendance at Riverside park. Arrangements are being made to accommodate the largest crowd that ever attended a ball game in this city. All there needs to make the game a hot one is for the weather man to favor with a fine day.

LEAVES IT TO THE LEAGUE

Magistrate Dismissed The Case Against Capital Lacrosse Player

Special to the Review

Ottawa, July 10th. — Magistrate O'Keefe today dismissed the charge of having assaulted Referee Carlind, in the Capital-Toronto match which the local police had laid against Fred Taylor of the Capital lacrosse team.

Mr. W. J. Code, representing Taylor read a letter from the president of the league stating that a special meeting had been called to deal with the case.

Magistrate O'Keefe remarked that the league officials now seemed to be in earnest in their endeavors to suppress brutality in sport, and that he would leave the matter in their hands.

Previous to the dismissal of the defendant the evidence of Deputy Chief Vizard was taken. He testified to the effect that he had seen a mix-up in which Taylor struck Carlind, the referee.

LACROSSE

Ottawa, July 10.—Ald. William Foran received yesterday a letter from Mr. Emmanuel Tasse, honorary president of the Capital Lacrosse Club, who is in England enjoying a pleasure trip, and representing the Canadian Committee on the Olympic Council.

Mr. Tassee states that everything is in readiness for the great Olympic sports. He has seen the members of the Canadian athletic team, and adds that they are all in the finest possible shape.

Mr. Tassee also watched the English Olympic lacrosse team at practice. He paid particular attention to the work of the English lacrosse players, and assures Mr. Foran that the Old Country will have a magnificent twelve to play against Canada for the amateur championship of the world. The English team was picked after a series of hard games, and is comprised by the stars of the twelve against which the Capitals played last year. Mr. Tasse says the Canadian team will have to play excellent ball to win the Olympic gold medals.

GOLF

The meeting of the Peterborough and Lindsay Golf Clubs yesterday on the local links was probably the greatest social event of the golfing season thus far. The Peterborough club is the first visit to Lindsay this season, and it is hoped that they will be back again before very long. The day was an ideal one for the sport. The women in their golfing attire occupied the club house and the afternoon was spent in social intercourse. 'Tea' was served shortly after five o'clock in the club room and it was a jolly party that gathered around the festive board.—Lindsay Post.

The meeting of the Peterborough and Lindsay golf clubs yesterday on the local links was probably the best social event of the golfing season thus far. The Peterborough club is the first to visit Lindsay this season, and it is hoped that they will be back again before very long. The day was an ideal one for the sport. The women occupied the club house and the afternoon was spent in social intercourse. Tea was served shortly after five o'clock in the club room, and it was a jolly party that gathered around the festive board.—Lindsay Post.

SPORTING COMMENT

Fred Simpson has apparently struck his gait. In the trial Marathon of twenty miles at London yesterday he showed his heels to the rest of the bunch and romped home a winner by half a mile. His time was 1.58 which is as good as that made by Tom Longboat in his fifteen mile run at Montreal before he sailed for the Old Country. Longboat's time was 1.26 or a mile every 5.7 minutes. Simpson covered a mile every 5.9 minutes, but he had to run five miles more than the Irish-Canadian protege. Longboat did not run in the trial Marathon. The press despatches say that Simpson ran with great judgment and that Cronker and Sherring were greatly pleased with Simpson's showing. You can make one safe guess that Simpson will be well up in front when the Marathon races is finished.

RUNNING

BURN GOT $10.

The Calgary sporting public did not flock in thousands to see Art Burn run around the St. Marys athletic grounds. The amount realized was a little less than $10, which, while gratefully received does not go very far towards helping to send him to England to compete in the Olympic Marathon. Burn made the run without fail and covered a distance of 11 miles 320 yards in 57 minutes, 31 1-5 seconds.—Calgary News.

WITH MAJOR LEAGUE PLAYERS

Bill Dineen who won the world's championship when he was pitching for the Boston Americans and who is now with the St. Louis Browns, is leading the league just now by winning eight straigh games without a defeat. Donovan of Detroit is second with seven wins and no defeats. Ed. Walsh of Chicago who has pitched more games than any other pitcher in either league is third.

Three Fingered Brown of the Cubs is the leading twirler of the National League with eight straight wins and one defeat while Ruelback of the same team is second with 10 wins and 3 defeats.

Cyrus Cobb the great fielder and hitter of the Detroit Tigers is again at the top of the league in the hitting department and from all appearances he will likely stay there unless something rather unexpected happens.

New York Highlanders are now occupying the last position in the American League and the way the team is playing ball at the present they are certainly entitled to it. The players all state that Kid Elberfeld who succeeded Clarke Griffith as manager of the team is a huge joke for that position.

The race in the American League is so hot that St. Louis and Detroit who are tied for first position do not seem able to break it. They have been on a level for the last five days while Cleveland and Chicago are so close up that a couple of losses for the leaders and the same number of wins for them will put them ahead of the two leaders now.

Boston Americans are going to honor Cy Young by giving him the proceeds of the gate receipts on August 5th to do honor also by presenting him with a suitable present on the occasion. One of the largest crowds that ever attended a ball game in the Bean city is expected to turn out and greet the old war horse.

STACEY IS IN SPLENDID FORM

For Relay Race Against Five on Monday at Brock Street--County Championship Walk

Jim Stacey, of Toronto, is in great form for his race on Monday night at the Brock street rink against five men. The event will undoubtedly be an interesting one and should attract a big crowd. The peds who have stacked up against the big walker from Toronto says he can travel as fast as Hoagland. In the afternoon their will be a one hour race for the championship of the county. There are some fast walkers in these parts and a new man to the game is just as liable to win as anybody else.

BASEBALL YESTERDAY.

$70 REWARD IS OFFERED

For Arrest and Conviction of Horse Thief--Description of Stolen Horse

The local police have received a card from John A. Ramsden, High Constable of York County, in which the latter gives a description of a horse lost from that county. A reward of $20 is offered for the arrest and conviction of the thief.

The description of the horse is as follows:—Bay in color, 11 years old, 1,200 lbs. in weight, 16 hands high, two white hind legs a little above fetlocks and a large star on forehead.

WAS ORDERED TO PAY THE WAGES

Thos. Bell Given Judgment for Amount He Asked for at Police Court This Morning

This morning Thomas Bell appeared against George Stevens and M. M. Stevens, to recover $13 wages. The hearing took place at the police court before Police Magistrate Dumble, who decided in Bell's favor, and ordered that Steven should pay the amount above mentioned and the costs of the proceedings as well. Mr. G. N. Gordon appeared for Bell and Mr. R. E. Wood for Stevens.

Old James Sharpe and his band of fanatics from the States, at Aulter, Sask., declare they will not be taken alive.

A family of five were drowned by a cloudburst swelling the Nemaha River at Anadilla.

Wood's Phosphodine,
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

Leap Year.

Love, I've been taught independence in
every possible way.
I do what pleases my fancy; I say what I
wish to say.
Whatever I greatly wish for I usually go
and seek.
And thus I'm getting weary of waiting
for you to speak.
My education is over; I'm learned in
many things.
Then why should I have to linger and
wait the rush of your wings?
It seems undignified, very, to tarry in
meek suspense.
I feel the pose is a crude one and wanting in common sense.
My patience is swiftly oozing the tips of
my fingers through.
Indeed, I am far too modern to slacken
my pace for you.
And so you are given warning, my pretty, loitering elf,
That if you delay much longer I'll simply speak for myself!

The Wooing of the Woodcock.

The wooing of the woodcock is one of those sights to witness which a lover of nature in all its moods will make a journey of miles. The scene is enacted at twilight, and the setting is of willow or alder bushes whose branches are just beginning to show the tender green of early spring. Suddenly from the damp ground a bird form shoots upward like some swamp spirit until it is outlined against the gray of the evening sky. Then it circles above the branches, and the song of the wooing begins. Hidden in the darkness of the thick lower growth is the object to which this love song is directed. The bird above circles perhaps a score of times, then drops back to the damp thicket, making a sound which can be likened only to the dropping of water into a woodland pool. Again the bird soars and circles, singing still the love song. This is repeated time after time until the last gleam of light has faded and night's darkness comes down.

BUCKSKIN PARCHMENT THAT IS STILL FINELY PRESERVED DESPITE ITS AGE OF 79 YEARS

Is in Possession of Chief Black Cloud of this City—Given to his Grandfather, Chief Louis Tsoraskwisen in '37 by King William IV—Old Chief was Twice Elected Leader of the Caughnawaga Indians.

Chief Black Cloud, the Indian medicine man who has his office on Water street north has buckskin parchment in his possession to which considerable interest is attached. It bears the signature of the secretary of King William IV and is dated 1837 and was given his grandfather Louis Tsoraskwisen who was then chief of the Caughnawaga band of the Iroquois Indians. The Caughnawaga reserve which is situated in the province of Quebec, about 9 miles from Montreal is a large one having a population which is in the neighborhood of 2000.

The parchment referred is, as will eb seen by its date, 71 years old but is still in a fine state of preservation. On one half it is written in English and the other in French. The writings are quite legible and read in part;

"By virtue of the power and authority in me vested and reposing especial trust and confidence in your courage and good conduct and in your zealous and faithful service to His Brittanic Majesty. King William the Fourth,' being an expression of condidence on the part of the reigning sovereign upon the Chief being chosen head of his tribe. He was elected to this position among his people on three different occasions.

Chief Tsoraskwisen, who during his lifetime was well known as a guide and an interpreter of his language into both French and English as well as a medicine man, lived to the ripe old age of 104 years. He was born in 1765 and died in 1869. His wife also lived well past the allotted period and at the time of her death was 93 years old.

On one occasion the chief and his followers on a mission of war for the United States walked all the distance from Montreal to Washington, D.C. no railroads having been built at that time. Chief Black Cloud, his grandson, gained his title by being elected chief of the Caughnawagas in 1904. He states at his home on the reserve there are many interesting papers and relics that were the property of the old chief.

ORDERS FOR THE COMPOSITE REGIMENT FOR QUEBEC TRIP

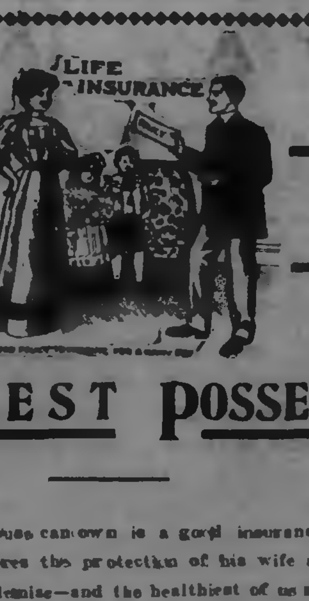
Orders for composite company for the Quebec celebration.

No. 1—The company will meet for drill on July 13th at 8 pm. in review order; helmets, tunics and leggings to be in first class order. The company will be inspected by the commissioned officer. Any man not answering to his name will be struck off the strength of the company, and his place be supplied from the men awaiting.

No. 2—An advance guard of three men will be detailed on Monday night to proceed to Quebec in advance of the company.

By order,

J. MILLS, Captain



THE BEST POSSESSION

that the head of the house can own is a good insurance policy on his own Life. It assures the protection of his wife and children in case of his sudden demise—and the healthiest of us never knows when the end may come. We can afford families this protection by offering attractive terms in Life Insurance at the lowest rates—such as are hardly felt by the thrifty.

Some one has said, "the true value of a life insurance policy must be gauged by the security of the protection given; if it proves to be a good investment, all the better; when both are shown, there is nothing on earth to equal it."

The security of the protection afforded by the Sun Life of Canada needs no comment, and the profits paid—let the figures within tell their own forceful story.

HAD AN OUTING TO IDYL WYLD

Business and Professional Men's Excursion a Most Successful Event

Yesterday afternoon the business and professional men of this city held an excursion to Idyl Wyld. About one hundred took in the trip, which was on the steamer Otonabee. The park was reached about five o'clock when a supper was enjoyed.

In connection with the trip a football match was played and the following races were run off;

100 yards dash—B Huston, Snider, Lastar.

Fat men's race, 50 yards—Wm Funton, M C Tooley, Geo. Stevenson.

Hop, step and jump —M Pappas, B Huston, D. Burritt.

Broad jump —Dr Eastwood.

Running broad jump —J Squires.

On the return voyage McIlroy's orchestra, which was on board, aided in the good time, and when the boat tied up at Wolfe street wharf at 10 o'clock all were unanimous in declaring that the outing was a distinct success.

GRAND TRUNK LAKE & RAIL ROUTE

At the Grand Trunk general offices this morning, confirmation was made of the report that a long-term agreement had been made with the Northern Navigation Company of Ontario, Limited, for the formation of a Grand Trunk Railway System line of steamers on the Georgian Bay and Great Lakes in connection with their Ontario and Quebec Lines from and to the East and Sault Ste. Marie, Port Arthur, Fort William and Duluth.

The Navigation Company has been running lines of passenger and freight steamers in connection with the Grand Trunk for a number of years out of Collingwood and Owen Sound on the Georgian Bay and from Sarnia to Lake Superior ports. While the steamers will continue to be operated under a separate organization, the new arrangement creates a very close affiliation and practically makes them a Grand Trunk line.

The fleet at present consists of eight passenger and freight, and two purely freight steamers. Five boats are operated on the Georgian Bay from Penetang, Collingwood and Owen Sound to Sault Ste. Marie, and during July and August to Mackinac Island, thus giving the railway the only complete means of reaching the 30,000 Islands, the North Channel and other portions of this wonderful region.

The two larger vessels, together with the two freighters comprise the Lake Superior Division running from Sarnia and delivering passengers and freight at Prot Arthur to the Canadian Pacific Railways and at Duluth to the Great Northern and Northern Pacific railways for Winnipeg, the Northwest and Pacific Coast points, and, of course, later on, connection will be made with the Grand Trunk Pacific.

Through fares are quoted and tickets sold at all the railway offices to all points in this vast territory.

Of the fleet the "Huronic" is the flag ship, being a new vessel and one of the largest and finest on the upper lakes. In addition, the Company has at present under construction to be put into service next year another vessel, which is intended to be not only the largest but finest vessel in the Lake Superior trade. She will be of 6,000 tons with cargo capacity for 3,500 tons of package freight will have five decks, with accommodations for 425 first cabin passengers, and a large number of second class. There will be eight parlor rooms with private baths, drawing-room, ladies' lounge, smoking room and an immense sun-parlor, capable of being converted into a ball-room 63x80 feet in size. The interior decorations and ornamention are designed by the most celebrated marine interior expert in America and she will be a very complete and handsome ship. She will be fitted with engines capable of developing 8,500 horse-power and with sanitary heating, ventilating, lighting and refrigerating systems of the most modern and approved designs. A second similar ship is under consideration for construction as soon as the traffic warrants, the intention being that the time the Grand Trunk Pacific is in operation west of Lake Superior a thoroughly complete and up-to-date line will be ready to furnish a rapid and enjoyable trip up the lakes—a service first-class in every particular.

Wards 3 and 4 of London show an increase of 1,181 population and an increase of $156,685 in the assessment.

PROFITABLE TIME SUMMER SCHOOL

Yesterday's Programme Was Especially Attractive---Many Will Attend To-morrow

Special to the Review

Summer School, Chemong Park, July 11—After the long session on Friday the Bible study was continued by Rev. C. N. Baker, MA. D.D., his subject dealing with "Christian perfection" In the course of his address he quoted numerous passages from both the Old and New Testaments to prove that if we sought for perfection we would have not only peace joy and happiness within ourselves, but we would find out own devotional exercises a pleasure, not a task and we would be anxious to do service for Christ and our fellow man. Dr. Baker closed with a very forcible appeal for deeper works of grace. In response to this appeal several young people manifested a desire. This has been the best Bible study session up to the present.

The Round Table Conference conducted by Rev. W. G. Clarke, B.A., of Port Hope, ought to be very helpful to the representatives in their own home leagues.

The interest in mission classes has been steadily increasing and the discussion is becoming more general and bespeaks a lively interest int he final session on Saturday morning.

Afternoon Session

Mr. F. R. Foley of Bowmanville, president of the conference Epworth League gave us an illustrated object address on "Models" and "Lessons' from the Potter." This address was very unique.

A duet was then well rendered by Mr. Herbert Tierney and Mr R Kemp, both of Trenton, after which a short address on the "Laymen's Missionary Movement," was given by Judge Deroche of Belleville, chairman of this session.

Evening Session

The evening session opened with Rev. S. S Croickshanks of Bridgenorth as chairman. After the usual prayer and praise service the Rev E. A. Pearson, of Peterborough gave a very interesting address on the Adult Bible Class work of the George street Methodist church of Peterborough. His address was full of encouragement for all interested in Adult Bible Class work. This was followed by an address followed by an address by J. M. Denyes, B.A. of Newburgh High School. This was filled with thought and inspiring sentiment.

A solo was then well rendered by Miss Chisty of Peterborough.

The school has been gradually gaining interest and spiritual momentum and we are looking forward to the richest and ripest results up to its close on Sunday.

SUNDAY, JULY 12th.

Morning Session—10 o'clock.

Devotional Exercises.

Bible study, continued, Rev. E. N. Baker, M.A., D.D., Toronto.

At the close of the Bible study there will be a Love Feast and the Sacrament of the Lord's Supper.

Afternoon Session—2 30 o'clock.

Chairman, Rev. G. F. Metzler, M.A., Ph.D.

Preaching service, Rev. Robt. Emberson, B.A., Missionary to Japan.

Closing consecration service, Rev. H W. Foley, B.A., B.D.

THE COMMITTEE HELD MEETING

Several Matters in Connection With Fire, Water and Light Considered Last Night

A meeting of the Fire, Water, and Light committee was held last night when considerable business was transacted. Ald. Johnson, chairman; presided.

J. H. Larmouth, manager of the Peterborough Light and Power Co. was heard regarding changes in positions of lamps asked for.

It was moved by Ald. Buller and seconded by Ald. Turner that the chairman and Ald. McIntyre be authorized to locate a hydrant on George street between Argyle and Hilliard streets as requested by the Water Commissioners, if on examination they deem it advisable —Carried

On motion of Ald. Turner, and Buller it was decided to take no action at present regarding the request for a light on Park street south of Romaine street.

It was moved by Ald. Buller, seconded by Ald. Turner that a petition for a light at the corner of Mark and Sophia streets be referred to the chairman and Ald. Turner to examine and report.—Carried.

A letter from H. P. Kennedy for a light at the corner of Aylmer and Sherbrooke streets was laid over.

Several other minor matters were also considered.

A WINDSOR LADY'S APPEAL

To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box 862, Windsor, Ont.

LOOKING FOR SOME PICNIC GROUNDS

A party of about twenty, consisting of the trustees of the T.A.S. and several members went down the Otonabee recently with a view of purchasing some new grounds for picnic purposes. No selection was made although a number of sites were looked over.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

OUTLOOK FOR WHEAT CROP

There are yet six or seven weeks ere the harvest is reaped. In that time may come rust, or hail, or excessive rains, or too much heat. In reckoning our crop, we must reckon also with the vagaries fo the elements, But conditions have been unusually favorable up to the present, and the weather settled. It woudl be almost impossible for an everyday event to completely spoil the 1908 crops of Canada. There is every reason to holpe for the beat this year. In July, the trend of crop events is usually straightforward.

Broomhall, the grain trade expert of Liverpool, furnishes from time to time interesting statistics of the world's wheat crop, whose more than once have been faulty. On the other hand, they are probably the most dependable we have. This year's production of the three preceding years the figures in quarters of eight bushels, as follows;

	1908 Qrs.	1907 Qrs.
Europe	207,000	202,000
America	128,000	120,000
Asia	48,000	33,000
Africa	5,500	7,000
Australia	9,000	6,000
Total	395,500	368,000

	1906 Qrs.	1905 Qrs.
Europe	228,000	227,000
America	119,900	110,000
Asia	48,000	48,000
Africa	7,000	5,900
Australia	8,900	9,400
Total	410,900	410,300

The first interesting point in these figures is the small estimated increase for Europe's crop. This is due principally to the weather. In England, the early spring did not favor the crops, and until good weather came in the latter part of May and June it looked perilously near a crop failure. Drought has struck the Danube valley, while Hungary, Bulgaria and Roumania are expected to produce small crops. The yield in Spain and Italy will probably be smaller than in 1907. Russia has to record a partial failure of its winter crop. At present the outlook in France and Germany is good and these countries will probably produce a full yield of wheat.

Broomhall's estimate of American production, it will be noticed, is 681 millions. The Chicago estimate, based on the United States Government report, is 735 millions. This report was deemed conservative at the time and makes a fair allowance for possible accidents later. The same estimate gives Canada a crop of 43 million bushels ahead of 1907. There is a possibility of this being exceeded.—The Monetary Times.

PETERBORO LADY CATCHES BIGGEST LUNGE OF SEASON

On Friday, July 10th, the largest lunge of the season was captured by Mrs. Robt. Neill, near their summer cottage "Clear View." The fish weighed 21 1-2 lbs., was 45 inches long and beautifully proportioned. It was exceptionally gamey for so large a fish, so that the combination of weight and activity made a task wherein a novice would have failed.

Although only one hook had taken hold in its cavernous mouth, yet the skill was there which could keep the hook in its place and though the struggle was long and fierce, the maskinonge surrendered and is now at E. Elcome's laboratory; later, it will be exhibited in the boot and shoe store of Robert Neill, George st.

COMPOSITE COMPANY LEAVES PETERBOROUGH ON JULY 18TH

Will go on C.P.R. Special at 9 O'clock in the Evening—In Quebec Will be No. 1 Company of a City Regiment—Being Put Through Ceremonial Drill.

Arrangements have been made whereby the composite company from the 57th that will go to Quebec will leave for that city on Saturday evening, July 18th at 9 o'clock by C.P.R. special. The train will be made up at Toronto and will carry a composite regiment from Toronto. A special car will be reserved for the Peterborough composite company which will be 43 strong and Capt. Jas. Mills will be the officer in command.

In Quebec the company will be No. 1 company of a city regiment though what one it will be connected with is not yet known. It will be attached to the regiment for parade purpose and for meals and camp work will be with the composite regiment for No. 3 District of which Col. Sylvester of the 45th, Lindsay, will be the officer in command.

The local company is drilling every Monday and Friday evenings and is in first class shape. Attention has been devoted entirely to ceremonial drill.

Brother Laughed at Sister's Dream---Drowned at Hamilton

Hamilton, July 10—A remarkable coincident in connection with the death of Joseph Champayne, the young insurance agent who was drowned near Bayview yesterday afternoon, is the fact that his sister, Miss May Champayne, dreamed the night before that her brother went on the bay in a boat with three friends and was drowned. The dream was so terribly realistic that she awoke crying in horror. The matter preyed so much on her mind that when her brother mentioned yesterday that he was going across the bay to go swimming she pleaded with him no to go on the water. He laughed at her fears, and said goodbye, little realising that it was a last farewell.

ALMOST RUN DOWN BY THE ESTURION

Young Boy Had Narrow Escape From Death at Lindsay

Special to the Review

Lindsay, July 10—A young boy had a very narrow escape from being run over and perhaps fatally injured by the steamer Esturion this morning, and it was only by the prompt action of Captain Johnston that a serious accident was averted.

As the Esturion was running slowly along opposite Madison, Williams' foundry, a boy, supported by a life preserver swam out directly in front. The passengers in the boat shouted to him to get out of the way and the engineer was signalled to stop, as the suction from the paddle wheels would have drawn him into them.

The paddles missed him by about a foot.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

BLIND PIG

To the Editor of the Review.

Sir,—Cobalt, July 9.—Chief Caldbeck and License Inspectors Morrison and Blackwell were successful in rounding up about forty blind pigs and twenty-seven convictions will be the result. The fines totalled $1,750. What is a blind pig?

Yours, etc.,
QUERY.

It is a pig that is blind.

CARD OF THANKS

Editor of the Review

Dear Sir,—It is my desire to publicly thank, through your columns, the nursing staff, and attendants at the Nicholls hospital, for their attention and kindness to my late husband during his last illness. Everything that could be done for the benefit of Mr. McCallum was done by the staff and my appreciation can be but mildly expressed with words.

Yours truly,
MRS. W. J McCALLUM

July 9th, 1908.

AN OTTAWA MAN OPPOSES MOVE

Will Take Out Injunction to Prevent Grant to Quebec Battlefields Fund

Mr. F. W. Ford, of injunction fame has decided that if the City Council grants $1000 to the Quebec Battlefiedlds' Fund he will take out an injunction to oppose the move. On Monday the City Council voted $1000 to the Battlefields' Fund subject to the Legislature ratifying the grant. This was nothing more than a recommendation to next year's council and the money would not be paid this year. Yesterday the Board of Control decided to ask the Council to pay the money this year. Mr. Forde claims that if the money is paid this year it will be illegal and he believes there is a decidedly good chance for having the matter stopped by injunction proceedings. In fact he says he has already made arrangements to take out an injunction. He takes the ground that the $1000 proposed to be given to the Battlefields' movement could be spent to better advantage right here in Ottawa for instance on the repairing of streets.

The treasurer of the Dominion Quebec Battlefields' Fund has received intimation that the council of Peterborough had voted $100 as a contribution to the Fund.—Ottawa Journal.

C. P. R.'S MAGNIFICENT NEW STEAMER "S. S. ASSINIBOIA" IS UPPER LAKES CHAMPION

The latest addition to the Canadian Pacific's upper lakes fleet is the "Assiniboia" now in active commission, and on her first voyage she has proved herself to be not only the largest and most modern passenger vessel on the upper lakes but also the swiftest. She will sail from Owen Sound at about 5.50 p.m. every Saturday for Sault Ste. Marie, Port Arthur and Fort William, the connecting express train leaving Toronto at 1.50 p.m.

The "Assiniboia" has luxurious accommation for 256 cabin passengers, with five cabins, de luxe, — private baths —spacious dining saloon, observation drawing and smoking rooms and many new features conducive to passengers' comfort. Intending passengers should make early application to local C.P.R. agent for accommodation.

WEDDING BELLS

HARVEY—ROSS

On Wednesday last, at the hour of high noon, St. Paul's church was the scene of a very happy wedding, celebrated with all due ceremony, when Miss Leila Euphemia, eldest daughter of Mr. and Mrs. C. G. Ross, was united in marriage to Mr. John Franklyn Harvey, of Peterborough, the ceremony being performed by Rev. Canon Spragge, of Cobourg, uncle of the bride, Miss Christiana Barker, of Picton, acting as bridesmaid, and Miss Elsie Ross, sister of the bride, as flower girl.

The groom was supported by Mr. I. D. Ross, of Renfrew, the bride's brother, with Messrs. Lyall Scott, of Toronto, and Norman L. Rogers, of Newmarket, filling the duties of ushers.

The church had been most lavishly decorated with ferns and daisies for teh occasion, and was filled to overflowing with invited guests, friends and acquaintances of the contracting parties.

The bride is a native of Newmarket and has from childhood made herself beloved by her kindness and consideration for all with whom she came in contact.

Mrs. Baowell presided at the organ with skill, and at the close of the ceremony Miss Barker sang most beautifully, Guy D'Hardelot's "Because."

At the conclusion of the church services, a large party proceeded to "Rossmore," the spacious home of the bride's parents, and, after tendering their congratulations to the bridal couple, partook of a sumptuous breakfast.

The house decorations consisted of roses, sweet peas and ferns, and the bride's dress of traditional white, was of crepe de chine, trimmed with pearls and point lace, the veil and orange blossoms being those worn by her mother at her wedding. She also carried a beautiful shower bouquet of bridal roses and lily of the valley.

The bridesmaid and maid of honor were similarly attired in semi-empire gowns of white marquisette over tafeta. Their hats were white tuscan with white tulle pompons and green ribbons. Large bouquets of pink sweet peas were carried by each.

Mrs. Ross, the bride's mother, was attired in grey eolienne, with touches of lavender, and bonnet to match.

Seldom, if ever, has a more attractractive wedding been celebrated in Newmarket, the delightful weather of Wednesday serving not only to lend a brilliancy to the picture, but to enliven, as well, the spirits of all assembled.

Amidst showers of rice and good wishes, the happy couple left by the southbound Grand Trunk train at 2 p.m., for a short trip. Their future home will be in the city of Peterborough, whither they go accompanied by the best wishes of their legion of friends in the vicinity.—Newmarket Express-Herald.

MUSIC AT ST. JOHN'S

VOL. LVII., No. 9. PETERBOROUGH, ONT., CANADA, SATURDAY, JULY 11, 1908 TEN CENTS PER WEEK

INCREASED DEBT TO $450,000.000

Mr. Borden Gives Figures on Transcontinental Railway

Ottawa, July 7.—Mr. R. L. Borden to-night startled the House by reading some figures (all of them furnished directly to the House by the Laurier Government) respecting the cost of the National Transcontinental Ry. These figures, as assembled by Mr. Borden, show that the railway, that is the Government-built line between Moncton and Winnipeg, including the Quebec bridge, will cost in cash not $13,000,000, as it was once supposed, but $191,305,823. In addition to this cash expenditure the Government has guaranteed the Grand Trunk Pacific bond issue on the mountain section to the amount of $46,140,000, and on the prairie section to the amount of $11,908,000. This adds $5,8048,000 to the $191,305,823, making a grand total of $249,353,823.

Here are the items, all of them official:—

1. Construction of railway from Moncton to Winnipeg, 1,800,55 miles, at estimated cost of $63,427 per mile	$114,393,163
2. Allowing five years for period of construction there will be an average of 2 1-2 years simple interest at 3 1-2 per cent. per year during construction, or $4,003,781.67 per year for 2 1-2 years......	10,009,451
3. Cost of Eastern Division at completion will thus be......	124,403,219
4. To this must be added seven years' interest at 3 per cent. (not compounded), after completion, during which the Grand Trunk Pacific is to pay no rent...	26,124,676
5. Also interest at 3 per cent. for three years additional, during which no rent is collectable unless earnings are sufficient......	11,196,290
6. Cost of Quebec bridge up to March 1st, 1907...	5,422,238
7. Estimated cost of completion......	9,000,000
9. Estimated cost of our share of terminals at Quebec, Winnipeg, and Moncton and shops east of Winnipeg	5,470,000
9. Interest to be paid under the agreement with the Grand Trunk Pacific on the guaranteed bonds of mountain section, 3 1-2 per cent. on $46,140,000 to be paid without recourse for seven years	9,689,400
Total......	$191,305,823

Mr. Borden said that if he had erred at all it had been in the direction of under-estimating. He had not stopped to figure out the interest charges on the $5,000,000 for terminal facilities. Apart from that, would not this enormous sum of $191,000,000 stagger the country? It meant that our national debt would be increased to $450,000,000.

Mr. Graham attempted to reply.—Mail and Empire.

CENTRAL CANADA FAIR

As previously announced, the dates for the Central Canada Exhibition at Ottawa this year are Sept. 18th to 26th. The Directors, as usual, are endeavoring to make this annual fair more attractive and pleasing to its patrons and have made changes calculated to attain this object. In the first place, the prize list has been increased to $16,000, the premiums being greater in almost every department with the view of having a grander display.

The number of gold medals and special sweepstake prizes has also been increased until now they number 45. The grounds are being improved and beautified, and continuing the policy pursued in previous years, another new building is being erected. This building is for the display of fine arts and ladies' work. The new building is costing $12,000 and will prove a splendid addition to the accommodation of the Association. The pure food exhibit by Canadian manufacturers promises to be one of the most attractive displays ever made at the Central Canada Fair.

In regard to the special attractions, the directors have decided to return to the policy of former years, and will have a splendid vaudeville programme in front of the grand stand every afternoon. This programme will consist of a number of high class specialties, trotting and running races. Already the directors contracted for the first appearance in America of De Oro's Wonderful Herd of Performing Cows which have been creating a sensation in Europe for a number of months. A thrilling automobile race in mid-air by two intrepid young women chauffeurs is another feature. The ever-popular balloon ascension will this year take place on a grander scale than ever before, as this specialty will take the form of a balloon race with double parachute drops from each balloon by the renowned Prof. Hutchinson and his companion.

The night entertainment will consist of the very latest comic opera written for that comic opera specialist, "What Happened then." is the name of the opera. Popular prices will prevail for this entertainment and it will be given only as the night entertainment.

As usual there will be a benefit show of flags in connection with the Fair.

EVERYTHING FOR EVERYBODY.

Inventions Have Revolutionized Life During the Century.

Social reformers who want society organized on the communal plan start with a most attractive idea. The world is tending toward democracy, the equal rights of everybody in everything there is for human comfort and welfare. But it is certain to occur to many people that the change from private ownership to communal ownership would not make a very radical difference in the distribution of the good things of life, yet it might lessen the production of things, and in the end the mass would not be the gainer. For at least a century democracy has had a fair swing and progress has been made under sharp private competition. Under the reign of competition the distribution has grown wider and wider, and now, when competition is fiercest, the distribution is the most liberal in the history of the modern world. Everybody shares in about everything that is of real importance in life.

Steam power was a wonder worker when applied to commercial activities. Electricity supplements steam as a power and also furnishes illumination. There are few people in this country to-day who are not benefited by steam or electricity, or both. Yet no community invented these forces. Individuals wrought out the wonders. The nobleman and lord of ancient days had at command no such agents of power as the laboring man has to-day. A hundred years ago musical instruments were the property of the few. To-day almost every cottage has one or more musical instruments. The phonograph gives to the humblest toiler to-day what a lord of the past could not have had even by pawning his realm. The communal plan would make the phonograph the property of everybody—that is, if there should be a phonograph when the distribution takes place. Perhaps there would be none, and none of the various inventions which contribute so much to the world's progress and comfort. Inventors' royalty is about all that stands in the way of making the phonograph and other like inventions as cheap and common as the advocates of communal ownership think they should be. But if Edison, for instance, were to offer to forego his immense royalties, provided his physical burdens should be shared pro rata by every user of his inventions, would the public take him up? Here is the idea in a nutshell. Things that count in our lives are cheap considering what it has cost somebody to produce them.

Money doesn't stay with the individual now as it once did, perhaps. The reason is that money will purchase so much that is worth having for the work it will do. Formerly all kinds of machines, all kinds of books, of pictures, of works of art, were rare and expensive. Only the fortunate few could have them. Now these things are common, they are cheap, and almost everybody has all they need and can use. J. P. Morgan gets no more delight looking at a picture which costs him a fortune than does the man who buys a reproduction of it for a dollar or two, maybe less. Morgan owns it, of course—owns its fictitious value—but may never see it more than half a dozen times in his life, for he doesn't live in his picture galleries. The other owner sees his copy every day, if he wants to, and is the possessor of whatever real value there is in the picture.

After all, there may be a fallacy in this idea that a distribution of ownership will increase happiness. The wider distribution of things, the infinite multiplication of rare and good things, bringing them within the reach of the purses of the mass, has already revolutionized life within a century. The end of this process of multiplication and distribution is not in sight, and it may reasonably be questioned whether the competitive system is, as some contend, inadequate to give everybody a square deal in everything necessary to human happiness.

Old Drury Lane Clown.

Memories of Drury Lane pantomine in the days of Falconer and Chatterton and Lydia Thompson are revived by the death of Deleventi the famous clown at the age of 83. Deleventi, whose real name was John Walter Bowden, last appeared at Drury Lane so long ago as 1864. He toured France and Spain with his own circus in the days before there were railways, and was a favorite at the Alhambra. Of late years he had lived with one of his daughters at Vassall Road, Brixton. A number of the old man's descendants are connected with the music hall stage. One daughter, Nadji, is an acrobat, and another, Mrs. Sarah Whiteley, is the wife of an acrobat, while the "Five Whiteleys" are his grandchildren. His death was the outcome of an accident in Kennington.

What Else Could Be Expected?

A well known American writer automobiled through Scotland and at a hotel in the highlands was treated with incivility by a waiter.

Accordingly he complained to the manager. The manager sought out the waiter, a raw boned, red haired highlander.

"Dugald," he said, "the American visitor accuses you of inattention and insolence. What have you to say?"

"It's no' to be expeckit that a self respectin' Scot could wait on him wi' civeelity. Wasna it he that said we took to the kilt because our feet were too large to get through trousers?"

The G.T.P. will carry grain from Edmonton to Winniped this fall.

Cook's Cotton Root Compound.
The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

GIRLS TAKE HIGHEST STANDING IN ENTRANCE EXAMINATIONS

The Names of the Successful Pupils—Edwina Palmer and Angus McIntosh Winners Respectively of Girl's and Boy's Scholarships—Out of 203 Who Tried 124 Passed.

The following are the results of the Entrance examinations for the city of Peterborough. The total number of marks obtainable was 650. To secure honor standing, 75 per cent. or 487 marks were required; to pass 40 per cent had to be taken on each subject and 60 per cent or 390 marks on the whole. The winners of the scholarships are Edwina Palmer and Angus McIntosh. The number of candidates who wrote on the examination was 203 and of these 124 passed. The candidates' marks have been sent to the principals of the different schools.

A. MOWAT.
I.P.S.

FROM KEENE

Special to the Review.

Keene July 7th.—Mr. Williams, of Toronto, is a guest at the home of Mr. Wm. Kempt.

Mrs. and Miss Downie, Mark street, Peterborough, visited friends in Keene on Dominion Day.

Miss Grace Goldie, Peterborough, is the guest of Miss Bella McFarlane.

Mr. George Gillespie, Peterborough, spent Sunday in the village, the guest of Mr. John Lang.

Mrs. Isaac McNevin spent last week visiting friends in Fenelon Falls.

Mr. John Campbell and Master Ralph Campbell, Montreal, are the guests of Miss B. Read.

Rev. Robert Pogue, pastor of St. Paul's church, Peterborough, conducted anniversary services in the Presbyterian church on Sunday. Besides the usual morning service Mr. Pogue preached in the evening and and at both services the church was well filled. Rev. D. D. McDonald preached at St. Paul's church Sunday, exchanging with Mr. Pogue.

Miss Margaret Bryce was at Harwood on Dominion Day, taking part in the programme at an entertainment held there by the Presbyterian church.

Mr. Wm. Campbell and Miss Lillian Campbell left Tuesday on a trip to Cvermont.

Mr. William Campbell and Master Thomas Campbell left Monday for a trip to the North-West.

Mr. and Mrs. James Weir, Berlin, are visiting friends in Otonabee.

Misses May and Marjory Read are the guests of Miss Bessie Read.

The annual union sunday school picnic was held at Idyl Wyld Friday. There was a good attendance of children and parents and a very pleasant day was spent. In the afternoon a number of races were run off which caused some excitement among the children, and added greatly to the enjoyment of the picnic.

Rev. W. D. Harrison, pastor of the Methodist church, will preach a special sermon to Orangemen on Sunday, July 12th. Argyle Lodge, No. 94, will attend in a body. The local lodge will attend the celebration at Peterborough on Monday.

A party of Cobourg gentlemen are camping at Grape Island.

Mr. James Wedlock's yacht, with a small party on board, visited Keene Tuesday.

Alnwick brass band paid a visit to the village on Monday evening and gave a band concert on the wharf, which was highly appreciated by the citizens.

Maurice Guthro and Daniel J. McKinnon were acquitted at Sydney of the murder of Clifford Murphy.

When the Kingston police raided the disorderly house of Mrs. Nuttall, she attempted suicide.

GUARANTEED DANDRUFF CURE.

Beware of the druggist who tells you that any other hair tonic is just as good as Parisian Sage—he knows better.

Wm. Madill, druggist, Peterborough, is the agent for Parisian Sage, and he won't try to give you something just as good, because he knows that Parisian Sage is guaranteed to cure dandruff, stop falling hair, and cure all diseases of the scalp in two weeks, or money back.

He knows that Parisian Sage is highly recommended as the most pleasant and rejuvenating hair dressing known. It makes the hair fluffy and beautiful. 50 cents a large bottle at Wm. Madill's. He will guarantee it. Made in America only by Giroux Mfg. Co., Buffalo, N.Y., and Fort Erie, Ont.

ACTING REFEREE IS APPOINTED

Mr. Joseph Burgess to Act as of Cheese and Butter at Montreal

Ottawa, July 9.—In order to meet occasional requests for the services of a referee for butter and cheese, Mr. Joseph Burgess, a member of the Dairy Commissioner's staff, has been assigned to duties at Montreal which will permit him to examine on request, shipments of butter and cheese over which there is a dispute as to quality. Examinations will be made and certificates given only when the request comes from both buyer and seller.

Mr. Burgess may be addressed at Department of Agriculture, Custom House, Montreal, or Telephone Main 4154.

It may be added that Mr. Burgess is well qualified to perform the duties of a referee. He is an experienced cheese and butter maker, and has been on the Dominion Dairy Commissioner's staff since 1902. He was superintendent of the Government Curing Room at Woodstock, Ont., until it was closed in 1906. Since then he has been inspector for the Dairy and Cold Storage Branch in Western Ontario.

Richard Depew in the Kent County House of Refuge, is reported to be the heir to $9,000,000.

Eddie Foyer, of Cleveland, who wants to swim the Niagara whirlpool, will be arrested if he tries it.

A family of five were drowned by a cloudburst swelling the Nemaha River at Anadilla.

HAPPENINGS AT SUMMER SCHOOL

Excursion Last Night Was Greatly Enjoyed—Instructive Addresses are Given

Special to the Review.

Summer School, Chemong Park, July 10.—After the usual prayer and praise service yesterday the morning session was opened by Rev. A. C. Crews, D.D., who took for his text, "The Adult Bible Class Movement and the Supplemental Lesson Course." He emphasized the importance of having organized classes in the Sunday school from primary to adult. He recommended a ten minute test, familiarizing the scholars with the books of the Bible and catechism, this being taken up regularly each Sunday.

The Bible study was then conducted by Rev. E. N. Baker, M.D.D., continuing his study in Hebrews, the subject being "The Lesson of the High Priest's Garment." This studies aid greatly in giving a clearer interpretation of the truths contained in this book. The mission studies class then dispersed to their several rooms and continued their studies of their mission books.

The afternoon addresses were given by Rev. Mr. Totten, of Fairmount, his text being, "I will not eat until I have told my errand." He brought out forcibly that each one of us, not only ministers and Sunday school teachers, but all have a message or an errand from God, which must be delivered and Rev. G. D. Henderson spoke very earnestly on "Woman's Debt to Christianity." He contrasted the conditions of women in heathen lands with our own under Christian influences, thus showing the blessing brought to womanhood by the religion of Christ.

The excursion in the evening to Bobcaygeon was well patronized and enjoyed very much by all present.

The programme for to-day and to-morrow is as follows.

MORNING SESSION.

8.45 to 9—Prayer service.
9 to 9.45—Bible study, continued. Rev. E. N. Baker, M.A., D.D.
9.50 to 10.20—Address, missionary. C. B. Keenleyside, London, Ont.
10.25 to 11—Round table conference on Sunday school work, Rev. A. C. Crews, D.D.
11.10 to 12.—Mission study classes, Teachers, Prof. Doxsee, Misses Drewry, Dobson and Hamilton.

AFTERNOON.

Chairman, Judge G. E. Deroche. Addresses, C. B. Keenleyside, London, Ont. W. F. Adams, M.D., D.D.S., missionary to West China. Rev. R. McCullough, Pres. B. of Q. conference.

EVENING.

Chairman, Judge G. E. Deroche.
8—Prayer and praise service.
Address, Adult Bible Class Work, Rev. E. A. Pearson, B.A., Peterborough.
Address, Missionary Work, W. F. Adams, M.D., D.D.S.

SATURDAY, JULY 11th.

Morning Session.

8.45 to 9—Prayer service.
9 to 9.45—Bible study, continued, Rev. E. N. Baker, M.A., D.D.
9.50 to 10.20—Address, W. F. Adams, M.D., D.D.S.
10.25 to 11—Address, Rev. W. J. M. Cragg, B.A., B.D.
11.10 to 12—Mission Study Classes, Teacher—Rev. Prof. Doxsee, Misses Drewry, Dobson and Hamilton.

Afternoon.

2—Meeting of Summer School Executive.

Evening.

Chairman, Rev. C. H. Coon, Secretary B. of Q. Conference.
8.—Prayer and praise service.
Address, J. M. Denyes, B.A., Principal Newburgh High School. Rev. Robert Emberson, B.A., Missionary of Japan.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address, and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

Twenty new freight cars are being turned out daily for the G.T.P.

Mrs. Gertrude McKiernan.

MOTHER AND DAUGHTER PRAISING PE-RU-NA.

MRS. GERTRUDE McKIERNAN, 216 Neosho street, Emporia, Kas., writes:

"I suffered very much with a severe cold in the head and was always complaining of feeling *tired and drowsy.* When my mother suggested and insisted on my taking a *few bottles of Peruna,* I did so, and in a short time I felt like a new person. My mother *praises it very highly* and so do I."

Confidence in Pe-ru-na.

Mrs. M. F. Jones, Burning Springs, Ky., writes:

"We have been using Peruna for some time and have no hesitancy in recommending it for the thousand and one ailments of humanity.

"From *a personal test* I shall not hesitate to recommend it, especially to all suffering women.

"*Peruna has gained full confidence* and a permanent stay in our home."

A Great Tonic.

Mrs. Anna Linder, R. R. 5, Dassell, Minn., writes: "I took Peruna and am well. I would not be without that great tonic for ten times its cost."

Revenue Men Want Increase.

Ottawa, July 10.—With a request for increased pay a deputation from the outside department of the Inland Revenue called on the Premier and Hon. Mr. Templeman yesterday morning.

Sir Wilfrid said he realized the justice of the demand, but in the absence of the Ministers of Finance and Agriculture he could promise nothing definitely.

The deputation asked also that they be placed under the new civil service commission. The Premier said the matter of salary revision was being carefully studied, but that it had not been placed in the civil service bill because of pressure of time.

Child Killed by Pitchfork.

Woodbridge, July 10.—Pierced to the heart by a pitchfork in the hands of the hired man, the little son of Oliver Burton of Vaughan Township, died yesterday.

The boy, six years old, was on top of a load of hay driving in from the field to the barn. The horses started suddenly and the hired man, also on the load, was unbalanced and his pitchfork, which was in his hand, plunged into the boy's breast. The little fellow died a couple of hours later.

Drowned at Hamilton.

Hamilton, July 10.—There was another drowning accident last evening, the victim being Joseph Campayne, a young man who lived at 50 West Cannon street. He rowed across the bay to Bayview yesterday afternoon with Chief Harrison and G. L. Donovan, 48 Wilson street, and E. L. Smith, 146 Rebecca street. While his three companions remained on the shore he swam out into the bay. After getting a short distance out he shouted that he was drowning and begged for help. His companions hurried to the rescue, but Campayne sank out of sight and his body could not be found. His father is in Montreal.

Whole Family "Listed."

Kingston, July 10.—Kingston's license inspector has whole family, husband, wife and son on Indian list. The son has been on for some time and the parents were put on yesterday.

Falls From Hay; May Die.

Kingston, July 10.—Thomas Guess, a farmer of Cataraqui, fell off a load of hay and was so seriously injured that it is doubtful if he will recover.

Murderer Goes to Asylum.

Charlestown, July 10.—Alonzo Doherty, acquitted recently on a verdict of not guilty because of insanity at the time of shooting and killing Joseph D. McMillan in Miscouche, was yesterday transferred to Falconwood Hospital for the Insane at Charlottetown.

The steam barge H. P. Mackintosh was sunk near Sarnia.

Dr Leonhardt's HEM-ROID IS A TABLET TAKEN INTERNALLY FOR THE CURE OF PILES
Guaranteed, or money refunded. Correspondence confidential. Booklet on Piles, with copy of Guarantee and Testimonials mailed Free on application. $1 a bottle at all dealers, or prepaid from THE WILSON-FYLE CO., Ltd., Niagara Falls, Ont.
Sold by James Lynch, Druggist, Peterborough.

NERVOUS
DEBILITY
CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand: the sallow, pimpled face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all drains and quickly restores the victim to what nature intended—a healthy and happy man with physical, mental and nerve power complete.

For over 20 years Drs. K. & K. have treated with the greatest success all diseases of men and women.

If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure NERVOUS DEBILITY, BLOOD DISEASES, STRICTURE, VARICOCELE, KIDNEY AND BLADDER DISEASES. Consultation Free. If unable to call, write for a question Blank for Home Treatment.

Located in Our Own Office Building.

Discus, free style—Walsh and Archibald.

Discus, Greek style—Walsh and Archibald.

Javelin, free style—Walsh, Barber and Archibald.

Javelin, held in the middle—Walsh, Barber and Archibald.

1,600 metres relay race—Buddo, Galbraith, Parkes, Kerr, Sebert, Tait, Fitzgerald and Barber.

Cycling, one lap—McCarthy, Andrews, Young, Anderson and Morton.

Cycling, 100 metres—McCarthy, Andrews, Young, Anderson and Morton.

Cycling, 5,000 metres — McCarthy, Andrews, Young, Anderson and Morton.

Cycling 20 kilometres—McCarthy, Andrews, Young, Anderson and Morton.

Cycling, 100 kilometres—McCarthy, Andrews, Young, Anderson and Morton.

Cycling, pursuit race, three laps—McCarthy, Andrews, Young, Anderson and Morton.

Tandem, 2,000 metres—McCarthy, Andrews, Young, Anderson and Morton.

Gymnastics—Keith and Elliott.

Swimming, 100 metres — Zimmerman.

Fancy diving—Zimmerman.

Wrestling, catch as catch can, bantams—Cote.

NEWS FROM BIG LEAGUES

The race for the American League is so close these days that a win for the second or third team and a lose for the first team will drop them two or three pegs in the race. Maybe these teams are not making money in this close race.

Pittsburg is leading the National League by a comfortable margin and judging by the way the Cubs are crippled just at present they look like the one best bet in the old League.

There have been several no hit, no run games pitched this year so far and it begins to look as if the pitcher were getting the best of the hitters with the several new curve balls that have come to earth this season. Cy Young of Boston shut out New York Americans without the semblance of a hit, only one man reaching first on him when he gave a base on balls.

The latest no hit game was pitched by Fred Mitchell of Toronto when he shut out Montreal without a hit. His performance in that game being considered the finest pitching feat of the year.

Clark Griffith the former manager of the New York Americans is still in Gotham looking over the baseball situation. He says he will buy out a baseball franchise himself and run it. He is tired of being second in command. He says that George Farrell, the owner of the Highlanders was continually bothering him, when his team is winning everything is O K but as soon as he loses a couple but as soon as he loses a couple of games everything turns against him as far as Farrell is concerned.

At Cleveland on the 4th of July the largest attendance at a ball in that city was recorded, when at the morning game 20,000 people attended and in the afternoon 22,000 were recorded at the box office. No wonder these teams in the big leagues can pay such high salaries. The manager of the Cleveland team, Lajoie, gets $10,000 a season for his services.

Pittsburg is going to have a Wagner Day to do honor to that great player. The fans are going to make a presentation to him and give him the proceeds of the gate receipts.

Thoney, of Boston Americans, is still hitting the ball hard, since he has got back in the game he has helped win many a game by his steady hitting.

Carrigan, the former Toronto catcher with Boston Americans, will soon be in the game again after his long stay out of it, his bad leg is nearly all right.

THE COURSE ON WHICH THE MARATHON RACE WILL BE RUN

London, July 8.—Representatives of the Canadian Associated Press found it a narrow road which leadeth from Windsor Castle to the Stadium, but not presenting, as viewed from a motor car, the difficulties claimed by the Canadian Marathoners. Starting from beneath the windows of the King's private apartments in the Castle, expressly by wish of the King, the Marathoners will make their first public appearance as they make the exit from the Castle grounds into High street, thence through the Windsor road, which is fairly level, but like the whole route, somewhat twisting. Passing through Slough a couple of small hills will be found after which comes a beautifully wooded stretch of a couple of miles, then the Uxbridge road full of twists and sharp turns, but more open country. At the nine mile post there is a sharp turn and the leader will find himself in Park road. Where he and those who follow will find three hills not oversteep with the London side hill the longest and steepest.

When Back Lane has been covered the eleven mile post has been passed from whence in the next few miles some portion of the road will be found not wide enough to permit 10 runners to pass abreast, but the road broadens as Ruislip is reached and 13 miles have been accomplished. After the road from Ruislip the route presents more straight away and until a sharp turn in Pinner town and away on a slighly undulating road those still in the running make for the 18 mile post on Harrow Hill, thence running down along Sheepcote road and a short run to Wembley to find the course narrow and crooked.

Unless there be provision made to clear the way for the runners dodging traffic may become part of the race from Wembley to the Stadium, but those who hold out until Harrow road is reached, may begin to congratulate themselves as they may read as they run that they have 22 miles to their credit. Another couple of miles and they will have to speed along Old Oak common leading to Old Oak Lane, at within a mile of home and fame for the Stadium is in sight.

TRACK KEPT CLEAR

Lord Desborough informs the Canadian Associated Press that the Marathon route will be kept entirely clear of traffic, 2,000 police being engaged specially for the race.

AUTOS HAVING BIG SALE THIS YEAR IN CANADA

Automobile manufacturers and dealers throughout Canada report that the auto is having a great popularity this year and the sales have exceeded all anticipations.

Automobiling has been a favorite sport in the United States for some years, but it was somewhat slow in Canada. It would look as though motoring has taken a strong hold on this side of the line now, however, and promises to grow more popular from now on. Even the local sales

TOM LONGBOAT TO SKATE HOME

Tom Flanagan, guardian, trainer and friend of Tom Longboat, writing of the trip across, said:

"Longboat made many friends, and his quaint sayings were eagerly watched for. He has a humor all its own, and it is not even so much of the fun of the things he says, as the way he says them, that attracts people. Here is one amusing incident that happened while we were on board of the Empress.

"He approached some gentlemen who were still dining, and with a wave of his hand towards the sea he remarked in his dry tone, 'Say, this is the biggest lake I ever seen in my life, and when I get to London I am going to get a pair of skates and skate home.'"

Flanagan adds that Tom has absolutely no fear of his rivals, but he fears Longboat will tire himself out sight-seeing if he isn't constantly watched. "I still believe that he is the fastest man in the world, but I don't ignore the chances against him. All I can say is that it won't be my fault if he does not go into the race in the pink of condition."

SPORTING COMMENT

Two thousand police have been engaged to keep the Marathon course clear.

The game between the Athletics and Petes on Saturday should draw the biggest crowd of the season. Much interest is being taken in the playing of the Athletics since their skilful defeat of the Petes.

The defeat of Joe Gans by Battling Nelson is just another exemplification of the old story of the expected winner being over age and perhaps over confident.

The fighting game is a mighty uncertain one as is shown by the trouncings pugilists have given opponents who had vanquished them in former bouts.

From present indications there is a possibility of a renewed interest being taken in Peterborough wrestling this fall. To those who would like to get a good working insight into the game the sporting department of this paper has much pleasure in recommending Spaulding's handbook on wrestling for sale at all local book stores.

Speaking of wrestling, the local followers look for Gene Hurtubuise, Peterborough's big grappler who made such a good showing against Yankee Rogers to make good in the matches being made for him with Sin and the French-Canadian and Karakduof, the Turk.

From his past performances Gene should do some gilt edged work on the mat.

The talk of a regatta on a small scale at Stony Lake has ceased and interest having apparently died out, there are small chances of one being held.

The Lindsay Free Press has no yet picked Longboat as a certain winner of the Marathon and as a consequence the Canadian betting men are a little backward in putting up their money on fleetfooted redskin.

MUST HAVE A LICENSE

Citizens Intending to Have Refreshment Booths on 13th

A local man was in the act of locating a stand from which to sell lemonade and other refreshments on the 13th of July this afternoon when P. C. Adams came along and informed him that if he erected a stand he would have to take out a license. This would cost him five dollars. The gentleman thanked him for the information by giving the police officer a cigar. Several citizens intending to have stands on the holiday did not know that it was necessary to take out a license.

FITS CURED

Sufferers from Fits, Epilepsy, St. Vitus' Dance, Nervous Troubles or Falling Sickness should write the Liebig Co., 179 King street, Toronto, for a trial bottle of their Fit Cure and Treatise. Enclose 10c for postage and packing.

LAKEFIELD

Special to the Review.

Lakefilde, July 8.—Mr. Thos. Eastland, of Thornbury, was in the village this week renewing old acquaintances and left Tuesday for home accompanied by his brother, Mr. Hurl Eastland, of Apsley.

Mr. Leason, of Toronto, is the guest of Mr. Russel Chant.

Mrs. Howard and family, of Hastings, is the guest of Mrs. Kennedy, of the village.

Miss Croft, of Peterborough, spent Sunday in the village with friends.

Miss Beddie Kidd, milliner, for R. Graham & Sons, left Monday for to spend her vacation at her home in Hamilton.

Miss Lilly Montgomery is visiting her brother, Mr. Wm. Montgomery, of Montreal.

Mr. F. Simpson, of Peterborough, was in the village this week visiting friends.

Miss Della Magee, of Omemee, is visiting in the village, the guest of Mrs. F. B. Webster.

Mr. Joseph Wamsley, of the village spent Sunday in Peterborough visiting his parents at that city.

Mrs. and Miss Haziett, of Peterborough, are the guests of Mrs. Roland Johnson.

Mrs. Knox, of Orillia, is spending a few weeks at Stony Lake, the guest at the cottage of her sister, Mrs. S. Henderson.

Mr. and Mrs. J. H. Sherin went up this week to their cottage at Stony Lake for the summer.

Mr. Raymond Wilson, of Toronto, was in the village Tuesday, combining business with pleasure.

Mr. Stewart, of Peterborough, paid a hurried visit to the village on Saturday evening. Nothing doing.

Mr. Chas. Beatty, of the Grand Trunk Pacific Railway Co., spent last week in the village on business.

Miss Marion Wilson is at her home in Fullerton for a summer vacation. Miss Mollie Johnston accompanied her and will visit there for a couple of weeks.

Miss Halpin, of Peterborough, is visiting her aunt, Miss Pennally.

Miss Ana Smythe, of Peterborough, is a guest at the Lakeview House, Young's Point.

A lawn social is being held on the House of Refuge grounds Thursday evening. The Lakefield Brass Band will supply music.

A. S. Butchart, spent Tuesday in Peterborough on business.

The many friends of Mr. Hubert Montgomery, formerly fo Lakefield, will be sorry to learn that he is very ill in Grand View, B.C.

HASTINGS EXPECTS TO BE ACTIVE

Work Will Soon be Commenced on Trent Waterway---New Bridge to be Build

As intimated a few weeks ago, in the Star, the Government will soon start their operations here in making the Trent Waterway on this section navigable to all kinds this section navigable to all kinds of craft. And also fix up the dams and bridges so that no further changes will be needed for years to come.

The engineers reports regarding estimates are about finished and it is likely in a couple of weeks, tenders will be asked for not only the dredging in the river but for a new concrete dam and locks for Hastings as well as concrete approaches to the lock, a new concrete wharf and a concrete and steel bridge over the head of the race.

This means that work will be well under way before snow flies and that in the neighborhood of three hundred and fifty men will have Hastings for their headquarters for a couple of years.

The bridge at the Narrows will have a one hundred foot span, and be next the shore instead of where it is now, and many of the small points which lengthen the journey to the falls will be cut off.

When we come to consider that over three hundred additional men will be spending the greater part of their money here for the next couple of years, it looks pretty good to us, and we can't wish for this big undertaking to start too soon.—Hastings Star.

ARE THERE TIDES IN QUINTE BAY?

Strange Action of the Water Excites Much Interest at Lakefront

"Is there a tide in the Bay of Quinte," is a question the habitues of the water front are asking these days. At one time on Tuesday morning the water covered everything except the main line of the railway at the wharf. An hour or so after the flood had disappeared, the water receding to its usual level. It was estimated that the rise of the water was over two feet. Again the water rose, only to lower again a short while after. During the day the water rose and fell several times. It could not have been caused by the wind, as the water was coming in almost directly counter to the northeast wind. Will some one who knows explain.

On Wednesday morning between 6.30 and 7.30 o'clock, a phenomenon hard to explain was observed at the bay front at Greenpoint. At the first named hour the boat-houses were high and dry with about twelve feet of beach between them and the water. A northwest wind was blowing whitecaps down the Long Reach. But—and here is where the phenomenon comes in—chips thrown on the water travelled northward against the wind and waves. Shortly after seven o'clock the water had risen, the boat houses were again flooded, and everything again assumed the deluged condition so prevalent along the bay this summer. One patriarchal resident, speaking of the matter gave it as his opinion that a heavy westerly wind blowing on the lake was the cause of the water being forced into the bay.—Deseronto Tribune.

This is the wife who knows full well
For aching head or bilious spell,
Whenever the stomach seems at fault
There's nothing so good as Abbey's Salt.

Abbey's Effervescent Salt

"The Tonic Laxative for the Family." 5

FIFTEEN ENTRIES IN THIS DISTRICT IN CROP COMPETITION

There are fifteen competitors in this district in the Field Grain Competition inaugurated by the Ontario Government. They are as follows:

Hugh McDonald, Norwood P. O., Lot 3 and 4 Dummer Township, Oats.

F. Birdsall, Birdsall P. O., lot 6, Con. 1, Asphodel Township, Oats.

Andrew Knox, Norwood, P. O., lot 18 Con. 7, Asphodel Township, Oats.

Benjamin C. Parker, Norwood P.O., lot 4, Con. 6., Dummer Township, Oats.

James. Andrews, Norwood, P. O. lot 20, Con. 7, Asphodel Township, Oats.

John Brechenridge, Westwood P.O., lot 9, Con. 3, Asphodel Township, Oats.

Isaac Peiffer, Norwood, P. O., lot 17 and 18, Con 6. Asphodel Tp., Oats.

John White, Norwood P. O., lot 14. Con. 9., Asphodel Township, Oats.

Wm. Brechenridge, Indian River, P. O., lot 26, Con. 3, Otonabee Township, Oats.

Daniel Kelly, Norwood, P. O., lot 18, Con. 6, Asphodel Township, Oats.

John M. Wright, Havelock P. O., lot 16, Con. 6., Belmont Township, Oats.

Sargent & Son, Westwood, P. O. lot 10, Con. 1, Asphodel Township, Oats.

L. Lonergan, Norwood P. O., lot 15, Con. 4, Asphodel Township, Oats.

Alf. T. Robinson, Norwood P. O., n.e. pt lot 15, Con. 8, Asphodel Tp., Oats.

Thomas Brick, Norwood P. O., lot 18, Con. 10, Asphodel Township, Oats.

Mr. John E. Roxburgh, Norwood, Secretary.

The following are the main objects of the competition;

1.—To stimulate a greater interest in the growing of first-class seed grain.

2.—To encourage the practice of growing seed for next year's crop in a field by itself, using only the best obtainable seed, sowing it on the cleanest and best prepared land, allowing it to ripen and threshing and storing it separately.

3.—To obtain pure seed, i. e., free from other varieties, the presence of which can be detected when the crop is growing.

4.—To encourage the use of seed from heavy yielding grains.

5.—To promote the growing of seed from clean, vigorous crops of uniform stand with bright, stiff straw.

6.—To encourage careful and intelligent farming and the production of seed free from weeds.

The hearty co-operation of all concerned is urged to further this most important agricultural work which is destined to add materially to the productiveness and wealth of the farms of Ontario.

NORWOOD

Special to the Review.

Norwood, July 7th.

Mr. and Mrs. J. Davidson, of Sudbury, were in town last week, the guests of Dr. and Mrs. S. P. Ford.

Mrs. J. Forsythe and family were in Havelock last week.

Miss Grace Vansickle, of Havelock, was visiting her friend, Miss Margarite McNulty, Peterborough street.

Mr. James White, who has been in South Africa, since the Boer war, is visiting his parents, Mr. and Mrs. H. White, of this place. Mrs. White who has been visiting friends in England for a short time, accompanied him. Mr. and Mrs. White propose remaining for a few weeks.

Dr. O. C. Houston, of Kalamazoo, Mich., is spending a few weeks with his parents here.

Miss Annie Thompson, who has been teaching at Young's Point, is home for her summer holidays.

Miss Carrie McDonald, who is training for the nursing profession in a hospital in Rochester, New York, is spending a short holiday with her parents, Mr. and Mrs. C. McDonald, of this place.

Mr. Fred Stewart, who met with an accident here in the box factory, some time ago, is able to go around on crutches now, and he hopes shortly to be able to move about without crutches.

A goodly number of the Methodist congregation gathered at the church here on Monday evening to do honor to Mr. Geo. Andrews, who is on the eve of departure to one of the outlying mission fields in the Toronto conference. Mr. Andrews, who passed his examinations this spring as a local preacher, is one of the most popular young men in the church here, and is highly respected on account of his sterling Christian qualities. His friends and acquaintances here all wish and bespeak him success in his new sphere of work.

We are having a slight experience now in tropical weather. This is without doubt, the warmest spell this season.

Mr. Fred Fry returned home on Saturday night, having spent an enjoyable week fishing at Trent Bridge. Fred has a few good ones to tell which make the amateur anglers long for the opportunity of hauling in a few of the big ones.

The local Orangemen will celebrate the Battle of the Boyne in Peterborough this year. A special train will leave this station here at 6.30. A special rate has been secured and it is expected a large crowd will attend.

Miss Trout, of Wiarton, has been engaged as second assistant for the High school staff. She will commence duties after this midsummer vacation.

Dr. Wilson has been appointed to fill the vacancy on the Village Council Board, caused by the resignation of Mr. R. S. Patterson, who is going to Tweed.

Mr. Thos. Rehal has had his hardware store improved by the laying of a new brick floor. He has also made some other minor improvements which all go to make his business home more convenient and attractive.

Mr. Robert Patterson and family leave for Tweed this evening.

Miss Edith Campbell is visiting her parents, Mr. and Mrs. D. Campbell, Belmont road.

Miss Lillie Scott, of Toronto, is visiting her sister, Mrs. E. C. Squire.

Mr. Ashton Lily, of Peterborough, is visiting his parents, Mr. and Mrs. J. Lily.

Mrs. G. Keeper, who has been in Toronto for several weeks, returned home last Tuesday for a few days. We are glad to say that Harland, who is still in the hospital in the city is progressing favorably.

ENJOYABLE PICNIC HELD AT BETHEL

Programme as One of Much Merit--Other News of Interest

Bethel, Emily, July 4.—The annual Sunday school picnic of Bethel church was held on Wednesday afternoon, July 1st, in Mr. Wilfrid Jackson's grove, opposite the church. The weather was everything to be desired and not a few assembled, to enjoy a pleasant afternoon with the well known Bethel friends. An excellent refreshment booth was on the grounds, that added much towards the enjoyment of the day, and the races and sports in the evening, which were enthusiastic and interesting, consisted of football games, sack race, boys' running race, girls' running race, ladies' running race, ladies walking race and gentlemen's sack race, etc. Good music was furnished by Bethel L.O.L. band, and at a late hour in the evening the crowd dispersed, well-pleased with the afternoon, and vowing inwardly that they would come next year, too, and bring their friends with them.

Mrs. R. Guthrie has returned home from a pleasant visit with her many friends in Orillia and Midland.

Miss Annie Mills who graduated at the State Hospital in Rochester, in June, is at present spending her vacation at her home here.

Miss Storey, of Toronto, is the guest of her aunt, Mrs. D. Storey.

Mr. and Mrs. W. C. Switzer, of Peterborough, were visitors to our picnic.

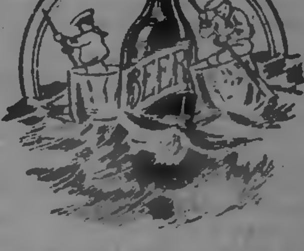
Mr. Willie Lowes attended the running race at Cannington last week.

Mr. and Mrs. W. S. Graham, of Mt. Pleasant, were visitors at our picnic.

A goodly number were present last Sunday morning and listened to a very instructive address delivered by our present and future pastor, Rev. Mr. McKenzie.

Mr. and Mrs. Anderson and Miss Annie Anderson, of Toronto, is the guest of Mr. T. Attwell.

Mr. and Mrs. Manning, of Selwyn, were the guests of Mrs. E. Storey last Sunday.



Steer Straight

for the best Beer ever brewed, and you are sure to come to us! Our Bottled Beer is "bottled health." It means vigor and strength, a good appetite and high spirits. It is the best medicine for the weak and the best food for the strong. Keep our excellent in Beer your home as a beverage and you will have no need of a doctor. Tale of the Fairies' Treasure House

"THREW HIM INTO A TREASURE ROOM"

DEEP in a great forest stood the treasure house, an immense, rambling structure, its windows guarded by stout iron bars and its entrances marked by massive oaken doors. Small danger of thieves was there, though few, indeed, would have cared in any event to risk the ill will of the fairies by venturing to help themselves from the treasure. Great was the value of it, too, for were there not rooms filled with gold, and diamonds and rubies and all manner of precious stones?

Naturally, the fairies had a keeper for their treasure house. His name was Count Ignacio, a stern, hard man, though not at all unkindly to his only daughter, the lovely Isabel.

A long time dwelt the two here alone in the forest, until Isabel had left her childhood behind her and had grown to be a lovely young woman. But it must not be supposed that she grew up untaught or unlearned, for many wise instructors taught her all they knew.

Then came the prince, not as a prince, mind you, but as an ordinary huntsman. Far had he ridden in the hunt, and when evening drew nigh he was a great ways from his attendants and alone in the forest. Thus it was that he discovered the fairies' treasure house.

Suspiciously, Count Ignacio granted him admittance when he knocked. The prince would at first have made himself known to the count, but just then he chanced to see the charming Isabel, and for some reason, which he did not himself understand, gave the name of a poor nobleman.

When the prince rode away on the morrow he assured Isabel secretly that he would come soon again. If the truth be told, he already adored the lovely daughter of the count. So he came again and again, and each time his stay grew longer. Each time, too, Count Ignacio grew more suspicious.

"Here," thought he, "is a poor young noble who would win my daughter and gain the rich dowry that goes with her in order that he may become wealthy." The count, you must know, had great possessions, for his service to the fairies had been well rewarded.

At last, Isabel had promised to become the bride of the prince. When Count Ignacio was so informed he angrily cried:

"You young villain. You are after my gold, are you? Well, I'll put you in a place where you may look at gold to your heart's content!" Thereupon he called his men, and, in spite of his daughter's entreaties, had the prince thrown into one of the treasure rooms.

In vain the prince shouted for the count to let him out. Not a sound could be heard through the thick doors.

Then he looked around him. All manner of glittering things lay within reach—gold and gems beyond reach of imagination. But he cared for none of them. What he wanted was Isabel, and Isabel alone!

The day passed and then another. So, the prince was to be left there to starve. He had given up all hope, when the door burst open and in rushed several of his court attendants. When he had thanked them gratefully for his delivery, they explained that while they were searching for him they came upon a beautiful maiden who was wandering nearby bemoaning the fate of her lover. After questioning her, they decided to come to the rescue of the young man, and lo' they found the prince.

No sooner had they concluded than the prince darted away to find Isabel. To her he explained who he was and even forgave her father all.

As you may guess, the prince and Isabel were married at once. It was not long before they became king and queen and ruled over a land of happy, contented people. As for the count, for all we know he still may be keeper of the fairies' treasure.

Hard to Explain

UNCLE GEORGE was an old colored man who tried awfully hard to be good, but it was very difficult for him to keep from stealing. As he explained it, "I just nachally want to take what I lay my hands on."

Uncle George's latest theft was a pig. The more he thought about what he had done the worse he felt. About the middle of the night his wife awoke and saw Uncle still kneeling by the bedside in earnest prayer.

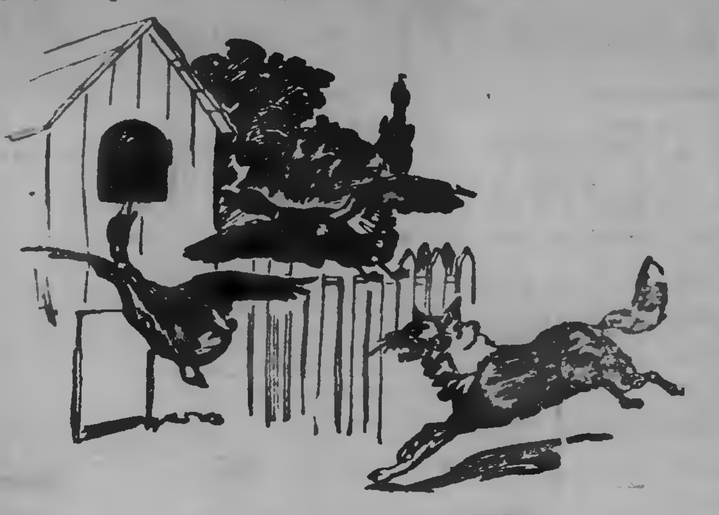
"Why don't you get in bed?" she asked.

"Oh, let me alone," replied Uncle George; "I'se tryin' to 'splain to heaven jus' how I happen to have that pig, and the more I 'splain the wusser mixed I get."

The Misses Duck

I a glorious summer afternoon. The sun poured down on the old farm and the farmyard. It all seemed so quiet and still; a few hens were strolling about talking to each other, h Mr. Josiah Turkey Cock and his family were enjoying an afternoon nap, and Mr. Game Cock had taken nearly all the other members of the farmyard for a walk up a lane called "The Field Lane."

The coolest spot anywhere near was an old pond shaded by a weeping willow that hung far over it. Here, this



"WITH MR. FOX IN HOT PURSUIT"

afternoon, were to be found a family of ducks.

"It must be nearly supper time," said the eldest, Miss Jemima by name, and her sisters quacked assent.

"Where shall we go slugging tonight?" asked Miss Amelia.

"The place for slugs is the kitchen garden," asserted Miss Rosina, "if only we could get in there."

Mrs. Indian Game had managed to

"MOTHER'S WARNING"

get in once, and she had told them about the quantity of slugs to be found among the cabbages. Ever since they had spent all their spare time in looking for an opening through the hedge that separated the kitchen garden from the field, but it was of no use. Wire netting was placed behind the hedge so they could not get through. As they talked about the slugs the sound of the farmer's daughter, Jane, calling "Chick, chick, chick," broke the stillness of the air.

"It is supper time," Miss Jemima said, as she waddled out of the pond and shook her wings. Her sisters did the same, and they all set off for the farmyard.

There was a great noise going on there while the inhabitants had their supper. It was wonderful where they had all come from so quickly; and the ducks were soon in the midst of a merry, chattering group. All the hens seemed very pleased with the walk Mr. Game Cock had taken them.

"What a lovely day!" Miss Jemima said to him. "We are hoping to go slugging tonight."

"Then you should go to the marsh, my dear Miss Duck," said he. "We have been out that way ourselves this afternoon. You will find plenty of slugs there, both black and brown."

So, after supper the Miss Ducks set off for the marsh, and Mr. Game Cock kindly walked with them to the top of the field lane to put them in the right way. Then he wished them "good luck," and returned to the farmyard.

As they went, Miss Jemima repeated his instructions as to the way.

"We must cross this field, then under a stile we shall see in the hedge, and we shall find ourselves there."

She led the way, and the rest followed in a line, one behind the other.

They found it was a long way across the field, for ducks walk very slowly.

"I hope we shall soon be there," said one to the other.

"It is strange we have never heard of it before. We have known about the orchard and Lower Meadow all our lives," said another.

"I hope it is quite safe," said Miss Rosina; "perhaps we could find some slugs in the field we are in."

"I think we will go on," said Miss Jemima. She always liked to do what she had planned.

By the time they reached the marsh it was already growing dusk. The Misses Duck had good appetites after their long walk, and to their delight, they found plenty of slugs. Every now and then they would remark, "We really must go home," but every time they tried to start one of them would see a particularly large [illegible] ed to eat.

While they [illegible] talking the dark [illegible] and darkness was soon a white mist [illegible] the ground, wrapping [illegible] were, in a silver coverlet.

Then suddenly an awful [illegible] to Miss Amelia.

"Mr. Fox!" she gasped. "[illegible] don't you remember that mother [illegible] ed us never, never to come to the [illegible] because of Mr. Fox?"

"Yes!" exclaimed Miss Jemima. "Oh, how could we forget? Mother told us both grandfather and grandmother came to the marsh slugging and never got home again. Hush! I hear something."

Just at this terrible moment she spied behind some bushes a little boathouse.

"Let's see if we can hide there!" she cried.

Half flying, half running, they gained the house and scrambled under the door just in time, for Mr. Fox was in hot pursuit.

Oh, wasn't Mr. Fox cross when he saw the last duck disappear just before he could catch her!

"Perhaps I can force my way in," he thought, and he poked his paw under the door, but could not pry it open. Then he tried to climb the walls to the roof, but each time he slipped and fell. Then he pushed against the door, but it would not budge.

The ducks, who were too much afraid to speak, watched his movements in fearful silence. There was very little sleep for them with their enemy prowling about outside.

At last, however, morning dawned and Mr. Fox, looking very cross, indeed, trotted off to his den.

After some time Miss Rosina said "I believe he has gone to stay. Shall I peep out, Jemima?"

"Yes, but do be careful. He may be only hiding and waiting to pounce upon us."

Rosina carefully reconnoitered, and reported that she had found no sign of the enemy. So then the ducks crept cautiously out of their shelter and tremblingly waddled home, thankful to have escaped the jaws of Mr. Fox and firmly resolved never to visit the marsh again, even for the sake of its fat slugs.

Best-Dressed Monkey

JUST now an American showman is exhibiting at Milan a monkey which, by the remarkable manner in which he is dressed and the wonderful tricks he can perform, has provoked general curiosity.

Coco is the name of the monkey. He was taken from a South American forest and educated by an American master. Dressed exactly like a man, he behaves like one, too. Coco sits erectly on his chair, walks in an upright position, and eats exactly as you or I would. His only fault is that he is unable to speak in our language.

"COCO"

Big sums of money have been offered for the monkey, but Coco is not for sale.

Couldn't Fool Her.

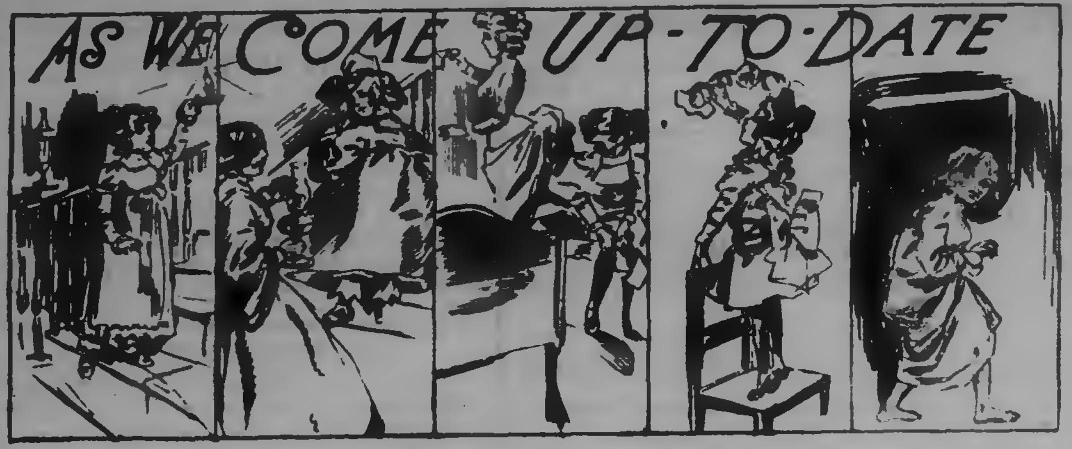
A story is told of one of General French's staff. Appearing before his wife and little daughter in dress uniform, the tot, after gazing at him steadily for several minutes, exclaimed:

"Why, mother, that's not a real soldier; it's only father!"

Tied in Knots.

Billy—Why do they say a ship goes so many knots?

Willie—Don't know, guess because it has something to do with the tide.



WHEN grandma was a little girl,
And she went up to bed,
She carried then a tallow dip,
Held high above her head.

When mamma was a little girl,
After she said "good-night,"
Her mother always held a lamp,
So she could use its light.

As soon as sister's bedtime came,
When she was but a lass,
If she would find the room too dark,
Mamma would light the gas.

Now when the sandman comes to me,
I like to have it bright:
So I reach up and turn the key
Of my electric light.

And maybe in a future age,
Should you but see those days,
You'll drive away the shadows dark
With magical X-rays!

ALBERT MUSGROVE HAMER.
(12 years old.) Harrisburg, Pa.

Wearing His Crown

SUNDAY school teacher was telling her class what great reward there was in being good. "Some day," said she, "every person who has been good on earth will wear a golden crown."

"My pa wears one now!" piped one youngster.

The teacher replied, gently, "I fear you're mistaken, Tommy."

"No'm; he's got one on his tooth," was the answer.

Defining the Needle.

Teacher—Teddy, tell me what a needle is.

Teddy—The needle is a tool for sewing. There are two parts, the point and the eye. The eye is made of air and you stick the thread through it. The point is made of steel and it's what you stick through the cloth.

Perhaps it Does.

"Mary, what does India produce?"

"India produces curries and pepper and citron—and—"

"What else?"

"I don't remember, teacher, 'cept maybe Indiagestion."

"Getting Even"

IT'S never nice to have any one always trying to "get even" with you for some innocent bit of fun you've had. But how would you like to have an Indian of southwestern Alaska try to "get even" with you? Whenever he wishes to punish an enemy he tears up a number of his blankets, or destroys other of his possessions, and, in order not to be dishonored, the foe has to tear up a still greater number of blankets or do even greater damage to his own belongings.

It Would.

Minnie—Mamma, what does irony mean?

Mamma—It means that you say one thing and mean another.

Minnie—Oh, I see! S'pose I said I didn't want a piece of cake—that'd be irony, wouldn't it?

Only Faces Visible.

Elsie was only 3 years old. Upon seeing a bed of pansies for the first time, she exclaimed:

"O, mother, I can see their faces, but where are the heads?"

Very Few Stops

LITTLE TILLIE had received from her father a short time ago a toy organ. Since that time she played without ceasing.

The other day a neighbor visited Tillie's mother. Examining the organ with interest, she asked the little girl:

"How many stops has your organ?"

"Four," replied the mother promptly; "breakfast, luncheon, dinner and bed."

He Couldn't Help It.

Pa—My son, I didn't have one-tenth of the amount of your spending money when I was your age.

Son—Well, pa, I don't see how you can blame me for it. Why don't you go for grandfather?

Not a Great Deal.

"Suppose," said the teacher, "that I divide a watermelon into twenty pieces, and give them to the twenty boys in this class, what, Johnny Jones, will each of those pieces amount to?"

Johnny pondered for only an instant. "Not much more'n a swallow," said he.

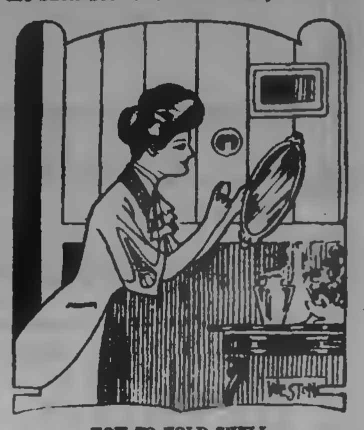
AN OPTICAL ILLUSION.

Amusing Experiment With an Eggshell and a Mirror.

An interesting experiment may be made by taking an eggshell and trimming it with the scissors so as to reduce it to a half shell. In the hollow bottom roughly draw with your pencil a cross with pointed ends. Bore a hole about the size of a pea in the center of the cross. Place yourself so as to face a window, the light falling upon your face, not upon the mirror which you hold in one hand. Close one eye. Place the shell between the other eye and the mirror at a distance of two or three inches from either, the concavity facing the mirror, as shown in the picture.



HOW TO HOLD SHELL.

Through the hole in the shell look at the mirror as if it were some distant object. While you are so doing the concave shell will suddenly assume a strongly convex appearance. To destroy the illusion it becomes necessary either to open both eyes or to withdraw the shell away from the mirror. The nearer the shell to the mirror and the farther the eye from the shell the more readily comes the illusion.—Scientific American.

THE FOOLISH KING.

Three Questions He Propounded and How They Were Answered.

Once upon a time there lived a king who was very foolish. He thought he was better than any one in his kingdom. He thought he was wiser, and he wanted to be richer. Now, there lived in his land a very rich man, who was known far and wide for his fine dinners, and when the news of this man's entertainments was made known to the king the foolish king sent for him in great wrath.

"How dare you outshine me?" thundered his majesty. "For this you shall die."

"Please, my king, let me live, and I'll do your every wish," cried the rich man.

"On one condition will I grant you your life," said the king, "and that is if you answer me three questions within the next three days. If your answers are absolutely correct and true, I will make you my prime minister; if not, off goes your head. First, tell me to the very day how long shall I live? Secondly, how long will it take me to ride around the world? Thirdly, of what am I thinking?"

The rich man went to his home and consulted his books, and on the third day he again came before the king.

"I am ready to answer your three questions.

"First.—You shall live until you breathe your last.

"Secondly.—If you rise with the sun and travel with the sun in its course, it will take you just twenty-four hours to travel around the earth.

"Thirdly.—You think I'm not such a fool as I look."

The king embraced the man and complimented him on his wisdom.

"I see," he said, "it would be a pity to cut off a head so full of learning. Rise and be my prime minister and share your wealth with me."

Greatest of Fleets.

The squadron of United States battleships now in the Pacific is unquestionably the "most magnificent and formidable" squadron ever put upon the seas. No other battle fleet mentioned in history is worthy of being compared with it in the capacity for destruction.

Conundrums.

Why is a jailer like a musician? Because he fingers the keys.

What grows the less tired the more it works? A carriage wheel.

What is that which never asks a question, yet requires many answers? A doorbell.

Gifts of the Winds.

Now tell us truly, winds of spring,
What joys to childhood do you bring?
With varied arts I strive to please—
I bring warm suns and April showers,
I bring fresh buds for naked trees
And scatter growing grass with flowers.

And you, sweet summer's gentle breeze,
What gifts of yours do children please?
The joyous holiday time I bring,
The many pleasures of field and shore,
Long, sunny days at their feet I fling.
These are my gifts. Can you ask for more?

Oh, howling winds of autumn drear,
What are your joys for children dear?
I bring down nuts from brilliant trees,
And ripe fruits drop beneath my spell.
I brighten their hearts with gifts like these.
No other wind they love so well.

And now, sharp wind of winter cold,
What joys are yours? Can they be told?
I sweep with a wail over barren fields,
Best loved of all the winds that blow,
No other wind such pleasure yields
To boys and girls, for I bring snow.
—Philadelphia North American.

John McPherter, colored, wanted in Cleveland on a murder charge, was arrested at Windsor.

TURNBULL'S

BIG JULY SALE!

STARTS, FRIDAY, JULY 10th

What does a TURNBULL JULY SALE mean—it means an 8-Day Carnival of Money Saving—it means Lower Prices than ever on reliable goods obtained by us at unique price concessions—it means more than Big Values this year—it means Money Saving unusual

BEGINS, FRIDAY, JULY 10th; CLOSES, SATURDAY, JULY 18th

DEAN'S SWIMEESY BUOYS 25c

By the aid of the Swimeesy Buoys any one can learn to swim or float. Will support the heaviest person, price during our July Sale only....... .25

SEE WINDOW

THE HOSIERY FESTIVAL CONTINUED

We might put the balance of those Lisle Hose in our regular stock at 50c a pair, but we have decided to let them go in the July Sale at the same price as before .... .25

FOUND DEAD AT THE FALLS MISSING MAN IS LOCATED

End Had Come During Saturday Night—The Cause of Suicide a Total Mystery—The Body Lay at the Edge of a Deep Eddy.

Niagara Falls, N.Y., July 13.—The search for Frederick A. Poehle, who disappeared from his home, 375 St. Clarens avenue, Toronto, last Monday morning, came to an end yesterday morning with the finding of his body lying partially submerged on the shore of the second Sister Island, on the Niagara state reservation.

A bullet hole through the head explained the cause of death. The nature of the wound, the course of the bullet, etc., strengthens the suicide theory, but the inability of the police to find the revolver, which fired the shot, and the further fact that the ground all about the point at which the body was recovered was torn and trampled, seemed to indicate a scuffle.

Coroner Scott, who had charge of the case, was first inclined to hold a postmortem examination, but later determined it was unnecessary, the reservation police attaching little importance to the fact that the pistol has not been found. The body was lying at the edge of a deep eddy, where the water is turbulent, and the weapon might have fallen from the hand as Poehle pitched forward, and thus gone several feet out into the river and perhaps was carried some eight or ten feet down stream by the swift current before it reached the bottom. The water is too swift, and the point in too close proximity to the Falls, to make a search in the water for the gun at all likely.

The body was found by two waiters who were taking a stroll about the islands at 6 o'clock in the morning. They first came upon a coat and cap in the woods. A search revealed the body in the water, and the reservation police were notified. They, in turn, notified Dr. W. A. Scott, coroner, who took charge of the case, removing the body to undertaking rooms.

Chief of Police Shoebridge of the reservation force, and Chief Lyons of the city force, viewed the body and gave it at once as their opinion that the body was that of the missing Toronto man, every feature of the description tallying.

The body had not been in the water more than eight or ten hours, and it is the supposition of the police that the man died some time Saturday night. No one heard the pistol shot, but that is not strange, as the roar of the rapids would prevent the shot being heard, unless one were within a few feet of the point at which it was fired.

Poehle left his home in Toronto last Monday to go to his work. He was employed as confidential clerk to the firm of Barber & Ellis, wholesale stationers, at 63 East Wellington street. When he arrived at the office he said he had forgotten his glasses and would return to his home for them. He did not go home, nor did he return to the office, and he was not seen after that by anyone who knew him. On the Saturday preceding the day of his disappearance he painted his house and complained of feeling very tired after it. The day was very warm, and it is the opinion of the family that the heat affected his brain.

J. F. Ellis said that his accounts were perfectly straight, and so far as his brother knew he had no trouble whatever.

Pity the Millionaire.

New York, July 13.—"In my opinion it is really harder for persons who have had an income of, say, $250,000, to come down to life on a $50,000-a-year basis than for a man who has been earning $15 a week to accustom himself to living on $10 a week."

Stuyvesant Fish said this on Saturday as he was boarding a liner for Europe. He believes that the relative suffering is greater in the case of the rich man. Then Mr. Fish, who is accompanied by Mrs. Fish on an automobile trip of the continent, continued: "The railroads this year will show big gross earnings, but the net profits will be small, this being due to the excessive wages demanded by labor. There are signs of splendid crops, but the farmers will get most of the profits."

Labor Leaders Confer.

Denver, Col., July 13.—While Samuel Gompers, John Mitchell, John H. Lennon, Frank Morrison, Joseph Valentine, James Duncan and Max Morris were holding a conference on labor matters on Saturday Deputy Sheriff Thomas Lawson served them with papers to appear as defendants in a suit brought by the W. R. Thompson Marble Co. against them as leading officers of the Federation of Labor for $50,000 for alleged damages to its business by a strike and boycott.

These officers will have to appear before a commissioner July 17 to give testimony, and the action will keep them in Denver a week longer than they had intended staying. The trial had been set for August 4, and it will probably be necessary for the leaders to return to Denver at that time also.

Fell on a Penknife.

Windsor, July 13.—Stabbed to death with a penknife which he held in his hand when he fell from a tree, little Walter Pennington, the 10-year-old son of James Pennington of this city was killed at Kingsville Saturday.

The boy left Windsor at noon on the street car to spend a short vacation on Lake Erie. His brother and sister found him a few hours after his arrival, dead at the foot of a tree. His death was instantaneous.

Plans National Expedition.

New York, July 13.—Upon his return from his present expedition in search of the north pole, Commander Robert E. Peary plans to organize a national American Antarctic expedition to explore the southern polar region, a project which he says has the approval of President Roosevelt. Peary, however, does not intend to accompany the party.

Drowned at Port Arthur.

Port Arthur, July 13.—A man named Woodland of Fort William was drowned Saturday evening as he endeavored to swim from the Canadian Northern to the Booth Dock. He took cramps and sank. Several people saw him, but before they could aid him he went to the bottom. The body was recovered.

Hangs Herself From Balustrade.

Belleville, July 13.—Mrs. James Pitt, a woman 52 years of age, residing in the Township of Tyendinaga, committed suicide by hanging Saturday. Mrs. Pitt fastened one end of a rope to the balustrade and the other round her neck. Temporary insanity is given as the cause. An inquest will be held.

Attacking the Revolutionists.

Tegucigalpa, July 13.—Government troops will attack the revolutionists at Gracias to-day. The revolutionists numbering about 300 captured the city after three and a half days' fighting. Gen. Gutierrez, at the head of 10,000 volunteers, will also attack Cholutec, which 800 rebels are holding.

Prince Starts For Canada.

London, July 13.—Excepting the Victory's salutes the departure of the Prince of Wales from Portsmouth on Wednesday will be unmarked by any ceremonies. The Indomitable starts at noon.

Sir F. Hopwood Dudley, Governor-General of Australia, will accompany the prince.

The British fund for the Wolfe-Montcalm memorial now amounts to £10,000.

'Phone Merger Under Way.

Cleveland, July 13.—The Plaindealer yesterday says: 'A merger of independent telephone properties, extending from the Mississippi river to the Atlantic seaboard, and embracing properties worth over $100,000,000, is again under way.

Thrown From Rig and Killed.

Winnipeg, July 13.—While out driving with a young lady Saturday evening, Percy Lyons, a young barrister, son of Ald. J. W. Lyons, of Guelph, Ont., was thrown from the rig and instantly killed.

March Against Indians.

Flagstaff, Ariz., July 13.—Five more troops of the Fifth United States cavalry were ordered to be sent to the Navajo Indian reservation under Col. Hunter, who will go north to the Chin Lee country.

Various rumors are prevalent as to what their purpose is, but it is no pleasure trip, as is indicated by the fact that a battery of gatling guns and forage for a two months' campaign is being taken. The Indians are reported heavily armed and excited over the proposed allotments of water holes and are apparently on the verge of an uprising.

It is thought that a display of armed force is to be made to prevent an outbreak.

Millionaire Fined For Whipping.

Chicago, July 3.—Samuel O. Kimberly, a nephew and heir of Peter L. Kimberly, who died a few years ago, leaving an estate valued at $10,000,000, was fined $50 in the Hyde Park Police Court, after he had pleaded guilty to horse-whipping his 10-year-old son.

Kimberly was arrested at the instance of the boy's mother, who told the court that her husband had been living in idleness since he received a legacy of $300,000 from the estate of his uncle.

Kimberly said the boy deserved the punishment, but the court decided that the chastisement had been too severe.

New Bill of Lading.

Washington, July 13.—A new uniform bill of lading, designed as a substitute for the bills now in use for the movement of miscellaneous freight and general merchandise, was Saturday approved and its adoption recommended to the common carriers of the country and the shipping public by the inter-state commerce commission.

It provides two forms, printed on the face side in different colors, one for "straight" and one for "order" consignments. The "order" bill will possess a certain degree of negotiability, while the "straight" bill will be non-negotiable.

Prince Going to Washington.

Buffalo, N.Y., July 13.—Among the quota of celebrated secret service men and detectives from all parts of the United States and Canada who will form a personal bodyguard for the Prince of Wales on his visit to the tercentennial celebration in the city of Quebec, Canada, will be Detective Sergeant Thomas O'Grady of the Buffalo detective bureau.

O'Grady will leave Buffalo Monday and will accompany the Prince of Wales on the official visit to Washington, if the present plans for the itinerary of the visitor are followed.

COUNTERFEITERS ARE RUN DOWN

Gang Who Were "Shoving the Queer" Arrested at Detroit.

Windsor, July 13.—One of the biggest, best organized and most successful counterfeiting gangs that ever operated anywhere in the United States or Canada has been located in Detroit by the Federal secret service agents, and they have reason to be confident that within less than a week they will have at least five or six of the ringleaders of the gang safely landed behind the bars.

According to positive information obtained by the officers, the gang was composed of no less than 17 members, three or four of whom were engaged at different times in making the counterfeits, and the others in passing it. The gang has been operating for months and on a large scale, and thousands upon thousands of dollars of spurious coin have been floated.

The beginning of the unearthing of the gang was made when Fred Paquette, formerly of Amherstburg, Ont., and Fred Morneau of Windsor, were arrested recently. Paquette, who has served sentences in two other states for counterfeiting, was the leader of the gang, and made the dies and moulds.

Both have been indicted by the grand jury and Morneau has pleaded guilty to passing spurious coins.

Saved From Drowning.

St. Catharines, July 13.—Edward Begy and James Donnelly Sunday saved Frank O'Brien from a watery grave in the Welland Canal. As the yacht Navajo, on which O'Brien was employed, was entering Lock 8 in the new canal, O'Brien made a jump for the shore. Miscalculating the distance he fell against the stonework of the lock and slipped into almost 30 feet of water.

Donnelly called to Begy and together they threw out grappling irons. The first throw brought the body to the surface. After O'Brien had been ten minutes under water resuscitation methods were employed for fully ten minutes, when O'Brien began to revive. Before proceeding up the canal, J. W. Sherman, owner of the yacht, left $200 to cover all expenses for O'Brien's care.

TRADE IS ON THE INCREASE

Swing of Prosperity Again Reported all Along the Line.

New York, July 13.—The World says: Telegraphic reports received on Saturday night by The World from all of the business, industrial and agricultural centres indicate a slow but steady improvement in all lines, unless it be in the building trades. Crops everyhere are reported as being more than unusually bountiful. There is a marked decrease in the number of unemployed men in nearly all parts of the United States. Freight traffic, while only in a few instances normal, is shown to be nearing that desired point. The number of empty cars in storage is fast decreasing.

In the south the improvement is not great, but it is steady. In the east conditions could be much better, so far as the laboring class is concerned. In the west the outlook is most hopeful. In the northwest there are few, if any, idle, comparatively speaking.

Will Contest Federal Seat.

Victoria, B. C., July 13.—Frank Sheppard of Nanaimo was nominated at the Conservative convention at Ladysmith Saturday to contest the Federal constituency of Nanaimo against Ralph Smith, Liberal, and J. H. Hawthornewaite, Socialist, at the next Dominion election.

Potter Is Slightly Better.

Cooperstown, N.Y., July 13.—Bishop Potter, who has been making no progress towards recovery for a few days, has had a comfortable day, and his physicians report that if any change has taken place it is in the direction of improvement.

Highest In Seven Years.

Chicago, July 13.—The highest temperature in seven years was recorded in Chicago Saturday, four deaths and numerous prostrations resulting. The official temperature was 96.

Canal Is Open.

Cornwall, July 13.—The Cornwall Canal was opened all day yesterday, and nearly all of the waiting crafts have been sent on their way with the least possible delay.

SHOULD ABOLISH PRESENT METHOD OF CELEBRATING THE TWELFTH OF JULY

Such is the Opinion of Rev. R. A. Pogue of St. Paul's Church—Able Sermon Delivered to the Orangemen of Peterborough Last Evening—Church Was Crowded.

A forcible and practical sermon dealing with the memorial of the Battle of the Boyne of 1690 and what should be the relation of Orangemen to Roman Catholics was delivered by Rev. Robert A. Pogue of St. Paul's church last evening, when the Orangemen of Peterborough attended divine service. It was an interesting and thoughtful discourse, not one denouncing Roman Catholicism, but rather one demonstrative of the fact that Roman Catholics might benefit from the liberties gained by William of Orange. The attitude of the Orangeman to the Roman Catholic Mr. Pogue said, should be one of love and prayerful communion. If results are to be accomplished the Orangeman should not try to separate himself from his Roman Catholic brethren.

The large edifice of St. Paul's was packed to the doors last evening, every available seat being taken. Chairs had to be brought in and the people were even seated upon the steps in the aisles. The service was bright and the singing was heartily joined in by the immense congregation. Miss Helen Davies sang in splendid voice "The Holy City," and Mr. W. McIlroy sang in his usual excellent manner "Hosanna."

Rev. Mr. Pogue took for the words of his text the latter part of the sixth verse of the fourteenth chapter of Joshua, "What mean you by these stones?"

In beginning, the reverend speaker referred to the incidents leading up to his text. Moses had died, but Israel had not been left without a leader. God never left his people alone. Joshua was chosen to succeed Moses. The Lord commanded Joshua to choose twelve men. Each man was told to take a stone that it might be a sign and a memorial to the children of Israel of the dividing of the waters of Jordan.

The speaker stated that the custom of erecting memorials was still adhered to. Monuments were still being raised to commemorate great things in the world's history and to the memory of noble men. Two striking illustrations of this were the way the Fourth of July was kept in the United States and the manner in which the twelfth was observed. It was not with a boastful pride that Protestants and Orangemen commemorated the Battle of the Boyne. The preacher thought that it was ignoble to rejoice over a fallen foe. The victory of William represented to Protestants religious liberties which Roman Catholics ought also to enjoy. The speaker believed that if Roman Catholics would lay aside the hostility they held and would recognize the victory of William of Orange they would find much to be thankful for. Protestants and Roman Catholics alike, joined in the first celebration in Derry over a hundred years ago.

Some people held "to the opinion that it would be impossible to get Catholics to join in the 12th of July celebration. Rev. Mr. Pogue did not think that it would be an impossibility. He had recently read in a Philadelphia paper where members of the Ancient Order of Hibernians had been invited to join with them in a celebration. The speaker thought that this was a good move and a step to a better understanding between the two religious sects. The Orangemen should not perpetuate a feeling of bitter animosity. His relation to his Catholic brother should be of love and Christian fellowship.

Rev. Mr. Pogue stated that he desired to express a conviction that he strongly felt. He was opposed to the present method of the memorial of the 12th of July. He thought the 12th of July celebration should be abolished and all speeches of bigotry and partizanship should be withheld. If Orangemen were to influence Catholics and give them a calm and quiet review of the results of the historic events they commemorated it was not to be done by finding fault with them for the whistling of party tunes.

The eloquent speaker referred to two historic events, the Spanish Armada and the victory of King William. He spoke of the religious liberties won at the Battle of the Boyne. Protestants were free to exercise the convictions of their consciences. It was not a victory of king nor of Protestant over Roman Catholic, but it was a victory over despotism and of Protestantism over Popery.

The Orange Order was founded on the Bible. Every follower of King William should be a true Christian. Outside the church nothing could equal the principles of Orangeism. Orangemen should be temperate, and in this belief Rev. Mr. Pogue paid a glowing tribute to the excellent work of the Catholic T.A.S. Orangemen should should all fall in line with them in this respect, and the speaker concluded by hoping that they would.

The service was closed by the singing of the National Anthem.

An $8,000 Fire.

Toronto, July 13.—One of the most stubborn "smudge" fires that the department has been up against in years occurred last night, when the great hayloft in the stables of the Hendrie Cartage Co., on Front street, took fire.

Fifty tons of baled hay, 30 tons of baled straw and 3,000 bushels of oats provided food for the flames in the south wing of the huge building, and the only way of getting water into the roaring furnace was through small square windows, set deep into an 18-inch brick wall, at wide distances apart.

The total damage is estimated at $8,000—harness (by water) $1,000; hay, straw and grain, $2,000, and building, $5,000.

The cause of the fire is unknown. Nobody had been in the building for half an hour before the blaze was discovered, and there was no cause for anyone to have been in that portion when the flames first burst out, at all.

GOVERNMENT PROPOSES TO SPEND $1,000,000 IN SUBSIDIES

Mr. Borden Directs Attention to Great Cost of the Transcontinental—Mr. Fielding Protests and is Shown the Liberal Campaign Literature.

Ottawa, July 13.—The Commoners toiled till ten minutes before midnight Saturday. They disposed of the last items of the main estimates and then applied themselves rigorously to ten millions of supplementaries, a generous portion of which was voted.

On an item of $100,000 for surveys of the Hudson Bay Railway, Mr. Herron called upon the Minister of Railways to state the intention of the Government.

Mr. Graham said the road would be built without delay. The money voted would be expended in making a survey and whether the Government would build the road or give it to a company would depend on the result of the survey. The Government had not reached a decision on that point.

On Monday, Mr. Fielding announced, the provincial boundaries resolution will be taken up with some minor bills.

It was advisable, said Mr. Borden, to have accurate estimates of great public works before their being undertaken. Notwithstanding the boast of mountains of information, the Government was sadly misinformed. They boasted in the country that every indebtedness arising out of the construction of the transcontinental road could be provided for by the investment of $13,000,000. Now the Government placed the cost of the road from Moncton to Winnipeg at $114,000,000, and the Minister of Railways said the investment outlay would be 26 or 27 millions.

The only item which Mr. Graham could take exception in the calculation, he said, was one of $800,000, which ought to be struck off. Otherwise, the difference between Mr. Graham and himself was as to whether certain items were properly charged. There was no difference between them as to the Quebec bridge.

Mr. Fielding replied at great length. He characterized Mr. Borden's estimates of $250,000,000 as the cost of the railway as absolutely and monstrously misleading. His figures might be correct, but his grouping of them was absurd. He denied that Sir Wilfrid Laurier ever said the 3,600 miles of the N.T.R. Railway between Moncton and Winnipeg ought to be built for $13,000,000.

Mr. Borden retorted quoting from Liberal campaign literature, the expression, "a transcontinental railway for $13,000,000.

The Finance Minister insisted that the item of $14,000,000 for the Quebec bridge should not be charged to the N.T.R.

Woman Was Murdered.

Troy, N.Y., July 13.—What was evidently a deliberate murder and an attempt to conceal the identity of the victim was developed on Saturday in finding the body of a young woman in a pond a few miles east of this city. The body had apparently been in the water at least a week.

The woman's skull was fractured and the coroner holds that death was due to concussion of the brain. The only clue to the crime is the fact that an automobile was seen to pass a road house in the vicinity on the morning of the 4th and proceed in the direction of the pond, returning in about the time it would take to make the trip.

It came back rapidly and took a roundabout road toward Albany.

Fireman Fight Maniac.

Cincinnati, Ohio, July 13.—Battling for their lives as well as for the safety of the occupants of a tenement house on Clay street, the members of engine company No. 7 had a terrific struggle with a demented man early Saturday. When they arrived at the burning building the firemen found a fire raging in two lower rooms, and in the midst of the flames was a demented man, armed with shears, defying them to enter. The firemen at first resorted to water as a weapon, but were finally compelled to knock him down with an axe handle before they could enter the rooms. The fire was then put out.

Launch Explodes; Four Die.

Marion, Mass., July 13.—Four prominent summer residents of this town and Falmouth met death through an explosion on board a 45-foot launch off here Saturday night. Two survivors were picked up yesterday, after having been in the water for 12 hours. The dead are: Roland Worthington, Boston; John T. Trull, Woburn; Joseph S. Beal, Milton; George Savory, Marblehead, captain of the launch.

The saved are: A. P. Tarbell, Marblehead; Edward Tucker, Boston.

Cobalt Fire.

Cobalt, July 13.—Fire destroyed the power-house at the Silver Queen at 4 o'clock yesterday morning. The building was a complete loss, but the plant can be repaired. Three eighty horse-power boilers, the new twelve drill compressor, engine and dynamo can be repaired, but mining operations will be greatly hampered for the next few weeks.

The origin of the fire is unknown. The Cobalt fire engine prevented fire spreading to the other buildings.

Did They Violate Treaty?

Tegucigalpa, Honduras, July 13.—The Government of Honduras yesterday instituted suit before the Central American court of justice, which was formally opened at Cartago, Costa Rica, on May 25 of this year, against the Governments of Salvador and Guatemala, charging violation of the treaties signed by the states of Central America at Washington last winter, in that the Governments specified have promoted the revolution now under way within the republic.

Boy Is Drowned.

Ottawa, July 13.—Charles Laporte of the quarries, three miles from here, was drowned Saturday night. He was 14 years old. When taken from the water he was alive, but he was too far gone for resuscitation. Coroner Baptie will investigate to-day.

Etna In Active Eruption.

Rome, July 13.—Mount Etna is again in active eruption, and lava is flowing down its sides. There were earthquake shocks yesterday.

Douma Cheers Emperor.

St. Petersburg, July 13.—The Douma was adjourned Saturday morning by Imperial ukase until Oct. 28. The usual closing exercises were gone through previous to adjournment, and the deputies cheered the name of Emperor Nicholas with gusto.

Pills Instead of Food.

Denver, July 13.—For two days, while on a forced march of forty miles, soldiers of the third battalion of the Twenty-First Infantry, stationed at Fort Logan, lived on two pills each, one given them each morning.

ALLOWED TO GO WITH WARNING

Mary Young in Court To-day—Burley Was Rearrested for Non-payment of Fine

Fred. Burley and Mary Young, who were remanded on Saturday on a charge of vagrancy appeared before the magistrate in police court this morning. Burley was dismissed but a fine of five dollars has been standing against him for over a year. He was unable to pay it, so had to go to jail for ten days.

Mary Young was allowed to go. His Worship gave her some good ad-advice. She promised to leave today for Port Hope.

P. C. Adams said that he had known Burley for some time. He was not residing here at the present time. He has been here since last Monday afternoon. He was unemployed when good.

Mrs. Gillings said that she knew the prisoner, Burley, about two years He had been living about two years with his wife in Oshawa. He was married to witness' sister. He left his wife about six weeks ago. The woman with him is not his wife.

Mr. Johnston stated that he had known Fred Burley for years. On Thursday he brought Mary Young to his place as his wife and asked that they might stay the night. Mr. Johnston thought Burley was telling the truth and took them in.

Future of the West.

Woodbridge, Ont., July 13.—A public meeting will be held in the Orange Hall, Woodbridge, on Tuesday evening, July 14, and will be addressed by A. J. Robertson, M.P.P., High River, Alberta, and leader of the Opposition in the Alberta Legislature, on the future of the great Canadian west.

Revolutionists Condemned.

El Paso, Texas, July 13.—A code message to The Herald, which escaped the Mexican censor, says that 20 revolutionists who had been condemned to die, was removed yesterday from Casa Grandes to Chihuahua, where they were executed in the state prison later.

Japan Too Poor to Fight.

New York, July 13.—J. C. Goold, a cotton merchant of Liverpool, arrived in this city Saturday from San Francisco, on his way home after a journey of 40,000 miles. At the St. Regis Saturday night Mr. Goold said that his stay in Japan convinced him that Japan is poverty stricken, that what credit she has is based upon fictitious values, and that she is in no condition to wage war upon any other nation in the world.

Roosevelt May "Stump."

Denver, July 13.—The topic of conversation that overshadowed everything else Saturday among the delegates leaving for home was the report from the east that President Roosevelt will more than likely take the stump for Mr. Taft because of the attacks made upon him and his administration by Chairman Clayton in his speech as the presiding officer of the convention.

Berliners Issue Writs.

Berlin, Ont., July 13.—Solicitors Scellen & Weir, acting for twelve prominent Berlin business men, Saturday issued twelve separate writs against the Union Trust Co., Limited, of Toronto, to set aside agreements made for the sale and purchase of certain lands in the Northwest.

The Quebec battlefields fund is expected in a few days to reach an aggregate of $480,000.

Mr. Mackenzie King has been appointed to inquire into the cotton trade disputes in the province of Quebec.

A balloon race is likely to be one of the attractions of the coming Toronto exhibition.

MONDAY, JULY 13, 1908.

ECONOMY

Mr. Byron Walker, the President of the Bank of Commerce, warns people that good crops do not necessarily mean that prosperity will return. We have been living beyond our means and must practice economy he says. While no doubt Mr. Walker's warning is a correct one, it is generally conceded that people have not been extravagant, but merely enterprising. Enterprise has been curtailed because of limited capital. Increased capital will again stimulate enterprise. How are we to get increased capital? The answer to this brings up the painful fact that it is not so much original lack of capital as paying cash capital out of by far more than we take in, that has got us in our ugly position. We are wilfully depleting our cash resources and they will never be restored until we are an adequately protected and self-contained nation. We may economize to the extent of meanness, but it will not avail with the balance of trade against us.

SOCIALISM

In response to many inquiries, voiced by a letter in this issue, as to the meaning of Socialism, we shall endeavor to define and discuss that subject as we understand it.

Briefly Socialism is the further organization of the state and on an economic basis. We are organized as a state at the present time but for no such ambitious purpose.

The functions of Statehood at present are not economic. They do not control as in the Socialist state, liberty of individual action with regard to work and the distribution of the products of work. Whatever ideas a man may have on such matters he is at present at liberty to develop and carry out as he sees fit, if he can. The State as now constituted, simply keeps Order (the militia, police, magistrates, judges, inspectors, superintendents, etc) or carries on the purely national business which consists in building public works of various kinds and in collecting revenue to pay for them. Government has now nothing to do with helping a man to get a living, which depends on his own exertions. It has nothing to do with providing him with work or with opportunities for working and earning wages. This is where Socialism steps in. It says that the lack of this further development in the system of government which will be supplied by Socialism is what constitutes the cause of industrial depression, cessation of work, consequent starvation and in a word, all the disturbance of industrial conditions which we know as bad times or hard times. To emphasize the absurdity as socialists call it of hard times they inquire if it is reasonable to contend that a country teeming with undeveloped wealth and inviting the spade and the axe, as well as the more finished instruments of industry—is it reasonable to contend that under such conditions any country should fail to furnish work and a living? Socialists affirm that the further organization of the State to which we refer will put the undeveloped wealth of a country in touch with the worker and as human existence depends upon the exchange of products, Socialism will put the system of exchange on a proper basis also.

Nothing then will be lacking for a condition of general happiness, socialists contend, but a new and better body, improved climates, the conquest of what is known as disease and generally speaking a state of human affairs over which socialists do not aspire as yet to have control.

Having, then, ascertained what the true aim of what is called "Socialism" is let us inquire how it is proposed to bring it about. At present the whole plan of industry is in the hands of the planner. The man who plans, lays out and finances various schemes or enterprises, buys raw material and work at so much per thousand, per pound or per day.

The Socialists say that labour is not a material or a commodity and that it should not be left to work or lie idle as if it were a wood or a mineral. They contend that if Labour were not compelled by reason of the present order of things to stand idle, &c, but had the power of initiative and control, in a word, if Labour had more power it would be no longer subject to hard times and that in fact there would not be any hard times.

Now, to give all men work and wages it is necessary that what is to be done is wanted by somebody, to be done. When the reverse is the case we have overproduction and would have it under any system. To obviate overproduction and yet to keep all workingmen at work and earning wages, it might be necessary, Socialism says, to reduce the hours per day of work —but not the wages. When work shrinks the hours of work would shrink. What is called the unit of time (hours per day of work) would rise or fall as work was plenty or scarce. But the amount of wages would never be allowed to go below a certain standard sum. The reply of the anti-socialist is that wages under a reduced condition of time may appear to be the same, but they will not have the same buying power, since the value of money is not arbitrary, but made and unmade by the law of supply and demand. But the Socialist says here that if necessary the State will step in and make it so. But the capitalist or employer replies that no State or anybody else can make it so. Capital is no more open to compulsion by Labour than Labour is to be by Capital. Therefore Labour says, "Very well! We will be our own capitalists." But this cannot be. Capital is not acquired by saying so. To which the Socialist replies "Let the State provide the capital."

In the end we find that, under Socialism, we are just where we are at present. Eliminate however, the grafter, the political thief, the professional liar. Cast him out, as we would a pest, a scale, a weevil, a thing to be despised, and punished, not in part as we do now, but altogether. Let us cultivate, not ideal, but common-honesty in the treatment of each other and when we have ceased to be a band of pirates masquerading as a civilized nation, the desired changes will speedily come about. Resources, equipment, means of distribution —all are here now. What we want is not more science, but more conscience. The man who laughs at political delinquencies encourages delinquencies in the business of the State which means the betrayal of Labour of humanity and if we must describe it so,—of the needs and necessities of the great body of the people who proudspirited, anxious and willing, nay eager to work are checkmated by a lot of fat and grinning rascals who scout honesty because they wish to poison the watchdog.

The Pan-Anglicans know this and feel it but many of them having just come into the knowledge of it, are carried away with emotion and think they have found the solution of human misery. Nine-tenths of these earnest and Christian gentlemen know nothing of the material, machinery and conditions of industrial life. Their aspirations are noble but as qualified writers have time and again demonstrated, aspiration and inspiration are two different things.

It seems to us that if men and women assert their desire for justice and practise justice, if we remember that "love is kind" not haughty or lazy and indifferent and if we strip the sham from life which at present enables the grinning grafter to laugh at decency even while he gets ready to graft we shall have improved conditions amazingly. The U.S. is improving marvellously in this respect. We are wise enough to imitate if not to originate. We may yet hope that this country will in one respect be like the famous fifteenth which is universally admitted to have been "the golden age of Labour." We are sorry, that we are not able to give our correspondent more information but we hope this little article will serve some part of the purpose to which it is willingly dedicated.

EDITORIAL NOTES

"From every point of view," he said in the course of an interview, "my visit to France has been crowned with success. Wherever I have been I have not failed to tell our brethren overseas that we are to-day part and parcel of the great French people, that we remain devoted to our motherland, but that we are loyally attached to England, which has never put any obstacles in the way of our expression of our devotion to France."—Montreal Witness.

Mayor Payette, of Montreal, has just returned from Europe.

Between four and five hundred thousand seedlings have been sent out this year from the Provincial Government's tree nursery at Guelph, Ont., says E. J. Zavitz, who has charge of the Forestry Department.

It is probable that there will be added to the resources of Ontario in forestry alone within the next few years an amount large enough to give each man, woman and child $40. They get it or its equivalent when the time comes. It should not be left to the speculator or shark.

Hamilton Times, An hundred million dollars is what the Georgian Bay canal will cost, at the least. Unless somebody has the money handy and wants to lend it, we might put off this little spending party until we see where the transcontinental railway proposition comes out.

One of the cleverest of the ultra partizan Liberal journals is the Hamilton Times from which the above is taken. The observation was first quoted into the British Whig from the Times. It is quite evident that the thin red line of rebellion against extravagance is creeping into the Liberal party.

Mr. R. L. Borden's work in parliament, this session has proved him to be a parliamentarian of exceptional ability. His tactics on the Election Bill were superb. A leader who can defeat a government with a majority of over seventy is the sort of a man to preside over the destinies of the country. This session, Mr. Borden has really been the leader of the House, and has proved himself to be intellectually far the superior of the Dominion Premier. Sir Wilfrid Laurier is a man of political temperament. Mr. Borden is the trained man of affairs. The strongest point about Mr. Borden is his sturdy and unbending rectitude. There will be no graft under him, when he is Premier.—Sarnia Canadian.

"The Farmers' Advocate" does not believe in absolute free trade as being the most expedient policy for the Dominion of Canada to adopt under existing conditions, although a permanently-established system of world wide, or even continental, free trade would be a vast boon to all countries concerned. Meanwhile, in view of the policy studiously pursued by our great southern neighbor, a moderate tariff appears to be necessary to foster the development of a self-reliant and reasonably self-contained nation, capable of supplying the greater part of its own needs, and being thereby rendered comparatively independent of the fiscal caprices of the peoples with which we trade.—The Farmers Advocate.

The home market is handy, not subject to squeeze-outs and other middlemen trickery. The farmer sells at first hand and banks the money an hour afterwards. It is the highest priced market. There is no market to compare with it. It can be got only through reasonable protection.

If the story is true that Mr. Fielding prepared such amendments to the Civil Service Act as would have abolished or very greatly minimized the curse of political patronage all through the service, but that he was thwarted by other ministers, and finally washed his hands of the whole affair, refusing to be responsible for any half-hearted measure, his reputation among all the forces that make for clean, good, efficient, honest, decent government in the country will be immensely enhanced. At any rate the measure now before the parliament under the guiding hand of Mr. Fisher, can in no sense be called a final, or even a halfway measure, since it would leave patronage to work its will in four-fifths of the service if passed in its present form. Not only that, but one section of Mr. Fisher's bill provides that any officer now employed in the outside service may be placed in the inside service by the Governor-in-Council merely on the recommendation of the head of his department based on the report of the deputy-head, thereby interfering with chances of promotion by merit in the comparatively small competitive branch of the service. Mr. Fielding has said that "a man should not be put into the inside service unless it is impossible by promotion to fill the vacancy," and that is a proposition that all honest men will subscribe to. The present government may feel so shackled with the chains of patronage as to deem it hopeless to free itself except in small part, as this measure indicates. But in making such an estimate it is making an essential moral mistake, based, it is to be feared, on the lack in some quarters of real desire. If it only wished to free itself it would find itself stronger and not weaker by so doing.—Montreal Witness.

Eddie Foyer, of Cleveland, who wants to swim the Niagara whirlpool, will be arrested if he tries it.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns. If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	25 cts.
Three insertions	50 cts.
Six insertions	80 cts.
Ten insertions	$1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

Brewed of finest hops and malt—filtered twice—then pasteurized.

O'Keefe's Pilsener Lager

is a model of purity, healthfulness and deliciousness.

"The Beer With a Reputation"

"The Light Beer in the Light Bottle"

Seizing the Opportunity.

By J. LUDLUM LEE.

Copyrighted, 1908, by Associated Literary Press.

The Alders' week end party was in full swing. The girls, in dainty muslins or smartly tailored linen suits, were strolling about, with the men in white flannels, making a charming picture on the green lawn and shadowy piazza.

Mrs. Alder was swinging in the hammock, pushing herself back and forth with her daintily shod foot, while in a cozy armchair by her side sat Fred Marshall peacefully smoking his pipe.

"It strikes my verdant young brain," he began, "that's it's about time those two people were married, settled down and lived happily afterward."

He pointed to a couple in the swinging seat under the maple tree.

"Married!" echoed Mrs. Alder.

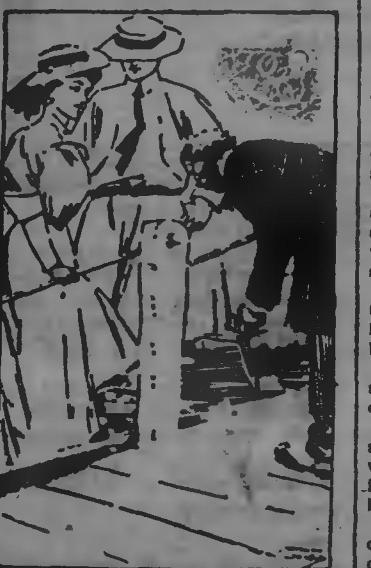
"Married is the exact and, I believe, correct word," reassured Fred. "You should understand the significance of the word, my dear Dolly. You're married yourself, if I'm not mistaken."

"Why, Billy Richards would never dare to ask a stunning girl like Martha Vandercook to marry him. The idea is preposterous!" said Dolly Alder as she gave herself a vigorous push.

"Want to bet on it?" asked Fred.

"My dear boy, it would be like robbing the blind. Billy Richards is a sort of tame cat to Martha. You can generally find him purring to himself in some corner, and in case she wants him he's very apt to stretch himself and come at her bidding, but marriage—never!"

"I'll grant you there's something of the feline in him," said Fred. "He's slow and sure, but when he sees his opportunity he'll jump at it, all right, and probably land his mouse. I'll tell you what," he continued—"I'll wager you six perfectly good pairs of gloves against a pint of half roasted peanuts that they marry within six months," suggested Fred.



"THAT'S THE STOVE, SIR, AND HERE'S THE PARSON."

"Well, of course, in these hard times I cannot afford to throw away six pairs of gloves," soliloquized Dolly, "but, frankly, I feel as if I were taking money from a child. However, the bet is on."

Harry Alder came from the house at this moment and went to the rail of the piazza, scanned the various groups of men and girls and at last cried out to Billy and Martha in their cozy corner.

"I say, Billy Richards, it's time you had a bit of exercise, and I wish you would run the launch around to the public dock and get the tank filled with gasoline for our afternoon fishing trip," he cried, with a merry twinkle in his blue eyes. "And, by the way, Martha, would you mind going along and seeing that he buys gasoline and not other spirituous liquors around there? Billy's been awfully absent-minded of late."

Billy stretched himself, and then Martha and he went down and loosened the little launch Barbara from her moorings and were soon on their way around the point to the public dock. Martha made a picture at the wheel while Billy busied himself with the little engine.

"Billy Richards," said Martha, meanwhile steering the little launch in and out between the larger boats that lay in the bay, "the longer I know you the more stupid you seem to grow."

"Martha, my dear girl," answered Billy, "men with great minds—great thinkers—are seldom great talkers, and I'd have you to know that because I don't say things is no sign that I do not think them."

Billy's chest seemed to expand with this statement. Martha turned and looked at him incredulously.

"It may be that I have done you an injustice, Billy," she said, "but as I recall the past seven years I look in vain for any great thoughts, deeds or speeches of yours. Surely great men say something—sometimes."

She let go of the steering wheel and turned to see the effect of her stinging sarcasm. It was a bad move, for they had neared the dock, and the Barbara struck hard, throwing Martha down on her knees.

Here was Billy's chance to say something rather pertinent, but he let it pass, with the host of other lost opportunities. Billy was a wiser man than any of them thought.

The boatman made them fast to the float, and Billy helped Martha out as he gave orders to have the tank filled. He then followed Martha up the runway which connected the float with the land. The tide was very low, and the sandy bottom was easily visible through the clear, shallow water.

Martha stared down at some large black object in the sand. Billy stared too.

"Why, it's a stove, Martha!" exclaimed Billy. "Now, if we only had that up here on dry land we could go to housekeeping right away. Eh, girlie, couldn't we?"

Martha clutched the rail.

"Is this a proposal, Billy?" she asked in odd tones.

"I guess it is, dear—at least," said Billy as he put his sunburned hand over hers, "I've been trying to ask you for the past seven years, and now I've done it all of a sudden, with the kitchen furniture thrown in. What's my answer?"

Billy was eagerly waiting for the answer when a tall colored man dressed in black frock coat, white tie and vest and silk hat touched him on the shoulder.

"That's the stove, sir, and here's the parson," and with a low, sweeping bow, hat in hand, he bent his old back before them.

The situation was irresistible, and all three, regardless of race, creed or color, joined in a hearty laugh.

"I'm afraid the odds are very much against me," parried Martha. "It would seem that the only way out of it is for me to say 'Yes.' Let's go home and tell Dolly."

As a rule, Billy was not considered a charitable man, but he turned to the old colored preacher who had helped to shape his destiny and handed him a crisp yellow backed bill.

"Treat the congregation to popcorn and lemonade, won't you?" he said as he followed Martha down the runway.

They were soon rounding the point, and in great glee they landed at the Alders' float. The house party awaited them on the piazza. Billy helped Martha across the lawn, over many imaginary stones and up the steps. His face had taken on a boyish look, while Martha was more beautiful than ever.

"I wish I had a lemonade," sighed Paul Westover.

"All right," said their host. "What will you have, Fred?"

Fred glanced first at the young couple, who had just stepped on the porch, then slowly turned and looked at his hostess, Dolly Alder.

"I believe I'll take a pint of peanuts, if you don't mind."

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

An Awful Mishap.

Two passengers on an Atlantic liner, one an American and the other an Englishman, did not exchange the farewell courtesies when the steamer reached her pier usual between voyagers who have occupied adjoining staterooms and hobnobbed during an ocean voyage. A plausible explanation was vouchsafed by the American.

During the voyage the Englishman persisted in fraternizing with the American in a most obtrusive and annoying manner. Within two days of Boston the Englishman one morning hunted up the American and found him in apparent despondency, gazing seaward from the hurricane deck.

"Confounded blue this morning, old chap. What's the matter?" And the Britisher slapped his companion on the back.

"Matter enough," growled the American. "Ship's lost. Captain don't know which way to steer. Forgot to [illegible]"

The Englishman listened with mouth agape, then rushed off to tell his friends of the consequential mishap. Evidently the gullible Britisher was "pushed along" for some time until he found everybody guying him.

Osmosis In Medicine.

Osmosis is the passage of a liquid or a gas through a membrane. Sometimes medicines are administered in this way. But how far we are from understanding the details of this subject as related to the human body is indicated by some experiments of Professor Louis Kahlenberg. All attempts to introduce lithium salts into the system by absorption through the skin have failed, and yet the same salts make their way readily through the mucous membrane. When the feet are soaked in a solution of hydrochloric or sulphuric acid, an alkaline reaction quickly takes place internally. But citric acid refuses to act the same way, although both of the acids have a similar effect when taken through the digestive tract. Sulphuric acid, then, has quite a different physiological effect when it enters through the skin instead of through the mouth. Living membranes act differently with regard to osmosis from dead ones, and the same membranes which behave alike with regard to some substances behave very differently from one another with regard to other substances.

A Foe to Malaria.

That most animals have some specific function to perform is well known. Now scientists claim that a species of fish exists in Australian waters which feeds on the larvae of mosquitoes and so reduces the prospects of malaria. It belongs to a family of carnivorous or flesh eating fish which is frequently found in the temperate and tropic zones and usually in shallow water. Very small in size, being only about one and a half to two inches in length, it has, in the male, yellow and black striped fins, while the eye is of a bright blue. The fins during certain seasons of the year acquire great brilliancy.

SPECTRAL WARNINGS.

The Bloody Mark That Appeared on Cardan's Finger.

Who shall say that spectral warnings are entirely chimerical? History has many instances to the contrary. Thus the once well known tragedian John Palmer died on the stage at Liverpool. At the same hour and minute a shopman in London, sleeping under a counter, saw distinctly his shade glide through the shop, open the door and pop into the street. This an hour or two later he mentioned very coolly, as if Mr. Palmer himself had been there.

Cardan, the noted Italian philosopher, saw on the ring finger of his right hand the mark of a bloody sword and heard at the same time a voice which bade him go to Milan. The redness progressively increased until midnight. The mark then faded gradually and disappeared. At that midnight hour his son was beheaded at Milan.

The father of Dr. Blombey was captain in an army serving in America. We are told by Dr. Rudge that six officers 300 miles from his position were visited after dinner by this modern Banquo, who sat down in a vacant chair. One said to him, "Blombey, are you mad?" He rose in silence and slowly glided out at the door. He was slain on that day and hour.—St. James' Gazette.

The Dear Old Days.

Touched by his sad story, a Harrisburg woman recently furnished a meal to a melancholy looking hobo who had applied therefor at the back door.

"Why do you stick out the middle finger of your left hand so straight while you are eating?" asked the compassionate woman. "Was it ever broken?"

"No, mum," answered the hobo, with a snuffle. "But during my halcyon days I wore a diamond ring on that finger, and old habits are hard to break, mum."

THE MARKETS.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

Saturday Evening, July 11.

Liverpool wheat futures closed to-day 1-2d to 5-8d higher than Friday, and corn futures 3-4d to 1d higher.

TRIPPED OVER MAT, FELL AND FRACTURED HER HIP

Old Lady at Havelock Meets With Peculiar Accident—Being Brought to Hospital Here

Haveloc, July 13.—As a result of Havelock, July 13.—As a result of to the floor and fracturing her hip, Mrs. Devenport, an aged resident of this town, is in a critical condition and will be taken to the Nicholls hospital at Petreborough. The accident occurred yesterday. Mrs. Devenport, who is seventy years of age, was visiting at the home of her daughter, Mrs. S. J. Cross. The old doughlady is rheumatic and walks with the aid of a cane. On Sunday she was feeling better than usual and tried to move about the room without the cane. In doing so she tripped on a mat and fell heavily to the floor. When the doctor arrived he found that Mrs. Devenport's hip was fractured and that her condition was critical. It was decided to have hre removed to the Nicholls hospital at Peterborough and this will be done this afternoon. Mrs. Cross was away at the time of the accident, but was summoned at once.

It is expected that Mrs. Devenprot will recover, although it will be slow on account of her advanced age.

QUITE A STORM ON RICE LAKE ON SATURDAY EVENING

While the Otonabee was at Idyl Wyld on Saturday evening at six o'clock quite a storm came up on Rice Lake. The wind blew fiercely and a heavy rain fell. Some of the passengers who were having tea at the hotel at the time and they immediately made a rush for the boat so that they might have its protection before the rain came down too heavily.

Crossing the lake from Idyl Wyld to the mouth of the river, the boat had quite an exciting passage, the wind blowing the chairs around the deck, and the rain was blown on to the upper deck in sheets. The passengers stayed below, however, and some got wet. The rain and wind subsided in a short time.

BIT OF GREEN BUNTING ON FLAGSTAFF CAUSED SURPRISE

This morning about 11 o'clock, while one of the numerous lodges were proceeding along George st., a few of thier adherents were surprised to observe a green flag floating from the flagpole of the Y.M.C.A. Immediately there was a rush for the building. A Review reporter, happening to pass a few minutes later, found a long line of indignant Orangemen reaching from the sidewalk to the base of the flag staff.

The offending bit of bunting was at once removed by the Y.M.C.A. authorities, who are unable to account for its presence on the flag staff. It is thought that some practical joker has been at work.

OLD MEN SHOW WILLINGNESS TO WORK AFTER ESCAPING

One of the old men who took French leave from the House of Refuge on Thursday night has been located and taken back to the institution. The whereabouts of the other one is also known to the officials and he will also be taken back today.

Mr. R. N. Scott, chairman of the management committee, received word that one of the men who had escaped was at the home of Mr. Robert Weir in Otonabee. When Mr. Scott arrived there, he found the old man pitching hay and the perspiration was streaming down his face. At the House of Refuge he never had to work unless he wanted to and he showed a disinclination to exert himself at any time.

The other fellow is at a farmer's in Douro and will be taken back to the institution near Lakefield.

Superintendent Beavis intends seeing that both of them assist in harvesting the hay on the House of Refuge farm since they have shown such a willingness to work when away from the institution.

NEW COMPANY IS INCORPORATED

This week's Ontario Gazette contains notice of the incorporation of the Peterborough Lubricator Company with a capital of $100,000.

Rogus veterinarians are said to be robbing immigrants at Minneapolis.

THE UNITED AGENCY COMPANY, Limited

THEIR SLUMBERS WERE DISTURBED

People Living Near Central Park Were Much Annoyed This Morning

Early this morning the people residing in the vicinity of Central Park were awakened from their slumbers by the sound of hammering and sawing. On sticking their heads out of the windows to say things about the rude disturbers, they were astonished to see the booths of the refreshment men rising all over the Park. One enterprising dealer had pulled down part of the fence at the south side of the Y.M.C.A. and had located his stand on the tennis court of that building.

YOUNG LADY PASSES WAY SUDDENLY

Expired While Sitting in Her Chair Death of Miss Gertrude A. Pollard

While sitting in her chair at her late residence, 67 George street, Miss Gertrude Amy Pollard passed away on Saturday afternoon at 4.20 o'clock. The deceased had been in poor health for the past nine months, but her death was quite unexpected. She had been out driving only a few days ago and her demise came as a great shock to a host of friends.

The late Miss Pollard was 21 years of age. She was born in Lindsay, adn was the second daughter of Mr. Jos. Pollard. She was widely known and popular among a large number of friends and much regret is felt at her sudden demise.

Besides her parents, four brothers and one sister are left to mourn her loss. The brothers are Messrs. N. F. and W. E., of Fort William Stanley, of Owen Sound, and J. E., of this city. The sister is Mrs. W. G. Rebill, of Peterborough.

The funeral, which will be private, will take place to-morrow afternoon at 2.30 o'clock, to the Little Lake cemetery.

OBITUARY

CAROLINE ALLISON.

The death occurred yesterday afternoon of Caroline Allison, aged 73 years. The deceased was born in England, of a Methodist family. At a very early age she came to Canada, adn spent her early years in the town of Willand. From there she removed to Napanee, and shortly afterwards came to Peterborough. For eighten years she had resided in Peterborough and was much beloved by all who knew her.

Her husband died some time ago and she leaves two sons, and two daughters. The sons are Charles and Fred, the former of Chicago, and the latter of Peterborough. Of the two daughters, Mrs. Wiseman resides at Niagara Falls, and Mrs. McGimsie on this city. Mrs. Herb Lang, of Auburn, is a granddaughter.

The funeral will leave the home, 374 1-2 Water street, Tuesday afternoon at 3 p.m., and proceed to the Little Lake cemetery.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F. R. J. Macpherson's. tf.

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

SOCIALISM.

Editor of the Review.

Sir,—What is "Socialism?" The Pan-Anglican Congress in London, England, endorsed "Socialism" and I along with many others would like to know what it is. Would you oblige,

Yours &c.,
INQUIRER.

A RESIDENT EXPLAINS

To the Editor of the Review.

Sir,—The road work that has been done recently on Gilmour street shows an intelligent grasp of the work by some parties concerned in the misdemeanor. Big stones that should either have been broken up or picked up and drawn away or else broken up finer than they were before the earth was put on top of them. When the roller went over the stones they came up again through the top layer of the earth. Of course the road may be put into good shape if sufficient work is put on it; but it seems a needless waste of time the repairs they have made.

Yours truly,
RESIDENT.

DELIGHTFUL EVENING TRIPS

MONSTER CROWD TO CELEBRATE ANNIVERSARY OF THE BOYNE

Orangemen From far and Near Assemble in Peterborough—Day Being Royally Celebrated—Biggest Parade in History.

The 218th anniversary of the Battle of the Boyne is being royally celebrated in Peterborough today. There are several thousand visitors in the city and since early morning the shrill music of the fife has been heard. "Boyne Water," "Rise Sons of William," "Protestant Boys" and other tunes dear to the Orangemen have been played over and over and aroused the enthusiasm of old. The 57th regiment and the Peterborough city band are out, with the local lodges and brass bands are with the visiting lodges. Several lodges from the surrounding country drove in to the city this morning and the trains brought in over a score of lodges accompanied by hundreds of others. Special trains were run from several points and were taken advantage of to the fullest extent.

Central Park is the gathering place of the followers of the Prince of Orange. About a dozen booths of various sorts have been erected there and are doing a big business. It is the biggest Orange celebration ever held in Peterborough and one of the largest gatherings of any kind ever assembled in the city.

The decorations which are of a lavish nature are greatly admired by the visitors and the complete arrangements which have been made are a credit to the committee in charge.

The demonstration has all the features of a genuine Orange celebration. There is the old veteran who has not missed a "walk" since 186— and the small boy or girl wearing a bit of Orange ribbon and celebrating their first "twelfth" the gray horse with arched neck and an apparent pride at being privileged to take part in the celebration, the never-ceasing music of the fifes and drums and last but not least, the gorgeous silk hats and gold and purple sashes.

THE PARADE

An Orange celebration without the "walk" would be like a Donnybrook fair without a bright. The procesfair without a fight. The procession this afternoon, which left Central park shortly after two o'clock was the largest ever held here. It was over two miles in length and thousands of people lined the streets as the Orangemen, the Orange Young Britons, the Loyal True Blues and 'Prentice Boys marched by. Some there were who "marched" in carriages, the number including a good sprinkling of the Lady True Blues.

The route of the procession was as follows, starting from Central park; George to Hunter, Hunter to Aylmer, Aylmer to Charlotte, Charlotte to George, George to Hunter, Hunter to Water, Water to London, London to Central park;

The order of the procession was as follows;

Union Jack.

W. H. G. Armstrong, County Master and Grand Marshall.

County of East Durham.
County of West Durham.
County of Hastings.
County of Victoria.
County of Northumberland.
East Peterborough.
West Peterborough.

SPORTING NEWS

PORT HOPE HERE SATURDAY FOR THEIR FINAL GAME

And the Petes Will Certainly Have to go Some to Beat Them—Prospects of Some Interesting Contests—Concerning the Purchasing of Tickets.

This coming Saturday there will be a great game of baseball played at Riverside Park when Port Hope comes here for their final game in this city. Port Hope defeated Cobourg in Port Hope last Saturday by a big score and as the Saturday game will depend whether the lakeside boys will be in the running or not, they will bring down a team that will certainly make things lively for our boys. The class of baseball that is being put up by the local boys this season is certainly a revelation to the fans, who should turn out and give them all the support that is due them. The Peterborough team have played 18 games this season and have only lost two of them, which is certainly a great record, considering the strong teams they have been up against in the league games. But still taking all things into consideration it is little to be wondered at, the success of the team being due to steady ball playing at all times, and with good coaching from the side lines by certain members of the team, they have always managed to get out of holes that most teams would have fallen down and stayed there.

The team will have some great games here when the Midland League comes to a close, and if the Petes are successful in winning the league, which they will, providing something of the unexpected happens, they will play off with the different leagues in the province for the championship. The Park Nine of Toronto will be almost certain to win their league up there and when these two teams comes together the fans will certainly witness some base ball games that will be worth going miles to see. But of course, to ensure these the Petes will have to win this Saturday game with Port Hope and then every thing will be clear sailing. A slight change has been made in the purchasing of tickets at the gate, when both grandstand and general admission tickets will be sold at the main entrance. The general admission will be 15c. and general admission, including grand stand, will be 25c. Ladies will be admitted free to the Peterborough game.

THE GAMES THE PETERBOROS HAVE PLAYED THIS SEASON

The Peterborough team have played the following games this season, and the scores of all the games being also given.—

WON.

Alerts, Toronto, 6 2.
Athletics, 8 1.
T.A.S., 13 1.
Port Hope, 6 2.
Port Hope, 4 0.
Lindsay, 4 1.
Cobourg, 6 5.
Belleville, 14 4.
Frankford, 14 5.
Wellington, 9 3.
Athletics, 11 6.1
Cobourg, 12 4.
Cobourg, 6 3, 11 innings.
Port Hope, 9 8.
Whitby, 6 2.
Athletics, 5 0.

LOST.

Athletics, 5 3.
Port Hope, 9 8.

The Peterboroughs have scored 144 runs to their 61 opponents.

LEAGUE STANDING.

The standing of the Midland League after haivng played last Saturday's game is as follows:

	Won.	Lost.
Peterborough	6	2
Port Hope	4	3
Athletics	3	3
Cobourg	2	6

THE PETES TOOK LEAGUE GAME FROM THE ATHLETICS

Blanked Manager Lynch's Team on Saturday 5-0—Losers Could Not Hit When Bingers Meant Runs.

The Peterboroughs did to the Athletics on Saturday what the ice-cream freezer did to the cream. The score was 5-0, which looks kind of bad for the Athletics but the score is by no means an indication of the game. The Athletics made a great struggle and several times it looked as if they would have men across the plate. But it was the old story of failure to hit in pitches and for this credit goes to Freddy Clements. He pitched great ball on Saturday and did the refrigerator act with Mr. Lynch's team, when hits meant runs. It was considerable of a pitchers battle and there was not much picking between the two twirlers. Clements allowed five hits, gave two charities, struck one man with the ball and fanned nine. The Petes got six hits off Quinlan and two charities He fanned the same number as Clements, nine. The Petes again showed their superiority on the bases and their errors were not as costly as those of the losers. "Longboat" Anderson, who played sensational ball for the Petes last season, and who has been playing in the New Ontario League, was back at second base, held down the second sack and played a good game although he failed to hit safely. Hawkins was at third and played that position well. Otherwise the team was the same as in previous games.

The Athletics played their regular team and they shaped up well. A few timely hits would have prevented a shutout.

The game was played at Riverside Park before about 600 enthusiastic fans. There was all kinds of excitement and there's no saying that the spectators did not get value for their money. H. R. H. Kenner consented to act as umpire as the heat had apparently put the league officials out of business and they had failed to send a man along to handle the game. Mr. Kenner had to put up with some kicking from the players on close decisions but such matters are of frequent occurrence in the Midland called upon to make one or two rulings that would have puzzled "Silk" O'Laughlin and his position was hardly an enviable one.

Both teams were up and at it all the time and the excitement kept up till the last ball was pitched. The league leaders gave their pitcher good support and the screws were put down hard in tight corners. On the other hand the Athletics played somewhat loosely on one or two occasions and missed chances to score. The Petes got two runs in the second innings. Edmunds hit for two sacks and stole third. O'Brien was walked and pilfered second. Anderson flew out to Graham. Hawkins sacrificed and got first when the ball was knocked out of Graham's hand, Edmunds and O'Brien scoring. Hawkins got caught between second and third, Mackrell tagging him and also getting Clements who tried to take second. The Petes' pitcher was injured in the mix-up and the game was delayed for about five minutes. In the fifth, Clements got a base on balls, stole second and scored on Burns' single. Burns stole second. Morphy struck out and Burns scored on Shea letting a drive from Maddock get away from him. Lawson struck out and Edmunds was out, Shea to Graham.

In the seventh, Burns grounded out to Graham, Murphy struck out, Maddock singled, stole second and scored on Lawson's single. Edmunds went out, Flaherty to Graham.

The Athletics had men on bases in the first, third, fourth, sixth, seventh eighth and ninth innings but could not hit to bring them in.

The Summary

Below will be found the summary:

PETERBOROUGHS

Two base hit, Edmunds; sacrifice hit, Hawkins; bases on balls, off Clements 2, off Quinlan 2; hit by pitcher Shea; struck out, by Quinlan 9; by Clements 9; first base on errors, Athletics 2, Petes 6; left on bases Athletics 8, Petes 6; stolen bases, Burns, Murphy 2, Maddock, Edmunds, Hawkins, O'Brien, Clements, Shea and Mackrell; double plays, Clements to Anderson to Lawson; Anderson to Maddock to Lawson.

OLYMPIC GAMES START

The Athletes to Be Reviewed by Royalty To-day.

Competitors Are Present From All Parts of the Globe—Royal Parade This Morning — King Edward to Declare the Great Stadium Open—Over Ninety Thousand Spectators Provided For.

London, July 13.—Athletes from 20 countries are gathered in and near London for the Olympic games, which open to-day, and which it is believed will prove the greatest games of modern times. The competitors from the four corners of the globe constitute a small army in themselves, almost every country, following the example of America and Great Britain, having entered in the various events, the full quota of men allowed by the rules, in most cases, a round dozen.

There are 25 events on the program, the number of athletes taking part will total nearly 2,000, many of the men, of course, representing their respective countries in more than one event.

The opening day, the formal ceremonies, including a parade of the athletes before the King, will be held. Some of the preliminaries will then be run off, including the first heat of the 1,500 metre race.

In the parade, which will be the largest of its kind ever held, the representatives of the various countries will form into groups, according to the sports in which they are competing, and will carry their national banners.

The preparations are on a gigantic scale. The stadium will seat 68,000 spectators, and there is room for 23,000 more without seats.

By making use of a strip surrounding the stadium, standing room also can be found for 50,000 additional. There are three athletic tracks, a swimming bath, and dressing rooms for 2,000 competitors.

One turf track for hurdle racing, the cinder path for running, and the concrete, banked for cycling, have been pronounced the best in England. Several records already have been broken on those tracks and it may be confidently predicted that more will go when the chosen athletes of the world meet there.

The athletes will be reviewed by the King and Queen, the King of Greece, the King of Norway and the Crown Prince of Sweden, most of the members of the British royal family and most of the foreign ambassadors and ministers in London.

The athletes of each country will line up at a quarter to 3 o'clock. The national representatives will bear their national flags.

After the parade before King Edward and the international committee and representatives, the King will declare the stadium open, and the national anthem will be sung, all the flags will be lowered to salute and the whole body of athletes will give three cheers for His Majesty.

FRANK GOTCH SAID TO HAVE QUIT THE WRESTLING GAME

New York, July 11.—Announcement is made that Frank Gotch, heavyweight champion of the world, is permanently through with the game.

The news of Gotch's retirement is received with regret by the followers of wrestling, as it was hoped that another match would have been arranged between the husky American and Hackenschmidt, the Russian lion. The bout between the two in Chicago was a very unsatisfactory affair, and another contest between the two top-notchers of the game would have been pulled off in Europe where "Hack" desires that it should be, would rouse widespread international interest. Before the Iowa man retire it would be a sportsmanlike concession on his part to give the Russian another chance and let the people see which is really the better wrestler.

While Gotch retires as the champion of the world, in case he has really made up his mind to do so, as champion of the world, the title does not carry with it as much glory as it would have done had his battle with Hackenschmidt been won under conditions that appeared square and more above board than they did. It would certainly be to Gotch's credit to give the Russian the chance he desires.

TOURNEY PROPERLY CONDUCTED SHOULD BE A BIG SUCCESS

A gentleman who takes a prominent interest in sporting matters says that the proposition made by the Review a short time ago that a boxing and wrestling tournament be held in Peterborough should be followed up.

He is of the opinion that a successful tournament could be held and thinks it would be given a very liberal patronage.

"Any who take a deep enough interest in the sport should have no hesitation in putting on a tournament. I see no reason why it should not prove a financial success. The walking match and the bout between Rogers and Hurtubise proved conclusively that Peterborough is one of the very finest sporting towns on the map. The walk was one of the best ever held and in the neighborhood of 1,100 saw the big American and Gene perform on this mat. A tourney properly conducted should be a big success in every way.

ENGLISHMAN COMES FIRST IN THE 1500 METRE RACE

Special to J. N. Barber.

London, July 13.—J. P. Sullivan, of the Irish American Athletic Club, New York, was first, and J.D. Lightbody, of the Chicago Athletic Association 2nd, and Meadows, of Canada, 3rd, in the first heat of the 1,500 metre run. Sullivan's time was 4.07 3-5. In the second heat Sheppard, of the Irish American Athletic Club, of New York, was first, and J. P. Halstead, of the New York Athletic Club, 2nd, and Butterfield, of England, 3rd. Sheppard's time of 4.05 established a new record, being 2-5 of a second better than Lightbody ran this distance in the Olympic games at St. Louis.

The third heat was won by N. F. Hallows, of England, with Laugsi, of Italy, second. F. H. Riley, of the Irish Americans did not finish. Time 4.03 2-5, two seconds faster than the record.

LAKEVIEWS GOT BAD TROUNCING

A comedy of errors would be a fitting epithet to describe last Saturday's game between the Lakeviews and the Strathconas. Errors of all kinds and conditions were handed out by the Lakeviews and this coupled with their inability to bunch their hits accounts for the large score of 18-1 by which the Strathconas won out. The game was scheduled for two o'clock, but owing to the non-appearance of several of the Lakeviews the game did not get started till well after three.

The losers were all to the bad, never being able to bunch their hits at any time while on the other hand the winners seemingly hit the ball as often as they pleased.

Belleghem, for the winners, was in fine form pitching great ball throughout the whole game. He fanned five men and kept his head well in emergencies. A great deal of credit for his showing however, must be given to the team behind him which played stellar ball. Weatherstone and Graham especially distinguished themselves with playing errorless ball and and having two hits.

There were no particular stars for the losers almost every man having a misplay of some sort chalked up against him. Mahoney and Menzies however, did rather well in the hitting, each getting two nice singles.

The teams lined up as follows:

LAKEVIEWS—
Mahoney c
Menzies c
Mahoney p
King 1b
Campbell 2b
Pentland 3b
Davidson ss
Clancy rf
Hillier lf
Simmons cf

STRATHS—
Wilson c
Belleghem p
Graham 1b
Weatherstone 2b
Mcillan 3b
McMillan 3b
Kendry ss
Allison rf
Shaw lf
Parnell cf

Summary

Two base hits, Shaw; singles, Menzies 2, Graham 2, Weatherstone 2, McMillan 2, Mahoney 2, Allison 2, Kendry, Belleghem, Shaw, Parnell, Davidson, Campbell, Hillier, Clancy; struck out, by Belleghem 5, by Mahoney 8; bases on balls, off Belleghem 1, off Mahoney 3; hit by pitcher, Kendry, Parnell; left on bases, Lakeviews, 3, Strathconas 6; sacrifice hits, Belleghem 2, Weatherstone, Simmons, Menzies and Campbell.

Umpire, Dormer.

Notes

Mahoney's pitching deserved better support.

The Lakeviews say "Oh, Shaw, we had an off day."

NOT OBSTINATE LIKE LONGBOAT

Toronto Star Fancies Fred Simpson in His Sense and Ability

Fred Simpson, the Hiawatha Indian, who did so well in the Marathon trial at London yesterday, is an enigma. He has none of Tom Longboat's erratic obstinacy, and adds to his tractibility a whole lot of good horse sense.

Simpson can run a great deal faster than he did in either trial Marathons in Canada. Instance his great showing in the Hamilton Herald race where he came from behind the last six miles and ate up Lawson, Cotter and the rest of the bunch.

In the trial Marathon Simpson ran hard in the first part of the race, until he was sure he was in the first six, and then "mooched" along home, contented to get a place without killing himself. That he had plenty of reserve steam was shown by his 440 yards sprint at the finish of each trial. Simpson is a runner of sense and ability. He is long-legged, deep-chested, and carries no surplus weight. He has a flat-footed gait that is tireless. He has his bad periods, but fights gamely by the sore spot. He is good-natured and easily managed.—Toronto Star.

RUNNING

Arthur Burn, of Calgary, and formerly of Ottawa, Marathon runner, sailed for England yesterday. Burn is in great shape and hopes to make a good showing. He will be in England less than a week when the big race is held. Burn sailed on the same boat with the Argos.

TENNIS

ST. JOHN'S A.Y.P.A.

The lady players of the above club are entertaining the gentlemen players to tea to-morrow (Tuesday) evening at 6.30 p.m. prompt. All the players are asked to attend sharp on time.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. W. Barrett, of 602 Moreau St., Montreal, who writes to Mrs. Pinkham:

"For years I was a great sufferer from female weakness, and despite every remedy given me by doctors for this trouble, I grew worse.

"One day a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and am thankful to say that it made me strong and well."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

ROYAL TYPEWRITERS.

Wearers of Crowns Who Are Expert on the Keyboard.

Snobbish persons and humorists who are in the habit of speaking light of the poor typewriter girl would better beware, especially when they go abroad, for the typewriter has made its way into royal palaces, and some of the most expert typewriter girls in Europe wear royal crowns. There is, for instance, Queen Elizabeth of Roumania, one of the most enthusiastic of royal litterateurs, who taps out her novels and essays and even copies her own poems on a wonderful typewriting machine which was made especially for her boudoir. She works six or seven hours a day, and when the click of typewriter is heard in the palace even her husband, King Charles himself, hesitates to interrupt the inspired author. Queen Amelia of Portugal, also an author who has a taste for acquiring all sorts of non-royal accomplishments, is quite capable of taking an office position and earning a good salary as a high class typewriter girl. Queen Maud of Norway, another up to date young royal lady, can rattle off her letters on a machine, and so, too, can her mother, Queen Alexandra of England. The Czarina is another of the royal typewriters, while the latest recruit to their ranks is the Empress of Japan who recently acquired the art of manipulating a machine which she found in her husband's library.

Lady Hope's Hotels.

A very practical philanthropy is that of Lady Hope, who has opened two self supporting hotels in London for working people of moderate means. One of these buildings is known as Hope House and the other as Connaught House. They differ only in the quality of their accommodations. Hope House, which is the less pretentious, lodges guests at from $1.25 to $2 a week, while Connaught House charges from $2 to $3. Both are handsome, comfortable buildings, supplied with baths, restaurants, etc., at reasonable prices. Connaught House has libraries, concert rooms and such accessories as characterize good hotels. Lady Hope also conducts a bonnet shop, a laundry and a shop for the sale of photographic supplies, all in the interest of the masses. She is the daughter of the late General Sir Arthur Cotton, who devised a system of canals for irrigating South African farms in times of drought, and the widow of Sir James Hope, K. C. B.

Admiral McDonald.

Admiral John Wallace Douglas McDonald, who has died at Guernsey at the age of 78, joined the Royal Navy in 1842. In 1854 he became admiral's flag lieutenant. He was present at the bombardment of Sevastopol and at the end of the year was promoted to commander. In 1862 he was promoted to captain, in 1877 rear-admiral, 1884 vice-admiral, 1888 admiral. For his services in the Crimea he received the medal with clasps and the fifth class of the Medjidieh.

It Served Him Right.

Two Irishmen, meeting one day, were discussing local news.

"Do you know Jim Skelly?" asked Pat.

"Faith," said Mike, "an' I do."

"Well, he has had his appendix taken away from him."

"Ye don't say so? Well, it serves him right. He should have had it in his wife's name."

THE OFFICERS OF THE LAW HAVE HAD EASY DAY OF IT

No Drunks and Disorderlies Were Lodged Behind the Bars---One Man Had Ear Split Open---Crowd on the Whole Behaved Itself Well.

The crowd in the city has been conducting itself pretty well to-day and the police have had no trouble in looking after it. This morning and afternoon the disorderlies have been few and far between and no cases of conspicuous misbehaviour on the streets have been noticed and not a solitary one has been locked up all day.

The only offence reported was an alleged assault this afternoon. George Ridge, who resides in Manvers township, came into the police station and reported that George Taylor, of Pontypool, had struck him without any provocation. His right ear was badly split and the blood was running down the side of his neck and on to his collar. Ridge says he knows of no reason why Taylor should have struck him. He said the two had been working together, but as far as he knew Taylor had no cause to have a pike against him. He had a warrant sworn out for Taylor's arrest, and said he would like to have the case disposed of, as soon as possible, as he would be leaving for home this evening before six o'clock. P.C. Meagher went out with him to look for Taylor, but at the time of going to press the arrest had not been made.

SOME INTERESTING NOTES FROM BEAUTIFUL STONY LAKE

Cottages are all Filled—Many New Launches on the Water—Almost an Upset—Viamede is Very Popular

Special to the Review

Stony Lake, July 13—Once again, Stony Lake is proving its popularity by the large crowds of people that are flocking up to this place of rest. Every steamer up brings a large number of tourists from all over the country. The steamer Empress took the morning trip up on Tuesday July 7th and there were about one hundred and eighty people on board and all other boats on the lakes were the same way. As the steamer Water same way, the steamer Water Lily coming up the canal brought the largest crowd of the season on Tuesday morning which numbered about fifty, but it is likely that business will pick up on both lines during the coming week.

Business is very brisk for tugs, etc as there are two or three that go south every day.

The tug Ajax went down to Peterborough from Gilchrist's Bay with two scow loads of wood for J. E. A. Fitzgerald and Mr. Richard Sheehy's tug, the Dawn, went down to Peterborough with a scow load of stone for the new Catholic church from Mr. Sheehy's quarry at Clear Lake and the Cavendish Lumber Co's. tug went down to Lakefield with a boom of logs.

The wind has been blowing very severe here ever since Saturday morning and it not only keeps back log driving but inconveniences the boats as the logs blow into the boat channel and blocks traffic of every description.

A ROUGH SAIL

The wind was very severe on Tuesday all day it being so bad that a sailing yacht could not venture out with safety, the waves on Clear Lake especially being about 4 and 5 feet high, the worst they have been in years. It might be said that one of Peterborough's barristers came up to dear old Stony Lake for the day on Tuesday and of course was not satisfied till he was out for a sail and after a great deal of coaxing of his host he was taken out in the yacht with three reefs in the sail and the host to be friendly allowed his guest to sit in the bow of the yacht and before they were out five minutes he was heard to remark "I want to go in, I think the steamer is coming," but before he landed on terra firma it was rather hard to tell whether he had jumped into the lake to get out of the spray of the breakers or whether he was hanging on behind the yacht but no doubt it's a sail and a day he will not forget for some time.

NEW LAUNCHES AND COTTAGES

The pleasure craft will be more plentiful than ever this year on Stony Lake, and it will include some of the very best workmanship and also some very speedy boats. Mr Wm. Irwin has procured a very beautiful new launch from a Hamilton firm, and Mr. H. A. Mitchell of "Sunnyside" at upper Stony, from Toronto, has also procured a fine new launch and it is also said that Mr. A. L. Davis is going to instal a new and speedier engine in his trim little yacht the "Nancy" and with many other launches which are already here there will be as fine a fleet of pleasure and racing boats as could be wished for.

There are many new cottages being built here this season among the most beautiful, being that of Mr. Richard Hall's cottage, "Liberty Hall."

It will be remembered that Mr. Hall's cottage, which was on the north east of the island, was burnt down a year ago, and the new cottage is situated on a much better site and gives a very fine view of the lake. It is a fine, long, spacious cottage and a very fine verandah all around it and it is certainly a credit to the lakes.

Mr. McKenzie of Toronto has also a new and handsome cottage in the vicinity of Cassidy's Bay, lower Stoney lake. It has just been completed and Mr. McKenzie and his family moved into it on Wednesday the 8th, where they will spend the rest of the summer and it is to be hoped many more summers.

Mr. Claude Rogers and party came up the lakes from Peterborough by canal in his staunch new motor boat, which is very speedy. It is propelled by an 8 horse power one cylinder engine and is gauged at 12 miles an hour and if at the coming regatta there any motor boat races it will certainly make a few of them travel.

Personals

Mr. W. H. Meldrum and family have opened their beautiful summer home, "Cardinhum."

Mr. N. Geales' cottage "Saint's Rest" at Kawartha Park is undergoing several improvements. He is having a new addition put in it so as to accommodate his many friends and it will also have a new coat of paint and at the present time he is sinking a well.

Benjamin Shortley and family have moved into their cottage at Boschink where Miss Hulda Dobbin will also spend her holidays.

Messrs. J. F. Porter and Leonard Giroux, and Ernest Saxby of Peterborough are camped on Juniper Island.

Miss Ruby Adamson of Peterborough with Gladys and Mabel Mackay of Toronto spent a short but pleasant visit with Miss Mae Montgomery at Boschink.

The Hon. and Mrs. Stratton with their niece Miss Alberta Gooding opened up their beautiful summer home "Strathormond" on the Lake for the season.

GOOD FISHING

Mr. Brady and party of Pittsburg who are camped at Kawartha Park, are having very good luck with the fish and it is a common occurrence for them to come in at night after a day's fishing with a bag of 30 or 40 fish. On Friday morning they journeyed to Deer Lake and returned with a large number of bass and several very fine 'lunge.

There have been some very fine large 'lunge caught here this season, but Mrs. Robert Neil has all records beaten thus far. Friday evening she rowed around this island and was only out a very short while when she hooked a 22 1-2 pound 'lunge, measuring 18 inches round. It was so big and heavy that they could not land it in the skiff and had to paddle to shore with it, where Mr. Neil attended to it, and when the tail rested on the ground its head was above Mr. Neil's waist. It is likely the biggest fish caught in these waters for a long while, and through the kindness of Mr. Neil it was cleaned and sent to the Protestant Home in Peterborough. So far this season upsets have been very scarce, but one occurred Thursday which was of a rather serious nature. Mr. J. Lansdowne, who is camped on Juniper Island, ventured out in a canoe to have a fish, and although he could not swim, he had on a pair of long rubber boots, and it appears that he started walking around in the canoe and therefore he upset. He was about 200 yards out from Eagle Mount when it occurred and he very luckily hung to the canoe and yelled for help and as a large number heard him he was quickly rescued by Mr. Waldron, who put out to him in a skiff, and although Mr. Lansdowne is feeling a little under the weather, he is around again to-day, but he says he has no use for a canoe at all.

REGISTRATIONS AT JUNIPER ISLAND.

Among the many guests at Juniper Island are;—Miss Maud Breeze, E C Chambers, Toronto; J O Davis, Pittsburg; Allen Stewart, Peterborough, Dickey Stewart, Peterborough; C Collins, Tweed; H Gibson, Roslin; Mrs R D Henderson, Mrs W Howson, W Howson, Toronto; Miss Cameron, S Cameron, G Cameron, M McNulty, Tweed; R G Morrison, Winnipeg; A Gooding, Kenora; Mrs. Ormond, Peterborough; Fred Pugh, Peterborough; Paul Allan, Cleveland, E Collin, Peterborough; C M Rogers, Kingston; A S Williams, Montreal; H O Fisk, Peterborough; Henrietta Fish, Montreal; Mrs H Kidney, Miss E Kidney, L Kidney, Toronto; Buster Brown, Toronto (the original); Mrs. T Ruth, Toronto; W C Goodger, Rochester; J F Porter, H Giroux, Mr and Mrs Nugent, Peterborough; Miss McBurney, L H Graham, E Graham, B Graham, Porto Rico; G Mansell, Mrs Mansell, L Mansell, Toronto; P Morson, Lindsay; R C Clemence, Peterborough; W A Stewart, Rochester; C Chowen, Mount Julian; M Rice, L B McFarlane, H B McFarlane, Toronto; C D Wall, Young's Point; W Copperwaite, Peterborough; F M Young, Young's Point; J D Caldwell, Toronto; Ida Jewett, Toronto; H M Wallis, Peterborough; G A Gordon, Bobcaygeon; E G Burns, R Parker, Hamilton; Sam Gryllis, Lakefield; H E Saxby, Peterborough; Mr and Mrs Gillet, Toronto; Mrs D Brown, Mr H Brown, Peterborough; Edith Ross, Worcester, Mass.; E Gryllis, Gordon Northey, Eva Alfred, Lakefield.

At the last medical intermediate examinations in Ontario nearly sixty-five per cent of the students failed. The Ontario Medical Council is convinced that something is wrong as they all passed their preliminaries, with credit, and have ordered an investigation.

THE CHEERFUL TURTLE.

This Queer Creature Enjoys Many Peculiar Advantages.

"To be or not to be—a turtle? To be certainly, if I could not be a man," declares one who speaks with knowledge of his subject. "Basking in tropical suns or cruising leisurely in cool depths, the turtle has an exceedingly good time. As soon as the baby turtle emerges from the egg he scuttles down to the sea. He has no one to teach him, no one to guide. In his little brain there is implanted a streak of caution, based on the fact that until a certain period his projecting armor is soft and no defense against hungry fish, and he immediately seeks shelter in the tropical profusion of the gulf weed, which holds within its branching fronds an astonishing abundance of marine life.

"Here the young turtle feeds unmolested and knows that his armor is hardening apace. Once he has attained the weight of twenty-five pounds he may 'check' freely any monster of the deep. After that no fish or mammal ever interferes with him. Intending devourers may struggle all day to break through his iron shell. They always fail.

"The turtle, like the sperm whale, has but one enemy—man. Now, even that sperm whale must come pretty frequently to the surface to breathe, and if it got beached high and dry on land what would become of it? But the cheerful turtle can stay below the surface for a week if he wants to, and he often does, while if he had to spend an equal time on land he would enjoy the change and be none the worse for it. He is neither fish, flesh nor fowl, yet his flesh partakes of the characteristics of all three.

"Eating seems a mere superfluity with him, since for weeks at a time he may be placed in a barrel, with the bung out, and emerge after his long fast apparently none the worse for his enforced abstinence from food, from light and almost from air. Of all the warm blooded organisms there is none so tenacious of life as the turtle. Injuries that would be instantly fatal even to fish leave the turtle apparently undisturbed, and his power of keeping death at bay is nothing short of marvelous."

AN EFFECTIVE SERMON.

Trumpet Blast That Drove the People to Repentance.

Old Peter Cartwright was a famous preacher and circuit rider many years ago.

The exhorter was holding a camp meeting in Ohio. There was a great number of campers on the field, and the eccentric speaker addressed vast concourses at every service, but he thought too few were being converted. He felt that something should be done to stir the sinners to repentance, so he prepared a strong sermon on the second coming of Christ. He told how the world would go on in its sin and wickedness and at last Gabriel would sound his trumpet and time would come to an end. He described the horrors of the lost and the joys of those who were saved. The sermon grew in intensity, and he brought his people up to a grand climax, when suddenly the sound of a trumpet smote the ears of the anxious throng.

There was a great sensation, and many fell upon their knees in terror and began to repent and pray. Women screamed and strong men groaned. Pandemonium was let loose for a few minutes. After the terror had somewhat ceased the preacher called to a man up a tree, and he descended with a long tin horn in his hand. The speaker then turned in fierce wrath and upbraided the people. He cried out in stentorian tones that, if a man with a tin horn up a tree could frighten them so, how would it be in the last great end when Gabriel's trumpet sounded the knell of the world! The sermon had a great effect upon the vast audience, and many hundreds flocked to the front and were converted.

Simple When You Know How.

An innocent cockney while in the country asked a farmer how they managed to grow streaky bacon.

"Oh, it is simple enough," said the honest agriculturist. "One week we starve the pig or feed him very little. That makes a layer of lean meat. Next week we give him all he can possibly eat, even working overtime, and that makes a row of fat. So by alternate starving and feeding we get the beautiful streaky bacon."

"Dear me," said the cockney, "and how do you make the ham?"

"Oh, we manage that by putting a ring in the pig's nose," was the reply.—London M. A. P.

The Careful Scots.

A Scot and his wife came to London, and the worthy pair were in a hundred fears concerning the diabolical ingenuity of London thieves.

As they took their first walk down the Strand the husband whispered of a sudden hoarsely in her ear, "Janet, wumman, hast thou got thy teeth leezed fearsely in thy gums?"

"Na, na," she answered; "A'm no sich a fule! I've left 'em safely lockit awa' in the portmanty!"—London Chronicle.

What a Blessing!

Smith—What a blessing children are! Jones (enthusiastically)—Aren't they! Now that my wife has two to look after she has no time to play the piano.

The Plot.

Doctor—I think I shall have to call in some other physicians for consultation. Patient—That's right. Go ahead. Get as many accomplices as you can.—London Telegraph.

The Democratic Convention at Denver, nominated unanimously for Vice-President, Mr. John Worth Kern, of Indiana.

THE BEST POSSESSION

that the head of the house can own is a good insurance policy on his own Life. It assures the protection of his wife and children in case of his sudden demise—and the healthiest of us never knows when the end may come. We can afford families this protection by offering attractive terms in Life Insurance at the lowest rates—such as are hardly felt by the thrifty.

Some one has said, "the true value of a life insurance policy must be gauged by the security of the protection given; if it proves to be a good investment, all the better; when both are shown, there is nothing on earth to equal it."

The security of the protection afforded by the Sun Life of Canada needs no comment, and the profits paid—let the figures within tell their own graceful story.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address, and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

QUAKERS HAD ENJOYABLE DAY AT LAKESIDE TOWN

Annual Outing of Quaker Oats Co. Held at Cobourg on Saturday—Over 500 People Took in the Excursion —The Games and Sports.

The pretty little town of Cobourg on Lake Ontario was visited on Saturday by over five hundred Peterborough citizens, representing the annual outing of the Quaker Oats Company of this city. This enterprising manufacturing concern has always been noted for the enjoyable and successful excursions they have conducted, and the sixth annual Quaker picnic was no exception to the rule. The day was an ideal one for an outing, and everyone apparently fully enjoyed the trip and the time spent in the Lakeside town. Nothing was left undone by the committee in charge to make the day one of great pleasure for all.

Cobourg offers such excellent advantages as a place suitable for picnics, situated as it is on Lake Ontario, there is always a cool, refreshing breeze blowing over the town. Victoria Park, where the games and sports were run off, is an ideal spot. It slopes down to the lake shore, and a beautiful sandy beach makes it splendid for bathing. Some of the picnickers enjoyed themselves by boating, bathing, watching the sporting events, driving and in many other ways. Many brought baskets and had their dinner on the grounds.

A special train conveyed the excursionists to Cobourg leaving here at 8.45. A quick run was made to Cobourg and the town was reached at half-past ten. Returning the train left Cobourg about 6.30 o'clock, arriving here at 8.

MILL TEAM WON.

Before dinner a baseball match was played between teams representing the office and mill of the company. Five innings were played, at the close of which the score stood 9—1 in favor of the mill aggregation. The teams lined up as follows:—

Mill—Kirns p. Turner c. Anderson 1stb. Tucker 2ndb. Gilman 3rdb. Quinlan ss. Rightmeyer lf, Hourigan cf.

Office—Pratt p. Freeland c. Dunsford 1stb. Wade 2ndb. Harris 3rdb Shanby ss. Wilson lf. Carroll cf. and Armstrong rf.

Mr. D. Downing made a satisfactory umpire.

GUESSING CONTEST.

A grand guessing contest was held, for which an order to the value of five dollars was awarded. Mrs. G. Emmerson made the lucky guess.

RUNNING RACES.

Men's race, open to all—1 W. O-Rourke, 2 Crough, 3 Miller.

Young ladies' race, open to all—1 M Gorman, 2 L O'Brien, 3 L Grady.

Men's smoking race—1 C Gates, 2 B Simpson.

Ladies' needle race—1 May Dunsford, 2 M Gorman.

Boys' race, under 15 years—1 D Godfrey, 2 O'Connell, 3 OBrien.

Girls' race (egg race)—1 M Gorman, 2 E Grady, 3 L O'Brien.

Boys' race under 7 years—1 W Keanus, 2 J Murphy, 3 M Walsh.

Arithmetic race, open to all—1 J E Sullivan, 2 B Miller.

Ladies' arithmetic—1 L Grady.

MISCELLANEOUS.

Walking match—1 Crough, 2 G Freeland.

Quoit Tournament—C Gorman and J Emmerson.

Putting Shot—1 W Walsh, 2 Murphy.

Handsome prizes were donated for all the events. They were keenly contested. The sports committee consisted of Messrs. W. E. Purdue and J. E. Sullivan. They are to be commended for the splendid manner in which the sports were conducted.

WANTS TO GET HIS MONEY BACK

Mr. W. A. Bailley Again Writes to the Chief of Police

Chief Roszel has received the following Post card from W. E. Bailley, which speaks for itself;—

Box 614,
Peterborough, July 8.

Sir,—I find you have been making a great fuss about last year's poll tax. Perhaps you will be equally energetic in returning to me the two dollars one of your employees obtained from me towards paying the fine of Madame Ayres.

Yours obediently,
W. E. BAILLEY.

Chief Roszel says that if Mr. Bailley helped to pay Madame Ayres' fine it was his own fault. Furthermore, Mr. Fred Newball is not one of the Chief's employees. Mr. Bailey is therefore in the wrong again.

INFORMATION ABOUT THE CAMP

Some Matter That Should be Read by Those Going to Y.M.C.A. Camp

Below will be found some information for boys going to the Y.M.C.A. camp on Wednesday, July 15th;

The boat will leave Wolfe street wharf immediately upon the arrival of the Port Hope and Lindsay trains, or about 8.30 am. As the boat will be late in starting the camp will not be reached until early in the afternoon and each boy had better bring a lunch.

Each boy pays his own fare on the boat.

Remember to bring the blankets, and quilts, plate, cup, saucer, spoon, etc. The boys are counting on the best time from start to finish.

thing doing from start to finish.

For visitors days, Monday the 20th and the 27th have been set aside. The parents are cordially invited to spend the day with their boys at Sandy Point. Bring your friends and have a picnic that day.

OBITUARY

INFANT EXPIRES.

Much sympathy is extended to Mr. and Mrs. George Miles, Aylmer street, in the death of their infant son, Reginald George, which occurred on Sunday afternoon at the age of 2 months and 3 weeks. The funeral will take place tomorrow afternoon to the Little Lake cemetery.

AN OLD RESIDENT

Mr. Stephen Payne, 549 Harvey St. celebrated his eighty-third birthday on Saturday. He is hale and hearty and is being heartily congratulated by his many friends.

C. P. R.'S MAGNIFICENT NEW STEAMER "S. S. ASSINIBOIA" IS UPPER LAKES CHAMPION

The latest addition to the Canadian Pacific's upper lakes fleet is the "Assiniboia" now in active commission, and on her first voyage she has proved herself to be not only the largest and most modern passenger vessel on the upper lakes but also the swiftest. She will sail from Owen Sound at about 5.50 p.m. every Saturday for Sault Ste. Marie, Port Arthur and Fort William, the connecting express train leaving Toronto at 1.50 p.m.

The 'Assiniboia" has luxurious accommodation for 250 cabin passengers, with five cabins, de luxe, — private baths —spacious dining saloon, observation drawing and smoking rooms and many new features conducive to passengers' comfort. Intending passengers should make early application to local C.P.R. agent for accommodation.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

STACEY WILL WALK TO-NIGHT

rish Canadian Crack Pedestrian Will Try to Beat Relay of Five Men

An hour walk for the championship of the county of Peterborough is being held this afternoon at the Brock street rink, commencing at 4 o'clock. Tonight Jim Stacey one of the speediest walkers in America will enter a relay race against five men. The go will be for twenty miles and it will be worth the admission price alone to see Stacey walk.

CANADA'S CELEBRATION

The coming celebration at Quebec will make Canada a world topic for a long time.

Despatches from London say there is widespread curiosity on the part of old country people to see a souvenir of the celebration. The newspaper men who have seen the advance sheets of the Tercentenary number of The Standard, of Montreal, agree with much enthusiasm in saying that the Standard Tercentenary souvenir number will be far and away the greatest commemorative number ever published on this continent completely eclipsing all old country souvenirs. It will be a great issue to send to friends abroad.

WILL BE HERE ON THE 16TH

Master Gunner Stroud of Kingston will be here on the 16th and 17th to inspect the stores and equipments of the 24th F.B.C.A. and not the 15th as stated in a former issue of the Review.

CENTRAL CANADA FAIR

As previously announced, the dates for the Central Canada Exhibition at Ottawa this year are Sept. 18th to 26th. The Directors, as usual, are endeavoring to make this annual fair more attractive and pleasing to its patrons and have made changes calculated to attain this object. In the first place, the prize list has been increased to $16,000, the premiums being greater in almost every department with the view of having a grander display.

The number of gold medals as special sweepstake prizes has also been increased until now they number 45. The grounds are being improved and beautified, and continuing the policy pursued in previous years, another new building is being erected. This building is for the display of fine arts and ladies' work. The new building is costing $12,000 and will prove a splendid addition to the accommodation of the Association. The pure food exhibit by Canadian manufacturers promises to be one of the most attractive displays ever made at the Central Canada Fair.

In regard to the special attractions, the directors have decided to return to the policy of former years, and will have a splendid vaudeville programme in front of the grand stand every afternoon. This programme will consist of a number of high-class specialties, trotting and running races. Already the directors contracted for the first appearance in America of De Oro's Wonderful Herd of Performing Cows which have been creating a sensation in Europe for a number of months. A thrilling automobile race in mid-air by two intrepid young woman chauffeurs is another feature. The ever-popular Balloon ascension will this year take place on a grander scale than ever before, as this specialty will take the form of a balloon race with double parachute drops from each balloon by the renowned Prof. Hutchinson and his companion.

The night entertainment will consist of the very latest comic opera written for that comic opera specialist, "What Happened then." is the name of the opera. Popular prices will prevail for this entertainment and it will be given only as the night entertainment.

As usual there will be a bench show of dogs in connection with the Fair.

The will of the late Grover Cleveland was probated Saturday. The bulk of his property is left to Mrs. Cleveland, and $10,000 to each of his four children, the latter sums also to be in full control of Mrs. Cleveland until each child comes of age or leaves her care.

DEBATE ON BOUNDARIES IN HOUSE OF COMMONS

Premier's Resolution on Boundary Question is Adopted—Amendment Says That Enlargement of Provinces Does Not Mean Enlargement of Representation.

Ottawa, July 14.—The House spent this, the 12th anniversary of the swearing in of the Laurier Cabinet, by discussing the proposed extension of provincial boundaries. The result of the debate was that subject to one amendment by Mr. Macdonald of Pictou the Premeir's resolution was adopted.

That the Government hit upon the Laurier resolution regarding the extension of provincial boundaries as an expedient to avoid the issue of another Manitoba school question, and to enable the Liberal party to play a double game was the charge made by Conservative members.

Sir Wilfrid said the extension had been requested by Quebec, Ontario and Manitoba. There could be no new province to the north because Ungava was quite unfitted for agriculture, Northern Ontario was the same and so was part of the district to be added to Manitoba. The timber and mineral resources, while very promising, were uncertain.

The B. N. A. Act provided for the extension Manitoba would be compensated for new lands. Ungava was logically Quebec's. As it would bring no population, the possibility of the larger Quebec affecting the basis of representation was remote, but the attention of Quebec would be drawn to the objection.

In view of the Hudson Bay Railway, which made municipal and provincial organization along the route necessary, Manitoba was entitled to the privilege.

W. F. Maclean said that as one coming from the Province of Ontario, he wished to say that while that province did not get, by the proposition before the House, all the territory which it thinks it ought to get, it would accept that territory and the responsibilities that go with it.

Both amendments were so much alike that he was sure a single resolution could be agreed upon.

The Premier said that a bill passed here would not bind Manitoba and the other provinces if they did not accept it.

As to the representation problem, Sir Wilfrid said it did not matter to Quebec whether she was or was not the pivotal province. If this standard did not work well another could be adopted. These annexations could not for many years affect the electoral unit.

If settlers should come in it would be possible to correct the injustice. It was not well to burden the resolution with further conditions. Final action would not take place till next year, and the Stanfield proposition could then be presented.

Mr. MacDonald (Pictou) said the whole question of repesentation would have to be dealt with by the Imperial Parliament, and anything done at Ottawa would be useless. He moved as an amendment to the amendment to add the following: "And that any legislation to be introduced to give effect to the foregoing nothing be done to impair the representation of any province in this House."

A difficulty, Sir Wilfrid said, had arisen between Ontario and Manitoba. Manitoba wanted an extension to the longitude of the Mississippi. Ontario wanted an extension to the Churchill river.

"We could not agree to the claim of Ontario for a very obvious reason," he said. This was the Hudson Bay Railway, with its terminus at Churchill. If Churchill was the boundary there would be a town in both provinces. "A fair conclusion," was that the boundary should be fixed as now proposed along the height of land beyond the Severn river, but this had been impracticable, as that height of land was met by another.

Manitoba gets 180,000 square miles. The present area is 70,732 miles. As to Quebec, the territory of Ungava is 180,000 miles water and 266,000 miles land. The Ontario territory, Sir Wilfrid thought, was 140,000.

R. L. Borden objected that the Premier had, after all, mentioned no terms, and quoted from The Winnipeg Free Press to the effect that the separate school problem would be left to negotiation. As to Ungava, part of it might have been reserved for addition to Newfoundland, when that island should enter confederation.

Mr. Fowler of King's said Quebec's basis of representation would undoubtedly be affected, and asked that the Maritime Provinces be granted their original proportion.

Hon. Mr. Fielding made the suggestion that Quebec should get no representation from the new territory, while Dr. Daniel (St. John) wondered why, if the new country was barren, it was yet good enough for the G.T.P.

Discussing the debate on the resolution at the afternoon sitting, Dr. Roche blamed the Government for procrastination. A memorial of the Legislature of Manitoba, passed last session and presented to the House, left the Government without excuse for delay. Compliance with this resolution would have given Manitoba not only a port on Hudson Bay, but one on Lake Superior. The object of the Government in proceeding now by way of a resolution instead of a bill was to enable the Government to play a double part in the next elections.

Porto Cortez In Danger.

Washington, July 14.—Despatches received at the State Department yesterday, from Consul Brickwood at Porto Cortez, renew the report that an attack upon Porto Cortez by the revolutionists is imminent. Gen. Lee Christmas is reported near with a revolutionary force and another force is on a small island 18 miles away.

CITY AND GAS COMPANY MAY COME TO AGREEMENT

Regarding the Opening of Streets for Purpose of Laying or Repairing Pipes—Public Library and Isolation Hospital to the Fore Again

The city council met in committee of the whole last night when several important matters were considered. There were present, Mayor Rush, Aldermen Phelan, Buller, Morrow, Neill Johnston, Turner, Gillespie, Morgan, Bradburn and Elliott.

The question of the right of companies to open up streets without consulting the city officials came up for discussion. Mr Larmouth and Mr. E A. Peck, were present in the interests of the gas company. Mr. Peck contended that it was necessary for the gas company to open streets in order to meet their requirements of consumers. The city and the gas company, he thought, should work in harmony. It would be unjust. He continued to deprive citizens of the use of gas owing to a prohibitory law in regard to opening the streets. No company, he contended, would enter into any agreement with the city under such conditions as proposed by the council re opening streets. The gas company must be in a position to meet the requirements of gas consumers.

Mr. Larmouth said his company were quite willing to pay for use of the road roller in fixing any streets they are forced to open up in their consumers' interests.

Ald. Morrow moved, seconded by Ald. Neill —That Alderman Phelan Gillespie and Bradburn be a committee to endeavor to enter into an agreemenln with the city by which the streets may be opened by the gas company and left in a condition satisfactory to all concerned.—Carried.

The question of a public abattoir for Peterborough was referred back to the property committee to secure information on this subject.

The Mayor explained that Mr. Richard Hall was displeased over the fact that the council have not met his wishes in regard to the establishment of a public library. When Mr. Hall deeded the old store on Simcoe street to the city for a public library, he fully expected the council to expend $10000 on the building which can be sold today for $15,000

This matter was left in abeyance, pending further consultation with Mr Hall.

ISOLATION HOSPITAL

This question again came up. Mr. Neill observed that the case handled by the city in their own building on Simcoe street, represented the interest on $7000. He thought this matter should be dealt with definitely at once one way or the other.

The Property Committee — was instructed to report as to the cost of an isolation hospital.

BEWARE OF THIS KIND OF KITTENS LATE AT NIGHT

Because they thought one of these little animals, whose fur is used extensively in the manufacture of sable ruffs, was a kitten, two local young men had an experience a few evenings ago that they will not soon forget. They were coming from the north end of the city about midnight and when near the corner of George and Smith streets, noticed a pretty little animal in the grass, not far from the pavement. Thinking that the cute little creature was a kitten, the two who were homeward bound, went up close to it and endeavored to catch it. They caught it all right, but not in the manner intended. It is hardly necessary to explain what happened. Suffice it is to say that the young men beat it homeward at a rapid gait, their olfactory sense received a severe shock. It is said that there was trouble at the boarding house when they returned home and that two suits of clothes had to be placed deep in the mother earth.

BAD FIRE AT WARDNER, B.C.

An Entire Block Burned, Including Central and Union Hotels.

Cranbrook, B.C., July 14.—An entire block including the Central and Union hotels at Wardner were destroyed by fire at 1 o'clock yesterday morning.

The fire started in an unoccupied room in the Union Hotel and is supposed to have been incendiary. Loss $100,000.

Damaged by Lightning.

Strathroy, July 14.—One of the severest electrical storms that has visited this section this season passed over here at 6.30 yesterday. The barn of Mrs. John Dubois, who lives about a mile west of town, was completely destroyed, and three horses killed by lightning. The barn also contained 21 tons of hay. The loss will be practically covered by insurance. The barn of Wm. Smith, 8th concession of Caradoc, was also struck, and immediately caught fire, and was burned before assistance could be summoned to extinguish the flames.

The storm was of short duration, but was the worst experienced in years while it lasted.

Traveler Injured.

Stouffville, July 14.—While W. B. Screaton, commercial traveler, of London, Ont., was being driven from Stouffville to Markham yesterday afternoon, he was met by an automobile in charge of a Mr. Poole of Toronto. The horse became frightened and the driver lost control. The buggy struck the fence, throwing the driver and Screaton out. Screaton sustained a compound fracture of the collarbone and other injuries. He was brought to Stouffville in the automobile and attended to by Dr. Sangster.

Fell From Pier and Drowned.

Chicago, July 14.—While 100 men and boys sat or stood within a comparatively few feet of her son and in sight of nearly 1,000 others, an unidentified woman fell from the north pier at the mouth of the Chicago river and drowned.

Although she screamed repeatedly for assistance, not a hand in the crowd that watched her was lifted to assist her.

Instead, gazers stole the woman's hat and purse, which she had placed on the pier beside her, and fled.

Died From Hiccoughs.

Chatham, July 14.—After an attack of hiccoughs, lasting only a few hours, Francis Commo of this city died yesterday.

He was apparently in the best of health until yesterday morning, when suddenly he commenced to hiccough. He passed from spasm into spasm until the afternoon, when in a particularly bad attack he passed away.

Mr. Commo was well-known in the city, where he has managed a grocery store for many years. He was born in Montreal.

CONVENTION CALL TRADES AND LABOR CONGRESS OF CANADA

Fellow Labor Unionists and Brothers—

The twenty-fourth annual session of the Trades and Labor Congress of Canada will convene in the Legislative Council Chamber, City of Halifax, Province of Nova Scotia, beginning at 10 o'clock, Monday morning, September 21st, 1908, and will continue in session from day to day until the business of the convention has been completed.

The approaching visit to the Maritime Provinces marks another important epoch in the history of the congress. For years our efforts have been centralized in the Provinces of Ontario and Quebec, and we had a more or less perfunctory alliance with the extreme East and West until two years ago, when our twenty-second convention was held in Victoria, B.C., followed by holding our last convention in the city of Winnipeg, the Gateway to the West. Both these conventions proved successful beyond our most sanguine expectations and has established a closer bond of unity with our western fellow-workers for the future, the importance of which cannot be over estimated. It is only fair, therefore, that this meeting should take place in the east and that our brothers there should receive the encouragement of a large attendance of delegates from all the other provinces, and all organizations in the west, entitled to representation, should make a special effort to elect and send representatives to Halifax, regardless of the financial outlay.

The Congress Executive, acting in conjunction with the Halifax Executive, is making a special effort to organize the Maritime Provinces and good progress is being made by our organizer. The executives and the organizer cannot do it all, even with the best will in the world, and we ask the officers and executives of all organizations to whom this call is addressed to get busy now. Do not defer action until Labor Day rolls around and depend on whether it will rain or shine to finance the trip of your representative. Get real busy at once and if our treasury is not financially strong, run an excursion or put on an entertainment with a view to making money. This will let the general public know, too, that you are still alive, and a working factor in the community.

The one outstanding feature of the past year has been the effect of immigration upon trade conditions. Every industrial centre in Canada has been influenced by the large number of arrivals, and this, combined with the financial stringency, has brought home to every workman the importance of dealing finally and emphatically with the whole subject. Mr. W. R. Trotter, whom the congress sent to England to bring home to the English people the real labor conditions existing in Canada, will present the report of his work and such recommendations as his study of the question may suggest. If this question has affected your living and working conditions in the past or is likely to do so in the future, would it not be money and time well spent to send your own accredited representative to Halifax to devise ways and means to effectively check for the future the machinations of the Employers' and Manufacturers' Unions, the booking agents of the steamship companies, and the Salvation Army from flooding this country with skilled mechanics who will remain in idleness unless they act as strike-breakers or work for starvation wages! The report of our Parliamentary representative will explain the bearing of Canadian legislation and regulations upon the subject.

The last session of the Dominion Parliament has furnished its quota of important matters to be considered by organized labor, including 8-hour Legislation, co-operation, Senate reform, amendments and election act, to provide for a public holiday on polling day, old age pensions and many other interesting items that will be submitted in the report of our Parliamentary Solicitor.

In no other year have the Provincial Executives had such notable events to chronicle. Great progress has marked the year just past and a spirit of enthusiastic resolve permeates the movement from Halifax to Victoria. A rousing and record-breaking convention is to be the result.

The report of the Executive will contain recommendations of great and immediate moment.

The growth of independent political thought has been more marked and further suggestions for a consolidation of supporters of independent political action will come before the congress in convention.

The awakening of the workers has come. Renewed efforts by all hands in every industrial centre in Canada should be put forth with a view of making the coming convention in the city of Halifax the largest and most enthusiastic ever held since our congress was first organized, a quarter of a century ago.

The switchman at the Richmond street crossing of the G.T.R. at London is blamed for Wednesday's accident which injured five people.

Jumping from an upper window, George Brown, of Owen Sound, got a ladder and saved his wife and invalid son from a fire that burned their dwelling.

DOCTOR MAKES RECORD RUN

From Montreal to Ottawa to Save Child.

Montreal, July 14.—Dr. Jas. Bell of Montreal, formerly of Ottawa, rushing to the bedside of a sick child in order to save her life, made a record run between Montreal and Ottawa.

As there was no train within several hours, the doctor hired a special and within 15 minutes was pulling out of the C.P.R. station in a car attached to one of the company's best locomotives and with one of their best engineers at the throttle.

The special was given a clear line and made the run of 112 miles in 114 minutes.

Six Persons Injured.

Louisville, Ky., July 14.—Six persons, five of them well-known society people of Louisville, were seriously injured in an automobile accident early yesterday at Smithville.

The party started across a bridge over Salt river, not knowing that a portion of the structure was recently blown away by a storm. The automobile dashed 25 feet into the river, turning completely over.

In some miraculous manner one end of the car rested on an obstruction, thus preventing the party from being drowned.

Drowns on Honeymoon.

Vancouver, B.C., July 14.—Mrs. A. S. Sheppard, aged 20 years, bride of a young Calgary real estate man, on their honeymoon, with Miss Florine Anderson, aged 16, while in bathing got into a hole, and both were drowned in the sight of hundreds, despite efforts to save them.

Dr. R. C. Reed rescued his little companion, Leta Reed, and nearly lost his own life in an effort to save the victims. Mrs. Sheppard's frantic struggles hindered the rescuers.

Four Accidents In Galt.

Galt, July 14.—Four serious accidents are the record of casualties within the past 48 hours. John Cooper, digging a drain, was buried in a cave-in and severely injured internally. Moth Shaver fell from a 25-foot scaffold at Kirkwall and fractured his leg. Arch Clemens fell down an elevator shaft at the Victoria Wheel Works and broke his leg. Harry Deakin, playing baseball, slide while stealing a base and sustained a fractured ankle.

Miners In Religious War.

Salt Lake City, July 14.—Pete Gallach, an Austrian miner, was shot from ambush and probably fatally wounded Sunday night as he was returning from his work at the 'Frisco mine, near Bingham, Utah. Within four days two men have been killed as a result of the religious war between adherents of the Roman Catholic Church and adherents of the Free Church, among the Austrian miners working in the Bingham mines.

TRAMP AT MOUNT FOREST ASSAULTED FARMER'S WIFE

Mrs. Harper Goes to Stable Early in the Morning and Finds Man Who Knocks Her Down and Beats Her With a Club—The Woman's Condition is Considered Serious.

Mount Forest, July 14.—Yesterday morning about 8 o'clock Mrs. Henry Harper, living on a farm two miles from here, hearing a noise in the stables close by the house, went out to investigate, and on entering the stable was assaulted and most brutally beaten over the head and body by an unknown tramp, who apparently had been sleeping in the stable.

Mrs. Harper turned and ran towards the house, closely followed by the tramp, who dealt her several blows with a club he picked up and knocked her down three times.

Mrs. Harper's screaming drew the attention of her daughter, who was in the field, but as soon as the tramp saw her coming he quickly took to the woods. Mrs. Harper's daughter notified the hired man, who was also working in the field, and the hired man at once followed the tramp into the woods and found him hid in a pile of brush.

A desperate fight followed, the tramp giving the hired man a fearful beating and then going away.

Search parties were immediately sent out by the farmers round about, and a tramp was caught. He is a man who has been looking for work in the vicinity during the past few days. The police are holding him because he is thought to have been with the man who made the assault.

Mrs. Harper is in a serious condition.

Fire at Michigan Soo.

Sault Ste. Marie, July 14.—Fire following an explosion at the Michigan Soo destroyed Blumrosens department store and then spread to surrounding buildings, several of which were gutted. The loss is probably in the neighborhood of $100,000.

COMPOSITE COMPANY GO TO QUEBEC ON SUNDAY

Were Inspected Last Evening by Major Clegg--Orders Were Read—Will Leave on Special Train With 91st. Highlanders of Hamilton.

The Composite Company for Quebec paraded last evening in full dress at the drill hall. In the absence of Lieut.-Col. Stevenson the company was inspected by Major Clegg. They presented a very smart appearance. They drilled in two ranks for the first time. The Oliver equipment, which has not been used as yet, was set up and tried on one of the men, making him a very complete soldier.

A change has been made in the departure of the company. They will march out Sunday afternoon, when they will entrain on the C.P.R. special with the 91st Highlanders of Hamilton.

The following orders were read last evening for the Composite Company:—

1. The company will drill Friday evening next in drill order when the Oliver equipment will be issued to all men going to Quebec.

2. An advance party consisting of 3 men will proceed to Quebec on to-night (Tuesday) by C.P.R.

The Company will parade on Sunday afternoon at an hour to be named later, to entrain for Quebec.

By order.
JOS MILLS,
Captain.

LADIES OF ALL SAINTS' HAD VERY SUCCESSFUL DAY

The Women's Guild of All Saints' church furnished over 1600 meals at the market hall yesterday and cleared a handsome sum, which will go towards the fund for the new church. The ladies served both dinner and supper and so numerous were their customers that it was almost impossible to accommodate them. However, the willing hands were many and excellent meals were served. The ladies wish to thank all those who assisted in any way, and particularly, the Malegama Tea Company, who supplied the tea used. It was pronounced excellent by everyone. The receipts for the day totalled over $400, which will be largely profit, as the bulk of the edibles was supplied by the ladies.

Fire at Belleville.

Belleville, July 14.—A frame building owned by Mr. J. C. Lake, and used by H. Melninch as a blacksmith shop, was yesterday afternoon destroyed by fire, also a small frame building adjoining, used as a summer restaurant. The steamer Annie Lake, which was anchored nearby, also suffered to some extent. The loss amounted to $500 or $600, with no insurance. The fire originated in the blacksmith shop, and is supposed to have caught from a spark from the forge.

Three-Year-Old Boy Hanged.

St. Catharines, July 14.—A little three-year-old boy, son of David Radford of Westchester avenue, was accidentally hanged about 11 o'clock yesterday morning.

His neck was caught in the rope of a small swing tied to a fence, and the little fellow was strangled before his position was discovered.

Dr. McDonald was summoned, and pronounced life extinct.

Brantford Township Farmer Killed.

Brantford, July 14.—William Prouse, a middle-aged farmer, residing in Brantford Township, was killed at Cainsville yesterday morning. He went to the village to make purchases and later sat down on the Grand Trunk tracks. It is thought he had a fit, to which he was subject, and that while lying unconscious on the tracks he was run over by a train.

Jumps From Train; Loses Foot.

Owen Sound, July 14.—Joe Walker of Markdale was brought to the Owen Sound General Hospital yesterday with his left foot almost severed above the ankle. Walker was asleep on a C.P.R. train and woke up thinking the train had passed his destination. He jumped and fell between the wheels.

Steamer on the Rocks.

Montreal, July 14.—The steamer Portsmouth, bound from Barry to Quebec, which is ashore near Cape Chatte lighthouse, in the Gulf of St. Lawrence, has on board a cargo of 3,700 tons of Welsh coal, the property of the British Admiralty, which is being sent to Quebec.

Walkerville Youth Drowns.

Windsor, July 14.—John Chapman, the 16-year-old son of William Chapman of Walkerville, was drowned in Detroit river opposite Belle Isle yesterday. He was scarcely able to swim and became frightened when he struck deep water.

Ven. Archdeacon Laussie, St. Augustine's church, Dundas, has been appointed Vicar-General of Hamilton diocese by Bishop Dowling.

CAME TO CITY; WERE WEDDED

Harvey Couple Took Advantage of Yesterday's Celebration to Call on Local Pastor

Yesterday's celebration in Peterborough was of more than passing interest to two young people from Harvey township. They took advantage of the demonstration to come to Peterborough and get married. The contracting parties were Miss Mary Amelia Montgomery and Mr. Cecil Crowe, both of Harvey township, and the ceremony was performed at two o'clock, by Rev. E. A. Pearson, and the witnesses were Mr. and Mrs. Charles W. Brown, of Dummer. The happy couple will reside in Harvey.

English Fund £10,000.

London, July 14.—Viscount Middleton, Lord Strathcona and the Lord Mayor were a deputation who waited on the Prince of Wales, who consented to hand over the £10,000 collected in connection with the Quebec tercentenary to Canada. The House of Lords contributed £1,700, the Commons £300. Nine regiments which served under Wolfe, every boy at Eton, Harrow and Winchester subscribed.

Prince Attends Court In Bed.

Berlin, July 14.—Prince Zu Eulenburg, who is being tried on a charge of perjury in connection with the scandals revealed last year by Maximilian Harden, the Berlin editor, rested on an ordinary hospital bed with Dr. Gennrich sitting at his side, during the court proceedings yesterday. Dr. Gennrich informed the court that the prince might be stricken with apoplexy.

Baby Stopped Car Traffic.

Chicago, July 14.—Street car traffic in Washington street was brought to a standstill for half an hour yesterday, when Mrs. John Ruloff, a passenger on an Armitage avenue car, while passing the city hall, gave birth to a girl baby. The woman was on the way to a hospital, accompanied by a nurse.

Thaw Case Again.

White Plains, N.Y., July 14.—Proceedings in Harry K. Thaw's application for a jury trial to determine his mental condition were yesterday adjourned until the September term of the Supreme Court of Westchester County.

The Daily Review

TUESDAY, JULY 14, 1908.

THE TWELTH

The celebration of the twelfth of July this year has aroused no "hard feelings." Even in Buckingham, Que. where ninety per cent are Roman Catholic, according to the Mayor's statement, the local Orangemen walked amid cheers. With few exceptions the speeches while still holding fast to the principles of absolute liberty of conscience and person, breathed a statesmanlike goodwill and a desire to draw closer in the bonds of friendship rather than to revive unhappy memories and to fall farther apart in growing discord. This spirit cannot but do good. The celebration in Peterborough was a tremendous one, but always orderly and considerate. It is not too much to say that at no time was there anything that the most sensitive could find no reproach themselves with.

THE BANK OF FRANCE

France, even more than England or the United States, possesses now the chief investing power of the world, and the Bank of France, rather than the Bank of England or the national banks of the United States, is the most powerful factor in the international money market. Yet, as compared with the United States, France is a small country. The United States is about fifteen times as large as France. It has over twice as many inhabitants. Moreover, France is burdened with a national debt nearly six times that of the United States. This country holds $400,000,000 more gold than France.

Yet France is able to export billions of dollars of capital and investlions of dollars of capital and invest it in England, *Russia*, United States and other parts of the world, while the Bank of France contains the largest single banking gold deposit in the world and is able to exercise a power much greater than that of any other banking institution. — Trade Review.

The article in which the above is comprised puts the financial power of France down to the economy of the French as a people and as a nation. Above all they avoid great risks. Of course they got into trouble over the Panama canal but that was because they were swindled out of their money. But such undertakings as the G.T.P., the Georgian Bay Canal, the Hudson Bay railway, the widening and deepening of the Welland canal, they would regard as madness in a country of six millions of people. Facts now as heretofore are stubborn things and it behooves Canadians to sit down hard on the policy of money spending carried on by the Laurier government. Sir Wilfrid is a notoriously bad financier. When it comes to figures he mixes up his statements so hopelessly as to render it necessary for his ministers to come continually to his rescue. In figures of speech however, he excels. There is no limit to his imagination. But then business is business not mere rhetorical flourish.

In France, speaking practically, every man is his own financier. The people are not in the hands of the great financiers. France is therefore truly and in the best sense, rich. There are not many poor there. In Great Britain there are the rich and those out of whom the rich make their money. The latter are never wealthy healthy or happy. All that is impossible in France. The system of finance and economy in vogue there does not put any one class in the power of any other. Consequently the people are happy and the nation secure.

TRADE STILL SHRINKING

While it is disquieting to read, after all the noise and bombast about it that in the year 1906-7 the total trade of Australia (population four millions) exceeded that of Canada (population 6 millions) by many millions, it is still more disquieting to find that our trade at the present moment shows no sign of recovering from the slump. Bank clearings for this last week show at Montreal a decrease of 24 per cent., at Toronto a decrease of 34 per cent., and at Winnipeg of 35 per cent. This is serious. There is no surer index of the condition of trade than bank clearings. Sometimes they continue good when trade has begun to flag, but they never reverse the proceeding, being always ready to become "optimistic" at the earliest opportunity. The failure of our last Dominion loan, while having nothing to do with trade, conclusively proves that we have mortgaged our future for all it will stand. The slump in the gross earnings of the railways has been tremendous. Unless Canada can improve her position by rigid economy she cannot do it otherwise for years to come. The immigration fizzle has proved how vain the flowery anticipations of our "statesmen" have been. Our present extravagance the financiers, contractors, engineers, etc., view with pleasure. "You must spend money to make money," they cry. If that be so always and without fail, why are we not making it? Surely we are spending enough. There can not be any complaint on that score.

THE ZEPPELIN

The Zeppelin air ship is the first really successful vehicle of the air. It is the exclusive property of the Germans. Being 424 feet long, it can carry 30 or 40 men and equipment [illegible] day on its voyage of over 400 miles. It dips or rises at will. Already the German press is threatening England with invasion. It is no mere Fenian flare-up but the concentrated and mature opinion of Germany. The Germans say that King Edward as the envoy of the British Empire has tried to isolate and ruin Germany, her great trade rival. The Germans openly boast of revenge. Will the Zeppelin air-ship give them the opportunity?

George Cooke, of St. John, N.B., was knocked off a [illegible] at Lower Gagetown and drowned.

EDITORIAL NOTES

Looks like good crops. Hooray!

It is now charged against Bryan that he accepted a railway ticket from the Southern Pacific for his western tour in 1900.

The immigration fad is petering out. We will now have time to work hard and catch up. But if immigration is the "whole thing," why stop it?

The "All Rot Route" is being boomed again. Figuratively speaking the Laurier Government is simply taking our resources out and throwing them into the street.

The immense $250,000 jam and pickle plant of Carsley & Co., Montreal, has shut down owing to the withdrawal of the item in the tariff which heretofore protected that industry.

Why did Sir Wilfrid ever hand us over to the financiers? Why did he seek to import the coolie? Why is he closing up the woollen mills, the jam and pickle factories, &c.? There is a black look-out indeed.

Mr. Borden declared that if the latter wanted any pointers on headlines he should refer to the Liberal campaign pamphlet of 1904, in which "A National Transcontinental Railway for $13,000,000" was advertised.—The Globe.

We are very much inclined to think that the Kingston Standard is a wolf in sheep's clothing. When it criticises Conservative journals in the way it does so as to give ammunition at the right moment to Grit newspapers it is time to say, "Save us from our friends." The party press does not want any of these patronizing airs from the Standard, we can assure it.

The total length of the National Transcontinental or the portion of the line from Moncton to Winnipeg was 1 803 miles, and the estimated cost was $63 427 per miles or a total of $114 393,767. —The Minister of Railways and Canals, as reported by the Globe.

Sir Wilfrid pledged his word to the country that the cost would be not over $13,000,000. He was out, therefore, according to Mr. Graham's statement, by $101,000,000. The real facts are much worse. However, the point is that the estimate upon which the last election turned was wrong to at least the degree admitted by Mr. Graham.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address —Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address, and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

SOME RECENT HAPPENINGS AT CHEMONG

Dance Will be Held This Evening —Many Visitors at the Park

Chemong Park, July 13.—The summer season is now in full swing here. There are several new launches and sail boats on the lake and everything points towards a very busy season. Mr. G. A. Hollingshead brought around his fine launch from Peterborough the other day, and it is being much admired.

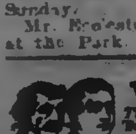
This evening a few of the cottagers are proposing to hold a small dance in the pavilion and an enjoyable time is expected.

Miss Myrtle Reid spent Sunday with Miss Ethel Tully at Chemong.

Mr. O. Milburn spent Sunday with friends in Chemong.

Mr. V. Tully was at Chemong over Sunday.

Mr. Ecclestone spent the week end at the Park.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts
Ten insertions	—	$1 00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

"FRUIT-A-TIVES" CAN BE HAD IN 25c. TRIAL SIZE

AS WELL AS IN REGULAR 50c. BOXES.

Everybody Can Afford To Give These Wonderful Tablets a Trial at Least And Prove Their Value.

"Fruit-a-tives" or "Fruit Liver Tablets," the wonderful medicine made from the juices of ripe fruits, have scored a remarkable success. The demand for them has grown in four years till it now extends from the Atlantic to the Pacific. Druggists at first bought them in lots of one dozen boxes—to retail for $6.00. Now it is no uncommon thing to receive orders from wholesalers for 100 gross lots (14,400 boxes)—to retail for $7,200.

There is only one reason for this great success—they cure sick people.

But still there are homes where "Fruit-a-tives" have not been tried—homes where they still suffer from Constipation, Biliousness, Kidney Trouble, Skin Diseases, Neuralgia, Rheumatism and kindred painful and weakening ailments — often because they have not cared to risk 50c. to try "Fruit-a-tives" when other medicines—supposed to cure — could be had for 25c.

This last objection to trying "Fruit-a-tives" has now been overcome. We have put out a new trial size to retail at 25c. The price no longer stands in the way. Get a trial box and see for yourself that "Fruit-a-tives" will help you.

If your dealer has not the 25c. trial size, let us know. Give us your name and address and we will send you a booklet—free — containing valuable recipes and stories of what "Fruit-a-tives" have done. Fruit-a-tives Limited, Ottawa, Ont.

Evolution

By NELLIE CRAVEY GILLMORE.

Copyrighted, 1908, by Associated Literary Press.

Patricia turned from the window with a little shiver. The leaden sky had just released a hurricane of white feathers, and the rollicking flames in the great brass andironed fireplace magnetized her into the depths of a huge armchair, where she could think comfortably.

At last she drew in her breath with a deep sigh. She had reached a decision. Her face was very pale from the past hour's conflict of emotions, and her lips drew a determined red line above her dimpled chin.

She glanced at the clock—4! She had promised him her answer by 5, and it was still to be written and dispatched. She dashed a refractory tear from her eye and resolutely crossed the room to a writing table. The transient tenderness died from her face as she seized a pen from the rack and hastily dashed down the superscription.

The Elms, March 3.

My Dear Frierson—Certainly not. I can never be your wife after last night's revelation. Fortunately for me, I've quite outgrown my taste for fairy tales, and nothing you might say could alter my determination in view of the evidence of my own eyes. Very sincerely yours,

PATRICIA THURSTON.

As she reread the words some of the savage indignation that had come into Patricia's face while she was writing them died out. She pondered a moment, then tore the sheet in two and tossed it into the wastebasket. The clock struck the half hour after 4. She took up the pen again and wrote painstakingly:

The Elms, Thursday.

Dear Mr. Frierson—After considering the matter thoroughly I have come to the decision that I cannot marry you. There are so many things that make for a happy union, and, lacking in many of the requisites, I fear it would be an unwise step. For instance, two people just entering upon matrimony should in all cases begin by being able to trust each other implicitly.

I shall return all your letters by express. Please do likewise. Yours sincerely,

PATRICIA T.

She signed her name with a hysterical flourish and ran her eyes quickly through the curt sentences. Unconsciously her red lip curved upward.

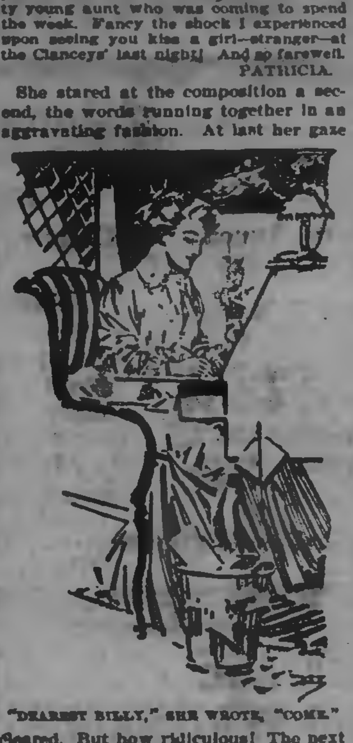
"Too sentimental," she sniffed and crumpled the paper in her hand. The clock ticked with warning insistence. Without hesitating she drew up a fresh sheet and began:

Thursday Evening.

Dear William—Of course after practicing a willful deception upon me it is out of the question for me to further consider your offer of marriage. We should never be happy with the knowledge of it between us even if I could go to the length of overlooking it, which I cannot. After all, it would have been simple for you to have told me that you had a pretty young aunt who was coming to spend the week. Fancy the shock I experienced upon seeing you kiss a girl—stranger—at the Clanceys' last night! And so farewell.

PATRICIA.

She stared at the composition a second, the words running together in an aggravating fashion. At last her gaze cleared. But how ridiculous! The next thing he'd be thinking she was—jealous! She must be more dignified, more impersonal. Once more she wrote:



"DEAREST BILLY," SHE WROTE, "COME."

My Dear Billy—No, do not get the ring. We have made a mistake. Let us still be friends. Cordially,

PATTY.

P. S.—By the way, I never knew before that your grandmother had been twice married. Strange you didn't mention it all these years. There's quite a difference in your mother's and Miss Hesslip's age, isn't there?

P.

The clock announced 5. Patricia glanced around, startled, to assure herself with her eyes that her ears had heard aright. In the tall mirror opposite that stretched from floor to ceiling she got a transitory glimpse of her face. It was pathetically altered. Her eyes, purple ringed with misery, stared mockingly back at her. The self contempt that swept over her hardened them instantly. Anything written under the influence of such an expression could not be other than absurd. With a petulant hand she swept the still unblotted lines aside and scratched laconically:

Billy—All is over between us. My answer is 'No.' Come for your letters and don't fail to bring mine.

P. T.

She folded the note with cold, dispassionate fingers. A pang went through her. She caught in her breath with a dry, audible sound. "Unexpected; telegram indeed!" she mused angrily. "I don't believe a word of it."

The striking of the half hour nerved her to seal the letter quickly and address it to "1918 West Twenty-ninth Street. Mr. William K. Frierson, City."

She stamped it with deadly deliberation and pressed the bell. While waiting for the messenger she sat staring absently at the name she had written—his name; written it for the one hundred and seventeenth—and the last time. She continued to stare at the stereotyped address through a blurred vision. After all, perhaps she had not expressed herself just right; at least, she might have been more courteous, as this was the end. There were still thirty minutes of grace. The chauffeur, running at speed limit, could make the distance in twenty!

She rose and threw the letter into the fire, then with a funny little gleam in her eyes watched it curl and blacken and sift to nothingness. She turned toward the writing table again, her thoughts shaping themselves rapidly and clearly. It was positively her last chance to be diplomatic, firm—final. Crimson flags were waving in her cheeks; twin sparks had kindled blue flames in her eyes; her breath came and went in little jerks. But her hands were steady as a die. She wrote:

Dearest Billy—Come.

The Sponge Animal.

If the sponge as brought up fresh from the sea bottom were a familiar object few would be in doubt as to its being an animal. When fresh it is a fleshy looking substance covered with a firm skin, and if cut it presents somewhat the appearance of raw meat. Its cavities are filled with a gelatinous substance called "milk." American sponges and those of all other parts of the world are inferior to the sponges of the eastern shores of the Mediterranean. The finest of all sponges is the Turkey toilet sponge, which is cup shaped. The American sponge most nearly approaching it in quality is the West Indian glove sponge.

Fame.

"Who was James Boswell?" asked the teacher of the class in English literature.

"He was Dr. Samuel Johnson's press agent," answered the young man with the bad eye.—Chicago Tribune.

Good temper is like a sunny day—it sheds its brightness everywhere.—French Proverb.

THE MARKETS.

New York Dairy Market.

NEW YORK, July 13.—Butter, easy; receipts, 9496. Creamery, special, 23c; extras, 22¼c to 22½c; thirds to first, 19c to 23c; state dairy, common to finest, 18c to 22c; process, common to special, 18c to 21½c; western factory, first, 19c; imitation, creamery, first, 20c.

Cheese, firm; receipts, 550; state, full cream, specials, 11½c to 12¼c; do., small, colored or white, fancy, 11¼c; do., large colored or white, fancy, 11c; do., good to prime, 10c to 10¾c; do., common, 8¼c to 9½c; skims, 7¾c to 8¼c.

Eggs, strong; receipts, 12,586; state, Pennsylvania and nearby fancy selected, white, 24c to 25c; good to choice, 20c to 23c; brown and mixed fancy, 22c to 23c; good to choice, 20c to 21c; western first, 18½c to 19½c; seconds, 17c to 18c.

CATTLE MARKETS.

Cables Steady—Cattle Lower, Hogs Higher at American Markets.

LONDON, July 13.—London cables for cattle are steady at 11½c to 13¼c per pound, dressed weight; refrigerator beef is quoted at 10 1-4c to 10 3-8c per pound.

Toronto Junction Live Stock.

TORONTO JUNCTION, July 13.—Receipts of live stock at the Union Stock Yards, West Toronto City, were 37 carloads, composed of 777 cattle, 11 hogs, 57 sheep, 12 calves and 37 horses.

Exporters.

Trade dull, only two loads being reported as bought for export purposes, and they were said to be the best on the market, and bought by Brown and Wilkinson of Galt, at $5.50 to $5.60; bulls, $4.25 to $4.75. George Rowntree bought some 1300 lb. steers, stall fed, for butchers' purposes, at $5.45 per cwt.

Butchers.

Best loads of butchers' sold at $5 to $5.25 per cwt.; medium, $4.50 to $5; common, $2.50 to $4; cows, $3 to $3.50, with a few good enough for export at $4 to $4.25 per cwt.

Feeders and Stockers.

There were none, and none enquired for.

Milkers and Springers.

There were eight milkers and springers on sale, all of which were bought by Fred Rowntree at $43 to $58 each.

Veal Calves.

Deliveries light and sold at $3 to $5.50 per cwt.

Sheep and Lambs.

Export ewes, $3.50 to $3.75; rams, $3 to $3.25 per cwt.; lambs, 7c to 8c per lb.

Hogs.

Gunns, Limited, report selects, fed and watered, at the market, $6.90; and $6.65 f.o.b., cars, at country points. Drovers reported all kinds of prices as being paid in the country, $6.75, $6.85, $6.85 and $7 was reported as being paid by Fearman of Hamilton at various points in Western Ontario.

Montreal Live Stock.

MONTREAL, July 13.—(Special.)—At the Montreal Stock Yards' West End Market the receipts of live stock for the week ending July 11, were 694 cattle, 695 sheep and lambs, 3317 hogs and 382 calves, while the supply for local consumption this morning was 1100 cattle, 130 sheep and lambs, 500 hogs and 150 calves.

A few choice bulls weighing from 1500 to 1800 lbs. each, were bought at 4¾c to 5¼c per lb. The extreme heat tended to check the demand from local and outside buyers for butchers' stock and trade was somewhat slow, even at the reduction in prices, as the quality of the stock offered was not up to the mark. There were no choice beeves on the market and the top figures realized for the best were 5½c to 5¾c and the lower grades sold from there down to 3½c to 3c per lb.

A weaker feeling has developed in the market for sheep and prices are ½c to ¾c per lb. lower than a week ago on account of the very discouraging advices of late from European sources, where prices have scored a sharp decline to 9c to 10c per lb., as against 13c to 14c some two or three weeks ago, consequently the demand here for sheep has fallen off considerably for export account and the outside price now for choice stock is 3¾c and the culls are selling at 3c to 3¼c per pound.

The local demand for spring lambs is good, of which supplies are none too plentiful and prices are maintained at from $2.50 to $5 each. Receipts of calves have fallen off very much of late and the undertone to the market in consequence is stronger and for the quality of the stock coming forward $3 to $7 each is being paid.

The market for hogs has ruled much stronger since last Wednesday and prices have more than recovered the decline noted on that day, as they were 25c per cwt. higher this morning, which was due to a lighter run and the continued encouraging advices from foreign sources for Canadian bacon. The demand was good from packers and dealers and an active trade was done with sales of selected lots at $7 to $7.25 per cwt., weighed off the cars.

East Buffalo Cattle Market.

EAST BUFFALO, July 13.—Cattle—Receipts, 200; prime and shipping, steady, others strong; prime steers, $6.50 to $7; shipping, $5.75 to $6.50; butchers, $4.75 to $6.25; heifers, $3.75 to $6; cows, $3 to $5.25; bulls, $3 to $5.00; stockers and heifers, $3.25 to $4.50; stock heifers, $3 to $3.50; fresh cows and springers, active, $3 to $3 higher, $20 to $50.

Veals—Receipts, 100, active, 25c lower, $5 to $7.75.

Hogs—Receipts, 10,000; active, 10c to 15c higher. Heavy, $7.25 to $7.30; mixed, $7.25 to $7.35; yorkers, $6.75 to $7.30; pigs, $5 to $6.50; roughs, $5.75 to $6.10; stags, $4 to $4.50; dairies, $6.75 to $7.20.

Sheep and Lambs—Receipts, 1800; active, 25c higher; lambs, $5.50 to $7.25; yearlings, $5.50 to $6; wethers, $4.25 to $4.50; ewes, $3.75 to $4; sheep, mixed, $2 to $4.25.

Chicago Live Stock.

CHICAGO, July 13.—Cattle—Receipts, about 25,000; market, 10c to 15c lower; steers, $5.50 to $8.25; cows, $3.00 to $5.75; heifers, $3.00 to $6.00; bulls, $3 to $5.25; calves, $5.00 to $6.00; stockers and feeders, $2.75 to $4.80.

Hogs—Receipts, 35,000; market strong; choice heavy shipping, $6.95 to $7.05; butchers, $6.90 to $7.05; light, mixed, $6.70 to $7.00; choice light, $6.90 to $6.90; packing, $6.75 to $6.90; pigs, $4.10 to $6.35.

Sheep—Receipts, about 15,000; market strong; sheep, $4 to $4.50; lambs, $5 to $7; yearlings, $4.50 to $5.25.

Belgian Statesman Dead.

Brussels, July 14.—Count Demoride, president of the Belgium Senate, died in this city yesterday.

George Blackman, of Hamilton, is suing the Ontario Pipe Line Co. for damages on account of injuries in a natural gas explosion.

A Real Nice Husband.

During the reign of Queen Anne there lived in Jermyn street, London, a Mr. and Mrs. Howe, who were a well to do and apparently a very happy couple. After eight years of married life Mr. Howe suddenly disappeared, and nothing was heard of him for seventeen years, during which period his two children had died and Mrs. Howe had left her Jermyn street residence for a small house off Golden square. The extraordinary part of this real life romance is that Mr. Howe had never gone away from London at all and lived at Westminster under another name. Disguised, he attended St. James', Piccadilly, every Sunday and saw his wife there. Mr. Howe also frequented a coffee house which almost faced Mrs. Howe's house, and thus he could watch her movements. When seventeen years had elapsed Mrs. Howe received an anonymous letter in which the writer desired her to meet him in Birdcage walk the next day, as he had something important to tell her. Mrs. Howe went as requested and there met her long lost husband. Mr. Howe never explained the motives which had prompted his disappearance, and Mrs. Howe wisely did not press the subject. The reunited couple lived for many years after their separation happily, which is only one of the many cases in everyday life where truth is stranger than fiction.

A Surprised Scotchman.

In the year 1739 the Russians and Turks, weary of war, commissioned two plenipotentiaries—on the Russian side Marshal General Keith, on the side of the Turks the grand vizier of the sultan—to make peace. The two diplomatists met and carried on protracted negotiations through interpreters.

When all was satisfactorily settled the plenipotentiaries rose to take formal leave of each other, the marshal making his bow with his hat in his hand and the grand vizier his salaam with his turban on his head.

These ceremonies of leavetaking over, the grand vizier suddenly straightened himself and, to the marshal's utter astonishment, marched up to him, gripped him affectionately by the hand and in the very broadest Scotch cried: "Dinna be surprised, man. I'm frae the same country as yoursel'. Weel I mind seeing you and your brither when boys passing by the school at Kirkcaldy."

"Why, who—who are you?" gasped the marshal, staggering back in his bewilderment.

"I am the grand vizier to the sultan of Turkey, but—my father was bellman o' Kirkcaldy!"

Son of Havelock.

Mr. George Broadfoot Havelock, who died at Bournemouth aged 60, was the youngest son of Sir Henry Havelock, and brother of Sir Henry Havelock Allan, who was shot by Khyberis near Ali Masjid in December, 1897. After serving in the 98th Regiment and 101st Bengal Fusiliers, he joined the Bengal Police as an assistant district superintendent in 1875. Apart from a year spent in Assam his service was confined to various Bengal districts. He became a district superintendent of police in 1887 and retired from the service five years later.

MOST IMPORTANT DISCOVERY OF THE AGE NEW MEANS OF PRESERVING PERISHABLES

The discovery consists of a carbon vapour or gas, generated by heat, which thereupon forms a delicate, impervious germicidal covering for all perishables. Heat applied again causes the covering to be removed absolutely from the perishable. Such removal however is not necessary since the carbon covering is tasteless and harmless. This the greatest discovery of the age at any rate in organic chemistry is the work of a great Frenchman, M Hislaire. Meat, bacon, milk, eggs, fruit and all perishables are easily and cheaply treated and the process being a simple one it is capable of being made use of by the housewife without difficulty. This discovery means much to countries like Australia, New Zealand, the South Sea Islands, Canada, the United States and South America. The centres of the world's population will in a few years be supplied from every quarter with the most perishable goods in perfect order. It will completely do away with what is known as preservatives so harmful to health and with refrigeration which when it is withdrawn leaves the objects treated liable to instant putrification. For a time no doubt this wonderful invention will give a stimulation to the industries within its scope but in the end the cornering of the medium of exchange, cash, will leave the great mass of the people as helpless as before. Some day even this difficulty will be overcome. In the meanwhile let us be thankful for such discoveries as M. Hislar's.

INFORMATION ABOUT THE CAMP

Some Matter That Should be Read by Those Going to Y.M.C.A. Camp

Below will be found some information for boys going to the YMCA camp on Wednesday, July 15th:

The boat will leave Wolfe street wharf immediately upon the arrival of the Port Hope and Lindsay trains, or about 8.30 am. As the boat will be late in starting the camp will not be reached until early in the afternoon and each boy had better bring a lunch.

Each boy pays his own fare on the boat.

Remember to bring the blankets, and quilts, plate, cup, saucer, spoon, etc. The boys are counting on the best time from start to finish.
thing doing from start to finish.

For visitors days, Monday the 20th and the 27th have been set aside. The parents are cordially invited to spend the day with their boys at Sandy Point. Bring your friends and have a picnic that day.

Frank O'Brien hit his head on the stone coping of a Welland Canal lock at St. Catharines and fell in, but was rescued.

Clyde K. Green, traction manager of the Dominion Power and Transmission Company, has been appointed master of construction.

SPEAKS INTERESTINGLY OF LIFE ON THE STAGE

Miss Josephine Sproule, of "Cupid at Vassar" Opera Co. Visiting in the City—Has Had Successful Season—A Former Resident of Peterborough

Miss Josephine Sproule, formerly of this city, and who during the past theatrical season has been with the "Cupid at Vassar" Opera Company, is at present the guest of her aunt, Mrs. John Haggart, Brock street.

When a Review representative called upon Miss Sproule this morning she very kindly consented to an interview and related some interesting incidents in connection with her stage career. Miss Sproule graduated from the Peterborough Business College three years ago, but the life of a stenographer was too monotonous for her. "I always wanted too go on the stage," she said, to the reporter. "It had a great fascination for me and my ambition was partly realized when I joined an opera company."

Miss Sproule has spent the past two years on the stage. Her first season was with Miss Grace Cameron in "Little Dolly Dimples." Miss Sproule was Miss Cameron's understudy and during a severe attack of tonsilitis, which Miss Cameron suffered in Philadelphia, Miss Cameron took the leading part Miss Sproule speaks very highly of Miss Cameron, who is recognized as a very clever little actress. Miss Cameron, it will be remembered, played here last fall.

"Despite the fact that the past theatrical season has been generally a poor one our company had a very successful run," said Miss Sproule. After rehearsing for four weeks in New York, the Cupid of Vassar Company opened up its season on the 23rd of August at Waterbury, Conn. Miss Sproule travelled extensively, touring the Southern and Western States. She also played in Vancouver and Victoria, B.C. Her season closed the first of June at Madison, Wisconsin.

"The Cupid of Vassar" is a musical comedy in four acts by Owen Davis. The lyrics are by Toten Smith and the music is by A. Baldwin Sloane. Miss Florence Gear played the leading part. Miss Sproule played the role of Patty Snow, the stuttering girl. She had a solo number in the second act, "I only want the band to play a waltz for me."

Miss Sproule is a clever little person and a conversation with her is most interesting. She intends to devote her life to the stage. She is fast coming to the front and is bound in a short while to be a star. She intends to return to Baltimore on Monday next where she will visit her mother until August, the first, when she goes to New York. She does not know as yet what she will play in next season.

DELIGHTFUL EVENING TRIPS

The Steamer Otonabee will commence regular evening trips under the auspices of the Peterborough Band, on Tuesday Evening, July 14th, leaving Wolfe Street Wharf at 8 o'clock, returning at 0:30. Tickets 15c., 2 for 25c

---

Hamilton's 12th of July celebration on Saturday was the largest and most successful in its history.

Walter, the 11 year old son of Jas. Pennington, Windsor, was killed by a knife being driven into his heart when he fell from a log.

RELIEF ASSOCIATION IS MEETING AT KINGSTON

The annual meeting of the Oddfellows Relief Association is being held at Kingston and Mr. J. A. Tully, of this city, is in attendance. Mr. Tully has just returned from a trip through the Province of Quebec, where several new lodges have been instituted. Mr. Tully states that Oddfellowship is making steady progress in the Lower Provinces. In Ontario nineteen new lodges have been instituted during the past year, several of them in New Ontario. There will be a very creditable showing to report at the meeting of the Grand Lodge in August.

Mr. Tully will enjoy a short holiday after returning from Kingston.

THIS MAN JOINED ORANGE ORDER WHEN 11 YEARS OF AGE

Fifty-eight years an Orangeman is the record of Mr. C. Argue, of Janetville Lodge, which took part in the demonstration here yesterday. Mr. Argue "walked" in the afternoon and was greatly pleased with the celebration. Mr. Argue joined Drumarain Loyal Orange Lodge, No. 1625 in Ireland. At that time he was only eleven years of age. On coming to Canada he joined Janetville Lodge, No. 84, in 1878, and has now been a member of that lodge for thirty years. All told Mr. Argue has been a member of the Orange Order for 58 years. Mr. Argue was in Belfast at the time of the riots there in 1864, and remembers distinctly the exciting events of that time.

When overheated take a glass of iced "Salada" Tea. It will prove most refreshing. As delightful as a dip in the sea.

A woman in London was unconscious for an hour from the heat on Saturday.

TO MAKE PIGEON RIVER NAVIGABLE

"Bob Hall" Left To-day to Commence Work of Clearing Channel

The Government steamer "Bob Hall" left this morning for Pidgeon river. It has been decided to clear away the rubbish and clear out the channel so as to make it navigable for steamboats. The "Bob Hall" is well fitted for the work and will no doubt carry it out successfully.

CITY NEWS NOTES

BOARD OF DIRECTORS

The Board of Directors of the Y.M.C.A. will meet tonight at six o'clock.

MARK ST.

Rev. C. H. Coon, of Mark street Methodist church, and the Rev. J. G. Lewis, of Picton, formerly of Mark street, will exchange pulpits for Sunday 19th and Sunday 26th.

FOUND

A child's pocketbook containing a return ticket to Havelock was picked up on the street to-day, and is awaiting an owner at the police station.

A GOOD BAND.

The Sylvester band of Lindsay, which appeared here yesterday attracted considerable attention by its good playing. The band is a credit to the town to which it belongs.

SOME VISITORS AT STONY LAKE POINTS

AT VIAMEDE

At present Viamede is crowded pretty much with tourists enjoying a quiet holiday and a fish. There are now over fifty guests registered and next week Mrs. Graham expects a party who will fill the house and she expects to have no more rooms to let for a week or two at the least. Viamede is more popular than ever this year and there are more guests registered than anywhere else on the lakes, and it is strange to say there appears to be an extra attraction there for bridal couples as they have had nine different bridal parties on their honeymoon.

It is strange to say that Viamede is even more popular than Juniper this year and there is a great deal of dancing goes on there but the reason is easily found out when a person makes an attempt to play the piano, in the pavillion at the store, for you can neither get sound nor tune but of it. but we are very glad to say that it is rumored that the Cottagers' Association are going to purchase a new one in the near future.

Fishing is exceptionally good in the vicinity of Viamede at present.

Among the guests that are registered at Viamede are:

J H Chant and Wife, Lakefield; R H CChant, Lakefield; L H Reesor, Toronto; F C Parm, Rochester; E. W. Livingstone, Rochester; F J. Wiggs and wife, Rochester; Dr R W Bell, Toronto; V B Wilson, Lindsay; R P. Wilson, Lindsay; W H Wilson, Toronto; A Blanchford, Rochester; Mrs C R Fox, Miss Edith Fox, F. Good, C M Box, Cincinnatti, Ohio; Rev and Mrs. W S McCoy, Rochester; Miss A McCoy, Rochester; Mrs C Fitz Simons, Rochester; Mrs F W Farmer, Toronto; Mrs J E March, Moncton, N. B.; W Clark and wife, Toronto; G O. VanHorne, R P Storneie, J S M Raisbeck and wife, Rochester; J W M. Smith, Toronto W C Goodge, Rochester; J A Tweedle, A J Williamson and wife, Toronto; L C Douglass and wife Altoona, Pa.; Hugh Kidd, Warsaw; R G Hendren, Warsaw; W A Stewart, B Shalen, Rochester; H A Smith, C. McNeill, W Malamis, Toronto; Dr Hayes G Jickey. C Nevins, J Becher, T. W. Eastland, Buffalo.

AT BURLEIGH.

Burleigh Falls and hotel proves to be a better attraction than ever this year for tourists, the hotel being filled completely, and also all the cottages are rented. The fishing at Burleigh is exceedingly good this year, there being large quantities and large fish being caught mostly by our friends, the Americans. Among the guests who are registered at Burleigh at present are;—J P Sawyer, Cleveland, Ohio; David R Sawyer, Baldwin Sawyer and S. H Lange also of Cleveland; Mr and Mrs C L Blokholm, Rochester; Miss C P Meyers Rochester; R J Morreson, Montreal; E Elcome, D Jordan, Mrs J Comstock, Miss E Knox, Miss M Mason, Miss A Gillespie, J Kunnisburgh, Peterborough; L E Hall and wife, Chicago; J E Galbraith, Rochester; James Simpson, Montreal; J A Sweesdale, Toronto; Dr Langfeldt, Dr E H Ayma, Peterborough; J B Anderson, Brooklyn; W H Pretty, E K Mahon, R Mensies, R E Wood and wife, Miss Perry, J C Smith, Peterborough; B S. Barnes and sister, Hamilton; Mrs and Miss Ford, Hamilton; A E Nelson, Rochester; A M Frederick, Mrs A M Frederick, Freda Frederick; G D Harnor and wife. W A Klingensmith, New Kensington, Mass.; F J Might, Peterborough; L M Harris, J F Wilson, Mr and Mrs C Flowers, George Meng and wife, Toronto; H F Ambrose and wife, Cleveland; G Adams J C Huff, Peterborough, Pa; J D Sooten, A Henderson, Chas Mather, Candger, Elmira; Dr R W Bell, Toronto; R C Strickland, Lakefield; L B McFarlane, H B McFarlane, Toronto; R D Litchford, G R Johnston, J H Wallace, Lindsay; William Cresswell and son; B Blashoral, New York; A R Leitchford, R C Wilson, Rochester; Jas. Brochus Brandstead.

The largest crowd of the season came to the lake Saturday evening on the night boat, which was over an hour late. Among the week-end visitors were Fred Craig, sporting editor of the Examiner; J. D. Craig

Arthur Elliott and Douglas Layfield were the guests of Thomas Harris.

Miss Elliott returned to the city after spending a very pleasant holiday at the lakes.

W. H. Meldrum spent the week at the lakes.

J. S. Knapman came up to "Forest Home" over Sunday.

Hon. J. R. Stratton spent the week end at the lakes.

Mr. Frank O'Shea, was a guest at "Saint's Rest."

Mr. W. F. Nelson spent the week-end at the lakes.

Messrs. David Conroy and Everett Olos spent the week end at the lakes.

Karwartha Park is proving to be very popular this year and Miss Brown at "Woodside" has quite a number of guests.

There is a party of ten jolly people registered there at present from Pittsburg, who consists of Earl Walker, Paul Miller, Frank Weaver, Mr. and Mrs. Miller, Mr. and Mrs. Walker, Mr. and Mrs. McKenney and Mrs. Ranrage.

ORANGEMEN REPUDIATE THE STATEMENT MADE YESTERDAY

That Roman Catholics are Ineligible for Enjoyment of Full Civil Rights.

The Review has been authorized to say by the leading officials of the local Orange Associations that the remarks of Rev. A. H. Brace, made at Central Park yesterday, to the effect that there would be a resolution moved at next Grand Lodge looking to the exclusion of Roman Catholics from the Premiership, are at variance with Orange principles, with the ideas and aims of Orangemen, and, further, that no such resolution was ever hinted at or will be passed at any lodge meeting, since one of the cardinal principles of Orangeism is to protect all loyal subjects in the enjoyment of their constitutional rights irrespective of their religious beliefs.

The statement referred to is reported as follows in to-day's Toronto World;—

Peterborough, July 13.—Speaking to a monster gathering of Orangemen here to-day, Rev. A. H. Brace, of the Cobourg Baptist Church, said he hoped the day would come when a law would be passed prohibiting a Catholic from becoming premier of Canada. Mr. Brace is a former pastor of the Park street Baptist church here, and his remark created somewhat of a sensation. Mr. Brace denounced what he termed the aggression of Rome and called upon Orangemen and Protestants to stand together.

FIELD DAY OF DRUNK AND DISORDERLIES TO-DAY

Big Docket in Police Court This Morning—City Enriched by Several Fines—Man Charged with Assaulting P. C. Meharry.

There was a regular field day of drunk and disorderlies in the police court this morning, some having carried their celebration a little too far yesterday. The prisoners' dock was crowded this morning and some had to sit on a bench. His Worship disposed of the cases in quick order, most of them pleading guilty while others were remanded until this afternoon at four o'clock.

George Taylor, who resides near Ennismore was fined five dollars for assaulting George Ridge. He pleaded guilty. He did not have the money, but promised that if given time he could pay it. His Worship allowed him three days.

RAN INTO BUGGY

Jas. O'Keefe of Lindsay had to pay the tidy little sum of $13.75 for his fun yesterday. He pleaded guilty to willfully colliding with the buggy of Mr G. W. Green while driving on Aylmer street yesterday afternoon. He was doing some furious driving regardless of what he struck or what damage he did. He was fined five dollars and five dollars compensation for the damage done and the costs of the court, amounting in all to $13.75. It was payable forthwith or one month in gaol. A friend came forward and paid the money.

ASSAULTED P. C. MEHARRY

Fred Conway was charged with assaulting P. C. Meharry. He pleaded not guilty and was remanded until this afternoon.

Charles Sleek was in court for being drunk and disorderly and was remanded until the same time. P. C. Meharry was trying to arrest Sleek at the GTR. station last evening when Conway interfered and assaulted the policeman.

DISORDERLY IN CAFE

A young man was fined $5.75 for creating a disturbance in the Dominion Chinese restaurant yesterday. He pleaded not guilty.

Mr. George Thomas, the proprietor, stated that the prisoner had come to his place at different times and always went out without paying. Mr. Thomas wouldn't let him sit down until he paid. The prisoner broke the dishes and hit Mr. Thomas with a chair.

Harry Hamilton corroborated what Mr Thomas had said.

Robert Morrison pleaded guilty to being drunk in a public place and paid a fine of two dollars.

Joseph Smith was charged with being a vagrant. He pleaded not guilty saying that he just came from Toronto for the celebration yesterday. He was arrested this morning by P. C. Meharry at Burnham's Point. Kate VanNorman was arrested with him and was charged with being a prostitute. Both were remanded until this afternoon.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F. R. J Macpherson's. tf

AN EXCURSION FROM TORONTO

Engineers' Club of That City Will Visit Lift Lock on Thursday

The Toronto Engineers' Club are running an excursion to this city on Thursday. They will arrive here by the C.P.R. midnight and will stay in the local hotels. Thursday morning a visit will be made to the lift lock, after which the crowd will board a steamer and proceed up the canal to Bobcaygeon. There they will take the evening train and will return to Toronto.

FINGERS CAUGHT IN ELECTRIC FAN

Mr. W. Edwards of the "Crystal" Met With Accident

Mr. W. Edwards of the "Crystal," while fixing one of his electric fans this morning, had the misfortune to have two fingers of his right hand scraped clean to the bone. They were drawn in by the current of electricity, and it was with some difficulty that he got them out. The fan was also badly twisted.

Mr. Edwards had his fingers dressed, and while they are very painful they are not seriously injured.

SPORTING NEWS

LINDSAY WAS EASY PICKING FOR THE LEAGUE LEADERS

It seemed like old times yesterday when Lindsay and Peterborough came together in a baseball match, and what was most familiar about the thing was the easy manner in which the Petes won the game. Nine to one was the score and the locals could have doubled their runs if they had exerted themselves. From start to finish it was Peterborough all the way, and it was really a shame to see how they rubbed it in.

The game was a long time in getting started, it being well on to 4.30 before the teams lined up. It was slow enough as it was, and the frequent downpours of rain did not tend to enliven the proceedings. There were about 200 fans present, and they witnessed one of the best slugging matches of the season. There were hits galore—singles, two baggers, triplets and home runs—and most of the fun came Peterborough way. Both Edmunds and Hawkins knocked a homer in the same innings and both took the same direction each time—the creek. And so as not to be mean about it and send the Lindsayites back home with shut-out on their backs, Clements allowed them to tally one run in the fourth. Then Hawkins took the box, and not being of the same kindly disposition as his predecessor, he shut out the visitors for the rest of the game.

Fred Anderson had a lot of work at second, but he handled everything in great style and besides cracked out a fine triple in the fourth. As usual Maddock at short, was there with the goods, showing the crowd what baseball sprang from, and with the exception of one bad error in the first stages of the game, Lawson's work at first was faultless. Murphy, O'Brien and Craig had a holiday in the outfield most of their time being taken up in doing the Orangeman stunt up to and away from bat. What came their way, however, was well looked after and all took their share in the hitting.

Cinnamon essayed to do the pitching for Lindsay for the first five innings but he made a sorry mess of it. But if he did not show the crowd what good twirling was, he made up for it by delivering himself of several hundred feet of hot air. He's the same old Bill and will never change. Hopkins, who followed him in the pitching line, was a little better, having plenty of steam and good curves, but he was inclined to be a trifle wild. Dobson, who played here with the Straths for a few weeks at the beginning of the season, was playing short-stop for the visitors and covered his position well. The rest of the team's work in the field was not so bad, but they were probably weaker at the bat.

The Peterborough line-up was much the same as played last Saturday's game with the Athletics, and all played their positions to perfection. Clements pitched the first four innings, holding the Scugogites down to one hit, a two-bagger, and fanning four. Hawkins finished the game, allowing two hits and fanning four. Neither of the pitchers appeared to be exerting themselves, always keeping the game well in hand. Edmunds caught and threw well behind the bat, and besides had a home run.

SUMMARY.

HOW ABOUT AN ALL STAR CITY LEAGUE BASEBALL TEAM?

The suggestion has been made that an all star city league team play a game with the Athletics of the Midland League. There are a number of fans who think that a nine can be selected from the city league who could pretty nearly take a fall out of George Lynch's team and a game between the two teams would be a big drawing card.

Who would be on an all star city league team. This is the question that arises. To pick a representative nine is a difficult matter. It looks at first glance as if the Strathconas would supply the majority of the men. When it comes to considering pitchers there are four who have something pretty good. Belleghem of the Straths, Mahoney of the Lakeviews, Hayes of the TAS and Butcher of the West Ends all have pitched uniformly good ball and would have to be considered when selecting the twirling staff. It might be possible to use the four of them in a game. There are two catchers who appear to stand out over the others, namely Wilson of the Strathconas and Len Giroux of the TAS nine. Wilson has the second best record of the bunch. Craig of the Straths would be about as good as could be selected for first base while Leo Derocher and Pete Weatherstone are about even up for the half way sack. McMillan of the Straths looks good for the third cushion. If Weatherstone would play short stop, the all star team would have a remarkably strong team, would have a remarkably strong infield. For the outfield there are such good men as Doherty of the TAS; Shaw of the Straths; Cyril Giroux of the T.A.S. and McDonald of the Y.M.C.A. team.

The above are only suggestions and perhaps can be improved upon.

The Review will be glad to receive suggestions as to an all star city league team and will publish line-ups and other matter sent in.

HAVELOCK WON FROM DELORO

Railroad Town Kickers Add Another Victory to the List

Havelock, July 15.—The Havelock senior football team journeyed to Marmora on Saturday, July 11th, and played an exhibition game with the Deloro eleven. The game started at 6 p.m. and was in Havelock's favor nearly all the time, although they had on two junior men.

On the whole the game was a fast one and an exhibition of good football. The score ended 3—0 in favor of the railroad town. The following was the way Havelock lined up:—

Goal—L. Stuart.
Backs—K. McKay, H. T. Andrews.
Halfs—C. Robinson, H. Mathison.
Centre—Meads.
Right Wing—Lancaster, Ryan.
Left Wing—Quackenbush, Vare.

The return game will be played at Marmora at some later date.

B.A.C. TO HAVE FIELD NIGHT

Will Have Programme of Sports on Friday Evening

The B.A.C. boys are holding a field night down the river on Friday evening. A suitable programme of sports is being prepared and some keen competition is expected in the jumps and sprints. There is considerable athletic talent in the club, and a good time is being looked forward to.

BASEBALL

GAME TONIGHT

The Strathconas will play their league game tonight with the Y.M.C.A. at Nicholls Oval at 6.30 o'clock. The following team will represent the Strathconas:

Weatherstone 2b
Kendry ss.
Belleghem p.
McMillan 3b.
Wilson c.
Shaw lf.
Parnell cf.
Graham 1b.
Allison rf.

A full practice of the TAS. ball team is called for tonight at 6.30 at the field. The following are requested to be out: Hayes, L Giroux, G McFadden, W O'Brien, J Doris, L Derocher, M O'Brien, Cahill, Doherty, C Giroux, Corkery, Quinlan, F. Derocher, Devlin, Hickey, Whaley, H O'Brien, and Lacombe.

SPORTING COMMENT

A week from next Friday will see the finish of the great Marathon race. The race will start at the King's private grounds at Windsor Palace. The King himself will give the signal for the start, which gives a reason why the event is so eagerly anticipated and why the honor of winning it is so deeply coveted by the athletes of the world.

The course itself is rather treacherous, being full of all kinds and conditions of twists and turns, but this objection is overcome by the fact that it is fairly level.

The race will finish with one lap on the running track of the Stadium, completing in all a run of 26 1-2 miles.

LACROSSE MEN MEET TO-NIGHT

Locals Invited to Play at Trenton and Lindsay--A Practice Called

An invitation has been extended to the lacrosse players of this city to send a team to Trenton on the 12th of August, when a large celebration is going to be held.

For this reason, the management have called a meeting of all the lacrosse players of the city, at the T.A.S. rooms this evening at eight o'clock, when the selection of a team will be considered and other arrangements made.

There is also an invitation from Lindsay to send a team to that town in the near future and the matter will be looked into this evening.

It has been decided to hold a practice of all the players at Riverside Park to-morrow evening. All those wishing to catch a place on the team will please take notice.

CRICKET

The Cricket Club would like very much if the person or persons who stole the big screen, ten feet, by twelve, from the Nicholls Oval, would return it as soon as possible. It was left there on June 25th. Whoever has taken it will please return it at once and avoid further trouble.

CON. WALSH SECOND IN THE HAMMER THROWING CONTEST

Flanagan, of New York, Takes First at the Olympic Games—McGrath Was Third—Melvin Sheppard Won the 1,500 Metre Race.

Special to J. N. Barber.

London, July 14.—In the Olympic contest J. J. Flanagan, of the Irish-Americans, New York, won the final throw in the hammer throwing, with 170 feet 4 1-2 inches. This broke, not only the Olympic record, but professional and amateur records of Great Britain. Con Walsh, of Canada, was second, with 169 feet 1-2 in. and Martin McGrath, New York policeman, was third, 167 feet 11 in.

London, July 14.—The twenty kilometer bicycle race resulted as follows,—First heat, L. Meredith, England, first; time 33.21. Second heat, Kingsborough, England, time 32.33 4-5. Third heat, Weintz, America, 33 93 4-5. Fourth heat, Jones, England, 32.39.

London, July 14.—The 3,000 metre walk resulted as follows.—First heat, Larner, England; time 16.32. Second heat, Webb, England. 16.17 1-2. Third heat, Goulding, Canada. Time, 16.32.

London, July 14.—The 3.500 metre walk final, —Larner, England, 1st, by ten yards; Webb, England, second, and Kerr, Australia 3rd. Time, 14.56.

London, July 14.—To-day's card includes the final in the 1,500 metre run in which are entered two Americans, five Englishmen and one Canadian. The Americans have entered a protest against Tom Longboat, the Canadian runner.

London, July 14.—Melvin Sheppard, of the Irish American A.C., of New York, won the 1,500 metre race.

STACEY IS LOOKED UPON AS DANGEROUS FOR HOAGLAND

Irish Canadian a Game and Wonderfully Speedy Walker—Was So Sick He Could Hardly Stand, But Stayed in Relay race for Some Time—W. Spencely Won County Championship at Brock St., Doing 6 Miles 4 Laps in an Hour.

The handful of people who were present at the walking contests put on by Mr. George Stevens at the Brock street rink yesterday had the pleasure of seeing a walker of exceptional ability perform. That walker was James Stacey, of the Irish-Canadian Athletic Club of Toronto and the way he made the miles look short was most sensational. The local students of the heel and toe game immediately recognized in him a man who could be looked upon to give the celebrated Hoagland a great bout for the money. He steps out in wonderful fashion, tears down the stretch in what seems half a dozen steps and when he takes the fancy to sprint he glides along like a man on roller skates going down grade.

And at that the spectators didn't have a chance to see him at his best for Stacey is a sick man. He has been suffering from bronchial trouble for some time, and his physician, Dr. Carmichael told him he was not fit to go on the track. But he feels most at home when he is in the thick of the fight and he went on to do his best and stayed with it as long as he could.

In the afternoon during the walk for the championship of the county he sailed a mile in 8.30 on the 13 lap track which is outside of the 15 lap course that was used by the ped who were out after the county honors. His time establishes a track record at the Brock street rink.

Cooper who was in the six day grind here in April got the credit for doing a mile in 7.40 but it really took him some minutes longer. He completed his first mile at 7.40 o'clock and in mistake was given credit for doing it in 7 minutes and 40 seconds.

Last night when the time came for Stacey to start in the 20 mile relay race against five men —Harrison, W. Spencely, Charlie Stevens, Joe Guerin and G. Spencely, each to walk four miles—was stretched out on a bench in the dressing room in a condition that rendered him more fit to lie in bed than to start in any such a gruelling affair as a walking contest. But he very gamely consented to go on the track and do the best he could. He deserves much credit for his pluck as he was indeed a sick man and he proved by his sacrifice that he is in no sense of the word a "quitter."

The first man he stalked up against was W. Spencely who won the championship of the county in the afternoon when he came first in the one hour race making six miles and four laps in the sixty minutes. So it will be seen that he is a walker who has enough speed to fade a great many heel and toe artists. And Spencely let loose at a great clip and the pair burned up the laps in fine fashion.

Despite his —Stacey's — condition, when Spencely had done his relay of four miles Stacey was a lap and a half in the lead.

The race started at twenty minutes to eight and by 8.18 the first four miles had been negotiated by Spencely making his time for the distance in 38 minutes. Stacey did it in 36 1-2 minutes.

Stevens then started out to walk his four miles. Stacey was only able to stay ten minutes longer and at 8.28 was so weak that he had to leave the track, Harrison taking his place and being given his score. Stevens stayed right at Harrison's heels all the way and the two put up a magnificent sprint at the end of Stevens four miles, Harrison winning by an eyelash.

G. Spencely dropped in but Harrison who, since he walked here last has acquired much better form and shows a remarkable gain in sprinting qualities, lapped him three times before he had walked his distance thus having a big lead when Guerin the last man started after him. Harrison maintained his lead for the four concluding miles and at a quarter after ten when Guerin had gone the limit required of him had it on the field by 4 laps. He had to his credit including Stacey's score, 16 miles 4 laps. One lap was gained by Stacey on W. Spencely, and the other three Harrison put on G. Spencely. A section of the 57th band, under the direction of Mr. Gliddon, was in attendance and made things brighter for the field and the audience.

COUNTY CHAMPIONSHIP

At one minute of the hour in the afternoon G. Spencely, Chas. Stevens Joe Guerin and W Spencely started in the walk for the county championship. The men finished in the order mentioned. The two Spencelys and Joe Guerin were seen for the first time on a Peterborough track. W Spencely, who is a long gaited youth with an abundance of speed is quite Hoaglandic in his style, and covers in the miles in graceful and effective fashion.

He took the lead early in the walk and soon had a lap. The boys walked on the 15 lap to the mile track, the course as did the walkers in the evening race.

When Stacey came on for his exhibition mile on the 13 lap track Spencely sprinted alongside of him and put a lap on the other starters. He walked 6 miles, 4 laps during the hour which is a magnificent showing and there can be no dispute as to the distance as the track was measured and certified to before the race commenced by Mr. W. C. P. Heathcote, C. E. of this city. Stevens who is getting faster all the time did 6 miles two laps and Guerin another clever walker, did the even six. G. Spencely was just a lap behind him.

At the end of the race the score stood as follows:

Name	Miles	Laps
W. Spencely	6	4
C. Stevens	6	2
J. Guerin	6	
J. Spencely	5	14

Mr. George Stevens was promoter of the walks and Mr. Marko Spencely acted as referee.

KING OPENS OLYMPIC GAMES CANADIANS DO FAIRLY WELL

Bad Weather Mars Inauguration of Olympic Events.

Distinguished Guests Occupy Boxes as Athletes March Past in Procession —Several Canadians Are Unplaced In Their Trial Heats—Temporary Shelters Were Erected Against the Downpour of Rain.

London, July 14.—When the City of London awoke yesterday morning it seemed as though the English climate, which was so kind to the sports held earlier in the year, was trying to show the 2,000 athletes assembled here for the Olympic games how disagreeable it could be. The past fortnight of unsettled weather, which has been a terror to the visitors who have been trying to get in the best form for the great physical exertions to make during the next two weeks, was followed yesterday morning by a downpour of rain which threatened to postpone the opening of the Stadium at Shepherd's Bush. Temporary shelters, however, were quickly erected to minimize the effect of the storm, and the inauguration of the Olympic games was carried out according to program.

Shortly after 3 p.m. the royal box commenced to fill up, the early arrivals including the Crown Prince and the Crown Princess of Sweden and their children, the Crown Prince and the Crown Princess of Greece, the Duke and Duchess of Connaught, and the Duke and Duchess of Argyle. Soon afterwards the playing of the National Anthem by a band of the Grenadier Guards announced the arrival of King Edward, Queen Alexandra and Princess Victoria, with their suites, who had been driven in state from Buckingham Palace.

Anglo-Saxons Last In Procession.

As the King entered the royal box a bugler gave a signal, the gates leading to the competitors' quarters flew open, and the athletes marched out under the banners of their respective nations. The procession was formed in apple pie order, Australia leading, with the exception that the English-speaking races came last. This latter section was led by the United States team, the British colonies being directly behind the Americans, and at the end the United Kingdom as hosts.

As the procession came into the Stadium each country received applause, that for America and the colonies being particularly enthusiastic, as the audience which braved the elements to witness the opening of the great games included large contingents from across the seas.

As the day advanced the downpour gave way to a drizzle, which, however, soon passed over, and as the time approached for the opening the sun came out occasionally, and with the assistance of a light breeze, brightened up the Stadium decorations.

Cheered the King.

The athletes, including the single representative from Turkey, having taken up positions facing the royal box, the Americans in the centre, flanked by the Canadians and the Englishmen, Lord Desborough marched up with members of the executive committee and said:

"Will Your Majesty graciously declare the Olympic games opened?"

In reply the King said:

"I declare the Olympic games of London open."

At the completion of this ceremony cheering broke out from all parts of the Stadium. After the demonstration had died down the athletes gave three cheers for His Majesty and then marched past the royal box.

The men made a splendid appearance, though unfortunately the weather prevented all of the competitors from coming out in the athletic costume.

At the last moment a change was made in the order of events. The first and second heats of the 1,500 metres (1,639.5 yards) run were placed first, and both J. D. Lightbody of the Chicago Athletic Association and J. P. Sullivan of the Irish-American Athletic Club were drawn in the first, and Melvin W. Sheppard of the Irish-American Athletic Club and J. P. Halstead of the New York A. C., in the second heats respectively, and in fact there will be two Americans in most of the eight heats of this event to be run.

Results of Heats.

The first heat of the 1,500 metres run was won by J. P. Sullivan, Irish-American A.C., J. D. Lightbody, Chicago Athletic Association, was second. Meadows of Canada was third. Sullivan's time was 4.07 3-5. Lightbody ran this event in the Olympic games at St. Louis in 1904 in 4.05 2-5.

First heat, 1,500 metres—1, J. P. Sullivan, Irish American Club, New York; 2, J. P. Lightbody, Chicago University; 3, Meadows, Toronto. Time, 4 min., 7 3-5 sec.

The second heat of the 1,500 metres run was won by Melvin W. Sheppard of the Irish-American A. C. J. P. Halstead, New York Athletic Club, was second. Sheppard's time was 4.05, two-fifths of a second inside the Olympic record made by Lightbody at St. Louis in 1904.

Butterfield, the former mile champion of England, was third in this heat.

The third heat of the 1,500 metres run was won by N. F. Hallows of England, Langhi of Italy was second. F. H. Riley of the Irish-American Athletic Club did not finish. Time 4.03 2-5. The fourth heat in the 1,500 metres run was won by Loney of England. Time, 4.03 2-5. H. L. Coe of the University of Michigan finished second.

In the fifth heat of the 1,500 metres Jack Tait of Toronto won easily by 30 yards. Time, 4.12 1-5.

The sixth heat of the 1,500 metres run was won easily by J. E Deakin of England. Time 4.13 3-4.

H. A. Wilson of England won the seventh heat in 4.11 2-5. Galbraith of Toronto was third. Wilson won ridiculously easy in 4.10 2-5.

In the eighth heat F. F. Crawford of England won in 4.00 1-5.

Yankee Swimmers Unplaced.

London, July 14.—The 400 metres (437.2 yards) swimming event, which is second on the program, was won by Battersby, United Kingdom. Lastoress of Hungary was second, and L. Budd Goodwin, New York A. C., was third. Time. 5.48.

The second heat was won by Foster, England. Time 5.04 4-5.

The third heat was won easily by Tartakover.

How Canadians Fared.

In the half-mile flat handicap, Parkes was unplaced in his heat.

In the three-mile handicap, Fitzgerald was unplaced. In the half-mile cycle, Morton was unplaced in his heat.

In the half-mile scratch cycle race, Anderson and McCarthy were beaten in their heats

Quarter-mile handicap—Sebert, with a start of 11 yards, won his heat in 50 seconds.

In the 400 yards handicap, Sebert was sixth.

In the five-mile cycle scratch race, McCarthy, Andrews and Young were unplaced in their heats.

The Meaning of "Muff."

The record of the fact that muffs were once worn by more men than women in Paris suggests the old ingenious definition of a muff as "a soft thing that holds a lady's hand without squeezing it." "Muff" appears to have come to us from German, in which language, curiously, "muff" means not only a hand comforter, but also a sulky person or a growling dog. These seem, however, to be two different words. Was our own metaphorical "muff" an allusion to the effeminacy of muff wearers or simply an intimation that the person was distinctly "soft"?—London Chronicle.

True to the Adage.

"My son, my son!" exclaimed the dismayed mother as she saw all her boy's belongings stacked in a corner of the closet. "Haven't I tried over and over to teach you that you should have a place for everything?"

"Yep," said the son cheerfully, "and this is the place."

GOLF

A golf team will arrive here tomorrow from Cobourg and will play the Peterborough team at the local links in the afternoon. The visitors are coming in automobiles and will dine at the Oriental. The Peterborough team will be as follows:—C. Hill, M. Hamilton, S. Ray, R. Neill, H. D. Burrett, A. H. Stratton, S. T. Medd, W. H. Denham, H. C. Finnie, W. H. Blanchet, captain.

HUSBAND AND SON CURED

A Mother's Praise of Zam-Buk.

Oakwood, Victoria.

Dear Sirs—I have great pleasure in stating that Zam-Buk cured my husband of barber's rash with twice rubbing. It also cured my little boy of a dreadfully bad arm after vaccination. I know of several other cures it has affected, and I cannot speak too highly of it. I am sure if people once try it they will always use it. Yours truly,

R. SAVILLE.

Zam-Buk is healing, soothing and antiseptic. It quickly heals wounds and skin troubles. Sure cure for piles. Sold by all druggists and stores, 50 cents a box, 3 for $1.25.

A WARSHIP TEST.

The Unexpected Beat to General Quarters at Midnight.

The ship is lying at anchor in a distant port. It is night, and nothing is heard but the tramp of the sentry on the forecastle and the ripple of water at the gangway.

Only the officer of the deck, the quartermaster and the guard are awake. The entire crew are below decks and dreaming in their hammocks.

The cabin door opens and the captain steps forth softly, fully dressed and wearing his sword and revolver. He speaks in a low tone to the officer of the deck, who sends an orderly forward with a message. In a moment the orderly returns, bringing with him the drummer, who stands silently at the mast, drumsticks in hand, watching the commander.

"Eight bells"—midnight—is struck. At a silent signal from the commanding officer the drummer poises his sticks an instant, then sounds the long roll, or "alarm," which is at once followed by the quick beat to "general quarters."

Instantly the scene changes to one of apparently the utmost confusion. Four hundred men leap from their hammocks. Passing a few turns of the lashings around them, they throw them into their "nettings," then spring to their stations at the batteries and cast loose the guns.

A moment more and a bright flash and roar from the forecastle pivot gun bursts upon the stillness and gloom of the night, followed quickly by the broadside battery.

Each gun is fired once, a blank charge, but enough to show that the gun is in good order and ready for service.

As suddenly the pandemonium subsides. Confusion gives place to silence and order and not a sound is heard, but the battle lanterns flashing along the crowded deck reveal the well disciplined crew standing at their quarters, every man equipped with cutlass and pistol, silent and alert. Sponges, rammers, supply boxes and battle axes litter the deck; everything is provided and ready as for action, while the captain, accompanied by the executive officer (the first lieutenant), with an orderly bearing a lantern, makes a thorough inspection fore and aft and below, including the powder division, magazines and shell rooms, to see that nothing is lacking which would be required in real action.

At the touch of the drum the ship has been changed from deathlike stillness to readiness for battle, every officer and man at his station, armed, silent, expectant—and all in less than three minutes!

Cause of Giantism.

A learned Italian doctor says that giantism is a morbid process, a disease due to an enlargement of a part of the brain which is endowed with growth regulating functions. When that part of the brain enlarged, the limbs grew to an abnormal extent and other physical changes occurred, the excess of growth being chiefly in the lower jaw, the arms and legs. No giant ever attains length of days. The average life is only a fraction over twenty years. Ireland has produced at least four giants—McGrath, born in Tipperary in 1736 (he was seven feet five inches in height); Malone, seven feet six inches; Murphy, seven feet three inches, and Charles Byrne, seven feet six inches. None of them ever reached great mental development.

Old Dances In Old Times.

In Edward Scott's "Dancing In All Ages" are some curious details about the dances of old England.

"Joan Sanderson" was a "jolly dance" in Mr. Scott's definition, for before it was ended each lady had kissed all the gentlemen twice, and each man had been equally enterprising. Mary Stuart danced the "Volta," though "not so high and so disposedly" as Elizabeth. In King Charles' time people danced "Trenchmore," the "Cushion Dance," "Omnium Gatherum" and "Hoite cum Toite."

"All In a Garden Green," "Gathering of Peascods," "Lamps of Pudding," "Under and Over," "The Bath," "The Slaughter House" and "Have at Thy Coat, Old Woman," are dances not quite so old.

Lovable Liszt.

It has been said that Liszt was the most loved man in history. This statement may appear sweeping and rash, but there was such an indescribable personal charm about him that all with whom he came in contact felt the force of his attractiveness. Not only was he loved by personal acquaintances, but also by those who merely heard him play in the concert hall. There was a mysterious charm about his playing that turned artistic admiration into personal affection. When Liszt played, all who heard him deluded themselves into the belief that he played for them in particular; that he shared their philosophy—aye, their joys and sorrows. He was tall, of commanding appearance, learned, strong and fearless, yet simple, as most great men are. A large, warm heart, which embraced the whole world, presided over these virtues—a heart ever ready to rejoice and suffer with others. His generous zeal in behalf of his contemporaries—Wagner, Chopin, Schumann and Berlioz—proves clearly the unparalleled love power of his heart, which continually showed itself in a thousand different ways, conquering the sternest and coldest of natures.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

LIFE INSURANCE

THE BEST POSSESSION

that the head of the house can own is a good insurance policy on his own Life. It assures the protection of his wife and children in case of his sudden demise—and the healthiest of us never knows when the end may come. We can afford families this protection by offering attractive terms in Life Insurance at the lowest rates—such as are hardly felt by the thrifty.

Some one has said, "the true value of a life insurance policy must be gauged by the security of the protection given; if it proves to be a good investment, all the better; when both are shown there is nothing on earth to equal it."

The security of the protection afforded by the Sun Life of Canada needs no comment, and the profits paid—let the figures within tell their own forceful story.

Dehorning Calves.

It is becoming an almost universal practice to dehorn cattle because they are more easily handled and it prevents them from injuring each other. It is no small task to remove the horns from a mature animal; one even dreads taking them from yearlings and two-year-olds. There is also some danger of animals bleeding to death or getting poisoned by foreign matter lodging in the wounds. It is therefore better to destroy the budding horn a few days after the calf is born. The hair is clipped off from around this button and caustic potash is applied, says a writers in Farmers Advocate. The stick of potash should be wrapped to protect the fingers, and then moisten one end with water and rub over the button till the skin becomes slightly sore and the calf shows signs of smarting. The person who applies the potash should be careful not to permit any of it to run down the calf's face or get into its eyes, for it will destroy the hair and cause considerable pain if it gets in the eyes. In a few days a scab will form, which will soon disappear, and if the work is properly done no horns will develop. If the button continues to grow the application can be repeated.

Feed For Next Fall.

Do not overlook providing plenty of feed for next fall and winter. Too frequently the farmer does not exercise the precaution he should to assure the live stock a liberal supply of the best feed. Do not depend on a single fed crop, nor on a single planting. Do not figure on barely feed enough to winter the stock—figure on having a surplus. Neither is the quantity all to be looked after. Consider well the quality. Consider also well the fact that the stock must be kept growing and in good flesh and vigorous during the winter. You lose money, says Farmers Advocate, when the stock is not growing every minute.

Keep the Pig Gentle.

Never scare a young pig. Always keep it gentle and it will grow the faster. Any person who has ever handled pigs is well aware that they are among the most contrary animals in existence and that when you undertake to drive them their tails always seem to be on the wrong ends of them. They are like some people—they can be coaxed, but cannot be driven.

WILL HAVE CONVENTION AT NIAGARA FALLS NEXT YEAR

Dominion Chiefs of Police Association to Meet There in 1909—Chief Rozel Returns From the Annual Meeting Held in Quebec Last Week—His Paper on "The Chief Constable."

Chief Roszel and Mrs. Roszel returned on Saturday evening from Quebec, where the Chief had been attending the annual convention of the Association of Dominion Chiefs of Police. Business was combined with pleasure and altogether a very enjoyable time was spent. The trip included visits to Montmorency Falls and the ruins of the famous Quebec bridge. Also a grand banquet was held on Thursday evening at the St. Louis hotel. A distinct honor was conferred upon Chief Roszel and the city of Peterborough by the election by acclamation of Chief Roszel to the Presidency of the Association.

The Association will meet at Niagara Falls in 1909. This was unanimously decided by the members on Thursday morning last at their meeting. Chief Roszel extended the Association a pressing invitation to visit Peterborough. Vancouver and Brockville also tendered invitations but Niagara Falls seemed to be the choice.

Thursday's morning session was devoted to the reading of papers bearing on matters pertaining to police work and discussion on same. These included a well written paper on "Anarchy" by Chief MacRae of Winnipeg. "Police administration in rural districts," by High Constable Merewether, of Wellington county, Guelph, "The Police and the public Chief." by Chief Gaskill of Quebec, "Trial by Jury," by Chief Inspector Archibald of Toronto. "The suspended sentence' by Chief Genest of Hull, Que. and the "Chief Constable' by Chief Roszel of Peterborough."

THE CHIEF CONSTABLE

The following was Chief Roszel's interesting paper:

We have at meetings of this Association discussed the constable and other subjects, and I wish to direct our attention to some considerations respecting a chief constable and some of the qualities required for that position. In doing so I will not attempt to draw any person's portrait.

A chief constable should have a good working knowledge of the general laws which it is his duty to enforce and of the laws of the municipality in which he serves. It is not necessary that he should be so familiar with them that he could draw an information or an indictment, but he should carry in his mind sufficient information to enable him to know what is a violation of law and how he should act upon seeing or learning of such a violation. Frequently action has to be decided upon quickly, and he must therefore have the requisite knowledge. He should consequently be able to read and construe law, have good judgment, and be able with coolness and rapidity to decide what action is judicious.

A chief must, of course, be a good disciplinarian. A police force without discipline would be an injury to a community, and the head of the force should be a man of such a character and so conduct himself as to be respected by the men and to enforce discipline without having to resort to any higher authority unless in exceptional cases.

A chief should set an example to the men in the manner of carrying out their duties, consequently he should possess all the qualities of a good constable in a high degree.

One of the characteristics of a good chief constable should be complete independence —an independence by which he would not become identified with any section of the community as opposed to any other section. This is a necessity in the administration of law, whether as judge or constable, so that there shall be no suspicion of prejudice or ill-feeling in its administration. For that reason a chief should not identify himself with a political party. He no doubt, as an intelligent man will have his views of political questions, but he should not be a partisan; Neither should he allow any personal influence to sway him in the discharge of his duty. All citizens, whether personal friends or not, whether rich or poor, prominent or obscure, should be alike to him. He should not be engaged in another business, such interests might some time clash with his duty and interfere with its discharge. And he must be strictly law abiding for unless he implicitly obeys the law himself he cannot effect or enforce its obedience with others.

It will be seen that a chief constable should be a man of good intelligence, fair education, sound judgment, a good disciplinarian and perfectly independent, and should devote himself entirely to his duties, and consequently he should be well paid.

On Wednesday after the adjournment the visitors were treated to a trip around the city on the street cars, generously placed at their disposal by the genial and popular manager of the Q.R.L. & P. Co., Mr. E. A. Evans. After traversing the city electric route, a special car was taken at the station, which took the party to Montmorency Falls and St. Anne de Beaupre.

On Thursday afternoon the party visited the Quebec bridge, going on the Government steamer the "Druid." On their return the banquet was held at the St. Louis Hotel. Chief Roszel responded in a neat speech to the toast to the Chief Constables' Association. He had also the honor of presenting High Constable Bissonnette, of Montreal, with a gold headed ebony cane. Chief Bissonnette had spent fifty-five years in police work.

There were about sixty in convention and it was about the most successful one ever held.

DRINK JOHNS' TEA

THOSE WHO GAVE THE ADDRESSES

At Central Park Yesterday Afternoon at Orange Celebration

The 218th anniversary of the Battle of the Boyne was celebrated rightly royally in Peterborough yesterday. From far and near members of the Orange Order gathered and the procession was the largest that has ever passed through the streets of this town. There must have been fully ten thousand visitors here yesterday. The streets were thronged with crowds from early morning until late in the evening. There were seven special trains on the G.T.R. carrying large numbers of excursionists, in addition to those who came on the regular trains. The steamers also brought their quota of visitors to the town and all day the streets were orange with the throngs.

In the afternoon a monster procession was held, the largest array of Orange brethren ever seen on parade here. The pageant was started at Central Park and the route was by George street to Hunter, Hunter to Aylmer, Aylmer to Charlotte, Charlotte to George, George to Hunter, Hunter to Water, Water to London, London to George, and thence to Central Park, where addresses were given by prominent members of the Order. The procession, which was headed by W. H. G. Armstrong, of Peterborough, County Master and Grand Marshall, included the Orangemen from the counties of East Durham, West Durham, Hastings, Victoria, Northumberland, East and West Peterborough.

After the parade, which lasted for over an hour, the crowd gathered in Central Park, and heard the speeches from the grandstand. County Master Mr. W. H. G. Armstrong occupied the chair, and with a few opening remarks welcomed the visitors to Peterborough. He hoped they had enjoyed the proceedings commemorative of the famous Battle of the Boyne. He introduced the speakers who were Rev. A. H. Brace, of Cobourg, and formerly of this city, Messrs T. B. Collins, of Millbrook, Geo. McCartney, of Bethany; R. H. Holland, of Port Hope, and Rev. H. Ben Oliel, of Millbrook. Each one referred to the historic events being celebrated and referred to the principles of Orangeism which stood for religious liberties and freedom of thinking, according to one's convictions. The speeches were received with great applause, especially that of Rev. A. H. Brace, his many friends being pleased to see and hear him once again.

After the speeches, the different lodges departed for their homes, the stations being exceedingly busy last evening during the departure of the excursion trains.

Horace I. Combs, a prominent Mason died at his home in Stony Creek aged 72 years.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

POISONED BY EATING LEAVES

Doctor Had to be Called to Attend a Lindsay Boy

While on the way home after spending an evening at Mrs. Breault's, Master Charlie Stevenson plucked a couple of blue flags, and not being noticed by his mother, began to eat the leaves. After arriving at his home on Sussex street north, the mother noticed the little fellow stagger but was not able to anything for the weakness which was rapidly coming on. Dr. White was summoned and after a few hours of working with the child he became all right again.

C. P. R.'S MAGNIFICENT NEW STEAMER "S. S. ASSINIBOIA" IS UPPER LAKES CHAMPION

The latest addition to the Canadian Pacific's upper lakes fleet is the "Assiniboia" now in active commission, and on her first voyage she has proved herself to be not only the largest and most modern passenger vessel on the upper lakes but also the swiftest. She will sail from Owen Sound at about 5.50 p.m. every Saturday for Sault Ste. Marie, Port Arthur and Fort William, the connecting express train leaving Toronto at 1.50 p.m.

The 'Assiniboia" has luxurious accommodation for 250 cabin passengers, with five cabins, de luxe, — private baths —spacious dining saloon, observation drawing and smoking rooms and many new features conducive to passengers' comfort. Intending passengers should make early application to local C.P.R. agent for accommodation.

THE STATEMENT; DOMINION BANK

First Half of the Year Proves to be Very Good

The statement of the Dominion Bank for the first half of the year must prove extremely gratifying to the directors and shareholders. The net profits during this period reached the sum of $323,384, or at the rate of from 16 to 17 per cent perannum. In contradistinction to the experience of most of the banks throughout the greater part of last year, when deposits, almost without exception, showed decreases, the deposits of the Dominion Bank since January 1st have increased by over $700,000. An examination of the Bank's cash reserves reveals an exceptionally strong position. It has $10,167,444 in cash reserves, against $7,968,964, this time last year and $16,668,784 in quick assets against $14,573,746 in 1907.

The Bank is in good shape to assist in moving the large portion of the western crop which falls to its share.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

To the Editor of the Review.

Dear Sir,—There is yet another industry, which, if added to Peterborough's already good list, would yield to its organizers a very fine revenue.

Water power and traffic facilities count for much, and on these points this city excels.

I allude to the utilization of old tin scrap, old and disused. These are at present treated as rubbish, and can practically be had for the cost of carriage. Added to these old tin cans the cuttings from cans and other tin manufactories and sufficient material can be procured to keep a large plant busy. It is well-known that tin plate is sheet iron with a thin plating of tin. The scrap tin is useless unless the plating is removed. This plating can be removed by a simple process and held in solution and the remaining iron plate is heated and pressed into blocks of pure iron, which has a ready sale on account of its fine quality. The pure tin can also be extracted from the solution and moulded into ingots. Successful plants paying handsome dividends are at present in operation and the fact of the large canning industry of the Dominion should ensure success over here.

For this information respectfully supplied by the undersigned.

HENRY HAZELL.

LOW WATER IN THE SCUGOG

The Situation is Becoming Serious —The Superintendent Explains

The water in the river is getting lower each day and this morning the Sturgeon Point boat had difficulty in making the town wharf.

The Post called up Mr. McClelland, superintendent of the Trent Valley, last week, who said his department were fully alive to the trouble and were making every effort to maintain a proper level of water in Sturgeon Lake. He has men north, letting loose some of the water in storage and at Bobcaygeon he was having all leaks that it were possible to stop in the dams calked and on the river he has a gang of men removing old sunken logs from the bottom of the river. The lack of rain in June is in a great measure to blame for the trouble. Balsam and Cameron lakes are also lower than usual at this season of the year. —Lindsay Post.

WERE TO GO FOR A VACATION

District Passenger Agent, McDonald, of the Grand Trunk Railway system, has just returned from a visit to the charming Ontario resorts of Muskoka, Lake of Bays, and Algonquin Park, and also made trip to Kawartha Lakes, and reports that hotels and boarding houses are rapidly filling up, and all indications point to splendid season. If visitors to Ontario, and even citizens of this city, only realized what delightful places there are in the "Highlands of Ontario," and how easily accessible they are by the splendid service of the Grand Trunk Railway System, many more extra trains would be needed. The beautiful Royal Muskoka Hotel, the finest summer hotel in Canada, has made their rates, including finest summer hotel in Canada, has made their rates, including meals and lodging from $3 to $4 per day, and accommodation at hundreds of other hotels and boarding houses at lower rates, may be obtained, a little farther north, the Lake of Bays has good hotels viz., Ronville, WaWa, and Brittannia, the Maganetawan River can take care of some. The Algonquin Park, 2,000 feet above sea level, has new hotel, the "Highland Inn," just opened at moderate rates. Temagami Lakes, farther north, with its 1,400 islands, good hotels, and splendid fishing, will repay you for a visit. Still nearer, the pretty resorts of Lake Simcoe, Barrie, Atherley, Orillia, Jackson's Point, and the Kawartha Lakes with its Fenelon Falls, Lindsay, Sturgeon Point and numerous boarding houses, on Stony Lake, are well worth a visit. Illustrated booklets free, and all information at Grand Trunk Ticket Offices, or address J. D. McDonald, D.P.A., Toronto.

W. G. Carpenter, of Bowmanville, High school, is going to Hamilton Collegiate and Thos. H. Pollick, of Trenton gets the Bowmanville vacancy.

GOOD PROGRESS IS BEING MADE

On the Work of Re-modelling the George Street Church

The work in connection with the re-decorating of George street church is progressing very favorably. The body of the edifice is one great mass of scaffolding, and will soon be in condition for the beginning of the painting and finishing.

All the seat-cushions and anything that could receive any harm during the remodelling have been removed and the electric fixtures are enveloped in papers to prevent them from being spoiled by the paint and dirt.

The shingling of the roof, which has been going on for some time, is almost completed, and another couple of days' work will see this part of the job altogether finished. some recent

VOL. LVII. No. 12. PETERBOROUGH, ONT., CANADA, WEDNESDAY, JULY 15, 1908 TEN CENTS PER WEEK

THE OFFICERS FOR QUEBEC GEN. OTTER WILL COMMAND

Militia General Order Contain Names of Those Selected for the Staff of Army Corps—General Cotton, Colonel Gordon and General Buchan Are in Charge of the Three Divisions.

Ottawa, July 15.—Militia general orders just issued contain the names of the whole of the officers selected for the staff of the army corps about to be assembled at Quebec, to take part in the tercentenary celebration of the foundation of the city. The officers selected are as follows:

General officer commanding, Brigadier-General W. D. Otter, C.B.

A.D.C.'s, Capts. E. B. De Panet, R.C.A., and Douglas David Young, R.C.D.; Lieuts. L. S. Macoun, P.L.D.G., and Stanley C. S. Kerr, R.G.

Chief staff officer, Col. F. L. Lessard, A.D.G.

A.A.G., Major H. A. Panet, D.S.O., R.C.A.

D.A.A.G.'s, Lt.-Cols. A. T. Thompson, 37th Regiment, and O. E. Talbot, 17th Regiment.

A.Q.M.G., Lt.-Col. J. L. Biggar, C.P.A.S.O.

D.A.Q.M.G., Lt.-Col. J. G. Langton, and Major G. A. Dodge, C.A.S.C.

Officer commanding artillery, Col. T. Benson, R.C.A.

S.O., for engineers, Capt. W. de M. Carey, R.C.E.

The army corps will be divided into three divisions commanded by Brig.-Gen. W. Cotton, Col. W. D. Gordon and Brig.-Gen. Laurence Buchan, respectively.

The brigadiers in the several divisions will be as follows:

First division: Lt.-Cols. J. H. Little and W. C. Macdonald.

Second division: Lt.-Cols. James Mason and John Hughes.

Third division: Lt.-Cols. E. B. Ibbotson, G. E. A. Jones and H. H. McLean.

Officer commanding western contingent, Lt.-Col. J. A. Hall, 5th Regiment, Canadian Artillery.

Field artillery brigade officer commanding: Lt.-Col. J. A. Hall, 5th Regiment, Canadian Artillary.

Field artillery brigade officer commanding: Lt.-Col. J. Davidson, who will have as his brigade-major, Major W. C. Ward, 10th Battery, C.F.A.

The whole of the officers from Toronto who will be employed on either the headquarters or divisional staffs, will leave Toronto to-day, while the N.C.O.'s of the corps of military staff clerks will leave to-morrow.

LIVERYMAN TOOK LAW IN OWN HANDS IN THIS CASE

A local liveryman meted out quick punishment a few nights ago to a young man who had abused one of his horses. The young fellow rented the horse early in the evening and had only had the animal out a short time when several telephone messages were received at the livery barn stating that the horse was being abused by the driver.

When the young man brought in the outfit about a half hour later, the horse's back was streaked with ridges made by the beating with the whip. The liveryman asked for no explanation, but seized the driver as he got out of the buggy and gave him a shaking up that he will remember for some time. The perpetrator of the cruelty to the horse was rolled around in the mud, thrown down and picked up several times and given a good drubbing generally. When he was given his freedom he left without a word.

FIFTH MEMBER OF FAMILY TO BE KILLED ON RAILWAY

Mr. Michael Mulvihill Met Instant Death at Lindsay Jct. Yesterday—Was Well Known Here—Father and Four Brothers Were Also Killed in Railway Accidents.

Michael Mulvihill, who met instant death by being crushed under a boiler yesterday morning at Lindsay Junction, is the fifth member of his family to meet a horrible death while employed on a railway. His father and four brothers were victims of railway accidents, and it is a strange and remarkable coincidence that the last member of the family should meet a similar fate as his father and brothers.

The late Mr. Mulvihill was well-known in Peterborough and only last Saturday visited here. He had intended to give up railroad work, and was contemplating starting on the police force in Toronto. He was a big man, being over six feet in height.

The late Mr. Mulvihill was working on a derrick used for loading tile.

Shortly before 12 they were loading a large tile. They had raised it off the ground and were ready to swing it over to place it on the car. Mr. Mulvihill evidently made a mistake and pulled the wrong guide rope, thus swinging the tile out from the car instead of towards it as was intended. The weight proved too great for the bracings and the derrick overturned with a crash.

It naturally went to the side on which Mr. Mulvihill was sitting. He apparently had his head out of the little window.

When the derrick toppled over the heavy boiler within left its place and slid over to the side.

Beside the truck there was a considerable quantity of steel used for bridge building purposes. The unfortunate man struck upon this and the boiler came down squarely upon him. He was struck with tremendous force, and death was instantaneous.

THE WITNESS LURED AWAY

Essex Constable Disappears on Eve of Liquor Prosecutions.

Windsor, July 15.—James Smyth, license inspector for South Essex, came to Windsor yesterday to secure the aid of provincial detectives in locating Constable Saunders of Essex, who, Smyth says, has been spirited away because he is due to-day to give material evidence at Amherstburg in the prosecution of several hotelmen for alleged infraction of the liquor laws. Last Saturday night Inspector Smyth, together with Constable Saunders and Chief Kimball of Leamington, swooped down on the Amherstburg hotels, catching four in the dragnet. Complaints were duly lodged and the cases set for Wednesday. Inspector Smyth has discovered, however, that Constable Saunders is missing.

"I found out that a man named Frank St. Louis came to Essex from Windsor and paid a visit to Saunders," said Inspector Smyth. "I am told that St. Louis wanted Saunders to go to Cleveland to assist in a detective case, and that Saunders went."

Smyth resorted to a ruse to catch the hotelmen. He had Saunders precede him and the constable was in one bar when a tip came from Harrow that the inspector had left there in a rig for Amherstburg. Smyth may call the Harrow hotelman.

Corporation Contributions Limited.

Fairview, Lincoln, Neb., July 15.—The Democratic National committee, in executive session yesterday, adopted a resolution outlined as follows:

"No contribution shall be accepted from corporations; no contribution over $10,000 shall be accepted. All contributions over $100 will be made public Oct. 15. Thereafter immediate publication will be given. Contributions under $100 will not be published; no money will be received after Nov. 1."

"Drowned" Babe Watches Searchers.

Chatham, July 15.—A score of men dragging the Thames river, and a crowd of spectators watching them were surprised to see the object of their concern and sympathy suddenly appear in the crowd and look at the proceedings.

Lyle, the little 2 1-2-year-old son of Oscar Papps disappeared, and it was taken for granted he had been drowned.

Must Buy Garden.

Woodstock, July 15.—An interesting situation has developed in connection with the appointment of Charles Wilson to Oxford Jail governorship, which was made last week. John Cameron, governor for the past forty years, resigned, now refuses to leave the governor's house until Mr. Wilson settles for the garden Mr. Cameron planted this year.

Try to Wreck Orangemen.

Shoal Lake, Man., July 15.—Unknown parties made a crude attempt to wreck the Orangemen's excursion train returning from Portage la Prairie at two o'clock Saturday morning. Pieces of two-inch planks were laid on the tracks in the yards here, but the wood being soft the engine splintered it.

Scholes' Opponent Beaten.

London, July 15.—(C.A.P.)—Blackstaffe, by beating Stuart six lengths in 10 minutes 2 seconds, qualified to represent Great Britain in the Olympic sculling competition.

Reputation Saves Him.

Woodstock, July 15.—E. M. Martin, the young man of South Norwich, who was recently arrested on the charge of making and uttering a forged note for $980, was set free on suspended sentence, and the young wife of accused, appeared in the room and asked leniency of the court for the young man, who admitted his offence. On consideration of all the circumstances the judge permitted him to go on the condition that full restitution be made to the parties concerned.

THE PROMISES MUST BE KEPT

Ottawa Free Press Objects to Government's Neglect of Obligations.

Ottawa, July 15.—The Free Press, the Government organ, protests in strong language against the violation of the assurance of the Prime Minister that something would be done this session for the civil service.

"This is an occasion for free speech, and we propose to speak freely," says The Free Press. "In our opinion the Government is in honor bound to grant some substantial increase to the civil service before prorogation. If necessary, it can abandon some of the public works estimates. These can hold over for another year.

"And even if an extra allowance to service involves the addition of two million dollars to already heavy estimates, that sum could be voted before Saturday next."

There is such dissatisfaction among the civil servants that they say there is no hope of the Government carrying Ottawa. The sitting members are both getting ready to move out. Mr. Caron has made up his mind not to seek renomination, and will likely get the local judgeship of Nipissing, while Mr. Stewart is after the office of collector of customs, for which Fred Journeaux has been mentioned.

Liberals also admit that the Government will lose the civil service vote outside, and that it is sufficient to turn the scale in several constituencies.

Suicide Was Toronto Man.

Niagara Falls, N.Y., July 15.—Positive identification of the body picked up in Niagara river off Fort Niagara on Sunday morning last has been made by R. A. Campbell of Pembroke, Ont., who when he looked upon the corpse yesterday pronounced it that of his brother-in-law, John A. McNab of No. 18 St. James street, Toronto.

Mr. Campbell stated that McNab had for a number of years resided at Buenos Ayres, South America, where he was very successful in his business and had accumulated quite a large fortune. Then reverses came and he lost the bulk of his money. Disheartened, he returned to his wife and one child in Toronto.

After a year there he came to Niagara a week ago and took his own life. His wife and son are in Pembroke.

TO REBUILD THE QUEBEC BRIDGE

Government Will Undertake to Replace Destroyed Structure.

Ottawa, July 15.—The rebuilding of the Quebec bridge will be undertaken by the Dominion Government, as embodied in a resolution and act of Parliament, by which this work is to be brought under the supervision of the Transcontinental Railway Commission, and to be carried through to completion with as little delay as possible as a link in the transcontinental lines.

The names have been mentioned of three eminent engineers, one a Canadian, one a Britisher, and the third an American, to whom will be entrusted the duty of preparing plans.

It is not contemplated that the Phoenix company should be called upon to make good the expenditures which had already been made on the bridge.

Canon Baldwin Dead.

Toronto, July 15.—Rev. Canon Arthur Baldwin, for thirty-six years rector of All Saints' Church, died suddenly at 1.30 this morning at his residence in Pembroke street.

Last year while in Germany he was stricken with paralysis but recovered and this spring had been conducting his church work as usual. He intended going to Quebec with his regiment, the Grenadiers, next week.

Canon Baldwin was born in Toronto Dec. 20, 1840. He was a brother of the late Archbishop Baldwin of Huron.

Canon Baldwin leaves no family, his wife dying some years since.

Toronto Tunnel Finished.

Toronto, July 15.—At 6.45 last night a mighty blowing of whistles from the engine-house at the island shaft of the waterworks tunnel under the bay, from the tug boat and from the engine-house at the city shaft, announced to the world in general that what a little army of men had been working on for almost three years was practically accomplished.

The brick and cement work in the top and sides still remains to be done for some distance. After that is done the floor will have to be evened up and concreted before the tunnel is really finished. This, it is expected, will all be done by the end of September.

THE SUBSIDIES ARE HEAVY THE LIST IS ANNOUNCED

Programme of Minister of Railways Includes 26 Revotes, 44 New Propositions and a Big Canadian Northern Guarantee in the West.

Ottawa, July 15.—The subsidy and bond guarantee resolution brought down yesterday about completes the obligations entered into by the Government for this year. These are the liabilities of the country, voted or to be voted, this session:

Main estimates	$119,237,091
Supplementary estimates	10,665,637
Total	$129,902,748

To which must be added supplementary estimates for expenditure incurred in 1907-8, $5,329,633; also supplementary estimates for seed grain, $2,850,000; making total of estimates voted, $138,078,381.

Of bounties there is no estimates, but subsidies to bridges total $800,000.

The railway subsidies include a revote for 1,700 miles, and new mileage of 2,235 miles, a total of 3,935 miles, at $3,200, totalling $12,592,000. If the roads cost $20,000 per mile, however, the subsidies will amount to $22,429,500.

In addition to the following, obligations have been incurred:

Quebec bridge—no estimate.

Loan guarantee on bonds to the C.N.R., $13,000 per mile for 609 miles, $7,917,000, at 3 1-2 per cent.

The Government have given notice of a very heavy bill of railway subsidies and guarantees.

There are re-voted subsidies granted last session to 26 railways, aggregating 1,678 miles, and amounting to $5,371,200; 44 new subsidies, covering 2,150 miles, and totaling $6,886,400; and a total bond guarantee to the C.N.R., at $13,000 a mile for 609 miles in Manitoba and Saskatchewan.

The resolutions provide that interest on the guarantee securities will be paid at the rate of 3 1-2 per cent. per annum, and the securities will be guaranteed by one or more deeds of trust, which shall create a mortgage or charge upon all the lines of the railways now in operation.

Seven bridge subsidies are granted, with a maximum expenditure of $800,000. The largest are $200,000 for a bridge across Burrard Inlet, $250,000 for 25 bridges on the Atlantic, Quebec and Western.

The amount in each case is $3,200 a mile when the cost does not exceed $15,000 a mile. When the cost exceeds that figure the subsidy is increased on a sliding scale running up to $6,400 a mile.

The total possible mileage in Ontario is 580, and the possible expenditure, ranging from $1,856,000 to $3,712,000, depending on the standard of construction.

The new mileage in western railways to which grants are given is 825. The minimum cost of all construction is $2,640,000.

The most important of the ten or twelve subsidies in Quebec are for a branch 200 miles from Montreal to the N.T.R., and for the Canadian Northern Quebec, from Montreal to Hawkesbury, 65 miles. The total mileage is 460, and the total minimum cost if all are built, $1,470,000.

The Maritime Provinces account for subsidies with a mileage of 286 1-2, a possible expenditure of $[illegible] ... the total mileage is 2,151 1-2, a possible minimum expenditure of $6,886,400. The re-votes amount to 1,678 1-2 miles. The total possible minimum expenditure if all are built is $5,371,200.

The election bill was again under discussion in the House yesterday.

Edmund Bristol (Centre Toronto) declared that the Government discriminated in Quebec, where, according to Sir Wilfrid Laurier, the unorganized districts had no lists at all, was left alone, but unorganized Ontario, where there were lists less than two months old, was to have federal lists. The bill ought really to be called "An act to ensure the election of James Conmee."

A. C. Boyce of the Soo, A. E. Kemp of East Toronto, Wright of Muskoka and Alcorn added protests. Mr. Kemp declared that the result of this discrimination would be a surprise for Sir Wilfrid Laurier.

Mr. Foster alleged as a reason for British Columbia being originally included in the provision for the new voters' lists that the Prime Minister did not want to appear as making an assault on Manitoba alone. Not a single note of protest had been heard in regard to the British Columbia lists.

The Prime Minister said Mr. Foster was bucking up against Mr. Whitney, fresh from the people with a majority of 95,000. There were fair-minded Grits in Ontario who would not stand it. The Prime Minister was willing to trust the Premier of Quebec, to make provision for disfranchising hundreds of voters not now on the list, but he was not willing to trust Mr. Whitney.

In the Senate, Hon. Senator Ferguson, in submitting his questions yesterday, respecting the depletion in November and December last, of the Government reserves in gold, said his object was not to criticize the banks. The improvidence of the arrangement and its futility were the points he had to deal with. He had also to refer to the secrecy and misrepresentation which mystified the transaction. Sir Richard Cartwright's statement in the Senate on Dec. 2, that it was not intended to reduce the reserves to be held, may not have been intentional misrepresentation, but it misled the country. Mr. Fielding's statement in the Commons on June 18, that the reserves had never been diminished, was inaccurate and misleading.

In further support of his contention, and as showing that the gold went out of the country, he quoted from the monthly sworn returns of the banks and the official Government statement of circulation and specie that the gold reserves with the Government and the banks decreased $6,490,086, between Oct. 31 and Dec. 31.

In reply, Hon. Mr. Scott said there was not five million specie withdrawn from the federal treasury as result of orders-in-council to authorize the increase in the issue of Dominion notes to aid the grain movement last autumn.

ARE OUTRAGES IN ANCASTER FOR REVENGEFUL PURPOSES?

Prohibition Farmers Near Hamilton Have Barns Burned—Revengeful Incendiaries Blamed For Succession of Costly Fires in Buildings of Local Option Workers.

Hamilton, July 15.—The farmers in the whole Township of Ancaster are terrorized by depredations committed, it is alleged, out of revenge, because of the carrying of local option. Some weeks ago the barns of J. J. Lyon and John Lewis had been burned and the barn of M. E. Burton had been set on fire. All are ardent temperance workers and took a leading part in the campaign for local option. They had all heard threats that they would be burned out on account of the part they had taken in the fight for local option.

Following these outrages some 516 tomato vines on the farm of John Lewis were destroyed Monday night. T. P. Laidman and A. M. Shaver and other farmers who fought hard for local option say they have heard threats that their buildings would be burned.

Laidman was refused insurance when he applied for more protection on account of threats made against him and Shaver has been forced to carry $12,000 insurance.

All the farmers told their story to the county council yesterday and evidence was produced showing that a veritable reign of terror exists in the township.

The county fathers, after criticizing the constables, decided to offer a reward of $500 for evidence leading to the arrest and conviction of the firebugs and $200 reward for evidence leading to the detection of those guilty of destroying the crops and personal property of the farmers.

OFFICIAL FIGURES FOR ONTARIO GENERAL ELECTION

With Stormont and Kenora still to hear from, the official returns of the Provincial elections show that the total vote polled on June 8th was 470,208. Of that number 277,914 votes were cast for Conservative candidates, 182,280 for Liberals, 10,014 for Independents. On the straight Liberal v. Conservative issue the Government had a majority of 95,634, and over the combined Liberal and Independents a majority of 85,620. The figures in regard to Stormont are still in the hands of the courts, while for some unknown reason the returning officer for Kenora has not sent in his returns. The increase in the popular majority as compared with 1905, when it was 31,948, is very marked. The total vote polled is considerably larger than in any previous election.

Mr. W. K. McNaught, M.P.P., in the A. class for North Toronto obtained the highest majority, having defeated his nearest opponent by 6,426.

TERCENTENARY STAMPS WILL BE ON SALE HERE TO-MORROW

The Quebec Tercentenary series of postage stamps will be on sale at the Peterborough post office tomorrow morning. A big demand is expected.

They will be available for all postage purposes, and will be sold in the place of the ordinary stamps unless the latter are specially requested. The respective denominations available are half-a-cent, one cent, two cents, five cents, seven cents, ten cents, fifteen cents and twenty cents.

The half-cent stamp bears the heads of the Prince and Princess of Wales; the one cent depicts Cartier and Champlain; the two cent, King Edward the VII. and Queen Alexandra; the five cent "L'Abitation de Quebec"; the seven cent, Moncalm and Wolfe; the ten cent, Quebec in 1700; the fifteen cent ("Aartement pour l'Ouest" (Champlain setting out for the West); and the twenty cent, "Arrivee de Cartier—Quebec, 1535). The scheme, besides creating an enormous revenue, will form a most fitting souvenir of one of the world's greatest celebrations.

Break in Welland Lock.

Port Dalhousie, July 15.—Two head gates of lock 13 were carried away in the new Welland Canal yesterday. The steamer Mary Horton, bound down the canal yesterday afternoon, was leaving lock 13 to pass down to lock 12, when the captain gave two signals to go ahead. The engineer backed up, knocking the two head gates out, and allowing the water to empty the level above.

The pontoon and gates are on the way to the break, and it is expected it will be repaired by to-day.

Can't Beat Negroes.

Windsor, July 15.—Sam Parmer, brother of W. O. Parmer, secretary of the Highland Park Club, was fined $10 and costs yesterday for assaulting and wounding a colored race-follower named W. J. Mack.

Crown Attorney Rodd said he was determined to show that colored men could not be beaten with impunity in Canada, and thus contrasted the treatment here with that in the Southern States.

Drowning at Amherstburg.

Amherstburg, July 15.—Robert Graham, aged 22, of Rodney, employed on Starke Dredge No. 5, Barpoint, was drowned Monday night.

Lovers Agree to Die.

New York, July 15.—Sweethearts from childhood, Veronica Meehan, 18 years old, and William Wild, 22, lie dying in Bellevue Hospital, as the result of a suicide agreement. The girl, a pretty stenographer, was shot twice in the head by Wild, who then turned the revolver on himself.

A letter found in Wild's pocket, addressed to Mrs. Meehan, told how the two had decided to die together. There was no signature to the letter, but a postscript: "I was not crazy when I did this; I was only insane like poor Harry Thaw."

The girl had been on an excursion, and when she returned with several girl friends in the evening, she met Wild. Walking a short distance from the party the two talked earnestly for a few moments, when suddenly Wild drew a revolver from his pocket and fired twice at his sweetheart. She fell to the sidewalk, and then the love-crazed youth fired two shots into his own head before he fell.

Head Crushed In Bridge.

Welland, July 15.—At 5.30 yesterday afternoon the young son of Alfred Parks, residing on Burgar street, while waiting for the canal bridge on Main street to close, had his head caught between the bridge and the iron approach, crushing the life out of him instantly.

Prince Gets Old Horse.

Quebec, July 15.—"George," the mount used by the Prince of Wales in western Canada in 1901, is being brought down from Regina by the Northwest Mounted Police, at the request of the prince, who will use the steed during his stay here.

Battleships Arrive.

Quebec, July 15.—The advance British fleet for the tercentenary celebration swung majestically into the harbor at 7 o'clock last evening, and cast anchor in the river below the Citadel. There were five ships in the fleet, the battleships Exmouth, Albemarle, Russell and Duncan, and the cruiser Arrogant. The cruiser Venus did not come with the rest of the fleet, being still down the river, but will arrive later.

Tramp Still Uncaught.

Mount Forest, July 15.—Although a large posse of farmers has been patrolling the district around Mount Forest for more than 36 hours no trace has been found of the tramp who attacked and clubbed Mrs. Henry Harper on Monday morning.

Two tramps were arrested and brought into the town, but Mrs. Harper positively exonerated them from blame.

Dives Raided; $18,000 In Booty.

St. John, N.B., July 15.—At Calais Sturgis deputies made simultaneous descents upon six places where liquor was sold, and in every place the officers secured what they sought. Stands were stripped of everything, including glasses, pumps, mirrors, and slot machines. The booty of the raid amounted to about $18,000. Those in charge were arrested.

Killed at Barn-Raising.

Chatham, July 15.—Rodger Huckaley, a well-to-do farmer of concession 6, Dover Township, was crushed beneath a falling stick of timber Monday afternoon while helping to raise a barn on his premises.

Four ribs were broken and his left lung was pierced. When taken from beneath the stick of timber he was unconscious. He was brought to the General Hospital in this city. Slight hopes are entertained for his recovery.

Wanted to Stay Out Late.

Windsor, July 15.—Henry Morden, a runaway lad, aged 15, hailing from London, Ont., was picked up in Detroit yesterday and sent back home. The youth skipped out because he refused to obey his mother's orders to be in the house at 8 o'clock each evening. In his travels he visited Brantford, St. Thomas and Port Huron before reaching this district.

Fourteen Outlaws Killed.

Manila, July 15.—Lieuts. Burr and Whitney, commanding a detachment of the constabulary, attacked and stormed Cota, on the Island of Mindanao, which was occupied by the outlaw Pyan on Friday last. Fourteen of the outlaws were killed and two guns captured.

Drowning at Lindsay.

Lindsay, July 15.—Richard Swanton of Swanton's Siding, aged 16, in swimming with a number of [illegible], got beyond his depth and was [illegible]ed.

Central Canada
EXHIBITION
AT OTTAWA
Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

T. G. BATE, President E. McMAHON, Secretary

The Daily Review

WEDNESDAY, JULY 15, 1908.

ROMAN CATHOLIC RIGHTS

The Orangemen of Peterborough, through their official representative, repudiated in yesterday's Review that part of Rev. A. H. Brace's remarks made at the great meeting in the Central Park on Monday, which signified a desire to deprive Roman Catholics of their civil rights. Mr. Brace said that a resolution (presumedly by himself) would be introduced at the next meeting of the Grand Lodge, looking to the deprival of Roman Catholics of the right of holding the premiership of Canada. The same remark would naturally apply to all civil offices and for aught we know to all offices of any kind. What sort of "liberty" he supposed this to be, Mr. Brace did not say but it is gratifying to find that unpleasant as the task must be of repudiating a sentiment of one of their invited speakers, nevertheless the Orangemen have done so. The day of persecution has gone by, never, we hope, to return. Mr. Brace's statement is universally condemned. He has served, one good purpose, however, in an otherwise splendid address. He, as did the East Riding pamphleteer, has enabled Orangemen to come out and show that they have no unkind feelings towards their fellow-countrymen of whatever creed. Their statements should go far to remove all "Mutual misunderstandings."

A GOOD SUGGESTION

The Globe suggests that in view of the continued series of assaults made upon Ontario people by wandering criminals of various sorts, a body of rural police should be enrolled some what after the N.W.M.P. model, we suppose. The idea is a good one. As the Globe truly remarks, better protection for our own people is long since overdue. The outline of the scheme involves a probable annual expenditure of $500,000 but not more. But it does not matter what it costs. We need it and ought to have it. The tramp immigrant nuisance has developed into a murderous assault nuisance and it is high time some intelligent means were adopted of stopping it. Justice is just a little bit easy-going in Canada and if it continues Lynch law will come for certain. Gradually public opinion is heating and when it reaches the boiling-point it will 'e at loose." Then it will be too late. That is always the way with methods that look good because they involve no effort or loss of dignity. Then the explosion occurs when as the bigger said "No one knows who's to blame," in the general uproar and confusion. The Globe is giving Ontario timely advice and is to be thanked for its originality and foresightedness. Ontario has now plenty of money and provincial resources that can be turned into money and we believe that the present generation is entitled to the full enjoyment and use of them.

THE GLOBE AND MR. BORDEN

In the Globe of July 13th, appears an editorial reference to Mr. Borden which we cannot allow to pass unchallenged. "He has not often stooped to the ordinary level of his more able but less scrupulous lieutenant, Mr. Foster, &c." Able and all as he is—quite too able for Sir Wilfrid & Co. the Hon. Geo. E. Foster is not one whit more able than Hon. Mr. Borden the honoured leader of the Conservative party of Canada. For solidity and uprightness of character combined with depth and quickness of intellect and correctness of judgment there is not Mr. Borden's superior in Canada nor his equal in the Liberal ranks.

THE VETERANS' GRANT

The likelihood of the Veterans of South Africa getting grants of 320 acres each from the Dominion Government is good news. We are apt to forget those who fill the breach as soon as the breach is filled. This should not be. That those who rode in the charge of the Light Brigade and lived should find repose for their declining years in the workhouses of England will be an age-long disgrace. In many cases veterans, though young in years, are unfitted to take up with a civilian's view of life. It is not their fault. It is the fault of the grim necessity which called them forth. Instead of giving our lands to sharks, speculators and coolies for the sole and only benefit of the class which "toils not, neither do they spin," we should present anything we have to present (not "give") to those who were ready to stop the bullets of the enemy when volunteers were few.

LIMIT HAS BEEN REACHED

The $25,000,000 Dominion Loan recently placed upon the British market was only half subscribed and at a higher rate than before. Canada's credit is much lower in the British money market than in 1896 under Conservative rule. Nothing else could be expected. The Dominion will now have to pay heavily also for its renewal loans. The extravagance of the Laurier Administration has brought us to the brink of ruin. On the same day that the Canadian loan was refused the new Irish loan for $125,000,000 was subscribed for thirty-five times over. There was therefore waiting for investment at that very moment enough to subscribe the Canadian loan fifty times over but only half of the Canadian loan was taken up and then at a high or risk rate.

BRITISH COLONIES

Manufacturers in the United States and Germany who have hitherto enjoyed free entry of their products into the British home market, are alarmed over the results of the new British Patent Act, which will go in force on August 20, next. This act applies to all foreign countries, British colonies included, which have patent laws of their own. Under its provisions any one who has obtained a patent in the United Kingdom must begin the manufacture of the article, or carry on the process of the thing patented 'to an adequate extent' in the United Kingdom, within four years of the issuance of the patent, under penalty of losing his exclusive rights.—Montreal Witness.

The necessity of a reconstruction of our own tariff is plain. Great Britain has caught up and we are again in danger of being made trade victims of other countries as we are now the money victims. When the G.T.P. was in a bad way Mr. Hayes was sent for. Canada is in a bad way and the leader of Conservatism must be sent for.

MR. FIELDING

Concluding Mr. Fielding said,—"The road has cost more than we anticipated and there is not a man in the Dominion who voted for that Transcontinental scheme in 1904 who would not have voted for it just as readily if he had known it was going to cost the actual figures it has. The reasons for the increased cost are not far to seek. Every railway company knows why it is costing more because it has had some experience in the same line. Every engineer knows why the road is costing more, because he has had the same experience. Every manufacturer of Canada whose wares enter into the construction of the Transcontinental knows why it is costing more, because he is getting higher prices than he did in 1903. Every workman in the factories knows why, because he is getting higher wages for the work on the Transcontinental than he did in 1903. Every railway rail maker knows, because he is selling his rails at a higher price than he did in 1903. Every coal miner knows, because he is getting more from the coal he produces and which is used in making the rails. Every lumberman who supplies the ties, every shantyman who goes into the woods to cut the timber for the ties, knows why this road is costing more, because he knows he is getting more wages today than he did in 1903. Every laborer on the road knows that the higher wages he is getting must increase the cost of the road."—Globe.

It will at once occur to the most unsophisticated reader that if all this was so apparent it is a strange thing that the Laurier administration did not see it before. The truth of matter is that, that administration did not know or care what it was talking about and does not now. It is a band of incompetent corruptionists and Canada is finding out.

EDITORIAL NOTES

Quebec papers are denouncing Bourassa, as an Orangeman. He strenuously denies the imputation.

The School Board has come up abreast of the times with regard to teachers' salaries. As remarked in the report it is wholly impossible to get men of the high attainments required at the old rates.

Keir Hardie is meeting with the treatment that any other unpatriotic man will meet with. If he has a fault to find with his country let him tell of it at home and not go abroad to make trouble and stir up sedition. What would we think of a man who went out and "rectified" domestic infelicities by telling the neighbourhood about it and trying to prejudice the neighbors against his wife and family?

The chief of the adamites as they call themselves, claims to be Jesus, while his wife claims to be the Virgin. Surely exponents of such theories plainly self-contradictory, who go about armed to the teeth, might better be confined at least to their own homes, than be allowed to go about threatening people. They are Doukhobors, the last tribe, and, so they say. The immigration fad produced some rare specimens in its day; didn't it?

The London "Standard," one of the papers purchased by the British protection interest, undertakes to tell Canada that if she makes a treaty with Germany bringing about a mutual lowering of duties Great Britain, or at least the protectionist interests in Great Britain, will be very much displeased. Of course the reduction of our tariffs towards France and Germany reduce the preference we had before given to Great Britain, on which preference, and hoped-for increase of it, the British protectionists looked to build up a policy of imperial preference and consolidation, or rather, it would be more correct to say, hoped, on the plea of imperial consolidation to build up a protective tariff for Britain. We should certainly regret any diminution of the United Kingdom's margin of preference and should be very glad to see our tariff on British goods lowered to a point that would secure them the same margin as before; but we object to our making arrangements in the interests both of our consumers and of our producers for a more liberal business with Germany, would be altogether foreign to the British spirit. It will be a new experience for us when the Mother Country shall begin giving us lessons in stand-pat protectionism.—Montreal Witness.

The handling of the tariff at Ottawa bears a striking resemblance to the Scotchman and the wild cat. They don't seem to know what to do with it. First it is one thing and then another. It began at Revenue Tariff, and ran the gamut of Commercial Union, Unrestricted Reciprocity, etc., up to the Preference, and has now, as we see in the above, flopped on that.

MI-O-NA MEANS STOMACH COMFORT

Its of Special Value to Many Here in Peterborough

A notable discovery and one that appeals especially to many people in Peterborough, is the combination of stomach help in the Mi-o-na treatment. This preparation works wonders in case of indigestion or weak stomach.

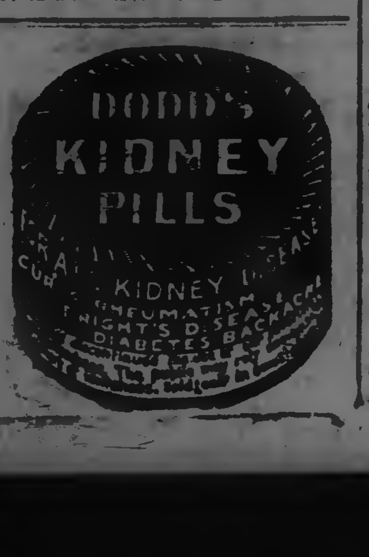
It acts directly upon the walls of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten without distress or suffering.

So positive are the good effects following the use of Mi-o-na that the remedy is sold by W. Madill, druggist, corner George and Hunter streets, Peterborough, under an absolute guarantee to refund the money if it fails to cure. A 50 cent box of Mi-o-na will do the good the stomach needs, which is simply to make it do its own good work.

BECOMING HABIT IN HALIBURTON

Another New High Power Explosive Has Been Discovered

Haliburton county is making itself famous for discoveries of new and wonderful high power explosives. W. Oliver and A. Stevens, of Gelert, have discovered a new explosive which they have tried in the presence of large crowds, and the general verdict is that it has more power than anything they ever saw, is perfectly safe to handle—as safe as flour— and will burn without harm if fired in the open air. On Saturday evening they blew up a very large rock measuring about 9 ft x 7 feet and 5 ft. with less than a quarter pound of the explosive placed in a 2 1-2 inch hole 12 inches deep, with only earth for packing to keep out the air and cause a spark to reach the charge when it is in place, and the results are wonderful. The compound is of a pinkish color and looks very harmless.—Minden Echo



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts.
Ten insertions	—	$1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

O'Keefe's

"Gold Label" ALE

The O'K brewmaster says it is his masterpiece—a rich, old, creamy ale of matchless purity.

Nannie's Lesson.

By CARL WILLIAMS.

Copyrighted, 1908, by Associated Literary Press.

"Won't you do what is right by my daughter?"

Nannie shivered at the pathos of the plea and turned to look at the speaker. It was odd that he should pick out the platform of the elevated station for his appeal, but perhaps this was some chance meeting and the only opportunity the old man had.

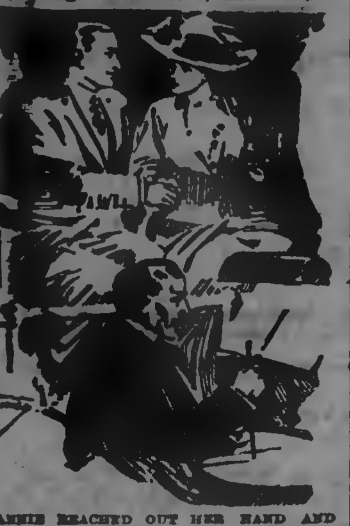
"She was a happy girl until she met you," the old man continued. "There was no better or happier girl in the whole city, and now"—

The voice broke through excess of emotion, and Nannie turned to see who the man might be. He was younger than she had expected, and he bore the stamp of prosperity. He was no trembling, decripit old man, but middle aged and well to do. Still, there was no mistaking the sincerity of his speech, and Nannie shifted her glance to the young man.

With a little shuddering sob she turned and hurried aboard the train which had just pulled in.

It was not the train she wanted, but she felt she must get away from the place, for the man to whom the elder was making his appeal was Jack Laurance, her Jack. He listened to the other man largely because of the restraining hand upon his arm. He could not get away, and his handsome face plainly showed the annoyance he felt, but there was no suggestion of remorse or shame. In the train Nannie shuddered again and twisted the solitaire that was the pledge of his love.

With a gesture of despair, she finally drew the ring from her finger and slipped it into her purse. It had been the pledge of his love, and he had proved recreant to an earlier promise. Somewhere a woman mourned her broken heart and his broken promises.



NANNIE REACHED OUT HER HAND AND CLASPED HIS.

At the next station Nannie changed to a train in the opposite direction. She had been hurrying downtown to meet Jack for a matinee with him. They were to have met at a downtown station because he could not get away from the office in time to call for her. What he was doing in the uptown district she did not know, and now she told herself that she did not care.

Bravely she held out until she reached the house; then she hurried to her own room to throw herself upon the bed and flood the pillow with her tears.

Less than a year had passed since Jack Laurance had come into her life, but it had been the most important year of her girlhood.

Almost from the first she had been attracted to him by his manliness and the honesty of the deep brown eyes. She had been pleased with his attentions, and when he told his love and asked her to become his wife it seemed as if her cup of joy was filled to overflowing. She had often felt a superstitious dread that something might happen, and now that fear had been realized.

Several times the telephone bell rang, but Nannie felt that she could not speak to Laurance even over the wire, and the last time she sent a message to the effect that she would write to him.

Before she could finish her letter one had come from him in which he apologized for not keeping his appointment on time and explaining that he had run uptown on business and had been delayed by an unexpected encounter with an old friend from whom he had been unable to escape.

The letter was the last thing needed to confirm Nannie in her resolution. By his own admission Jack had been uptown. He might intend to explain away his detention by an old friend, but Nannie knew what that encounter had meant, so it was a brief and formal note that accompanied the ring back to the giver.

Jack did not yield easily, but Nannie would not read the letters he wrote imploring her to explain just what the trouble had been. He told her he could not believe that the engagement was broken because he had been late in keeping an appointment, and he begged her to give him an opportunity to explain.

To Nannie the letters merely meant that he feared the old man had sought her and revealed Laurance's perfidy. Doubtless he wished to ascertain if this was the fact, that he might offer some explanation. Perhaps he even thought that he might be able to win her over, but no one could have listened to the old man's plea and accept any explanation from the wrongdoer.

For nearly two months Jack persisted in his endeavor to set things straight, and Nannie grew pale and nervous under the strain. Even her father, absorbed in business affairs, saw her distress and in his clumsy way sought to help her.

His help took the form of theater tickets, and several times she met him downtown on Saturday afternoons and went to a matinee with him. One afternoon he regarded her with eyes that twinkled.

"We're going to be real frivolous this afternoon," he declared. "I got seats for the variety show. There's a chap on the bill I met the other day. He is something of a bore when he wants to talk about himself—which is most of the time—but otherwise he's a good sort, and I'd like to see what he does."

Nannie nodded. Her father had often sacrificed his own inclinations to take her to serious plays, which she liked best. It was only fair that he should have his afternoon of vaudeville. Once ensconced in the comfortable chairs she found the entertainment rather diverting.

The chief attraction was a playlet offered by Hugh Wassingford, who had achieved a reputation on the dramatic stage, which he was now selling to advantage in vaudeville.

Nannie started at his entrance. Allowing for the changed appearance in makeup, it was the man of the elevated platform. The voice, the mannerisms were all the same, and presently the story of the sketch developed the tale of a deserted daughter, and, in the same words that had been seared into Nannie's brain, the old man made his plea, but this time to a paid actor and not to Laurance.

The trembling appeal had its effect, and the curtain fell on the two men starting in search of the girl. As the applause died down her father turned to Nannie and smiled approvingly as he saw that the girl's eyes were filled with tears.

"Great work that," he commented. "That fellow is a real actor. He recited the whole of the sketch for me at the club the other night, and, by Jove, I almost cried myself. Jack Laurance brought him over to a little smoker the boys got up. Jack says the first time he heard the act was on an elevated station. He was in a hurry to get downtown, and Wassingford held him there for half an hour, with Jack scowling into his face and looking at his watch every three minutes as a hint that he was late. But Wassingford held him to the very end. Jack picked the winner of two sketches he had the first time he played in vaudeville, and now Wassingford thinks that he can't put on a sketch until Jack thinks it's all right."

"Do you suppose that Jack is here this afternoon?" asked Nannie eagerly.

"He told Wassingford he would come down. He may be back in the dressing room."

"Will you please see if he is and ask him to come here?" said Nannie, and her father started off, pleased at the request. He liked Jack and was glad that there might be a chance for the breach to be healed.

He stood by the back rail while Jack took the seat he had occupied. Nannie reached out her hand and clasped his, glad that the house was darkened for the motion pictures.

"I sent for you to ask you to forgive me and to tell you that your friend Mr. Wassingford is a great actor," she whispered. "I was on the elevated station when he told you that sketch, and I heard only his appeal—and believed. Oh, can you forgive me, Jack?"

"Can I!" echoed Jack. "Well, I guess I can. You wait until we get home, and watch me. I'm so happy, dear, that I won't even hold it against you that you could believe evil of me. Wassingford is a convincing sort of chap, but I do wish he would cut out those monologue rehearsals on the street. They are bound to make trouble."

"It was a good thing, after all," whispered Nannie. "After this I shall not believe evil of you, no matter how convincing it may sound. I have had my lesson."

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

Wrestling With a Tiger.

Two brothers, Khuda Bakhs and Shaikh Abdul Ghani of Moradabad, were dispatched to Rampur on an errand, and while entering a grove at Khadpura, says the Indian Daily Telegraph, a tiger sprang upon Khuda Bakhs, who, being an athlete, warded off the blow aimed at him with his right hand and caught one of the paws with the other and maintained his hold, though the tiger was mauling the other hand.

Abdul Ghani now rushed up with a stout stick, which he forced down the tiger's throat, making it release his brother's hand, when Khuda Bakhs seized another paw with his wounded hand, forcing both paws back. He wrestled with the tiger, keeping it down by sheer force, while Abdul Ghani killed it with his lathi.

The tiger was carried by the brothers to his highness the nawab of Rampur, "who kept the skin as a memento and sent Khuda Bakhs to the state dispensary for treatment."

THE MARKETS.

Sheep and lambs—Receipts, 14,000; market, firm; sheep, $4 to $4.60; lambs, $5 to $7; yearlings, $4.50 to $5.75.

GREAT PEAKS OF ALASKA.

Some of the Most Imposing Snow Mountains In the World.

The fact is not generally known that some of the most imposing snow mountains in the world lie within the limits of the United States. I refer to the great peaks of Alaska, at least one of which, Mount McKinley, is over 20,000 feet high, while Mount St. Elias is over 18,000 feet and, being situated within twenty-five miles of the coast, can be seen in its entire height from the deck of a vessel.

Other magnificent peaks, as Mount Fairweather and Mount Crillon, lie very close to the shore, and, since the line of perpetual snow in these northerly latitudes is at 3,000 feet or even less (in the case of Mount St. Elias it is virtually at the water's edge, for the base of this mountain is surrounded by vast glaciers which flow down to the sea), continuous snow and ice surfaces may there be seen rising from 15,000 to 18,000 feet above the spectator. I think I am not mistaken in saying that few, if any, such sights can be witnessed in any other part of the world.

Mountaineering expeditions to these Alaskan peaks are very interesting, but at the same time very laborious, not because of unusually stiff rock or snow work—neither is probably as difficult as that encountered in the Alps—but largely because they are situated in a wild, unexplored country at great distances from any proper base of supplies, so that before their ascent can be even attempted much time and effort must be expended in the solution of various perplexing problems not pertaining to climbing proper. And this I understand to be also true in a general way of mountaineering in the Himalayas, the Andes and the Caucasus. All of these great ranges still offer what the Alps no longer can—new fields to conquer. These have unquestionably a fascination peculiar to themselves, and every one should go in search of them. To a certain extent the absence of such new fields may be said to detract from the pleasure of mountaineering in the Alps.—William Williams in Scribner's.

Peculiarity of Snakes.

A snake tamer who had trained a serpent to follow him around the house and even out of doors happened one day to take it with him to a strange place. The snake, unused to the locality, suddenly seemed to forget all his training and, escaping into the bushes, resisted capture with bites and every indication of wildness. When caught it at once resumed its tame habits. This tendency to become wild immediately upon obtaining their freedom and to again become tame when caught is said to be a peculiarity of snakes.—New York Tribune.

Bolt Pierces His Head.

Lindsay, July 15.—M. J. Mulvihill, foreman of the G.T.R. bridge gang, with the gang was loading some large iron tiles on cars by means of a derrick operated by a stationary engine, at Victoria Junction. In some way the engine and derrick capsized, pinning Mr. Mulvihill beneath it.

A bolt on the boiler pierced the unfortunate man's head, causing almost instant death. Dr. Jeffery was called, but could do nothing. The deceased was about 45 years of age, and leaves a wife and family to mourn his untimely end.

A PRIZE FOR NASSAU LODGE

Mr. M. C. Tooley Presented Them With Ten Dollar Bill and a Bouquet

While the long procession was passing in front of his hotel on the 13th, Mr. M. C. Tooley made the generous offer that he would give a ten dollar bill and a bouquet of flowers to the best looking lodge which passed the hostelry. When the afternoon's proceedings were well advanced. Mr. Tooley hunted up the District Master of the Nassau Lodge, No. 457, and handed him the coveted prize. Mr. H. McClure, on behalf of the lodge, thanked Mr. Tooley in a few well-chosen words.

The lodge was certainly one of the best looking in the parade. There were 108 members and 40 boys, and the Lakefield band marched at their head.

Mr. Tooley stated that he had a hard time choosing the winner as Campbellford and Port Hope ran the Nassau Lodge a close race.

GIVE IT UP

To the Editor of the Review.

Sir,—Who is this man W. A. Bailey anyhow, that is continually affronting the air," with his talk. I am told that boastful as he is about being an Englishman he is hiding under an assumed name and that his real name is Smith. Let us know if he is honest about his name.

CANUCK

PETERBORO' ORANGEMAN WRITES

To the Editor of the Review.

Dear Sir,—Will you kindly allow me space in your paper to say that with other Orangemen, I regret the strong statement made by one of the speakers from the platform, July 12th

Now sir while we hold fast to our principles as Orangemen, we are pleased to say it is no part of the teaching of our order to do or say anything that might offend our Roman Catholic neighbors, but rather that they should enjoy all the rights we claim for ourselves.

Yours,
AN ORANGEMAN.

Peterborough, July 14th.

Mrs. E. Shepherd and Miss Florine Anderson of Calgary were drowned wile bathing in English Bay, Vancouver.

TWO CASES IN POLICE COURT

Man From Omemee Given Time to Leave City---A Claim for Damages

There were only two cases in police court this morning. John Goodliffe was discharged for being drunk and disorderly on the 13th. John was not quite sure as to where he hailed from but finally decided that it was Omemee. His Worship gave him 3 hours to get out of town, and John departed, promising to make the most of the time given.

A young man named Anglesey appeared in court, to claim damages to the extent of $15 from a local liveryman. It seems that yesterday afternoon while Anglesey on a bike was riding down George street he collided with a hack which was rounding the corner. As a result of the collision the bicycle was badly damaged and the owner wished to collect damages.

His Worship reserved judgment on this case for a week, in order to allow the interested parties to settle if possible.

BOYS LEAVE FOR SUMMER CAMP

Junior Y.M.C.A. Camp at Sandy Point Opened To day

A large number of the junior boys of the local Y.M.C.A. left this morning for Sandy Point, Clear Lake, where they will go into camp. The boys took the steamer Otonabee at Wolfe street wharf and proceeded over the lift lock and up the canal.

Messrs. Archie Froude and Tom Amnott were up on the Point yesterday, as an advance party, so that, the campers will find everything in shape when they arrive there in the afternoon.

The Port Hope and Lindsay Y's are expected to send a large contingent, which will make the camp one of the strongest yet held.

There will be a meeting of the O. O. H. & P. immediately after lodge in the oddfellows hall on Monday night July 20th. Selection of representatives to the supreme orient and other important business

TRANSGRESSOR HAS HARD PATH

Girl Sentenced to a Year in the Mercer---Afternoon Session of the Police Court

An afternoon session of the police court was held yesterday to deal with the several cases of the morning's court. A large crowd was on hand to witness the proceedings and four prisoners were in the dock.

Charles Sleck was charged with being drunk and disorderly, on the 13th. P.C. Newhall arrested him at the C.P.R. station while he was pleasantly engaged in trying to batter out a friend's brains against a baggage car. He was fined $5 and costs, amounting to $8.75 in all.

While the officers were arresting Sleck, another young fellow who had come to town for the celebration, started to raise a fuss and was immediately seized by P.C. Mebarry. The prisoner was charged with assaulting an officer of the law. Mr. G. N. Gordon appeared for the defendant and pleaded not guilty. The accused paid the fine of $5 without costs, which was paid forthwith.

Joseph Smith appeared, charged with vagrancy. He was arrested early in the morning by P.C. Mebarry at Burnham's Point, in company with a girl, Kate VanNorman, who was charged with being a prostitute. Mr. G. N. Gordon appeared for the latter, who was found guilty and sentenced to one year in the Mercer Reformatory. Smith was ordered to leave town without delay.

THE BEST OF THE SEASON

The Steamer Otonabee will run a special trip to Stony Lake on Sat. July 17th. Leaving Wolfe St. wharf at 8 a. m. sharp, returning at 7.30 p. m. Return Tickets 75c, Children 40c. 2d

DEATH OF WITCH OF GODRINGTON

Interesting Career of Woman Who Has Passed Away at Cobourg House of Refuge

There died at the House of Refuge at Cobourg Sunday last an aged woman, whose death is worthy of note, for her age as well as the eventful life that she lived.

Mrs. Margaret Booth, commonly called "Peggy," was sent to the indigent ward of the old Cobourg gaol in November, 1894,—fourteen years ago. She remained in that institution until the establishment of the House of Refuge, to which she was transferred. She died of sheer old age on Sunday last. According to the records at the gaol office she was 90 years old.

She was a native Canadian, and a resident of Codrington, in Brighton Township, until she came to Cobourg. Her husband was a shoemaker. For many years Peggy was known as the Codrington witch. She plied the arts of a fortune teller and clairvoyant with peculiar skill, and people for miles around used to visit her humble home at Codrington to consult her about their future destiny, or to find out where some stray horse or cattle could be located. Strange stories are told of her wonderful insight into the realm of mystery, and there is no doubt had old Peggy lived two hundred years ago her life would have been in jeopardy, owing to the witchcraft which she practised. She was one of the most interesting inmates of the Counties' home for the poor and aged, where she was well cared for. She was always an inveterate smoker, and to interfere with her pipe and tobacco was the surest way to create a very comical scene. She had a strong constitution and was scarcely sick a day in her life. But gradually the vital forces failed and she passed away without pain or suffering.

SHOULD HAVE KNOWN BETTER THINKS "SATURDAY NIGHT"

One day this week the daily papers devoted a half column or so of space to a story from Peterborough in which was related a strange experience of a young girl there. She was, so the tale ran, out bathing in a stream with some other girls when a mysterious man, an awful man with an "evil eye," popped his head out of the bush near by and "hypnotised" her by means of his baleful eye and by waving his hands. Some neighbors arrived on the scene, the man vanished, and the girl was taken screaming to the hospital. Her account of the mysterious stranger caused quite a stir in the town, and it was of course given at length to the press. When the doctor arrived, however, he gave it as his opinion that the very cold water in which the child was bathing had brought on an attack of hysteria, and that the rest of the tale was the result of her temporarily disordered little brain. This explanation was also wired to the papers and occupied another half column or more. Thus over a column was devoted to first publishing a ridiculous story, of no rational interest to anyone, and to subsequently explaining what was pretty apparent on the face of it—that it wasn't true.—Toronto Saturday Night.

NEW SALARY SCHEDULE FOR PUBLIC SCHOOL INSPECTOR AND COLLEGIATE TEACHERS

Adopted at Special Meeting of the Board of Education Last Evening—They Now Compare Favorably With Those in Other Cities.

At a special meeting of the school board held last evening a new salary schedule for the Public School Inspector and principal and teachers of the Collegiate Institute was adopted. The board have come to the conclusion that the only way to secure the best teachers is by offering salaries to compete with those offered in other cities. Enquiries have been made and the board learned that local teachers' salaries were far below those being paid in such places as Owen Sound and Brantford. With such a fine building as the new Collegiate will be, the public want the best teachers and to get and retain them it is necessary to pay the money. With the splendid salaries being paid for teachers in Western Canada, there is a great desire for Ontario's best educationists to go out there.

The board met in committee of the whole before going into regular session and considered the report of the committee on appointments. The members present were, Messrs. Robt. Fair, chairman, D. W. Dumble, W. B. Robinson, P. F. Ackerman, W. F. Nelson, J. Crane, L. M. Hayes and W. H. Hill.

Mr. Hill presented his report as follows;

To the chairman and members of the Board of Education:

Gentlemen— During the past year several changes have taken place on the public school staffs. In almost all of these it was found possible to secure the services of experienced teachers holding first class certificates and this was made possible by the salaries which we pay our public school teachers.

In connection with the vacancies on our Collegiate staff, the condition of affairs has been quite different. We have found it very difficult to secure men of ability and successful teaching experience.

We shall soon have ready a magnificent new building with a very expensive equipment but these will be of little use unless we have along with them a strong staff of teachers.

The only possible way to secure and retain the services of such men and women is to offer salaries such as are being paid in the other cities throughout the province.

Your committee would therefore recommend that the following schedule be adopted to take effect September 1st, 1908.

SALARY SCHEDULE

Applicable to the staff of Collegiate Institute and to the Public School Inspector.

a—Public school inspector and principal of the Collegiate Institute—Minimum $1800. yearly, increase of $100. Maximum $2300.

b—Specialists who are honor graduates and in charge of a department M—inimum $1400 yearly, increase $50 until maximum $1700 is reached.

c—Assistants and commercial specialist—Minimum $1100. increase $50 until $1400 is reached.

Respectfully submitted,
W. H. HILL.
Chairman of Committee of Appointments.

Upon motion of Messrs Hill and Dumble the report was adopted.

MAN KILLED WAS A TRAMP

Provincial Detective Clears up Mystery in Connection With Alleged Death of Circus Employee

A Toronto despatch says:

After investigating the case of the man who was found dead on the line of the Temiskaming and Northern Ontario Railway, Provincial Detective Wm. Greer is convinced that the victim was not an employee of Cole Bros. circus as was supposed. It has been shown that he was not the man known as "Fatty" who joined the circus at Toronto and those who asserted that he was a circus employee they had seen at Haileybury have not been able to prove their statements.

Mr. Greer's information would indicate that the body was run over by two trains. Portions of the trunk were found half a mile from the place where the head lay. It is believed that the body was that of a tramp, many of whom are seen along the line of the Temiskaming and Northern Ontario on their way to the silver camps in search of work

DISEASE CARRIES OFF TWO HORSES IN THIS DISTRICT

A new sickness has broken out among the farmers' horses around Peterborough, and is increasing at an alarming rate. It is a form of typhoid fever, and a particularly severe type of that disease. During the last ten days thirty-seven cases have been brought to the notice of Dr. Johnston, and out of these, two have died.

The strange part of the matter is, that the disease is confined wholly to the district in and around Peterborough, and does not seem to have broken out elsewhere. The farmers are becoming quite anxious at the state of affairs and are hoping that the disease will be soon stamped out.

SPORTING NEWS

STRATHCONAS GOT LEAD OF THREE RUNS IN FOUR INNINGS

In four innings of a City League game at Nicholls Oval last night the Strathconas defeated the Y.M.C.A. nine, 9—6. It was a good exhibition although the cool weather that prevailed was not conducive to a stellar brand of baseball. It was considerable of a slugging match, the Y.M.C.A. having eight hits and the Strathconas seven for the four innings. Both teams got a run a piece in the first and second innings and then the Strathconas corraled six tallies in the third. It was a bad period for the Y.M.C.A. nine. Strathcona men batting once during the innings and one twice, Weatherstone. The Y's got two through good hitting in their half of the innings and got another pair in the fourth. The Straths got one run in the last innings.

Jerry Edmunds was umpire and gave every satisfaction.

The remaining five innings will be played some evening this week.

Below will be found the summary.

STRATHCONAS.

	AB.	R.	H.	O.	A.	E.
Weatherstone, 2b	3	1	1	0	1	1
Kendry, ss	2	3	1	0	1	0

Y.M.C.A.	1	1	2	2—6

LONGBOAT DID NOT COMPETE IN THE FIVE MILE RUN TO-DAY

Special to The Review.

London, July 15.—J. F. Swanberg, Sweden won the first heat of the five mile run. His time was 25 minutes 46 1-5 seconds, which beats the Olympic record. In the second heat of the five mile run Vought, of England, won easily; F. G. Bellars, of New York, second. Longboat did not compete. Vought's time was 26 minutes 13 2-5 seconds. The second heat of the 200 metres swimming was won by Harrison, of Sweden. Baronyi, of Hungary, was second, and A. M. Cressling, of Missouri, third. The time of the winner was 3 minutes, 17 3-5 seconds. The first heat was won by Homan. In the third heat of the second round of the 1000 yards cycle race, Pym, England, won; W. G. Cameron, America, 3rd, but did not qualify for the final.

PORT HOPE AND TRENTON TEAMS TO MEET FOR BIG BET

It is stated here on good authority that in the near future the Port Hope and Trenton lacrosse teams will meet on neutral grounds and play for a side bet of a thousand dollars. There is a diversity of opinion as to which town has the better team and interest in the matter has been aroused to almost the same extent as it was over the question who was going to have the outlet of the Trent canal.

It is stated that Port Hope will strengthen up for the game and that three or four Peterborough players have been asked to appear in Port Hope uniforms for the game.

TO FINISH GAME TO-MORROW NIGHT

Strathconas and Y. M. C. A. Will Play Five Innings

A remaining five innings of the Strathcona Y.M.C.A. game will be played at Nicholls Oval to-morrow night at 6.30 o'clock. It will be necessary to have the game start promptly at the hour mentioned in order to have it over while the light is good. For this reason the players on both teams should make a special effort to be on hand in time.

TO-DAYS RESULTS AT THE OLPMPIA

Man From Sweden Won the Javelin Throwing Competition ---Other Events

Special to the Review.

London, Wednesday, July 15.—The weather again this morning gave promise of treating the games kindlier, but clouds are still hovering in the sky, and this to some extent explains the smallness of the attendance. E. V. Fleming, of Sweden, won the final in the Javelin throw No. 4, and also qualified in the sixth section. In the final of the three mile team race Deaken, of New Zealand, was first. In the 3 miles team race No. 2 America was 2nd and France 3rd. The time of the English team was 14.39 3-5. In the one hundred kilometre cycling event Hasson, Sweden, won first heat.

PORT HOPE HERE ON SATURDAY

Will Have Fast Team to Meet the League Leaders

The Port Hope ball team will be here on Saturday for a game against the Peterboroughs, leaders of the league. The lakesiders will have a strong nine and are looking for victory. As the locals will have a fast team the game will be a good one.

The Athletics go to Cobourg for a league game on Saturday. They will have their regular team.

SLIGHTLY MIXED MUCH AS USUAL

Lindsay Free Press Has Weird Account of Baseball Match

The Lindsay Free Press has the happy faculty of always getting its reports slightly twisted. Read the following account of Monday's baseball match here.—

Yesterday the Wideawakes, representing Lindsay, were defeated by the Peterborough champions in a friendly game of ball at the Quaker city, by the score of 9 to 1, before about 500 people who went away well pleased with the exhibition.

Dick Butler's braves tied the score in the first innings, which neither of the teams broke until the fourth innings, when the Peterborough bunch began to find the weak spots of the Lindsay crew and began pasting the ball all over the field; this soon put the score up to the 9 spot. Hopkins was put in the box and kept the Peterborough boys busy swinging the willow at some of his speedy ones.

Clements, for the Peterboro bunch, was put in the box, but the Lindsay boys were too handy with the bat to suit his twisters and was soon put in the field, while Hopkins had a turn at it, which proved to be much better.

Both teams were exceedingly well matched, both in the field and at bat.

CRICKET

TONIGHT'S PRACTICE

A practice of the cricket club will be held at Nicholls Oval tonight at 6.30 o'clock. All the players are requested to be out.

LACROSSE

PRACTICE TONIGHT

A practice of the lacrosse players of the city will be held at Riverside park tonight at 6.30 o'clock. As there are several games and trips in prospect there should be a large turnout.

GOLF

The ladies of the Lindsay Golf Club played a friendly handicap match (the Peterborough ladies going one stroke a hole to their opponents) with the Peterborough ladies on the local links. It resulted in a victory for the home team. Luncheon was served at the club house for the players and afternoon tea was served to the members of the club.

Following is the score—

Peterborough.
Miss Helen Davidson, 1.
Mrs. Aylmer, 1.
Mrs. Davidson, 1.
Mrs. Coulthard, 1.
Mrs. Gardiner, 1.
Mrs. Campbell 0.
Miss Lundy, 1.

LACROSSE MEN HAD MEETING

There was an informal meeting of the lacrosse players of this city, at the T.A.S. rooms last night. It was decided to see if a game might be had with Lindsay on the 23rd, and provided that a team can be procured, the management will avail themselves of the invitation, to visit Trenton on Aug. 12th.

In preparation for these games there will be a practice of all the players in the city at Riverside Park this evening. It is to be hoped that a large number will turn out, as it is desirable that as many practices as possible be held before these dates.

BASEBALL

T.A.S. PRACTICE TONIGHT

A full practice of the TAS ball team is called for tonight at 6.30 o'clock at the Charlotte street field. All the members are requested to be present. A large number were out last evening and they played until dark. Manager Derocher wants everybody out tonight.

QUEEN BARON'S FAST RELATIVES

At Peoria, Ill., In the Grand Western Circuit last week, Spanish Queen a half sister of Queen Baron owned by Dr. Johnston of this city came second, in the 2.16 trot for a purse of $5000. The winner's time was 2.10 1-4 and 2.09 1-4. She also came second in the 2.19 trot for a purse of $2000. At the East Liverpool, Ohio races, which opened on July 8th, Baron Spanker, a half brother of Queen Baron took first in the 2.24 trot for a purse of $400 His time was 2.23 1-4 2.20 1-4 and 2.20 1-4.

HOW CANADIANS FARED.

Goulding of Toronto Wins His Heat at Olympic Contests.

London, July 15.—(C.A.P.)—In the third heat of the 3.500 metres walk yesterday, Goulding of Toronto maintained a 50 yards' lead throughout. His time was 15 minutes 54 seconds.

In the final 3,500 metres walk, Larner easily defeated Webb, Kerr and Goulding in 14 minutes 55 seconds. They finished in the order named.

In the final 1,500 metres run, Sheppard of New York caught Wilson on the tape. Hallows was third and Tait fourth. Time 4 minutes 3 2-5 seconds.

In the hammer-throwing, Con. Walsh threw 159 feet 1-2 inch, nine throwing off.

Walsh was third, with 159 feet 1 1-2 inches; Flanagan first, with 170 feet 4 1-4 inches, and McGrath second, with 157 feet 11 inches.

In the 20-kilometre bicycle race, Young was third. He led for a majority of laps. Waints won, in 33 minutes 39 4-5 seconds.

In the first heat of the 20-kilometre, McCarthy of Stratford was sixth, Meredith won, in 36 minutes 21 seconds. In the second heat, Andrews, the Canadian, was sixth. Kingsbury won in 32 minutes 38 4-5 seconds.

In the 20-kilometre cycle race, Anderson, the Canadian, was third. Hanson of Sweden won. Time 34 minutes 53 3-5 seconds. Morton scratched.

In the fourteenth heat, Renard won, and Dreyfus and Morton of Toronto followed. Time 55 1-5 seconds. Young and Anderson scratched.

In the 600 yards' bicycle race, heat No. 2, Bailey beat McCarthy of Stratford. Time 50 4-5 seconds. In heat eight, Andrews, the Canadian, won on tape. Time 53 4-5 seconds.

In the fancy diving, heat one, Geidzig made 82 points, Freyschmidt 78, and Zimmerman of Canada 74. The first two quality. The Canuck's screw dive was greatly applauded.

REPRESENTING PETERBOROUGH

Mayor Rush and City Clerk Armstrong Attending Meeting at Montreal

Mayor Rush and City Clerk Armstrong are attending the annual meeting of Union of Canadian Municipalities which is being held at Montreal. They left last night and are representing the city. Some important matters will be considered at the meeting.

PERSONAL

Miss Edna Armstrong has returned home after spending an enjoyable vacation at Walkerton.

Miss Hazel Pentland, of the City Clerk's office, is having her holidays.

Mr. W. F. Turner arrived home from Collingwood this morning where he was decorating that town for the 12th of July celebration.

Messrs. Harry Quinlan, Vince Sullivan and Frank and Herb Hickey left this morning for Jubilee Point where they will camp for a couple of weeks.

BETTER THAN SPANKING

Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W., 82, Windsor, Ont., will send free to any mother, her home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

TWO TOES BROKEN PAINFUL INJURY

John James, an employee of the Peterborough Lumber Company met with an accident yesterday that will keep him off duty for ten days or two weeks. While working at the mill a heavy piece of timber fell on his foot and broke two toes and inflicted a painful injury. A doctor attended to his injuries.

Lord Falmouth is visiting the Louisburg fortress, which his ancestor, Admiral Boscawen, besieged in 1745.

Wm. J. Hennessy of Port Dalhousie seeing a lad named Crawford fall into the canal jumped in and rescued him.

HAVELOCK WILL HAVE TO PURCHASE WATER SPRINKLER

Dust Flying in Streets Annoys the Merchants—Changes Among the C.P.R. Men—Work Commenced on New School.

Special to the Review.

Havelock, July 13.—There are a lot of men being changed and promoted on the C.P.R. just now. Last week Messrs. Stan Barlow, Jas. Colquhoun, Jno. McGill, Rob. Walton, Wm. Ranton, Alex. Bruce and Alex. Bruce and Alex. Trudiau, who were firemen on this division were transferred to West Toronto, on which division they will be promoted to engineers.

The merchants in town at present, as well as other citizens, are complaining of the great dust on the streets just now. This sweeps into the stores, covering and damaging the goods. Havelock will have to in the near future, buy a street sprinkler, as the dust is becoming unbearable.

Work has been commenced on the Victoria school, school section No. 3, Belmont. The new school will be one brick, situated near the old one and will cost $850. The building will be completed before school starts again.

Great improvements have been made in the premises of the local branch of the Bank of Toronto and that place now has a splendid appearance.

A large number of cars are being "iced" at Swift & Co's. ice house here this year. As many as 250 cars are iced per week or an average of 37 cars per day, but as many as 60 cars are iced on some days. The company are shipping more cars by this line this year and are also shipping more dressed beef and not so much live stock. When you know that from seven to twelve cakes of ice are used in icing one car and 250 cars iced in one week, you have an idea of the large amount of ice used in one season.

Mr. S. J. Cross, of town, caught one of the largest trout that has ever been landed in this vicinity at Balpreau creek, when he landed a speckled trout, 17 inches in length and weighing two pounds seven ounces.

Mr. S. J. Crosset, ice inspector for Cudahy Packing Co., of Buffalo, has been here inspecting the bars iced at the local station, during the past few days.

Mrs. Holdcroft and family have left for Koshabogamog Lake on their annual summer outing.

Mrs. Christie and family, of Toronto, are at their cottage at Trent Bridge, for the summer.

Mrs. T. H. Patterson and family, and Mrs. A. Wilde are camping at Round Lake, near McCutcheon's Landing.

Mr. J. V. A. Coon has opened his cottage at Round Lake.

Messrs. Wm. Bryans, N. Campbell and Wm. Falkner, of town, and S. J. Crosset, of Buffalo, are camping at "Sandy Beach Camp," McCutcheon's Landing, Round Lake.

Miss Bessie Rose, has been successful in passing with first-class honors, the primary examinations in the pianoforte department of the metropolitan School of Music, Toronto.

Miss Jennie Barlow left last week for Brandon, Man., and Lanegan, Sask., to visit relatives.

A large number from town and this neighborhood, attended the Orange celebration at Marmora on Saturday.

Mr. T. O. Sheldon, of Swift & Co., is here inspecting the local ice house.

Dr. Harry Andrews, of Toronto, is spending a few days with friends in town.

Misses Ida and Florence Hawe, left last week for Regina, Sask., where they will visit friends and relatives.

Miss Lena Robinson, Miss La Rose, Mrs. oVyer and Misses Carrie and Dolly oVyer left on Tuesday for the shrine at St. Anne de Beaupre.

A large number from town and the surrounding country accompanied the Orange Lodge to Peterborough on Monday to attend the celebration. A large number left on the local, while the special train was well loaded.

MODEL SCHOOL AT NORWOOD WILL BE DISCONTINUED

Notice to This Effect Received by the Board of Education Personal News From the Centre of East Riding.

Special to the Review

Norwood, July 14—The Board of Education met on July 13th. Present: Messrs. J L Squire, chairman; Elliott, Webster, Anderson, Finlay, Campbell and Cuffe.

Minutes of regular and special meeting read and adopted.

The chairman reported the hiring of teachers as per direction of special meeting as follows:

Miss Helen D. Ford for No. 1, position at salary of $700.

And Miss Brout for No. II at $525 per year.

That Mr. Feasby's resignation be accepted on condition that he pay the costs incurred on the Board on account of his resignation.

Motion by Messrs. Finlay and Webster that the accounts for ads in the Mail and Empire and Globe, $3.80 and W K J. Thompson, telephoning be referred to the chairman and if found correct, paid. —Carried.

Communication from Deputy Minister of Education advising that the Model School at Norwood will be discontinued from this date, was received.

Motion by Messrs. Anderson and Elliott, that the communication be received and fyled.—Carried

The finance committee handed in the estimates as follows;

Motion by Messrs. Finlay and Elliott that the report of the finance committee with estimates be accepted.—Carried

Report from Mr Cuffe received. —Carried.

He had quotations from Mr. Roxburgh for No. I hard coal at $7, railway weights. Mr. Nicoll had been asked for quotations but did not reply

As the members of the Board all thought a full car more than was required the supply committee was asked on motion of Messrs. Harrison and Campbell to purchase 10 tons at price quoted for car lots or at the best price possible.

Mr. Cuffe had quotations for soft coal at $2.60.

The Board authorized the supply committee to use its own judgment in regard to soft coal.

The special committee recommended the following repairs.

High School 650 feet cement walk improvements mentioned in inspectors report and two posts for fence.

Public School, new floor and ceiling in primary departments. Other ceilings patched. Hall floor repaired. Floor in principal's room repaired, painting three window sills, blackboards, woodshed, repairs, and fire escapes.

Motion by Messrs Cuffe and Elliott —

That the repairs as recommended be carried out during holidays by the property committee. —Carried.

Motion by Messrs. Campbell and Anderson—

That Mr. Dohery be acting chairman of property committee in absence of Dr. Robertson. —Carried.

Motion by Messrs. Cuffe and Harrison—

That Mr. Brown's account for $41, for examination purposes be paid, Order drawn to bearer. —Carried.

Board adjourned.

PICNICKED AT JUBILEE POINT

Annual Outing of St. John's Sunday School Was Most Successful Event

The congregation and friends of St. Luke's church spent a most delightful time at their annual Sunday school excursion which was held yesterday to Jubilee Point. A large number availed themselves of the opportunity to take a day off and spend it on the charming waters of the Otonabee. Jubilee Point was reached about 11.30. After dinner the sports commenced, which gave much amusement to all. The winners were as follows;—

RACES

First prizes—Willie Brooks, Wilhelmine Gaskins, Walter Bailey, Minnie Longdo, Walter Bailey, Bryan Carpenter, Mary Hewson, Gladys Whittaker, Gordon Wyatt, Lizzie Maniece, Wm. McLean, Ada Adams, Edward Hanwell.

Second prizes—Gwynneth Carpenter, Prudence Long, Chas. Sobredt, Prudence Long, Fred Moore, Douglas Bell, Irene Whittaker, Greta Pakenham, Gladstone Pakenham, Gladys Whittaker, Fred Long, Lizzie Maniece, Merton Adams.

Biscuit race—Greta Pakenham, Douglas Bell.

Boys Three-Legged Race—Hugh Stewart, Willie McLean.

Boys' Primary Race, half mile —Merton Adams, Bryan Carpenter.

Ladies' Race—Mrs. Thomas Starr.

A baseball match was also played, the captains being Mr. W. Pakenham and Mr. George Browning. The score stood 14 for Mr. Browning and 5 for Mr. Pakenham. Rev. Dr. Langfeldt acted as umpire.

The home trip was commenced at five o'clock, the excursion reaching Peterborough at eight.

KEENE NEWS

Mr. Wm. Moore was the victim of a painful accident Thursday morning. He was ploughing and attempted to lift a large stone out of the furrow to roll it to the fence, but slipped and fell on the stone, breaking a couple of ribs.

Mr. Bruce McFee, Ottawa, was the guest of his parents last week.

OBITUARY

ANN MARIA CHERRETT

The death occurred today of Mrs. Ann Maria Cherrett, relict of the late Francis Cherrett, 430 Water street. Deceased had been ailing for some time. She was 75 years of age and was born in England. On coming to this country she resided in Woodstock for some years but removed there about eight years ago.

Two sons and one daughter are left to mourn her loss. The sons are Ed. and Charles of Woodstock and the daughter is Miss Agnes at home.

The funeral will take place on Friday at 2.30 o'clock from the family residence to Little Lake cemetery.

LIFE INSURANCE

THE BEST POSSESSION

that the head of the house can own is a good insurance policy on his own Life. It assures the protection of his wife and children in case of his sudden demise—and the healthiest of us never knows when the end may come. We can afford families this protection by offering attractive terms in Life Insurance at the lowest rates—such as are hardly felt by the thrifty.

Some one has said, "the true value of a life insurance policy must be gauged by the security of the protection given; if it proves to be a good investment, all the better; when both are shown, there is nothing on earth to equal it."

The security of the protection afforded by the Sun Life of Canada needs no comment, and the profits paid—let the figures within tell their own forceful story.

RESULT OF INVESTIGATION INTO PLUMBING CHARGES

Report Presented and Adopted at Special Meeting at the Board of Education Last Evening—Good and Satisfactory Work Done Save in a Few Particulars.

The investigation into the plumbing of the Collegiate Institute, King Edward and Queen Alexandra schools has been a thorough one and last evening at a special meeting of the Board of Education, Mr. D. W. Dumble presented a full and comprehensive report on the result of it. Good and satisfactory work had been done save in a few particulars where the foreman was to blame and as to these the contractors have made good.

THE REPORT.

Upon motion of Messrs. Dumble and Crane, the following report was adopted.—

Report on plumbing in King Edward VII and Queen Alexandra public schools, and Collegiate Institute.

Your committee appointed to inspect and report on the plumbing of the above named schools beg to report as follows.—

KING EDWARD VII. SCHOOL.

The contract as to this school has been substantially complied with. The workmanship was by Mr. W. Meadows, the Toronto city inspector, declared good.

It appears that Mr. Pringle and Mr. McGregor had a settlement the result of which was not leave a balance yet due McGregor of about $29. The matter of the sewer connection is yet open, the sewer being evidently imperfect, but it is not advisable to touch it until vacation—or until the city sewer is made good.

QUEEN ALEXANDRA PUBLIC SCHOOL.

The plumbing in this school has never yet been finally passed and taken off the contractors' hands.

The committee found that in the closets there were six seats instead of seven as called for. The contractor provided the seats, but the space available was not long enough for seven seats and by the architect's directions six seats were put in, this was no advantage to the contractor. Six seats are sufficient for this school. A like number being in the boys and girls' toilet rooms. The boys' urinal was made twelve feet long instead of ten feet as called for. We have directed the contractors to put covers on the seats as called for by the specifications.

The architect and chairman of the Building Committee found that one six-foot drinking fountain in each hall was sufficient. The contractor will give the board the two on hand. They are especially put in and removed by direction.

All soil drains and vent pipes not according to specifications, will, as to difference in weight, be allowed as a credit to the board.

In the City Bylaw of Toronto, all vent pipes are medium weight—not extra heavy—our contract for this school only calls for medium quality in soil and vent pipe stacks, and such they are.

The vent pipe in cellar lavatories extend up 15 feet into the old Smead Dowd smoke stack and there is splendid draft in it, securing good ventilation.

Several vents from lead pipes, which the workman entrusted with the plumbing led from the side, instead of from the top, have been changed by the contractor.

The water tests have been applied by the city inspector—the smoke test has also been applied and the work found perfectly tight.

All joints are wipe joints and the entire work as completed, is a good job.

The report of Mr. Meadows has been carefully considered, and the work considered in reference thereto, and changes suggested by the report to make work comply with the specifications and city bylaw have been cheerfully made by the contractor, some of the work done was better and more costly than called for by contract.

COLLEGIATE INSTITUTE.

The soil pipes below the floor were stripped and found "extra heavy" as called for.

The 4 in. and 3 in. soil and vent pipes above cellar floor are medium weight such are as used under the city bylaw in Toronto and Peterborough.

The rain water branches have been made to 5 in. as called for by contract.

In every respect the contract is being complied with by the contractor save that in the soil and vent pipes above the floor, the pipes are medium weight instead of extra heavy—which is wholly unnecessary. The contractor allows for the difference in weight in all pipes.

Mr. Meadows reported the workmanship of the work then installed as good except where the foreman in charge of the work had connected some vent pipes from the side instead of from the top—these have been remedied.

In reference to all the work in all the schools your committee with pleasure report that good and satisfactory work has been done, save in a few particulars where the foreman was to blame, and as to these the contractors have made good.

All of which is respectfully submitted.

D. W. DUMBLE,
Chairman.

TEA

THIS COLLIE DOG WAS INTELLIGENT

Would Not Let Anyone go Near His Master Lying Asleep in Victoria Park

An evidence of the intelligence of some dumb animals was shown yesterday afternoon in Victoria Park. A man under the influence of liquor was lying asleep in the park, and standing along side of him was his dog. According to the story of a resident in the vicinity of the park, the wise canine was so considerate of the safety of his master that any attempt on the part of any one to go near him was strongly opposed. The dog would bark gruffly, and snap at any intruders on his master's sleep. The citizen was particularly struck by the beast's intelligence and loyalty to its owner.

THE LADIES ENTERTAINED

Members of St. John's A. Y. P. A. Tennis Club Have Pleasant Time

Last evening the ladies of St. John's A.Y.P.A. Tennis Club entertained the gentlemen members to tea. Altogether about 25 ardent supporters of the club were on hand and after tea some lively games were witnessed. The tea was served by Coleman Bros., whose catering is now so well known to all.

Members of the club are reminded that to-night, 15th inst., is the last date for playing off the draws for the first round of the singles.

NOTICE!

Any person or persons trespassing on the property of L. O. L. No. 321, at Downer's Corners, will be persecuted. Parents had better look after boys who are doing damage.

MR. BAILEY AND HIS TWO DOLLARS

Accuses the City of Peterborough of Grafting

The following has been received from W. A. Bailey:—

"Mr. Bailey is not wrong again, but he is again disgusted that the city of Peterborough should be guilty of such graft and meanness, not to mention ingratitude. The world over "Canadian" is becoming synonymous with "cunning."

If Mr. Bailey refers to the loss of the two dollars he gave towards the payment of the fine of Madame Ayr, the palmist, he certainly is wrong in accusing the city of Peterborough of grafting. Mr. Bailey did not give the money to any officer of the law, or any official of the city of Peterborough. He appears to have made a mistake.

Keep Cool Keep things coo This is easily accomplised by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

DISTURBANCE ON THE TRAIN

Young Men From Lindsay Became Unruly Returning From Peterborough

There was lively doings on the train returning from Peterborough last night about 10.20, when a number of those who had imbibed a little too freely in the flowing bowl, became over-excited and began to mix things up. For a time there was much confusion, and throwing of articles around the car, and the fisticuffs of the brawling individuals creating a disturbance.

Several of the Lindsay young men, who were returning received various injuries and were somewhat shaken up. Mr. J. I. Irwin, of the G.T.R., and Constable Foster took a hand and succeeded in pacifying the unruly disturbers.

Two of the young fellows were arrested and run in, but this morning secured bail and were let out. They will come up for trial in the course of the day.—Lindsay Warder.

TELEPHONES IN ROOMS OF HOTEL

Snowden House to Have New System by Which Guests Can Communicate With Office

The Snowden House is soon to have telephone communication between the office and each room of the hotel. This will do away with the custom of ringing for a bell boy and will be much more convenient. A large switchboard will be placed in the office. It will contain a certain number of local advertisements handsomely printed. The Snowden House will be the only hotel in the city having this system. It will be most modern and up-to-date.

WHAT BEAUTIFUL HAIR!

How often do we hear that exclamation of a certain woman's hair or a certain man's hair.

A prominent scientist and hair specialist emphatically states, and has proven, that any man or woman can have luxuriant, lustrous hair by using a famous prescription called Parisian Sage.

Parisian Sage is now made and sold in Canada. Wm. Madill the druggist is the agent in Peterborough and the readers of the Review can buy from him for only 50 cents a large bottle.

Wm. Madill knows that Parisian Sage will beautify the hair, cure dandruff and stop falling hair, and for that reason he sells it under a guarantee to cure or money back.

If you cannot obtain Parisian Sage where you live, you can get a bottle for 50 cents from Giroux Mfg. Co., Fort Erie, Ont. express charges prepaid.

THE EXCITEMENT WAS TOO MUCH

Lindsay Young Man Becomes ill at a Local Hotel

The excessive heat and the unusual excitement at the twelfth of July celebration at Peterborough yesterday was too much for Mr. Joseph Thorn of Lindsay, who was taken suddenly ill at the Windsor hotel, just a few minutes after the supper hour.

He was talking with some companions when he unexpectedly fell to the floor in an unconscious condition. He was removed to a side room and Dr. Carmichael was summoned. The doctor pronounced that the accident was due to heart failure.

Mr Thorn's father was communicated with at Lindsay and went through to that city last night on the flyer. It is expected that it will be some days before Mr. Thorn, Sr. will have recovered sufficiently to be removed home. He lives on Russell street opposite the English church.—Lindsay Warder.

2 ENTRANCES—GEORGE AND HUNTER STS.

MIX-UP ON GEORGE STREET CYCLIST HAD NARROW ESCAPE

What came very near being a bad accident, occurred yesterday afternoon about five o'clock. A young man named Auckley, was coming down George street on a bicycle. As he was passing Barrie's store on the west side of the road, a hack turned the corner and drove at a sharp angle across the street car tracks. There was an express wagon standing by the curb, and the cyclist thinking that there was not enough room to pass between the two vehicles, made for the east side of the road. He was not fast enough, however, and just as he crossed the car tracks his front wheel struck the horses' legs. The impact knocked the horses down and for a while there was great danger of his being crushed to death. He kept his head, however, and as the animals rose to their feet, he grasped their harness and was dragged for some distance up George st. till the driver had stopped the frightened horses.

A crowd quickly gathered and the man was raised from his perilous position. Beyond a few scratches he was unhurt, but the bicycle was badly wrecked, the damage amounting to about $15.

The case came up before Magistrate Dumble this morning, who reserved judgment for a week, in order to allow the interested parties to settle.

WILL BE ALLOWED TO STAY AT HOME

Children's Aid Society Will Let Minnie Longdo Remain With Her Mother

Edith Kennedy, a girl of fifteen years of age, was brought to the Childrens' Shelter here on Monday last. However, it was not long before a home was found for her in the country, where she will be well looked after.

Minnie Longdo, who ran away from her foster parents, at Ida last week, and came back to her own mother, in Ashburnham, is still with her and seems now to be happy and contented. The Society intend to leave her there for a while.

C. P. R. NORTHWEST EXCURSION

The next Homeseekers' excursion leaves on Tuesday, July 31st, by special train leaving Toronto at 2 p.m. carrying through colonists and tourists sleeping cars. To catch the special intending passengers should take morning trains to Toronto. CPR excursions are run by the new Muskoka route, making a considerable saving in time, and the advantage of travelling by a through car and without trouble of transfers and possible delays, is obvious. The local CPR agent will be glad to furnish free booklet giving rates and full particulars.

Reports from the West indicate early crops this year, and within the next two or three weeks' announcements will likely be made of the low rate Farm Laborers' Excursions.

HEADS TO BE RECAST

Rome, July 13.—Discussing the Municipal Council's recent vote abolishing religious teaching in the city schools, the Pope deplored this new insult to religious sentiment. He added—"Some men's heads need changing. When a bell is cracked we recast it, making it sound properly again. It is a pity some men's heads cannot be treated in the same manner."

VOL. LVII. No. 13. PETERBOROUGH, ONT., CANADA, THURSDAY, JULY 16, 1908 TEN CENTS PER WEEK

BIG PROFIT ON TIMBER ONE REMARKABLK DEAL

Terms on Which Were Purchased Were Set Aside and Gains on Transaction Amounted to Ten Times Amount of Cost.

Ottawa, July 16.—A remarkable transaction was ventilated in the House of Commons yesterday, when A. C. Boyce (Algoma) read from a Government return details of the sale of 29,301 acres of Indian lands in Algoma to a former partner of Hon. Clifford Sifton, and other Brandon Liberals, for $9,017.50.

Mr. Sifton was superintendent of Indian affairs at the time and put the deal through. The land was applied for by A. H. Gale, but soon after Sifton's partner appeared with an offer to buy the land on certain specified conditions. His offer was accepted and he named a valuator who put on the price. Before the sale every one of the conditions voluntarily accepted by the purchasers, was abrogated. They sold the land for $101,830.

Replying to an indictment of his predecessor, Mr. Oliver made the unique defence that there was no crime in getting land at a low price and disposing of it at an enhanced figure. Mr. Sifton was not present. He was notified the matter would be brought up, but he asked that it be left over till next year.

Mr. Boyce said that A. H. Gale made his application in July, 1899, and the proposal upon which the land was sold was from W. F. Wilson of Brandon. The purchaser, Wilson, nominated one McAuley as valuator. On April 18, the department offered to sell the land upon the valuation, with conditions as to settlement and certain timber rights reserved attached.

Mr. Wilson accepted the conditions and a valuator nominated by himself was appointed. The price fixed was $9,987.75 for 29,301 acres in Algoma. The department sold lands for $9,017.50, and the sale was not completed till Sept. 11, 1906. Between the date of contract and sale, by negotiations with the department, the conditions upon which the sale was originally made, were one by one abandoned and when the patent, issued on Sept. 11, 1906, it was granted absolutely free from conditions. The purchasers did not enter into possession of the lands, but were offering it for sale during the time of negotiations with the department and before the deal was closed, said Mr. Boyce.

On May 30, 1905, D. A. Gordon, Liberal M.P., wrote the Department, expressing suprise that such a large tract of land was sold for 30 cents an acre, and asked for explanations. He was informed by the Department that the land was sold at a price based on sworn examination and valuation. The lands were sold by Wilson, Philip and Reesor, for $101,830. Philip is a former law partner of Hon. Clifford Sifton, and Reesor is a prominent Liberal worker in Brandon.

One letter on file, from W. F. Wilson to the Deputy Minister, states that the application of Gale would not interfere with his application, as Gale was working with him in the matter and the Department could deal with either application. He said Sifton wished the application put in the name of Gale.

Another curious circumstance, Mr. Boyce said, was that McAulay, the valuator appointed by the Government in the first instance, on suggestion of W. F. Wilson, also acted as agent on resale to American lumber firms and made the valuation at $101,830.

The Minister of the Interior replied. Mr. Boyce, he thought, was qualifying to succeed Mr. Ames, "the chief scandalmonger of Opposition." This expression was ruled to be unparliamentary and Mr. Oliver withdrew it.

It was no crime to sell land, argued Mr. Oliver. The Indians would rather have money than land, and it had to be sold somehow to someone at some price. The land was sold subject to a timber license, and the pine had been cleared off before the sale was made. The mineral was reserved and all the purchasers got was hardwood and surface rights. Mr. Oliver said that in the district anyone could get land for 50 cents an acre, including mineral rights. As a matter of fact, the Indians were getting a better price than the Ontario Government was getting to-day.

It would be absurd, said Mr. Oliver, to cancel the license because it had increased in value. He instanced the sale of one million acres by Mr. Osler on behalf of a company, in which he was interested, for $1.62 an acre, this land immediately increasing in value to $10 and $15 an acre. Further, in the method of disposing of land the Government was following precedent.

Mr. Borden announced he was prepared to stay a few days longer to give Mr. Oliver an opportunity to go through the record and see if there was anything that would controvert the facts as stated by Mr. Boyce. The gravamen of the charge was that these lands were sold at a valuation fixed by an agent of the purchasers, on conditions, every one of which had been abrogated.

Discussing the statement that Mr. Osler had sold lands to Saskatchewan Valley Land Co., Mr. Borden said he had been informed by Mr. Osler that it was not until the lands had been sold that Mr. Osler had learned that the area from which the lands should be selected had been largely increased.

Mr. Turiff characterized Mr. Osler's statement as absolutely false. He claimed that Mr. Sifton wrote to a solicitor of Mr. Osler's company, sending maps defining over 10,000,000 acres additional lands.

Mr. Borden declared that he had gone carefully over all the papers, and found no such notice.

Mr. Boyce's motion of censure was negatived by vote of 100 to 51.

The bill to provide land grants to South African veterans was, on motion of Hon. Frank Oliver, amended so as to include among those entitled to land grants Canadians who enlisted, but who who did not participate in active service, residents of Canada who served in any British force in the South African war, and the nurses who went from Canada. The bill now stands for its third reading.

The bills restraining the use of tobacco by young persons, amending the judges act, and amending the Northwest Territories act were all read a third time.

The House went into committee at 12.40 to take up some bills. The bill authorizing a land grant to the volunteers who served in South Africa and the bill amending the Canada shipping act were both read a third time and passed.

Last evening Andrew Brodeur discussed the proposal to dam the St. Lawrence river near Cornwall. Such an obstruction would be a serious menace to navigation, he said, but Pringle (Cornwall) took the opposite view. The opinion of experts should be obtained. He denied that the dam would adversely affect navigation, but would rather assist, and be of great advantage to Eastern Ontario.

TRAVELLING FROM COAST TO COAST ON A BICYCLE

Interesting Visitor in Peterboro to-day—Herbert Ranton's Long trip for Good of his Health

A unique visitor in the city to-day was Herbert Ranton of Halifax, Nova Scotia, who is riding on a bicycle from the Atlantic to the Pacific Coast. At the most important places along the route Ranton sends a message to the Halifax Herald, and in this way his friends at home are aware of his progress. He left Halifax on May 29th, and considers that he is making fair time. He is in no hurry, as he is taking the trip for his health, which is none too robust, but which has improved since the trip was started.

Ranton, who is about twenty-eight years of age, had dinner at a local Chinese restaurant, and a Review representative had a short conversation with him. He has had to have his wheel repaired several times since he started, and was delayed two or three days at one point in the Quebec owing to the rain and the bad roads that resulted. He expects to reach Vancouver early in September and will return to Halifax by train. He informed the Review that he intended travelling stretches of the way westward by train if he finds the conditions are not favorable for biking. So far, however, it has not been necessary for him to ride on a train.

Ranton, who arrived in the city before noon, left about three o'clock on his journey. He will go to Toronto, and from there to North Bay, and then westward.

Plot to Kill Czar.

Berlin, July 16.—A news bureau received a private despatch from Sosnowice, Russian Poland, stating that a plot against the life of Emperor Nicholas has been discovered there.

The conspiracy, according to the despatch, was well planned, and had many ramifications. More than a hundred men and women were arrested at Sosnowice, charged with being implicated in the plot, and other arrests are pending.

Rain Worth $15,000,000.

Winnipeg, July 16.—Fifteen million dollars is the estimate W. B. Lanigan of the C. P. R. puts on the value of the rain which started falling throughout the three prairie provinces Tuesday.

He bases this on a five bushel an acre increase all the way round, or a total addition of 25,000,000 bushels to the crop, on a basis of 5,000,000 bushels seeded to wheat and at 60 cents per bushel.

Electricity Helps Wheat.

London, July 16.—(C.A.P.)—Sir O. Rodge, experimenting with the influence of electricity on corn growth, states that on an average an electrified acre yielded 35 1-2 bushels of Canadian red Fife wheat, while an unelectrified acre yielded 25 1-2 bushels.

Farmer Terribly Hurt.

Ingersoll, July 16.—While in the haymow Warren Simmons, a well-known Dereham farmer, met with a shocking accident. The hay fork dropped on him and he was nearly disemboweled. He may recover.

Ship's Boiler Explodes.

Yarmouth, N.S., July 16.—The explosion of a boiler on the Norwegian bark Ragna killed the carpenter and one seaman, blew one of the mate's legs from his body and scalded the fourth man.

COBALT SPECIAL WAS DERAILED

One Killed and Two Hurt at Bradford.

Bradford, July 16.—The Grand Trunk Cobalt special, due here at 7.20 yesterday morning, was ditched six miles north of Bradford. Fireman Nelson Garrett of Barrie is dead and two others are injured.

The engine, baggage car, mail coach, two day coaches and two sleepers left the rails. The engine turned over on its side. The coaches bumped along the track, upsetting passengers from their seats and berths.

The injured men are Arthur Meeking, Barrie, the engineer, and Nathaniel Marshall, 83 Mutual street, Toronto, the express messenger. Garrett, who was badly scalded, died in the Barrie hospital later in the day. He was 23 years of age and unmarried.

Bank Clerks Burglars.

Brockville, July 16.—Three young men, two of them bank clerks, were brought before Magistrate Murphy yesterday morning and pleaded guilty to the theft of several hundred dollars from the G. T. R. express service. Two were released on bail, and the third was sent back to jail, but all will appear for sentence Saturday before Judge Reynolds in the County Court.

Their operations extended over a period of some mouths, but one of them leaving his hat in which a letter was addressed to his father, now on a visit to Scotland, gave the gang away, and the arrests followed.

THANKSGIVING DAY.

Ottawa, July 15.—In the House to-day A. E. Kemp brought to the attention of the Government the petition of the commercial travellers and others for the fixing of Thanksgiving Day on Monday. Sir Wilfrid Laurier replied that the Commercial Travellers had been officially informed that Thanksgiving Day this year would be on a Monday.

DOUKHOBORS ARE RAIDED

Twelve Ringleaders in Pilgrimage Get Six Months.

Yorkton, July 16.—Acting under instructions from the Provincial Government, to have the ringleaders of the Doukhobors who made the pilgrimage to Fort William, and who are now in camp at Arcadia under police supervision, committed to jail, ten constables made a midnight raid.

The Doukhobors fiercely resisted arrest and the entire band of sixty turned in to assist, using rafters, cordwood and any weapon that came handy. Only after three hours' fierce struggling did the police effect the arrest of six men and six women.

Each was yesterday sentenced to six months.

Fair Usurer Convicted.

Montreal, July 16.—Miss Julia Lalone was yesterday declared guilty of usury by Judge Choquette. Sentence will be given next Wednesday, and the judge intimated that he will feel bound to impose a sentence of imprisonment.

This is the outcome of the first prosecution brought in Montreal and tried in court, under the anti-usury act adopted by the Dominion Parliament.

The complainant led by an attractive notice, called at the address given, and found Miss Lalonde, who lent him $22.50. He signed a contract, transferring his wages from July 1 to August 1, to the extent of $35.

Burglar Gets Five Years.

Port Hope, July 16.—John Malyea of Belleville was sentenced to five years' imprisonment by Magistrate Holland yesterday afternoon for attempt at burglary.

Early Tuesday morning Harold Corbett, a moulder at the Standard Ideal factory, discovered Malyea in his bedroom. He pursued the intruder to the stairs, where the latter drew a revolver and threatened to shoot. Malyea had chloroformed the fierce collie dog, which was found in the dining-room. Malyea and James Whalen, a companion, also of Belleville, were arrested by Chief Bond. Whalen comes up for trial in the morning.

CUSTOMS REGULATIONS IN REGARD TO FREE ADMISSION

On July 1st there came into effect new regulations regarding the custom entry of animals imported into Canada for the improvement of stock. Heretofore all certificates of registration which were apparently genuine were accepted by custom officers for the purpose of free entry. Under the new regulations either a Canadian certificate of registration or an import certificate as the case may be must be presented.

Canadian certificates of registration must be presented at the port of entry for the following classes and breeds.

CATTLE

Shorthorn, Ayrshire, Hereford, French Canadian, Galloway, Aberdeen-Angus, Red Polled, Jersey, Guernsey and Holstein.

HORSES

Clydesdale, Hackney, Shire, Percheron, Thoroughbred, Belgian, and French Canadian.

PONIES

Shetland, Welsh, New Forest, Polo and Riding, Exmoor, Connemara and Hackney.

SWINE

Yorkshire, Berkshire, Tamworth, Chester White, Polland, China, Duroc Jersey, Essex and Victoria.

SHEEP

Shropshire, Lincoln, Oxford Down, Dorset, South Down, Hampshire and Leicester.

The Canadian records for all above mentioned breeds with the exception of that for Holstein cattle are conducted under the Canadian National System in the office of the Canadian National Records, Ottawa. The Holstein Record is located at St. George, Ont. In making application for the registration of an imported animal the foreign certificate of registration in addition to the usual application must be forwarded;

There are from time to time animals brought into Canada of breeds for which there are no Canadian Records but which are recorded in Books of Record of one of the following recognized foreign Associations;

HORSES

Suffolk Horse Society, Great Britain; Cleveland Bay Horse Society of Great Britain and Ireland; Yorkshire Coach Horse Society of Great Britain and Ireland; American Morgan Register Association; American Saddle Horse Breeders' Association; American Trotting Horse Register Association; Commission des Agriculteurs de France, French Draft; Commission des Stud Book des Chevaux de Demi-Sang French Coach; Landwirthschaftlichen Hauptverein fur Ostfriesland, German Coach; Zuchtverband des Sudlich en Zuchtgebietes, German Coach; Verband dur Zuchter des Oldesburger eleganten Schweren Kutschpferdes, German Coach; Verband der Pferdezuchter in den Holsteininchen Merschem. Oldenberg.

CATTLE

Highland Cattle Society of Scotland; Kerry and Dexter Herd Book, Dublin, Ireland; Sussex Herd Book, Society, Great Britain; Polled Durham Breeders' Association, United States, National Polled Hereford Breeders' Association, United States.

SWINE

Large Black Pig Society, Great Britain

SHEEP

Suffolk Sheep Society, Great Britain; Kent and Romney Marsh Sheep Breeders' Association, Great Britain; Cheviot Sheep Society, Great Britain; Wensleydale Longwool Sheep Breeders' Association, Great Britain; Black Face Sheep Breeders' Association, Great Britain.

GOATS

British Goat Society.

ASSES

Societe Centrale d'Agriculture des Deux Sevres, France; Stud Book of Jacks and Jennets of Spain.

To secure free custom entry for an animal so recorded it is necessary to forward to the Canadian National Records, Ottawa, the foreign certificate of registration. The accountant of the Canadian National Records will return to the importer the foreign certificatfe to which will be attached an import certificate which will be authority to the custom officer to admit the animal duty free. A nominal charge will be made by the National Record for this service.

If further information is desired, such will be supplied on application to the Accountant Naitonal Live Stock Records, Ottawa.

Murderer Surrenders.

Montreal, July 16.—The man known as "crooked Neck" Smith, who shot and killed Eddie Lennox, a companion, in Chinatown, a couple of weeks ago, has given himself up.

He fled to New York after the murder, but detectives were so hot on his trail he finally decided to surrender. He arrive in Montreal last night and requested the clerk of the Russell House to telephone for the police.

Smith claims the shooting was done in self-defence, as Lennox had threatened to cut his throat.

Car Runs Amuck.

Leamington, July 16.—A car on the Windsor, Essex & Lake Shore Electric Railway ran off the track yesterday and crashed into a buggy containing Collingwood Foster, a Mersea farmer, and his two daughters. The horse was killed and the occupants quite badly injured. A passenger named W. W. Boynton of Buffalo was pinned between the car and a large brick building, into which the coach crashed with terrific force. Boynton is believed to be seriously injured.

Double Drowning at Halifax.

Halifax, July 16.—During a severe electrical storm yesterday afternoon a fatal boating accident occurred at the head of Halifax harbor. William Muir, aged 16, his sister Margaret, aged 12, and Una Roy, aged 17, were sailing in a dinghy. Muir and Miss Roy got entangled in the sailing gear and went down with the boat. Margaret was rescued in an unconscious condition, clinging to an oar, after being in the water an hour. Miss Roy was the daughter of J. E. Roy, a wealthy retired merchant.

Suicide Clause Inserted.

Kingston, July 16.—The Oddfellows' Relief Association held its annual meeting yesterday. The chief matter discussed was with reference to a suicide clause, which reads: "If a man is insured for $1,000 and commits suicide within a year after taking out the policy, $200 will be paid; between one and two years, $400; between two and three years, $600; between three and four years, $800; between four and five years $1,000.

PEERAGE FOR SIR WILFRID HAS PRINCE ANOTHFR OFFER

Prince of Wales Leaves London for Canada Amid Brilliant Scene—Five Warships Are Stationed at Quebec—Crowds Begin to Arrive.

London, July 16.—(C.A.P.)—The scene at Waterloo Station on the departure of the Prince of Wales for Canada was brilliant. Those assembled included the Duke of Connaught, Lord Strathcona, Whitelaw Reid, the United States ambassador, and Lord Crewe, the Colonial Secretary, with whom the prince conversed.

There was an enthusiastic send-off at Portsmouth and a lack of ceremonial. After a private reception by Sir John Fisher, Lord of the Admiralty, and other naval officers, the royal party boarded the cruiser Indomitable, which quickly swung out of the harbor Canada-wards, escorted by the cruiser Minotaur. The prince was saluted by the guns of Nelson's Victory as the Indomitable passed.

It is stated that the Prince of Wales carries a special message from King Edward, expressing an appreciation of the services of Sir Wilfrid Laurier, and the offer of a peerage, made in 1902, may be renewed.

There has been some talk of the Indomitable, which is capable of doing 27 knots an hour, trying to give the trans-Atlantic liners a new record to emulate, but it is understood that if anything in this direction is attempted, it will be on the return journey.

A barge came into collision with the Indomitable in Portsmouth harbor shortly before the prince arrived. A little paint was scratched off the side of the battleship and the barge lost her foremast.

Five Warships Arrive.

Quebec, July 16.—Five British warships have taken up their positions opposite the city.

The vessels are the battleships Exmouth, bearing the flag of Rear-Admiral the Hon. Sir Assheton G. Curzon Howe, K.C.B., C.V.O., C.W.G., commander-in-chief of the squadron; Albemarle, bearing the flag of Rear-Admiral Sir John R. Jellicoe, K.C., V.O., C.B., Duncan and Russell; and the cruiser Arrogant. As the ships steamed up in front of the city the band on each played Canadian airs. When the Arrogant came opposite Wolfe's Cove a signal was given from the Exmouth, ad the starboard anchors of all the ships were dropped simultaneously. Many thousands of people assembled on Dufferin terrace to witness the arrival.

Lord Roberts and the Duke of Norfolk are expected to reach here on the Empress of Ireland Thursday evening at 7 o'clock.

Eighty additional police are watching the incoming boats and trains for suspicious characters.

The trains and river boats brought visitors to the city by the hundreds yesterday, and there was a big jump in the registrations at the hotels.

The arrival of two detachments of Royal Canadian Horse Artillery, one from Kingston ad the other from Toronto; an interchange of official visits between the officers of the British squadron and the Dominion, provincial and civic authorities, and, finally, a private rehearsal of the pageants, were features yesterday in the prelude to the tercentenary celebration which opens on Sunday. Advance parties of the militia force began to report this morning.

Only performers and officials were admitted to the rehearsal in the pageant enclosure last evening. Earl Grey, at whose invitation Mr. Lascelles came to Canada to take charge of the production, was, however, among the privileged few. Rehearsing started at 4 in the afternoon and continued until long after darkness set in.

BREAKING OF INSULATORS CAUSE OF GREAT ANNOYANCE

Magistrate Dumble Says Offence is Punishable by Severe Penalty—Boys Largely to Blame.

The following letter from the Canadian General Electric Company is self-explanatory;—

Peterborough,
July 15, 1908.

We have had considerable trouble by reason of insulators on our transmission line being broken, by whom we do not know, but it is probably boys with sling shots and rifles.

Two months ago we had to replace some thirty or forty, about two weeks ago fourteen, and from last Wednesday until Saturday seventeen more. On account of the breaking of the insulators the lines short circuited and shut us down in some departments. The destruction is so great that something has got to be done to put a stop to it.

I attach herewith a letter received from Mr. Dumble, whom I solicited to make some public statement.

People who do this do not realize that they are causing us great loss when they shut us down, and the most serious thing I fancy would be that when a short circuit occurs and a line burns off, drops and hangs, and a person comes in contact with it, it means sure death.

Yours truly,
CANADIAN GENERAL ELECTRIC COMPANY,
Limited.

Mr. Dumble's letter is as follows:

E. G. Patterson, Esq.,
General Superintendent,
Canadian General Electric Co., City.

Dear Sir,—I am in receipt of your letter of the 13th inst., in which you complain of the wanton destruction of the insulators on your poles, and intimating that such acts frequently result in "short circuit" entailing great danger and broken wires, contact with which, would insure certain death. I much regret that people should thoughtlessly and wickedly do such things. I may say that if they realized the heavy penalty which the Criminal Code provides for such offences they would be slow to put themselves within reach of the law.

The consequence of this wilful injury to the insulators are so serious that the courts of the country will not deal lightly with offenders convicted.

I am, sir,
Your obedient servant,
D. W. DUMBLE.

Dead Chauffeur at Wheel.

New York, July 16.—Bicycle Policeman Carty saw an automobile with two men in its flash past him on Ocean Parkway late yesterday afternoon, and ordered the driver to slow down. When no attention was paid he gave chase. After a pursuit of many blocks he overtook it.

"You are under arrest," he said to the man sitting at the wheel. There was no response.

Carty climbed into the automobile and found the driver was dead. The other man in the machine was John DeLord of Jamaica, L.I. He managed to bring the automobile to a stop. The driver of the car, who had died during the chase, was Stephen W. Anderson of Brooklyn. He purchased the car he was driving earlier in the day, and this was the first time he had been out.

Bomb in New York.

New York, July 16.—A dynamite bomb exploding in the area way of a fashionable apartment house in West 140th street yesterday hurled scores of the occupants from their beds, shattered many windows and threw the tenants into a panic. No one was hurt.

Fires Threaten Pulpwood.

Sherbrooke, Que., July 16.—Forest fires in the vicinity of St. Elie d'Orford have assumed serious proportions and reached 900 cords of pulpwood, which will likely be destroyed. In immediate vicinity of the fire are some six thousand cords of peeled wood. Lumber camps have been destroyed, and the men are fighting the fire night and day.

Thanksgiving on a Monday.

Ottawa, July 16.—In reply to an enquiry by Mr. Kemp of Toronto, the Prime Minister announced that Thanksgiving Day this year will be held on Monday.

Representations in favor of a change from Thursday to Monday have been made from various organizations, especially from commercial travelers.

TRAIN THIEF HAS BEEN CAUGHT

Negro Who Travelled Continually Blamed for Many Robberies.

North Bay, July 16.—The many mysterious robberies of passengers on C. P. R. trains west of North Bay during last month, which caused the railway company great annoyance, appear to have been solved in the arrest yesterday of a negro giving the name of Lamont.

Pinkerton Detective Murray of Boston has been working on the case for several weeks and chased Lamont to Moosejaw, his quarry doubling back from that point and managing to elude the detective until yesterday, when C. P. R. Constable Williams nabbed him at North Bay and wired Detective Murray of capture. Murray identified the prisoner as the man wanted. Lamont has been traveling back and forth on night trains, sometimes displaying large sums of money, at other times being broke. When asked his reason for traveling so extensively, Lamont said he was just fishing. Several articles, including a ladies' purse, found on the prisoner indicate his connection with the train robberies.

Lamont was identified by C. P. R. officials as having made his headquarters at Schreiber, where he occasioned the company considerable trouble. Lamont was remanded to jail for eight adys. He has been under arrest at London and Toronto at various times.

Drowned in Toronto Bay.

Toronto, July 16.—After enjoying a holiday on the strength of the clearance of the last shot of the waterworks tunnel under the bay, Edward Collins, a teamster employed hauling rock on the island end of the job, lost his life on his way back to the island at 6 o'clock last night. With two others he was in a canoe when the frail craft upset. One of his companions tried to save him, but failed.

This woman was ill, blue, and discouraged. Cured by Lydia E. Pinkham's Vegetable Compound.

Mrs. R. Gentleman, 1093 St. James Street, Montreal, Quebec, writes to Mrs. Pinkham:

"I suffered from a severe female weakness, and extreme nervousness, and was blue and utterly discouraged.

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking several bottles, I am not only cured, but am an entirely different woman, and on the whole a healthier woman than before taking your valuable medicine.

"Every woman who suffers from any form of female ills should not fail to try Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Daily Review

THURSDAY, JUL 16, 1908.

PROVINCIAL BOUNDARIES

La Patrie says: "The Telegram of Toronto voices the unrest of our neighbors and severely reproaches Sir Wilfrid Laurier for having forced Ontario to aid in doubling the extent of French Canada. On the part of the Maritime provinces the protestations are not less energetic." That a small province like Manitoba should have its size made commensurate with that of its neighbors is reasonable. but that other provinces of an equal extent should at the same time be advanced to a still larger area is a puzzle. It is like everything else, the Laurier Government does ill-balanced and illogical.

THE GLOBE CONFESSES

At the upper left hand corner of the Weekly Globe and Canada Farmer appears the remarkable confession that hard times in Canada are due to a monetary stringency which we are the unnecessary victims of. The confession to which we refer is as follows:—

"This business (railway, etc.) was safe and remunerative and if the failure to hide it was due to a monetary stringency, it is rather a strong reflection on the system which rendered such a condition possible."

This is just what the Conservative press has been all along contending. If it had not been for the drying-up of our only medium of trade, or what is the same thing, the basis of that trade, cash, by various institutions, most notably the Dominion Government, Canada would have been alive and well to-day. But the taking of millions of ready cash from the open market of daily commerce, and using it to pay the discounts and loan instalments of government business played hob with general business. The Globe's confession that the "system" is bad is an acknowledgement of the mistake and of the absurdity of a young and resourceful country like Canada being the victim of depression and hard times. Hard times came down like an unexpected shower of rain. People looked around to see what it was all about. They could not understand it until they found that the calling in from the banks of millions of cash was causing the banks to shut down on the public. Then they understood it all. The impetus of a good crop will be merely like a stimulant to a jaded traveller. The Government has no mercy. It is sinking us deeper in the mire of its fantastic enterprises every day.

GREAT LIBERAL NEWSPAPER CALLS A HALT IN EXPENDITURE

A Patriotic Warning from the Montreal Herald—A Forecast Respecting the G.T.P.—Recklessness and Extravagance a Danger to the Dominion

The following extract from the Montreal Herald, one of the great Liberal journals of Canada and a staunch supporter of Sir Wilfrid Laurier must give food for thought even to the most optimistic and unreflecting.

A hundred million dollars is what the Georgian Bay Canal will cost, at the least. Unless somebody has the money handy, and wants to lend it, we might put off this little spending party until we see where the trans continental railway proposition comes out."

This cutting is taken from the Farmer's Sun, which took it from the Herald and put the appreciative heading to the paragraph. When a paper of the prominence and power of the Herald knowing well that its utterances will be quoted from one end of Canada to the other finds that it is high time to suggest a warning we may rest assured that we are in the danger zone. The remark if the Herald applies it will be noticed not only to the Hudson Bay project. The sting is in the tail. It applies to to G.T.P. as well, the suggestion respecting it, being plainly that it is a matter of doubt now the G.T.P. madness will turn out. A good scheme may be turned to the great injury of a country and while the Conservative leader did not oppose the further opening up of the north country he resolutely opposed the schemes suggested. The Herald of Montreal, now it will be seen endorses that opposition.

CROOKED OR CRAZY

The Brantford Expositor contributes through its editorial columns the following gem for the G. T. P. discussion now going on.—

"The Conservative leader knows that Sir Wilfrid Laurier's statement did not refer at all to the amount of money which must be expended to construct this great highway, but to the amount which the people of Canada must actually pay for the work. Though the Government must advance the funds for building of the eastern section—the western section the company is building without other government aid than a bond guarantee—it is well known that after the first seven years of operation the company is to pay the interest on this sum, thus practically shouldering the debt. So that all the people must pay in the long run is the interest for seven years on the cost of the eastern division, interest for a similar time on a portion of the cost of the mountain division, together with the Government's share in the cost of the Quebec bridge. And this amount was estimated four years ago by Mr. Fielding and Sir Wilfrid Laurier, with expert actuarial assistance, to be in the vicinity of thirteen millions—$13,725,706, to be exact."

It is impossible to acquit any writer of malice prepense in the penning of such "stuff" as that. After the first seven years the company is to pay the interest, "thus practically shouldering the debt." A child, if in difficulties over such a question could ask itself, "Who will have to repay the loan?" If Canada has to repay it how could any journal be so silly as to say that the lessee will repay it? Few readers will be found to acquit our contemporary of a bad case of special pleading.

EDITORIAL NOTES

The Laurier Government spent $108,000,000 last year and are asking leave to spend $129,000,000 this year. Before they came into power governments got along by spending $40,000,000 a year, and Sir Wilfrid Laurier complained that it was too much. Now he spends well on to three times forty millions a year, and no one can see where he has improved things. It is time to get rid of the wastrels.—Montreal Gazette.

Our whole woolen tariff policy should be reformed, and the foundation stone of it should be a tariff on raw wool sufficient to give a substantial inducement to the woolen manufacturer to use all the Canadian wool he can.—Canadian Textile Journal.

The problem presented to the people of Canada by the woolen industry—and in this term, we, of course, include the knit goods, carpet, felt and other textiles in which wool is an element—is one of the most serious we have to face today—Canadian Textile Journal.

An issue of $125,0000,00 of securities under the Irish Land Act offered on the London market was subscribed for some thirty times over. It was not scarcity of money, therefore, that caused the $25,000,000 of Canadian bonds to fail of being subscribed for once on the same market.

DID HARRIS DRINK WINE?

Cincinnati, July 15.—The temperance question is figuring largely in the Ohio State campaign. Gov. Harris yesterday formally denied in Columbus a story printed in this city that he drank champagne and other wine quite freely at a banquet given last Saturday at Coney Island, a surburban resort, where he was the honored guest of the Stamina Republican League of Cincinnati. The Governor said he drank no wine at all. He declares that he is and always has been an abstainer.

This afternoon the local paper that printed the wine drinking story reiterates its declaration that the Governor did imbibe wine, and prints an interview with the head waiter and under waiters at the banquet corroborating its statement. These interviews say that Gov. Harris's glass was continually replenished with wine on that occasion. Gov. Harris is a candidate for re-election.

An English tourist walking with her little son on Cedar avenue, Montreal, was seized by a thug and robbed of $100.

MUNICIPAL EXPERTS ARE AT MONTREAL

Opening of Annual Meeting of Canadian Municipalities

A Montreal despatch has the following about the opening of the annual meeting of the Union of Canadian Municipalities, which Mayor Rusn and City Clerk Armstrong are attending.—

At the Montreal City Hall this morning, the eighth annual convention of the Union of Canadian Municipalities, an organisation formed for the benefit of municipal administrators all over Canada, was officially opened by Ald. L. A. Lapointe, president of the association. There were present mayors, aldermen, and civic officials, representative of almost every province in the Dominion. The real business of the convention, which is discussion relative to the general improvement of municipal administration, did not start until this afternoon, the morning being taken up with the introduction of delegates, the registration of their names, and unofficial debate on matters pertaining to the present gathering.

The delegates will be in session three days, and during that time, all manner of papers on municipal government will be read, while the entertainment of the visitors will receive special attention from the authorities.

FIREMEN GAVE EXHIBITION.

On the conclusion of the social part of the convention this afternoon, Ald. Lapointe announced that an exhibition of the fire-fighting forces of Montreal had been arranged especially for the benefit of the visitors, and adjournment was made to Champ de Mars where at noon, Chief Benoit had mustered his brigade. The delegates were enthusiastic over the masterly way in which the firemen were controlled. The hose waggon and engines and ladders filed past in great style and the fine exhibition was witnessed by many hundreds of people who lined the sides of the great square. A special force of policemen looked after the crowds. The most spectacular part of the performance was the exhibition of water throwing. The water tower pumped water at a great rate to the discomfort of many spectators standing near. After divers manoeuvres the delegates thanked the chief and the firemen, and left for lunch.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

DIRECT TO QUEBEC CITY

The Canadian Pacific is the only through line with a terminus in Quebec City, affording passengers a welcome freedom from transfers and delays. For the great Tercentenary celebration a single fare rate is in effect for the round trip, tickets good going July 18 to 25th inclusive. Call at C.P.R. ticket office or station for particulars. gw

WHERE EDITORS ARE USED WHITE

Bowmanville editors are luxuriating on sample new potatoes, green peas, beans, etc., but our brothers in other towns are simply asked by their subscribers to publish that they have had a mess and they were "solid and mealy." Some people are very stingy with editors, but they don't live in this country. Here we receive the first fruits of garden, field, orchard, take and occasionally of the poultry yard. O, its nice to be an editor among this generous-hearted folk.—Bowmanville Statesman.

Wood's Phosphodine. *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—servants, hands, or workmen, try the Review want ad columns. If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts.
Ten insertions	—	$1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

"The Least Of These"

By LULU JOHNSON.

Copyrighted, 1908, by Associated Literary Press.

Betty shuddered as the heavy iron gates clanged behind her and she realized that she was actually within the prison yard. It was her first visit to a penitentiary, and, though she found it not half so forbidding as she had anticipated, the atmosphere sent a chill through her whole girlish figure.

Instead of rock piles, with convicts monotonously breaking the stone, here were flower bordered walks and swards of softest green. But for the high walls and the barred windows she might well have imagined herself in a municipal park or on a million dollar estate.

When she reached the office her basket of delicacies was consigned with others brought by loyal friends for the delectation of other convicts, but the keeper looked curiously from the tag on her basket to Betty's face.

"No. 11,806 hasn't had a visitor since he came here five weeks ago," commented the man significantly. "Are you a relative?"

"No," said the girl simply. "He was just good to me when I needed help."

"He was good to lots of folks," grunted the warden, "but somehow they seem to have forgotten it. He's in the hospital."

The warden made a sign to a trusty, and with fast beating heart Betty followed the man in the direction of the great gray building, in one wing of which was located the hospital.

Moreton, ex-boss of the —th district, was propped up in bed, and at sight of Bessie Vynne he smiled radiantly.

Five weeks he had lain there fighting grimly for the life that he had begun to think was hardly worth the saving, for Moreton had indeed been through the valley of political humiliation. Less than two years before it had required two husky men to guard the door of his headquarters and keep back the crowd of importunate callers who wanted financial help, influential word or perhaps just the chance to fawn upon the powerful political leader.

Moreton had been the boss of his district, ruling with a rod of iron. He had controlled the machine through sheer force of will power.

His enemies both without and within the party had fought doggedly to break his sway, but the boss had gritted his teeth the harder at each fresh attack and beaten the malcontents into submission.

But there had come an end to his rule, as to almost all one man control. The opposing party had secured the services of a political revivalist. "In the interest of good government," they had explained, but the whole city knew that it was a ruse to rid the district of its dominating boss. It meant turning the district over to another clique as bad, but less experienced in municipal villainy.

And the political world had sat back and watched the warfare with grim smiles. Perhaps, after all, the boss would win again. But in this they were wrong. By a mere quip of fate the wheel spun the other way.

The boss lost, and after loss of power came scandals and lawsuits. The latter took most of the fortune he had filched from the city, much of which he had spent on the care of those who needed it more desperately than the taxpayers from whom he had filched it so remorselessly. In reality the boss when the blow fell could have counted his fortune only in thousands when his enemies ran it up to tens of thousands.

When he left the civil court room almost penniless he found himself face to face with criminal charges. Stoically he had accepted his sentence of five years in the penitentiary. Stoically he had accepted his desertion by those who had fawned upon him in prosperity and power. A child of the streets who had started carrying the water bucket for the marching club, he had become a ward heeler, a lieutenant and finally the boss without the aid of family ties or family influence. Stoically he had accepted the decision of the hospital staff. He had an incurable disease. He probably would not live out his sentence.

Yet at sight of Betty Vynne's face his stoicism vanished, and after the radiant smile of welcome came a tenderness almost pathetic.

"What are you doing here, child?" he asked as he stroked the hand that clasped his. "Sing Sing's a good way for a girl to come who's only making her eight a week."

The girl laughed, but her voice was shaky.

"Just listen to the man! And I'm getting ten—right in this town. I read in the paper—about—about your being so lonesome"— The man smiled grimly. So the papers were commenting on the fact that he was a deserted as well as deposed leader of men. "And I saw the ad. of a lawyer up here who wanted a stenographer, and I came and got the place. I like it much better here than in town. And I can come to see you once a week."

Moreton, deposed boss, leaned over and looked into her face.

"You—come—up—here—to be near me?"

The girl nodded her head.

"And I've got the nicest boarding place with a widow, and you ought to see her flower beds"—

Just then a physician in white uniform came toward them.

"You can stay only five minutes," he said without waiting for the formality of an introduction. "I cannot have my patients unduly excited. In a few weeks we shall have him in fine trim, I hope, but we don't want our treatment upset by too much company."

Moreton's lips set in grim lines. The young doctor evidently did not know that this was his first visitor.

"Dr. Lindsay, this is one of my best friends, Miss Betty Vynne, and her coming can't hurt me. Why, say, I feel like a two-year-old right now."

Nevertheless the young doctor stood near the door, and when the five minutes were up he led Betty from the ward.

"You can come again, as often as the rules permit, but do not stay too long."

The next time he made the rounds Dr. Lindsay found Moreton oddly quiet, his fever reduced, his pulse normal.

"Doctor," he said, with a smile, "that girl's coming did me more good than all your dope. It's good to know that there's one person that hasn't forgot you."

And then the young doctor saw that something more than an organic disease was aiming for the old boss' heart.

"Daughter of an old friend?" he asked casually.

"Not much—just a kid I picked up in a tenement; took her from a sodden old thing who was beating the life and spirit out of her. I turned her over to the sisters. They did the rest."

Lindsay smiled, but he understood. It was the ex-boss who had paid the sisters for the girl's care and put her through a business school and set her on her feet, saving a girlhood like his own boyhood from the slums and the gutter.

After that Moreton slowly but surely began to mend. There was no curing the disease, but there was every chance to prolong his life for years if he wanted to put up the fight. And every time that Betty Vynne came to the hospital he seemed stronger for the fight.

For a time Dr. Lindsay watched the case with purely professional interest, but gradually this feeling became distinctly personal. He generally met Betty in the reception room of the hospital, lingered near Moreton's bedside during her stay and escorted her to the entrance when she departed.

And, oddly enough, he found many excuses for sitting with Moreton and learning more about "the kid's" plucky fight for education and self support.

Before the first year of his sentence had passed the ex-boss read young Lindsay's secret, and one night after Betty had paid her usual call the two men talked it over.

"Mind you, she ain't anybody. Neither she nor I know where she sprung from. So it's up to you," said Moreton warningly and yet with loving anxiety in every word.

Young Lindsay studied the cracks in the flooring for a few seconds, and then he turned resolutely to his patient.

"She's true blue. There are not many like her, no matter what sort of blood was behind her, and I'm going to take chances if she'll have me. And, what is more, I am going down to see her tomorrow when I'm off duty."

"Is it all right, Betty?" inquired the ex-boss as he stroked her hand tenderly the next time she came. "Is it all right, little girl?"

The girl smiled into his anxious eyes.

"Oh, Mr. Moreton, do you think I'm half good enough for him?"

"Mind that, will you?" inquired the invalid, as if addressing an audience; then he drew the girl close. "Let me tell you something, Betty. He wouldn't let me tell you before for fear you'd think you owed him something. He wanted you to love him for himself. See? But Dr. Lindsay's got some of the boys started, and it looks like a pardon, Betty; it certainly does."

She sank on her knees beside the bed.

"Oh, that is too good to be true."

"And that ain't all, Betty. I had some shares in a gold mine; thought it was a dead one, but Lindsay he's been looking into it, and mebbe—well, just mebbe I can take you and Lindsay on a wedding trip over to Germany. Lindsay says the springs over there would do wonders for me, and Lindsay needs a change, and—well, Betty, I'd been dead by this time if it hadn't been for your coming."

He looked up to meet the shining eyes of young Dr. Lindsay.

"Say, Lindsay, ain't there something in the good book somewheres about the least of these? I want to find that verse. I'm going to learn it. I certainly am. Ah, there is so much for me to learn and so little time!"

The Bible's Good Use of Words.

The Bible as a standard for the correct use of words has been urged upon readers by Professor Lounsbury of Yale, writing in Harper's Magazine. "Make up your mind," says Professor Lounsbury, "that the Bible is a guide to be followed grammatically as much as it is morally. The language of our version belongs to the sixteenth century. It therefore naturally contains expressions which, though proper at that time, are not in accord with the common usage of our day. When it was originally translated, which was generally the relative pronoun referring to persons. Hence we say, 'Our Father which art in heaven.' More than this, the subtle distinction found in the employment of shall and will had not then become established in the language. But these do not affect the correctness of its procedure in regard to expressions still met with everywhere. In such cases accept its authority without question and conform your practice with it."

He Went.

Mr. Lingerlong—I had a queer adventure this afternoon. Miss de Muir (with a swift glance at the clock)—You mean yesterday afternoon, I presume. —Exchange.

Corporation Contributions Limited.

Fairview, Lincoln, Neb., July 15.—The Democratic National committee, in executive session yesterday, adopted a resolution outlined as follows:

"No contribution shall be accepted from corporations; no contribution over $10,000 shall be accepted. All contributions over $100 will be made public Oct. 15. Thereafter immediate publication will be given. Contributions under $100 will not be published; no money will be received after Nov. 1.

Asquith Against Embargo.

London, July 16.—(C.A.P.)—A deputation waited on Premier Asquith yesterday asking the repeal of the cattle embargo.

Asquith said that if convinced live cattle could be admitted with safety he would favor the request. If an enquiry would serve any good purpose he would support one.

The Earl of Carrington, chairman of the agricultural committee, was present, and opposed the request.

The Mail declares no one now favors the embargo.

Constable Still Missing.

Windsor, July 16.—Three of the Amherstburg hotelmen, charged with violation of the liquor laws, pleaded guilty yesterday and were fined $40 and costs each. These were W. T. Gunn, Charles Thrasher and A. Lebert.

The case against George H. Holmes and his bartender had to be postponed on account of the absence of Constable Saunders, who assisted in securing evidence. License Inspector Smyth declares he will leave no stone unturned to locate the missing constable.

Steve Adams Acquitted.

Grand Junction, Col., July 16.—Steve Adams, member of the Western Federation of Miners, was yesterday afternoon acquitted of the murder of Arthur Collins. Adams' alleged confession of the crime was excluded as evidence by Judge Shackelford, and eight witnesses testified to an alibi for the accused man. Collins, who was manager of the Smuggler Union Mine at Telluride, was shot on the night of Nov. 19, 1902, while playing cards in his office.

Shot Negro by Mistake.

Beaumont, Texas, July 16.—A posse of over 1,000 scoured the woods in this vicinity on Tuesday night in an effort to capture an unidentified negro, who attacked and beat into insensibility a 13-year-old white girl. They shot and killed an aged negro by mistake.

Wealthy Banker Dead.

Charlottetown, P.E.I., July 16.—Richard Heartz, aged 93, died here yesterday. He was a private banker and merchant and the richest man in the province.

Slain In Cold Blood.

Metuchen, N.J., July 16.—F. B. D. Prickett, aged 68, a retired minister of the Methodist Episcopal Church and former recorder of the borough of Metuchen, was shot down and killed in the street, near his home yesterday. Archie Herron, charged with the shooting, stood at the head of the stairs in his home with a drawn revolver, and defied arrest for some time. He had been once sentenced to 10 days in jail by his victim.

Correspondent Captured.

London, July 16.—A correspondent of The Times at Tabriz, under Tuesday's date, says:

"I arrived safely after some almost desperate vicissitudes, and find the situation here one of great gravity for the inhabitants, but there is no direct danger for Europeans. On my way to this city I myself was seized and carried four miles by Rachin Khan's horsemen, but was eventually released.

Desultry street fighting still continues, but the issues of this guerilla fighting are still indefinite."

LOOKED UPON AS GOOD MOVE

Change in Thanksgiving Day Received With Pleasure Here

The announcement that Thanksgiving Day would be held on a Monday this fall has been received with satisfaction in Peterborough. The change is generally spoken of as favorable, especially by out-of-town residents and commercial travellers, as it will enable them to get home for the day without breaking in upon the week.

"We have been working for the change for a long time," one traveller said to the Review "and the commercial men will receive the news with pleasure."

BURGLAR GETS HEAVY SENTENCE

Sent to Penitentiary for Five Years by Port Hope Magistrate

Port Hope, July 15.—After a four-hour trial this afternoon, before Police Magistrate Holland, John Malyea, a Belleville crook, was sent to Kingston for five years on a charge of attempted burglary. He, with a companion, James Whalen, also of Belleville, entered Harold Corbett's house early on Tuesday morning, and when alarmed by Corbett, drew a gun and threatened to shoot. Whalen remained outside on the watch. A fierce collie dog had been chloroformed, and was found all but dead in the dining-room. The rear door had been left open for retreat. Chief Bond located the men and Malyea's boots tallied with the marks in the house. Whalen will be tried tomorrow.

Work on the new Hamilton Technical School to cost $63,000 was begun yesterday.

LITTLE GIRL FELL DOWN SLIDE AT JACKSON PARK

Little Annie Gallick, the five year old daughter of Mr. Richard Gallick, Bethune street, had a rather unpleasant experience last evening. In company with her parents and a number of other children she went to Jackson park to see the moving pictures. While out there the little tot and her young friends were playing on the toboggan slide. The boards on the slide are very slippery and the little Gallick girl while sliding on the small slide, stumbled and fell rolling clean down to the bottom. Her parents and little friends were afraid that she would be seriously hurt. She was somewhat bruised about the face and arms but she suffered more from fright than any injuries she received.

NEW YORK VISITOR HERE SHOWS FRIENDS 'SHEATH' GOWN

One of the much talked of "sheath" gowns has made its appearance in Peterborough. The owner of it is a New York lady, who is the guest of a friend here, but so far she has not worn the "Directoire" costume in public. A number of lady friends however, have seen the gown and one of them informed a Review representative that the costume half as bad as has been said. It would be all right for general wear if it was modified a little, she said, and no doubt when this had been done it will be worn largely.

It is said that one of the local stores will shortly have on exhibition one of the much talked of gowns and there is no doubt but that the women folk would turn out en masse to see them.

WIRES BROKE AND PASSENGERS ON CARS HAD TO WALK HOME

Persons returning from boating on the river last night shortly after ten o'clock had an experience which none of them liked any too well. The street car on leaving Rye's boat house was crowded. When it got a short distance past the Exhibition grounds it was unable to proceeded farther. The wires broke, thus causing the delay. After waiting for some minutes the people were told that they would have to walk home as the cars would not be running again until this morning. Several of the passengers had long distances to go, some having to walk as far as the extreme north end of the line.

The wires were repaired and the cars were running again this morning.

MAN WHO COMMITTED SUICIDE HAD RELATIVES IN THIS CITY

Niagara Falls, N.Y., July 14.—R. A. Campbell, of Pembroke, Ont., reached here to-day, and on viewing the body of the man taken from the Niagara River at Fort Niagara, last Sunday, identified it as that of his brother-in-law, John A. McNab, of 18 St. James Avenue, Toronto, Ont., who had been missing since a week ago to-day. There can be little question but that McNab is the man who leaped to death from the lower steel arch bridge into the whirlpool Rapids one week ago to-night. The description given of that suicide corresponds very clearly with the body identified as that of McNab.

Campbell states that he saw a mention of the body in an Ottawa paper, and was convinced that it was McNab. It is said that the dead man was once very wealthy, and had lived in Buenos Ayres, having had extensive dealings with South Africa and London. A short time ago, it is alleged, he met with serious financial reverses, which made him despondent, and which appears to have inspired him to take his life. He leaves a widow and child in Toronto.

Because of the decomposed condition of the body it was impossible to remove it to Toronto, and this afternoon it was buried in Oakwood cemetery here.

The man who committed suicide had relatives in Peterborough, and they were shocked to hear of his death.

Saturday's Green Ticket Day

IT'S NO USE

Shying around the facts that we have been giving the Peterborough public about our Saturday two hour sale. The early rising sale 8.10 to 10.10 The Early Riser has the best end of the game—the early shopper at Cressman's has decidedly the advantage over the late day buyers. Cool mornings no crowded store everybody rested and in good humor. Best of all we save money for you on these specials.

THE TIME HAS BEEN EXTENDED

For Receiving Tenders for St. John's Rectory

It has been decided by those who have the matter in hand to extend the time for receiving estimates for the building of the new Rectory of St. John's church. The time which was originally set for this purpose, ended last Monday night, but the trustees have extended it for a week, so that Monday, July 20th, is the day on which all estimates must be in.

RAFFIA AGAIN

Rumors have several times reached us of the reign of raffia, and it now seems that the fashion is extending from parasol handles to belts, and even buttons and hat-pins. The Toronto girls who made such pretty raffia hats and baskets some years ago will be pleased to read the following from Paris in New York Times about the return of the favorite art—

Pampas grass, ordinary dry and yellow pampas grass, has suddenly made its appearance as an element of ultra-fashionable adornment under the name of raphia. The fashion was launched this week at the races by four of the biggest dressmaking houses in Paris—Paquin, Redfern, Drecol and Doucet. The grass is so light and summer fashions will be permanent. The grass is utilized in a multitude of ways. The principal use thus far is in making of pretty parasol handles, the grass being knitted about the light bamboo frame in a variety of fancy designs. A remarkable feature of these handles is that they are generally further enriched with precious or imitation stones and pearls. The quality and nature of the stones used is naturally what determines the price. Some of the handles in the Rue de la Paix were offered at the respectable figure of $2,000. These were ornamented with real rubies or emeralds, and in the hollow filigreed handle would be seen a row of large, loose pearls. The parasol which surmounted such a glorious handle should be of fine white linen embroidered with a combination of pampas grass and white thread.

Belts, buckles, buttons, hat pins, and the hundred an done other articles of feminine adornment are made to match, in combinations of grass, jewels and linen.

It is not often that Paris takes its fashions from the banks of the Congo, but that is what has happened in the present case. A young civil employee in the French African colony was struck by the beauty of the grasswork done by the natives, and the idea came to him that such work would be admired by fair Parisians. He had a number of parasol handles made which he sent to his sister, and to his fiancee. They took their imported finery to their dressmaker to have them mounted, and so the new fashion was launched.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. George D. Edwards, of Denver, Col., is in the city.

Miss Mollie Blois is spending her vacation at Stony Lake.

The Engineers' club of Toronto is registered at the Oriental.

NEW PIANO HAS BEEN PURCHASED

A new piano has been purchased for the pavilion at Mount Juniper. This will be welcome news to those who visit that popular place of amusement. It is expected that the new instrument will be in use by the end of the week.

NO DIVISION COURT TILL FALL

There will be no more sittings of the Division Court till Friday, September 11th. His Honor Judge Weller is having a holiday and as is usual no court will be held during the summer. There will likely be a big batch of cases for the first sitting in September.

THE ENGINE HAD A BAULKY STREAK

And Gasoline Launch Owner Had a Rather Awkard Time

Friends around town are having a good laugh over the experience of a party of young people who went down the river for a trip the other night. The young people themselves are of the opinion that there was a jonah in the crowd and that they were the victims of his unlucky presence.

Some time ago a local boat owner invited a number of friends to take a jaunt down the river with him in his gasoline launch. He arranged with them to meet him at Rye's boat house at 7.30 that evening, saying that he would go on ahead as an advance guard to see if the engine was in working order.

For a good two hours he worked at the boat alternately cranking and coaxing while his friends on the bank assured him that they did not mind waiting at all and that the air on the water would be rather cool any way, etc., etc.

Finally another launch owner took pity upon the disappointed group and placed his boat at their disposal and the crowd started off after a long wait, leaving their host still struggling with his engine.

LINDSAY BOYS AT Y.M.C.A. CAMP

The YMCA boys left for their summer camp this morning with caps flying and cheers of enjoyment in anticipation of a good time down the lakes. The boys took the train for Peterborough and accompanied by the Port Hope and Peterborough YMCA boys will continue their journey by boat to their destination. Owing to Mr Cook, the local secretary, being unable to accompany the lads, fewer of them went than would otherwise have gone But without a doubt he camp will have a good time.—Lindsay Post.

CITY NEWS NOTES

CHOIR PRACTICE.

St. John's choir meet for practice in the church tonight at 8 pm. A full muster is requested.

SOLD MUCH ICE CREAM.

One ice cream dealer in Peterborough sold $160 worth of ice cream on Monday. It was the biggest day he ever had.

APPOINTED TO McGILL

Cobourg, July 15— Mr. G. W. Mitchell, M.A., for the past three years assistant professor of classics at Queen's university, Kingston and formerly principal of Cobourg Collegiate Institute has been appointed assistant professor of classics at McGill university, Montreal, and has accepted.

COUPLING BROKE.

The steamer Otonabee which carried the Charlotte street church excursionists to Idyl Wyld yesterday, had an accident last evening which somewhat delayed it. A coupling on its shaft was broken and had to be repaired before the steamer could proceed. It was about ten o'clock when they arrived at Peterborough and thus was unable to take her moonlight trip.

THE BEST OF THE SEASON

The Steamer Otonabee will run a special trip to Stony Lake on Sat. July 17th. Leaving Wolfe St. wharf at 8 a. m. sharp, returning at 7.30 p. m. Return Tickets 75c, Children 40c. 2d

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

To the Editor of the Review!

Sir,—Mr. Bailey, or Smith, whichever his true name is, went back home not long ago. Why didn't he stay there?

GIVE US A REST.

Editor of the Review!

Sir,—I would like to call the attention of the public in Peterborough through the columns of your widely circulated paper to the two days' excursion to Rochester on July 29th, in aid of rebuilding our church at Grafton which was accidentally burned. We go on the big ferry.

Yours, &c.
GRAFTON.

BIG DEMAND AT LOCAL POST OFFICE FOR NEW STAMPS

The Quebec Tercentenary of postage stamps were placed on sale at the local post office to-day, and there was a big demand for them. There are eight in a complete set and they are double size. The respective denominations are half cents one cent, two cents five cent, seven cents, ten cents fifteen cents and twenty cents.

The half cent stamp bears the heads of the Prince and Princess of Wales; the one cent depicts Cartier and Champlain; the two cent. King Edward the VII and Queen Alexandra; the five cent. "L'Abitation de Quebec"; the seven cent. Quebec in 177; the fifteen cent. "Aartement pour Pouest' (Champlain seting out for the West); and the twenty cent. "Arrivee de Cartier—Quebec, 1535.)

The engraving is splendidly done and the stamps are a splendid souvenir of a memorable event in the history of Canada.

RELIEF ASSOCIATION MAKES PROVISION FOR SUICIDES

Kingston, July 15.—The Oddfellows' Relief Association is holding its annual meeting to-day. There is a good attendance of members. The report shows a satisfactory year's work. The chief matter to be discussed is with reference to a suicide clause. Other insurance associations of the kind have such a clause. It is proposed to add one to the Oddfellows' Relief constitution to this effect. "If a man is insured for $1000 and commits suicide within a year after taking out the policy, $300 will be paid; between one and two years, $400; between two and three years, $600; between three and four years, $800; between four and five years, $1,000.

STORE OF R. NEILL WAS ROBBED AT BROCKVILLE

Brockville, July 15—This town has recently suffered from a series of burglaries. Three residences were rifled last week. Yesterday the boot and shoe store of R. Neill was entered in broad daylight and while the manager, George A. Sanderson, was partaking of lunch in the rear of the store, the till containing ninety dollars was robbed. Entrance was effected through a cellar trap door.

This morning three young men two of them clerks in the Crown Bank, were brought before Magistrate Murphy and pleaded guilty to the theft of several hundred dollars from the G.T.R. express service. Two were released on bail and the third was sent back to jail, but all will appear for sentence Saturday before Judge Reynolds in the County Court. Their operations extended over a period of some months, but one of them leaving his coat, in which a letter was addressed to his father, who is now on a visit to Scotland, gave the gang away and the arrests followed.

BATS INVADE COTTAGES AT NEARBY SUMMER RESORTS

'Tis something novel to have one's house besieged by bats. However, this is the experience of a Sturgeon Point man. He and his wife came down from Toronto some weeks ago and rented a cottage not very far from the upper wharf. He has been bothered with bats ever since his arrival. A few come in each night 'neath the eaves or patter against the windows. Of course this would be excuse enough to keep an ordinary man or woman from sleeping. The gentleman reports that he had lost considerable sleep and that his visit has been marred considerably by the intrusion.

The night before last, when he and his wife returned to their cottage after being out for the evening, they discovered that the bats were quite numerous around the house, and upon entering they were surprised to find the house swarmed with them. It was truely a siege. His wife and children repaired to the kitchen, which is a small attachment to the rear of the cottage and is bat proof. The besieged gentleman then procured a broom and immediately proceeded to attack the enemy. He says it was the worst affray he was ever in as they struck him in the face and lodged in his clothes, and at the end of an hour he had to give it up. For everyone he killed five more seemed to fill up the gaps left by the dead. Over fifty bats were killed inside the hour, and myriads still remain, so the man and his wife left the house and spent the evening with a friend, returning in the morning, when the bats had disappeared.—Lindsay Free Press.

IS INSPECTING THE EQUIPMENT

Of the 24th Field Battery---W. A. Stroud, R.C.H.A., of Kingston in the City To-day

Master Gunner W. A. Stroud, of the Royal Canadian Horse Artillery, of Kingston, is in the city to-day, and is registered at the Snowden House. Mr. Stroud is inspecting the equipment and stores of the 24th Field Battery. Col. W.D. Young, also of Kingston, who has been in the city for a few weeks, accompanied him on his inspection.

SPORTING NEWS

TO-DAY'S RESULTS AT THE OLYMPIC GAMES AT LONDON

"Yankees" Win the Discus Throwing—The Canadians are Not Mentioned.

Special to the Review

London, July 16—A drizzling rain fell at the Stadium all the morning and the attendance was less than on any previous day. Following are the scores this morning: Discus throw, second sections combined. Final, Martin Sheridan, Irish American, 134 feet, 2 inches; Giffin, American, second, Lorr, American, third. Sheridan broke his own Olympic record, of 133 feet. Ten mile walk, first heat Webb, England, first; second heat, G. W. Larner, England, first. 100 kilometre, bicycle, second heat, Meredith England, first. New Olympic record

London, July 16— Two hundred metres, won by Holman, England. 400 metres swimming race, won by Taylor England, time 5.36 1-5; 16 pound shot put, won by Ralph Rose, American, distance 46 feet 2 1-2 inches.

Special to J. N. Barber

London, July 16—There will be 16 trial heats in the 1000 metre cycling event. The first heat was won by V. L. Johnson, of England; time 1.33 4-5

In section of the 16 pound shot put J. C. Garels, of America was 1st. Distance 43 feet inches.

In the 100 metre cycling contest, heat two was won by Veuter of South Africa; time 1.33 1-5.

Heat 3 by Schilles of France; time 1.36 2-5.

Heat 4 by Flynn, of England; time 1.30 3-5

Heat 55 by Rayne of England; time 1.[illegible]

Heat 6 by Martens, of Germany, but disqualified for exceeding time limit.

Heat 7 by Neumar, Germany; time 1.33 1-5.

Heat 8 by Cameron, America, time 1.29 2-5.

Heat 9 by Demangel, France; time 1.35 1-5.

London, July 16— The Americans started off with a rush in the discus throw; section one and two were combined and W G Barrows of Chicago, won, with a throw of 122 feet, 9 1-2 inches.

In the third section A. K. Dearborn of New York A. C. won with 128 feet 4 1-2 inches.

In the fourth section John C. Garrels, the Michigan university crack, broke the Olympic record with a throw of 133 feet and 6 1-2 inches.

The fifth section was won by M. J. Horr, or Irish Americans, New York, with 129 feet 5 inches.

In the final Martin Sheridan of the Irish American A. C. was first with 134 feet 2 inches.

The throw establishes a new Olympic record.

London, July 16—In the first heat of the ten mile walk Webb, of England was first; time 1.20 38 4-5; The second heat was won by Larmer, of England; time 1.18 .9.

There are two heats in this event the first four in each to qualify.

London, July 16—In the 100 kilometre bicycle race, the second heat was won by Meredith, of England.

COBOURG GOLFERS DEFEATED LOCALS

Score Was Seven to Three—Visitors Enjoyed the Outing

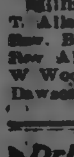
The Cobourg golfers defeated Peterborough yesterday, seven to three. The visitors arrived in the morning coming in automobiles, and were entertained to dinner at the Oriental hotel by the local club. After the match foursome were played and the ladies of the Peterborough club provided tea. The teams and scores were as follows:

C Hill 0; J Ashrom 1.
G Ray 1; J H Depey 0.
H D Burnett 0; W K Oliver 1.
R Neill 1; Frank Adams 0.
R C Finnie 0; E Vivian 1.
A H Stratton 0; A Kay 1.
G Tilladd 0; A Hargraft 1.
W H Dunham 0; W Crossen 1.
W H Blanchett 0; A J Armstrong 1
E H D Hall 1; E H Osler 0.

MILLBROOK RINK DEFEATED LOCALS

The Millbrook cricket team which is playing here today contains some bowlers. Five of them visited the bowling green this morning and defeated a Peterborough rink in a close game by 11 shots to 10. It was an exciting game and was greatly enjoyed by those taking part. The rinks were as follows:

Millbrook	Peterborough
T. Allen	Rose
Rev. Ben Oliel	T F Fitzgerald,
Rev Allan	B Laster,
W Wood	Dr Marshall
Dawson	R Kerr
Skip—11	Skip—10



Dr Leonhardt's HEM-ROID

Guaranteed, or money refunded. Correspondence confidential. Booklet on Piles, with copy of Guarantee and Testimonials mailed Free on application. $1 a bottle at all dealers, or prepaid from THE WILSON-FYLE CO., Ltd., Niagara Falls, Ont.
Sold by James Lynch, Druggist, Peterborough.

MILLBROOK IS PLAYING HERE

There promises to be a great match this afternoon, when the local cricket club plays the strong Millbrook team. The game will take place at Nicholls Oval, and will commence at one o'clock sharp.

The Peterborough team has been practising faithfully for the last two weeks, and are in good shape for to-day's game.

BIG RELAY RACE

New York, July 15.—As a pistol-shot rang out on the City Hall steps this morning at 10 a.m., a lithe athlete in running suit, carrying a silver tube containing a message from Mayor McClellan to Mayor Busse, at Chicago, darted away up Broadway on the first relay of a thousand-mile journey to Chicago. Herbert H. Rapp was the runner, and Mayor McClelland's message was as follows:

"To the city of Chicago, the city of New York, sends greetings by the fleet runners of the Young Men's Christian Association. This message is borne on foot, without a halt from the Atlantic to Lake Michigan, and the hundreds of boys who carry it gain no prize except the consciousness of having done their best."

According to the schedule, the message will reach Chicago, Tuesday, July 21. Two thousand boys will take part in the race and a strenuous effort to break all records for similar events will be made. The race is conducted by the Young Men's Christian Association, and so great was the interest in it that 100,000 volunteers offered their services.

Each runner will carry the message half a mile.

Perhaps the most spectacular feature of the relay run will be the swimming of Lake Cayuga by the boys of the Auburn, N.Y., department.

SPORTING COMMENT

If Peterborough had sent some of its knockers to the Olympic games there is little doubt but that they would have been able to beat Flannagan in the hammer throwing.

TOURNAMENT IS ARRANGED

For Gentlemen Members of the Nicholls Oval Tennis Club

A tournament has been arranged among the gentlemen members of the Nicholls Oval tennis club as follows:

1st Round

H Cressman vs. G. McClellan, July 20.
Wilkie vs Laing, July 20.
MacRae vs Middleton, July 21.
Easson vs Best, July 21.
Turner vs F. Cressman, July 22.
Downie vs Sisson, July 22.
Dobbin vs Collier, July 23.
Galley vs Miller, July 23.
Sheen vs Wright, July 24.

Second Round

Winner of 1 vs winner of 3.
Winner of 2 vs winner of 6.
Winner of 4 vs winner of 5.
Winner of 7 vs winner of 9.
Winner of 8 gets bye.
Must be completed by August 1st.

Semi-Finals.

Winner of 1 and 3 vs winner of 2 and 6.
Winner of 4 and 5 vs winner of 8
Winner of 7 and 9 gets bye.
Finals will be arranged later.

Men's Doubles.

The following is the draw, for the men's doubles:

Best and Miller vs Easson and Wilkie.
McClennan and Sisson, vs MacRae and Downie.
Middleton and F. Cressman, vs. Wright and Sheen.
Collier and Laing vs H. Cressman and Dobbin.
Turner and Galley get bye.

The first round of the men's doubles must be completed by August 1st. The games should be played as soon as possible. Those who are drawn should make arrangements to play when most convenient.

BETTING ODDS ON CANADIANS

Bobby Kerr is the shortest priced favorite of the bunch. The odds on him are only even for first in the hundred and two hundred metre sprints. The quotations are:

	1st	2nd	3rd
Burn	40	15	6
Caffery	15	6	3
Cotter	10	4	2
Goldsboro	12	5	2
Lawson	8	3	3
Lister	25	10	5
Longboat	3	2	1
Meadow	20	8	4
Noseworthy	13	12	6
Simpson	5	2	1
Tait	40	15	8
Wood	15	6	3
100 or 200 metres—			
Bobby Kerr	1	....	...

THE DRAW FOR THE 2ND ROUND

Ladies and Gents Singles of St. John's Tennis Club

The draw for the second round of the ladies and gents singles of St John's AYPA. tennis club is as follows:

Ladies

Mrs. Barber vs Miss B. Dawson.
Miss L. Whitcroft vs Mrs. Davey.
Miss Drury vs Miss Morse.
Miss H Whitcroft vs Miss Smith.

Gents

Preliminary Round

P C. Read vs Sheen, winner to play R. J. Davey.
C. Cossey vs W. Coleman.
N. Greenhalgh vs Dr. E. V Frederick.
M. Drysdale vs W. H Cluxton

These ties to be played off by July 31st or forfeited.

FIELD NIGHT IS POSTPONED

The field night of the B. A. C. which was to have been held to-morrow evening, has been postponed till Monday evening of next week. The change has been made on account of the absence from the city of a number of members.

POOR DAY FOR CANADA

Contestants in Olympic Events Drop Out of Team Race.

Great Britain Has Now Four Gold Medals, United States Have Two, France One and Sweden One—Longboat Protest Will Be Decided To-day—The Five-Mile Run on Saturday.

London, July 16.—Yesterday's program did not give Canada any great prominence in the Olympic games at the Stadium. They did not start in the team race, for which they were entered.

In his heat in the 100-kilometre bicycle, Anderson led for the first hour, covering 23 miles 1,200 yards. He dropped exhausted ten laps from the finish.

McCarthy punctured his tire, but remounted and caught the leaders, but was quite exhausted. Hanson of Sweden won. Time 2 hours 50 minutes 21 2-5 seconds.

In the second round of the 660 yards bicycle race, Andrews of Canada was fourth. He was beaten by two lengths. Johnson won. Time .50 1-5. Johnson eventually captured the final.

The weather held the crowd to 10,000.

The American protest of Longboat will be decided to-day. It is believed they will table it on the ground that it was not properly presented.

In the fourth heat of the five miles, Meadows of Canada was second. Murphy of England won easily. Time 25 minutes 59 seconds.

Canada did not compete in the team race.

In gymnastics, Keith of Toronto led his squad in four events of the six completed.

The gold medals went to Great Britain, France and Sweden as the winners of the finals of yesterday's events. Great Britain was a double winner and France and Sweden secured one first each. The United States had to be satisfied with one silver medal, symbolic of second place in the three-mile team race.

There were four finals assigned to the day, and of these England won the 660-yards cycling race and the three-mile team race, thus bringing the number of gold medals accredited to Great Britain to date up to four, as compared with two standing to the credit of the United States.

France captured her gold medal for a victory in the 2,000 metres tandem cycle race, and Sweden for Lemming's record-breaking javelin throw of 178 feet 7 1-2 inches, which topped the best previous throw by more than three feet.

Greece, France and Great Britain each gathered in a silver medal for seconds in the javelin throwing, 660-yards cycle race, and the 2,000 metres event respectively, while Norway, Germany and Sweden took the bronze medals in the same events.

The five-mile run, which is also down for Saturday, should prove a great race. The eliminating trials have left the following to fight it out for the championship: Svanberg and Landquist of Sweden, Hefferon of South Africa, Voight, Murphy, Robertson and Owen of England, Bellars and Carr of the United States, and Meadows, Fitzgerald and Galbraith of Canada.

BASEBALL

The remaining five innings of the Y.M.C.A.—Strathcona game will be played this evening at Nicholls Oval at 6.30 o'clock.

All players are asked to be on hand at the time mentioned, as it will take some ball hustling to finish the game before dark. Jerry Edmunds will act as umpire.

BASEBALL YESTERDAY.

Eastern League Record.

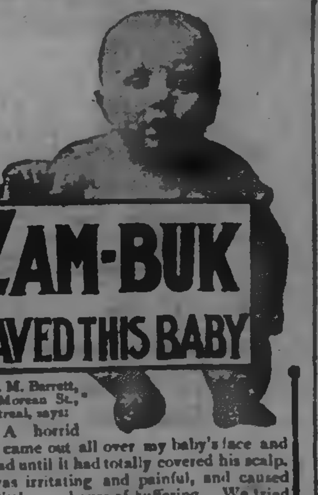
NIGHT RIDERS
the greatest moving picture of the day. This week at
Jackson Park
BAND TO-NIGHT



ZAM-BUK SAVED THIS BABY

Mrs. M. Barrett, 60a Morean St., Montreal, says:

"A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health."

Zam-Buk is sold at all stores and medicine vendors, 50c. a box, or post free from Zam-Buk Co., Toronto, for price, 6 boxes for $2.50. A certain cure for all skin diseases, cuts, burns, etc., and for piles.

Zam-Buk

LATEST FROM THE OLYMPIAD

Special to J. N. Barber.

London, July 16—Rose of California won the 16 pound shot final. His distance was 46 feet 7 1-2 inches. That beats the record of 46 feet 1 1-2 inches

America and England are now tie in points for first place. Americans here are wagering all kinds of money that the Yankees will beat England out in the finals.

London, July 16—The 400 metre swim final won by Taylor of England; time 5.36 4-5

The 1000 metre cycle event was declared no contest because the time limit was exceeded.

LACROSSE

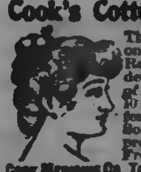
GOOD PRACTICE.

About a dozen of the lacrosse players of the city turned out to the practice at Riverside Park last evening and had a good stiff work out, in preparation for the game with Lindsay, on the 23rd.

There will be another practice tomorrow night, when it is hoped there will be enough men to make up two teams.

PETERBOROUGH RINK DOING WELL

In the second round of the Association match at Niagara, the Peterborough rink defeated Niagara by 20 shots to 9. This morning the Peterborough rink defeated Dr. Clark's rink from Grimsby by 20 shots to 11. The Peterborough rink has won three games and lost one.



Cook's Cotton Root Compound.

THE GREATEST FAMILY MEDICINE OF THE AGE

Based upon the Juices of Fruit—"Fruit-a-tives" Has Made a Name For Itself In Every Part of Canada at 50c. a box

ALSO PUT UP IN 25c. TRIAL SIZE

"Fruit-a-tives" is now a household word throughout Canada. From ocean to ocean these wonderful fruit liver tablets are used and praised in thousands of homes.

No other medicine, of late years, has made such an unqualified success with the whole Canadian people as "Fruit-a-tives," and in the comparatively short term of four years. As an indication of the way they are selling it may be mentioned that several of the large wholesale drug houses are ordering in 100 gross lots. That means 14,400 boxes of "Fruit-a-tives" to be retailed at 50c a box, amounting to $7,200.00.

No doubt there are thousands of people who have felt that they could not afford to risk 50c just to try "Fruit-a-tives." To meet them half way "Fruit-a-tives" are now put up in a special trial size which sells for 25c. in order that every man, woman and child may find out the benefit of these splendid tablets.

Whatever your trouble may be—Constipation, Billiousness, Liver and Kidney Trouble, Skin Diseases, Rheumatism, Sciatica, Neuralgia, Headaches, Indigestion, Dyspepsia,—"Fruit-a-tives" will surely help you.

Remember the new 25c trial size, in addition to the regular 50c boxes. Let us know if your dealer cannot supply both sizes. Fruit-a-tives Limited, Ottawa, Ont.

RESULTS OF THE ENTRANCE EXAMS IN THE COUNTY

The following is a list of successful candidates for Entrance Examination at the various centres of the county of Peterborough:

APSLEY

Annie Airries.

ENNISMORE

Mark Donohue, Imelda Flood, Maggie Franks, Nellie Killen, J. Clair, Moloney, May O'Reilly, Vivian O'Reilly.

HALL'S BRIDGE

Hugh Allen, Dulcie Pearson, Nina Pearson.

HAVELOCK

Mary Balfour, Cuthbert Barlow, Allen Bennington, Vernon Chapman, William Cooke, Stanley Copp, Mary Crown, Gertie Griffith, Grant Dafoe, Lela Harrington, Ethel Hogg, Stanley Holcombe, Florence Howe, Clifford Knox, Kathleen McNichol, Shirley Morrison, John O'Brien, Earl Pollock, Olive Rose, Flossie Rutherford, Bella Rylotte, May Vandervoort, Edyth Vansickle, Lena Vansickle, Mabel Wilde, Rose Wilde, Ernest Williams, Gilbert Wright, Lillian Wright.

KEENE

Irene Adamson, John Davidson, Evelyn Dorris, Mary L Dorris, Wilfrid Girvin, Harry N. Hastie, Willie Hope, Ella McFarlane, Lizzie McFarlane, Flora McLachlan, George Mather, Stewart A. Nelson, Harry R. Reid, Bessie Shearer, Lettie Shearer, Harry Taylor, Maggie Wallace

LAKEFIELD.

Malissa Alford, Mary Allen, Chas. Armstrong, John C. Armstrong, Etta Baladon, Rudolph H. Bissell, Louise I. Brown, A. Lela Burgess, Fred C. Came, Oscar F. Church, Melville Crawford, Keith Cumberland, Wilma Dobbin, Margaret Eastwood, Alex. Edmison, Sarah E. Edmison, Bert Everett, Katie Foley, Herbert T. Fowler, Alex. Fraser, Leo. Garvey, Ether Heard, Bertha Hurl, Mollie Johnson, Olga Kelley, Rayford Kelley, Belton Madill, Beatrice Milburn, M. Rolalme Moher Loyala Moloney, Myrtle Payne Rufus R. Payne, Minnie Murphey, Mary L. Ogilvie, Lillian Richardson, Elsie, A. Sherrin, Eric Stuart, Barbara Trail, Kathleen Vincent, Laura S. Windover, Harold J. Young, Victor F. Young.

NORWOOD.

Ettie Berne, Charley Brackenridge, Laura Buck, Ben Cardwell, Maud Cardwell, Robert Clancey, Rubie Comstock, Earl Cumming, Geo. Deasen, John Doherty, Gilbert Downer, Katie Edwards, Hazel Fife, Vera Finlay, Lottie Fitzgerald, Myrtle Hendron, Lodemia Johnston, Thomas Kelly, Effie Kidd, Herbert Knox, Morlyn Lillie, Maye Long, Harla Losey, Jennie MacNaughton, John McConnell, Irene Mahoney, Isobel Meikle, Willie Metcalf, Hazel Morrison, Jean Nicol, Arthur Parker, Edith Robertson, Arthur Searight, Beatrice Sloan, Christina Thrall, Gladys Webster, Stanley Weir, Robert Whyte.

At Apsley 3 candidates wrote, Ennismore 10, Hall's Bridge 7, Keene 33, Havelock 43, Lakefield 64 and Norwood 74, making a total of 243, of whom the above 137 passed.

The County Council's prize of $10 for the highest mark was won by Miss Lettie Shearer, of S.S. No. 5, Otonabee.

KEENE MAN INJURED WHILE VISITING IN PETERBOROUGH

Mr. Jonas Nelson Fell Down Steps and Broke his Collar Bone—Many attended the Celebration on the 13th—Bass Fishing is Good.

Special to the Review

Keene, July 14.—Miss McClelland and Miss Helen Donne spent Wednesday in the village.

Miss Kate McFarlane returned home from Whitby Wednesday.

Miss Bessie Read is visiting friends in Brockville and Montreal.

Miss Bessie Read, Peterborough, is the guest of Mrs. J. R. McIntyre.

Mr. A. C. Yokome, of Peterborough, is spending his holidays here.

Dr. Howson, Kalamazoo, Mich., is visiting friends in this vicinity.

Mrs. Mark Plunkett spent Sunday in Peterborough, the guest of Mrs. Alex. Fitzgerald.

Most of the farmers in this vicinty are through haying, and a few have started cutting their fall wheat.

Dr. Marshall Weir, Hastings, is spending the week in Keene.

Miss Kate Gourley returned Monday from a trip to St. Anne's.

Miss Grace Harris, Rochester, N.Y., is the guest of Miss Annie Hore.

Master David Kempt is visiting relatives in Toronto.

Miss Lena McEwen, Toronto, is the guest of Miss Nellie McGregor.

Mr. Bruce McKee, Ottawa, visited his parents last week.

Mr. James McKee, New Liskeard, New Ontario, has been visiting relative in this vicinity and left for New Ontario Tuesday.

Mr. A. St. A. Smith left Tuesday to spend his holidays at Stony Lake.

Mr. Kelly, Toronto, is acting manager in Mr. Smith's absence.

A great number of bass are being caught in the Indian River. The maskinonge fishing however, is not quite so good, although some fair catches have been made.

Misses Lavina McFarlane and Ethel Ethel McGregor are visiting friends in Toronto.

A party from Keene and vicinity left Tuesday morning to pick huckleberries near Burleigh.

Mr. and Mrs. Henry Humphries, of Asphodel, visited friends in Keene Wednesday.

While visiting friends in Peterborough Monday evening, Mr. Jonas Nelson had the misfortune in going out of a door to fall down the steps, breaking his collar bone. Mr. Nelson is under Dr. McWilliams' care and from latest reports is doing as well as could be expected.

Sunday evening, July 12th, Rev. W. D. Harrison, pastor of the Methodist church, preached a sermon to Orangemen. The members of the local lodge attended in a body,

A great number of Keene people attended the celebration in Peterborough Monday. About sixty went up on the special excursion train and the members of the local lodge to the number of about fifty drove up. Then many others drove up in the afternoon to see the walk. Those who intended going on the regular 7.40 a.m. train were disappointed, as it was so crowded that no more passengers were allowed on either at Hastings or Keene and they had to wait until the special train went up at about 11.30.

With the wind blowing from the south-west the drums on the Rice Lake excursion boats could be distinctly heard in Keene as the boats went up the Otonabee River.

The local Orangemen have every reason to be proud of their lodge. It was only started a few years ago, and now there is a membership of about sixty. Much surprise was expressed Sunday evening by many citizens at the size of the lodge and the excellent showing they made.

The following farmers are taking part in the White Oat Field Competition, held by the Otonabee Agricultural Society:—John Steele, Fred Spears, T. A. Eason, John Lang, jr., J. H. Fife, Alex. Stewart, David Edwards, R. Humphries, Thos. Thompson, Joshua Smithson, Peter Drummond, Robert Weir, R. A. Nelson, W. W. Shearer, John Miller, M. Plunkett.

The judging will be done by an expert sent by the Agricultural Department at Ottawa, when the crop is about ready to be cut.

Hamilton council did not pass on the power contract last night as the solicitors had not completed the agreement.

Bad milk and the intense heat are blamed for the death of 120 babies in Montreal last week.

Summer Suits

No matter how fine the texture or delicate the color, cleaned perfectly by the FRENCH DRY CLEANING process. Call us up and ask about it.

MOOSE WAS HARNESSED

HOW THESE ANIMALS WERE TAKEN TO NEWFOUNDLAND.

Climate Suits Them Very Well—Stalking a Big Bull—Tamed and Used For Sleighing—Narrow Escape of Guide—Infuriated Animal Made a Determined Attack—Crossing Channel Under Difficulties.

While hunting moose in New Brunswick, Canada, last fall, says a well-known traveler, I had as guide a man who was commissioned by the Government to catch moose for shipment to Newfoundland, a country which it was thought would suit those gigantic animals very well. My guide some years ago caught and tamed a moose, and it was this fact that led to the idea of importing moose into Newfoundland. I will endeavor to tell the story in my guide's own words, and call it "The Pathetic Story of Taming the Moose":

"Early in March, when the snow lay thick upon the ground and pine trees, I went one day into the forests on snowshoes to try to catch a moose. I took with me a stout rope and halter. I soon came upon the track of a big bull, and shortly after came up with him in dense standing timber. The bull started off at a great pace, but the snow was so deep that he was soon obliged to slow down, and I easily ran up to him on my snowshoes. He stood there, done, with his great flanks heaving, and steam blowing from his enormous nostrils. I very soon had a rope round his neck, and tethered the end to a tree. He now made frantic efforts to escape, but quickly wore himself out, and I was enabled to slip the halter over his head. I now secured this to a tree and went back for my son, and with his help we at length got him home and shut up in a cowhouse. In a very short space of time I had the moose quite tame. He would follow me everywhere and feed out of my hand. At first I fed him on chopped hay. It was a long time before I could get him to eat oats, but when he once started upon them he liked nothing better. Turnips he also relished. I broke him to harness, and he hauled the sleigh about the woods for me. I even saddled and mounted him. One day I rode him into the big town, and the whole population turned out to see me ride Tommy the moose. We formed a pageant all by ourselves. The people were amased. Well, all went well with Tommy until one ill-fated day, when I left him at home while I went into the town to buy my winter stores. Meanwhile my son saw a big bull moose close to the ranch—for my ranch was surrounded by a very dense forest—and thinking that Tommy had been fetched in for the night — for he used to wander about loose and never strayed far from home—my son got out his rifle and went in pursuit of the big bull. It was getting very dark when my son saw what he thought was the wild one. He took careful aim and killed Tommy, my moose! At the same moment the big wild moose put up his head, and then my son saw what he had done. He turned away and went home crying. When I came back home from town I heard that Tommy, the tame moose, was dead. But the fame of Tommy did not die. It had spread all over the country, and shortly after I was commissioned by the Government to catch nine moose for introducing into Newfoundland, a country which it was thought would be most suitable for them. By the end of the following March I had caught nine full-grown moose, having run them all down on my snowshoes. There were four bulls and five cows, and I had a terrible rough time with them. One of the bulls nearly succeeded in killing me. When at bay he struck at me with his head and knocked me down, and then, striking at me with his forefeet, he missed me every time by inches only. All the moose were roped, cast and placed upon sledges, upon which they were dragged out of the forest by horses. A large pen was made for them, but I regret to say they could not be shipped to Newfoundland at once, as the passage across was blocked by ice for a whole month. In the meantime three broke out of the inclosure and escaped, and two injured themselves so severely while endeavoring to get out that they had to be killed. When the ice broke up and the steamer could get across, I had the remaining four moose boxed on the railway to North Sydney, when the crates containing them were hoisted on board the steamship Bruce and lashed firmly to the deck. And it was well this was done, for we had a terribly rough crossing that night. Arriving at Port aux Basques, in Newfoundland, I again placed them on the train and took them to the centre of the island, where I liberated them. This happened four years ago, and I have heard since they have frequently been seen."

A few weeks after hearing the above story I made an expedition to Newfoundland in search of caribou, and made many inquiries of the natives about my guide's imported moose. I was told moose had been frequently seen, and a man told me that a month or two before my arrival he had seen a pair (bull and cow) on two occasions close to Deer Lake, a sheet of water a long way west of the place where they were first liberated.

All good sportsmen will join in the hope that these splendid animals will do well in that wonderful country, Newfoundland.

The First Airship.

If we can believe certain ancient historians, Xerxes was the owner of the first airship. The chroniclers say it was received as a gift from his courtiers and consisted of a winged throne, to which were harnessed four tame eagles. Food held above the hungry birds was the incentive of the motive power, and, it is said, their struggles to appease their appetites resulted in raising the throne from the ground.

In eight years the total amount of taxes collected in the municipality of Peterborough is said to have risen from $70,000 to $180,000.

Two Suffocated In Hole.

Lethbridge, July 16.—A double fatality occurred yesterday afternoon when two men, Fred Roch, an Englishman, and George K. Thompson, from North Dakota, met sudden death by gas suffocation. A hole 30 feet deep had been sunk by the C. P. R. to test the foundation for a pier for the big bridge, and an abandoned entry at the Galt mine was found and work was discontinued on account of the gas.

Train and Boat Collide.

Kingston, July 16.—The schooner Granger of Picton had her bowsprit over the wharf and was struck by a passing train on the suburban line. Considerable damage was done.

Laurier Will Tour Ontario.

Ottawa, July 16.—Sir Wilfrid Laurier will make a tour of Ontario before he goes west.

The Premier who, it was announced, would spend a few weeks at Arthabaskaville after the Quebec fetes, will, it now turns out, return at once to Ottawa, wind up a number of outstanding matters, including the appointments to the Railway Commission and the reorganization of the Cabinet, and will start out on a tour of Ontario about Aug. 20.

Then he will probably go west, and should return to Ottawa about the end of September.

THE MARKETS.

Liverpool and Chicago Wheat Futures Close Lower—Live Stock—Latest Quotations.

Wednesday Evening, July 15.

Liverpool wheat futures closed to-day ¼d to ½d lower than yesterday, and corn futures ⅛d higher.

AERIAL WARSHIPS.

Sure to Come In Future Contests, Says Hudson Maxim.

Aeronauts have been enthusiastically commenting on the speech made by Hudson Maxim at the dinner of the Aldine club in New York city. Not only will there be aerial warships says the inventor of smokeless powder, but it is now only the matter of a short time when battleships, cruisers and the fleet winged "torpedo hawks" would be flitting about the clouds.

"The flying machine," said Mr. Maxim, "is no longer confined to the realm of fancy and imagination, but the conquest of the air is already far advanced and the era of practical utility is near. In the not distant future we shall have our automobiles of the air, and in the wars of the future we shall have our aerial battleships, our cruisers, our torpedo boats and torpedo boat destroyers. But they will be airy, frail and fairy craft indeed compared with the grim steel monsters of the sea.

"Possibly, too, we shall have our torpedo hawk, taloned with dynamite, which will swoop down out of the sky. Although flying machines could not be expected successfully to attack battleships, coast fortifications or large cities and work much damage with high explosives, still they might attack torpedoes and small torpedo craft with aerial bombs planted and exploded beside them under water.

"The more highly scientific war engineary becomes the more will home and country be defended by machinery and less by blood. Fewer and fewer men will be obliged to engage in the trade of war and more and more will be able to devote themselves to personal pursuits. Less and less will war be the arbiter of nations. The aerial navy will be the great bulwark of peace and a very great step toward the permanence of peace, and, as mercy is largely a product of civilization, future conquests will be more and more tempered with mercy until mercy shall have conquered war. Altruism is born of love, but international lovemaking must be done with armor on."

A big forest fire is raging within five miles of St. John, N.B.

FIRE INSURANCE Policy

YOU CAN SHAKE HANDS —WITH YOURSELF—

when you have a good Fire Insurance Policy in one hand. Shake off the lethargy you are in. Be a business man and look after your own interests. The wise would never think of allowing their personal property to be uninsured. If you have been so foolish hitherto, wake up now and get interested for your own interests. We can insure your house and contents for a small premium. You will hardly feel the paying of it yet it affords you a permanent protection against fire. We represent several of the largest fire insurance companies in the world, whose motto is "prompt liberal settlements."

HOW SPECIAL ISSUES OF STAMPS GO UP IN VALUE

In connection with the issue of the Tercentenary issue of postage stamps it is interesting to note how some of the denominations of recent special issues of Canadian stamps have risen in value. The six cent stamp of the Diamond Jubilee issue are now quoted by wholesale stamp dealers at 35 cents each for unused specimens. The half cent of the same issue is quoted wholesale at 18 cents each. With the exception of the one and two cent denominations, all the stamps of the Jubilee issue are now worth something over face value.

Unused specimens of nearly every denomination of the recent special issue of Canadian stamps are now worth a premium on face value. The exception in nearly every case are the one and two cent stamps of which a large number are always issued.

DIARY OF WILLIE-NEVER-TIRE AT THE Y.M.C.A. BOYS' CAMP

July 15, 1908.

Left Peterborough on a beautiful little white house called the Water Lily, about 8.40 a.m. We seemed to be a long time getting started, but soon got to the Lift Lock, where I saw the man push levers and turn cranks and do several stunts and then we went rapidly up to the top of the lock, when we got a jim dandy view of the city. We let some more people get on at the Lift Lock and then steamed up the canal. I got awfully tired going through so many locks, I wish they were all lift locks, we go through the lift lock so much quicker. The man that run the boat must get awfully tired of it, but I suppose it has to be done. At last we reached Lakefield and there was a little excitement there. While we were getting some boats for the camp one of the boys ran up to the hotel to get a lunch for us and the boat nearly went off and left him. The rest of the sail was fine and we at last reached camp with a good appetite, and after unloading our numerous parcels, struck for the dining tent. It is a dandy large tent, with separate sides to it, and covers the tables completely. We had an awful time finding the butter, but at last it managed to get to us and we ate till we were full. Then we went for a row on the lake in one of the skiffs. I think I will soon be an expert rower if my appetite keeps up the way it is now. I certainly am having a time and am sorry that the day was over so soon. Oh, I went for a swim after the row. The beach is fine and I am swimming like a fish this year. The evening was lovely, I tried to stay up all night but I guess I must have slept for a little while, for all at once the sun was shining in the tent and I knew it was to-morrow.

DRINK JOHNS' TEA

W. A. BAILEY AND CANADIAN PRESS

Says it is Lacking in Manners and Ignorant in Matters of Knowledge and History

W. A. Bailey to-day makes a vicious onslaught on the Canadian press, charging it with ignorance in matters of history and knowledge and an entire absence of manners. This is awful. It will be up to the newspaper owners to send their staffs to ladies' colleges or some other genteel place in order that they may secure a knowledge of the fine points of etiquette. As for the Review, its knowledge of history is sufficent to remind it that for the past few months W. A. Bailey has been knocking Canada and Canadians pretty hard. If he doesn't like this country and its people he should beat it back to the Utopia from which he came.

The Review received the following letter from Mr. Bailey to-day.—

Peterborough, July 15th.

Sir.—"Canuck" is too much of a coward to sign his name. As for yourself, that you should oppose me is my best recommendation, for it is notorious that the Canadian press is quite ignorant in matters of history and knowledge, and altogether without manners.

W. A. BAILEY.

P.S.—Yesterday I forwarded to your contemporary, the Examiner, a letter from Magistrate Dumble, and a reply from myself explaining, but, of course, your readers know all about it.

W. A. BAILEY.

RAN FISH HOOK THROUGH FINGER

Young Lad Had Painful Injury While Fishing Last Evening

While endeavoring to remove a fish hook from a line last evening at the street railway wharf, a young lad had the misfortune to run the sharp article into the third finger of his left hand. He succeeded in getting part of it out, but on coming up to the city he went to Dr. McGrath's surgery on George street where he had the doctor remove the rest of it. His finger was badly torn and very painful.

HE HAD TO BUY THE HAVANAS

Story of a Lost Fountain Pen and How it Was Found

A few days ago a wellknown merchant lost a valuable fountain pen—or rather he thought that he had lost it. He spent half a day in a search for it and then decided that he would have to advertise in a local newspaper. On the way to the newspaper office he met a friend to whom he told the story of his pen, and the friend gave him the laugh, and the merchant asked what was the matter.

"If I tell you where you can find your pen, will you buy the cigars," asked his friend.

"Why, certainly," was the merchant's reply, "where is it."

"Right there," said the friend, pointing under the man's arm. There was a clasp on the pen and instead of putting the pen in his vest pocket he had fastened it on to his shirt by mistake and it was hidden from his view.

He lost no time in taking his friend to the nearest cigar store, where he bought two of the best Havanas in stock.

BOYS DELIGHTED WITH THE CAMP

Should Have a Splendid Outing at Sandy Point

A number of boys left Wednesday morning via the Water Lily for the annual boys camp at Sandy Point, Clear Lake. A small contingent from Port Hope went with the boys from the local Association. None of Lindsay boys were able to come yesterday but it is expected some will come in a day or two. A number went from here this morning and it is expected a few more will go up tomorrow evening. The boys are all delighted with the camp, which makes quite an imposing appearance with its tents and cookery. A small addition has been added to the cookery, which serves as a pantry. Every arrangement is complete for the camp and a pleasant and profitable time will be spent. Mr. Wright, the secretary, expects to go up again tomorrow. Any boys who wish to go may go in his company. Call at the Y.M.C.A. for any information.

BOTH WERE GIVEN THEIR FREEDOM

Two lone drunks graced the bench at the police court this morning. John Powers was charged with having partaken of too much fire-water on the 15th. He was discharged, with a warning and departed promising never to return. William Anderson followed, charged with the same offence and was likewise given his freedom.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

HAD HAPPY TIME AT JUBILEE POINT

Annual Excursion of Charlotte St. Sunday School Was Most Enjoyable Outing

Yesterday the Sunday School of the Charlotte street Methodist church took their annual outing, going this year by steamer Otonabee to Idyl Wyld and Jubilee.

The boat carried the largest crowd of the season and presented one of the most joyous scenes possible. Every passenger seemed anxious to make their companions happy and the resutl was surely attained. The general opinion expressed was that the trip was the most successful in the history of the school.

The Otonabee took the direct route to Idyl Wyld where dinner was served. The many tables there so conveniently arranged in the beautiful grove were admirably adapted to this purpose.

After dinner the party was conveyed to Jubilee park where the afternoon was pleasantly spent in sports and games.

For the comfort and needs of the party various committees had been appointed prior to the trip. These gentlemen looked after the lunch baskets and other accessories, thus leaving the excursionists as free as possible from the slightest care.

The following is a list of the successful contestants in the sports all of whom received appropriate prizes,

50 yard race, boys under —H. Whitcroft, Tom Stewart.

50 yard race, girls under 7—M. McKee, B. Harvey.

100 yard dash, boys from 7 to 12—Alfred Austin, Clair Zealand.

100 yard dash, girls from 7 to 12—X. Moore, A. Hopkins.

100 yard dash, boys 12 to 15— V. Runnels, N. Lewis.

100 yard dash, girls 12 to 15— C. Pethick, G E. Edmondson

100 yard dash, boys 15 to 100 —C. Frowde, G. Fowler.

75 yard dash, girls 15 to 100— M. Roddy, G. Miller.

Married men's race —H P. Collier, H P Kennedy.

Married women's race —Mrs. Robinson, Mrs. George.

Sack race, 600 yards—C Frowde, G Fowler.

Three legged race— girls, C. Edmonson C. Pethick.

Wheelbarrow race, —C Frowde and W Elliott.

Egg and spoon race girls —A. Hopkins, M. Morrison.

Boot race, boys under 15— J. Redyard, C. Stewart.

Boot race, girls under 15— H. Pethick, E. Hephard.

Walking race, boys under —C. Stewart, E. James.

Walking race, girls under 15— F. Emmerson, F. Rodmond.

Walking race, girls over 15— M. Roddy, F. Wilson.

Walking race, boys over 15 —Mr. Fowler, Mr. Smeaton.

Pack horse race —C. Harmer and A. E. Armstrong.

Three legged race boys under 15 —C Stewart and A. Jobbitt.

Three legged race, girls under 15 —Grace and Ethel Edmondson.

Tug of war, men.

Tug of war, women.

Game of baseball, —Armstrongs vs Mossbacks. Mossbacks won.

GETTING FLEECED GOING TO QUEBEC

Montreal Feels the Effects of the Flow of Criminals---Many Hold-ups

Montreal, July 16— The flow of criminals to Quebec for the tercentenary, is proving an awkward thing for Montreal, and operations en route seem to be the proper thing in criminal life. The murder in a dive, recently, broke up one gang of thieves and pickpockets, but another has been landing hard on Montrealers for the past week. Citizens have been held up in broad daylight by the gang in quiet localities and people are terrorized. The latest case reported to the police is that of a lady visitor from London, England, who was going up Cedar avenue, off Pine avenue with her little boy yesterday afetr noon when she was set upon and throttled and her hand bag containing about $100. taken. Hold-ups occurred last Tuesday, Friday and Saturday and the police are convinced they are the work of some gang.

THE STREET WAS ALMOST BLOCKED

An Advertisement That Brought Results---Goods Sold Rapidly

The value of newspaper publicity was strikingly demonstrated this morning. Yesterday's Cressmans advertised a special sale of a certain line of goods to commence this morning at 8 o'clock. At 7.30 o'clock there was a crowd in front of the store, and when the doors were opened there was a rush like that in response to an invitation to free ice cream at a Sunday school picnic. The clerks could not sell the goods fast enough and at 8.30 o'clock the entire line advertised was sold out. There is no medium like the newspapers for advertising purposes.

Wm F. Mackenzie, of Guelph, prominent in educational affairs, is dead.

ESTABLISHED 1878.

Issuer of Marriage Licenses.

WEDDING BELLS

HARRIS—MacKAY

A very pretty wedding was celebrated at St. Mary's church when Miss Effie MacKay daughter of Mr. and Mrs. Mackay of town was united in marriage to Mr. Wm. Gordon, Harris. Rev. Mr. Collins officiated. The girlish bride was charmingly attired in white point d'esprit over white silk with trimming valenciennes lace and baby irish point. The traditional bride's veil and orange blossoms completed the picture of girlish beauty.

She was attended by Miss Nettie O'Boyle who was daintily gowned in white organdie muslin. The groom was supported by Mr. David J. O'Brien of Peterborough.

After the ceremony the guests partook of a dainty wedding breakfast at the home of the bride's parents on Russell street. The dining room and tables were tastefully decorated with smilax, ferns and white carnations and marguerites.

Among the guests from a distance were Mr and Mrs. J. Parcells, of Havelock. Mrs. McLimount, of Toronto and Mr. au, of Port Huron.

The numerous and costly presents showed the high affection in which the young couple are held by their many friends. The young couple left on the 11 o'clock train for Peterborough where they take the CPR train for Toronto visiting Niagara Falls and other points before their return to Lindsay, where they will reside. The Warder joins with the friends of the young couple in wishing them success and happiness.— Lindsay Warder.

LOW—WOOD

A pretty but quiet wedding was solemnized this morning at 7.30 o'clock at the home of Dr. and Mrs. J. W. Wood Bond street, when their daughter, Miss Ethel May Wood, was united in marriage to Mr. James Low. The Rev. H. V. Mounteer, of Cannington, uncle of the bride, performed the ceremony. Only the immediate friends of the family were present.

The bride was unattended. She wore a charming travelling suit of champagne colored raw silk. Her head dress was a brown walking hat and she carried a shower bouquet of white roses, the gift of the groom.

Immediately after the ceremony the happy couple took the C.P.R. train for Winnipeg, from which point they will start on an extensive tour of the Canadian Northwest.

The gifts presented were numerous and handsome, betokening a wide circle of admiring friends.—Lindsay Warden.

Chatham Council may not accept the new lighting plant, claiming it is not up to specifications.

While loading a car of ties at Henole, Wm Malone was killed and Jas. Warrington, James Butler and R. McCary, Englishmen, and J. Tyrejlka, a Russian, were injured.

SPECIAL TRAIN IS PROPOSED

Lacrosse Team Plays in Lindsay on Thursday of Next Week

Another practice of the lacrosse team will be held at Riverside Park to-morrow night, and a big turn-out of the men is looked for. The locals play a league game in Lindsay, July 23rd, and it is likely that a special train will be run. On account of the half holiday here, it is certain that a big crowd would go along.

A popular idea used to prevail that all teas were pretty much alike, but "Salada" Tea is proving a pleasant surprise to thousands of particular tea-drinkers. Sold by grocers everywhere.

TO SHUT OUT HAMILTON CONTRACT IS CONDEMNED

If City Concludes Agreement Union Will Exclude Her From Ever Securing Hydro-Electric Power—Will Petition for Right to do So.

Guelph, July 17.—The City of Hamilton's action in dealing with the Cataract Power Co. was condemned at the meeting of the Western Municipal Power Union here yesterday.

In a set of resolutions to be forwarded to the Hamilton City Council the municipal representatives expressed themselves very strongly on the manner in which Hamilton was using the union to secure lower prices.

The resolutions said, in part:

"That the City of Hamilton applied for a supply of power from the commission, in co-operation with such other municipalities, the city should, in good faith, join in the contract between such other muncipalities and the commission, and we would respectfully suggest to the council of the City of Hamilton, that they submit the contract of the Hydro-Electric Commission, and the offer of the company to the electors.

"That unless either one of the representations above made be acted upon by the council of the City of Hamilton, this union will regard the action of the City of Hamilton as antagonistic to the union, and that, in view of the statement made on behalf of such majority of the council of the City of Hamilton above referred to, if such offer is accepted and any application is made in future by the City of Hamilton, to the commission for a supply of power the municipalities represented at this meeting will urge upon the commission that it would be inequitable for the commission to entertain the application, and such municipalities will protest against and resist any such application.

"That the commission be asked to embody in any further contracts with the municipalities (if found necessary), provision that no municipality which has failed to execute a power contract with the commission, shall be hereafter permitted to obtain the benefit of Niagara power from the commission, without the consent of the majority of the contracting municipalities, and, if necessary, that legislation be obtained for that purpose."

The following municipalities were represented: London, by Ald. G. W. Armstrong; Guelph, Mayor Newstad, S. Carter; Waterloo, Ald. Weidenham, Ald George Suggitt; Stratford, Mayor Gordon, City Solicitor Robertson; Ingersoll, Ald. Elliott; Berlin, E. J. Philip; St. Thomas, A. B. Doherty; Brantford, Mayor Boultbee, K.C., and Ald. Andrews; Galt, P. Rodigan, Stewart Scott; Preston, F. Clare; Woodstock, Mayor Sutherland. The mayor of St. Mary's missed the train and authorized President Fryer to act for him.

Toronto was not represented.

Council Considers Contract.

Hamilton, July 17.—The City Council found last night that the Cataract Power contract was too big a job for consideration in a single sitting so part of it was left over to be finished to-night. Mayor Stewart wanted an adjournment until Monday evening in view of the importance of the document but was outvoted 12—9.

The special committee's recommendation that a contract be made with the Cataract Power Co. for city lighting and power was passed 13 to 8.

When the resolution of the Western Municipal Power Union was read to the council a motion was made by a Cataract supporter to expunge the resolution from the records of the council. The motion was carried 13 to 8.

A motion was entered to pass the contract without considering it clause by clause, but it was agreed to consider it fully. Amendments are to be moved this evening.

VALUABLE FIND OF GOLD MADE AT BIG DIPPER MINES

Buffalo Party of Prospectors in the City To-day After Two Weeks Outing at Big Dipper Mining Co. Old Camp —Mines Are Working—Mill to be Ready by October.

Messrs. Paul Strong, M. C. LaGoot, Jas. ardy, Jas. Kasarff, John Halzer, Jas. Kirsch and Geo. Guissen, of Buffalo, N.Y., were in the city to-day on their way home from the old camp of the Big Dipper Mining Company, where they have been spending the past two weeks. These gentlemen are all interested in the Big Dipper Mining Co., and were prospecting during their stay in the city.

In conversation with the Review this morning, Mr. Geo. Guissen, of the Buffalo Smelting Works, and auditor of the Big Dipper Co., stated that during the party's outing they had done considerable exploring and made a valuable find of gold. One shot was put in and over one hundred shows of free gold were found on the surface. The Marsh Vein shaft, about three-quarters of a mile northwest of Yellow Jacket Shaft, is looking fine. It is between forty-five and fifty feet deep and fifteen feet wide. It contains silver, gold and copper. Samples will be assayed in Buffalo and the value of them learned.

The Yellow Jacket Mine looks very good.

It is expected that in October or November a mill for the refining of the gold will be ready with a capacity of one hundred tons a day. The mines are running regularly now.

Mr. Guiness is very much taken up with the country down east. The party combined business with pleasure and had a very enjoyable time. On Wednesday evening the party entertained the farmers from all around the country and dancing was indulged in and a big supper partaken of.

The party returned to Buffalo this evening.

A GOOD RECORD ONE DROWNING

Since the summer season opened there has only been one drowning in the local waters, including Stony Lake. This is a splendid record, when it is considered that in past years there have usually been several drownings during the summer season.

Lad Taps Till.

St. Catharines, July 17.—Mrs. David Ramsay yesterday afternoon caught a boy 15 years of age, tapping the till in her bakery at Merritton. Before Magistrate Campbell Mrs. Ramsay pleaded for the lad's liberty, and he was let go on suspended sentence.

Launch Lost in Typhoon.

Manila, July 17.—A pleasure launch bound from Manila to Corregidor Island, carrying about 75 passengers, was caught in a typhoon yesterday and foundered. It is believed 25 of the passengers, including three Americans, were drowned.

Battleships Collide.

Quebec, July 17.—The British cruiser Venus, which remained behind with the collier Portsmouth which ran ashore, arrived last evening. In coming to her anchorage she collided with the battleship Russell and was slightly damaged.

Advantage Jeopardized.

London, July 17.—The Standard's Berlin correspondent, respecting trade relations of France and Germany with Canada, says he is sure the advantage which the countries respectively would gain from agreements with Canada are jeopardized by the alluring but delusive hope of gaining some advantage from the United States.

Montreal Man Kills Himself.

Montreal, July 17.—Alfred Guevremont, foreman of the electrotype department of the Standard Photo-Engraving Co., shot and almost instantly killed himself yesterday at his home, Park Laval, near Black-river.

Printers' picnic, Civic Holiday.

Militia Promotions.

Ottawa, July 17.—Militia general orders:

The Governor-General's Body Guard—To be captain, Lieut. J. K. Keefer, vice T. L. Kennedy, promoted.

Second Regiment Queen's Own Rifles of Canada—To be provisional lieutenant, Sergt.-Major William Hamilton Hewitt, to complete establishment.

Forty-Fifth Victoria Regiment—To be majors, Capt. W. Henley, vice R. H. Sylvester, promoted June 3, 1908; Capt. F. H. Hopkins, who vacates the appointment of adjutant on promotion, vice J. R. Staples, transferred, June 5, 1908. To be adjutant, Capt. M. A. Germain, vice F. H. Hopkins, promoted June 3, 1908. To be captains, Lieut. J. J. H. Fee, vice M. A. Germain, appointed adjutant, June 3, 1908. Lieut. (supernumerary) C. G. Henley, who is absorbed into the establishment, vice W. Henley, promoted.

Preference For Canada.

Bridgetown, Barbados, July 17.—The Barbados Legislature has passed a law giving Canada preferential treatment of 20 per cent. on flour, cheese, cordage, butter, hay, oats, peas, fish, lumber (other than pitch pine), bacon, hams, iron and steel nails, spikes, rivets and clinches, shingles, bran, sulphate of ammonia and mixed manure, soap, beans, horses, boots and shoes, fish and meat (canned), iron or steel bars, hops and rods, on condition that the Canadian preference is altered so as to leave a clear $6.72 per ton in favor of West Indian sugar, as against sugars from foreign countries. Canada's trade with Barbados is only 7 1-2 per cent.

Rail Mill Shuts Down.

Sault Ste. Marie, July 17.—The rail mill of the Lake Superior Corporation closed down yesterday afternoon for an indefinite period. The notice says the men will be notified when the plant is prepared to resume. No official statement was made, but the men at the plant say the reason for the shut down is lack of orders and scarcity of ore to run the blast furnaces.

Allan McMillan, of the Nova Scotia mine, Cobalt, fell down the shaft, and may die of his injuries.

ARE SMALLER THAN EXPECTED

Tenders for Transmission Line Smaller Than Expected

St. John, N.B., July 17.—The villages of Back Bay, L'Etang, Letete and Mascrene are completely cut off from St. George by bush fires. Communication may only be had by team, driving 40 miles around. Telephone and telegraph lines are destroyed, and people are praying for rain. Winds which prevailed Wednesday evening died down considerably, but still the forest fires are making rapid progress and cannot be controlled, although all the able-bodied men in the district are strenuously fighting them.

At South Bay the fire has already swept over 3,000 acres.

Investigating Beef Trust.

London, July 17.—Pressed to take some action to prevent the American beef combine from obtaining control of the retail beef trade in Great Britain, President of the Board of Trade Churchill on Wednesday informed Lord Robert Cecil in the House of Commons that the operations of the six firms constituting the beef combine were receiving the careful attention of the Government.

Mr. Churchill said that his investigations thus far had not yet convinced him of the necessity of appointing a House of Commons committee of inquiry.

Masons Elect Officers.

Niagara Falls, July 17.—The following officers were elected yesterday morning by the Masonic Grand Lodge of Canada: Grand secretary, R. L. Gunn, Hamilton; grand junior warden, J. C. Bartram, Ottawa; grand treasurer, E. T. Malone, Toronto; grand registrar, D. Rutherford, Owen Sound (accl.); board of general purposes—A. Shaw, Kingston; A. J. Young, North Bay; S. A. Luke, Ottawa; W. D. McPherson, Toronto; John Hoodless, Hamilton.

London was chosen as the place for the meeting of the grand lodge next year.

Socialists Protest.

Wellington, New Zealand, July 17.—The Socialists in Auckland are threatening to hold a demonstration of the unemployed as a protest against the public expenditures incidental to the reception of the American fleet.

In the House of Assembly Wednesday night Mr. Holcomb, one of the members, said that there was danger that the visit of the American fleet might cause the colonies to place dependence on the United States rather than on the Motherland. He therefore regretted that the invitation had been given.

Descendant of Champlain.

Montreal, July 17.—A man in New York named Champlain, who claims to be a direct descendant of Champlain, the founder of Canada, has sent a letter to Major Howe, United States Consul-General of Montreal. The letter went into details of the claimant's genealogy, which seemed in perfect order.

The writer asked the authorities of Quebec to provide him with a place from which to view the celebration in honor of his ancestor.

BUSH FIRES ARE RAGING IN EAST

Three New Brunswick Villages are Cut off by Conflagrations

Toronto, July 17.—Tenders to the number of 27 for the construction of the electric power transmission line were opened yesterday morning by the Hydro-Electric Power Commission. Some of the bulk tenders, however, enabled the commission to announce that a saving of at least 10 per cent. on the estimates would be effected under the anticipated contracts.

On the right of way, the adoption of the easement plan, for which a large number of contracts have been signed, will result in a saving of 50 per cent.

Scandals In Portugal.

Lisbon, July 17.—The crowning scandal of the "Portuguese Panama" has been brought out by the publication of a long list of names of influential Government officials, generals, court dignitaries and members of the nobility, who, like the late King Carlos, received illegal advances from the state treasury. According to the newspapers Gens. Ouva, Costa and Lopes each received $50,000, and the Portuguese Minister to Pekin, recently recalled, drew twenty years' salary in advance. The total of these illegal payments reaches several million dollars.

Mining Promoter Wanted.

Toronto, July 17.—Extradition proceedings will be pressed by the Attorney-General's Department in the case of William Lockhart Russell, of the firm of Law & Co., mining promoters. Frank Law, the other partner, has been accepted as a crown witness, and he also offers to pay the costs of Russell's prosecution.

The Law firm is reported to have cleaned up $300,000. Russell visited England and France, and then returned to New York and Lima, Ohio. He is a brother of Archdeacon Russell of Rhode Island.

Explosion Kills Nine.

Tacoma, Wash., July 17.—The powder magazine of the Northwestern Improvement Co. at Cledum blew up late yesterday while a gang of men were unloading a car of powder. Nine were killed.

Bobs Is Here.

Quebec, July 17.—The Empress of Ireland With Lord Roberts and the Duke of Norfolk on board did not berth until 11 o'clock last night, and their landing was deferred until this morning.

Boy Drowned.

Belleville, July 17.—On Tuesday afternoon Alex Sexsmith, aged 14 years, whose parents reside in Faraday Township, North Hastings, was drowned in a small lake near his home.

Town Is Wiped Out.

New Philadelphia, Ohio, July 17.—The town of Baltic, containing 500 people, was practically wiped out yesterday by fire. Loss $100,000. The fire started at 9 o'clock Wednesday night and raged until early yesterday. Forty home and business buildings were destroyed.

SOME FURTHER INFORMATION ABOUT THE DUMMER TRAGEDY

To the Editor of the Review.

I would like to correct the article that appeared in the papers respecting Elisa Ann Payne, and her mother, as I was on the ground shortly after the murder and recollect all that transpired.

The woman was not shot, neither was the boy Doughty. When Payne left home in the morning he left Brenton fixing up a root house, the roof of which had partly given way. The boy had gone out to see what he was doing just after the dinner hour. The man enticed the boy inside and then cut his throat in the root house. Then he took the handle out of the pick that he was using and brought the handle to the house and set it up just outside the door and took the iron in his hand and went in. Mrs. Payne was still sitting at the table where she had been eating her dinner when she saw him come in with the iron of pike in his hand. She got up and ran to the front door to run out, but just as she was going out of the door he struck her on the back of the head with the pick and broke her skull and she fell out of the door, for her feet were still on the door step. He had turned the body over and smashed her forehead into a pulp and then cut her throat. Such was the atrocity of that awful crime.

Payne was at a neighbor's at a threshing and the man went to the threshing to get Payne to go home with him, but he did not go. Brenton had taken the gun, a quilt, and a loaf of bread and these were found years afterwards by a neighbor who was clearing up a fallow, but the bed clothes were rotten.

Chink Smugglers Baffled.

Buffalo, N.Y., July 17.—Chinese Inspectors Archbold and McCullough in a high power motor pursued a motor boat containing eight Chinamen and two white men in the harbor early yesterday, and after a chase of more than a mile drew up alongside of the smugglers' craft. One of the white men, Thomas Roach, of 255 Gennessee street, immediately went over the side and struck out for shore. He was hauled aboard the inspectors' boat by the use of a boat hook.

Housekeepers Organize.

Chatham, July 17.—A housekeepers' combine is in formation here, the ostensible purpose of which is to boycott the alleged market combine, which has forced the price of commodities up to an unprecedented figure.

In spite of a plentiful crop and a plethora of farm products, prices of the market have been steadily maintained extraordinarily high. Housekeepers have accordingly agreed to boycott the civic institution in favor of the grocery stores.

New Equipment on Canal.

St. Catharines, July 17.—The work of installing the new electrical devices of the locks of the Welland Canal, in order to shorten the time of steamers in their journey from Port Colborne to Port Dalhousie, is progressing quite rapidly, and only three locks now remain without the equipment, and these will have it in a few days. The work will then be completed and the time will have been shortened over two full hours.

Caps Explode; Three Die.

Boston, July 17.—Two Government customs inspectors ad a wharf watchmen were killed and two longshoremen and two clerks injured in the explosion yesterday of a box containing detonating caps in an inspection locker of a shed on pier 47, Mystic Wharf.

Fifty Fair Smugglers.

Brockville, July 17.—A woman customs officer held up the steamer Island Belle as it returned from Ogdensburg, and 50 ladies had to hand over smuggled goods concealed about their persons.

Rich Iron Mines Found.

Montreal, July 17.—High C. P. R. officials announce that they have found within little over a hundred miles from Montreal, in the Laurentians, acre upon acre of iron ore which showed 60 per cent. of high-class iron. They refuse to give the location, but one of the highest officials on the road goes away to-day to follow up the find. He says that he believes the find is greater by far than Algoma or Sydney.

Rivals Fight; One Dies.

Sault Ste. Marie, July 17.—Tonie MacKi, who fought a knife duel over a woman with Isaac Saari at the Michipicoten Mining Camp, faces a murder charge, his victim having died yesterday. The men loved the same woman and engaged in a desperate fight, after which doctors put 94 stitches in Saari. He lingered between life and death for two weeks.

SUBSIDIES ARE NOT NEEDED BONUS-GIVING IS ATTACKED

Assistance to Railways is Now Thing of the Past, Says Dr. Sproule—Borden Asks Why Grants to Railways Were Left so Late in Session.

Ottawa, July 17.—The Opposition vigorously attacked Mr. Graham's railway aid resolutions yesterday afternoon, on the principle that the time had come to cease granting subsidies, except under very exceptional circumstances, and for the reason that there was not time before prorogation to enquire into the merits of individual claims. There was very little Ministerial support of the proposals, Mr. Emmerson being the only Liberal outside the Government to risk an opinion.

Mr. Graham pleaded that the new country must have railways to progress. He did not think Canada had arrived at a point when she could do away with granting aid to railways.

R. L. Borden said the resolutions were introduced seven months and 17 days after the House met. Would not the Government be forced to admit that all the delay of the session was due to their own neglect to bring forward their business. Either these resolutions were prepared two or three months ago or the Government was not ready till a few days ago to bring them down.

The total subsidies accounted for 3,965 miles of railway, equal to the Transcontinental Railway, and the proposal was not presented till within 48 hours of the close of the session. At $3,200 a mile the subsidies would amount to $12,592,000, or, if the cost exceeds $15,000 a mile, the cost would greatly exceed this figure. It was not an exaggeration to say that the treasury would be pledged to no less a sum than $22,429,000, which, added to the bond guarantee, goes up to over $33,000,000.

The House was without any information whatever as to the necessity for granting these large subsidies. Evidently the Government did not propose to have them investigated.

Dr. Sproule said the people, especially of the agricultural class, were opposed to granting any more subsidies to railways. They would also be used as a bribing agency in many constituencies, and would be used as a means of securing an enormous campaign fund for elections. Liberal members who were supporting these resolutions strongly condemned the Whitney Government for passing the C. N. A. guarantee, but had no fault to find with the action of the federal administration.

David Henderson thought the time for aiding railways had not passed, but this aid should take the form of a guarantee. Dr. Barr added a strong protest and Mr. Pringle recalled Mr. Graham's wail in the provincial campaign against the "Last awful work." This was "absolute hypocrisy."

Sir Wilfrid Laurier did not share the opinion of previous speakers that the time had come to cease bonusing railways. In fact, experience showed that the time was distant when the system could be changed. There were many portions of Ontario and some sections of Quebec so gridironed with railways that people there was inclined to think there was no need for further aid, but in many sections this was not the case.

Major Beattie protested against the vote to the Erie, London & Tillsonburg Railway, which would parallel the London & Port Stanley Railway, built by the City of London. There were three railways serving that district.

Mr. Graham said the charter was for a road from Port Burwell to London, with a branch to Tillsonburg. It had been represented to him that, with an additional road, coal would be brought in more cheaply and a large district would be served. Major Beattie declared that the Minister had been deceived, as coal for London district was not brought in that way at all.

The Aylesworth election bill was given its third reading yesterday, after several amendments proposed by the Opposition were voted down.

Mr. Boyce moved to strike out the sections dealing with New Ontario lists.

Dr. Sproule made the statement that in one of the provincial elections in Algoma squaws had voted for the Reform candidate. It was by such devices that James Conmee had won his seat. This brought Mr. Conmee to his feet. He demanded that Dr. Sproule should withdraw his statement, which that gentleman was compelled by the Speaker to do.

Sir Wilfrid Laurier denied that there was any discrimination against Ontario. The present condition of the law in Ontario places the Federal Parliament at the mercy of the Ontario Government, which could prevent the lists being revised from year to year, so that the Dominion election would have to be held on old lists or a special list made in a hurry. He knew the people of Ontario as well as if he had been brought up there! He could rely on the good sense of the people of Ontario; they would defend their rights when their rights were attacked; but they could not be gulled by any such pretence.

R. L. Borden said that the people of Ontario would not be gulled by Sir Wilfrid Laurier's defence. The proposal was to establish special lists for the six northern ridings, at the demand of two partisans; what was that but discrimination? Why were the lists of the other provinces left alone?

Mr. Borden attempted to secure a provision for simultaneous elections except in Yukon.

Mr. Foster offered an amendment to make it a crime to offer public works to constituencies as an inducement to vote-getting, with an election impending, and Dr. Sproule proposed to strike out the marked ballot clause, but these were all declared lost.

Mr. Borden declared at the outset that the statement in The Globe on Saturday, that the concessions are now declared by the Opposition to be satisfactory, was without foundation.

Boyce's amendment, that the provincial lists of Ontario should be given equal validity with those of other provinces, thus avoiding discrimination against Ontario, was voted down by 89 to 60, Lorene Robitaille being recorded with the Opposition.

Estimates were taken up last night, millions going through with a minimum of explanation.

To-day is being devoted to concurrence, and it is likely the House will get through before Saturday. There will be some discussion on the report of the Quebec bridge committee.

Prorogation will take place Saturday.

In the Senate yesterday morning Senator Lougheed gave notice that he would move that the civil service commissioners should not both belong to the same political party.

CANADIAN MACHINE 'PHONES BEING SHIPPED TO FRANCE

Lorimer System Being Installed in the City of Lyons—Equipment Sent From Toronto.

Special to the Review

Toronto, July 17—A shipment of more than usual interest to Canadians in general and telephone men especially was made yesterday by the Canadian Independent Telephone Co. Ltd., of this city, to Lyons, France. The shipment was one of automatic telephone equipment for installation in the city of Lyons. It was manufactured at the factory of the Canadian Machine Telephone Company, of Duncan Street. The installation at Lyons will be a commercial telephone system and will be complete in every particular, including the toll board for connecting outside lines with the automatic telephone plant in the city. The automatic switchboards are the most up-to-date that this company has turned out, being similar to the plant which this company has installed in Peterborough, but furnishing special automatic service for private branch exchanges, a time limit service for subscribers and a complete supervisory and alarm system. The Canadian Independent Telephone Company has the contract for the complete plant and everything is being shipped from Toronto, with the exception of the storage batteries.

The order was placed here by the Societe Internationale de l'Autocommutateur Lorimer of Paris, France, and Mr. Israel, a representative of this company has been in the city for several weeks past, watching the completion of the plant. He left last evening to return to the French capital, and was extremely well satisfied with the equipment that was going forward and the manner in which it had been handled.

It is understood that this installation at Lyons will have an immediate bearing on the French Government's future telephone systems throughout that country.

The Canadian Independent Telephone Company made a shipment early in June to Rome, Italy, where an an exchange of the Lorimer system is also being installed.

These orders were placed here after the representatives and engineers of the European company and the French Government and carefully examined this telephone equipment and investigated the various other systems.

NO DEFINITE WORD AS TO THE BRITISH DAIRYMEN'S VISIT

Nothing has been heard lately about the party of British dairymen who were to visit Peterborough early in August. It will be remembered that the Board of Trade appointed a committee to arrange for their entertainment while here, and the County Council passed a resolution inviting the Britishers to come.

About a month ago word was received in the city that the trip had been cancelled and that the old country dairymen would not be [illegible]

FRIDAY, JULY 17, 1908.

HOME MISSIONS

Neglect of home does not mean always, as some suppose, neglect of domestic life. It is just as appropriately applied in the case of Canada at least to the nation at large. Beyond all doubt, except for a few recurrent spasms of stock-taking, we are neglecting the great depths of Canadian human nature, which are quickly silting up with refuse of all sorts. Is Canadian life doomed to be a mere feeding at the trough! The "religious" press teems with praise of foreign missions. It glows with the ardour of work well done afar off. The spirit of spiritual enterprise abroad has spread a romantic glamour over it. At home the nation is starving on a diet of mean food. We do not lack force or self-reliance. No one would urge that. But we do unquestionably lack a great clean, calm "public opinion," which quiet as all great things are, nevertheless moves steadily on to the cleansing of our Canadian national and domestic life. We have no home life outside of habitant Quebec and the older parts of Nova Scotia. We live in the street and do not do our splendid Canadian boys and girls the justice of guiding them into cleaner paths. The organs of the various churches are, we cannot help thinking, largely responsible. Home missions, however, do not mean preaching. We have enough of that. We refer to "Practice" and "Knowledge," two things we seem to lack—knowledge of the deeper virtue of life and a desire to practise them.

PUBLIC CONTROL

There is a growing and reasonable feeling against giving public property to private individuals, and there is also the more practical feeling that the people can much more effectually control if they own it than if they give it away.—The Globe.

If this applies to that at present impossible scheme the building of the Hudson Bay Railway, why did it not apply to that badly managed and unhappily-financed affair, the G.T.P.? In time, as in the case of the tariff the Liberals come around to Conservative ideas, but not until long after they have done the damage which these ideas were intended to prevent. Canada has more than the required number of workers. She has all the opportunities for young and old that heart can desire. But she lacks capital. Capital has gone out of the country instead of coming into it. Until the balance of trade is at least at the balancing point we shall continue to suffer for governmental stupidity and extravagance. We cannot prosper until we get our cash back and this cannot be done by handing it out in interest, discounts and mortgage instalments to foreign financiers who at present are in possession of this country.

THAT CANAL FOLLY

(The Hamilton Herald.)

"Unless it can be clearly shown that the national advantages to be gained by the construction of the Georgian Bay canal would be great enough to warrant the national expenditure of the one hundred million dollars necessary to its construction, the project should not be gone on with at present.

We are familiar with the claims made by the supporters of the project. The canal, they say, would shorten the distance between the upper lakes and Liverpool by ever so many hundreds of miles.

What is to be gained by the shortening of distance? Why, time, of course, and in the business of transportation the saving of time means the saving of money. But the shortening of distance doesn't always mean a saving of time. Apparently it doesn't in the case of the Georgian Bay canal. Read what the Government engineers, who have just submitted their report, have to say on this phase of the project:—"Probably no practical making of time in transit could be claimed for the Georgian bay canal route, the saving of distance being offset by the larger stretches of lake and wide river navigation which exist through the Lakes Erie and Ontario route, where high speed would be permissible."

If no time is to be gained, wherein is the great national advantage to be derived from the construction of this hundred million-dollar canal? All the benefits resulting from it might be obtained by deepening of the Welland canal and the St. Lawrence canals so as to admit ocean-going vessels.

Even the Montreal Witness, despite the fact that Montreal would be the city chiefly benefited by the Georgian Bay canal, is candid enough to say that "taking the most optimistic view of the possibilities the country would hardly be justified in embarking upon another gigantic undertaking before its daring venture with the Transcontinental railway is in its final stages."

1908 AND 1903

The difference between truth and fiction in the history to date of the G.T.P. is made very apparent by the following table which contains the Laurier Government pledges of 1903 and 1908.—

Cost per mile of the Winnipeg and Moncton section, present estimate $	63,427
Cost per mile Winnipeg to Quebec estimate of 1903	28,000
Cost per mile Quebec to Moncton, estimate of 1903	25,000
Total cost Winnipeg to Moncton, including terminals, present estimate	119,863,763
Cost, Quebec to Moncton, estimate of 1903	51,300,000
Prospective cost Quebec to Moncton	29,000,000
Quebec to Moncton, estimate of 1903	10,000,000

Distance Quebec to Moncton, present statement, 460 miles.

Distance Quebec to Moncton, statement of 1903, less than 400 miles.

Latest statement, pusher grade, between Quebec and Moncton. Promise of 1903, 4 tenths of 1 per cent. grade the whole way.

Latest estimated amount of guarantee on Moncton section	$ 46,140,000
Government estimate of 1903	14,400,000

The Minister of Railways and Canals, Hon. J. P. Graham, admits that the "facts" as then presented (1903) and as they now appear, do not square. He puts this down to the increase in prices. It is very strange that nothing of all this increase in prices was foreshadowed by the Government at the time. To tell the truth, the Government's defence is no defence at all. The G.T.P. was a case of hurrying the country into a wild west speculation, the end of which we do see by a good deal. The burden assumed by the country in the case of the G.T.P. as now summed up and admitted by the Government, is more than Canada can bear. It will mean the ruin of the present generation in Ontario, especially of farmers. The eastern farmer is sacrificed to the western farmer and the whole country is sacrificed to the financier and the patronage list man. The Liberal administration's motto undoubtedly is "What is the good of a country if you can't realize on it?"

THE "ALL ROT" ROUTE

Sir Wilfrid had studied it so little that in the speech just delivered in the House of Commons, he made the distance from Auckland, New Zealand, to Sydney, Australia, only 400 miles, when it is 1200. This queer mistake Sir Wilfrid made by taking the distance from Vancouver to Sydney, and subtracting from it the distance from Vancouver to Auckland, as though the three places were in a direct line.

But these mistakes by Sir Wilfrid are not uncommon. He is a rhetorician but not an arithmetician. All his estimates, G.T. Pacific, N.P., All Red route, the Quebec bridge—all are hazy, wide-of-the-mark but always made as if the bills had just been paid and the receipts fyled. The good crops this year if we have them have inspired the Laurier government with a desire to dip their hands into the public treasury with renewed glee. Can even the most ardent Liberal contend that a few million bushels extra of wheat and oats are any justification for loading us with new and enormous debts. It is all so puzzling so inexplicable as to seem impossible. No one would believe that Canada, which in 1896 appropriated less than 45 millions for national current expenditure has this year appropriated exclusive of all expenditure on capital account not less than 130 millions. And with a deficit of not less than 30 millions looming up also. Then too on top of it all the members of the cabinet can sit idly by, and hear Mr. Brodeur and Sir F. Borden abuse the Commission which found them guilty of mal-administration. Immense expenditure allied to a callous conscience is simply worse and more of it.

editorial notes

Cricket seems to be reviving—not the new fangled half-professional sort but the old-fashioned kind where the players themselves did the work and took delight in the luncheon. The passing of the occasional holiday had something to do with this we suppose. A whole day's cricket sometimes two whole days and even a week of it, at long intervals was a great thing. Pretty grounds, pretty girls, pretty play—what pleasant memories are recalled. Will ye no come back again!

STICK TO ONTARIO

"Immigration officials are advising farm laborers not to go west, but to stick to Ontario farms."—Globe.

If the opportunities in Ontario are as good as in the west what is all the fuss about. Why not let us develop Ontario first and not indulge inordinately the speculative mania that is bringing us to the verge of ruin. The Ontario farmer will lose hundreds of millions by the Laurier policy. The depletion of the population of Ontario a few years ago produced a crisis in that province, and now an attempt is being made to bring it about once more. The Globe's remark which we found our article upon ought to be taken to heart. We may be sure that it is not made public a moment before it was necessary. The leading Liberal journals are beginning to get a bit "scary" over the plunges of the Laurier government as is seen in the above remark of the Globe's in the sarcastic advice of the Montreal Herald and in the British Whig of Kingston. These papers reflect sane Liberal opinion. If five thousand young men left this country within six months, what would the price of farm labor be? The slow drain is just as bad. Prof. McCrimmon's advice is right We are hastening too hastily, altogether.

MORE OF IT

"Included in the total of the current year's estimates is $30,000,000 for the Transcontinental, but a whole list of the supplementaries are for petty local works which are intended simply as bribes for favored localities. Under this head we have preliminary appropriations of $5,000 each for public buildings at Chesley, Dresden, Elora, Fergus, Mount Forest, Mitchell, and Uxbridge. The $5,000 to be voted in each case will not begin to cover the entire cost of the buildings to be erected; that sum will do little more than provide the sites. The total expenditure before the works are finished will probably reach at least $25,000 in each case. The total revenue of the post offices in the several towns so favored in 1906 (the last year for which full returns are available) ran from $1,933 in the case of Dresden, to $3,696 in the case of Mt. Forest. The average for the seven was $2,833 each. Interest and depreciation on a $25,000 building at 6 per cent. amounts to $1,500. The caretaking, lighting and heating will cost rather better than another $500. That makes $2,000 a year. In addition to this the salaries and allowances of the postmasters average a little more than a thousand a year each. Thus the local expenditures at the several post offices will exceed the local revenue, and all the excess income from these offices, which now helps to carry the mail from and to all over Canada will wholly disappear."—Weekly Sun.

The system of bribery by means of public buildings goes on apace. The Sun lets a lot of light in on the ways of the present Government. They are evidently as extravagant and unprincipled in small things as in big things. No regard is paid whatever to the trust reposed in them by the people. It is power place patronage and pelf at all hazards. The alleged policy is nothing more than a programme of unexampled recklessness.

EDITORIAL NOTES

Dr Osler has passed the 60th milestone, but apparently has no idea of being chloroformed.

The proposal to have a board of experts to superintend the building of the Quebec bridge shows what it cost to teach the Laurier government a simple measure of precaution.

On one occasion the late P. T. Barnum played a pretty trick on the Canadian customs. He shipped all his advertising matter to Toronto and refused to pay duty. It was sold by the customs to satisfy the charges and Barnum's agent bought it for a song, thus escaping the payment of about $10,000 more or less.

The majority of the House of Commons at the instance of the Government has voted to first approve of the All Red Line scheme and then go find out what it costs. Under Sir Wilfrid Laurier what is called politics gets farther and farther away all the time from what people know as business.—Montreal Gazette.

Fred Frieson aged 16, of Calgary was drowned in Nose Creek.

Indisputable Evidence.

You have read our oft-repeated statement, "In use for over 30 years." It was in the early sixties that the prescription now universally known as Castoria was first made use of. With a record of over fifty, under five years of age, out of every hundred deaths, it was the AMBITION OF EVERY PHYSICIAN to discover a remedy suitable for the ailments of infants and children that would decrease this distressing mortality. In Castoria that relief has been found.

Let us take the statistics covering the deaths in the City of New York for the past 30 years, and here we find the benificent effect of a combination of drugs excluding opiates and narcotics so long sought for, namely: CASTORIA.

Of the total number of deaths in New York City in 1870, 50 per cent. were under five years of age; in 1880, 46 per cent.; in 1890, 40 per cent.; in 1900, 35 per cent, only. Just stop to think of it.

Until 1897 no counterfeits or imitations of Castoria appeared on drug store shelves, but since that date Mr. Fletcher has been called upon to suppress a number of these frauds. While the record for 1900 does not come down to our expectation it is owing to the carelessness of mothers when buying Castoria. The signature of Chas. H. Fletcher is the only safeguard.

EXACT COPY OF WRAPPER.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

The Kind You Have Always Bought
In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY ST, NEW YORK CITY.

The Mood Of a Maid.

By CECILY ALLEN.

Copyrighted, 1908, by Associated Literary Press.

The girl leaned forward after scanning the road in both directions and touched the chauffeur's arm. The great crimson car came to a panting, deliberate standstill.

The girl did not wait for the chauffeur to help her, but sprang lightly to the road and vanished into the woodland on the right. The chauffeur turned the car as if his thoughts were concentrated on the necessity of making the smallest possible turn in time of safety, in order to be prepared in time of emergency. And then the great crimson car shot back in the direction from whence it had come.

Safely screened by the underbrush, the girl found a clearing in the woodland and sat down on a moss grown log. Deftly she unwound the swathings of chiffon from her hat, baring a face delicate and sensitive as the anemones opening at her feet.

She drew off her gloves and felt of the velvety moss on the old log, then stooped to gather flowers. Finally, with the blossoms forgotten in her lap, she leaned forward, her elbows on her knees, her chin propped in the palms of her hands, watching the woodland life around her.

Chipmunks and squirrels scampered along the edge of the clearing. Where the sun shone upon a tangle of fern and jack in the pulpit two robins perched pertly on dry twigs and discussed the troubles of May moving day. From the shadows of the wood beyond came the persistent hammering of a woodpecker.

Beyond the screen of underbrush automobiles and smart turnouts spun on toward the race track, where the world of fashion was foregathering. An hour passed, and then at the distant wail of a peculiar siren whistle the girl sprang to her feet, dropped her lapful of flowers and ran to the roadside.

Bearing down upon her was a crimson car, twin of the one which had dropped her so unceremoniously an hour earlier.

But the resemblance stopped with the car. The chauffeur in the first car had worn a spick span uniform in tan color from the tips of his highly polished boots to the crown of his heavy red cap. The man in this car wore a disreputable looking storm coat of English cloth, a shabby visor cap and a pair of goggles which had certainly seen more prosperous days.

He was scorching along at a fine pace. But the girl calmly stepped to the edge of the road and waved a detaining hand—a bare hand at that. The machine slowed down, and the man made preparations to descend, as became one hailed by a maiden in distress. But again the girl raised a detaining hand.

"My car met with an accident. I thought perhaps—I am very anxious to reach Dalton this afternoon. Perhaps you were going that way. Would you give me a lift?"

She looked up eagerly into his startled face. Then the man coughed discreetly, swallowed a smile and sprang from the machine.

"I was—or thought I was—going to the races, but I am sure it will be much more pleasant at—er—was it Dalton you said?"

The man's accent was English. The admiration in his eyes was the sort that knows no nationality. The girl flushed beneath it and sprang into the car before the astonished man could assist her.

For a few minutes the car ran on in silence. Then the girl spoke abruptly.

"Let us take this crossroad. Then a mile farther we will strike the old Dalton turnpike. There we will not meet"—

"I understand," he interrupted gravely. And the great car swerved into the crossroad, running through a stretch of woodland.

Again the girl seemed plunged in thought. But at last the man remarked a bit lamely:

"Perfect day, isn't it?"

The girl looked up at him shyly. Her eyes were soft and luminous.

"Oh, I have had the most beautiful hour there in the woods. I've never seen anything half so wonderful as those little creatures doing just as they pleased. Just as soon as the birds tired of one tree or bush or fern they flew off to another. They did not mind me nor each other. Just think of being like that all your life!"

The man looked at her curiously, as if she were a new specimen of the genus feminine and entirely worthy of deep study.

"It is all so different from what I've been used to. I wake up knowing that Marie will be right there with my chocolate. And then will come cards and mail and flowers and Aunt Margaret. Of course Aunt Margaret is a dear, but ten years of doing things right under Aunt Margaret's eyes are very tiresome. Don't you think so?"

"I am quite sure it must be a terrible bore," replied the man gravely.

"And then seeing the same people everywhere you go and being quite sure that you will see no one that Aunt Margaret has not seen first."

The man bit his lip at this naive confession.

"Do you know," said the girl, waxing confidential as the car lazed along over the tree hung road, "I've always dreamed of having a man come to my rescue just like this—a man I had never known—a man quite different from any of the men I have ever met"—

She paused, and the man at her side studied her with grave eyes.

"Now, there was Bessie Stewart—she married Jack Coghlan. They'd gone to kindergarten and dancing school together. And then she'd gone to all his college 'proms' and the same cotillions. Why, it was just like marrying some one who had lived in your own family always.

"And now they're bored to death with each other. They had a honeymoon at Monte Carlo, where they had been the year before on the Borden-Jones yacht, and they came back to the same old round of teas and dinners and dances. There was no romance in that."

The man shook his head.

"But Harriet, one of our parlor maids, married a miner way out west. She met him by answering an advertisement in a matrimonial paper. He came east after her, and she wrote Marie that they were awfully happy. He had never beaten her once."

The man flung back his head and laughed, and the girl laughed with him. Then suddenly she clutched his sleeve.

"You've passed the Dalton turnpike, and I must be at Stoneywold for lunch."

"We are not going to Dalton," said the man calmly. "I've been out this way before. Just two miles beyond we will cross the state line."

"But why? Oh, I must go on to Stoneywold."

The man ignored the remark.

"And across the state line, I understand, there is no need of a license."

"Oh!" said the girl very softly, and the great car stopped beneath the arch of freshly leaved trees.

He flung aside his heavy driving gloves and took the delicate, sensitive face of the girl between his two hands.

"Will you, dearest?"

Her eyes stopped dancing and turned wondrous tender.

"Oh, I hoped you'd understand, but I did not dream"—

"Will you, dearest?" persisted the man.

She lowered her long lashes over the eyes into which he tried so hard to gaze. Later she murmured from the shelter of his arms: "But I want to tell you the truth, Lester. I never loved you till just this minute. And I had made up my mind that if you did not understand I would just"—

He threw on the power.

"Let us get across the line quick before you change your mind again."

Hiram Manning, justice of the peace in the —th district, plucked at his beard and regarded the couple doubtfully.

"I'd like t' oblige you, but this ain't no Gretna Green, an'—well, I don't mind tellin' you that the girl looks under age."

"But I am not," protested the girl. "I am twenty."

"Not castin' no reflections, ma'am, but I'd like some proof"—

The girl and the man looked at each other; then the girl's troubled glance traveled to the table, and a smile brightened her face.

"Isn't that proof enough that my family are willing?"

She held the paper toward the justice with the face of a girl peering straight from the printed page.

The justice looked from the picture to the girl, and his face alternately flushed and paled.

"Gosh all hemlocks, you're Banker Claflin's girl, and he—he's"—

"Yes," said the girl, her eyes dancing. "He is Lord Gramaton. But, indeed, he's very nice in spite of the fact," she added as Justice of the Peace Manning continued to stare incredulously at the man's slim figure in its disreputable motoring apparel.

"You wait a bit. I'll be right back," said the justice, with sudden accession of spirit, and he started for the door.

The girl and man sprang after him.

"You are not going to telephone—to town—to those wretched reporters. Please, please, let us be married quite alone, with just some of your family for witnesses," cried the girl.

"Yes," added the man nervously. "We've just run away from all that sort of thing—piffle, don't you know. Please let us get away quietly. Don't telephone, I beg of you."

"Telephone nothin'," exclaimed the justice heartily. "I'm just goin' to put on my Sunday suit. Never expect to marry a millionaire's girl and a lord again in my time."

Captivating a Queen.

It was by his graceful execution of a dance that young Hatton first captivated the heart of Queen Elizabeth, says Edward Scott in his book on "Dancing In All Ages." He had been brought up to the law and entered court, as his enemy, Sir John Perrot, used to say, "by the gaillarde," as his first appearance there was on the occasion of a mask ball, and her majesty was so struck by his good looks and activity that she made him one of her band of pensioners, who were considered the handsomest men in England. It is said that the favors which the virgin monarch extended to her new favorite excited the jealousy of the whole court, especially that of the Earl of Leicester, who, thinking to depreciate the accomplishments of the young lawyer, offered to introduce to Elizabeth's notice a professional dancer whose saltatory performances were considered far more wonderful than Hatton's. To this suggestion, however, the royal lady, with more vehemence than elegance, exclaimed: "Pish! I will not see your man. It is his trade."

An Inspiration.

Little Willie—Say, pa, what is an inspiration? Pa—An inspiration, my son, is the sudden recollection of some one who will probably stand for a touch.—Kansas City Newsbook.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

AWFUL ODOR COMES FROM THE RACEWAY

Residents of Ashburnham are Complaining—It Should be Filled in

Citizens travelling to and from Ashburnham are complaining about the strong odor that emanates from the raceway on the east side of the Rapid Tool Co. The water is stagnant and very dirty. Evidently some persons have also been throwing refuse matter in it. During the warm weather the odor has been extremely bad and something ought to be done, either to fill it up or something to prevent it from smelling so strongly. In its present state, it is bound to create disease as it is the most unhealthy thing there is around.

LABOR SAVING IN DAIRYING

Cows that are Good Producers Cut Down the Amount of Work

One of the recent regular monthly tests in the Innerkip, Ont., cow testing association showed that 160 cows gave an average yield of 833 pounds, milk, testing, 3.4, thus containing 34.6 lb. fat. One excellent herd average is from ten cows each giving 1390 lbs. milk. 3.3 test. The highest yield in the herd was 1850 lb. milk for the month. In all out one of the 12 herds recorded are single cows giving 1000 lb. milk or more.

Another district averaged only 664 lb. milk per cow, while in a third district the average was 562. Some herd were as low as 412 lb. milk, 13 1-2 lb. fat as an average of 9 cows. This is less than one third of the yield of the herd noted above at Innerkip. Three times the labor, nearly three times the feed, three times the stable room for no more profit. As I have frequently remarked before this cow testing work is the best labor saving proposition yet placed before the farmers of Canada. Better cows mean less work and more income. Find out the poor cows by this individual testing, get rid of them, then give that feed saved to the better cows and watch the bank balance grow.

OBITUARY

GEORGE O. LINTON

It is with very deep regret that we announce the death of George Oliver Linton, of Campbellford, which occurred last week. He had been in failing health for some time past, but a hemorrhage on July 4th hastened the end, and he passed away four days later, at the early age of 25 years.

Deceased served as a drug clerk first with Mr. J. A. Loucks, and then after some time spent in the same capacity in Port Arthur, he returned to Campbellford and was for some years in the drug store of Mr. F. W. Wood, and finally he attended the Ontario College of Pharmacy where he was a successful student until compelled to withdraw by ill-health.

Among a large circle of friends and acquaintances he was universally well liked, and at the funeral service which was held in Christ church, there was a very large attendance, including representatives of the most prominent business and professional firms of the town; and the casket was thickly covered with beautiful wreaths, tributes of respect from relatives and friends. Interment took place at Christ church cemetery, of which church, deceased was a member. Rev. A. J. Reid, the rector, officiated.

Besides the parents, four brothers, A. T., of Calgary; Frank, of Peterborough; Fred and John, of town, and two sisters, Mrs. W. H. Noel Gill, of Kingston, and Miss Effie, at home, survive.

The Herald joins in the universal sympathy felt for the family of deceased, who are widely known and highly respected. — Campbellford Herald.

ENGLISHMEN TELL HARD LUCK STORY

Have Been Out of Work Since Coming to This Country

Two Englishmen, who have been in the country for some months, told a hard-luck story to a Review reporter to-day. Both have searched the country over for work, and as yet have been unable to secure it. That both are willing to work is proven by the fact that their last job was unloading and shovelling cement, a hard job. This they stuck at until there was no more work. The men at first went West, but in company with thousands of their countrymen, were utterly unable to secure steady work of any kind. The West, they say, is full up with immigrants out of work, and for each job there are scores of applicants. Ontario they found in a similar condition. Their story is only one of a thousand similar cases.

AN ACCIDENT TO THE "MANITA"

Lindsay, July 16.—Yesterday afternoon while on her regular trip between Bobcaygeon and Burleigh, the steamer Manita broke the "L" pipe in front of the boiler. She was brought into dock as no boat was in sight to tow them home. After floating around the lake for nearly an hour a steamer came along and gave them a helping hand. She was brought into dock and is now being repaired.

John Chapman recently out from England was drowned at Windsor.

NEW SIX WHEEL ENGINE ON G.T.R.

Arrived Here Yesterday Afternoon---Will be Used for "Moonlight" Freight

A six wheel engine was seen in Peterborough last evening the first one that has been here for some time. It arrived in the city yesterday afternoon and will be used for what is known as the "Moonlight" freight which runs between Lakefield and Port Hope. It leaves here at seven o'clock in the evening and returns next morning at six. It is usually a very long train carrying an enormous quantity of freight.

STREET SIGN ON A RIPPING TIME

Peterborough Fair Sheet Torn to Shreds by the Wind

One of the large Peterborough fair signs, at the corner of George and Charlotte streets got loose this morning, and for a few moments it had a ripping time. The wind was blowing violently, at the time, and the sign caught in the wires, and was torn into shreds. The big sheet was removed by J. J. Turner & Sons and a new one will be put in its place.

HUNDREDS PASSED PARCEL OF BILLS

There Was $20,000 in the Package But no One Knew it

Winnipeg, July 16—Twenty thousand dollars in greenbacks, loosely tied up in brown paper, was found on a truck in the train shed of the Canadian Pacific.

Hundreds of people arriving in the city on the special excursion trains and on the regular trains passed by the package, no one giving it a second look.

Eventually the contents of the package were discovered and the precious consignment was hurried to its destination.

The CPR will be able to handle its share of the western crops says G. M. Bosworth.

WEDDING BELLS

McCUAIG—HARSTONE

At three o'clock this afternoon the marriage took place of Gwendolin Ross, daughter of Mr. and Mrs. John Harstone, to Mr. John Francis McCuaig, of Toronto.

The ceremony was performed by the Rev. James Wallace, M.A., B.D., the presence of a few of the bride's eldest friends. To the strains of the wedding march, played by Miss Emma Beal, the bride entered the spacious drawing room leaning on the arm of her father. She was preceded by her bridesmaid, Miss Emily O'Leary, daughter of His Honor Judge O'Leary, of Port Arthur.

The bride's gown was an exquisite creation of heavy duchesse silk made empire style, trimmed elaborately with rose point lace. A bridal veil and wreath of orange blossoms rested on her pretty coiffure. She carried a bouquet of bridal roses, and wore the groom's gift of handsome pearls. The bridesmaid wore a very smart and becoming gown of pale pin kliberty silk trimmed with handsome lace and velvet buckles.

After the ceremony a dainty dejeuner was served. The bride received a number of costly presents, which gave evidence of the high esteem in which she is held by her friends.

Mr. and Mrs. McCuaig left on the C.P.R. train for the West. On their return from their honeymoon they will take up their residence in Toronto.—Lindsay Post.

There will be a meeting of the O. O. H. & P. immediately after lodge in the oddfellows hall on Monday night July 20th. Selection of representatives to the supreme orient and other important business

YORK LOAN LAND IS BEING SOLD

$30,000 Worth Was Disposed of at Toronto Last Month

Toronto, July 17.—There was $30,000 worth of vacant York Loan land sold by the National Trust Company last month, all in the vicinity of Indian road and High Park, and the liquidators feel that especially as the year is not famous as a real estate year, this is doing remarkably well. It is 80 per cent. ahead of the sales for June last year in the York Loan assets. "This is the only place in the city where there is so much vacant land together," said an official of the Trust Company, "and I think that the creditors of the York Loan will realize very advantageously on the land sales which are a great part of the assets."

Even at this rate it is said that it will be several years before all this land will be disposed of.

CITY NEWS NOTES

S.A. BAND

All the bandsmen are requested to be at a meeting at the Salvation Army barracks to-night.

DRIVE OF LOGS.

A drive of logs belonging to the Peterborough Lumber Co., passed over the dam this week.—Lakefield News.

CAUGHT A 'LUNGE.

Mr. Sam Hunter, cartoonist for the Toronto World, who is at present camping at Stony Lake, caught an 8¾-4 lb. 'lunge on July 10th.

MILLBROOK'S GOOD BAND.

It is said by all who were in Peterborough on Monday that Millbrook band looked as well and played as well as the big city bands, which is as pleasing to our citizens as it must be to the members and to Mr Duncan the energetic and painstaking leader.—Millbrook Reporter.

SOLDIERS GOING TO TERCENTENARY

Large Number Passed Through Peterborough Last Night

There were two sections to the midnight C.P.R. train passing through Peterborough last night. The first section arrived here about 12.20, and carried the soldiers of the Toronto contingent, who are going to Quebec, for the Tercentenary. There were nine coaches to the train and all were completely taken up by the soldiers and their baggage.

PERSONAL

Miss Mildred Fee, of Omemee, is the guest of Mrs. W. Mowry, Cedar st.

Mrs. Ada Tibbitts, of Cleveland, O., is the guest of her sister, Mrs. Wm. Bell, River road, Auburn.

DISEASE TAKES OFF ANOTHER HORSE

As a result of the epidemic of typhoid fever which is raging among the horses of this county, another animal has died. This is the third horse which has succumbed to the disease, in the last week, and the farmers are becoming very much alarmed at the rapid spread of the disease.

NO DECISION YET REACHED

Regarding Trip of Salvation Army Band to Quebec

Nothing definite has yet been decided regarding the proposed trip of the local Salvation Army band to Montreal and other points east. The matter is still under consideration and a decision will likely be reached in a few days. The chief difficulty in connection with the trip is that a number of the bandsmen will be unable to get away at the time proposed. It is probable, however, that the difficulty may be overcome.

Major Williams, of Fort Frances, claims to have made in Toronto a good bargain for power for Fort Frances.

"STAR SPECIALS"
Are Genuine Bargains

STOCK MARKET QUOTATIONS

Special to the Review.

New York, July 17—The market opened fairly active but irregular and in the early trading there was weakness in the leading rails. The Gould stocks were quite strong especially Mo. Pac. and Wabash in which there was good buying. There was further buying in steel, which rose again today and helped the industrials in general.

The equipment stocks were strong under strength in Amn. Locomotive and the pool in that stock are trying to work it higher.

London traded on both sides of the market but did very little on balance. London turned to the buying side of Union Pacific and Steel which caused some comment, but the stocks taken for foreign account were unimportant, in volume, though the bull traders made a good deal of the fact that there was no continuance of the heavy selling of yesterday.

For the time the industrial bull pools are expected to be active and we look for continued strength to develop in such stocks as B.R.T., Sugar and Colo. Fuel; also the equipment stocks and we rather favor these in preference to the rails at present and favor their purchase on all breaks.

The closing was quite strong with a rally in progress and Steel common at the high for the year.

Furnished by J. N. Barber.

SPORTING NEWS

COBOURG AND PORT HOPE BALL PLAYERS MIX IT UP

It appears that there were lively doings in the Port Hope—Cobourg baseball game at Port Hope last Saturday. The following is from the Port Hope Time's account of the game:

In Port Hope's end of the fourth Jack Wilson started out to pilfer second sack but Bulger caught him red handed in the act and robbed the runner of the steal.

Wilson just couldn't see it through the same specs and started in to create a souvenir for old time's sake. He set about measuring the circumference of Bulger's head rest with the assistance of a few willowy fingers and two thumbs.

He immediately concluded that Bulger's sturdy neck had not expanded to any extent since the Cobourg game and Bulger didn't seem to care a rap either.

The sight of such proceedings unnerved Bentley and he lost no time to vamp to the scene of the affair.

O'Toole immediately followed suit to see that no wrong would be enacted Bentley brewed up to overflowing and was about to call Wilson to account for such an action when O'Toole arrived.

The latter concluded that Bentley needed a nerve tonic and thereupon planted a fist full of knuckles on the auburn haired lad's countenance. It was the hit of the day and Bentley took the count.

Proceedings became too interesting for Mulhall's hired men and they buzzed to the scene like bees to a hive. The massive manager, Mulhall, who cultivated right garden, started through the clover like a runaway truck horse and the sun's rays on his blue bonnet gave his headgear the appearance of a headlight for a touring car.

He started in to demand fair-play and a lot of other things. Peter Duncan had been nobbing about for some time without hurting anyone's feelings. Constable Garbutt who had been enjoying the game from the grandstand, set out for the scene of hostilities and with the assistance of the 'big stick' quickly dispersed the crowd and the game continued without further interference.

PORT HOPE WILL HAVE STRONGEST TEAM OF SEASON

Port Hope is coming on Saturday with a strong team to take a fall out of the Peterboroughs, leaders of the Midland League. They will have Serphilis in the box, with Jeffrey, late of the London team in the International League, doing the receiving. Jeffrey is said to be a star and it will be interesting to see him in action. Dunn, O'Toole and McGuire will be on the Port Hope line-up and the team will be the strongest that they have had this season. The Petes are in good shape for the game and with Clements and Edmunds in the points will make it interesting for the visitors. The game is called for three o'clock and a big crowd will see it. The Port Hopers are confident that they can repeat the victory of July 1st while the locals are thirsting for revenge. It will be a great game with something doing all the time. The new schedule of prices will prevail —general admission 15c; tickets good for admission and grandstand, 25c.

PROGRESS OF THE NEW YORK CHICAGO BIG RELAY RACE

Special to the Review

Seneca Falls, July 17—At 12.57 this morning Art Adams of the Auburn Y.M.C.A. bearing Mayor McClellan's message to Mayor Busse in the New York—Chicago relay race, emerged from Cayuga lake which the racers had swam in hurrying the message along in order to save delay by a long detour. The lake is a mile wide where crossed by the racers and Adams and Parker of Auburn made it in 56 minutes. A large crowd awaited their arrival. Early in the evening the moon was clear and the lake calm but when the boys swam the sky was cloudy and the lake rough. Under dark skies. Ward, who took the tube at the lake. Hudson, Raunf, Cheesebrough, J. Byer and A. Byer, made three miles in about 17 minutes. Parker and Adams stood the swim in the rough lake, well. Adams walked from the water and warmed himself, on at a fire on the shore. Many more swam and ten boats followed the swimmers.

STRATHCONAS INCREASE LEAD DEFEAT THE Y.M.C.A. NINE

Strathconas 22: YMCA 13.

This was the story which was wafted by the breezes to the four points of the compass. The game was played under ideal weather conditions at Nicholls Oval last night and a large crowd saw the fun. The Straths won the game not only because they could hit the ball but because their fielding was of the highest variety. This is the weak point of the "Y" team—their fielding is certainly very bad. If this were improved upon and if they were given a little more practise in running the bases they would have a fair chance for the championship. After last night's performance however, it looks as if they were past redemption, as almost every man had an error and some of them two and three.

The Straths on the other hand had only three errors chalked up against them. Otherwise they played clean, snappy ball and deserved to win if for nothing else than their fielding.

For the winners, Belleghem pitched good ball striking out five men and giving no bases on balls. Wilson at the receiving end of the battery played his usual sturdy game and had a nice single to his credit. The rest of the team were given no great opportunities to exert themselves but whatever came their way was well looked after.

There were no particular stars for the losers. The battery worked well together and deserved better support than they received. Robertson in left, was about the only man who didn't fall into the error of dropping the ball and Dormer at centre was the only man who didn't have a chance to drop the ball. Creasman at short got away with a peach of a three-bagger in the 1st. It was the longest hit of the game.

Only five innings were played last night the Y's going to bat under a handicap of three runs from the four innings played Wednesday night when the score was 9-6.

The teams were as follows:

YMCA.

CROCKER LIKES FRED SIMPSON

Special to the Review

London, July 17—Told of Longboat's accident, Manager Crocker said that it would save him from defeat, as Simpson is going strong. He did ten miles in 56 minutes yesterday in a heavy rain.

LACROSSE

The lacrosse match between Peterborough and Lindsay, which was scheduled to be played to-day, has been postponed until the 23rd.

Whatever reason the Peterborough team may have for the postponement of this game the Post knows not, but it does know that if there is any thing that will kill a game it is the very thing.

It is to be hoped that lovers of the game in Lindsay will see that the Lindsay management is not to blame and will patiently wait for another week.—Lindsay Post.

BRITISH OLYMPIC COMMITTEE TAKES HEED OF PROTESTS

And Decides to Change System of Scoring—No Championship to be Awarded.

Special to J. N. Barber.

London, July 17.—In view of the very violent protests by different nations, particularly America, against the English system of scoring points in the Olympic games, the British Olympic Committee has decided today to award no championship in either the Stadium or outside events. In explanation of the decision Capt. Jones said:—"We have decided that it would be unfair to award a championship in view of the system of scoring adopted. This system would have given England a walk-over, as countries from far off, particularly America, could not be expected to send teams for so many of the minor events that we started out to include in the championship competitions. The American team, which appears the strongest in the regular track and field events, has just cause for complaint. This team will probably now make good its claim to the championship.' The Americans are jubilant over the result.

GALBRAITH OF CANADA WON HIS HEAT IN STEEPLECHASE

Chances Look Good for Finishing Second—Canada Beat States in 3 Mile Bicycle Team Pursuit Race—To-days Olympic Results.

Special to the Review

London, July 17.—5,000 metre bicycle event, heat 3, Auffray, France, won, time, 8.56 4-5. Heat 4, Grakkstein, Holland, won, 8.42 4-5.

100 metre swim—

1st heat, Depalmy, won, Hungary. Time 1.08 1-5.

2nd heat, Schiff, Austria, won. Time, 1.11 4-5.

This event is a distinct one from the 100 metre back stroke swim in which the semi-finals are now on.

London, July 17.—In section one of 60 lb. shot, W. W. Coe of Boston, was first, with a throw of 42 feet 7 1-2 in.

London, July 17.—The 100 metre back stroke swim was won by England.

Heat 1—Semi-final, Bieberstein, Germany, first. Time 1.26 3-5.

Heat 2.—Semi-finals, Hunksnabe, of England, 1st. Time 1.23 1-5.

London, July 17.—The Americans are betting 5 to 1 that Daniels will win the 100 metre swim.

The gymnastic competition final was won by Sweden with a score of 438 points.

In the final of the 100 metre back stroke swimming, Bieberstein, of Germany, won. Time, 1.24 3-5.

In the 5,000 metre race, heat 5 was won by Jones, England, Time, 8.00 4-5.

Sixth heat by Kingsbury, England, 8.53.

Seventh by Schilles, France, 7.55 2-5.

Additional heats in the 100 metre swim were won as follows.—

Heat 3, Beaurepaire, of Australia, Time 1.11 3-5.

Heat 4, Julian, Sweden. Time 1.12.

Heat 5, Daniels, New York, Time 1.06 4-5.

Heat 6, Habner, America, 1.11.

Heat 7, Edwards, England, Time 1.15 4-5.

Heat 8, Dockrell, England, swam over time limit.

Heat 9, Rich, American, Time 1.14 3-5.

Webb, of England, was second and Spencer third in ten mile walk. This is England's first clean sweep.

In the 3,200 metre steeplechase the results were.—

Heat 1, Russell, England, 10.50 1-5.

Heat, 2, Eisele, New York, 11.13 3-5.

Heat 3, Galbraith, Canada, 11.12 2-5.

In the 3 lap bicycle team pursuit race, heat 1, was won by Germany, who beat France. Heat 2, England beat Belgium. Heat 3, Canada beat United States.

BAND TO-NIGHT

WALKING

ANOTHER WALK.

A walking race may be held here again Although the last walking race held in Lindsay was not what one would term a financial success, still it left a great impression on the townspeople, who have become very enthusiastic over the sport.

Walking is almost as exciting as a horse race and if the proper material is produced it would be well attended by every lover of good clean sport in the town. Now, if some energetic resident of the town would only start the ball rolling we could have a splendid meet here in the roller rink some time in September. If the town could secure Hoagland, Harrison, Blake, Slater, Stevens, Stevens, Stacey, Cooper and the two Sneezleys, and a number of others, who are starting out to make a name for themselves, we could have a meet in Lindsay as good as that held in Peterborough, and perhaps better. —Lindsay Free Press.

ATHLETICS

Special to the Review.

London, July 16.—Longboat, trying to avoid a country cart, met with an accident and had to give up training as a result.

Wellingtons	0	7	.000

BRITAIN STILL LEADS

Is Eleven Points Ahead at the Olympic Events.

Tom Longboat Is Hurt Passing Country Cart and Discontinues Training —Yesterday Was Yankee Day and They Scored 15 Points to Britain's 8—Goulding Unplaced in 10-Mile Walk.

London, July 17.—The United Kingdom started yesterday with four first places to America's two, but the latter picked up in the earlier events and won all three prizes in the discus throwing and first and third prizes in the weight throwing. Horgan of the United Kingdom took second place in the latter event. This evened the score of the two countries, but England got another lead when Taylor made his sensational win in the 400-metre swimming contest, beating Jeaurepacca, the Australian crack, by a handsome margin. Scheff of Austria, of whom great things had been expected, was third in this event.

The rain of the morning continued throughout the afternoon, and everybody was drenched. The inclement weather kept away spectators, and the attendance was meagre.

Longboat, in trying to avoid a country cart, met with an accident. His training has to be discontinued as a result of the accident.

George Goulding of Canada was unplaced in the 10-mile walk, second heat, which was won by G. E. Larner of England in fast time.

In the 1,000 metre bicycle race, Andrews of Canada was fourth and Young of Canada fifth. They both qualify for the final.

In the fourth heat of the 1,000 metres McCarthy of Canada was third. Flynn won in 1 min. 30 3-5 secs.

In the ninth heat Demangel trimmed Morton of Canada in 1 min. 35 1-5 secs.

In the gymnastic competition Keith of Toronto was 58th, with 170 points; Elliott of Canada was 80th, with 128 1-2 points; Bragia first, 317 points. Ninety-six competitors were mentioned.

Hundred metres back-stroke, Zimmerman, the Canadian, was third. Lewis won, 1 min. 31 secs.

Country—	1	2	3	Pts.
Britain	5	5	2	42
United States	4	3	2	31
France	1	1	1	9
Sweden	1	0	0	5
Australia	0	1	1	4
Greece	0	1	0	3
Canada	0	0	1	1
Germany	0	0	1	1
Belgium	0	0	1	1
Norway	0	0	1	1
Austria	0	0	1	1

Points score: 5 for first, 3 for second and 1 for third.

Final results yesterday:

Discus, free style—Sheridan, United States, 5 points; Giffin, United States, 3 points; Horgan, Britain, 3 points; Garrells, United States, 1 point.

400 metres swimming—Taylor, Britain, 5 points; Beaurepace, Australia, 3 points; Scheff, Austria, 1 point.

MR. HERBERT ASQUITH.

A Pen Sketch of England's Strong Commoner

A few years ago the spirit of imperialism was dominant in England, but to-day the fortunes of the administration are tied up with questions of local public weal. It is hinted that but for the large and substantially increased labor vote polled at the elections in 1906 Mr. Herbert Asquith would not have been selected premier to succeed Campbell-Bannerman. The English people, not alone the workingmen, but all classes, are demanding that something be done for them, whatever happens to imperialism, and the increased vote for pronounced friends of labor is only one of many signs that times have changed.

Herbert Asquith is a self made man, a man of the people. He was born a democrat, trained a democrat and made his own way in life without powerful friends and without money to back up his ambition. Moreover, he has remained a democrat and not a time server or a climber. He first entered Parliament as a home ruler, and it is said that when he first opened his lips to speak on public questions in the presence of Gladstone the "Grand Old Man," then gloomy over the impending defeat of his pet principles, was forced to "sit up and take notice," and that he did so with a look of supreme relief on his face. A new voice had been lifted up on the side of the people. That was twenty years or more ago, and since then Asquith has been a marked man among Liberals. He has a great task before him to realize the many hopes built up in the minds of the common people of the British islands by Liberal leaders and teachers of the Gladstone school, but every cause and every peculiar era finds its prophet. He may promise more than his administration will be able to perform for the overburdened and struggling masses of England and Ireland, but he was born right for the role assigned him, and through all the vicissitudes and turnings of political life he has remained true to his birthright—a man of the people—and he stands firmly as well as consistently on that platform now.

A New Railway Danger Signal.

Testimony in a recent distressing accident due to a grade crossing collision between a trolley car and a passenger train showed that danger signals are recklessly ignored sometimes. To make schedule time is the object set before motormen and engineers, and it is only fair to say that occasionally the making of schedule time by a train will limit the liability to accident through confusion. However, the practice of ignoring signals has come to be a menace, and railroad men have encouraged a new device for signaling which also stops the train or car signaled. If the machine operates effectively it will doubtless be widely adopted.

The new signal cannot be ignored, because the car or train is at once taken from the control of its master and compelled to stop. The only way to start motion is for some one to alight and release the exterior check, fixed automatically at the time the signalman gives warning. Recently an old railroad man declared in an article printed in The Atlantic Monthly that the practice of ignoring signals by railroad men at certain times has become a habit hard to eradicate. He considered the practice responsible for many distressing accidents, but yet trainmen continue to exercise discretion. If the obstacle suggested by the signal is seen the warning is heeded, but if not speed is merely slackened and no full stop made. If railway men will not obey rules as to signals absolutely a device to check their train in spite of them will be found necessary, especially at points where the danger is greatest.

The Ameer Proves Loyalty.

As an evidence of his friendliness toward Great Britain the ruler of Afghanistan has prohibited the priests from preaching a holy war upon penalty of having their tongues pulled out. He has also ordered that all Afghans who join the rebellious border tribes shall have their feet cut off. The British general, Willcocks, in command of the forces in northwest India, had reached close quarters with the Mohmand tribesmen. The brother of the Ameer who is trying to usurp the throne is avowedly anti-British. The Mohmands, who are the chief cause of the trouble, are a great tribe half in Afghanistan and half in British jurisdiction. British authorities can hardly ask the Ameer to control his half when the British are totally unable to control those on their side of the border.

Dickens and the Theatre.

Charles Dickens was a great patron of the theatre. He allowed himself one night to be taken to the play by a friend who was interested in the piece which happened to occupy the boards. The man in charge of the door would not admit them without payment, but after awhile the authoritative official was found and the necessary permission secured. The performance unfortunately proved to be very dull, but for the sake of his friend the famous novelist endured it with stoical calmness. In leaving, however, he stared about him and remarked, with simple pathos: "I am looking for that kind hearted man who was not for letting us in. I should like to give him a shilling."—Dundee Advertiser.

His Country.

An Irishman was returning to his own country after a long absence, and as the green hills and valleys hove in sight he became very enthusiastic.

"Hurrah for Ireland!" he cried.

An Englishman passing exclaimed sarcastically:

"Hurrah for hell!"

"That's roight," said Pat; "ivery mon for his own country!"

Warning.

If you'd not have the busy fly
Crawl tickling o'er your brow
In summer warm, heed this alarm
And put your screens up now!

The Montreal Central Park Company have sold 2,044 suburban lots for $190,000.

FEEDING FOR MILK.

Crops That Are Considered Best For the Dairy Cow.

However good the grass, a dairy cow will give milk in greater quantities if fed something extra. Just what that feed shall be is the question, and much depends on its answer. If something green, it must be grown on the farm. If it be bran, that must be purchased at the store or mill at a considerable outlay of cash.

As a matter of economy some farmers sow several acres in corn and reap it with the binder at harvest time. Others sow molasses cane and reap that in like manner, and still others plant field peas and oats. The last named are considered the best feed for the dairy cow. The ground for oats and peas should be broken in the fall or very early in the spring. When it will do to work, sow the peas at the rate of one bushel to the acre, the oats likewise, and harrow them in carefully. This crop, if the season is favorable, will be ready to feed about the last of June. A succession of crops can be realized by sowing plots at intervals.

In its green state the feed is succulent and acts somewhat like red clover. Therefore care must be taken at first in feeding it. Lead the cows up to a good sized feed gradually, giving plenty of salt. This crop is profitable to the soil as a fertilizer as well as being a first class feed for the cows.

A later feed is sweet corn or molasses cane. Either of these will run up to the time of frost. Sweet corn grows quickly, and there is no better feed for milk cows. When the ears of corn have passed the milky stage, begin feeding it. This forage will increase the flow of milk very materially. Between the rows of corn can be sowed the rutabaga turnips, and if the season is late they will make a good yield. They are considered fine feed for the dairy cow through the late fall and winter if mixed with grain.—W. D. Neale.

Cool the Milk Quickly.

A handy arrangement for quickly cooling milk in both winter and summer consists of a large tub with a cake of ice placed in the center. Set the cans of milk around it and cover with a tight lid. The piece of ice should be placed upon three inch strips of wood to allow for drainage. You will be surprised how quickly milk will cool in this sort of simple arrangement. In the summer time it is a good thing to have this tub so placed that cold water from a spring can be run through it at pleasure.

THE FEEDER.

Professor Henry of Wisconsin places the following values on skimmilk when fed with corn: When corn is worth 28 cents a bushel, skimmilk fed at the rate of one to three pounds to one pound of corn is worth 15 cents per 100 pounds, but when fed in the proportion of seven to nine pounds to one of corn it is worth but 9 cents per 100 pounds. When corn is 56 cents a bushel the milk fed in the first proportions is worth 31 cents, but in the latter proportions only 8 cents per 100 pounds.

Soy Beans For Hogs.

As a grain crop to use in connection with corn for crowding the spring crop of pigs to market the soy bean is a very valuable crop. It is essentially a grain plant, very rich in protein, and while the hogs are running on soy beans they should have access to corn to balance the ration. While the corn does not contain enough protein for best results, soy beans contain more than is profitable to feed, and the combination of the two grains is therefore much better.

Feed For Work Horses.

The work horse should be supplied with about two pounds of provender for each 100 pounds of weight. Of this from ten to eighteen pounds, according to the severity of the labor performed, should be grain in some form. The heavy feeding should come at night, after the long day's work is over and when the animal has time for masticating and digesting his food.

Feeding the Calves.

A Pennsylvania dairyman reports that he kept a record of eighty calves, which consumed 12,000 quarts of milk, for which he received $481, or over 4 cents a quart, and the calves did the milking. He estimates that it takes 146 quarts of milk to make a calf four weeks old, which will weigh 160 pounds if they have Holstein blood.

Experiments With Steer.

In some experiments to test the amount of feed needed to keep a thousand pound steer in condition without making him grow it was found that there was required fifteen pounds of timothy hay, twelve pounds of clover hay and seven pounds of cornmeal. In other words, unless more than this amount of feed was consumed the steer would not make a growth worth considering.

Fattening Hogs After Steers.

Where cattle feeders keep hogs in cattle feed lots some protein feed should be given the hogs so their growth need not all be made from corn not used by the steers. Striking results have been secured in recent Ohio tests showing that when tankage was fed to the hogs in the form of a thin slop once a day much better gains were secured. The gains made by hogs fed tankage in addition to the corn they got were much cheaper than where no additional feed was used. The tankage used was ordinary digester tankage and cost about $38 per ton. Only about 80 cents' worth of this was fed to each hog, and the gains were over 50 per cent more than where no tankage was used.

Tilbury East township succeeded in court in having the Canada company ordered to pay the costs of a former action.

THE MARKETS.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

Thursday Evening, July 16.

Liverpool wheat futures closed ⅛d lower to ⅛d higher than yesterday, and corn futures ⅞d higher.

At Chicago, July wheat closed 1⅛c higher, July corn 1⅛c higher, and July oats ⅛c lower.

Winnipeg Options.

Following are the closing quotations in Winnipeg grain futures:

Wheat—July, $1.06; October, 89⅝c; December 88⅝c.

Oats—July 41⅝c, October 35⅞c.

Liverpool Grain and Produce.

LIVERPOOL, July 16.—Lard, prime western, in tierces, steady, 47s 3d; American refined, in pails, steady, 47s. Turpentine spirits, steady, 29s 3d. Linseed oil, 24s 9d.

Wheat—Spot, strong; No. 2 red western, winter, 7s 5½d; No. 1 California, 7s 10½d; futures, barely steady; July, 7s 6½d; Sept., 7s 3½d; Dec., 7s 3½d. Corn, spot firm; old American, mixed, 6s 8½d; futures, firm; July, nominal; Sept., 6s 6½d.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, July 16.—The receipts of live stock at the city market as reported by the railways for Wednesday and Thursday were 81 carloads, composed of 961 cattle, 1977 hogs, 1292 sheep and lambs, 191 calves and 1 horse.

Exporters.

None offered, and had there been any on sale $5.50 would have been the outside price for the best export steers, while bulls would have sold at $4 to $4.75 per cwt.

Butchers.

Few good loads were on sale, and the best of them did not equal the prices paid at the Junction on Monday last.

Geo. Rowntree, who buys some of the best always, reports $5.15 the highest for picked cattle; loads of good, $4.65; medium, $4.25 to $4.50; common, $3.75 to $4; cows, $3 to $4, with a few at a little more money.

Feeders and Stockers.

H. and W. Murby in their report last week advised light deliveries, which the drovers obeyed to the letter, as few came on the market, and it was well that it was so, as few were wanted. The Messrs. Murby report having bought only about 60 of both classes, that is light feeders and stockers, weighing from 600 to 900 lbs. each at $3 to $3.75 per cwt. This firm stated that they would be open to handle a few loads of good during the coming week.

Milkers and Springers.

Montreal and Quebec dealers were on the market, which made it strong for good to choice quality cows, of which there was a larger number than for several markets. But there also was a large number of common light cows, for which there was practically little or no sale, as the Frenchmen want the best cows or none.

The best cows sold from $45 to $55 each, with a few at $60 each. The average price of choice cows was given at $48. Common cows sold at $30 to $38 each.

Veal Calves.

The quality of veal calves was fairly good, showing the effect of the good pastures in which their mothers had roamed. Prices were firmer at $4 to $5.75, with a few of the new milk fed class as high as $6 per cwt.

Sheep and Lambs.

Altho there was a fairly large delivery, prices remained steady for sheep, and were firmer for lambs. Export ewes sold at $3.50 to $3.75; rams, $3 to $3.50; yearlings, $4.25 per cwt.; lambs, $7 to $8.25 per cwt., with some selected lots at $8.50 per cwt.

Hogs.

Nearly 2000 hogs were received on the market for the last two days, but prices did not weaken. Packers still quote $6.90 for selects fed and watered, and $6.65 f.o.b. cars at country points. Drovers quote $6.75 as being paid at many points to farmers, and $6.80, $6.85 and even $6.90 f.o.b. cars at country points.

East Buffalo Cattle Market.

EAST BUFFALO, July 16.—Cattle, steady; prime steers, $6.50 to $7.

Veals—Receipts, 225 head; active and 25c higher, $5 to $7.75.

Hogs—Receipts, 3,600; strong to 5c to 10c lower; heavy, mixed, $7 to $7.10; yorkers, $6.90 to $7; pigs, $5 to $6.75; roughs, $5.75 to $6; dairies, $6.90 to $7.

Sheep and Lambs—Receipts, 600 head; active; sheep, steady; lambs, 10c higher; lambs, $5.00 to $7.00; wethers, $4.25 to $4.50.

New York Live Stock.

NEW YORK, July 16.—Beeves—Receipts, 1672. No trading; feeling steady; dressed beef, dull, at 8½c to 11½c for native sides; a little choice beef, at 12c. Exports today, 1100 quarters of beef.

Calves—Receipts, 225; veals, steady; buttermilks, firm to 25c higher; common to choice veals, sold at $5 to $7.75; few selected, $8; culls, $4 to $4.50; buttermilks, $4.50. Dressed calves, steady; city dressed veals, 8c to 12c per lb.; country dressed, 8½c to 10c.

Sheep and Lambs—Receipts, 1725; sheep, strong; lambs, firm to 25c higher; common sheep, $3 to $3.75; ordinary to choice lambs, $6.10 to $7.25; one car at $7.30.

Hogs—Receipts, 700. Feeling, nominally steady.

Chicago Live Stock.

CHICAGO, July 16.—Cattle—Receipts, 40,000; market, dull; Steers, $5.00 to $8; cows, $3.00 to $5.60; heifers, $3.50 to $6.25; bulls, $3 to $5.75; calves, $2.50 to $6.75; stockers and feeders, $3 to $4.80.

Hogs—Receipts, 25,000; market 5c higher. Choice heavy shipping, $6.55 to $6.65; butchers', $6.50 to $6.65; light mixed, $6.00 to $6.45; choice light, $6.65 to $6.80; packing, $5.75 to $6.70; pigs, $4.50 to $6.25; bulk of sales, $6.30 to $6.55.

Sheep—Receipts, 12,000; market for lambs, steady to 10c lower; sheep, firm, $3.90 to $4.50; lambs, $4.75 to $6.85; yearlings, $4 to $5.75.

Cheese Markets.

At Brockville.—Offerings, 385 colored and 1165 white; all sold at 11⅞c.

At Kingston.—369 white and 82 colored offered, and sold at 11⅝c.

At Kankakee 1100—1200 boxes boarded and sold at 12c.

At Victoriaville, Que.—Five carloads offered; nothing sold.

A Peruvian Jew at Johannesburg was so ill that a trained nurse had to be sent for. When she came on duty, her first remark was, "Now I'll take your temperature." To which the Jew replied, "You can't; everything is in my wife's name."—Sporting Times.

How It Was.

Jinks (in surprise)—Moving again, just when you were settled?

Blinks—Yes. Our Willie whipped the janitor's boy.—Puck.

YOU CAN SHAKE HANDS
—WITH YOURSELF—

when you have a good Fire Insurance Policy in one hand. Shake off the lethargy you are in. Be a business man and look after your own interests. The wise would never think of allowing their personal property to be uninsured. If you have been so foolish hitherto, wake up now and get interested for your own interests. We can insure your house and contents for a small premium. You will hardly feel the paying of it yet it affords you a permanent protection against fire. We represent several of the largest fire insurance companies in the world, whose motto is "prompt liberal settlements."

AN ALLITERATIVE ALLEGORY.

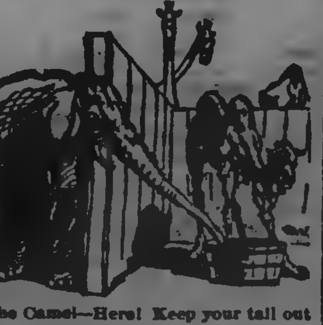
Serene Susanna sits beside the stream,
Where timid trout are trying to attain
The gourmet glory of the golden gleam
Of flies for which the foolish fish are fain.

She baits her bended barb and bends her back
To trail the tempting tidbit in the tide.
Of lively leaps there is a lasting lack,
But biteless beauties boldly there abide.

At last the lass, alas, allured by love
Of angling, avid in the ancient art,
Outbends the brooklet's beetling bluff above
And strains her strength the struggling stunt to start.

Susanna slips, so slick the slimy sod.
She smites the surface with a smothered shriek.
She weighs three hundred pounds, and, by the rod,
She splashes all the fishes from the creek!
—Robertus Love in New York Sun.

Not Well Acquainted,



The Camel—Here! Keep your tail out of my fodder!

The Elephant—Well, you needn't get your back up!

Labor Saving Device.

"Yes, siree," said the freckled lad proudly, "my dad's a genius, he is."

"That so?" responded the weary coffee mill agent.

"Waal, I should say so! Dad noticed that every time the old hound came around Sunday mornings he began wagging his stumpy tail."

"Anything unusual in that, sonny?"

"No, not for the hound, mister, but dad got up the idea of attaching a shoe brush and a whisk broom to Bowser's tail. Now when dad is ready to go to meeting his shoes are shined and the legs of his trousers are dusted without his moving a finger. By gosh, dad's got as much brains as a Senate diplomat!"—Detroit Tribune.

TO-DAY'S RAIN IS WORTH GREAT DEAL TO THE COUNTRY

Last night's and today's rain is worth thousands of dollars to the farmers of Peterborough county. The pastures were pretty dry and the grain and other field crops needed some moisture to stimulate the growth. So while you might have murmured about the downpour, this morning, remember that every drop was worth just so much money.

To keep the pastures in good shape in midsummer a shower of rain is needed every two or three days. They dry up rapidly owing to the heat and there is a falling off in the milk supply as a result.

Farmers are naturally pleased today on account of the rain although it interferes somewhat with haying operations.

A NORTHERN WILD GARDEN

Much has been written and spoken of the beauties of the Kawartha Lakes country. Yearly its health giving air, its fine fishing, and the rare beauty of its wooded shores and islands draw to it an increasing number of tourists, excursionists and campers. Of these the vast majority find ample enjoyment in boating, fishing or the "leafy luxury," of a hammock slung in the shade. What more is there. The mail, moreover, comes regularly once a day, and there are few family demands that press beyond those of hunger. So mother and "daddy" are satisfied. An occasional picnic or shore dinner and a centrally located pavilion, where a thin voiced piano can be nightly tapped for dance music, are about all that Willie and Edythe need on earth.

And they have all this. But of the woods and their secrets of bird and plant life the average cottager interests himself or herself little. So at least to judge by the comparatively few one meets with all who will admit to knowing a score of the beautiful blossoming wild plants that grow here or who could identify a half score of the Eighty odd distinct species of song bird that breed and sing most of them within a few hundred yards of camp. Nature study, one concludes has not got much beyond the school book and speckled egg stage yet, and a school room, by the the way, is not always the best incubator. True, there are paddlers who have not in July and August seen, and admired the cardinal flower, the purple iris, the wild rose, and other wild flowers of shore and river bank. These can not well be missed. But there are others that only he or she "that loves and seeks," will find. Of these are the orchids and kindred growths of the sphagnum swamps. The showy Ladies Slipper the most beautiful of our northern orchids, rose-red and gold, grows near upper Stony. In the hardwoods from April to October are found all varieties of northern flowers from the tiny fragrant patridge vine to the regal looking honey suckle. The low banks of Indian River, a stream winding a crooked course for miles, through dense swamp and mostly impassable because of fallen timber, shelters swamp roses. For miles they cast their crimson reflections in the slow stream in company with the cardinal flower and the scarlet berries of the night shade. The swamp rose frequently grows to a height of ten feet and with its many clusters of deep crimson flowers gleaming against a dark background of evergreens is worth the trouble of much wading and portaging to see. It is in such places too that you may hear many of the finest bird voices. The Hermit thrush, the Angel of the Swamp as they call it in the Adirondacks, breeds and sings here as does the Veery and Olive backed thrushes No thrush voice in the world can compare with the divine contralto of our hermit thrush. Its song is indescribably beautiful. It sings in the early morning and in the twilight, but as John Burroughs says, "Winds its silver horn only in the most solitary places.' In the hardwoods and thickets where here are such splendid songsters as the Wood thrush, Orange-crowned thrush, Northern water thrush, crimson finch, Rose breasted grosbeak, Winter wren Indigo bird, Vesper sparrow and Canadian warbler.

Of all the birds which one may hear about Millbrook, I only miss here, the Bob-o-link, the bird whose song "runs down, a brook of laughter in the air." But particularly amongst the sweet singers there are many to be heard here that do not breed farther south.

Stony Lake, July 10. S.H.

DRINK
JOHNS'
TEA

BEWARE WEEK-ENDS

Holidays and health are generally supposed to go hand in hand, but there is the possibility of taking too much liberty just on that account A writer in the New York Times attributes a great deal of sickness to the weekly days of leisure when one has time to indulge oneself. "An expert has put forth the theory" says this writer, "that the half holiday on Saturday and the holiday on Sunday in the summer are the cause of half the severe attacks of indigestion.

"People have time to eat too much and they take advantage of it. They eat more sparingly when they are facing or finishing long hours of work. When they have this interim of leisure between Saturday and Monday mornings they put in many hours pleasing the appetite.

"He says also that half the cases to which he is called in the winter are on Sunday nights or the nights following a holiday. There is something in the minds of the many that associates holiday and feast days together.

"If men and women would take a great deal of exercise to offset this plentiful eating on Saturday and Sunday there would not be so much acute indigestion. But as a rule, they sit around the house and do not aid the stomach in any way to take care of the unusual amount of food dumped into it.

"Not only is the weekend holiday responsible, but both women and men seem to think they can eat unusual food when they are not at work.

"If a doctor, or another person, wise in such things, tries to restrain others from eating all kinds of food, he is held in check by the remark, "It isn't a holiday if I can't eat what I want. And it isn't a holiday the next day, for that person either goes to bed and has the doctor, or makes life miserable for every person nearby.

"When wisdom and statistics go together it is surely silly to be defiant.

"Every man and woman has a chance to face the situation and decide now. The summer week end holidays are beginning. Warm weather, halfripe fruit and vegetables are inclined to do their worst.

"The questions are. Will you put yourself out of commission half the season because of carelessness in eating on two days of the week, or will you let your head govern your palate and not run such a risk!

"There are a few rules that may help you in doing justice to your stomach;

"Don't change your food to abruptly. If you are used to a heavy dinner and a light lunch, go easy on a heavy lunch and a light supper. Your system has to be coaxed into taking care of so much food at an unusual hour.

"Don't eat a quantity of fruit, candy, fancy cakes and vegetables all in one day and at odd hours. Be wary sure that both fruit and vegetables are entirely ripe before indulging.

"Don't drink quantities of tea and coffee which you are not used to them just because they are served and you are off on a holiday. They are overstimulating and throw the whole system into confusion.

"If you go to the country don't think you can drink quarts of buttermilk because you have heard it is a healthful thing to do. It is poison to some systems and affects them in such a way that food isn't digested for days.

"If you are used to a light breakfast before going out to do the day's work, whether social or commercial, dont try to eat a heavy breakfast made up of things you never touch. You start the day badly.

"The other way around is also true. If you are one of those healthy, vital persons who like and eat a substantial breakfast, don't take coffee and rolls alone.

"If you are at the seashore exercise quadruple care over what you eat. If you intend to go swimming afterwards, or have gone before. When those who live against the sea warn you about food in connection with your daily swim, listen to what they have to say.

"All this isn't nonsense. Neither is it a preachment against all pleasure of the palate. It is an essay on moderation.

"Just be careful. Watch out for the first symptoms of summer indigestion and remember this; That you are the aggressor, the criminal, and the victim. You have the matter in your own hands. No one else can help you in the beginning.

"If the stomach once gets out of order and rebels against holiday indiscretions it remains peevish and unruly for more time than you can patiently stand."

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

ENGINEERS PLANNED A DAM AND THE BEAVERS BUILT IT

Astonishing Feat in Animal Engineering is Related by Supt. McClelland of Trent Canal---Money Saved the Country---Peterborough's Bright Outlook.

The Toronto World to-day contains the following interesting story written by that paper's representative with the Toronto Engineer's Club on their annual outing on the Trent Canal;—

While on their annual outing yesterday the Toronto Engineers' Club learned that the Dominion Government have been spared an expenditure of $2000 or more on the Trent Canal recently, owing to the industry of a colony of beavers.

Supt. J. H. McClelland, of the Trent Canal, accompanied the party in the government tug Bessie Butler and recounted this remarkable incident;—The Government placed a dam across Gull River last fall for the purpose of raising and conserving the water in Little Mud Lake, in order that it might be let loose into the waterway at times when low water threatened to hamper navigation or interfere with the operation of the many industries that are dependent upon the canal for power. When the dam was completed it was found that the water of the lake backed up and began running in the wrong direction (north.)

Then it was decided to build a second dam at the northern outlet to contain the water, and operations in this direction were to have begun early this summer.

What was the amazement of everybody concerned to find when they went up this spring to make a survey that beavers had already done the work."

A perfect dam, 700 feet long and 7 feet deep, had been constructed during the frozen winter months. There was not a leak discernible and no likelihood of future leaks at least for years to come.

Then Mr. McClelland ordered another stop-log to be placed upon the first dam, to raise the water yet another foot.

Again the water started flowing northward over the beavers' obstruction and immediately the ambitious little animals set to work and added another foot to the dam. The beavers' dam answers the Government's purpose to a "T."

The only accounting vouchsafed by the astonished engineers was that the fine instincts of the animals told them something was wrong, the current was not taking the course they had always been used to and they must rectify it.

BIG ENTERPRISE FOR PETERBORO

Many other items of supreme interest were picked up by the engineers.

One announcement that would appear to urge most strongly upon the government the immediate necessity of rushing the work so as to provide an outlet for navigation into Lake Ontario was received with great enthusiasm, and that was what Robert Stewart, president of the American Cereal Co., of Chicago, with a branch factory in Peterborough, declared lately that as soon as the work is completed he will build barges and guarantee to haul 6,000,000 bushels of oats and 4,000,000 bushels of wheat yearly into Peterborough to be made into "Quaker Oats" and flour, thence to be shipped in this company's boats to Montreal for export. All he is waiting for is a chance to make good his assertion.

Peterborough affords ideal facilities for such an enterprise — ample water-power being quite an item of consideration—and the district tapped by the Trent Valley waterway for a hundred miles straight going is one of the finest grain-growing areas in Canada, capable of tremendous yield of finest quality. Then, too, with a comparatively light expenditure and by dredging and adapting the Severn River from Orillia to the Georgian Bay for a distance of 28 miles, a complete passageway would be provided from the Bay of Quinte to the Soo and consequently to the northwest grain crops.

Thirty miles of work from Campbellford, and 28 miles from Orillia to the Georgian Bay will complete the project and provide an entrance to the northwest harvests, 400 miles shorter than New York will have when the Erie Canal is completed. This will give the Canadian Government a continuous channel eight feet deep with the aid of a natural chain of lakes for $15,000,000 all told, as against $110,000,000, which the U. S. Government will have to spend to accomplish the same purpose.

GREAT FUTURE IN CATTLE RAISING.

Should the American Cereal Company carry out its scheme of using 10,000,000 bushels of grain per year, it is believed that the whole Trent Valley district will become the greatest cattle raising field in Canada, owing to the cheap feed that will be obtainable in the offal from this great prospective mill.

In an animated discussion upon the subject Engineer W. J. Fuller declared that the opening up of this waterway from Lake Ontario to Georgian Bay was paving the way for the preservation regulation and utilization of every bit of water in the hinterland for navigation, power, and lumbering purposes and would also result in the re-foresting of a vast area of the adjoining territory.

This year's outing of the Engineers' club was an exceptionally pleasant jaunt under most delightful conditions, during the whole 20 hours away

In a special car a party of 37 good looking men left the union depot via CPR. at 10 o'clock Wednesday night, arriving in Peterborough sometime after midnight in the best of spirits. Hotel accommodation had previously been arranged. At 5.30 o'clock yesterday morning the party sallied forth to the Peterborough hydraulic lift lock, where Superintendent J. H. McClelland with a party of invited guests was already waiting to begin a 75-mile cruise in the pretty government tug "Bessie Butler," through the romantic Kawartha Lakes. Bobcaygeon was the destination to reach which, eleven locks must be passed through. From the height that little boat travelled it sounds more like the journey of an airship than a steel clad tug. When she wound up she was 3500 feet higher than when she started. The first jump of 60 feet was accomplished in two minutes. The lift lock rode as smoothly as a passenger elevator.

In the first nine miles to Lakefield five locks, one swing bridge, two overhead bridges and three hydro-electric power plants were passed. The latter were the projects of the Canadian General Electric Company, 3000 horse power; the Otonabee Power Co. 2000 horse power, and the Lakefield Portland Cement Power Company, 1500 horse power.

In the next jump through the purling waters of Katchawanaka Lake to Young's Point a second power house of the Lakefield Portland Cement Co. generating 1000 horse power, and the immense Young's saw mills were viewed. Clear Lake supporting millions of boomed logs and Stony Lake with the myriads of granite islands, were skimmed in the course to Burleigh Falls, where a dinner of fresh maskalonge or something equally palatable was enjoyed.

Passing Lovesick and Deer Bay the inspection tug was locked for the eleventh time at Buckhorn where she tied up for a brief space to give those who desired it an opportunity to view the construction work on the new $100,000 dam and concrete bridge.

This work is in very close proximity to the summer residence of 'Tom' Eastwood. It has the honor of being the most important bit of construction on the whole system, not even excepting the far-famed Peterborough lock. It controls the flow of water from Big Buckhorn, Little Buckhorn, Chemong, Mud and Pidgeon Lakes—a matter of 60,000 square feet by an average depth of 10 feet of water, which if once loosed by any mischance would sweep Peterborough and the intervening towns clean off the map.

Bobcaygeon was reached at 3.30 pm where the CPR. train with the same special car attached as carried the party to Peterborough the night before, was waiting to whirl them back to Toronto by the Lindsay route.

"I'LL GET A REVOLVER AND SHOOT YOU" CRIED WOMAN

"If you do I'll get a revolver and shoot you.'

This was the startling statement that came to the ears of a Review representative last night about 10.30 o'clock, and, of course, an investigation was quickly made to see where and what the trouble was. The newspaper man was in his office and the threat about the revolver shooting came through the window from Chambers street. It was soon as- that time of night. certained that some young man and a girl were having a spat about something, but the cause of the trouble could not be ascertained. The woman threatened to use a shooting iron if her companion did not behave properly. After considerable loud talk the girl walked rapidly away towards Hunter street and the man went in another direction. Probably the girl went to buy the revolver—or perhaps home to bed, where she should have been, before

VOL. LVII., No. 15. PETERBOROUGH, ONT., CANADA, SATURDAY, JULY 18, 1908 TEN CENTS PER WEEK

MR. D. WALKER APPOINTED TO PRINCIPALSHIP OF NEW SCHOOL

Important Changes in Ontario Educational Circles Are Made by Department—John Houston Now High School Inspector.

Toronto, July 18.—A number of important educational appointments were announced yesterday by the Provincial Government. Principal Merchant of London has been created Chief Inspector of Public and Separate Schools and Inspector of Normal Schools and (after this year) of Model Schools.

For the new High School Inspectorship, the Minister of Education has selected Mr. John Houston, M.A., at present Registrar of the Department, graduate of Trinity, whose specialty is mathematics.

Inspector Houston's successor as Registrar and Chairman of the Board of Examiners is Robert W. Anglin, M.A., Principal of the Essex High School, who holds the rank of a specialist in mathematics.

The principalship of the three new Normal Schools which open in September, and the principalship of the London school (vacant by Dr. Merchant's promotion) have been filled as follows: Hamilton, B. A. Morgan, B.A., D.Paed; Stratford, W. H. Elliott, B.A.; Peterboro, D. Walker, B.A.; London, S. W. Radcliffe, B.A.

The additional Normal School Masters appointed to the staff of the new schools are: A. C. Casselman, Toronto; J. S. Emery, B.A., Guelph; G. A. Cornish, B.A., Lindsay; J. W. Gibson, M.A., Carleton County; S. J. Keyes, B.A., B.Paed., Cornwall; J. M. McCutcheon, M.A., St. Thomas; J. H. Putnam, B.A., Ottawa; H. S. Robertson, M.A., Stratford; Wm. Prendergast, B.A., Toronto; E. T. Slemon, B.A., Oshawa; H. G. Park, B.A., D. Paed., Uxbridge; A. Stevenson, B.A., Kingston, and J. B. Hoag, B.A., Brantford.

J. P. Power, B.A., who has been on the staff of the Ottawa Normal School for a year, has resigned that position and been re-appointed Separate School Inspector with headquarters in the Toronto district.

Plague In Trinidad.

St. John, N.B., July 18.—Officers of the West Indian liner Sobo, which arrived Thursday evening, report that bubonic plague has spread to Trinidad. Up to the time the steamer left there 11 deaths had occurred, and 18 cases had been reported. The people are greatly excited. Precautions are being taken here against the plague.

Steam Barge Burns.

Watertown, N.Y., July 18.—The steam barge B. McDonald of Kingston, Ont., was burned to the water's edge at Sackett's Harbor while the crew was attempting to save the cargo of coal from the schooner Acacia, recently wrecked near that port.

Drowned at Kirk's Ferry.

Ottawa, July 18.—A sad drowning accident occurred at Kirk's Ferry. Grace Holland, a little girl of 14 years of age, was in bathing with another companion, Dorothy Anderson, when she got beyond her depth.

She was a niece of Col. and Mrs. Anderson of Ottawa, and was there on a visit from Toronto, where her parents reside.

Parole For Murderer.

Cornwall, July 18.—It is reported that Isaac White, the St. Regis Indian who was convicted of murdering Mary Ann Lafrance at Hogansburg in 1895, is soon to be liberated on parole. White has been a model prisoner.

THREATEN TO QUASH CONTRACT

Hamilton Council Served With Notice of Appeal

Hamilton, July 18.—When the City Council met last evening, the Cataract aldermen were confronted with a notice served on City Clerk Kent, that if they give the bylaw agreements with the company a third reading that steps would be taken at once to quash it.

The notice was served by Lees, Hobson & Stephens, and read as follows:

"We beg to advise you that we are instructed on behalf of ratepayers to bring an action to set aside the power bylaw, which is now being considered by the city council in case the same passes its third reading, on the ground that it is ultra vires of the city council.

Notwithstanding the notice to quash the bylaw, the Cataract aldermen tackled the bylaw. Very few changes were made in the agreement before it was passed.

Killed Man; Must Withdraw.

Dayton, Ohio, July 18.—Col. H. G. Catrow, Republican candidate for Congress from the third district, has announced his withdrawal from the race. Col. Catrow is prompted to take this step because his automobile struck Eugene Sullivan, a laborer, on the street here, instantly killing him.

They Pray For Rain.

St. John, N.B., July 18.—Owing to the excessive drought prevailing during the past three weeks, the strawberry crop in New Brunswick has become almost a total failure, and unless rain comes soon other fruit crops will fail. In some districts prayers are being offered for rain.

Petitions Dismissed.

London, July 18.—The Privy Council has dismissed the following petition for special leave to appeal: King vs. Bonanza Creek Hydraulic Concessions; King vs. Klondike Government Concessions; King vs. Armstrong; King vs. LeFrancois. The first three with costs.

NINETEEN SLAVES ARE SET FREE

This Number of Survivers of Several Hundred Released After 18 Years

San Francisco, July 18.—Nineteen survivors of several hundred South Sea Islanders, kidnapped 18 years ago from their native strand and sold into slavery among the coffee plantations of Guatemala, arrived here on the steamer City of Para.

They are free and homeward bound, and in addition to this they are traveling as tourists with their Government paying expenses. The natives were kidnapped by Capt. Blackburn, now dead, who visited the islands in his steamer, the Monserrat, and enticing them aboard sailed away. They were supposed to be contract laborers bound to their Guatemalan employers for three years.

Ignorant of the language, and in a land where the law is sometimes the dictators' will, it was easy to keep them on the plantation, where they slaved until their plight was made known to the British Government, which, however, was not until 18 years had passed.

Suicide at Penitentiary.

Kingston, July 18.—Coroner Mundell has been asked to hold an inquest into the death of Frank Hogan, a foreigner, who hanged himself in his cell in the penitentiary. He was found at 5 a.m. yesterday. He used his suspenders. Hogan was sentenced at Parry Sound for three years for burglary and had been in prison since August, 1906. He was about 25 years of age.

Zu Eulenberg Dying.

Berlin, July 18.—The trial of Prince Philip Zu Eulenberg on charges of perjury in connection with the court scandals of last year, was suddenly interrupted yesterday and it has been indefinitely suspended because the prince is in a dying condition.

He has been growing steadily weaker during the 18 days of the trial.

SEVEN MEN BREAK GAOL: NOW ENJOYING FREEDOM

Notorious Rose Leads Fellow Prisoners to Liberty in Toronto—Biggest Gaol Delivery in Toronto Police Records Succeeds During Afternoon.

Toronto, July 18.—By the door through which John Boyd, the colored murderer, went to death in January last; seven prisoners awaiting sentence and on remand at Toronto jail went to liberty between noon and 4 o'clock yesterday afternoon, effecting the biggest jail delivery in the history of the prison. None have been recaptured. Those who escaped are:

Alex. Rose, awaiting examination as to sanity, and facing perhaps a life sentence for assault and robbery.

H. Churchill, a pickpocket of U.S. experience.

William Jones and J. C. Clark, awaiting extradition to Newcastle, Pa., where they had broken jail.

J. Copeland and Ed. Lee, awaiting trial for theft from local tailors.

Robert Snow, a boy burglar, who was arrested only yesterday after escaping from the Victoria Industrial School.

The men were all on remand or awaiting sentence and were therefore dressed in their ordinary clothes, even with their hats, and not in the jail garments.

They took advantage of yesterday's heavy rain, when the surrounding parks and nearby streets and thoroughfares were deserted. They evidently made a straight conscrip to the Don Valley, as three men were seen late in the afternoon prowling through the bush near Danforth avenue.

When the escape was discovered the other prisoners on the corridor were put in their cells and the jail guards scattered over the exits from the city.

The wire were kept hot, and all railways notified to inform their train crews to be on the lookout for blind baggage.

Governor Chambers went direct to the wharves, where he made a careful inspection of the outgoing boats.

Planned by Rose.

The escape, doubtless, was worked out in the mind of Rose. His familiarity with recent events and knowledge of the adjacent death chamber, which was used for the first time when the negro, Boyd, was hanged last January, would point to that conclusion.

Communicating these facts to his fellow prisoners, the three have with deliberation worked out their plans. Outside the watchful gaze of the guard on duty, the trio would take turns in picking at the lock—a common spring affair—on the wooden door in the north wall of the corridar, where the trio were permitted to walk up and down, and which led into the death chamber. With the aid of a table fork and some pins this was accomplished without injury that would attract attention.

Once inside the chamber, the rest was easy, for somehow the prisoners had obtained some crude bits of iron with which they labored at their pleasure. With one or two at work inside, the other one would keep watch. Evidently the work took several days before the outer portion of the stone wall was reached. The broken stone and plaster were carefully picked out of a hole about a foot and one-half square and laid aside.

Again Rose's hand is seen in the affair. The escape was timed when the guards were changing off and until a mess was called the prisoners were not missed. The hole was discovered and an alarm sounded. Governor Chambers was in the jail at the time.

THIS MAN ADMITS FIVE MURDERS

Virgina Negro Before Execution Makes Startling Confession

Clarksburg, W. Va., July 18.—Frank Johnson, a negro, was hanged at the Moundsville penitentiary last evening for the murder of Mrs. Bulah Martin, colored, it is said, made a startling confession to his ministers, in which he admits murdering five persons. The following is a list of his alleged victims:

Unknown man in 1898 at Blossburg, Alabama.

Edith Hannah, 18 South Peoria street, Chicago, 1904.

— Blue of Shippensville, Pa., in 1906.

Unknown woman at 132 South Seventh street, Steubenville, Ohio, Nov. 16, 1907.

Mrs. Bulah Martin, colored, of Gypsy, W. Va., in March, 1908.

In his confession Johnson says his real name is Edward Walton, and that he was born in Georgia.

The crime for which Johnson was hanged was committed at Gypsy, near here, last March. After shooting Mrs. Martin, who had refused to elope with him, Johnson escaped to the hills, followed by a posse numbering 400. Barricading himself in an old barn, Johnson defied arrest for two days, and in that time shot and seriously injured three of the posse.

Another Band Discharged.

Montreal, July 18.—The Victoria Rifles, the crack corps of this city, will go to the Quebec Tercentenary without the band.

Lieut.-Col. Wilson has discharged the whole outfit, and will later arrange for a new band. For some time past the officers of the corps have noticed that the band was not inclined to attend to orders promptly and had adopted an air of independence, which was not commensurate with the discipline.

Woman Shot Husband.

Belleville, July 18.—Mrs. William Day of Sydney was arrested yesterday, charged with attempting to shoot her husband.

A few days ago Earle Fox was arrested, charged with attempting to shoot Day, but it is now alleged that the latter's wife, who was mixed up in the row, did the shooting, but missed her husband. The woman was released on $1,600 bail.

Car Hits Wagon.

Hamilton, July 18.—A serious accident happened yesterday afternoon, when a B. & H. car struck George Redings' grocery wagon. As a result, Joseph Waites and Morley McAllister, are in the City Hospital, and the horse badly injured. McAllister is suffering from a bad fracture of the skull, and Waites has a broken collar-bone.

Wedded Then Jailed.

Mt. Clemens, Mich., July 18.—Married on Wednesday, in jail on Friday was the experience of Jacob Shapiro of Toronto at this city.

The handsome Miss Sarah Schiener of Pittsburg, aged 21, and Mr. Shapiro, aged 53, and were joined together by the judge of probate, but almost simultaneously a telegram was despatched to Toronto addressed to Helen Gelber Shapiro, wife No. 1. She wasted no time, but hurried to Mount Clemens and yesterday morning Shapiro was in jail on a charge of adultery.

Bridge Crumbles Under Train.

Buffalo, N.Y., July 18.—The Michigan Central bridge spanning Chippewa Creek at Chippewa collapsed last night just as a big excursion train laden with passengers from Canada passed over the structure.

The excursionists had gone to the Fallsview early in the day to attend the devotional services at Mount Carmel. It was dusk when they boarded the train. As the train was going over the structure at Chippewa, the stringers on both sides, top and bottom, and the cables broke.

FOSTER REVIEWS THE YEAR GOVERNMENT IS CRITICIZED

Most Improvident and Silly Estimate Ever Presented by a Finance Minister—Reckless Course is Affecting Canadian Credit.

Ottawa, July 18.—Last night Mr. Foster presented his annual financial review of the year.

His criticism of the Government's underestimate of the cost of the N.T.R. was incisive.

Mr. Foster pointed out that, as estimated by Mr. Fielding in 1903, the cost of the railway from Moncton to Winnipeg was to be $73,601,706, while the fact, as ascertained this session, placed the cost at $180,845,683. Thus, even adding the 25 per cent. suggested by Mr. Fielding as a margin, the Finance Minister was still $80,000,000 short of the fact.

"This," said Mr. Foster, "was an example of false representation under which large public works are launched upon this House and fastened upon this country. Are we yet up to the actual cost of work? No; and we have still only an estimate, that will be very materially exceeded in the working out."

As to the Finance Minister's estimate of a cost of $13,600,000, Mr. Foster characterised it as the most silly as well as the most improvident estimate ever presented to any Parliament by a Finance Minister.

"That as the scale of expenditure established by the present Government and the ever-increasing multiplicity of objects off in customs and railway receipts and unsettled trade and financial conditions throughout the world preclude the hope that above certain cash obligations amounting to $180,845,683, less than $[illegible] could up to March 31, 1908, can be met otherwise than loans, the public net debt, which in 1896 was $252,500,000, and on March 31, 1908, was $278,000,000, will be thereby increased to the alarming total of $432,845,683, and if the contingent liability accrues, will become $444,041,973, thus rendering necessary new loans to the amount of $166,041,973.

"That, notwithstanding the significant facts above recited, the Government, instead of retrenching, have at the present session authorized expenditures and incurred additional obligations to an extent unprecedented in the history of Canada.

"That in the opinion of this House the mad and reckless financial course of the Government is seriously affecting public credit, unduly burdening the resources of the country, and, if longer persisted in, will end in public disaster."

Mr. Fielding called Mr. Foster's story the old cry of the "Wolf, wolf," but it was not likely that the wolf would come as long as Mr. Foster stayed where he was. For twelve years he had been the prophet of gloom, and the Finance Minister imagined that his dark forebodings would be found as unreliable as in the past.

While Conservatives condemned the expenditure generally, nearly every one had asked the Government to swell the cost of Government by building works in his own constituency.

Mr. Foster was wrong in adding the railway subsidies to the expenditure. Since [illegible] the votes had amounted to forty millions, and the amount paid only eighteen millions.

Mr. Fielding claimed the present per capita debt was but $40. In eighteen years of Conservative rule the capital expenditure was $167,000,000, while in the past eleven years similar expenditure totaled $1[illegible],000,000. If taxes were higher now, the people were better able to pay them. Would they prefer to go back to 1896 when they were able to wear only one suit a year.

The large expenditures were responsible for the development of the country.

"We are going to build the Hudson Bay Railway," said Mr. Fielding, "and thus realize the expectations of the country."

When he sat down the Liberal benches burst into the record cheer of the session.

The debate on the two reports of the committee on finance of the Quebec bridge was concluded shortly before 6 o'clock last evening. The minority report was rejected on a vote of 51 to 103, and the majority report adopted on the same vote reversed.

Lorenzo Robitaille (Independent, Liberal from Quebec County) supported the Opposition report, and made a warm attack on ex-Premier Parent, chairman of the Bridge company. He said he was guilty of wilful negligence amounting almost to criminality, and that he was responsible for bad management of the company, as well as the good. The jury had been "packed" so as to give a favorable verdict on the disaster.

W. F. Maclean asked if the Senate bill respecting water carriage of goods would be dealt with before the close of the session. He said the sentiment of the country was strongly in favor of the bill, and that the banks which advanced money on bills of lading should be protected. Mr. Fieldings said if the bill could be reached by Saturday it would be dealt with.

A memorial from the woollen manufacturers set forth that [illegible] ing tariff [illegible] woollen [illegible] liquidation before another year, and an appeal was made to the Government for immediate relief.

Sir Wilfrid replied to the effect that while he sympathizes with the woollen manufacturers he is unable to see how their industry can be benefited by special tariff alterations.

New Jap Consul.

London, July 18.—The King has approved Seizaburo Shimizu as Japanese consul-general at Ottawa.

To Run For Halton.

Milton, July 18.—Halton Liberals yesterday nominated J. D. McGregor, farmer, of Trafalgar Township, for the House of Commons. Controller Harrison of Toronto had aspired to the nomination, but the convention chose a resident of the riding.

Montreal 454,000.

Montreal, July 18.—Lovell's directory, just out, gives the population of Greater Montreal at 454,000, or an increase of nearly 50,000 over that of last year.

Sets Fire to Son's Barn.

Orangeville, July 18.—A. Joseph Dummons of Melancthon, 70 years old, was brought to the county jail last night with two gashes in the throat. He was committed by Magistrates Keys and Doney on a charge of setting fire to his son's barn on July 10, and also of an effort to commit suicide.

The prisoner said he was starving—the reason for using a razor on his throat; but denies the incendiary charge. All his family but one son live in the west.

Swing Kills Minister.

New York, July 18.—Rev. H. E. Belcher, pastor of the [illegible] Christian Church of [illegible], who whirled to his [illegible] swing" at a [illegible]

THE NEW VEST-POCKET BOX OF "FRUIT-A-TIVES"

Allows Everyone to Try Out These Wonderful Fruit Juice Tablets at a Cost of Only Twenty-five Cents.

Put up in 50c. boxes only, "Fruit-a-tives" has in the last four years gained a tremendous and rapidly increasing sale, and a reputation for remarkable cures in every part of Canada.

During this time hundreds of people have been asking for a 25c. box to try. They have heard of "Fruit-a-tives," and of the benefit it is giving to thousands, but some people hesitate to pay 50c. just to try a remedy that is new to them.

It has been found, too, that many would like to carry a box of "Fruit-a-tives" in their pocket, so as to have them handy for regular use, and the 50c. box is too large for that.

To meet these needs we have put out a new 25c. trial size—a neat, compact little box that can easily be carried in the vest-pocket, and which contains tablets enough to last two or three weeks—long enough to find out that "Fruit-a-tives" is the best remedy of the kind in the world.

There is now no reason why every person in Canada who suffers from Constipation, Biliousness, Kidney or Liver Trouble, Rheumatism, Sciatica, Neuralgia, Skin Diseases, Indigestion, Dyspepsia or Headache should not try "Fruit-a-tives" and get quick relief and eventually a complete cure. "Fruit-a-tives" are concentrated Fruit Juice Tablets. 25c. is all it costs to test the value of the most successful medicine ever produced in Canada.

If your dealer has not both the 25c. trial size and the regular 50c. boxes, write direct to Fruit-a-tives Limited, Ottawa, Ont., and we will send to you direct.

The Daily Review

SATURDAY, JULY 18, 1908.

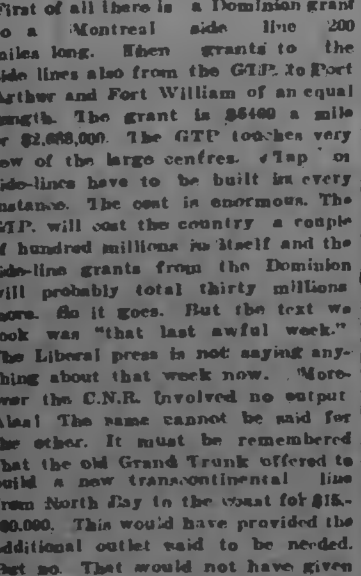
JAPANESE EMIGRATION

The leading Japanese journals advocate the resumption of emigration to America. They allege that emigration to Corea is no emigration at all. They also demand a greater supervision over the rights of Japanese emigrants to America by Japanese consuls. It will thus be seen that the Japanese question is by no means settled. But there are other orientals who are in even greater need of emigration than the Japanese. So far and no thanks to Sir Wilfrid Laurier, we have kept them from drowning us out. The yellow peril is a real one since necessity knows no law.

THAT "AWFUL WEEK"

About the only charge that the unfortunates composing the late Ontario Opposition could muster up against the Whitney Government was "that last awful week," a charge embracing the famous C.N.R. guarantee. It was said by the Opposition that the reason for the alleged delay in bringing down the guarantee earlier was a corrupt one and that a quid pro quo would as a consequence be forthcoming from MacKenzie and Mann.

The last week at Ottawa however, double discounts the Whitney record. First of all there is a Dominion grant to a Montreal side line 200 miles long. Then grants to the side lines also from the G.T.P. to Port Arthur and Fort William of an equal length. The grant is $6400 a mile or $2,688,000. The GTP touches very few of the large centres. Tap or side-lines have to be built in every instance. The cost is enormous. The G.T.P. will cost the country a couple of hundred millions in itself and the side-line grants from the Dominion will probably total thirty millions more. So it goes. But the text we took was "that last awful week." The Liberal press is not saying anything about that week now. Moreover the C.N.R. involved no outpour. Alas! The same cannot be said for the other. It must be remembered that the old Grand Trunk offered to build a new transcontinental line from North Bay to the coast for $15,000,000. This would have provided the additional outlet said to be needed. But no. That would not have given the government a chance to provide graft, so it was rejected. There was also in that last awful week a host of grants to the C.N.R. in the West totalling up-many millions and for 128 miles in Quebec, as well as for 136 miles in Ontario. Is it any wonder our national credit has gone to the wall and that we now pay 4 where it was 3 per cent. before. "On with the dance, let joy be unconfined."



COMPARATIVE PRICES

Not long ago we re-published from the Mail and Empire a long and complete table of comparative prices showing how prices to the consumer for various articles under Protection had gone down below prices for the same articles under Free Trade. We now publish a very instructive comparative table from an American source. In 1860 comparative Free Trade reigned in the United States. It is true that Liberals claim that the question of Protection is no longer an issue disputed by them but their handling of the tariff shows this not to be the case.

Articles	1860	1906
Blankets, pair	$6.83	$3.76
Blue shirting, yard	.18	.9
Boots	4.76	2.50
Calico, yard	.10	6
Carpets, yard	1.31	.50
Cotton gloves	.35	.20
Cotton hosiery	47	.25
Cotton knit goods	.98	.40
Cotton thread, spool	.9	.5
Flannel, yard	.70	.34
Gingham, yard	.23	.9
Hemp rope, pound	.21	.11
Linen, yard	.83	.42

Straw hat, good	1.75	1.10
Straw hat, common	.44	.23
Ticking, yard	.36	.17
Woolen clothing	24.00	10.00

CEASE FIRING

The signal to cease firing off all our Canadian resources in cash and credit for the direct benefit of the astute financier and ostensibly for the indirect (and decidedly remote) benefit of Canada has been given once more by the president of the Bank of Commerce, Mr. Byron E Walker, and by the president of the Dominion Bank, Mr. Wilkie. They lay it down that a good crop will help but that it will take time for us to get on our feet again. They of course lay great stress on the balance of trade. No nation can have a cash surplus when it pays out more than it takes in. in cash. The wealth of a nation is all that its people own in the way of property. The capital of a nation is that instrument which is usually called by the name of cash. If the individuals composing a nation become poor the country as a whole will follow suit. The balance of trade being against us means that the sole and final instrument of trade, cash, has gone out of the country to that extent. We can get some of it back by declining to invest in importations and in no other way. Then we shall by means of our exports gradually get the balance set right and perhaps turning again in our favor. The motto of trade is "Let him work who will. The cash for me." Protection is necessary if for no other thing than to keep cash in the country. It must never be forgotten that wheat, barley, lumber, labour, etc. are not cash. They are of value only for their prospective value in cash, therefore to have the cash is the aim and end of trade. To let cash go out of the country except in the most temporary way is madness. When we can't get it back again we are soon out of work and on our uppers. That is where we are now.

CURSING THE COMMISSION

Where are the people of Canada going to believe. Sir Frederick Borden of unhappy memory, the Hon. Mr. Brodeur or the Royal Commission appointed by the Laurier Government to inquire into these gentlemen's shortcomings? Who composed the commission?

The Royal Commission was not composed of criminals on ticket of leave, it was not selected by the enemy, but was composed of three men, the chairman, Mr. Courtney, who worked as Mr. Fielding's chief of staff for eleven years and was retired at his own request with the highest commendation of the Government and subsequently called by Mr. Fielding to preside over this inquiry.

Mr. Fyshe was manager successively of two of the leading banks of Canada. He is a life-long Liberal and a close friend of the Minister of Finance. He had no possible object in traducing Sir Frederick, one of the leaders of his own party, and he still states that his report was carefully prepared and his conclusions were conscientious.

Mr. Bazin is also a Liberal of lifelong standing. He has been at the head of the party organization in Quebec, and might have been a member of the House of Commons had he chosen to accept nomination. He went to this task with the desire to assist the Government rather than to injure it, and in his report on Sir Fred. Borden's department was severe it was evidently no pleasure to him to make it so.

Why did Sir Frederick and Mr. Brodeur attack these gentlemen and why did Sir Wilfrid allow them to do so without a word of reproof or of defence?

EDITORIAL NOTES

City—"Have you lived here all your life?"

Country—"Not yet."—Montreal Star.

The Germans are planning a ship a mile and a quarter in length, it is said. It will go so fast that passengers will be nailed to the decks. The engines will be several h.p. In order to make everything "tell" the rudder will serve as a scull.

The report of the Department of Railways and Canals shows that the Cornwall canal bank had been marked doubtful many months ago. Nothing was done we suppose because the departments at Ottawa don't seem to know enough to do anything properly.

Twelve Doukhobors have been rounded up and sent to gaol for persistent disorderly conduct. Who will not remember with sorrow, the long list of articles in the Liberal press expressive of sympathy for the Douks and of admiration for the Government that brought them here.

The engineers say that the multitude of locks in the Georgian Bay canal leaves it out of the running in comparison with the lake route. Why does the Government keep on at a scheme that so far from having overwhelming arguments in its favor is as doubtful as expensive?

Senator Ferguson makes the charge that the $5,000,000 which the Dominion Government loaned to the banks last October was neither needed nor used for moving the grain crop, but was placed on loan in New York, and somebody reaped a rich harvest from the fact that this Dominion cash owned by the people of Canada being sent to the aid of Wall street when money was at a big premium. This accusation is a most serious one and demands an answer.—Ottawa Citizen.

"Hon. Mr. Graham moved resolutions authorising the railway subsidies and the guarantee of railway bonds.

Mr. Borden complained of the delay in bringing down the subsidies involving such an enormous expenditure.

Mr. Lennox thought the time had come when they should cease paying subsidies to railways.

Mr. Lalor was also opposed to subsidies to railways. Enough had been given by the country to build most of the railways, but the country did not own a mile of the railway so aided. To ask the House to vote $30,000,000 as aid to railways forty-six hours before prorogation was an imposition on the country. The approaching elections had, he thought, a good deal to do with subsidies.

Mr. Pringle said Hon. Geo. P. Graham had gone on the platform and criticized the Whitney Government for bringing down, late in the session of the Provincial House, a guarantee $2,500,000 bonds of a railway, but the Minister of Railways was now asking the House to vote many millions in subsidies and bond guarantees. He protested against what he termed "such hypocrisy."—The Globe.

These are the same Liberals who cried out about "the dying hour."

The following Telegram was sent to Sir Wilfrid Laurier yesterday by the Executive Council of the Canadian Manufacturers' Association:—

"The Executive Council of the Canadian Manufacturers' Association, now in session, know that under existing tariff conditions a number of our largest Canadian woollen industries must suffer annihilation before another year, and appeal to you for immediate relief. What the two hundred woollen manufacturers have asked of you in the memorandum submitted is the least that will save them from ruin. They, together with the thousands of working people dependent upon them for their daily bread and the farmers who have hitherto found profitable employment in wool-growing, join us in the firm stand that the important question must be disposed of before the closing of Parliament. The Association awaits your answer."

There was no meeting of the consumers of woollen goods yesterday. They have no 'association.'—The Globe.

It has grown customary to say that the tariff is no longer an issue in Canadian politics. The resolution of the woollen manufacturers and the piece of Globe mockery appended to it, is a plain contradiction of that statement. The question of free trade and protection will have again to be answered at the next election. The Globe might give us an opinion on the "balance of trade." No doubt it would say that it is better to be behind in time's accounts than ahead. Where might we humbly ask the Globe would this country be if all the manufactories had to close up? Where would the Globe be? It is no wonder that Canada is in the slough of poverty and despond again. The era of soup kitchens was upon us last winter, but a new government will obviate that unhappiness for next winter.

Lord Roberts and the Earl of Norfolk are expected to reach Quebec this evening.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts.
Ten insertions	—	$1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

WHISKEY WAS SERVED OUT LIKE WATER AT LYNCHINC OF A MAN FOR STEALING

Mr. William Doonan, of Eeley, Minn., a Former Local Man Visiting here, Resided for Seven Years in the Yukon—Interesting Interview with Him—Speaks of Conditions in Dawson City

After an absence of twenty-five years from the scenes of his boyhood days, Mr. Wm. Doonan of Eby, Minnesota, returned home on a visit to friends and relatives a few days ago. During his stay in the city he is the guest of Mr. — Tooley, at the Queen's hotel. A Review reporter called on Mr. Doonan last night and had an interesting conversation with him. Mr. Doonan has travelled extensively and has had a wide experience during his long absence from Peterborough. He holds a responsible position with the St. Troy Lumber Company. He has acquired considerable wealth and after fourteen years of faithful service in the interests of the company, he was presented with a ticket for a trip home and accordingly he left to spend a holiday among his old friends.

WAS IN RAILWAY WRECK

Mr. Doonan enjoyed a rather exciting experience in his travels to this city. After leaving North Bay coming to Toronto, his train was delayed thirteen hours, having had a small wreck near Allandale. A large herd of cows was crossing the track when the engine collided with them, with the result that three people were thrown from their bunks to the floor. Fortunately no one was seriously hurt and after a wait of many hours they were able to proceed on their way.

SEVEN YEARS IN YUKON

Leaving here in June, 1882, Mr. Doonan went to Minneapolis. He was not in as good circumstances then as he is at the present time, but he had the good luck to meet Messrs. J. Sullivan, formerly of Meyersburg, C. M. Smith and T. D. Walker. At this time the search for gold was taking many hundreds of men to the Yukon. Mr. Doonan was invited to join the above gentlemen and the four set out from Seattle for Dawson City in September of the same year. Mr. Doonan travelled by boat from Seattle to a place called Genoa. From there to Dawson City one had at that time to pack four hundred and sixty-five miles, that is a man had to walk so many miles with his pack on his shoulders and if it was impossible to carry everything at once, he returned the next day and took it.

Although he spent seven years in the Yukon, Mr. Doonan failed to make his fortune. "Now" he said, "If I want to make money, I don't follow the rush to a place that booms for a while, but I turn and go the other way."

DAWSON CITY

At the time of Mr. Doonan's residence in Dawson, the population was about nine thousand. Miners and prospectors constituted the inhabitants. Some went out there who returned again bringing with them much wealth. But those who were less fortunate were many. Men went there with their wives and families and found nothing but hardships and desolation. As everyone is aware Dawson City is extremely cold and the sufferings of the poor can well be imagined. To succeed there, a man must have money. It is a place, Mr. Doonan stated, abounding in sin and vice and people at that time, disregarded law. The miners lived in shacks. They never locked their doors. Men travelling along the road were privileged to stop and to go in and provide for themselves. No one thought of stealing for it meant an awful punishment.

LYNCHING THE PENALTY

Lynching was quite common in Dawson during the years of his residence there. For the least offence one paid the awful penalty. Mr. Doonan on one occasion knew a man to be lynched for doing nothing more than stealing a pair of socks. Mr. Doonan witnessed a lynching. The man was tied to a tree and the people gathered to see him die. The people seemed to celebrate the occasion. Whiskey was passed around in pails, like water. Everyone drank and were apparently happy over the event.

RETURNED TO MINNESOTA

In 1891, Mr. Doonan returned to Minnesota and there he intends to spend the rest of his days. He is very enthusiastic over the country. "It is the country for me," he said. "Not for all Peterborough would I return and live here." The climate is clear and very cold. Lumbering and mining are the principal industries. The people are free and easy going and most of them have acquired large fortunes. Mr. Doonan travels through the camps of his company from Duluth to Eby on the iron range. The St. Troy Lumber Company has its head offices at Stillwater, Minn. and owns large mills at Eby. Eby is a town of about six thousand, having been started only ten years ago. It is [illegible] miles from Duluth.

Mr. Doonan leaves again next Thursday for his home in Minnesota.

A bush fire is raging near Port Arthur and surburban residences are threatened.

Deer and rabbits have been driven out of New Brunswick forests by the recent fires.

A sunken schooner with one mast above the surface was seen off the Grand Banks.

Thomas Dowd, a laborer on the Great Northern, was killed at False Creek, near Vancouver.

OIL AND GAS AT KINMOUNT

Rich Strike is Reported---A Company Has Been Formed to Develop it

Kinmount, July 18—There has been a good amount of talk about mines in this part of the country a considable amount of prospecting being done but the mines have not been very profitable as yet. However, there is something in the air at present which is causing some little talk among those who are interested in the matter. Experts have been about here a short time ago and have found good indications of petroleum and gas. A company has been formed (Lindsay Gas and Coal Oil Co'y and an agent sent to lease the land the oil field is on. There are quite a number of lots that the field runs across. Starting from the river about three miles from Kinmount it runs through Mr. Jas. Osbourne's lot and west through Watson, Geo. Hodgson, J. Boynton B. Chalmers, D., Swanston, Mrs., McCormack, Jas. Kellar Sam, Swanston John, Morrison Alex., Morrison J. T., McWilliam W. H. The field will not be large like the Pennsylvania oil fields, but there will be over two thousand acres in all. The company leases the land for five years and commences operations inside eighteen months. They will bore for oil and gas.

KEEP CHILDRN WELL DURING HOT WEATHER

Every mother knows how fatal the summer months are to small children. Cholera, infantum, diarrhoea, dysentry and stomach troubles are alarmingly frequent at this time and too often a precious little life is lost after a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of Baby's Own Tablets prevent stomach and bowel troubles, or if the trouble comes suddenly—as it generally does—the Tablets will bring the little one through safely. Mrs. George Howell, Sandy Beach, Que., says: —"My baby was suffering with colic, vomitting and diarrhoea, but after giving him Baby's Own Tablets the trouble disappeared. I would advise all mothers to keep a box of Tablets always at hand." Sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Company, Brockville, Ont.

S. A. BAND HAD A SOCIAL TIME

At the Conclusion of Their Practice Last Evening

A special practice of the Salvation Army Band was held last evening when a large number of the members were present. A splendid rehearsal was the result, after which a social time was spent. Ice cream and cake were served and altogether a most enjoyable time was spent.

The usual services will be conducted at the barracks to-morrow, Staff. Capt. Goodwin being in charge.

MR. HILL WENT TO THE HILL

Hadn't Paid Old Fine and Was Sent up for a Term

There was no police court this morning, the usual drunks postponing their carousals until a dryer season.

Bert Hill was arrested yesterday, charged with non-payment of an old fine, and in lack of the necessary hard cash was given a term on the hill.

THE LADIES' FAVORITE

Wherever Parisian Sage is Known it Has the Call.

Parisian Sage, that most efficient of all hair restorers, is a very delightful and refreshing hair dressing. Besides possessing these qualities it will positively make any woman's hair soft, luxuriant and attractive. W. Mudill, the druggist, Peterborough, sells it and will return your money if you are dissatisfied.

Just read that "After using one bottle of Parisian Sage, I now have a better growth of hair and I found your Hair Restorer pleasant to use. After the first application the dandruff disappeared and my hair stopped falling out, and it has been restored to its natural color. I now recommend your Parisian Sage to all my lady friends.—Lottie Real, 111 Mt. Hope Ave., Rochester, N.Y.

Harry Adams

LOCAL CHINAMAN MAKES MONEY BY LOANING TO OTHERS

It is said that there is one member of Peterborough's Chinese residents who makes a business of lending money to his fellow countrymen. He runs a laundry, but does not have to work very hard as he has a tidy income from the money that he loans. When a Chinaman needs some money to get started in business or for any other purpose he goes to the one mentioned above, and secures the sum required, giving security. It is not known what rate of interest is charged by the banks.

It is the same in every city. As sooon as a Chinaman gets some money saved he starts lending it to other Orientals and it is not long before he is able to return to China with a well filled pocket.

The Services In The Churches On Sunday

St. Peter's Cathedral

At St. Peter's Cathedral there will be three masses celebrated — at 8 a.m., low mass; children's mass at 9.15 a.m., high mass at 10.30; Vespers at 7 p.m. with sermon.

St. John's (Anglican)

Rev. Canon Davidson, M.A., rector 5th Sunday after Trinity. 8.30 a.m. Holy Communion. 11 a.m. morning prayer and sermon. 7 p.m. Evensong and sermon. The Ven. Archdeacon Batty, of Nashville, Tenn., will be priest in charge of the parish of St. John's during July.

All Saints' Church

(Anglican) Cor. Rubidge and Sherbrooke streets. Rev. W. Major, rector. 5th Sunday after Trinity. 11 a.m. Holy Communion and sermon; 3 p.m. Sunday school and Bible class; 7 p.m. Evensong and sermon. Sidesmen for the day, Messrs. Wilson and Manley.

St. Luke's Church

(Anglican) East side.—Rev. Dr Langfeldt, rector. 5th Sunday after Trinity. 10 a.m. Sunday School and Bible class; 11 a.m. Holy Communion and sermon. 7 p.m. Evenson and sermon.

The Rector will preach at the evening service and the Venerable Archdeacon Batty will preach at Evensong.

St. Paul's Presbyterian

Rev. R. A. Pogue will conclude his series of sermons on the Lord's prayer to-morrow morning, preaching on that part, "Deliver us from Evil." In the evening he will exchange pulpits with Rev. J. R. Webb, of Murray street Baptist church.

St. Andrew's Presbyterian

"The Great Race" will be the subject of the morning sermon at St. Andrew's church to-morrow. "Turned Into Another Man" will be the evening topic. Rev. J. G. Potter will preach at both services. Sunday school at 10 a.m.

Knox Presbyterian

The usual services will be conducted at Knox church to-morrow by the pastor, Rev. H. J. Keith.

George Street Methodist

The pastor, Rev. E. A. Pearson, will conduct the usual services.

Charlotte Street Methodist

At Charlotte street Methodist church to-morrow, the pastor, Rev. G. W. Henderson, will preach at both services. His morning subject will be, "The Measure of Divine Blessing" and in the evening he will preach on "The Secret of Prosperity."

On Monday evening Mr. Elcome, the taxidermist, will give a lecture on "Nature Study." Next Wednesday evening at the weekly prayer meeting Mr Henderson will speak on "How to kill the Prayer Meeting."

Mark Street Methodist

The Rev. J. G. Lewis, of Picton, will conduct the services at Mark street church on Sunday.

St. James', Methodist

Rev. H. M. Manning, the pastor, will conduct the services to-morrow in the tent at the corner of Aylmer and Romaine streets.

Park Street Baptist

Rev. Wm. Pugsley, of Toronto, will conduct the services at Park street church to-morrow.

Murray Street Baptist

The pastor, Rev. J. R. Webb, will preach at the Murray street church at the morning service, and Rev. Robert Pogue, of St. Paul's church, will occupy the pulpit in the evening.

Gospel Hall

Sunday school at 10 a.m. Commemoration of the Lord's Supper at 11 a.m. The ordinance of baptism will be administered in Bethany Tabernacle at three o'clock. Gospel meeting in the hall at seven and the mass meeting in Central Park at 8.15.

Bethany Tabernacle

Services at 11 a.m. and 7 p.m.

Salvation Army Barracks

Simcoe street.—Staff Captain Goodwin in charge. Capt. Maisey, assistant. Sunday meetings; 7 a.m., prayer meeting; 3 p.m., free and easy; 7 p.m., salvation meeting. All are welcome.

SUNDAY A DAY OF MANY LETTERS IN PETERBOROUGH

Peterborough has a large number of writers on Sundays. Many of them are not literary stars nor will they ever write their names with immortal ink, but they are writers just the same only letter writers, however.

Have you ever mailed a letter at one of the letter boxes on the street or in the hotels, about eleven o'clock Sunday night. If you have probably you have noticed that Sunday is a letter writing day in Peterborough. Frequently the boxes are filled with letters when the last collection is made on Sunday night. This is especially true of the boxes in the hotels and those on the streets in the central parts of the city. The new boxes recently installed are larger than the old ones and they are not filled so often as the former ones were. Before the change was made the boxes were often filled to the top on Sunday night.

It almost looks as if Peterborough people thought Sunday was made for writing letters instead of for a day of rest.

GET RID OF THE MOSQUITOS

The "Mosquito Antitoxine Co." announce a sure remedy for the Mosquito nuisance, Black Fly Germicide, and Poison Ivy cure. It is a safe, simple, and sure remedy, and no verandah or camp should be without it. It is a positive boon for campers and those who wish to enjoy their holidays, or a summer's evening out of doors. It is thoroughly reliable and prepared in the most scientific manner. Read the company's advertisement in our business columns.

TWO SIDES TO A BANANA SKIN

Farmer Saw the Serious and the Spectators the Funny Side of a Peeling To-day

Cursed be he who sins to the extent of dropping a banana skin on a crowded thoroughfare. May his own skin suffer eternal hardships, and may he be the recipient of multidinous misfortunes.

Such is a synopsis of the statements which were made by two venerable farmers this morning. They were coming down Hunter street from the post office and the more portly of the two was carrying a large package of nails, under his arm. Suddenly he hit an inoffensive banana skin, and the package taking wings made for the sidewalk. The string broke, spreading the contents all over the pavement.

It took some moments of hard work before the owner finally collected the whole of his property and continued on his way.

HAS PURCHASED HANDSOME OUTFIT

Mr. M. W. Boorema Has One of the Best Drivers in the City

Mr. M. W. Boorema, managing director of the Peterborough Lubricator Co. has recently purchased one of the finest driving outfits there is in the city. The horse is a colt, a four year old, Beldore. He bought it from Mr George Johnston of North Monaghan. He also has a fine runabout handsomely painted in yellow and black. It is said to be the finest outfit in Peterborough. Mr. Boorema is a splendid driver and very fond of the pastime.

The Daily Review
SATURDAY, JULY 18, 1908.

MARKET SMALL THIS MORNING

The market this morning was very poorly attended, the rain of yesterday preventing many from getting the products ready to bring to town. As a consequence things were rather dear this morning, the highest prices being asked. Butter was 24 and 25 cents per pound while eggs sold at 18 and 19 cents a dozen. On the outside market there were very few waggons.

COMPOSITE COMPANY

The composite company will leave for Quebec to-morrow at 12 o'clock, and will parade at the drill hall at 11.30 o'clock a.m. This change was decided upon this afternoon.

DISTEMPER SAYS A LINDSAY "VET."

Says That is the Disease Prevailent Among Horses

Reports come from various parts of the province to the effect that scarlet fever is prevalent among horses. Speaking to Dr. Broad regarding the matter, a Post reporter was informed that the local doctors had had a few cases of something similar, but only an odd case once in a while. He said he would call the disease influenza or distemper. "This is our easy season," said the doctor. "When the farmers are busy we are slack of work." When asked if the heat brought on the distemper, Dr. Broad said it had a good deal to do with it. A farmer should take good care of his horses in the summer and not work them too hard. Some farmers work their horses to death and then do not feed them half enough. It was no wonder they had distemper.—Lindsay Post.

PERSONAL

Send or Telephone Your Personals to The Review.

Miss Estelle Davis of Toronto is a guest at the National.

Miss Kate H. Morrell of Cleveland, Ohio is in the city for a few days.

Miss Edna Whittall, of Montreal, is a guest at the home of Rev. J. R. Webb.

Mrs. F. H. Rieger left this morning for a holiday to her home in Ingersoll.

Mrs. Wm. Thackeray has gone to Roseneath where she will spend ten days with friends.

Miss Pearl Grieve, of Napanee, is the guest of her sister, Mrs. Ed. Huff, Robinson street, Ashburnham.

Mr. H. Griffin came home from Peterborough to celebrate the 12th here.—Fenelon Falls Gazette.

Miss Myra Moore, of Peterborough, is visiting her aunt, Mrs. Thomas Cashmore, at the Falls.—Fenelon Falls Gazette.

Mr. and Mrs. Nasymthe have returned to Lindsay after spending a few days with Miss Edith Fanning, Bethune street.

Mrs. Chambers, of Montreal who is visiting her sister, Mrs. L. Turner, will sing at St. Luke's church tomorrow morning.

Rev. E. A. and Mrs. Pearson and family leave on Monday for Orangeville where they will spend their vacation.

Mr. Frank Burnham, of Montreal, is in the city for a few days returning from a holiday at Stony Lake.

Mr. R. M. Beal, of Lindsay, visited friends in Peterborough Thursday.—Lindsay Post.

Prof. E. R. Doxsee, B.A, BD, of Albert College, Belleville, and Mrs. Doxsee will occupy the George St. Methodist parsonage during Rev. Mr Pearson's absence. Prof. Doxsee will take the services at George street church.

Lindsay Free Press:—Mr. J. C. Lang of the firm of Lang & Maher, accompanied by Mrs. Lang and family, spent yesterday in town, the guests of Mr. and Mrs. M. J. Maher. ....Mr. G. Wood, of Peterborough, is in town to-day.....Miss May Adams of the post-office staff, returned to Peterborough last night being recalled by the absence of one of the of the clerks.

CITY NEWS NOTES

NO BAND CONCERT.

Owing to the wet weather last evening there was no band concert in Victoria Park. The 57th band met at the band hall and practised.

HAS SOLD OUT.

Mr. A. J. Ford will wind up his dry goods business here between now and Saturday night, August 1st. Mr Ford has a prospective buyer for his stock, who will continue the business but before the deal is completed the stock must be taken, so the store closes for stock taking on August 1st.—Lindsay Free Press.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

To the Editor of the Review.

Sir,—I want to lay a complaint before the citizens of Peterborough about dog barking. At night I can't sleep and in the day time I have no time. One dog begins and then another starts and then they run round to look for each other and wind up in a fight until the policeman comes along and separates them. I must get my sleep and I don't believe in the way the city is playing "tag" with the dogs anyway.

Yours etc.,
CITIZEN.

"STAR SPECIALS"
Are Genuine Bargains

Genuine—not bogus—is the bargain character of our "Star Specials"

Real reductions from our regular prices—generous cuts, not make-believe discounts. That is why we call these week-end bargains "STAR SPECIALS"—and they ARE "specials" in every sense of the word: they win us new customers and they win us the gratitude of old customers—as well as their continuous trade.

Test the value-giving ability of the Hall store, Saturday by these "Star Specials"

GOT CAUGHT IN LOGS AND WERE DELAYED MANY HOURS

Messrs. Ernie Moore and J. Crane had a rather exciting experience yesterday and one that they won't forget for a while. They left here in the morning intending to go to Mr. Crane's cottage at Stony Lake, travelling in Mr. Crane's launch the "Gladhalken." Going up the canal they became caught in a drive of logs and there they remained for several hours They left Peterborough at nine in the morning and reached Lakefield just in time to catch the last evening train for Peterborough. It is needless to say that they were drenched through.

THE ANTICS OF A KINGSTON FISH

Kingston, July 17.—Robert McLaughlin is carrying his arm in a sling. He was out fishing and caught a 15 lb. pike. While trying to land it the fish swished its tail as it was being brought into the boat and so seriously crushed McLaughlin's arm against the gunwale that he had to call a doctor. The fish gave him a 200 lb blow.

Looking East from the Ramparts, Quebec.

LOCAL BOY'S WORK MEETS APPROVAL

Mr. Walter Cluxton's Acting Spoken of Highly by Buffalo Press

The Buffalo Times, of July 14th, contains a cut of Mr. Walter E. Cluxton, a Peterborough boy, who is meeting with success on the stage, along with the following reading matter in which Mr. Cluxton's work is spoken of very highly.—

"The Lilac Room" had its first performance in Buffalo last night and in introducing it to local theatregoers the Bonstelle Stock Company added another to its list of triumphs since opening here for the summer. The play is light and just the kind for warm weather but there is just enough substance to it to make it interesting. There is a good plot to it and the large audience thoroughly enjoyed the play. Miss Jessie Bonstelle had the principal role. She was Emily Painter, the American girl, who visited Wingate Priory. From that time she sintered in rather unconventional manner until she succeeded in making Captain Wingate capitulate to her. Miss Bonstelle's acting was refreshing. Besides breaking up a gang of counterfeiters, saving a girl from the chief of the gang, the American girl approves herself a lively but not a boisterous visitor. Miss Bonstelle was heartily applauded for her good work. Walter E. Cluxton as a counterfeiter, disguised as a groom, did the best character work of the night.

Julius McVicker was Capt. Wingate and he made a manly officer and a splendid lover. Norman Hackett as Herbert Trainor fills the part admirably. Miss Josephine Sherwood as Muriel Wingate is charming. She has the best opportunity since being here and she proved her capabilities. Julian Noa is a good Yardsley-Yardley. Gertrude Warwick as Blossom is pleasing. The other members of the company are well cast.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F. R. J. Macpherson's. tf

WILL DECORATE CITY OF GUELPH

The contract for the decoration of the city of Guelph, for the Old Boys' Reunion, has been given to the local firm of J. J. Turner & Son's.

The firm will have a big job on their hands but they can be depended upon to carry it out successfully.

ICU

You see me. Our success as opticians to the public is easily seen through. The eyes of the people are on us and we attend to the eyes of the people. Exercising as we do the most scrupulous care in our examination of the eye and the fitting of lenses according to sight requirements of young or old, we have come to be regarded as the "dependable" house for anything in the Optical line. All our goods are made with minute care and expert workmanship.

SPORTING NEWS

LAWN BOWLERS ARRANGE FOR FROST TROPHY COMPETITION

The Frost trophy competition commences July 27th.

Rules governing this competition.—Two players of the rink must be present or the game will go by default to the opposing skip. When one or two players are absent from a rink, the said rink may be filled up by by players satisfactory to the opposing skip, but it is expected that absentees will be replaced by men playing similar positions on some other rink.

Fourteen ends will constitute a game in this competition.

Each skip plays four games in the preliminary round of this competition two games in each week.

Umpires J. F. A. Fitzgerald, R. Kerr Dr. Macdonald.

The following games must be played during the week commencing July 27th.—

Isaac vs Giroux.
Isaac vs Marshall.
Kerr vs. Lang.
Kerr vs. Giroux.
Marshall vs. Lang.
Green vs. Fitzgerald.
Green vs McIntyre.
Holloway vs Pratt.

Waddell vs Kernighan.
Waddell vs Cotterell.
Kernighan vs Runnels.
Runnels vs Talbot.
Talbot vs Wadell.

Skips will arrange among themselves dates most convenient for themselves during the two weeks.

PORT HOPE FAILED TO SEND TEAM FOR TO-DAY'S GAME HERE

Port Hope has dropped out of the Midland Baseball League, failing to send a team here to-day for their game with the Petes. It was expected that the visitors were coming strong but apparently they considered they had no chance and decided to quit. It is likely that Cobourg will also drop out after to-day's game with the Athletics. The Peterboroughs have the pennant cinched and they and the Athletics will likely be left to finish the season.

According to the constitution the Port Hope Club should forefit their $50 deposit to the Peterborough club, but it's strange if they do not try to find some way of wriggling out of losing the greenbacks.

It looks as if pro ball was not a paying proposition around these diggings. The homebrews will likely compose the team next season.

AN ENGLISHMAN WON THE 3200 METRE STEEPLECHASE

Special to J. N. Barber.

London, July 18.—In the 3,200 metre steeplechase final, Russel of England, was first. Time 10,47 4-5. Eisele, of United States, was third. The second man is not given.

London, July 18.—In the 200 metre breast stroke swim, Holman, of England was first. Time 3,09 2-5.

London, July 18.—In 5,000 metre cycle final, Jones, of England, won Time, 8.36 -15.

FAST MOTOR BOAT IS THIS

Travelled at Rate of 25 Miles per Hour in Trial Run

Gananoque, July 18.—Capt. Wessels has been in Picton for the past week installing a new 12 horse power gasoline engine in the speedy motor boat, "Yellow Kid," built by him last winter and sold by him a few weeks ago through E. R. Chapman to Hepburn Bros., Picton. Yesterday Mr. Chapman received a telephone message from the boat's new owners that she had just been given her first trial, which had been highly satisfactory. With her engine and everything new she had developed a speed of upwards of 25 miles per hour, exceeding expectations. The trial was a big event in the Bay Town and it is said that hundreds of people lined the shore to see the boat's performance. The owners are delighted at the result of the trial and expect a much better speed will be accomplished after the machinery has been run a little. Captain Wessels, the builder, is justly proud of his product.

LACROSSE TEAM PRACTICES TO-NIGHT

Every Player is Requested to Turn Out at Riverside Park

The lacrosse team will practise Riverside Park to-night at 8.30 o'clock. Every man is asked to be out as it will require all the practice that can be had to defeat the Lindsay twelve on their own grounds next Thursday. No practice was held last night on account of the rain.

SPORTING COMMENT

Word comes that the sporting editor of the Review who is holidaying at Keene, caught five bass the first time out. The people won't believe it.

If the Olympic committee would knock off the points for every protest made by the Yankees, the chances are they would stop their grouching.

How about W. A. Bailey for the weight throwing competition at the Olympic? He is an expert with the hammer.

Strange if some of those walk promoters do not put on Olympic games at the Brock street rink. It would be in keeping with some of their recent actions.

It is said that Port Hope men are contemplating holding a walking tournament at Toronto this fall. They better give up the ideas. The chances are the walkers would have to walk home if they did not take some spare coin with them.

A meeting of the cricket club will be held on Monday night at nine o'clock at the Snowden House. It is very important and urgent that all the members should be present.

MARATHON ON NEXT FRIDAY

Many in Peterborough Pin Their Faith on Fred Simpson---Win Would be Popular

The great Marathon race, the blue ribbon event of the Olympic games will be run on Friday of next week. It will start at three o'clock, English time, which means that the result will be known in Canada about one o'clock, as English time is over four hours ahead of the Canadian reckoning. The result will be awaited with great interest in Peterborough. There are many who pin their faith to Fred Simpson and are hoping that he will win. If he does not carry off the laurel wreath it is one good guess that he will be well up with the winners.

BASEBALL

NO FREE DATES.

The Peterborough baseball team, champions of the Midland League want a game with the Toronto Eastern League team, but President McCaffrey says the Leafs have no open dates.—Toronto News.

Kolapore Cup Competition.

Bisley, July 18.—(C. A. P.)—In the first stage (600 yards) of the Kolapore Cup competition yesterday the Canadians were third in the total scores. They ran as follows:

Guernsey	249
Mother Country	248
Canada	246
Malay	241
India	222

The individual Canadian scores were:

Crewe	5 4 5 4 4 4—26
McInnes	4 4 4 4 4 4 5—29
Jones	5 5 5 5 5 5 4—34
Morris	4 5 5 4 5 4 5—32
Rowe	4 2 4 5 4 3 5—27
Smith	5 5 5 5 5 5 3—33
Steel	5 5 5 3 5 4 5—32
Williams	5 5 5 4 4 5 5—33

LONGBOAT DOING WELL

London, July 18.—(C. A. P.)—A telegram received here from Kilmallock, County of Limerick, where Tom Longboat, the Canadian Indian runner, is training, says the injury he sustained is slight. He slipped and injured a knee and arm, but he was able to continue the run in which he was engaged at the time, and did 14 miles in 75 minutes.

In the 3,200 metre steeplechase, third heat, Galbraith's only competitor quit. Time 11 minutes 12 1-5 seconds.

In the three-lap team cycle pursuit race the Yankees defaulted to Canada, whom England defeated easily.

Young of Canada was disqualified in the final of the 100 kilometre on the grounds that he lost a lap. Crocker vainly protested.

In the 100 metre swimming race, Edwards beat Zimmerman of Canada. Time 1 minute 15 4-5 seconds.

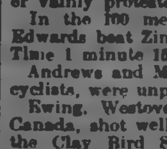
Andrews and Morton, the Canadian cyclists, were unplaced in their heats.

Ewing, Westover, and Fletcher of Canada, shot well in the handicap of the Clay Bird Shooting Association meeting. The first-named divided the Specie Handicap, and the others took places in the other events.

Meadows, Fitzgerald and Galbraith qualified for the five-mile event, each running second in his heat.

"Crooked Neck" Smith, who killed James Enright at Montreal, has surrendered himself to the police.

Anthony Heal, a Dane, of Pottersburg, Ont., tried to commit suicide by severing an artery in his arm.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

MAYOR RUSH ON THE EXECUTIVE

Elected to Office at Meeting of Union of Canadian Municipalities

Montreal, July 18.—The Union of Canadian Municipalities held their closing session to-day and decided to meet next year in Medicine Hat.

The election of officers resulted as follows;—President, Mr. J. J. Ward, Controller, Toronto; Vice-Presidents, Mr. R. C. Cochran, Reeve of Blanchard, Man.; Mr. D'Arcy Scott, Mayor of Ottawa; Ald. Lavallee, of Montreal; Secretary-Treasurer, Mr. W. D. Lighthall, ex-Mayor of Westmount. The Ontario Executive Committee will be composed of the following;—Ald. McGhie, Toronto; Mayor Patterson, Galt; Mayor Rush, Peterborough; Mayor Murphy, Fort William; Mayor Stevely, London.

The feature of the morning's session was an address by President-elect Ward, of Toronto. It was a stirring denunciation of the members of Parliament who neglect the interests of their constituents and the public in non-partisan matters, such as private bills.

A strong resolution was unanimously adopted, calling for legislation amending the Dominion Railway Act, so that no municipality should be liable for any charge for the maintenance of a crossing or for protection at crossings or for protection at crossings, in any case where the roadway had existed before the railway entered upon it.

Mr. Dyke, of Fort William, thought efforts should be put forth to discourage American control of our public franchises. No action was taken on the subject.

DIRECTIONS FOR MAKING ICED TEA

Warm the teapot. Put in a heaping teaspoonful of "Salada" Tea for every two cups. Pour on freshly boiled water and allow to infuse from 6 to 8 minutes. Pour the liquor off the leaves and let cool. "Salada" Tea iced is a most delicious and refreshing beverage. A small piece of lemon will add to its flavor.

THE BRAKES ARE OFF AT OTTAWA

From the Weekly Sun.

The supplementary estimates laid before the House of Commons last week bring the total appropriation for the current fiscal year up to almost the even $130,000,000. Unfortunately too this does not cover the whole bill because the Premier has stated that some railway subsidies are still to come. The total appropriation asked by the Government amounts to well over $100 for each family in Canada.

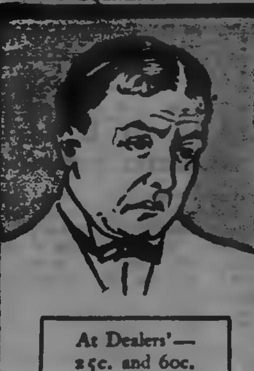
The sum already appropriated is an enormous burden to lay upon a country of 6,000,000 people. We have become so accustomed to the vauntings of those who think only in millions and whose waking moments are devoted mainly to the devising of mammoth projects, that we are in danger of failing to realize the scale of expenditure reached. A few comparisons may assist in a realization of present conditions. The total appropriations asked by the Dominion Government for the present fiscal year are within $30,000,000 of the entire outlay of the Government of the United States in 1870, outside of debt charges and the cost of the postal service. Our present appropriation is equal to one-fourth that of the United States Government in the first year of the present century, although the population of the United States was then fifteen times that of Canada today.

What is the cause of the alarming proportions which our budget has reached. A partial explanation is found in the appropriation of $30,000,000 for the Transcontinental. The carrying out of that undertaking is putting an exceedingly heavy strain on the resources of the country.

The Transcontinental does not however, represent all of the vast increase which has taken place in our expenditure of late years. When that work ditures of late years. With that work cut off the total outlay proposed for this year, would still be $100,000,000—three times the amount spent twenty-six years ago. Much of the addition is due to our military folly, which accounts taking in everything thereto belonging, to a vote that is rapidly climbing toward the 10 million mark. Another sink hole for public money is found in the appropriation for public building. Shortly after the present Government came into power, Mr. McMullen and some other Liberals openly protested in the House, against spending money in the erection of such buildings in comparatively large towns. Today appropriations for buildings in Uxbridge, Elora, Fergus and Glencoe, pass without a word of remonstrance. After this Pickering, Sheguiandah, and Bullocks Corners may be expected to call out for their share of the pie.

The misappropriation of public money in providing for the payment of bounties and railway subsidies is largely responsible for the position we find ourselves in at the present time. In the eleven years ending with 1907, we paid out some $18,000,000 in railway subsidies. In the same time about $10,000,000 was expended in iron and steel bounties. Even in the short fiscal year ending with March 1907, the payments in iron and steel bounties amounted, in round figures, to $1,300,000; on crude petroleum to $266,000; on bounties to Maritime Province fishermen, $150,000; $25,000 was spent in subsidies to dry docks; $15,000 in bounties to wrecking plants; $13,885 in bounties on binder twine and over $4000 in administering bounties. And still the pap-feeders are not satisfied; the bounties on petroleum, on lead, and to dry docks are being further extended this session.

London financiers are more keenly alive to the situation than are our own people. They have given us a sharp lesson as to their view of the case by the manner in which the recent Dominion loan has been treated. Will it require another, and still sharper lesson to arouse Canadians to the necessity of insisting on the substitution of economy for extravagance gone mad.



This is the Man with visage grim,
You can easily see what's the matter with him;
His stomach's upset, and it's all his fault,
He needs a bottle of ABBEY'S SALT.

SHIPPING OF GREEN CHEESE DETRIMENT TO THE INDUSTRY

Some Valuable Information Furnished by the Canadian Dairy Commissioner.

To whom it may concern.

The writer has lost no opportunity during the past two years of calling attention to the danger of injuring the Canadian cheese trade by the practice of shipping the cheese in a green condition. The question is treated at some length in my last annual report, where I was able to quote the opinions of leading merchants in Great Britain, all opposed to the practice.

I am now able to quote from communications on the subject recently adressed to the Honourable Mr. Fisher, Minister of Agriculture, by the Home and Foreign Produce Exchange, of London, England, an the Bristol Provision Trade Association, in words which would indicate that harm has already been done to the cheese trade by this "penny wise, pound foolish" practice.

The first mentioned association, writes in part as follows:

"Importers of Canadian cheese into London met in conference to consider what steps should be taken to bring into prominence the damage, which is being occasioned to the reputation of Canadian cheese owing to the persistent practice on the part of factorymen of sending out their makes before the goods have had time to mature, and I have been instructed to lay the matter before you in the hope that prompt and efficient steps may be taken to effect a remedy.

It is unquestionable that there is an increasing tendency for makers to get quit of the cheese as quickly as possible. In a great many instances goods are moved out much too soon, in some cases even within two or three days of manufacture. The result has been that the natural process of maturing has been arrested and such cheese arrive here insipid in flavor and in a condition which reflects anything but credit upon the product. In addition to this, the excessive moisture militates severely against the sale. In no circumstances should cheese be allowed to leave the factory until ten days after manufacture. That is the minimum of time which should elapse before the goods are moved and unless stringent measures are adopted to prevent the factoryman sending their cheese out earlier, the position of the Canadian article on the London Market will become depreciated."

The foregoing is from a body of merchants who handle nearly one half of the cheese exported from Canada.

The Bristol Trade Association's letter contains the following sentence:

"This means the forcing into consumption of immature, or in other words, inferior cheese, resulting in widespread dissatisfaction. Needless to say, the tendency of this is to bring Canadian cheese into disfavor, and if persisted in, it is bound greatly to curtail consumption."

It would seem to be unnecessary to add anything to these statements made by those who are in the best position to speak with authority on the question.

I would only say that while I was in Great Britain last fall, I found plenty of evidence to prove that the trade has already been injured by the unbusinesslike policy of shipping the cheese before they are fit to eat.

Whenever this question is brought up among dairymen, there seems to be an inclination to put the blame on the buyer and let it go at that. The buyers are certainly responsible for encouraging the movement of green cheese, but the dairymen who have been the losers, and who will be the losers again, should not allow their business to be injured in this way.

J. A. RUDDICK,

Dairy and Cold Storage Commissioner.

TOOK TENTS TO QUEBEC CITY

Mr. Reg. Turner of the firm of J. J. Turner & Sons left this morning for Quebec. He is taking with him two large tents which he will erect on the Plains of Abraham.

The tents are for the accommodation of the Northwest Mounted Police, who will act as a body guard to the Prince of Wales during the celebration.

VERY TRUE IN SOME RESPECTS

One of the late magazines has the following satire on a fashionable wedding;—

Society was deeply stirred by the marriage of Miss Goshwotta Pyle to Count de Jennerett. It was, as everyone knows, a pure love match. The Count is a splendid fellow and seldom wastes money in paying debts. The ceremony was performed in the pink and gold drawing-room of the Goshwotta Pyle mansion, the Rev. Dr. Puray Paunch, of St. Greed's, officiating.

Miss Pyle's wedding gown was white satin. The skirt was made with a Watteau pleat down the sides and up the back, with a princess effect in front. The bodice was veiled in rose point lace, and an antique lace veil was used. Miss Godie Inkum wore a diamond rope, with festoons of paving-stone emeralds, the gift of Mr. John Bullion. Mrs. Ennyole Figure, the matron of honor, wore an Empire gown, white crepe, embroidered with rosebuds. In her hair she wore a chaplet of diamonds and she carried a gilt basked filled with assorted rubies and pearls.

The best man was Dadleigh Bohr Braynliss Pupp Reginald Wuntwork, Justor Kubb and Whartor Kadd.

The bride's presents were superb. Her husband gave her a Waterbury watch with a real string to it. The bride's uncle and aunt, Mr. and Mrs. J. Saymold Muchinprint, silver inlaid with black diamonds. Her cousin, Willie Jumansella, gave her a liqueur set, for his own use when visiting at the house. Splendid gifts were also received from Mr. and Mrs. Ponte Bulge, Mrs. Ammi Inarti, Mr and Mrs. Billy de Splay and a host of others.

The bride and groom will go at once to Helzone Place, the ancestral castle of the de Jennerwetts, where the Count will remain a few days, just for form's sake. Then leaving the new Countess at Helzone Place he will go to Paris, Vienna or Berlin, and will resume his usual life. The bride's mother, who, as every one knows, was one of Baltimore's Holloheads, is delighted with the marriage.

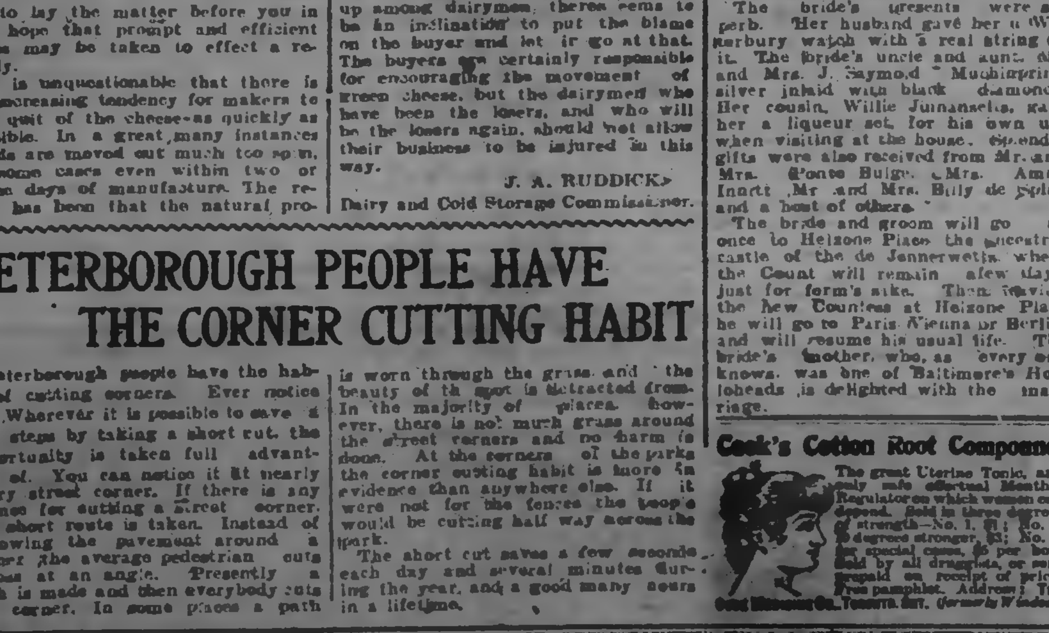
PETERBOROUGH PEOPLE HAVE THE CORNER CUTTING HABIT

Peterborough people have the habit of cutting corners. Ever notice it? Wherever it is possible to save a few steps by taking a short cut, the opportunity is taken full advantage of. You can notice it at nearly every street corner. If there is any chance for cutting a street corner, the short route is taken. Instead of following the pavement around a corner, the average pedestrian cuts across at an angle. Presently a path is made and then everybody cuts the corner. In some places a path is worn through the grass and the beauty of the spot is detracted from. In the majority of places, however, there is not much grass around the street corners and no harm is done. At the corners of the parks the corner cutting habit is more in evidence than anywhere else. If it were not for the fences the people would be cutting half way across the park.

The short cut saves a few seconds each day and several minutes during the year, and a good many hours in a lifetime.



Quebec as seen from Levis.

SUCCESSFUL IN COLLEGE OF MUSIC

Names of Peterborough Students Who Passed Examinations

The list of the Toronto College of Music examinations which is published in the Toronto papers today, contains the names of the following Peterborough candidates;

Piano, third examination —pass — Miss Lillian M. Fife, St. Mary's convent, Peterborough.

Piano, second examination — First-class honors; Aileen Sullivan, St. Mary's convent, Peterborough; Harold Brown, Bernice Giroux, St. Mary's convent, honors, Marie Branch, Con. of Music; Jean H. Hill, Conservatory of Music, Eleanor Morrow, St Mary's convent; pass, Margaret C. Edwards, Conservatory of Music.

Piano, first examination — First-class honors, Pearl Ruth, Con. of Music; Stella Cleary, St. Mary's convent; Priscilla Payne, Con. of Music; Gladys Rose, Clara Thompson, Con. of Music; honors, Alice Neil, Ethel Goodenough, Florence Leahy, St. Mary's convent; pass, Grace Naylor, Florence M. Reid, Con. of Music; Margaret McDonald.

Piano, primary examination, —First class honors, Emily Harfield, Cora Bradburn, Ruby Carr, Cyril H. Davey, Florence Howden, Con. of Music, Cecil White, Aileen Braund, Jean V. Anderson, Con. of Music; pass, Margaret O'Brien.

Senior rudiments —First class honors, Harold Brown; Hazel Moffatt, Mrs. E. M. Tuck, St. Mary's convent; honors, George Davidson, Kathleen O'Brien, St. Mary's Convent; Ethel Goodenough, Lettie Hatrick, St. Mary's Convent; Stella Cleary, Aileen Sullivan, Ruby Cunningham, Harriet Pierce, St. Mary's Convent; pass, Grady, St. Mary's Convent; Florence Leahy.

PERHAPS WITHIN TWELVE MONTHS

There May be First Dividend of York County Loan

Toronto, July 18— A year at least is expected to elapse before the liquidators of the York County Loan and Savings Company will be able to pay the first dividend to the shareholders entitled under the judgments of Official Referee Kappele to participate in the assets of the company.

At the present time a staff of fifteen men are busily engaged sorting out the valid claims and checking the individual accounts, which run to over a hundred thousand in number.

Mr. Home Smith, of the National Trust, stated yesterday that the real estate was selling steadily though it might take three to four years longer to dispose of all property as there was no intention to sell at sacrifice prices. Great care is also taken that the amount accepted on mortgage, shall be with such a safe margin that at the close of the liquidation the mortgages may easily be disposed of for cash, possibly with a premium, to other companies or to private investors.

The first dividend will be at least one of twenty per cent and may reach twenty-five. A total of forty per cent seems assured today but under the most favorable auspices is not likely to exceed fifty per cent.

SONG SERVICE AT KNOX CHURCH

There will be a special song service at Knox church tomorrow evening. One of the features will be a solo by Master Jos. Cummins, a boy soprano soloist, who has just arrived from England. He will sing "Come unto me ye Weary."

MUSIC AT ST. JOHN'S

The following will be rendered at St. John's church tomorrow;

Matins.

Venite 54; Te Deum, Helmore

Benedictus, Chant 180,

Hymns 299, 277, 263, 330, 542.

Sermon at matins will have special reference to Sunday Schools.

Offertory, "I love to hear the story"; sung by choir boys.

Evensong—

Hymns 519, 257, 215, 16

Magnificat and Nunc Dimittis.

Chants 41, 137.

Offertory anthem —"No Shadows yonder," Gaul. Solo by Mr. George Chandler.

Wreck Near Kenora.

Kenora, July 18.—At 10.15 p.m. on Thursday a bad wreck occurred at Deception. Owing to the track spreading, the hospital train, consisting of nine cars and two dead engines, was completely ditched. No one was killed. Engineer Kerr was scalded badly, but is now doing well in the hospital here. The wreck occurred in connection with double-tracking operations, the track spreading on account of the newly-made roadbed giving way. The wrecking crew was on the scene of the accident in a very short time, but it will take some time before the track is cleared. Passenger traffic is delayed.

Suspected of Assault.

Guelph, July 18.—Three husky prisoners from Palmerston arrived here yesterday in charge of Chief Armstrong and Constable Westgate of that place. They were arrested on Wednesday in Palmerston, and Magistrate McEwing, on the advice of High Constable Mereweather, remanded them to the county jail here for a week, on a charge of vagrancy. Major Merewether suspects Sam Wilson, one of the trio, as being the tramp who assaulted Mrs. Harper at Mount Forest on Monday.

All three prisoners state that they can prove they were in Guelph the day of the assault.

Mr. Mackenzie King has opened his inquiry into the cotton workers' dispute at Montreal.

Revolt In Turkey.

Constantinople, July 18.—The young Turkey propaganda in the Turkish army in favor of autonomy to Macedonia appears yesterday to be more widespread than heretofore has been admitted, and some forebodings are being expressed in official circles of a general revolt of the officers of the second and third army corps at present stationed in the Monastir district. There already have been some mutinies in individual battalions.

Woman Killed by Car.

Hamilton, July 18.—Mrs. William Ross, a resident of Ancaster, was struck by a freight car on the B. & H. electric line Thursday night at Ancaster and instantly killed. A man named Bond, who was waiting for the same car, did not see the freight approaching either, but jumped and escaped injury.

Four Firemen Hurt.

Greenwich, Conn., July 18.—An exciting fire which threatened to destroy a large portion of this town yesterday was not subdued until damage amounting to $75,000 had been done. The fire department of Port Chester assisted the local department. Falling walls slightly injured four firemen.

An I.O.O.F. badge, the clasp made of copper, was found in the bed of the Thames at Louisville.

Rich copper ore and gold-bearing quartz is found on the Lac Rouge district of Saskatchewan.

Julia Lanlondem of Montreal, agent of Tolman, the money lender, was found guilty of usury.

NEW COLLEGIATE INSTITUTE IS FAST NEARING COMPLETION

The new Collegiate Institute is rapidly nearing the final stages of completion. This will be welcome news to the pupils of the city, who have been so long accustomed to the dust and cramped quarters of the old building on the hill.

Another week or ten days will see the completion of all the plumbing in connection with the building; and in fact, the contractor is now only waiting for the clearing up of the odds and ends of timber about the place, to put the finishing touches to his work. The blackboards are all in position and the class rooms are beginning to take on a very learned look. A large staff of men is working on the assembly room, and it will be soon ready for the paint and varnish. The flooring of the stage is not yet in position but will be put down about the middle of next week.

From the above it will be seen that the school is almost sure to be ready for opening by the first of September.

INSPECTOR FINDS FISHING NET AT NUMBER FIVE DAM

Mr John Watt, the fish and game inspector, while making a tour of inspection the other day, discovered a large net at No. 5 dam. There was nothing in it at the time. Mr. Watt took it in his possession. He has a clue to the identity of the man who owns it and who placed it there. He states that if the guilty party will come to him and will pay a fine of twenty dollars he will drop the matter. Unless this is done Mr. Watt will institute proceedings at once.

MR. WALKER FOR PRINCIPAL OF THE NEW NORMAL SCHOOL

It is Understood That He Will Get the Appointment—Inspector Mowat Was Offered Position.

Although no announcement has been made from headquarters, it is understood that Mr. Duncan Walker will return to Peterborough this fall as principal of the New Normal School, which will be opened in September. Announcement was expected early in the week, but so far nothing has come from Toronto.

It is generally understood, however, that Mr. Walker will have the principalship of the local school. His many friends here will be delighted to have him back again.

In connection with the appointment of the staffs of the Normal schools it is learned that Inspector Mowat of this city, was offered a position in connection with the Normal school here. Mr. Mowat declined the offer, however, deciding to stay by the Board of Education.

In the above connection the following paragraph from the Brantford Expositor will be of interest.—

"It is rumored that Mr. J. P. Hoag, inspector of Brantford Public schools, has been appointed to a position in connection with one of the Provincial Normal schools at a salary of $1,800. A definite announcement will be made shortly. The appointment will necessitate Mr. Hoag's resignation of his local position and his removal from this city."

NEW ZEALAND VISITOR TALKS ABOUT HIS HOME COUNTRY

Financial Stringency has not Been Felt There—Good Class of Settlers Being Secured—The Maori Settlers.

Mr. Wm. Butler, of New Zealand, is in the city, where he has placed a large order with a local manufacturing concern.

Interviewed by a Review representative he gave some interesting facts regarding the country from which he comes.

"How about the general stringency. Has it affected New Zealand?"

"No, we haven't felt it. Our markets have been good and our financial relationship with Great Britain has stood us in good stead."

"Is your trade relationship with Canada growing?"

"Yes. As between 1905 and 1906 there was an increase in our purchase from Canada of a large sum. We like to trade with Canada whenever we can. My own trip is to look into Canadian methods of lumber manufacturing, and to purchase Canadian machines which I will do to a large extent.

"Is Canadian trade growing with you as compared with trade with the United States?"

"It is. By the last published return, the increase of our purchases from Canada was about equal to our decrease in purchases from the United States."

"It is, By the last published return, the increase of our purchases from Canada was about equal to our decrease in purchases from the United States."

"I suppose you are interested in the subject of reforestration."

"Most decidedly. We have large timber areas and some of the trees reach 20 feet in diameter. We feel that those of the present day should not utterly deplete the timber resources at the expense of future generations and for this reason we have a system of replanting. For this purpose we use prison labor and have four prison tree-planting camps established. The results show that the men not only work well but many who have served sentences in these camps have become good citizens."

"You have a number of Maori natives. What is your method with regard to them?"

"They have lands set aside for them and are industrious as dairy farmers and so on. They elect four native members to our House of Representatives, and although they speak English, they talk in the chamber in the Maori tongue, and there is an official interpreter. We find them improving in every direction. The native population fell from 41,993 in 1891 to 39,854 in 1896. But since then the total has increased to 47,731."

"What is your elective system?"

"Manhood franchise, including men and women, naturalised subjects, resident in the country for six months. The women take an intelligent interest in public affairs and have been instrumental in many excellent reforms. In the last election they voted to the extent of 82 per cent."

"How about taxation?"

"It is collected largely on a graduated land tax and income tax. All incomes up to $1,500 are exempt; after that 12 cents on $5 up to $5,000. Double that rate after this sum. The ordinary land tax is 2 cents per $5 on all unimproved lands. The tax rises until in the case of a $1,000,000 unimproved land estate the tax is $2 for each $100. We do not tax the improved values. The rate of taxation per head, per year is $22."

"What about labor conditions?"

"We have an eight hour day generally speaking, but under special awards of the Arbitration Court lesser hours are passed in some instances, but no one works more than eight hours, except paid overtime. Industrial establishments have a half holiday each Saturday, closing at midday. Retail concerns which keep open Saturday afternoons have to give another half holiday during the week."

"Are many settlers coming in?"

"Fairly so, of a good class. We have a system of loans to them. The Government were authorized by act to borrow $15,000,000 and to lend to settlers at 4 1-2 per cent. up to $15,000. We find this works splendidly. I think Canada has immense possibilities, but consider you need cheaper capital for the settler such as we have. Another good feature we have is advances to workers. That is the Government advances money at 4 1-2 per cent to workers on first mortgage or urban or suburban land and improvements, up to $1,750, interest is well met and loans repaid in good style. It is the best cure for socialism I know of."

Mr. Butler is much impressed with Canada and says he has met with universal hospitality.

Donald Cairns, of Port Elgin, cut a twelve-acre field of wheat yesterday.

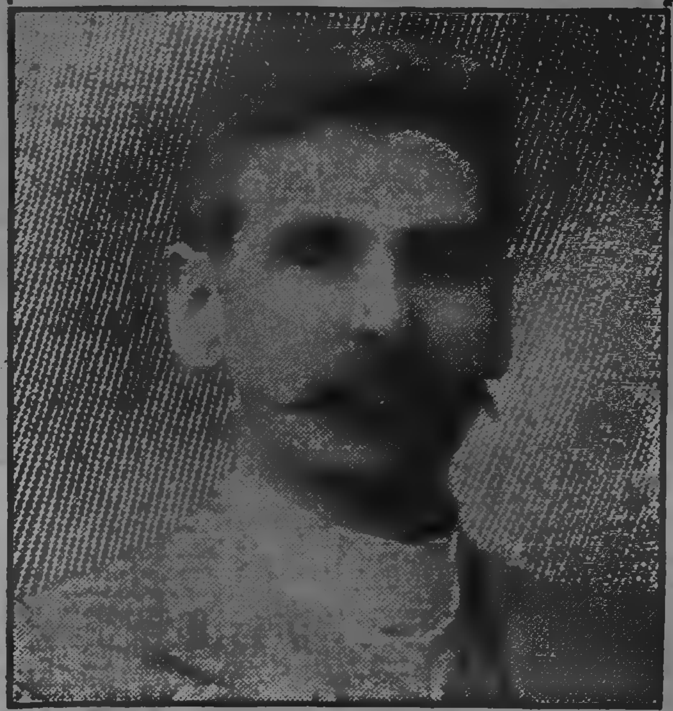
The Algonquin cheese factory, near Brockville was burned, with $5000 loss.

WHEN YOU CATCH A COLD

Always Take a Few Doses of Pe-ru-na
It Is Dangerous to Neglect a Cold.

Mr. George A. Nicholas, 78 Wellington street, Launceston, Tasmania (Australia), is a prominent grocer, having been in the business about 18 years. He writes as follows:

"I have on several occasions, when afflicted with a *cough or cold*, used Peruna with the best of results. I believe it to be a *splendid remedy* for such ailments."



MR. GEORGE A. NICHOLAS.

A LARGE per cent. of chronic ailments begin with a *neglected cold.*

A cold produces congestion of some internal organ. The congestion at last becomes chronic and organic disease is the result.

When an organic disease becomes thoroughly established, it is absolutely incurable. Thus it is *dangerous to neglect a cold.*

A remedy should always be at hand that can be relied upon to promptly relieve a cold.

There is no better remedy in the world for this purpose than Peruna, which has been in use for a great many years.

It has been the standby in a multitude of homes as a remedy for colds, coughs and catarrhal ailments of summer and winter.

We will give a few specimens of the many testimonials we have received from different parts of the world as to the efficacy of *Peruna as a remedy for colds:*

"I contracted a severe cold, and became afflicted with a bad cough. I began taking Peruna. In a short time my cough and cold were gone."—Mr. Louis Monpetit, 251 St. Elizabeth Ave., St. Henry, Montreal, Canada.

"I have received great benefit from Peruna, and hope to see it in my country, Cuba. The home protected by Peruna is free from catarrh."—Mr. Jose I. Soler, President Cuban Fruit Co., 2818 Jerome Ave., New York, N. Y.

"As soon as I get a cold I send for Peruna, and it drives it out of my system."—Mr. L. Clifford Figg, Jr., [illegible] E. Marshall street, Richmond, Va.

GOOD RECORD OF PETERBOROUGH

Toronto Paper Comments on Orderliness Here on July 13th

Monday last an Orange demonstration took place in the city of Peterborough. It is estimated that over 16000 visitors came to the city, which, with the present population of over 16000, totals up to over 32,000 people. At the police court the following morning eight men only were charged with drunkenness of which four cases were dismissed, two were remanded, and the remaining two were fined $2.00 each. Of the latter four not a single man was an Orangeman and of the original eight charged not a man was a resident of Peterborough. Can any other town or city on the continent beat this record?—Mail and Empire.

THE TRIP OF THE SEASON

The Steamer Otonabee will make a special trip to South Beach, Juniper Island and Mount Julian on TUESDAY, July 21st, leaving Wolfe St. Wharf at 8 o'clock a.m. Return Tickets 75c. Children 40c td

OBITUARY

H. C. BLISS.

H. C. Bliss, well-known as a manufacturer of patent medicines, died yesterday at his home, 495 Catharine street south, of debility, arising from old age. He was born in Stafford, Conn., and came to Canada 45 years ago. He was 85 years old, and left one son and two daughters and a widow. The son is H. C. Bliss, M.D., of Cleveland, and the daughters are Mrs. C. R. Howell, of Omaha, and Miss Jennie Bliss, at home.

Mr. Bliss was a member of the First Congregational church, and had not been ill very long. The funeral took place on Saturday from his late residence, 495 Catharine street, Rev. J. K. Unsworth and John Morton officiating. The pallbearers were Chas. George H. and Robert Duff, C. Bliss, George Boulter and W. J. Aitchison. The floral tributes were very beautiful.

S. A. NOTES

The first monthly meeting of the band will be held tomorrow morning in the barracks at 9.15.

The open air meeting of the Salvation Army will take place in the morning at 10.15 at the corner of McDonnell and Aylmer streets.

VOL. LVII., No. 15. PETERBOROUGH, ONT., CANADA, SATURDAY, JULY 18, 1908 TEN CENTS PER WEEK

THE ROMANTIC STORY OF HISTORIC OLD QUEBEC

Champlain, Wolfe and Montcalm—two Frenchmen and one Englishman—are the three names around whose memories will centre most closely the interest in the Tercentenary celebration at Quebec from July 19th to the 31st.

The three hundred years since the city was founded is divided into two almost equal periods. From 1608 to 1759, 151 years, extended the French regime in North America, inaugurated by the Sieur de Champlain. From 1759 to 1908, 149 years, the English regime, of which the memorable battle on the Plains of Abraham marked the beginning.

Intrepid Pioneers.

Among the heroic names that throng the annals of French occupation of Canada, perhaps the greatest is that of Champlain, the first Frenchman who dreamed of a greater France in the New World. Before he founded Quebec there was not a single European settlement on the Atlantic coast north of Florida. "Cain's portion" of the earth, French statesmen had designated the northern land, a wilderness fit only for the aboriginal red man.

KING EDWARD VII.

To the intrepid Champlain's must be added another great name, Frontenac's, who pushed on and established a fort and trading-post at the site of the city of Kingston.

So for 150 years went on the thrilling history of the warfare with the bitter cold, the endless forests, the vindictive Indians, and all the while a monarchy at home that made the life of governor after governor a heartbreaking struggle against unfaithfulness. And all this history will be re-acted in the pageants at Quebec.

A Night Escalade.

At length came the challenge of the English for the possession of the New World; the delicate Wolfe, sent out by the great Pitt; the night escalade of the heights above the battlemented city and the victory of September 13, 1759, when the two gallant leaders, Wolfe and Montcalm, fell. The following spring at St. Foye, two miles west of Quebec, the French attacked the English garrison and forced them to retire. Their casualties were 1,100; those of the French 750 or more; as bloody a fight as that of 1759, when the English lost 655 and the French 1,200.

Hence comes the second part of the Quebec celebration — the Wolfe and Montcalm memorial; the "Quebec Battlefields Fund"—to purchase as a national park the land upon which the armies of the two races twice fought. Unworthy buildings, one of them a jail, now disfigure it. For this purpose $500,000 is being raised, and most of it has been secured.
this purpose $500,000 is being raised,

But the nationalising of the ground of combat is not to commemorate victory, but union, the union cemented by the loyal stand of the French at the time of the revolt of the American colonies and thereafter. It is a union that is typified in the joint monument erected to Wolfe and Montcalm in 1827 for their "common" valor, death and the reputation that has since endured. As the inscription reads:

WOLFE.

> "Mortem virtus communem
> Famam Historia,
> Monumentum postentas
> Dedit."

Landed at Quebec.

It was on July 3, 1608, that Champlain landed at Quebec. On his first voyage, in 1603, when he had sailed up the St. Lawrence, he had been struck with the strategic possibilities of the point, Kebec, as the Indians called it, where the great river narrowed to three-quarters of a mile. When the Sieur de Monts, not discouraged by the failure of the Port Royal venture, had succeeded in obtaining the exclusive privilege of the fur trade, though only for a year, and determined to make another effort to establish a settlement in the new world, Champlain advised that it should be this time on the St. Lawrence, where the traffic with the natives inland could be carried on by way of the great river, and where the "habitation" might be situated in a place capable of being defended more effectively than in Acadia, with its many ports and landing places. De Monts recognized the wisdom of this advice. In the spring of 1608 he fitted up two vessels. Pont Grave, deputed to trade with the savages for furs, set sail in the first for Tadousac, and Champlain, as the lieutenant of De Monts, in the second with the supplies necessary for the beginning of the settlement.

Cutting Down Trees.

Arrived at Quebec, Champlain's first care was to select a site for the habitation. He fixed upon a spot near the river (now identified by the corner of Notre Dame street and Sous le Fort in Lower Town), and at once set the men to work, some cutting down trees and sawing planks, others digging a cellar and making ditches. The first building put up was the magazine, or storehouse, 18 x36 feet, with a large cellar. The living quarters were in three wings of two stories, each 18 x 15 feet, with a gallery under the second story windows, and the whole habitation was surrounded by a ditch or moat fifteen feet wide and six feet deep. At several points were buttresses, on which cannon were mounted.

SIR WILFRID LAURIER.

Not much is known of how the handful of French passed the time that first winter at Quebec. The snow lay deep about the habitation from January to April. Of the twenty-seven or twenty-eight men in the place, fifteen more died of scurvy and dysentery. It was with the greatest relief that Champlain and the few remaining learned that Pont Grave had again arrived from France with men and provisions.

Three Hundred Warriors.

About the middle of June there appeared upon the scene two or three hundred warriors of the Montagnais, Huron, and Algonquin tribes, who were not slow to remind Champlain of the promise made six years before to assist them in their wars against the Iroquois. Champlain, consulting with Pont Grave, concluded that now was the time to win the friendship of these allied tribes, and their assistance in the discoveries he wished to make in their own and the enemies' country, or to alienate them, a course which would greatly increase the difficulty of making further explorations, besides being a blow to the fur trade so necessary to defray expenses.

CHAMPLAIN.

With nine other Frenchmen, Champlain embarked with the Indians. Up the Richelieu they made their way cautiously to the lake which now bears the explorer's name. Near the place now called Crown Point, Champlain had his first fight with the Iroquois. Largely through the surprise and the execution caused by the white men and their firearms, the allies were completely victorious.

Early in September, Pont Grave and Champlain, leaving Captain Pierre Chavin of Dieppe in charge of the habitation, with fifteen men, sailed for France, where they at once reported to De Monts and His Majesty on the events and discoveries of the past year. To the King Champlain presented a ceinture of porcupine quills, a piece of Indian workmanship with which His Majesty was much pleased.

Profits of Fur Trade.

The part that the Sieur de Monts took in the beginning of the Canadian enterprise is apt to be overlooked, or underestimated. It was, as already said, under his auspices that the post was established at Quebec in 1608, and now, although he was not able to procure a renewal of the monopoly of the fur trade, he would not give up the enterprise, so anxious was he that it should succeed to the glory and honor of his country. Associating himself with some merchants of Rouen, he resolved to continue the habitation at Quebec and finish the exploration of the St. Lawrence, trusting that the profits of the fur trade would defray the expense.

Returning to Canada in April, 1610, Champlain found the winterers — as they came to be called—in good state at the habitation. After another fight with the Iroquois up the Richelieu, in which he had his ear cleft by an arrow tipped with sharp stone, Champlain occupied himself in erecting a palisade around the habitation, and putting things generally in order. The newly-made gardens were a pleasant sight, with vegetables, very fine Indian corn, rye, barley and grapevines. Later Champlain had some rose trees set out.

Friendship With Indians.

For several years the settlement at Quebec made little progress. Champlain had not much time to devote personally to the affairs of the habitation. His summers were spent for the most part in extending his explorations, in visits to the Algonquin and Huron countries, cementing the friendship of these tribes for the French and encouraging them to bring their pelleterie to the trading posts below the Sault Ste. Louis and at Three Rivers. Almost every winter found him in France, keeping the affairs of the country before those in authority, and endeavoring to stir up an interest in colonizing the place.

When Champlain arrived to take possession for the Duc de Montmorency, the new viceroy, in July 1620, he brought with him his young wife, Helene Boulle, and he spent the next five years at Quebec. He was vexed to find the habitation in a very neglected conidtion

Castle In the Air.

The winter of 1622 there were in the habitation fifty men, women and children. Pont Grave was so ill that he could not go out all winter. It was July before the vessels arrived from France next year with provisions.

In 1625 Champlain resolved to leave with his family for France, after they had "wintered five years in the country, with more hardship than was necessary, owing to the lack of care on the part of the Associates."

Returning to Quebec July 5, 1626, Champlain did not find the habitation as far advanced as had been promised, while the fort was just as it had been left. He saw that much time was lost in the long summer days by going from the habitation to the natural meadows at Cap Tourmente, below the Island of Orleans, to make hay, so he had a house and stable built there, and sent the cattle down in charge of six men.

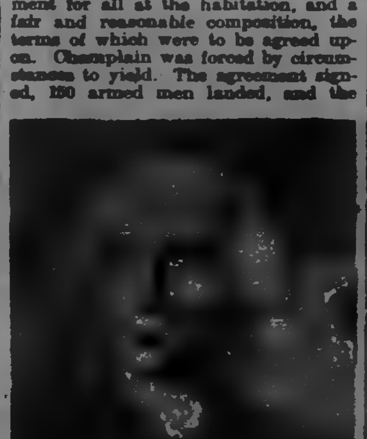
Twenty years after the landing at Quebec, Champlain's vision of a colony in New France was little more than a castle in the air. The population numbered no more than 105, of whom there were only six or seven settled families. (One settler, Abraham Martin, afterwards became a farmer, the owner of the land now named the Plains of Abraham.) The trading companies had made no effort to establish colonists in the country, and left the few people they did bring out without the means of cultivating and sowing the land. Not an arpent and a half had yet been cleared, and only one or two families were making a living for themselves. Not having any incentive to work, the would-be settlers in the place lounged about, hunted and fished, and killed time in whatever ways offered themselves.

CHAMPLAIN MONUMENT.

English Vessel Arrives.

One day Champlain's servant, coming in with four small sacks of roots, reported that he had seen an English vessel a league from the habitation behind Point Levis. Champlain assembled all the responsible men to take counsel what should be done in this extremity. It was felt that without provision or ammunition it would be useless to try to hold out.

A boat under a flag of truce landed and an English gentleman courteously presented to Champlain a letter from the two Kirke brothers, Louis and Thomas, acting for Capt. Kirke, who remained at Tadousac. They assured Champlain of courteous treatment for all at the habitation, and a fair and reasonable composition, the terms of which were to be agreed upon. Champlain was forced by circumstances to yield. The agreement signed, 150 armed men landed, and the English took possession of Quebec July 21, 1629.



MONTCALM.

Capt. Kirke having left the habitation and the fort well supplied, returned to England. The Frenchmen and priests were given passage home. At Plymouth Kirke learned to his vexation that peace had been made between England and France. The peace had been concluded on April 24, and Quebec was taken on July 20. Champlain was unwearied in urging upon ambassadors and councils that they should negotiate with Great Britain for the restoration of Canada.

Restored to France.

The treaty of St. Germain-en-Laye was signed March 29, 1632. By it Quebec was restored to France. Cardinal Richelieu, who had constituted himself Superintendent of Navigation and Commerce, formed a new company to establish a colony, and sent an expedition to retake possession.

Champlain, with renewed hope and courage, returned to his post as governor. He never saw France again. In the autumn of 1635 he was stricken by paralysis, and died on Christmas Day. He was buried at Quebec.

THE BATTLE OF QUEBEC.

Gallantry of British and French Troops—Death of Leaders.

There is no more romantic battle scene in the history of the world than that of the victory by which England won from France, after a possession for two centuries, the vast Dominion of Canada.

Great as that battle was in its consequences, its interest is intensified by the common fate of the opposing generals, who in it yielded up their lives for the cause of their respective countries, yet won imperishable fame, which forever united their names—Wolfe and Montcalm.

The execution of Montcalm's sharpshooting Canadians with their obsolete muskets was witnessed to not only by the death of Wolfe, but also by the severe wounding of his senior brigadier, Lord Monckton. The marksmanship of the British soldiers must have been equally high, for not only was Montcalm struck down, but also each of his three brigadiers, Senezergues, St. Ours and Pontbonne. The command of the troops within the city devolved on De Ramezay. Vaudreuil, the governor, was with the section of the army guarding against a landing on the Beauport Flats. Bougainville had a fine body of troops under him two hours' march away up the river. Wolfe's strategy had completely deceived him, and he only arrived within cannon shot of the battlefield when the day was irretrievably lost.

EARL GREY.

Scaled the Heights.

Montcalm himself was with the Beauport troops when intelligence arrived that a British army had scaled the heights, a feat which a few days before he declared would be impossible unless his enemy had wings. He did all that mortal man could do to arrest the hand of fate. He hurried troops from the camps and was soon himself riding up and down on his black charger before a gallant array of Frenchmen and Canadians. He has been blamed by his countrymen for precipitating a conflict. He had everything to gain by waiting, they say. The French forces in the immediate vicinity of Quebec greatly exceeded their enemies. He should have waited, say his critics, until he could have communicated with Bougainville, who was in a position to fall upon Wolfe's rear. He should also have summoned the whole of the defenders of the city.

PLAN OF OPERATIONS 1759.

Doubtless what weighed upon Montcalm's mind was that a British army now lay between him and his means of subsistence. Its presence there for but a few days would bring him face to face with starvation. He saw evidences that Wolfe was preparing to entrench himself. When he ordered the attack, moreover, he persuaded himself that his opponent had not yet got his lines in order and his artillery was confined to two small field pieces which the sailors had been able to drag up the cliff. If Wolfe were defeated his whole force would be destroyed and a crushing blow inflicted on British arms. As it turned out, the fortunes of battle were against Montcalm. It was his force that was crushingly defeated. In the midst of the rout he himself was mortally wounded. He was struck twice in quick succession. The fire did not incapacitate him. The second was not fatal. Feeling that he would fall from his horse in sight of his men and thus increase the confusion already too evident among them, he requested two grenadiers to walk on each side and keep him in the saddle. As he rode towards the city some women whose anxiety for husbands and sons and fathers had led them to venture outside of the gate saw his pale face and blood-stained uniform. They raised the cry, "The Marquis is killed! The Marquis is killed!" He endeavored to suppress this outcry, but his condition only too well supported it. He was taken to the house of Arnoux, the physician, who pronounced the wound mortal.

Montcalm's Death Wound.

"How long shall I live?" he asked.

"Not twenty-four hours," Arnoux replied. He then calmly prepared for his death. Messengers were sent to him for advice as to what course should be taken on the heels of the overwhelming disaster which had befallen the army. He preferred to leave such questions to those who were now better able to give advice. Among his last acts was the writing of a letter to Townsend commending the French and Canadian prisoners to the "well-known humanity of the British." "I was their father," he concluded; "be you their protector." At daybreak the next morning he was dead.

PRINCE OF WALES.

The backwoods sharpshooters played an important part in the battle of the Plains of Abraham. Wolfe's stature, his brilliant uniform and his conspicuous movements in marshaling his host drew on him the attention of the Canadian marksmen who were hid in the bush on both flanks of the British lines. He was first struck in the wrist. He hastily wrapped his handkerchief about it without ceasing to encourage his men. Soon after, while advancing he was shot through the groin. Even this pain and shock failed to quell the transport of battle. A moment later, however, a bullet tore through his lungs, and he realized that the wound was mortal. He asked those beside not to allow him to fall, as he feared the effect of such a sight on his men. He was carried to the rear, across the ground where now stands the jail, and laid down in a hollow protected from the enemy's fire. He was no more than conscious. He, however, was aroused by the exclamation, "They run! They run!" of one of those who stood by him. "Who run?" he asked. Being told it was the French, he immediately directed that Col. Burton should be instructed to make haste with his regiment and seize the St. Charles Bridge, so as to cut off the way of retreat. He then turned on his side, murmuring, "Now, God be praised. I die happy." So passed that eager spirit whose devotion to duty and indomitable activity and courage gave the British crown half a continent.

A Great Soldier.

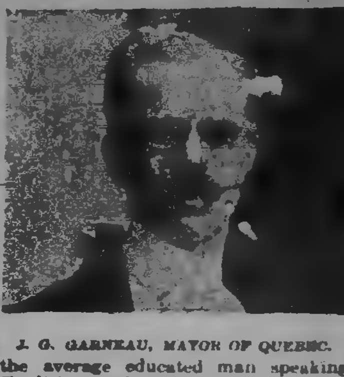
When the news of the event reached England it was difficult to proportion the exultation at the brilliant feat of British arms to the grief at the death of the leader who had been its mind and soul. Pitt paid a stately public tribute to the memory of the man whose military genius he had discerned and whom he had selected for high emprise. "With a handful of men," he said, "he had added an empire to English rule." Montcalm, Wolfe's great opponent, comforted himself in the hour of death by the reflection that he had at least been beaten by a great soldier. Knox, one of his officers, to whose diary we are indebted for many of the minor facts of the campaign, made an entry therein on the night of the day of battle that states in the simple language of the heart what even the prose of Macaulay could not convey better. "No man is a hero to his valet," the witty Frenchman said. The testimony of Knox, therefore, who had Wolfe under his eye during the three months of the campaign, is of particular value. "Our joy is inexpressibly damped," wrote Knox on the night of the 13th, "by the loss of one of the greatest heroes that this or any age can boast of."

CANADA'S ROYAL GUEST.

Distinguished Visitors Who Will Attend the Celebrations.

During the coming Tercentenary celebration Quebec will be visited by many prominent guests from distant parts of the world. These will include representatives of royalty, of the far colonies of the Empire and of friendly nations, such as France and the United States. First, of course, in rank and importance will be the Prince of Wales, the heir-apparent to the British throne, who fortunately is already familiar to the Canadian people by reason of his visit in 1901.

His Royal Highness has had an ideal training for the great position he must some day occupy. His seafaring experience in particular appears to have given him a freedom from affectation in manner or speech which was particularly pleasing and acceptable to the people of Greater Britain when he visited them. In Canada it was a subject of general remark that his enunciation was delightfully clear and distinct and that his accent could not have been notably distinguished from that of the average educated Canadian — or, it may probably be added, from that of the average educated man speaking English anywhere; for it is in the lower ranks of life that the widest divergences in language and accent occur.



J. G. GARNEAU, MAYOR OF QUEBEC.

King Edward's Interest.

The Prince of Wales has learned something of the unfailing tact and courtesy of his father and his share of these qualities enables him to find a large and ever-growing sphere of usefulness and influence in the difficult though exalted position he occupies, of which his present visit to Canada is a pleasing and signal proof.

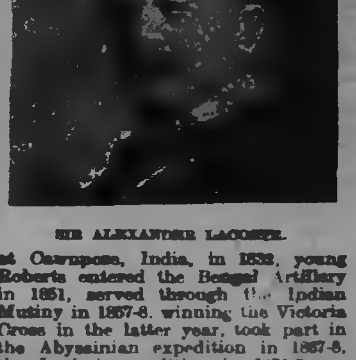
His Majesty King Edward has taken a personal interest in the project from the beginning, and it was his wish that the Prince of Wales should be present.

One of the most interesting cables to reach Canada in many a long day was that announcing that Lord Roberts, known all over the world as "Bobs," the idol of Tommy Atkins, would attend the celebration at Quebec. Earl Roberts, now an old man, so far as years go, has been in the army for nearly sixty years and has taken part in many of its most important campaigns

Bowed with grief at the death of his own son, Lord Roberts heard the call of duty and responded, then a man of 67, and his success was immediate and inspiring. He arrived at Cape Town on January 10, with Lord Kitchener as his chief of staff. He at once commenced a long march for the enemy's capitals, and by March 13 was in Bloemfontein, and on May 17 in Pretoria, and the result of the war was no longer in doubt

"Bobs'" Great Record.

This vigorous campaign came after a life of activity in the army. Born at Cawnpore, India, in 1832, young Roberts entered the Bengal Artillery in 1851, served through the Indian Mutiny in 1857-8, winning the Victoria Cross in the latter year, took part in the Abyssinian expedition in 1867-8, the Lushai expedition in 1871-2, re-occupied Cabul in 1879, marched to the relief of Kandahar in 1880, served in Natal and the Transvaal and commanded the troops in the Madras Presidency from 1881 to 1885, when he was elevated to the chief command of all the forces in India, in which post he was succeeded by Gen. Sir George Stuart White in 1893. From 1895 to 1899 he commanded the forces in Ireland. On his return from South Africa in 1900 he was made Commander-in-Chief of the British army, which position he held until 1904. Now in his advancing years Earl Roberts is still a force in army matters, his counsel and knowledge being frequently at the service of the nation.



SIR ALEXANDER LACOSTE.

Other Notable Visitors.

Other distinguished visitors are the Earl of Dudley, Governor-General of the Australian Commonwealth; Vice-President Fairbanks of the United States; Lord Strathcona, Canada's veteran High Commissioner in London; Sir Arthur de Villiers of South Africa; the present Marquis de Levis, a descendant of the French general who assisted Montcalm in 1759; George Wolfe, a collateral member of the family of the British general who took Quebec; Lord Lovat, a descendant of

The Daily Review

SATURDAY, JULY 18, 1908.

EXPOSED BY GEORGE GRAHAM

The most sensational incident of the present session of Parliament was that of Saturday when Mr. George Graham, the Minister of Railways, publicly confessed that his leader, Sir Wilfrid Laurier and the Finance Minister, Mr. Fielding, misled Parliament and the country on the subject of the cost of the Grand Trunk Pacific Railway scheme, which they pushed through in 1903. When presenting the Grand Trunk Pacific project Sir Wilfrid Laurier stated that it would be an inexpensive affair. He put the case thus:

"The sum total of the money to be spent by the Government for the construction of that line of railway from Moncton to the Pacific coast, will be in the neighborhood of $12,000,000 or $13,000,000 and not a cent more. Now sir, what is $13,000,000 in the year 1903. It is about the surplus of our revenue over expenditure. The surplus of this year will pay for the construction of the road."—Hansard, 1903, page 7691. Mr. Fielding followed up the Laurier announcement as to the cost and said that $13,000,000 was a mere bagatelle if we were to put $8,800,000 in the bank at that moment it would produce $13,000,000 by the time the railway was completed. So that as a matter of fact, the scheme was to cost us no more than $8,800,000.

The campaign literature which was prepared by Mr. Fielding summarized the position of the Government on this matter. It made the following statement;

"Just now, they, the Opposition, are indulging not only in fanciful criticisms but positive misrepresentations and falsifications. The feature of the bargain in regard to which most of this is done is the financial arrangement. It is an actual fact an indisputable fact, that $13,000,000 will cover every cent of the country's expenditure in connection with this railway and that if $8,858,502 cash were invested today with an insurance or an investment company it would have grown enough by the time the railway is completed to actually pay all the expenditure that the country will have to make."

Mr. Graham's statement of Saturday is that these allegations—that of Sir Wilfrid Laurier, that of Mr. Fielding and that of the campaign document which Mr. Fielding wrote—are false. The figures presented by Mr. Graham are as follows:

Line from Moncton to Winnipeg, 1803 miles, at $63,427 per mile	$114,393,765
Interest on money during period of construction	10,009,454
Total cost	$124,403,219

We are under contract to lease the line to the Grand Trunk Pacific for seven years for nothing. If we borrow the money at 3 per cent, the seven years of free rental will mean a payment of $3,732,096 annually out of the taxes, which will be $26,124,676 for seven years. In addition we are to spend $3,500,000 for terminals. This brings the capital outlay on the division between Moncton and Winnipeg up to $127,903,219, and the seven years of free rental up to $26,124,676. Thus Mr. Graham intimated that when Sir Wilfrid Laurier declared that the total cost to the country would be $13,0000,000 and not a cent more, that right hon. gentleman deliberately falsified. Mr. Graham also confesses that Mr. Fielding's statement that the cost would be but $8,800,000 was untrue.

But Mr. Graham does not do justice to his colleagues, the G.C.M.G., and the Finance Minister, for he does not give the entire cost of this hapless scheme to the country. We have to give the road for three years more than Mr. Graham admits to the Grand Trunk for nothing. This means a further obligation of $11,196,290. Then we have to build the Quebec bridge, which will cost $14,422,238. Finally, we have to pay for seven years the interest on the bonds floated to build the mountain section of the railway. This will call for $9,699,400. So that the total public outlay to night stands thus.—

Line between Winnipeg and Moncton...	$114,393,765
Interest during construction......	10,009,454
Seven years free to G.T.P...	26,124,676
Three years additional free to G.T. P...	11,196,290
Cost of Quebec bridge ...	14,422,238
Interest on Mountain section......	11,304,300
Terminals	5,470,000
Total cost so far as ascertainable	$192,920,723

This money the country has to find. While the placing of such an obligation upon the people ought to be condemned, the circumstances under which the thing has been done are even more open to censure. It was by lying that the Ottawa Ministers induced the public to agree to this thing. And men who will be guilty of such conduct ought not to be permitted to hold offices of honor and of trust.—Mail and Empire.

HISTORIC OLD QUEBEC

Continued from page 9

Gen. Fraser one of Wolfe's staff, representatives of France, Newfoundland, New Zealand and other countries have also accepted invitations. In addition Sir Wilfrid Laurier and his Ministers, as well as scores of other public men in Canada, will attend, while the river will swarm with warships from Great Britain, France and the United States.

There will be at least a dozen large warships in the Quebec basin when the Prince of Wales comes up the river on July 21, and 12,000 of Canada's soldiers will be on parade. The historical pageant, however, will contain the greatest element of novelty. There will be some three thousand persons in costume, some on horses and others on foot. It will be divided into historical features, as follows: The Jacques Cartier scene of arrival, 211 performers; mounted division, representing Henry IV.'s Court, 510 costumed characters; Francois I., with 464 courtiers; a scene of Champlain, with 195 performers, in addition to which will be added a representation of the crew of the Don de Dieu; a scene from Montmagny participated in by 210 costumed characters; likewise the Dollard scene, 117 performers, and the Laval presentation, comprising 488 performers; the St. Lusson scene, with 120 performers, and scenes from Frontenac by 371 costumed performers, also the French and British armies in uniforms of three centuries ago, in which 425 performers will figure, making a total of 3,150 costumed performers, besides allegorical devices and other interesting features that will go to make up the pageant.

His Royal Highness the Prince of Wales will receive the address to be presented to him in French close by the Champlain monument, situated on the Dufferin Terrace, and will reply in French.

The fireworks under preparation during the celebration will be the largest and grandest ever witnessed upon this continent. They will be set off upon the Levis Heights in order that the immense multitude of spectators will observe the effect without difficulty from the Quebec side. The art pieces in course of manufacture will be immense in size, and portraying many features in connection with the early history of Canada, including the battle on the Plains of Abraham and battles at sea. Several huge bombs will be fired off from the vicinity of No. 1 fort, Levis. In order to give an idea of the size of these bombs it is said one of them will cover forty acres after it has been exploded in the air over the River St. Lawrence.

LABOR SAVING IN DAIRYING

Cows that are Good Producers Cut Down the Amount of Work

One of the recent regular monthly tests in the Innerkip, Ont. cow testing association showed that 160 cows gave an average yield of 633 pounds, milk, testing, 3.4, thus containing 34.6 lb. fat. One excellent herd average is from ten cows each giving 1390 lbs. milk, 3.3 test. The highest yield in the herd was 1850 lb. milk for the month. In all out one of the 12 herds recorded are single cows giving 1000 lb. milk or more.

Another district averaged only 664 lb. milk per cow, while in a third district the average was 562. Some herd were as low as 412 lb. milk, 13 1-2 lb. fat as an average of 9 cows. This is less than one third of the yield of the herd noted above at Innerkip. Three times the labor, nearly three times the feed, three times the stable room for no more profit. As I have frequently remarked before this cow testing work is the best labor saving proposition yet placed before the farmers of Canada. Better cows mean *less work and more income. Find out* the poor cows by this individual testing, get rid of them, then give that feed saved to the better cows and watch the bank balance grow.

BEWARE OF THE WEEK ENDS

Holidays and health are generally supposed to go hand in hand, but there is the possibility of taking too much liberty just on that account. A writer in the New York Times attributes a great deal of sickness to the weekly days of leisure when one has time to indulge oneself. "An expert has put forth the theory" says this writer, "that the half holiday on Saturday and the holiday on Sunday in the summer are the cause of half the severe attacks of indigestion.

"People have time to eat too much and they take advantage of it. They eat more sparingly when they are facing or finishing long hours of work. When they have this interim of leisure between Saturday and Monday mornings they put in many hours pleasing the appetite.

"He says also that half the cases to which he is called in this winter are on Sunday nights or the nights following a holiday. There is something in the minds of the many that associates holiday and feast days together.

"If men and women would take a great deal of exercise to offset this plentiful eating on Saturday and Sunday there would not be so much acute indigestion. But as a rule, they sit around the house and do not aid the stomach in any way to take care of the unusual amount of food dumped into it.

"Not only is the weekend holiday responsible, but both women and men seem to think they can eat unusual food when they are not at work.

"If a doctor, or another person, wise in such things, tries to restrain others from eating all kinds of food, he is held in check by the remark, "It isn't a holiday if I can't eat what I want. And it isn't a holiday the next day, for that person either goes to bed and has the doctor, or makes life miserable for every person nearby.

"When wisdom and statistics go together it is surely silly to be defiant.

"Every man and woman has a chance to face the situation and decide now. The summer week end holidays are beginning. Warm weather, halfripe fruit and vegetables are inclined to do this worst.

"The questions are. Will you put yourself out of commission half the season because of carelessness in eating on two days of the week, or will you let your head govern your palate and not run such a risk!

"There are a few rules that may help you in doing justice to your stomach;

"Don't change your food to oabruptly. If you are used to a heavy dinner and a light lunch, go easy on a heavy lunch and a light supper. Your system has to be coaxed into taking care of so much food at an unusual hour.

"Don't eat a quantity of fruit, candy, fancy cakes and vegetables all in one day and at odd hours. Be very sure that both fruit and vegetables are entirely ripe before indulging.

"Don't drink quantities of tea and coffee when you are not used to them just because they are served and you are off on a holiday. They are overstimulating and throw the whole system into confusion.

"If you go to the country don't think you can drink quarts of buttermilk because you have heard it is a healthful thing to do. It is poison to some systems and affects them in such a way that food isn't digested for days.

"If you are used to a light breakfast before going out to do the day's work, whether social or commercial, dont try to eat a heavy breakfast made up of things you never touch. You start the day badly.

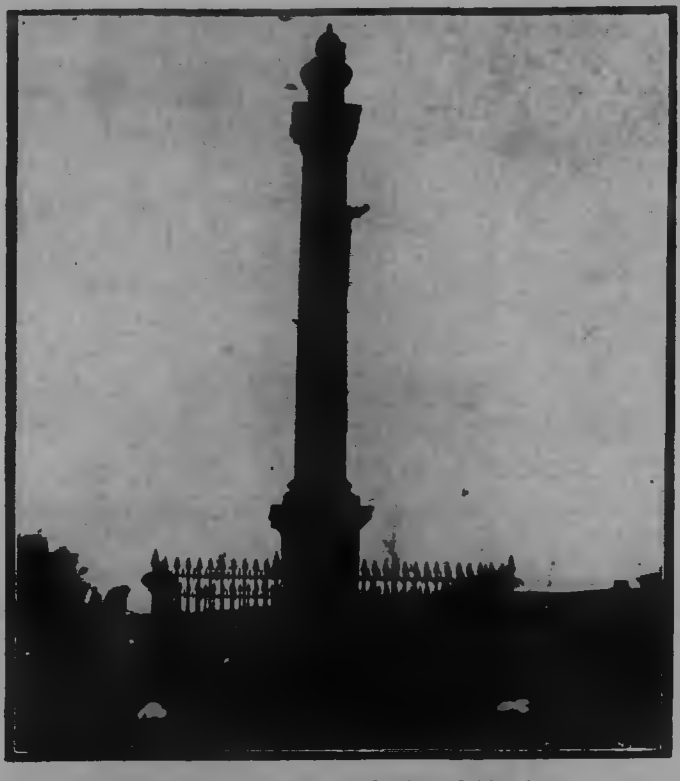
"The other way around is also true. If you are one of those healthy, vital persons who like and eat a substantial breakfast, don't take coffee and rolls alone.

"If you are at the seashore exercise quadruple care over what you eat. If you intend to go swimming afterwards, or have gone before. When those who live against the sea warn you about food in connection with your daily swim, listen to what they have to say.

"All this isn't nonsense. Neither is it a preachment against all pleasure of the palate. It is an essay on moderation.

"Just be careful. Watch out for the first symptoms of summer indigestion and remember this; That you are the aggressor, the criminal, and the victim. You have the matter in your own hands. No one else can help you in the beginning.

"If the stomach once gets out of order and rebels against holiday indiscretion it remains peevish and unruly for more time than you can patiently stand."



Monument to Wolfe on Plains of Abraham

The Laurier Government spent $108,000,000 last year and are asking leave to spend $129,000,000 this year. Before they came into power governments got along by spending $40,000,000 a year, and Sir Wilfrid Laurier complained that it was too much. Now he spends—well on to three times forty millions a year, and no one can see where he has improved things. It is time to get rid of the wastrels.—Montreal Gazette.

QUEBEC TERCENTENARY

The Grand Trunk Railway will run through sleeper Toronto to Quebec, Monday and Tuesday next, July 20th and 21st, leaving Toronto 10.15 p.m., arriving at Quebec 2.10 p.m. July 21st and 22nd. Train leaving Peterborough 9.05 connects with this train at Port Hope.

McDERMID & JURY, Druggists, Peterborough, Ont

GROWTH IN ALBERTA

Didsbury, Alta., July 14.—Probably no section of the North-West is in a more advanced state than that comprised in the district between Edmonton and Calgary. Along this stretch of about two hundred miles are scattered a score of towns that show by their evident prosperity the natural wealth of the country that supports them. Situated in a sort of halfway land, between the prairie and the Rockies, the district is known as "park" country to distinguish it from the bare plains. It is largely broken by coulees through which streams make their way to the Red Deer River, and the diversified view is much enhanced by the background afforded by the Rockies whose snow-capped peaks bound the western horizon. As might be expected from such natural conditions mixed farming is more in evidence than in other parts and the success that has attended the efforts of the settlers is evidenced in their comfortable homes and spacious buildings. The raising of Winter wheat was first attempted in this district, and it met with such success that now most of the wheat grown is of that variety. Weather conditions this year have been almost ideal for grain growing, and should no unfortunate contingency materialise the crops will be the largest in the history of the West. The enormous green fields present their most attractive front at present, and none could gainsay the claim that their appearance at least bears out the prediction of a bumper yield. The intense heat of the first week of July, after the period of steady rains has caused the grain to grow so fast that one could almost see it. There is always the fear of hail after such heat, and then there has been danger of rust and fear of frost, so that there will be little rest until the harvest is safely garnered. With such enormous results dependent on the crop, it is not to be wondered at that people can talk of nothing else, and with such sudden changes in temperature and heavy windstorms, even the visitors has fears of nervous prostration. But in the Didsbury district the Winter wheat ripens so much earlier than that sown in the spring that the farmers are spared much anxiety and will have their crops harvested before any fear of an early frost is realised. While not the largest of the towns along the C.P.R. line to Edmonton, Didsbury presents a fair example of their general progressiveness and solidity.—The Mail and Empire.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle, Sold by all Druggists.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189 giving the old and the new address and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

Central Canada
EXHIBITION
AT OTTAWA
Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

FISH AND FISHING

Many persons visit the fishing grounds in the vicinity of the city as well as those at some distance and some good catches are daily reported. The season opens with brook trout fishing and the several trout streams in this vicinity are fished pretty well in quest of the toothsome specimen. From that time on till the cold weather sets in there is something doing, the last sport of the season is the taking of lake trout, salmon and maskinonge. The pollution of the waters at some places have rendered them almost fishless, where formerly fish were abundant, this together with more or less illegal fishing, which seems to be carried on each spring, fish are not now so plentiful as formerly. However, with the energetic overseers appointed there evils are reduced somewhat, and if the river and adjacent waters were restocked much better sport could be obtained.

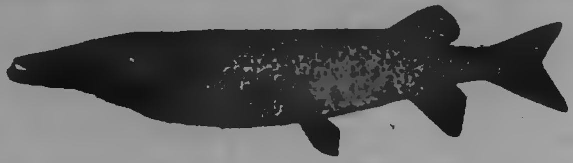
The fish most sought after in this vicinity are the bass and maskinonge both of which can be caught in the Otonabee river.

THE MAKINONGE.

The great majority of the "lunge" that are taken by anglers in these days are caught by trolling with a spoon bait in July and August. The tackle used for this purpose being often of the prop and clothes line variety, not much sport can be had by this method. In the first place, during the soft summer months the lunge are badly out of condition, they are off their feed and are soft. When hooked they show but little of the dash and energy in resisting capture which they display later on. Recently we have heard that the good old-fashioned guides who paddle confiding summer visitors about the fishing grounds have been palming off a good story on the city greenhorns to account for their inability to find and catch lunge this season. The truth is the fish are scarce and these same old-fashioned guides could in too many cases very accurately account for the scarcity if they wished to give themselves away, but they are not in the habit of doing that, so they have got up a story that at this season the lunge shed their teeth and cannot bite. If so, this is a habit they have acquired lately. Many anglers have caught lunge in the summer when they were abundant and have always found they had plenty of teeth and that they kept them in first-class working order. If anyone has the desire to settle this question for himself positively, he need only catch a ten pounder and as soon as he gets him in the boat, put his finger in the fish's mouth, the lunge will at once furnish proof that he has teeth and knows how to use them, and the seeker after knowledge will be satisfied.

The proper season for maskinonge fishing is the fall. They are fairly good towards the end of September and are at their best from October until the lakes freeze over. Go out one of our glorious October days when the maples are clothed in crimson and gold and nature seems to be resting after the strenuous life of summer, Leave your heavy trawling lines and spoons at home, taking only a bass rod and tackle, but have at least forty rods of line on your reel. You may not want it all the while, but when you do want it "you want it bad." For bait use a good sized sucker or chub, hooked through under the dorsal fin so that it will work attractively in the water. Paddle quietly along the inside edge of the channels and cast from time to time on the deep water side. Here the big fish generally lie in the day time when on the feed ready to dash at any prey that passes. On getting a run give your fish sufficient time to get the bait well into his mouth and then strike sharply in the opposite direction to that in which the fish is running. The chances are that you will hook him, and then if you have a big one, will come the tug of war, his mad rushes and frantic leaps will test your nerve and tackle too. If both hold out you will have the proud satisfaction in the end, of landing as game a fish as any that wears scale armour, but should your nerve fail you as it sometimes will when people unaccustomed to anything bigger than a bass and you lose control of your reel or you get impatient and try to yank the lunge over your shoulder, dire will be the disaster and your soul will be crushed with sorrow.

THE SMALL-MOUTH BLACK BASS, WHICH ABOUNDS IN LOCAL WATERS.



MASKINONGE, WHICH IS GAME TO THE LAST GASP.

PICKEREL

A fish that has been very much neglected in this country is the pickerel. In Ontario we have two species, the blue or sand pickerel, which is very abundant in Lake Erie, and which is of very little value as a food fish and none whatever for sport, and the yellow pickerel. This last occurs sparingly now in Lake Ontario and is more abundant in the northern part of the province. In Manitoba it is very common in most of the rivers and lakes and there reaches its highest perfection as a food fish. It can hardly be called a game fish, for when hooked it makes but a poor fight for its liberty but undoubtedly wherever found it is the best table fish of our fresh waters. Good at all times of the year, it has a flavor distinctly its own, its flesh is firm and retains its firmness longer than any other.

Pickerel are very prolific, well able to take care of themselves and easily propagated.

Some four or five years Mr John Ballantyne placed pickerel fry in the river here and several were caught last season. In the matter of feed they take a little of everything, and may therefore be caught with many baits. Usually, however, it takes the bait at the bottom, but it will sometimes rise to the lure in shallow water. In appearance it is much like a large perch, with the same coloring and markings. It also has some resemblance to the pike and indeed it is often called the pike-perch. In the United States it is called the wall-eyed pike while the fish that we know as the pike is called the pickerel. They usually run from two to six pounds in weight. It has a spinous fin on its back like a perch, and fishermen should be careful not to get their hands pricked with this as it often causes blood-poisoning. It is an excellent food fish.

The pickerel that are usually taken on a line vary from a pound and a half to four or five pounds but they have been taken much larger. Their growth is very rapid. When one year old they are from eight to ten inches in length; 2 years 12 to 15; 3 years 18 to 25.

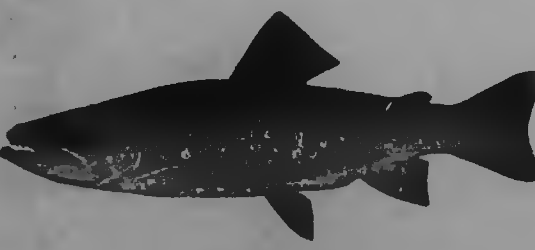
BASS

It seems to be an established belief amongst those who go fishing that the gamiest of the scaly tribe which can be obtained is the small-mouthed black bass. In many sections adjacent to the city, especially down the Otonabee river, you can find the bass at home. It can be caught by trawling with a spoon or artificial minnows, worms, or grasshoppers. It will also take the artificial fly. The bass usually run from three-quarters of a pound up to two or three pound in weight, and are sometimes four or even five pounds.

There is also a large yellow bass caught in local waters, which is considered excellent sport.

Swift, clear water over gravel or rock is the place to find the rock bass—a favorite with the youthful sportsman, as it bites well. The rock bass is much smaller than the black variety. It is olive green, with brassy tints, and is sometimes confounded with that other favorite of sporting youth—the sun-fish, or pumpkin-seed, as some call it.

The yellow perch is almost always to be found in the neighborhood of bass, and may be taken at times in great quantities with worm or minnow. Izaac Walton used to think a great deal of the perch, and with reason, for it is not only a good pan fish, but in England is a very vigorous fighter. The variety found in Canadian waters is more slender, and while of the same color, namely, yellow, with dark bars, is utterly lacking in the vim and fight of the English kind. Still, a bit of perch fishing is not to be despised—especially when the bass are not biting.

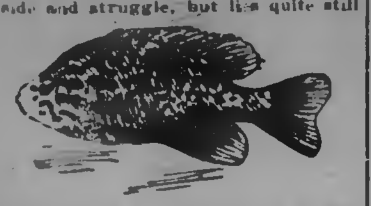


BROOK TROUT.

A FAVORITE SPOT FOR TRAWLING ON THE OTONABEE

There are two other fish very frequently met with by the local angler, and these are the sucker, which most people can readily recognize, whether they are anglers or not, and the bullpout or catfish, which many detest. Both these fish are to be found in almost every locality in the province, and are very numerous in the river here, the former especially early in the spring. The catfish is a particularly ugly fish with a green skin, an extremely broad head, and a fleshy mouth, enormous in proportion to its body, and made still uglier by horns. Nevertheless, many country people think a good deal of this fish, for it can always be readily caught by bottom-fishing with almost any kind of bait, from worms, or a bit of liver, to a piece of tomato can. When it is skinned and cooked the flesh is very white and said to be exceedingly palatable.

Judging by the demeanor of the bullpout when it is landed, it asks no greater happiness than to be caught. It does not roll over on its side and struggle, but lies quite still on its stomach looking ridiculously contented as it turns its small silvery eyes up at the angler.



The Sun-fish, or Pumpkin-seed, Brilliant Golden-yellow in Color.

FISHING REGULATIONS.

The following is an extract from the Canada Gazette of Saturday, June 11th, 1904:

"The Governor-General in Council is pleased, in virtue of the provisions of Section 16 of The Fisheries Act, Chapter 95 of the Revised Statutes of Canada, to order that the General Fishery Regulations for the Province of Ontario, established by the Order in Council of the 18th day of July, 1889 shall be and the same are hereby amended by adding thereto the following sections;

"9 No one shall fish for, catch or kill, in the waters of the Province, in one day by angling, or shall carry away a greater number than eight small or large mouthed black bass, four maskinonge, twelve pickerel—dore—or four lake trout.

"10 No one shall fish for, catch or kill, in any of the waters of the Province in one day by angling or shall carry away a greater number of speckled trout or brook trout than in the aggregate shall weigh ten pounds, and no greater number than thirty speckled trout or brook trout though said number weigh less than ten pounds."

11. No small or large mouthed black bass less than ten inches in length, no speckled trout less than six inches in length; no pickerel—dore—less than fifteen inches in length or no maskinonge less than twenty-four inches in length, shall be retained or kept out of the water, sold, offered for sale or had in possession: but any one who takes or catches any of the fish mentioned of less than the minimum measurement named,—which measurements shall be from the point of the nose to the centre of the tail—shall immediately return such fish to the water from which it was taken, alive and uninjured.

12 The sale and export of speckled trout, black bass and maskinonge, is hereby prohibited, for a period of five years from the date of this Order in Council, provided, however, that any person from a foreign country fishing in the waters of the province, and applying and paying for an Angler's permit, may, upon leaving the province, when the same are accompanied by him, take with him the lawful catch of two days' fishing."

TRYING A CAST.

FIVE POUND BASS LANDED

Lady Pulls in Big One at Bobcaygeon---May Win Toronto Star's Rod

Special to the Review

Bobcaygeon, July 17—Mrs. E. B Frank, of Buffalo, was out fishing with her husband on Thursday last, and while up the lake with Percy Nichols as guide, they stopped at one of the piers, and threw a line. Mrs Frank almost at once got a strike, and there was business from the word go. The line ran out with a whiz and Mrs. Frank had to put on the brake, then there was some wild plunging and jumping and she knew she had to exert all her skill if a landing was to be made. Gradually the reel was wound in, and then another splurge ran out the line again. It was a great struggle, but finally Mrs. Frank got the fish tired, and brought him within reach of Percy's net, and the finest bass of the season was safely landed. This was in the morning, and at five o'clock in the evening when it was brought to the village and weighed it scaled 5 lbs. 1 oz. Its length from nose to the v in tail, was 20 1-2 inches and its girth 15 1-2 inches. The weight and measurements were vouched for by Mrs. Frank and two witnesses, and the full particulars were sent to the Fish Editor of the Toronto Star, to be entered in the Star Contest for the largest small mouthed black bass.

GREAT SKILL

Great skill is required by the man who would be a good watchmaker. Years of training and practical experience are needed before one is competent to repair a fine and complicated watch. Every watch left with us for repairs receives the best attention of skilled hands. All kinds of Clock, Jewelry and Optical repairs.

IS EVERY INCH A QUEEN

ALEXANDRA YOUNG AND LOVELY AT AGE OF SIXTY.

Early Learned That Woman's Most Potent Weapon Is Beauty—By Simplicity of Diet and Outdoor Life Has Retained the Gifts With Which Nature So Richly Endowed Her—Is a Fair Musician and Artist

One royal lady alone fixes the attention, as she has fixed the attention of Europe for almost a half century. She is Queen Alexandra of Great Britain, who is in appearance almost as young and charming as when, forty-five years ago, she was led to the altar by the enamored royal youth who has developed into King Edward VII. Of Diana of Poictiers and Ninon de l'Enclos it is said that they retained their beauty and youthful appearance until well past the age of sixty. When one gazes upon a portrait of the charming Queen of England, it is possible to believe this may be so, for she looks younger than her youngest daughter.

Yet she makes use of no cosmetics other than any dainty woman may legitimately employ. Her hair, which became gray some years ago, has long been hidden from view by a curled toupee, which is only removed when its mistress retires and is the next day replaced by a fresh one sent home from the hairdresser's, who receives the one taken off at night to be freshened for the next day's appearance.

Of her furrowless skin it may be said that its smoothness is due neither to enamel nor to face creams. Queen Alexandra is young and lovely at sixty because all her life she has guarded against the approach of old age. She early learned that a woman's most potent weapon is beauty. She realized the hollowness of that solace of the middle aged and homely—that, after all, charm or cleverness counts more than good looks—and went earnestly to work to preserve the loveliness with which nature had dowered her. Her mother and father were a very handsome couple, and Alexandra and her sister Dagmar, now the Dowager Empress Marie Feodorovna of Russia, were acknowledged to be the prettiest princesses in Europe. Although they were the dowerless daughters of the poor King of Denmark, both made brilliant alliances.

As Princess of Wales Alexandra began the system of training and self denial to which her present health and good looks are to be attributed. She had a good deal of difficulty in carrying out her ideas, for Queen Victoria, her mother-in-law, had little sympathy with what she considered the young princess' foolish notions. One of these notions was an excessive simplicity as to the food she ate; another was a great devotion to outdoor life. Marlborough House, the home of the heir to the throne and his wife, was made as sensibly modern as possible in regard to lighting and ventilation. As soon as possible a country place, at Sandringham, was bought, and there Alexandra established a model dairy, not so fine as that of poor Marie Antoinette, but a great deal more practical. Here she spent many happy hours making butter and looking after the milk, closing her morning's work with a luncheon of bread, a glass of fresh milk and a pat of butter of her own churning. The buttermilk, it is said, was one of her prized cosmetics, but it is probable that the happy, open air life she enjoyed in the country was the real secret of her beauty. When she felt the slightest hint of fatigue or illness, Alexandra would retire to a quiet room, where she summoned a masseuse and afterward availed herself of the restoring effects of a good sleep. The masseuse always officiated on her return from any court or social duties. Indeed it is said that Alexandra anticipated the fatigue of receiving at a court drawing room by being massaged and enjoying a short rest in bed before she repaired to her official duties. A glass of sherry and a few hard biscuits of a kind made especially for her are sometimes partaken of before and after a function of this kind; but, as a rule, she never touches wine. The sherry is of a brand sent to her by the late King Carlos of Portugal from one of his own vineyards. Tennis, golf, croquet, none of the strenuous sports, ever found in England's Queen a notable follower, although she likes to watch others play. She was at one time devoted to horseback riding and is fond of driving and yachting, but she has never taken kindly to the automobile. One of her rules is to cultivate serenity, and a great lady who spent many years at court, where she had ample opportunities for observing, declares that even under the most trying circumstances she has never seen Alexandra lose her temper.

As to her meals, Alexandra does not touch tea, coffee or chocolate. Salted butter is banished from her table, and she avoids fat and sugar. Before rising she has a few slices of very thin brown bread and butter served with cream. At 11 o'clock she breakfasts on a couple of eggs, biscuit and some fruit. For luncheon she has a little chicken or fish, a vegetable, salad and fruit. At 4 o'clock she eats some honey cakes and drinks a glass of milk. Honey takes the place of sugar in all her food. While the family eats its heavy course dinner she has served to her special dishes, such as oysters grilled on toast, stewed vegetables, a green salad and perhaps a baked apple. Before going to bed she takes a biscuit or two and a glass of milk dashed with sherry. She sleeps in a bedroom constructed to admit as much fresh air as possible. The balcony outside her sitting room at Buckingham Palace is fitted up as a summer boudoir, and here she spends much of her time even in winter, and the pavilion is so arranged that the air penetrates it freely.

Aside from all these devices, one of the secrets of the Queen of England's youthfulness and beauty is the fact that a fine soul dwells in her lovely body. No one in all England is more simple and unaffected in manner, more sympathetic and kindly to all whom she meets. The tenantry on the King and Queen's Sandringham estate sing unceasing paeans of praise in her honor. The tales which they tell of how the Queen provided means for this one, visited and consoled another in distress, how universally thoughtful and generous she is, would fill a book. She knows them all, and if sorrow should visit them in her absence a kindly message or substantial gift indicates that she bears them in mind.

She is a fine musician and artist, and many schools for teaching these arts have been organized under her direction and patronage. At Sandringham there is a free technical school in which all sorts of useful occupations are taught to the children of the tenants. She is especially interested in wage earning women and in providing them comfortable homes at moderate prices. Kensington House for young gentlewomen and Alexandra House for women workers were started at her suggestion. Hospitals and kindergartens also engage her attention. It is her great pleasure to visit informally one of the institutions in which she is interested, and she never does so without finding some special case to touch her heart and engage her active interest. Accompanied by her daughter, Princess Victoria, the only one of her family now unmarried, or by her faithful friend and secretary, the Hon. Charlotte Knollys, she makes the rounds of the institution, looking in here, stopping there, asking about this or that, until she has a pretty fair idea of how her plans are being carried out. Of late years her increasing deafness has made it difficult for her to enjoy any of the social affairs or court functions where she appears, but this affliction seems to have drawn her into closer touch with the poor and the suffering. Recently her beloved sister, the ex-empress of Russia, has been visiting her, and the dowager empress was so charmed with the visit that she expects to obtain a house in England and spend a large part of each year there. The two sisters went about like two happy schoolgirls, dispensing with attendants as much as possible, making a visit to the British museum, taking in a picture show or exhibition or going shopping just like ordinary folks. Dagmar has enjoyed nothing so much as her ride on a penny bus unescorted save by her maid and quite unknown to the other passengers. The general admiration and love in which the English hold her sister impressed the guest deeply and did more to make her believe in constitutional government than all the bombs that she has dodged in Russia.

CENTRAL CANADA FAIR

As previously announced, the dates for the Central Canada Exhibition at Ottawa this year are Sept. 18th to 26th. The Directors, as usual, are endeavoring to make this annual fair more attractive and pleasing to its patrons and have made changes calculated to attain this object. In the first place, the prize list has been increased to $16,000, the premiums being greater in amount in every department with the view of having a grander display.

The number of gold medals and special sweepstake prizes has also been increased until now they number 40. The grounds are being improved and beautified, and continuing the policy pursued in previous years, another new building is being erected. This building is for the display of fine arts and ladies' work. The new building is costing $12,000 and will prove a splendid addition to the accommodation of the Association. The pure food exhibit by Canadian manufacturers promises to be one of the most attractive displays ever made at the Central Canada Fair.

In regard to the special attractions, the directors have decided to return to the policy of former years, and will have a splendid vaudeville programme in front of the grand stand every afternoon. This programme will consist of a number of high class specialties, trotting and running races. Already the directors contracted for the first appearance in America of De Oro's Wonderful Herd of Performing Cows which have been creating a sensation in Europe for a number of months. A thrilling automobile race in mid-air by two intrepid young woman chauffeurs is another feature. The ever-popular balloon ascension will this year take place on a grander scale than ever before, as this specialty will take the form of a balloon race with double parachute drops from each balloon by the renowned Prof. Hutchinson and his companion.

The night entertainment will consist of the very latest comic opera written for that comic opera specialist, "What Happened Then." is the name of the opera. Popular prices will prevail for this entertainment and it will be given only as the night entertainment.

As usual there will be a bench show of dogs in connection with the Fair.

IN FASHION'S REALM.

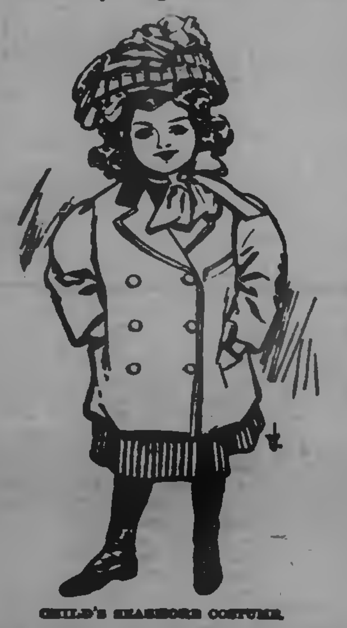
Hosiery Is Particularly Smart and Chic This Summer.

NEW BEADED STOCKINGS.

Three-quarter Hose Are In Demand. Money May Be Saved and Good Effects Gained by Buying Plain Stockings to Decorate at Home.

New summer hosiery is particularly fetching this season, for one of the latest innovations is the beaded stocking for everyday wear. Such elaborations are not unusual for evenings, but for street wear these dainty bead embroidered hose are extraordinary. They sell for $1.50 a pair and are made in lisle thread of very fine quality. They are effective in colors, though tan, black and white are the favorites.

The tan stockings are embroidered in gold, the white in silver and jet on black. Tiny forgetmenots or other small designs are picked out in the beads, though occasionally the leaves are worked with silk.



CHILD'S SEASHORE COSTUME.

Often the whole pattern is embroidered in beads, but in any case the effects are extremely pretty.

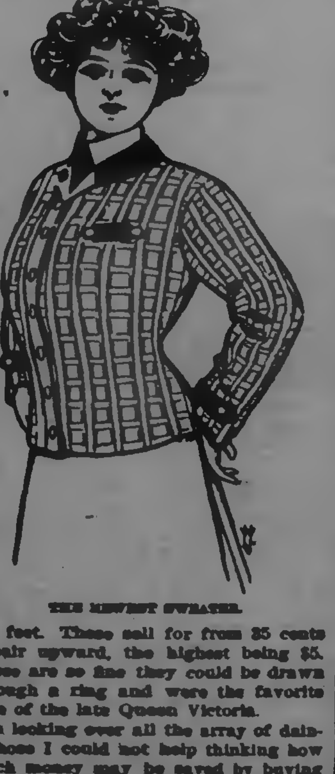
For house wear there is nothing daintier than these cool stockings, and it should be a very easy matter to find slippers to match.

The socks for women's wear have very little vogue, but the three-quarter hose are in demand. These stockings reach to a point just below the knee and may be bought in black cotton or lisle from 50 cents upward.

At the same price may be purchased finely woven stocking protectors, to be used over the sole, heel and toe of the sheer, expensive stockings.

They are also most useful for wear with a shoe that is a little large, as the extra thickness prevents the foot from slipping about in the shoe.

Cotton stockings are preferred by some women to lisle thread because they are softer and less likely to burn the feet. These sell for from 35 cents a pair upward, the highest being $5. These are so fine they could be drawn through a ring and were the favorite hose of the late Queen Victoria.



THE NEWEST SWEATER.

In looking over all the array of dainty hose I could not help thinking how much money may be saved by buying the plain stockings and doing the decorating at home.

It would be pretty work for spare time, as the beads are not difficult to apply and may be bought for a few cents. The very small cut beads are used for the purpose.

Polka dots and small designs are easily accomplished, and the result will be a great saving of money. The sweater seen in the cut is one of the newest ideas in this line. And the little girl's costume is smart for the seashore.

AMY VARNUM.

A Bridal Gift.

When in doubt as to what gift to give a bride elect who is a near friend, get her an autograph recipe book—not the plain, ordinary cookbook such as one purchases in the shops, but one made up among the bride's own particular circle of friends, each one contributing a recipe for which she can vouch.

In Case of Fire.

If smoke is seen pouring out from under a door, do not rush and open that door. Remember that by so doing you cause a draft which will fan smoldering timbers into flame. Shut and keep shut all doors and windows or other air channels.

If you have not a hand pump or fire grenades handy, collect as many pails or jugs of water as possible outside the closed door of the room which is afire.

Meantime remember that smoke is almost as dangerous to life as fire. A soaking wet towel knotted round the face and nostrils is an excellent rough and ready protection against breathing smoke. So is a wet sponge.

Remember also that smoke rises. Therefore it is least thick near the floor. If the smoke be very thick, crawl with your face close against the floor.

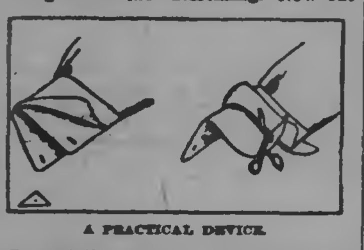
The commonest cause of fire is the upsetting of an oil lamp. Water will only spread the flames of burning oil, but a hearth rug will extinguish them promptly.

Milk will also extinguish burning oil.

Sand and earth and common salt are useful aids to fire fighting. The contents of an ordinary flowerpot will stop the spread of the flames of oil.

To Renovate Cuffs.

An ingenious and thoroughly practical idea for renovating old shirt cuffs is shown in the illustration. First of all divide with a knife the stitching at the edge of the cuff and down half the sides and pull carefully apart the linen facings from the interlining. Now cut off carefully, as shown, the worn part and shape the interlining as desired. The linen covers should be left an inch longer than the interlining to allow for turnings. When this is down, turn in neatly and machine stitch, making buttonholes to match the ones cut off, and the work is completed.



A PRACTICAL DEVICE.

Be Affable.

The secret of many a man's success is an affable manner, which makes everybody feel at ease in his presence.

Comparatively few people have the delightful faculty of being able to get the best out of others and of so drawing them out of their shell of reserve or shyness that they will appear to the best advantage.

By taking a large hearted interest in every one we meet it is possible to acquire this gift.

Cultivate kindly feelings toward every one you meet and feel sure you will succeed.

Washing Flour Bags.

After emptying the last bits of flour give the bags a good shaking. Later soak them in plenty of cold water with a big handful of washing soda and allow them to lie overnight.

Take them out and wash them, giving all the colored parts a good rubbing with carbolic soap. Then put them on to boil with plenty of soda.

Carbolic soap takes out the dye better than anything else.

Bleach and wash again, and the bags will be clear white.

In Shutting Up House.

If you are shutting up your house and going away for a holiday remember that it is wise to close all registers or grates to prevent birds from getting into the rooms.

FITS CURED

Sufferers from Fits, Epilepsy, St. Vitus' Dance, Nervous Troubles or Falling Sickness should write the LIEBIG CO., 179 King street, Toronto, for a trial bottle of their Fit Cure and Treatise. Enclose 10c for postage and packing.

A COMFORTABLE SEAT.

Made From a Grocery Box and Lengths of Denim.

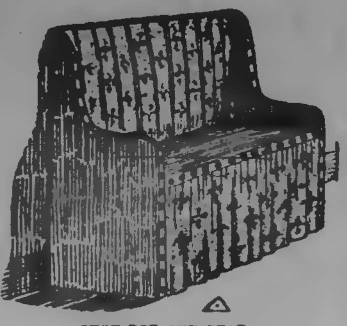
For a bedroom a comfortable seat and shoe box is shown in the cut, and for its construction a box and some boards may be employed.

At a grocery store find a box three feet long, eighteen inches high and eighteen inches wide, or nearly so, and to the top of it fasten a cover with hinges.

From two tongued and grooved boards make the two sides and attach them to the ends of the box.

The shape of these sides may be cut with a compass saw or a drawknife before the boards are fastened to the box.

Across the back fasten a few boards with matched edges to form the back to the seat. These are to be screwed fast to the rear edge of the uprights, and as a result the frame will be ready for the upholstering and draping.



SHOE BOX AND SEAT.

Line the box with heavy unbleached muslin, denim or other heavy, serviceable goods, and all around the front and ends form pockets of denim to accommodate shoes and slippers.

This can be done by taking a long strip of the material and tacking an end at one corner, using a pair of shoes or a single one as a model around which to wrap the material to determine the size of the pocket.

Between the pockets secure the material with a vertical line of large tacks driven well into the wood.

From a mattress maker obtain some curled hair and spread it on the seat over which the upholstery material is to be drawn and tacked. Treat the back in a similar manner and cover the uprights with upholstery material, under which a thin layer of sheet wadding has been placed.

Across the front of the box arrange a flounce of the material so it will hang evenly and tack it to the upper edge of the front boards just under the lid, and to cover the tacks use a piece of gimp and large headed nails, which may be employed on the front of the side uprights also.

NEW STAGE GOWN.

Costume Worn by Mrs. Langtry In "A Fearful Joy."

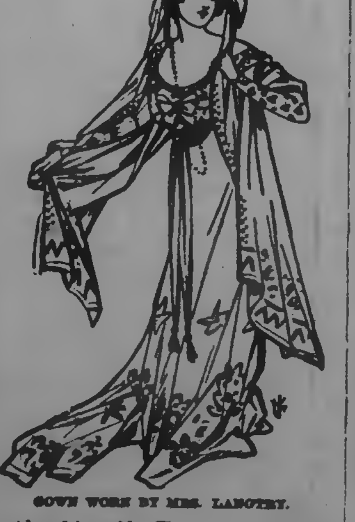
As all women know who know anything at all about the origin of fashions, the French couturieres "try" their new creations on actresses first, notably in their stage gowns in plays of the present period.

Mrs. Langtry's gowns designed for her by Parisian modistes for her part of Mrs. Arundel in "A Fearful Joy" are some of them quite wonderful, and all will be copied and in due time appear in different materials in this country.

These robes are rich in gold and bold embroideries on thin silks and filmy chiffons, and they also embody both the empire effects and the serpentine swathing of folds about the figure.

They also show wide sleeves that sweep pelerine fashion to the center of the shoulders and are caught at that point with golden tassels and depending cords.

In the first act of "A Fearful Joy" Mrs. Langtry wore the evening frock illustrated of rose pink silk molded to her figure, and over this was a robe of sunette net showing heavy scrolls embroidered in gold. The sides of the net robe were left open and then laced together with small gold cords ending in tassels.



GOWN WORN BY MRS. LANGTRY.

The empire touch is given by the arrangement of the gold embroidery, and the lace corsage is finished with a gold cord and tassels.

The chiffon sleeves are of the pelerine type mentioned above and are held in the center back with more gold cord and tassels. The high waist is outlined by a fold of blue velvet, and in her hair is a similar velvet fold. A single black feather starts from the right of her coiffure and trails over her shoulder. The costume is interesting in showing to what curious extremes the present fashions may be carried.

Several cases of chicken-pox have developed in the Children's Shelter in London.

THE BABY'S WARDROBE.

What the Little Stranger Needs When Two Months Old.

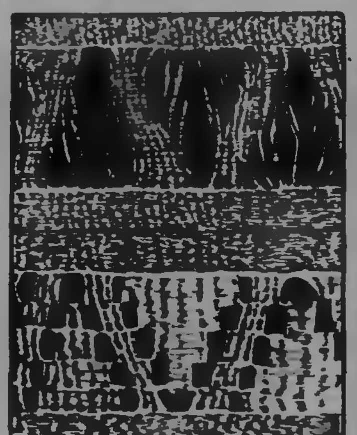
Dresses are not required until the little stranger is two months old. Before that it wears the same kind of little cambric slips day and night. Of these there should be at least six. Besides these, there must be four cambric skirts and two of English nainsook, slightly trimmed. Put the first petticoats on flannel bands four inches wide, and if not too expensive it is well to have another, a bit embroidered to wear with the nicer dresses. Four woolen shirts must be on the list, high neck and long sleeves, three pairs of woolen socks, four woolen bands and three dozen diapers of birdseye cotton. The first used should be made of old table linen, as it is soft and the skin is particularly sensitive. These are not included in the three dozen. Important to the outfit is a soft, lightweight shawl, and also a couple of little sacks either of flannel or crocheted.

After two months of age a child requires more clothes than at first. He is handled more easily, and his wardrobe becomes more conspicuous, added to which he goes out of doors, and so caps and wraps must be provided as well as afghans. For the first time new dresses are needed, and these should be made either of French or English nainsook. Six of these are imperative. At this season cashmere is the best. Caps for a young baby should be muslin with a soft silk lining. Such an outfit, with the exception of the caps and coats, can be bought for $18 or $20. This means being machine sewed and plain when if the mother can sew and has plenty of time she will find it pretty work to do by hand, and when finished the garments will be daintier. Overelaborate clothes for infants are a mistake, no matter how much money one has. The daintiest things are made from sheer, plain materials with the narrowest of beadings and the tiny lace edges of fine quality. Embroideries and cheap laces are to be avoided. The most serviceable way of finishing the bottoms of the dresses is with broad hems and feather or hem stitching. It must not be forgotten that the list just given provides for the smallest quantity with which the baby can be kept clean. Perfect cleanliness is essential in every respect, and the more changes there are for the little one the better.

SUMMER NEEDLEWORK.

Practical Designs For Decorating the Best Company Towels.

Towel decoration is a pleasant form of needlework and one that particularly appeals to the practical woman of domestic tastes. It might be asked, Why waste any fancy work or decorative effects on a towel, especially one of a fine quality of huck or damask? The average housewife, however, likes her best towels to have some touch of embellishment and, tiring of the regulation scalloped edge and initial, has turned her attention to the form of drawn work illustrated. This needlework is of Italian origin and is termed punta tirato. It is simple, does not tax the eyes, and for the indispensable fancy work for the leisure hours of summer it is especially adapted.



ITALIAN PUNTA TIRATO WORK.

The preliminary operation is to draw the threads to the depth of about two inches and hemstitch the edge. Then the threads are drawn together in a series of divisions as pictured in the illustration and afterward filled in as shown in the cut. Mercerized cotton is used, and both for huck and damask towels a border of this kind is very decorative. Furthermore, it wears well and requires only ordinary care in laundering.

Pronunciation of Words.

It is not the manner in which we pronounce unusual words which stamps us cultured or uncultured. Many persons who are perfectly familiar with the meaning of some imposing words which they frequently meet in print seldom get them out in ordinary conversation. Consequently when they do their pronunciation is apt to be faulty.

On the other hand, a person who makes a practice of looking up every new word which he meets and who has therefore acquired a correct pronunciation of unfamiliar words is very likely to mispronounce small words. As has been said, this is a great deal more damning than the failure to be correct in large words, for it is from the purity of our accent in using the words heard every day that a person's early breeding and environment must be inferred.

For this reason do not neglect to investigate your treatment of ordinary words. Observe the stage pronunciation of numerous small words, notice the speech of the most cultured persons with whom you talk, and you will find how many seemingly unimportant words you have mispronounced.

The I.C.R's. loss from the forest fires in Drummond County, total $75,000.

BLOOD DISEASES
Guaranteed Cured or No Pay.

If you ever had any contracted or hereditary blood disease, you are never safe until the virus or poison has been removed from the system. You may have had some disease years ago, but now and then some symptom alarms you. Some poison still lurks in your system. Can you afford to run the risk of more serious symptoms appearing as the poison multiplies? Beware of mercury or mineral drugs used indiscriminately—they may ruin the system. Twenty years experience in the treatment of these diseases enables us to prescribe specific remedies that will positively cure all blood diseases of the worst character, leaving no bad effects on the system. *Our New Method Treatment* will purify and enrich the blood, heal up all ulcers, clear the skin, remove bone pains, fallen out hair will grow in, and swollen glands will return to a normal condition, and the patient will feel and look like a different person. All cases we accept for treatment are guaranteed a complete cure if instructions are followed.

Reader if in doubt as to your condition, you can consult us FREE OF CHARGE. Beware of incompetent doctors who have no reputation or reliability. Drs. K. & K. have been established over 20 years.

WE CURE Nervous Debility, Varicocele, Stricture, Blood and Secret Diseases, Kidney and Bladder Complaints. Consultation Free. If unable to call write for a Question List for Home Treatment.

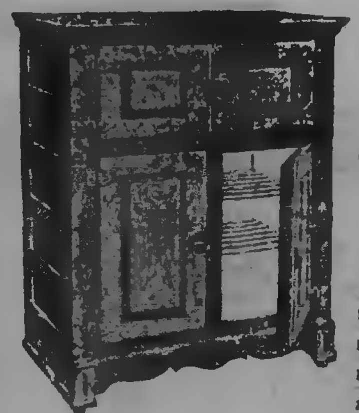
BIG DEMAND AT LOCAL POST OFFICE FOR NEW STAMPS

The Quebec Tercentenary of postage stamps were placed on sale at the local post office to-day, and there was a big demand for them. There are eight in a complete set and they are double size. The respective denominations are half cent, one cent, two cents, five cent, seven cents, ten cents, fifteen cents and twenty cents.

The half cent stamp bears the heads of the Prince and Princess of Wales; the one cent depicts Cartier and Champlain; the two cent, King Edward the VII and Queen Alexandra; the five cent, "L'Abitation de Quebec"; the seven cent, Quebec in 177; the fifteen cent, "Aartement pour Pouest' (Champlain setting out for the West); and the twenty cent, "Arrivee de Cartier—Quebec, 1535.)

The engraving is splendidly done and the stamps are a splendid souvenir of a memorable event in the history of Canada.

SANDERSON-HAROLD
OPALITE REFRIGERATORS
MANUFACTURED AT PARIS, ONT.



Opalite is a pure white glass, 7-16 thick, is fitted in the Provision Chambers in sheets one covers the bottom, another the back, etc and not in little square pieces like some Porcelain lines.

This material resembles china in appearance and is the most sanitary lining known

An Opalite does not need to be scrubbed out every few days, as the surface is easily cleaned with a damp cloth. This will save ice and temper

The Clean, Glossy, Milk-White Walls, the handsomely finished Oak Cases, and attractive Nickled Brass Trimmings, appeal to particular men and women instantaneously.

TERCENTENARY COMMENCES OPENS WITH CHURCH SERVICES

L'Association Catholic de la Juenesse Canadienne Francaise Holds Big Demonstration Before Champlain's Monument—Services on Board H.M.S. Albemarle, at Holy Trinity and Basilica.

Quebec, July 20.—All the grey old ghosts of the Canadian centuries might have been parading the gloomy, rain-drenched streets of Quebec on Saturday night when the C. P. R. train which left Montreal at 9 o'clock in the morning rolled its hungry, weary load into the City of Champlain about 7 o'clock.

But on Sunday morning the streets were gradually discerned to be rich in studied color, with arches at every other street of hemlock or of brighter holiday material. Flags at every window, trophies on every wall, making a dazzle of changing light through the drizzle, broke up the heavy obscurity.

And when the rain ceased the narrow, precipitous streets grew more crowded and hilarious, and became a riotous sparkling patchwork of electric lights and thronging crowds.

Earl Grey attended divine service on board H. M. S. Albemarle with Capt. Newton. The English cathedral of the Holy Trinity was crowded with dragoons, artillery and the garrison troops of the citadel, who occupied the north aisles, while the public, including Lord Roberts, in mufti, the Countess and Lady Sybil Grey, Gen. and Lady Beatrice Pole-Carew, the latter the most beautiful Irishwoman alive, Dr. Parkin and other distinguished citizens crowded the rest of the churches.

Dean Williams preached from the text, "Remember the days of old, consider the years of many generations."

Lord Lovat and Mayor Garneau attended 9 o'clock mass at the Basilica at the same time as the Duke of Norfolk. Sixty French and 150 English sailors also attended. The sermon by Father Maguire was in English, a most unusual thing. Father O'Reilly, a chaplain of the fleet, also took part in the celebration.

After the service the French and British sailors, headed by the band of the Exmouth, marched together to the wharves.

L'Association Catholique de la Juenesse Canadienne Francaise, which corresponds to some extent in Quebec with the Y. M. C. A. in Ontario, held a great demonstration around the statue of Champlain on Dufferin Terrace Sunday afternoon. Speeches were made by several prominent French-Canadians.

Marquis of Levis and Marquis of Montcalm arrived Saturday night from France via New York, and were given a cordial reception. Two hundred members of the British Veterans' Association also arrived from Boston.

Visitors can still be accommodated but it is advisable to secure rooms beforehand. Three dollars a day for small single rooms appears to be the regular charge. Visitors who do not mind inconvenience and who do not want more than actual necessaries, can scrape along on $5 a day.

The U. S. battleship New Hampshire is expected at 10 o'clock to-day.

CHINESE TALK ABOUT BOYCOTT

Retaliation Mooted on Account of the Opium Measure.

Montreal, July 20.—Private advices received here from the Pacific coast lead the mercantile classes in this city to believe that a very persistent boycott is at hand on the part of the most powerful commercial body in China against the Dominion of Canada and her trade.

All this has been brought about by the action of the Canadian Government against the opium trade. The fact that the Government has made no allowance in the way of compensation for the injury they have inflicted upon the Chinese dealers on the Pacific coast, comes in for strong criticism on the part of the leading Chinese merchants of British Columbia.

The result is that a very powerful—in fact, all-powerful—guild, known as the "Seventy-Two Companies," will take the matter up. It is promised that every possible opportunity will be availed of to secure a severe blow at the trade of this country.

Fire at Cobalt.

Cobalt, July 20.—Fire destroyed two buildings here yesterday morning. They were located up near the Coniagas line, and as a result the Cobalt steam laundry, Earle's paint shop and Macdonald's bottling works were destroyed. In the Hunter building there were several tenants who lost part of their furniture. The fire was out in an hour, owing to the excellent work of the fire brigade. Spontaneous combustion is given as a probable cause of the fire.

Fixes Funeral; Shoots Himself.

New York, July 20.—After making complete arrangements for his own funeral and writing a polite note of apology to the coroner for the trouble he was about to cause him, Joseph O. Michaelowski, went into a clump of bushes in Central Park yesterday and blew out his brains. He told the coroner in his note that he was unable longer to endure the suffering which had accompanied long and painful illness.

Passed Worthless Check.

Hamilton, July 20.—J. W. McKeand, a prominent young man about town, was arrested yesterday afternoon on the charge of false pretences. McLelland Bros., East King street, alleged he gave them a worthless check for $11 in payment for some goods.

Irish Oppose Removal.

London, July 20.—(C. A. P.)—The Irish party will oppose unanimously the efforts to remove the Canadian embargo. They say it would involve Ireland in bankruptcy. The Weekly Despatch puts the question before the people as "cheap meat or dear."

Found Drowned.

Sault Ste. Marie, Ont., July 20.—A party of men employed at the Government dock found the body of H. Bedard. The man was apparently about 50 years old, 5 feet 7 inches high, and dressed in the clothing of a lumberjack.

Takes Cramps; Drowns.

Ottawa, July 20.—A 17-year-old protege of the Catholic Immigration Society was drowned yesterday morning at Jockvale, near Ottawa. A boy who attempted his rescue took cramps and had in his turn to be rescued.

Drowning at Lakefield.

Lakefield, July 20.—Joseph Mealiff, a young man in the employ of the Cavendish Lumber Co., was accidently drowned in the Otonabee river yesterday afternoon while canoeing with a companion named Brooks.

CROWDS WATCH A MAN DROWN

One Perishes and Several Take Cramps in Swimming Race.

Chicago, July 20.—One contestant was drowned and half a dozen others were seized with cramps and rescued with difficulty during the first annual "Marathon swim" of the new Illinois Athletic Club, in the Chicago river. The water proved far too cold for the swimmers and only 17 of a field of 60 managed to finish the two-mile course.

A. G. Freese, 55 years old, was seized with cramps and drowned near the Madison street bridge, in view of thousands of spectators. Freese sank after he had covered about two-thirds of the course. He was the oldest contestant in the event and for years has been noted as a distance swimmer at the local beaches.

The race was won by S. C. Jensen of the new Illinois Athletic Club. His official time was 44.42 2-4. None of the out-of-town contestants finished.

Mayor Charged With Costs.

Berlin, July 20.—The town councillors are still getting after Mayor Huber.

This time they have decided in committee to recommend that $11 be cut off his salary, that being the amount assessed against him by the police magistrate in the mayor's recent action against certain of the councillors.

The mayor had passed this account on to the town as having been incurred by him as mayor in the town's interest.

Falls Down Elevator Shaft.

Ottawa, July 20.—Mrs. Lyons met instant death in the Cross Co.'s store Saturday morning.

The woman had gone up in the elevator to the fourth floor and after the elevator had proceeded up half way she opened the door and stepped out. She fell under the car and dropped down the shaft, landing on the hydraulic tank at the bottom.

Killed by Live Wire.

Sault Ste. Marie, Ont., July 20.—John Fowle, a young Englishman, 22 years of age, was electrocuted in the auxiliary power plant of the Algoma Steel Co. by coming in contact with a live wire carrying 2,100 volts, which he accidentally touched with his hand.

"Tally Ho" Driver Killed.

Guelph, July 20.—Fred Anderson, a driver for Hooper's livery stable, was killed almost instantly yesterday while driving a tally-ho load of printers to Puslinch Lake, where they were to meet the printers of Galt. Anderson was about 37 years of age.

At Bisley.

London, July 20. (C. A. P.)—In the Stock Exchange match at Bisley, Morris was 27th, winning 40s; Jones, 57th, 40s; Elditt, 65th, 20s; Sclater, 71st, 20s; Smith, 75th, 20s, and Mortimer 85th, 20s.

Revenge, Says Chinaman.

Hamilton, July 20.—Thos. Lee Sing, Chinaman, was arrested Saturday on a charge of breaking into Lee Hing's laundry and stealing $9.50.

The prisoner claims he was enticed into the place by Chinamen who desired to have revenge on him because he gave evidence against them in a gambling case two years ago. He says they broke open their own till, put the money in his pocket, tied him with a rope and called the police. He will be tried on Tuesday.

Sudden Death at Woodstock.

Woodstock, July 20.—D. C. Richmond, an old resident of this place, dropped dead at 8 o'clock Saturday morning.

GIANT NEGRO ON THE RAMPAGE

Burly Black Terrorizes Grand Trunk Train Passengers.

Galt, July 20.—A herculean negro, standing 6 feet 4 inches, weighing 175 pounds, boarded the Grand Trunk train at Harrisburg Friday night. He was wild drunk and terrorized the train crew and passengers all the way to Galt. Everybody was afraid to tackle the ruffian, who marched through the coaches yelling and offering insults to the lady passengers.

A wire from Branchton to Galt police brought two officers to the station and the negro was overpowered and lodged in the cells.

Monteith Will Stay.

Toronto, July 20.—Hon. Nelson Monteith will remain Minister of Agriculture in the Ontario Government, says The Sunday World.

Mr. James Torrence, who carried North Perth by over 200 majority over his Liberal opponent, Wellington Hay, will become registrar, thus giving the Minister of Agriculture his opportunity.

Hon. Mr. Monteith has had in hand for some time plans for the improvement of the agricultural interests of the province, and both the Premier and the Minister were reluctant that the fortunes of an election should interfere with their realization.

Soldier Killed in Scuffle.

Moncton, N.B., July 20.—From the special train bearing the New Brunswick soldiers for the Quebec Tercentenary, Sergt. Urquhart of Carleton, St. John 62nd Fusiliers, was hurled on to a pile of stones near Harcourt Saturday night and died at seven o'clock yesterday evening in Moncton Hospital. His death was the result of a scuffle on one of the car platforms. Sergt. Murray, his antagonist, also fell and was badly shaken up.

Urquhart had his skull fractured, jaw broken, left eye gouged out and face horribly lacerated.

WOMAN SLAYS HER CHILDREN

Buffalo Woman Kills Three Little Ones and Then Herself.

Buffalo, July 20.—Mrs. Isabella Sahlen fed her three small children paris green and then strangled each with a handkerchief to make her work sure. Then she sent to the grocery store for more paris green, which she took herself. The three children were dead when the murders were discovered yesterday, and Mrs. Sahlen was dying.

In a statement which Mrs. Sahlen made to the police and the medical examiner, the woman blamed her sister-in-law, whom she said had caused her much domestic unhappiness.

Chartered Accountants.

Belleville, July 20.—The Institute of Chartered Accountants of Ontario held their 26th annual meeting in this city on Saturday, J. W. Johnson, M.P.P., president, presided.

Mayor McFee presented an address of welcome. The business transacted was to a great extent private. The officers elected were: President, C. S. Scott, Hamilton; first vice-president, G. W. Shipp, Toronto; second vice-president, R. E. Young, Toronto; secretary-treasurer, A. Morphy, Toronto; registrar, T. W. Sime, Toronto. Fifteen members were selected as councillors.

Pulp Mills For Canada.

Montreal, July 20.—The announcement was made on Saturday by the C. P. R. industrial department that three new paper and pulp establishments were likely to be the outcome of negotiation now in progress with leading capitalists in the United States.

It is asserted by these authorities that not one, but several, are now in progress of formation within a few miles of Montreal. It is understood that Sir William Van Horne is interested in this special field.

TWO TRAINS ARE WRECKED COLLISION NEAR PORT ARTHUR

Two Passengers, Engineer, Fireman, Cook and Waiter Are Injured in Crash—Freight Train and Crew Are to Blame for Costly Accident.

North Bay, July 20.—The C. P. R. Toronto Express (94), which runs between Winnipeg and Toronto, left Fort William one hour and fifteen minutes late, and was wrecked three miles east of Port Arthur yesterday afternoon at 2.30, colliding head-on with a freight train, the crew of which had evidently forgotten that they were encroaching on the passenger train's time.

Both engines, express, mail, baggage and passenger cars, were badly used up, besides several freight cars, and the loss to rolling stock will be heavy.

Mrs. J. Ritchie of New Liskeard, J. J. Walsh, Toronto, two employes of the dining-car, the waiter and the cook, and Engineer Morris and Fireman Bowles of Schreiber, were painfully injured, but not serious. Other passengers and trainmen were bruised and shaken, but no serious injuries are reported. Mrs. Ritchie was caught between seats and limbs lacerated.

The collision occurred in a wild rocky section, peculiarly adapted by nature for a railway catastrophe, where many curves and lofty cliffs prevent a clear view of the rails for any distance, and only the fact that both trains were running at reduced speed on account of the recent washout in this locality, prevented a terrible calamity.

Responsibility for the collision must be ascribed to the freight crew, whose business it was to keep out of the way of the approaching passenger train.

STEWART ST. LADY HAD AN EXCITING EXPERIENCE

Mrs. Wm. Thampson fell Into Well Which was Thinly Covered and Received Serious Injuries—Was in Perilous Position for Some Time

Mrs. Wm. Thompson, of Stewart st., had an experience last Saturday which she will not soon forget. She had taken some butter from a woman at the door and had gone out to the shed to put it into the refrigerator. On the way back to the kitchen happening to see a bunch of shavings in the corner of the shed she reached for them, intending to use them in lighting the fire. It appears that at the point where the shavings were lying there was an abandoned well which had been partly filled in when the house was built. The workmen, however, thinking that it would take too much earth to completely fill the well—which is about 30 feet deep—had laid three logs lengthwise across the hole at about six feet from the top and after covering these with brush had filled in the remaining space with earth, thus making a seemingly sound piece of ground.

When Mrs. Thompson reached for the shavings, however, the ground gave way and she dropped out of sight. Her feet went down in between two of the logs and for some time there was great danger of her dropping the entire thirty feet. If she had done so she would have lost her life, as the sides of the well were caving inwards and would soon have smothered her. Luckily the two logs were close enough together to catch her about the waist and prevent her from going further. As she felt the earth giving way she screamed several times. Her cries were heard by Miss Steele, a trained nurse who is staying at the house and who happened to be passing through the kitchen at the time and she hastened to her assistance. Realizing at once that there was no time to be lost in rescuing Mrs. Thompson from her perilous position, she rushed to the street and brought two men who were passing at the time, into the house.

The two men grasped Mrs. Thompson's arms and tried to pull her out. The earth from the sides of the well had by this time, however, settled closely around her armpits and they were unable to do so. Finally a rope was procured, which on being fastened around Mrs. Thompson's waist, enabled them to rescue her from her dangerous position.

When seen to-day Mrs. Thompson was in a very nervous condition, her terrible experience having completely upset her. Besides this she is severely bruised about the lower parts of the body and has a large cut in the side of her head.

While very painful her injuries are not considered serious and Mrs. Thompson expects to be fully recovered in a few days.

27 1-2 POUND LUNGE PULLED OUT OF OTONABEE TO-DAY

The proof of that old adage, "that the early bird gets the worm," was easily proven this morning by Mr. Stanley Coon, of the "Crystal." Rising from his bed about five o'clock, he hied himself to the river for an hour's fishing. Just as he was passing in front of the Wolfe street wharf he felt a tremendous pull on his line, and started to haul in his prey. For some moments it fought desperately, and there was every likelihood of its getting away. Finally, however, he got it close up to his canoe, and tipping it towards the fish, pulled it into the boat.

It was a lunge, and on being measured, it was found to be [illegible] inches long, and to weigh 27 1-2 lbs.

This is undoubtedly the biggest fish caught in these waters for the past two or three seasons, and makes a record which will be hard to beat.

Mr. Coon is being congratulated on his great success as a fisherman.

The monster lunge attracted much attention in front of the "Crystal" this morning.

FOSTER POURS HOT SHOT INTO GOVERNMENT RANKS

Last Moments of House Are Taken up With Scathing Criticism of Contract With Ross Rifle Co.—The Premier Explains Why Woollen Tariff Cannot be Altered.

Ottawa, July 20.—In the House Saturday afternoon after some unimportant matters had been disposed of Mr. Foster arose and made his criticism of the Militia Department.

There were several sharp exchanges between the ex-Finance Minister and the Minister of War, Sir Frederick Borden, at times grew very angry and frequently interrupted his critic, Mr. Foster dealt especially with the contract entered into by the Minister of Militia with the Ross Rifle Co. for bayonets aggregating $250,000.

He pointed out that at the outset the Minister gave the company 19 acres of land in Quebec as a site for one dollar a year and before he received a single rifle had paid out to the company over half a million dollars.

This, said Mr. Foster, was furnishing the company also with its capital. Now, while under the contract for bayonets, which was entered into without the knowledge of Parliament, the Government paid $5.25 per bayonet. The cost of a bayonet in the United States was $1.43, and $3 in Great Britain.

Sir Frederick Borden, in the course of his reply, said that without asking the sanction of Parliament Mr. Foster himself in 1886 bought bayonets in England at $3.71 each, and if the present duty were added to that it would bring the price up to $4.46. To-day the War Office was paying $3.11 1-2, or, adding the Canadian duty, about $4 each. Two tenders were received for the bayonets. The Ottawa Car Co. bid at $5.45 and the Ross Rifle Co. at $5.25, and the contract was awarded to the lowest tenderer.

Mr. Boyce of Algoma commented upon what he termed the suspicious conduct of Mr. Sifton in getting 1,500 miles away from the capital to make his denial of the charges brought against him. The telegram read by Sir Wilfrid Laurier from ex-Minister of the Interior, Mr. Boyce declared, was of a character that would have precluded its use in the House by Mr. Sifton himself. Therefore he had moved to have it struck out of Hansard.

Mr. Speaker, however, refused to put the motion, ruling that, having been attacked in his absence, Mr. Sifton had the right to make his denial as sweeping as he saw fit.

In reply to R. L. Borden, the Finance Minister admitted that, as it appeared Switzerland was entitled to the "favored nation" treatment, the Canadian treaty had been held up in the French Senate.

Sir Wilfrid Laurier's reply to the plea of the Canadian Manufacturers' Association for relief to the woollen industry was read in the House Saturday. It is in part as follows:

"The Government regrets that, with the present information, they are unable to agree with the proposal respecting increased duties on wool goods.

"A proposal to increase the taxes on what might be called a necessary of life, naturally arouses much opposition among the consumers and their representatives.

"The Government hopes that to some extent the difficulties which the manufacturers are meeting are not due to tariff conditions, but to a depression in trade which they believe but temporary. This view is supported by the fact that in the neighboring republic, where a very high wool tariff is in operation, there has been trade depression.

"The Government, with due regard to the people of all sections of the country, feel that this is not the moment at which they should adopt a policy of increased taxation, especially on articles of a necessary character.

"The complaints that have been made by the woollen trade as to evasions of the customs laws are being carefully looked into.

"The question of tariff revision as respects the woollen industries cannot possibly be dealt with in the few hours of this session that remain. We can assure the manufacturers that we are fully appreciative of the industry and that if we cannot at this stage meet their wishes it is because we are obliged to consider the wishes of all classes throughout the country."

At the opening of the Senate Saturday, Senator Lougheed asked as to prorogation, and Hon. Mr. Scott stated that the deputy to the Governor-General would prorogue Parliament on Monday.

Sir Mackenzie Bowell said he had been informed that the absence of the Governor-General was on account of a dinner party that is to be given in Quebec by the Chief Justice of Canada, who is deputy to the Governor-General, and that Parliament had to be kept in session for a day or two in order to accommodate the Chief Justice. Sir Mackenzie could not approve of this.

Senator Watson said it seemed to be a great pity that members of Parliament who had been at Ottawa almost eight months should be inconvenienced for 48 hours or more for the convenience of gentlemen who ought to be present for the purpose of closing Parliament.

Senator Power regretted that Senator Watson had felt called upon to make the statements the Senate had just heard because if any officer whose duty it is to prorogue Parliament were present Parliament would not be ready for him. Senator Power said he was glad to hear Sir Mackenzie Bowell, and he proposed to discuss the supply bill at some length. In view of that announcement, Senator Power asked what use there was in asking an officer to attend to the prorogue.

The Governor-General's Foot Guards had decided to leave for Quebec last night. They arranged that Parliament should be closed without a guard of honor, and that the whole regiment should go to Quebec. Late on Saturday sudden orders from the D.O.C. put an end to the arrangements, and they were told to furnish a guard of honor for noon on Monday, when Parliament would be prorogued with the usual ceremonies that someone had mysteriously abolished on Saturday.

FRUIT SCARCE HERE SATURDAY

Regular Supply Did Not Arrive on the Noon Train

There was a shortage of fruit in Peterborough on Saturday. Owing to some railway accident between St. Catharines and Toronto, the usual supply of fruit did not arrive on the noon train and a fruit famine, if it may be called such, was the result. All the grocers and fruit dealers were sold out of all the common lines early in the afternoon and the demand of customers could not be filled.

Candy Poisoned Him.

Hamilton, July 20.—Sam Thorton, a young colored man, says that he was given a candy by a man he met on the street. Thorton ate the candy and in a few minutes was seized with violent sickness. Medical aid was summoned and he was brought around all right. He says he does not know the name of the man who gave him the candy, but would know him again if he saw him.

Boy Dies of Lockjaw.

Stratford, July 20.—Suffering all the tortures of lockjaw, James Rosso, the 8-year-old son of Frank Rosso, fruit dealer, died at 9 o'clock yesterday morning.

Young Rosso fell from a wagon last Wednesday, inflicting a long deep gash in his forehead and cutting his tongue. An operation was performed, but tetanus set in.

To Buy Power Company.

Brantford, July 20.—At a special meeting Saturday afternoon the City Council passed a bylaw empowering the mayor to serve notice of expropriation upon the Western Counties Power Co. Negotiations have been on foot for some time to get a definite offer from the company for its plant but without success.

The company's contract with the city empowers the municipality to expropriate the plant and the price will probably be left to arbitration. The company sets a price of $37,000 upon its equipment.

CAR SHOOTS DOWN A HILL

Two Are Hurt in Runaway Trolley at Woodstock.

Woodstock, July 20.—The brake chain on the 7 o'clock car bound for Ingersoll, on the street railway, broke Saturday night, and a panic ensued among the large crowd of passengers as the car neared the sharp curve at Mill street.

Fortunately the car did not leave the rails, but many of the passengers jumped or were shoved off. F. C. Martin, barrister, was thrown off at the curve and, alighting on the hard roadway, had his wrist and several ribs broken. His face was also badly bruised.

Miss McKenzie of Ingersoll jumped and received severe bruises. Others were more or less shaken up, but none of them were hurt.

Had the accident to the brake occurred at the head of the hill a catastrophe must have ensued, as the curve at the foot is quite sharp.

Cyclone In Oxford.

Ingersoll, July 20.—A cyclone accompanied by a terrific hail storm passed over a small section of North Oxford Township early Saturday morning, causing thousands of dollars' damage to the crops, levelling trees and breaking hundreds of panes of glass on the south side of buildings. There was also a perfect deluge of rain, many of the fields being completely submerged. The cyclone lasted for about 20 minutes and took a southwesterly course.

Deficit Is $18,[illegible].

Fredericton, N.B., July 20.—At the meeting of the local Government on Saturday the report of Auditor Miller on the shortage of the late Deputy Surveyor-General Flewelling was presented and the defalcation is announced to be $18,[illegible].17. The auditor blames the surveyor-general for not keeping a more careful check on the accounts.

Toronto Man Drowns.

Toronto, July 20.—While taking a solitary swim in the Don river at a point near the old Belt Line station, Michael Foley, a young man of 24 years, who boarded with Harry Horne, 233 Carlton street, was drowned at 6 o'clock Saturday evening.

If the doctor says "you need a tonic," you will find strength and vigor in

O'Keefe's Special Extra Mild ALE

The Daily Review

MONDAY, JULY 20, 1908.

A NEW ERA

We never know what we can do until we try. The advent of high buildings was denounced as a wanton waste of capital since no water could be sent up fifteen stories or further in case of fire. Now we find that by the new direct pressure pumping system fire pressure is quadrupled and in New York water can be sent up to 20 stories in large quantities. The New York papers say the difficulty is solved. The next high building therefore will be higher, probably 800 stories high. People will then go in and out of these amazing altitudes like pigeons, from the outside. Then probably some new means of rescue will be devised. A gigantic hand will grab the willing victim by the back of the neck as a cat does her kitten and after the manner of a derrick remove him to safety or if his clothes are on fire, quietly dump him in the river. Submarines go in bunches as much as 400 miles under water. So is chronicled the literal conquest of the mighty deep. Seasickness, however, still remains. The aerial warship is a success. The same will be said of the ordinary air boat. It will not be a decade before people will be scampering about through the air just as they do now on the water. Picnics will be held in the clouds. Lovers will wander off as at present and probably run into the moon and be literally moonstruck. Collisions with meteorites will be inevitable and it will be necessary to insure against them. There will be a close season for quail in Mars. But there will not vanish all the things and usages we know. The lacrosse player will still hit his opponent over the nose with his stick. The baseball umpire will still be the victim of abuse. Educational fanatics or fans, as they should be called will still go on trying to provide a royal road to learning. Virtue will, however, have been superseded by business. Robbery by violence will re-introduce the age of unreason perhaps. Thus will this cycle of history be complete. There will always be, however, the great mystery of the great unknown. As Byron says, "Man marks the earth with ruin in his course—his control stops with the shore." While not nor literally true, yet there is always such a shore. We must try to look from it, far out into the great sea of the eternal future. When men cease to compromise with fraud we may see something of that future.

A FEW OF THE "DEALS"

Geo. T. Merwin is one of the partners of a New York firm which supplied to the Dominion Government about a million dollars' worth of lighthouse supplies. The Liberal majority refused to order an investigation into these transactions with the government, notwithstanding the previous experience of the Marine Department in a multitude of similar ways. Merwin bought it turned out many articles of this supply from Wilson & Co., of Montreal, which he then sold to the Government. It is the old story of the middleman and his graft. Some of the articles and Merwin's rake-off appear in the following list:—

Articles.	Merwin paid.	Paid to Merwin by Govt.
Lathe	$ 995	$1250
Pump	1024	1560
2 stokers	1880	2550
Boiler	600	975
Engine	335	960
Hoisting Eng	770	1100
Shaper	505	800
Derrick	756	1250
Boiler	700	975
Capstan	300	350
Engine	302	550
Crane	1040	2500
Solution	1120	1500

The rake-off secured by Merwin for these few articles amounted to over $5 500. If the rake-off on these few articles was $5,500, what would it be in a million dollars' worth. It was all from beginning to end just like this, and without excuse. Anybody can see the facts for themselves in the Blue Book of Public Accounts 1906, p. 343. Then let the inquirer turn to page 627 and he will find the transactions of one Strubbe. Mr. Strubbe through some mistake found 270 dozen mill files on his hand. Being a friend of the Minister of Marine, however, the latter took them off his hands and at a profit to Strubbe of 400 per cent. Is it any wonder that our expenses are mounting high? Corruption and expense go hand in hand. Then on page 391 of 1907 reports read how Mr. E. H. Dewart, of Toronto, a lawyer, H. H. Nickinc, M.P.P., and the private secretary of the Minister of Militia all went in together and cleaned up $33 000. These gentlemen pretended to be a Sub-target Machine Co. and contracted with the Government for 1000 machines at $250 each. They paid to the manufacturers $64 each for them and without a factory, an office, or even a desk, sold 450 sub-target machines at the profit above mentioned. They would have sold the other 550 and have walked off with a $100 000 more, but for the vigilance of the Opposition.

THE LIBERAL POLICY

"The policy of giving public aid to railways established many years ago was, the Prime Minister proceeded, a wise one, and had accomplished wonders. The two chief causes for the advancement of the country were the increased transportation and the increased immigration and so long as immigration was pouring in as now and the country was being settled there could be little change in policy."—The Globe.

Sir Wilfrid Laurier here clearly takes issue with those who are opposed to subsidizing railways. But then what could we expect when we remember how he delights to befriend the financiers and how prompt he is when they "can't wait." The statement of the premier that prosperity depends upon transportation and immigration will astonish a good many. It will astonish also all those who think that prosperity does not apply to the employer alone, and that a plethora of labour is not a good thing for the workingmen. What would 500 000 workingmen do if they came to Canada tomorrow? They would become largely a burden on the people already here. Yet Sir Wilfrid contends that this very thing is one of the two great main elements of prosperity. What good, we may also ask, would a railway at every man's door be if he had nothing to transport. As a matter of fact the statement cannot possibly be correct, although we have the Globe for it that Sir Wilfrid made it in the House. If the immigration theory were true all that would be necessary to ensure the prosperity of the world would be to keep people moving on as the Doukhobors do. But it is to something more than either of these excuses for spending immense sums of money that the prosperity of a country is due, and that something is cash, which, thanks to a wasteful and unbusinesslike government, we have parted with and are now seeking to acquire again.

THE HAMILTON HERALD

The Hamilton Herald says in its editorial of July 17th, anent the G. T.P., that—"It is true, however, that the total cost of this great work and as a result of it the cost to the country, etc." Are these not the same then? Sir Wilfrid said that the cost of the work all told to the country would be $13,000,000 and as a logical consequence from the Herald's own showing "the total cost of this great work" will be $13,000,000. There is no getting away from that. The Opposition press is not exaggerating the difficulty which the Herald admits to be bad enough. The Herald says further;—

"Sir Wilfrid never pledged his word to the country that the cost of the National Transcontinental Railway would be only $13,000,000. What he said was that the cost to the country would not be over that figure."

No man in his senses would suppose that a transcontinental railway could be built for $13,000,000. But that was what Sir Wilfrid laid down although he may have meant to convey something else. Sir Wilfrid bungled the whole business and when the noise subsided we found that we were and are face to face with not an expenditure for Canada of $13,000,000, but away over a hundred millions. It is criminally absurd to urge upon an electorate the contention that because we get interest on the Moncton to Winnipeg outlay that therefore we get principal too. It is beyond dispute that there is no sinking fund provided for by excess of rental over interest. The financing of the G.T.P. or N.T.R. or whatever it may be called, was a crying shame and a deliberate playing into the hands of the money-ed men. It was a fitting companion for the coolie immigration horror.

EDITORIAL NOTES

(Oakville Record.)

It will be no surprise to the people to see a Dominion contest the coming fall. [illegible]

The U.S. France and Canada have expressed dissatisfaction with the management of the Olympiad. It seems also to be doomed to a financial failure. This will likely be the last of the Olympiads.

By an act of the last Assembly assessors are required to include in their lists names of all children between the ages of eight and 14 years. This gives truant officers material to work on.

Men employed on corporation work complain that the issuance of their pay cheques is too late, often not taking place till Saturday at 1 o'clock which leaves them a poor chance to market.

Quebec, July 17.—Although the Battlefields commission are asking for $500,000 as an immediate contribution it will take $2,000,000 to complete the plan conceived by Earl Grey. The first will do little more than purchase the land where the battle of the Plains of Abraham took place in 1759 and St. Foy in 1760. To demolish the jail and Ross rifle factory and erect them elsewhere and establish a museum on the site of the former will cost $760,000. As for the Champlain celebration in Quebec, it will cost over $450,000.

Of this the pageant will take $125,000 but they will be magnificent. Some of the costumes will cost over $300 each. The robes worn by Henry IV of France, and his queen, are of blue velvet with ermine trimming and have trains five yards long. Most of the ladies were furnished the material for their costumes at wholesale rates and got them made themselves. The men were given theirs free and will return them.

The total amount paid so far for the whole scheme is $750,000 including the $300,000 voted by the Dominion Government and $50,000 by the city of Quebec. The act, as it has been discovered, allows the whole of the $300,000 to be used for the celebration here if it is needed. From the grand stand receipts—and everyone must pay a grand stand fee who enters the grounds—and from the sale of concessions, $150,000 is expected. Frank Lascelles is giving his services free, but is to be paid his own expenses and those of his secretary and valet. — The Earl Grey scheme thus costs about about $2,000,000.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.

PRIZE FOR NAME OF NEW STEAMER

The Northern Navigation Grand Trunk Route announce the launching of a new ship this year and have offered a prize for a name. She will run between Sarnia, Port Arthur, Ft. William and Duluth. It is intended that this steamer will be the largest and finest steamer in the Lake Superior trade and her interior decorations will be most elaborate and complete.

The following are the conditions at be observed in this contest;

Name to consist of one word of not more than ten letters.

It must end in the Line's characteristic termination of "ic."

It is desired that the name selected have some bearing on the history or geography of the territory she will serve.

Contestants must give their name and address clearly in sending in their suggestions.

The decision will be made by an impartial committee appointed for the purpose, from whom the names of the contestants will be withheld.

The contest will be closed on July 31st and the decision announced by August 10th and a prize to the successful competitor will be given of two round trip tickets including meals and berth from Collingwood or Sarnia to Duluth, available any time during the season, or for a trip on the new steamer itself next season.

All communications should be addressed to C. H. Nicholson, Traffic Manager, Northern Navigation Co., Sarnia, and envelopes marked "Name Contest."

THE MAYOR AT MONTREAL

On Thursday evening the Mayor of Peterborough at the meeting of the Canadian Municipalities' Association held at Montreal, read a paper on "Sinking Funds," which produced a lively and interested discussion.

Mayor Rush was subsequently elected 3rd vice-president for Ontario of the Association. The Mayor and City Clerk Armstrong were the delegates from Peterborough.

The chief officers of the British squadron at Quebec visited Earl Grey yesterday.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion — 25 cts.
Three insertions — 50 cts.
Six insertions — 80 cts.
Ten insertions — $1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

LYDIA E.
PINKHAM'S
VEGETABLE COMPOUND

LYDIA E. PINKHAM

No other medicine for Woman's ills in the world has received such wide-spread and unqualified endorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's diseases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, Inflammation, Ulceration, and consequent Spinal Weakness.

It has relieved more cases of Backache and Local Weaknesses than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs, causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of Feminine disorders, which this medicine overcomes as well as slight derangement of the Kidneys of either sex.

Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.

SPORTING

LAKEVIEWS BY JUST ONE RUN

Close City League Game on Saturday---League May Have to Decide

In a closely contested city league game at Nicholls Oval Saturday afternoon, the Lakeviews defeated the West Ends 8—7. The winners played two Y.M.C.A. men, Dormer and McDonald and it is said that the West Ends played a man who had no certificate so that the league will likely have to consider the game. It was close all the way through, and in the last innings with the score 8—7 against them the West Ends had the bases full and two men gone. The batter, however, went out on a fly. Danny Hilliard was umpire and gave satisfaction.

The teams were:

LAKEVIEWS:
Mahoney, p.
Menzies, c.
King, 1b.
Dawson, 2b.
Campbell, ss.
Pentland, 3b.
McDonald, cf.
McGill, lf.
Dormer, rf.

WEST ENDS:
Rose, p.
McNeil, c.
Kane, 1b.
Halpin, 2b.
Campbell, ss.
Cameron, 3b.
Callaghan, cf.
Dunnette, lf.
Moore, rf.

Struck out by Rose 6, by Mahoney 14; bases on balls off Rose 2, off Mahoney 1.

CARTER'S
LITTLE
LIVER
PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

FIRE BREAKS OUT AT WINDSOR RACING TRACK

Horses Have Been Turned Out into the Field—No Fire Brigade Has Arrived

(Special to the Review.

Windsor, Ont., Race Track, July 20—Fire broke out at 12.15 p.m. today in the race track stables. The fire made great headway inside of a few minutes and is now spreading towards the grand stand. All the horses have been turned out in the middle of the centre field of the track. No fire brigade has as yet reached the track and a bucket brigade has been organzied but unless help arrives within a very few minutes the buildings will all burn.

METHODISTS BEAT PRESBYTERIANS

An exciting game of lawn bowling was played between the Methodists and Presbyterians on Saturday afternoon at 2.30 resulting in a win for the Methodists by 3 shots. 21 ends were played the rinks being tied at the 20th end but the Methodists succeeded in getting a 3-end which put them in the lead.

The rinks were as follows;—

Methodists.	Presbyterians.
A. Kidd	Dr. Caldwell
R. J. Soden	W. J. Thompson
D. Belleghem.	R. Kerr
Rev. E. S. Pearson,	Rev. H. Pogue,
Skip..25	skip ..22

CLOSE SCORE IN GAME AT COBOURG

Athletics Beaten by Home Team by 4 Runs to 2.

The Athletics journeyed to Cobourg on Saturday and were defeated by the close score of 4-2. It was a pitchers' battle from the very start, and the honors were about even. Hits were few and far between, but when they did come, they were of the three base variety. Mackeral, for the Athletics knocked out a nice homer in the fifth and the Cobourgers got a couple of three baggers. Cobourg's battery was Floyd and McKinnon and Quinlan and Rattray were in the points for the Athletics.

McMann of Cobourg umpired the game.

Athletics lined up as follows;
Quinlan p.
Rattray and Shea c and ss
Graham 1b.
Fisbery 2b.
Mackeral 3b.
Rattray and Shea c and ss
Callaghan lf.
Pilling rf
Connors lf.

DELIGHTFUL EVENING TRIPS

The Steamer Otonabee will leave the Wolfe Street wharf on Monday, Tuesday, Wednesday and Friday evenings at 8 o'clock. Good music on board.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

MR. BAILEY

To the Editor of the Review.

Sir, —Let your friend Bill Bailey, if that is his real name, get out and explain why England altered the list of events as run at Athens and greatly in her own favour. Also why outsiders are liable to be drawn against each other in heats, who might kill out some of the firsts and seconds of the home country. Also why the policemen hadn't regulation shoes, and a lot of other things.

J. SHORT.

PIE

Editor of the Review

Sir,—When I read of the charge of 60 cents for a pie at Three Rivers to the General Manager of the Canadian Bank of Commerce, I wonder what we are coming to. That would be at the rate of five cents a slit and what independent minded people will stand it. It is rumored that when he with others attacked the restaurant, someone hit him in the face with 30 cents worth of custard pie, but not having his mouth open it flew wide. When I think of what the banks charge me I sympathize with the—pieman.

Yours,
HOORAY.

ST. JOHNS'

Monday, 6 p.m.—A.Y.P.A. at the Oval.

Wednesday, 9 a.m.—Boys' choir practice. 8 p., Brotherhood of St. Andrew.

Thursday, 8 p.m.—Choir practice.

Saturday, 9 a.m.—Boys' Training Class.

Sunday—H.C. 8.30 a.m.

10 a.—Junior Brotherhood of St. Andrew.

The 11 a.m. service will have special reference to Tercentenary celebration of this week in Quebec.

7 p.m., full choral Evensong.

The Rev. Archdeacon Batty will be in the vestry every morning this week from 9 to 10 a.m. where he may be seen on parochial matters.

Mayor Won't Sign.

Waterloo, July 20.—At a special meeting of the council the question of signing the hydro-electric power contract was discussed. The council unanimously adopted the special committee's report, which included a recommendation that the contract be signed, but Mayor Fischer refused to sign.

Wreck in West Virginia.

Keyner, W. Va., July 20.—The Western Maryland Railroad express from Edkins to Baltimore, was wrecked near here on Saturday. Eleven passengers were seriously injured.

Two caskets containing corpses were broken open and lay in the wreckage on the river bed.

John Ferguson, 30 years old, of Sidney Sask., was trampled to death by his team.

PERSONAL

Mrs. Hall, who has been spending a few weeks in this city at the home of Miss Kingan, left this morning for Harriston, where she will visit her daughter.

Mr. and Mrs. McIlMoyle, Gilmour street, and party, have returned home after a pleasant outing at Stony Lake.

SOME POETRY

A local man who is interested in the Toronto World's query for the names of ten prominent men has sent the following verses to the Review;

With regard to your query for ten prominent men I would beg leave to state the names of ten whom I honestly think should go upon the slate

There is Carling, who brews the finest of ale,
And Sleeman, who makes such good beer,
And Gooderham, who's name is spoke
When a thirsty man draws near.

Seagram, the maker of "83."
Is known both far and wide,
And the man with Walkers' on his shelves.
Will speak that name with pride,
Many know Cosgrave and many Labatt.
It is all a matter of taste,
And Kuntz is known all over the land.
For his splits ne'er go to waste.

Without O'Keefe's all know the list
Would not at all be complete.
And Corby's name is spoken out loud,
Wherever good fellows meet.

DIRECTIONS FOR MAKING ICED TEA

Warm the teapot. Put in a heaping teaspoonful of "Salada" Tea for every two cups. Pour on freshly boiled water and allow to infuse from 6 to 8 minutes. Pour the liquor off the leaves and let cool. "Salada" Tea iced is a most delicious and refreshing beverage. A small piece of lemon will add to its flavor.

Eight battleships are now at Quebec.

HAD TO PUMP THE WATER OUT

Miniature Flood at the City Hall This Morning

When the janitor of the city buildings went this morning to look at the cellar of the city treasurer's office, he found about two feet of water in the furnace pit. In order to get the water out he had to erect a small pump on the pavement outside and spend two or three hours at the handle.

The bed of the furnace is below the level of the sewer and this accounts for the presence of the water.

STEAMBOAT TRAFFIC NOT UP TO MARK

Business on Otonabee River Not Equal to That of Last Season —Many Small Boats

It is stated that steamboat traffic on the Otonabee has not up to the present time been equal to that for the same period last year. This statement is made by one who is in a position to know whereof he speaks. Just what is the cause of the slight slump is not clear and there is a probability that the traffic will pick up sufficiently during the remainder of the season to make the year as good as last year, but this of course remains to be seen.

While the steamboat traffic is less, the number of small craft on the river is larger this year than ever before. This is especially true of gasoline launches which are very numerous this season.

DESKS WILL SOON BE IN POSITION

Seats for the New Collegiate Institute are of the Most Improved Type

The desks for the entire seating of the new Collegiate Institute, the contract for which was awarded Mr. D Ballegbom, are in readiness and will be placed in position as soon as possible. The school requires over 400 desks. They are of the latest and most improved type. Seventy-two of the desks are for the commercial form. They are different from the ordinary desk. The seat resembles that of a chair with a pedestal base, adjustable. The desk is also adjustable. All the desks are finished in the ordinary light finish, the tops being mahogany stained.

TWO BUGGIES IN BAD COLLISION

An Accident at the Corner of Aylmer and Sherbrooke Sts.

What might have been a very serious accident, occurred at the corner of Sherbrooke and Aylmer streets. The streets at this point are very badly lighted and the residents there say it should have been attended to long ago.

Two buggies were attempting to cross the street in opposite directions and the drivers being unable to distinguish each other, a collision took place. The occupants of one of the vehicles, Mr. and Mrs. Robinson, were badly shaken up, Mrs. Robinson being thrown out on to the road, and severely bruised. The buggy and harness were also damaged but assistance was readily given by the nearby residents, and the rigs were able to proceed on their way.

DISTINGUISHED PARTY WILL TRAVEL VIA GRAND TRUNK TO QUEBEC

Many of the celebraties who will be in attendance at the Quebec tercentenary celebrations next week have chosen the Grand Trunk Railway System to reach their destination and among these are the Hon. Charles W. Fairbanks, Vice-President of the United States of America and party who will travel over the Grand Trunk, to Quebec, leaving Detroit on Monday evening, July 20th.

OBITUARY

MRS. T. M. D. CROLY.

The death occurred yesterday of Rebecca Speer, wife of the late Thomas Murray Daniel Croly, who died in 1903. Her death was not wholly unexpected, as she had been ailing for the last six months, and was rather enfeebled on account of her age. She was 87 years old and was one of Peterborough's oldest residents, remembering this city, when it was but a village and when George street was nothing but a mere country lane.

Deceased was born in Ireland, in the city of Armagh. In 1831, she came to Canada, her father taking up a tract of land in Smith township. In 1865 she married, and has lived in Peterborough ever since.

She is survived by one son and one daughter, the former who is an officer in a public institution of New York City and the latter who lives at home.

The funeral will leave the family residence, No. 736 George street on Tuesday afternoon, July 21st at 2.30 o'clock and proceed to the Little Lake cemetery.

BIG CROWDS AT OPENING OF NEW PARLORS

Coleman Bros. Handsome and Up to-date Ice Cream Premises--- Opening on Saturday

The opening of Coleman Bros.' up-to-date and handsome ice cream parlors on Saturday evening was attended with great success and Messrs. Coleman were the recipients of many congratulations. They have now as fine a parlor as there is in the country. The equipment was made by the Fletcher Mfg. Co., of Toronto.

On Saturday evening crowds of people thronged the parlors and splendid music was furnished by the opera house orchestra. Everyone pronounced the ice cream and other refreshments offered as being delicious. The beautiful and scintillating environment added much to the attractiveness of the place. Among the improvements recently effected was the installation of a grand new marble and onyx constellation fountain with patent syrup lifts. It is a very handsome fountain. New tables and chairs have also been provided. They are patent wire tables with oak tops and were made by Heess Bros., of Gravenhurst. The electric effects are very pretty and McGregor and Reid had the contract for lighting. The artistic painting and decorating was was done by Messrs. Coleman Bros.

In addition to these improvements a new freezing plant with 134 feet of concrete flooring has been built, and a new motor has been installed by Alexander and Miller. Ald. W. J. Johnston was the contractor for the improvements, which is a guarantee of their being well done.

Keep Cool Keep things cool This is easily accomplised by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

WANT TO TEAR STAMPS IN TWO

Some Amusing Incidents at the Post Office on Saturday

Since issuing the tercentnary stamps at the local post office, the stamp vendor has witnessed some amusing incidents. Several persons who bought the stamps on Saturday imagined they were getting two in one and that the two cent stamps with their majesties' pictures on should be divided and each half would be enough to send a letter. The lady in the office had a busy time informing people that it took a whole stamp to send a letter.

NEW BOOKS AT LOCAL LIBRARY

The following new books have been placed in the Public Library:—

SOME FISH ARE CAUGHT AT THE SANDY POINT CAMP

Special to the Review.

Sandy Point, July 17.—On Tuesday morning the advance party consisting of Messrs. Arnott and Froude, arrived in camp and found everything in first-class order. They soon had the tents up and a fine new addition added to the cookery is a supply house, which the steward has a big time watching.

The steward and physical director were favored with an invitation to breakfast at one of the cottages, and on their way had luck enough to get an eight pound 'lunge.

SOME NOTES.

The boys and secretary arrived in camp on Wednesday all prepared for a glorious time.

More boys arrived in camp yesterday and more are expected.

Several of the boys were exploring across the lake when they came upon a porcupine, which they decided best to let alone.

Mr. Arnott, as usual, has his candy store at camp which is visited quite often by the boys.

To-day the boys are enjoying the pleasures of rainy weather and listening to the stories of the steward.

You will hear from us in a few days with a long string of fish stories as the fish are plentiful.

To-day the boys are enjoying the glories of rainy weather, listening to the stories of the cook and hearing the sweet music of the chipmonks at the back door. This morning Monk got a big bass to the top of the water that looked to weigh about five pounds but it got away. Afterwards I caught five perch and Puddin caught one and Mit caught none. We all got soaking wet.

This morning about eleven o'clock our big tent blew over with some narrow escapes from suffocation. Steve and Squaw went out after dinner to meet the Water Lily. There was a heavy swell, but they secured their passenger and freight and returned all right. A big checker tournament was played among the members of the camp.

WHY NOT INVITE LORD BOBS TO PETERBOROUGH?

Why not have Lord Roberts stop off at Peterborough when he is passing through to or from Toronto. He has definitely decided to visit the Ontario capital and will no doubt pass through this city on the C. P. R. Perhaps he would stop off for a few hours if he were invited. It would do no harm for the City Council to invite him at any rate. Little Bobs may have seen some pretty big sights in his day, but he has never had a look at the Peterborough lift lock and if it were made clear to him what a wonderful piece of machinery it is, chances are he'll want to drop off and have a look at it. Then he might be taken up the lakes and shown the dam the beavers built. And there are the public library, the Isolation Hospital, the new Smith street bridge and a host of other interesting sights he could be shown.

SOME STONEY LAKE HAPPENINGS

Stony Lake, July 18th.

Preparations are being made at Burleigh Falls for a regatta to be held off the wharf there in the near future.

Burleigh Falls Hotel is harboring a large number of guests at present time, many of whom will take part in the acquatic sports.

Mr. and Mrs. Davidson, Sudbury, have arrived at their cottage on Larmon Island.

Mr. C. M. Hamilton, Toronto, is spending a week at "Belvidere."

Mr. and Mrs. H. G. Buck, Norwood, spent a few days at their cottage this week.

The East End Cottagers' Association, of which Mr. John Finlay, M.P., is president, will hold their second annual regatta on Wednesday, Aug. 12th.

The Misses Craig, Toronto, have opened their cottage for the season.

The following are among the guests at Belvidere—Jas. Bailey, A. H. Mitchell, A. Kippert, G. A. Joyce, Toronto; A. M. Weldon, L.D.S., Norwood; E. E. Ozley, Toronto; John Jones, Hastings; W. H. Cook, Stirling; P. E. Duncaster, Public Works Department; A. M. Simmons, R. M. Burgess, C. M. Hamilton, Toronto; J. G. Miller, Cloyne, Ont.; J. S. Waldron, Peterborough.

Messrs. R. Finlay, B. Huyck, and Dr. A. M. Weldon, Norwood, spent the week-end with friends at the East End.

Mr. and Mrs. Lingwood, Lakefield, are spending a week at their cottage.

Mrs. R. Quarrington, Miss Edith Quarrington, and Master Clarence Quarrington, Toronto, came up on Saturday, and are guests at Kimo I.

Mrs. Neill, Toronto, is a guest of Mr. and Mrs. Robert Neill, Clear Lake.

Miss Katie Roberts, Toronto, is with her friend Miss Gwen Hall at Wenonah.

Mr. and Mrs. H. G. Fitzgerald, Lakefield, came up their cottage at Sandy Point on Tuesday.

Rev. Dr. Langfeldt, Peterborough, was a guest of Mr. James Acton at Tawasentha for the week-end.

Mr. Hugh M. Wallis, Peterborough, is at Kathalhu Kamp.

Mr. Percy Knowles, Brantford, is visiting Mr. Morson Smith, at Shota.

Miss F. Mabel Clark and Mr. S. E. Clark, Toronto, are enjoying a couple of weeks at Rogers' cottage, Chicopee.

Mrs. F. J. Burgess and Miss Helen Burgess, Lakefield, are guests at Bonniecastle.

Misses H. May Brown and S. J. Murray, Niagara Falls, are at Minne-wa-wa.

Mrs. L. A. Beach, Toronto, is a guest at Kilkenny.

Miss Florence McNabb, Lakefield, is with the party at Dulce Domum.

Among the party at Glenora Cottage are Mrs. J. Wood and the Misses F. Edwards, J. Barber, Toronto; J. Edwards, Edmonton, Alberta; and R. Oakley, St. Mary's.

Misses Anna S. Williams, Montreal, C. M. Rogers, Kingston, and Elinor Collins, Peterborough, were at Catamaran for a few days this week.

Rev. E. Crummy, Miss Crummy and son Eber, Toronto, are visiting Mr. Gillet at Wastaway Lodge.

Mrs. Brown and Mrs. H. Brown, Peterborough, are guests of Mrs. Elliott, at Lariston Hall.

Mr. A. Palmer, Toronto, and Mr. Herbert Stack, Peterborough, spent last week at Ivanhoe.

Mrs. Perks and Miss Perks, spent last week at Ivanhoe.

Mrs. Perks and Miss Perks, of "Oakhurst," Peterborough, came up to Oak Orchard on Monday.

Mr. and Mrs. C. E. Packenham and Master Roderick, Norwood, are enjoying the season at their cottage.

Mrs. Holdcroft and family, Havelock came to their cottage on Koshabogomog this week.

Miss Zara E. Rust, Toronto, is with the Misses Kidney at Grassy Isle.

Miss Henrietta Fish and Mr. H. O. Fish, Montreal, are spending a couple of weeks with friends here.

Among the party at Grassy Island are—Mrs. R. Kidney, Miss E. Kidney, Lillian Kidney, C. Hornibrook and "Buster" Brown.

Miss Doolittle, Toronto, is a guest at Britannia.

'Tis said there's somethin' doing every minute at the "Big" house on Eagle Mt. Those in the party are—Mrs. I. Chalmers, Mrs. F. Snowball, Misses G. Snowball, Edith Chalmers, R. Snowball, A. Urquhart, E. White, F. Wood, E. White, J. Jewett, D. Humphrey, Master R. Snowball, Messrs Jack Brady and Chas. Crane, all of Toronto.

BOBBY KERR WON THE HEAT IN THE OLYMPIC 100 METRE DASH

Seventeen Heats and There will Be a Great Struggle For the Finals—To-day's Results

Special to J. N. Barber.

London, July 20—Daniels, New York A.C., won the final in the 100 metre swim.

London, July 20— Foreign teams, especially French are much disgruntled at their treatment by the British Olympic committee. The American team has suffered again by the blind method of heat drawing. Joseph Bromilow, of the Irish American team, and H. P. Ramey, of the Chicago AA. are pitted against each other in the heat of the 800 metre run, and Melvin Sheppard and J. P. Halstead are again matched against each other in their heat in the same event.

De Halmy, of Hungary, and Julina, Sweden, third in the 100 metre swim.

100 METRE DASH.

Heat 1—Duffy, South Africa.
Heat 2—George, England.
Heat 3—Cartmell, America.
Heat 4—Walker, South Africa.
Heat 5—Oloughen, America.
Heat 6—May, America.
Heat 7—Duncan, England.
Heat 8—Stevens, America.
Heat 9—Morton, America.
Heat 10—Kerr, Canada.
Heat 11—Hamilton, America.
Heat 12—Huff, America.
Heat 13—Robertson, America.
Heat 14—Sherman, America.
Heat 15—Rector, America.
Heat 16—Shark, England.
Heat 17—Roche, England.

Rector's time was 10 4-5, equalling the Olympic record of Jarvis.

800 METRE DASH.

Heat 1—Keeps, England.
Heat 2—Coe, America.
Heat 3—C J Bacon, America.
Heat 4—Harmon, England.

Bacon's time of 57 seconds establishes a new Olympic.

400 METRE HURDLE.

Heat 1—Bodor, Hungary.
Heat 2—Sheppard, America.
Heat 3—Halstead, America.
Heat 4—Lunghi, Italy.

BROAD JUMP.

Standing broad jump, final — Roy Ewry, of America, 1st, distance 10 ft 11 1-2 inches. C. F. Sillitras, of Greece, 2nd, distance 10 7 1-2 inches. Martin Sheridan, of America, third, distance 10 feet 7 inches.

800 METRE RACE.

Heat, 5 Beard, America; 6, Just, England; 7, Braun, Germany; 8, Crawford, England.

400 METRE RACE.

Heat 5, Burton, England; 6, Hillman, America; 7, Greenings, England; 8, Gould, England; 9, Jorwach, Hungardy, 10, Tremer, England; 11, Meetot, France.

Special to the Review.

London, July 20th. — The withdrawal of several nations from the Olympic games before the end of the week is threatening as a result of dissatisfied foreign teams over the management and the open charges that the British Olympic Committee is showing favoritism to English athletes. The situation is the most critical that ever confronted an Olympic. So far the grumbling comes mostly from individual athletes but they are too widespread and apparently well founded that there is danger they will crystallize into a united outbreak against the methods that have been employed. The American and French teams are particularly wrought at the treatment accorded to them.

The first heat of the high diving competition was won by George W. Gaidzik, Chicago A. A., with 818 points Goodwoth, United Kingdom, won 76 points and qualified for the semi-finals.

THE OLYMPIC PROGRAMME FOR THE PRESENT WEEK

The following is the official programme for the Olympic games this week.—

TRACK EVENTS.

Monday, July 20—Morning — Eight heats, 100 metres, winners in second round; twelve heats, 400 metres hurdles, winners in second round.

Afternoon—Nine heats, 100 metres, winners in second round; eight heats, 800 metres, winners run in final.

Tuesday, July 21—Morning—Fifteen heats, 200 metres, winners run in second round.

Afternoon—Four heats, semi-final, 100 metres, 800 metres final. Three heats, semi-final, 400 metres hurdles. Sixteen heats, 400 metres, winners in second round.

Wednesday, July 22—Morning — Four heats, semi-final 200 metres.

Afternoon—Four heats, semi-final 400 metres. Final, 100 metres. Final, 400 metres hurdles.

Thursday, July 23—Afternoon — Final, 200 metres. Final, 400 metres. Fourteen heats, 110 metres hurdles, winners in second round.

Friday, July 24—Afternoon—Marathon race, four heats, semi-final, 100 metres hurdles. Relay race, three heats of four teams, winners in final.

Saturday, July 25—Afternoon—Final, 110 metres hurdles. Final, relay race. Relay race will be run two 200 metres flat, then 400 metres, and last 80 metres.

FIELD EVENTS.

Monday, July 20—Morning—Standing broad jump.

Afternoon—Standing broad jump continued.

Tuesday, July 21—Morning — Running high jump.

Afternoon—Running high jump continued.

Wednesday July 22—Morning—Running broad jump.

Afternoon—Running broad jump continued.

Thursday, July 23—Morning — Standing high jump.

Afternoon—Standing high jump continued.

Friday, July 24—Morning — Pole jump.

Afternoon—Pole jump continued.

Saturday, July 25—Morning — Hop, step and jump.

PETES WON FROM STRATHS IN A TEN INNINGS GAME

In a ten innings game at Riverside Park Saturday afternoon, the Peterboroughs defeated the Strathconas, leaders in the race for the city league championship, 6—4. At the end of the ninth it was four all and an extra innings had to be played to break the tie. The city leaguers failed to tally in their half, but the Petes got a run in and the game was over.

The fans were considerably disappointed at the non-appearance of the Port Hope team, but the Straths gave the Midland leaguers a hard struggle and it was a good exhibition. Hawkins did the twirling for the city league team and delivered a nice assortment of curves. Wilson caught a clever game and the rest of the boys performed very creditably against more seasoned opponents. Kendry and Graham showed up especially Clements and Edmunds were the Peterborough battery and they were as effective and steady as usual. The regular team was not all on hand, but the substitutes played good ball.

Art Seymour was umpire and gave satisfaction. The teams were:—

PETERBOROUGH.

Burns, rf	1	4
Murphy, lf	1	1
O'Brien, 3b	2	3
Edmunds, c	1	1
Anderson, 2b	0	2
Lang, ss	0	0
Lawson, 1b	0	0
Clements, p	0	1
Staunton, cf	1	0
	5	12

STRATHCONAS.

	R.	H.
Weatherstone, 2b	0	0
Kendry, ss	1	1
Hawkins, p	2	1
Wilson, c	0	1
Craig, 3b	1	1
Shaw, lf	0	1
Allison, rf	0	1
Parnell, cf	0	0
Graham, 1b	0	1
	4	7

Two base hits, Edmunds, Anderson, Hawkins, Shaw and Allison.

THIS PITCHER FALLS ASLEEP

California South-paw Sometimes Drops off into Slumberland Sitting on Bench

"Bill" Burns, the Southpaw pitcher from California, on Joe Cantillon's hurling staff, is about the most cold-blooded individual the game has ever produced. The newcomer never gets excited, but is most likely to fall asleep during his closest games.

Fans get excited over ball games, and even veterans, men like Cy Young get worked up to a high pitch when in one of these 1 to 0 battles, but not so with Burns.

It is an actual fact that during one of these close games he pitched during the recent visit of the Washington team to Chicago Burns fell asleep on the bench while his side was at bat in the eighth innings. He had to be aroused from his slumbers to take up his work on the mound.

Nothing excites the southpaw. All he seems to know is to go on the rubber and pitch his best. He believes rest essential, and while his teammates are hustling for victory "Bill" is just as liable as not to fall into a nap on the bench.

It is not an unusual thing for Burns to fall asleep in the bus or carriage while on the way to the ball park, and on days he is scheduled to pitch he fields bunts before the game to keep from falling asleep. Slumbering is not a disease with Burns. He says he believes it helps him to pitch good ball.

If Burns can keep up the pace he has set he will come out of his first campaign in a major league with a record for effectiveness that few youngsters have ever established.

Burns has been a most consistent performer and has proved that he is a great heaver. Unfortunately his record of victories is not as great as his work warrants it to be. He should have won every game he has pitched this season, with the proper batting support.

TOURNAMENT STARTS TO-NIGHT

Schedule for Nicholls Oval Tennis Club's Tournament

The Nicholls Oval Tennis Club's tournament opens tonight. The schedule is:

1st Round

Cressman vs McClellan, July 20.
Wilkie vs Laing July 20.
MacRae vs Middleton, July 21.
Easson vs Best, July 21.
Turner vs F Cressman, July 22.
Downie vs Sisson, July 22.
Dobbin vs Collier, July 23.
Galley vs Miller, July 23.
Sheen vs Wright, July 24

Second Round

Winner of 1 vs winner of 3.
Winner of 2 vs winner of 6.
Winner of 7 vs winner of 5.
Winner of 7 vs winner of 9.
Winner of 8 gets bye.

Semi-finals

Winner of 1 and 3 vs winner of 2 and 6.
Winner of 4 and 5 vs winner of 8.
Winner of 7 and 9 gets bye.
Finals will be arranged later.

Men's Doubles.

The following is the draw for the men's doubles:

Best and Miller vs Easson and Wilkie.

McClennan and Sisson vs MacRae and Downie.

Collier and Laing vs H Cressman and Dobbin.

Turner and Galley get bye.

The first round of the men's doubles must be completed by August 1st. The games should be played as soon as possible. Those who are drawn should make arrangements to play when most convenient.

TRAINING FOR LONG DISTANCE RUNNING GAME

Alf. Shrubb, the famous English long distance runner, recommends the following methods of training for long-distance races such as the Marathons.

The principal item is walking. Get out for a sixteen mile walk three or four times a week and walk at a good steady 4 1-2 mile-an-hour pace. On the other days go eight miles only at about five miles an hour, saving one day for a sixteen-mile steady road run.

Keep this up for a month or six weeks and then go harder for the last month. Lengthen your run to twenty miles or twenty-five miles and do this either twice a week or three times in a fortnight. Do all the running practice on the road so as to harden your muscles.

Lengthen out the walk also during these last four or five weeks, making it twenty or twenty-five miles twice a week and twelve or fifteen miles on the other days. Pace won't matter so much, as you can leave all sprinting practice severely alone.

It is the distance and not the pace that is going to kill in a long journey race.

When the contest comes off, get away at a long, slow, steady stride —one that you can keep up indefinitely.

Don't lift your feet too high or try to tire yourself in any way. The best action, not the prettiest, is the one to cultivate, and every care must be taken to avoid jarring the muscles.

Let your arms hang down and loose forward just enough to help you along. Run as near as possible as you could imagine yourself running in your sleep without exertion and fatigue.

FIELD NIGHT THIS EVENING

B. A. C. to Have an Outing Down the River

The B.A.C. are holding a field night down the river this evening. Launches will leave the Otonabee boat house at 6 o'clock and proceed to the spot selected. All members are requested to be on hand in good time.

SPORTING COMMENT

The Toronto ball team appears to have solved the problem of aerial navigation; at any rate they are up in the air all the time.

The South Mountain Herald says that the Kemptville Advance says that a South Mountain Man wandered in to a Kemptville shop the other day and for some moments gazed in wonder at the busy electric fan. "Gee!" said he at length, "Isn't that squirrel runnin' fast!" And incidentally it may be stated that this joke had whiskers on it when Champlain founded Quebec.

The Port Hope ball team, like the summer resort bather, seem to have got beyond its depth — in the salary line.

Have you heard anything about Lindsay's representative in the Olympic games? Oh no, John Hogan was unable to get away. He would have given Larner a tussle in the walks.

That big fish that Stan. Coon landed seems to have followed the slogan "Get the Hook," about once too often.

The sporting editor wires from Keene that he has made a catch at Rice Lake. Who was the girl?

Local man says he had twelve peaches the other night. Fruit or feminine variety?

The Peterborough lacrosse team plays at Lindsay on Thursday. It is to be hoped the hay crop has been harvested at the exhibition grounds where the game will be played.

New Westminster had brought 13 or 14 players east with them. They evidently expect that the games for the Minto cup will be strenuous.

Con Walsh finished within the money in the Olympic games and the Canadian committee will now have to refund him his expenses. Walsh was sent over to the old country by Joe Boyle.

And talking about that game at Lindsay, the visitors can expect a lot of sympathy from the crowd, and perhaps they'll need it. It is simply marvellous the way they like Peterborough in Lindsay.

The Midland Baseball League will likely go back to the amateur ranks again next year. And it will be a good thing all around. The pro game don't pay around these diggins, and in some bigger places, too.

When it comes to putting a strictly home brew team in the field, Peterborough won't be too badly off next year. The City League has brought up some good talent.

The Strathconas seem to have a strangle hold on the City League championship. But anything is liable to happen in these games, as Bill Mothera would say.

Local sports are beginning to talk rugby again. And it's a good sign. Peterborough will have a team that will make them all hustle this year.

A Review foreman says that fishermen are born, not made. And when we come to think of it, so are the rest of us for that matter.

Connie Murphy, of the Petes, has Dr. Lynch's fly paper beaten to death when it comes to catching flies and holding on to them.

If Art Burn wins the Olympic Marathon he should be invited to come to Peterborough. There are several people here who would be delighted to meet him again.

Someone should come along and settle definitely the length of the Olympic Marathon course. According to the despatches it is all the way from 23 to 27 miles. Who's right.

REGATTA DAY AT STURGEON POINT

Sturgeon Point regatta day is fixed for August 6th and the Chemong regatta will take place on Aug. 10th, Civic holiday, thus permitting the Lindsay and Sturgeon Point people to take advantage of this.

LACROSSE

There will be a full practice of the lacrosse team at Riverside park tonight. The players are asked to be out as early as possible. A strong team will have to be taken to Lindsay to down the Scugog stalwarts and every bit of practice is needed.

Additional Sport on Page 3

Wood's Phosphodine,
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins, Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhœa, and Effects of Abuse or Excesses. SPENDING BIG SUM ON STREETS

Kingston Putting $55,000 into Highway Improvements This Year

Kingston, July 18.—Kingston this year will make its record expenditure on street improvements, about $55,000. To show for this there will be nearly two miles of new macadam roads, six miles of new concrete sidewalks, and many feet of sewers, including the O'Kill street sewer now in course of erection. The expenditure on street maintenance will be $11,000, on new roads, $9,500; on new walks, $2,400, and on sewers about $10,000.

The engineer's department is a busy place, and it speaks well for the industry and capacity of Engineer Craig, and his assistant, S. J. McLelland, that they are able to look after the large volume of business consequent upon the expenditure of $55,000.

So far this session 1,900 feet of macadam road has been built, leaving about a mile and quarter still to do. The walks built this year total two miles, while there is about four miles still to be done.

Of the $55,000 set apart for the streets by the city, about $26,000 remains unexpended, and the engineer believes that this will be enough to complete the work mapped out, although a large amount could be used to better advantage. Still $55,000 is pretty good for Kingston.

CAN STILL RIDE ON FRONT EAT

Ontario Railway Board Has Reconsidered its Decision

Those patrons of the Peterborough street car service who prefer to ride on the front seat with the motorman will be interested in knowing that the Ontario Railway Board is reconsidering its recent suggestion that the use of front seats on open cars should be prohibited. This suggestion which was the outcome of the street fatalities, at Ottawa, has met with a storm of protests on the part of various Ontario cities possessing street car services.

This protest has resulted in the Board's deciding to circularize the street railway companies of the province asking them to frame what they consider to be suitable regulations regarding the use of front seats and send them on to the Board.

One device suggested is to cage the motorman off by himself, another is to allow only those in front who can be seated.

TRIAL WILL BE HEARD TO-MORROW

Alleged Pickpockets to Appear Before Judge Weller

The four alleged pickpockets, Harry Hamilton, Edward Graney, Geo. Williams and Jos. Adams, who are in gaol awaiting trial on charges of picking pockets, will appear before his Honor Judge Weller to-morrow at a special sitting of the court, which opens at 11 o'clock. Messrs. O'Connell and Gordon are defending the prisoners.

HE LOCKED DOOR ON HIS FAMILY

The Chief received a wire from Reaboro yesterday to come to that place as quickly as possible, which he did and upon arrival was directed to a house where a siege was taking place. The man of the house being the worse of liquor had taken possession, and it is said had refused admittance to his wife and family whom he had put out earlier in the day.

After a little moral persuasion and a confidential chat with the proprietor everything was fixed o.k., and the family once more resumed house-keeping, although minus a few dishes belonging to the dinner set. — Lindsay Free Press.

FINANCIAL CONDITIONS IN NEW YORK ARE IMPROVING

Prospects of a Big Crop Buoys up the Situation—Oats and Hay Now Out of Danger.

Special to the Review

New York, July 18—Financial conditions continue to show steady improvement chiefly owing to favorable crop prospects, easy money, and a more hopeful feeling in business circles. Our financial leaders and captains of industry are becoming more and more optimistic in their opinions. Depression is slowly but gradually disappearing and evidences of improvement are visible in the diminishing number of idle cars, in the somewhat better orders for steel, in a partial revival of building, and in a steadier demand for merchandise in many of the leading markets. Of course business is still very quiet, and in volume much below that of a year ago. But the fact is true, nevertheless, that depression is waning and that we are fairly started on the road to recovery with no prospect of another panic in sight because of the thoroughness of recent liquidation. It may be some time before the activity of 1907 is regained, but the recovery should be more rapid than usual because the country generally is not suffering from over production as during the previous panic, and ere long our industries must restart to prevent an actual scarcity of merchandise if present contraction is persisted in.

The most stimulating element in the situation at present is the crop outlook. Our weather during the past two weeks continued favorable, and condition of the crops has correspondingly improved. The corn crop this year according to present promise, will yield 2,700,000,000 bushels which at the September option price of 62 cents would be valued at $1,700,000,000. The wheat crop with an indicated yield of 675,000,000 bushels would amount to $627,000,000. The cotton crop which promises 13,000,000 bales at 9 1-2 cents would yield about $600,000,000. The oat and hay crops now out of danger are record breakers in quantity and quality. Last year these two crops were valued at over $1,000,000,000, and this year that sum will be further exceeded. All the crops of 1907 were estimated by the Department of Agriculture at a valuation of $7,412,000,000 on the farm, and in view of the larger yield this year, and the good prices generally obtained it is quite reasonable to expect that our farmers this year will produce new wealth worth at least $8,000,000,000; the largest sum ever realized in one year by this country or any other from agricultural products. This continued prosperity of our farmers will be the strongest factor in recovery. Our farmers are already in better condition financially than they ever have been as a class, and since they are less in debt than usual they will be more able to buy necessities and luxuries than at any time in their history. If there is any tardiness in recovery it will be chiefly in the erection of new buildings and new plants. In all probability the plants of the country have been sufficiently enlarged during the last few years to meet requirements for some time to come; and as we have been much occupied building cotton mills, iron works, new office buildings, new apartments, etc., old-time activity in these lines will not be quickly resumed, until they are signs of the new facilities becoming inadequate.

MANUFACTURER INSURES AGAINST BRYAN WITH LLOYDS

New York, July 18—Under the new anti-betting law in this State, recording bets on any election is as great a crime and may be visited with as dire punishment as recording bets on a race track, but London Lloyd's will write insurance against the election of Bryan and Taft, as in many cases these venturesome insurance brokers have written policies against the birth of twins, and in at least one recent case have insured a man against molesting his mother-in-law.

The policy is of a form sometimes loosely described as a wager or honor policy and while it may not be enforcible at law, the standing of Lloyd's brokers gives the bettor ample protection against any welching on the part of the broker. The taking of such policies in large numbers yesterday practically opened the betting on the Presidential election of this year. In the morning the premium odds was 8 1-2 to 1 against Bryan. At the close the odds went down to 6 2-4 to 1 against.

The new method of election betting owes its origin to a manufacturer who felt very confident of a sharp revival of business following the election of Taft and was anxious to run his plant at full capacity in the months preceding the election if only he could protect himself against the contingency of Bryan's success. In this predicament the manufacturer went to a firm of insurance brokers and asked them for a policy insuring his business against Bryan's election. They cabled Lloyd's for terms and received a quotation of 20 per cent, which is equal to odds of about 4 to 1 against Bryan. The manufacturer considered the rate too high, and yesterday after reflection, Lloyd's brokers offered to write the policy at 10 1-2 per cent. The offer was accepted and insurance to the amount of more than $100,000 was taken. The manufacturer will put all hands to work immediately.

OWEN SOUND HAD TROUBLE OVER APPOINTMENT OF CHIEF

To Succeed Mr. Howard Who Came to Peterborough—Council Had a Lively Session.

It appears that Owen Sound is having troubles all its own over the appointment of a fire chief to succeed Mr. Howard who came to Peterborough. In its report of the last council meeting, the Owen Sound Times says;

The trouble arrived in company with the reading of the Fire committee's recommendation that a by-law be introduced to appoint a permanent chief for the fire brigade. No sooner hads the fatal words reached his ear than Mr. E. Lemon sprang to his feet with an agility that might well have been envied by a trained athlete, while the expression that sat upon his countenance was not exactly in harmony with that generally assumed by an individual who has just been left a fortune. In a word, Mr. Lemon plainly felt aggrieved. He wrathfully denounced the idea of introducing the by-law that night in the absence of Mr. Taylor, the chairman of the Fire Committee. To do so would be preposterous and he for one would not stand for it. When the other members with the exception of Mr. F. W. Harrison indicated that they saw no reason for objecting to the passing of the by-law, Mr. E. Lemon's temperature gradually rose and in emphatic tones he cried; "I won't allow this to go on. I tell you if you persist in this thing I will leave the meeting and then you won't be able to do any business."

At this dire threat Dr. Hreshey took the floor and explained that he did not see that the absence of Mr. Taylor made any difference as that gentleman had been present at the committee meeting and had approved of the recommendation. Mr. Taylor had been aware that he would be unable to attend the council meeting but had nevertheless supported the suggestion.

Mr. T. W. Thompson endeavored to remind Mr. Lemon that no department could prove itself efficient without an authorized leader and it was therefore in the best interests of the community that a firemaster should be appointed at the earliest possible moment.

"I know all that" said Mr. Lemon, "but to me it seems strange that such anxiety should be displayed by the members to introduce this by-law to-night. There must be something in the wind. I move that the meeting be adjourned."

Mr. Legate had strong objections to any adjournment being made. He declared that by-law 1313, which provided for the expenditure of $5000 in local improvements should be passed that night in order that the money might be obtained from the bank. The money would not be furnished unless the by-law was passed.

But Mr. Lemon had, figuratively speaking, mounted a very high horse, and refused to come down in answer to the pleading tones of the chairman of the finance committee. He reiterated his former intention of leaving the meeting to its fate if the fire committee's recommendation was not withdrawn. It appeared to him that there was something radically wrong and it was his intention to see that the chairman of the fire committee present before he took any step in the way of introducing this by-law. He added in a highly excited voice, "You know you can't do anything if I leave this meeting as there won't be two-thirds of the council present."

This irritated Mr. Thompson, who addressing the clerk, said, "Surely one man cannot hold up the whole council in this manner?"

The clerk's reply was in the affirmative with the information thrown in that they could not compel any member to remain at the meeting.

Mr. Thompson.—Then I say it is a foolish law.

Unlike his namesake, Mr. H. Lemon was in favor of the passing of the by-law he having submitted the report in the absence of Mr. Taylor.

Mr. Davis joined in the chorus of entreaties and did his best to satisfy Mr. E. Lemon that there was not the slightest necessity for his departure.

After considerable squabbling, Mr. Baines, a member of the Brigade at the present time, was elected chief.

The western harvest will be 20 days earlier

BEEF DEARER IN OLD LONDON

Has Gone up 2 Cents a Pound—9,000,000 People to Feed

The price of beef in London, England, has gone up 2 cents per pound all around, and on the prime rule—home killed—there is an increase of 4 cents per pound.

Housewives are also faced with the unpleasant prospect of a future rise during the next few days.

Decreased imports owing to the financial panic in America last autumn, the shortage of Canadian cattle, and the fact that English breeders are turning their attention to dairy-farming instead of cattle-breeding, are the causes of the advance in price.

"The supplies have been depleted through the financial crisis in America,' said W. Payne, secretary of the National Federation of Meat Traders' Associations recently, "and I believe the increase will be much greater.'

"For the present I am afraid there is nothing to relieve the blackness of the outlook. The prices speak for themselves.

"To-day, for instance, best Scotch sirloin ribs cost the retail butcher 22 cents per pound. If he puts it on the market at 23 cents, it means that he is making practically nothing out of it. Town-killed beef, too, was 21 cents, the best American chilled 19 cents prices which necessitate an increased charge to the consumer.

MUST FEED 9,000,000 PEOPLE.

"These prices are very much higher than those of some months ago and, indeed, for nearly a year, there has been a steady rise.'

The increase in price is general although not uniform. For example, in London the figures are 2 cents and 4 cents in Manchester the advance is only 1 cent a pound, in Birmingham it is 2 cents, as also in Leeds, Bristol and Glasgow.

In many quarters there is a disposition to blame the American Beef Trust for the shortage.

Various remedies are suggested for overcoming our present dependency on America for our beef supplies.

We are responsible for feeding about 9,000,000 of the population within a fifteen miles' radius of Greater London,' said Mr. Payne, "and we say we ought to have facilities for increasing the supply. For instance, the embargo on American store cattle, which are not allowed to be distributed through this country, but have to be slaughtered at the port of landing, should be removed.

"Although the Argentine supplies have not been so much reduced, at present only dead meat can be landed from Argentina. No foreign imported meat can take the place of live cattle, as there are then no profitable by-products to deal with.

"How long the shortage will last it is impossible to say. The whole solution lies in obtaining new sources of supply.

SUMMER SEASON AT GORE'S LANDING

Some of Those Who Are Holidaying at Rice Lake

Gore's Landing, July 18.—Mr. Williams, Toronto, was a guest of Keene French last week.

Miss M. Kent, Toronto, is staying with her sister, Mrs. J. W. Dixon, of Peterborough.

Mr. and Mrs Thomas Ambrose, of Port Hope, are holidaying at the landing.

Mrs. J. Carmichael, of Toronto, is a guest of Mrs. R. Elmhirst at Hastings.

Misses Luella Latt, of Toronto, and Olive Anderson, of Lindsay, who were holidaying with Peterborough friends have returned home.

Mr. Clarence Bell, wife and two children, came down from Toronto a few days ago for a holiday at the lakes.

Miss Maggie Chapperton, who was holidaying at Harwood, has returned to the city.

WILL LIKELY HAVE A RED HOT TIME

Rather a novel point is being raised in connjunction proceedings taken by the Red Book Company of Chicago against the agents in Canada of the Red Magazine, the question being raised as to the rights of the concern publishing the latter publication to the use of the word "Red" in the title of their magazine.

Injunctions were taken out yesterday by Messrs. Blair and Laverty, acting for the Red Book Company, of Chicago and the necessary documents were served on the Montreal News Company, while A. T. Chapman and C. Watkins Etchos, will also receive service in the matter being enjoined to cease sale of the Red Magazine.

It is asserted by the plaintiffs that for a period of five years they have been publishing at Chicago the Red Book Magazine and that it possesses a cover red in color. They also assert that a large circulation has been developed. It is claimed that about six weeks ago the Red Magazine made its appearance in the Canadian market. The use of the word red and the style of cover blue in reed color, is, it is asserted, an infringement of the name and trademark of the plaintiff company and for this reason an injunction is asked for.

Fire Insurance Policy

YOU CAN SHAKE HANDS WITH YOURSELF

when you have a good Fire Insurance Policy in one hand. Shake off the lethargy you are in. Be a business man and look after your own interests. The wise would never think of allowing their personal property to be uninsured. If you have been so foolish hitherto, wake up now and get interested for your own interests. We can insure your house and contents for a small premium. You will hardly feel the paying of it yet it affords you a permanent protection against fire. We represent several of the largest fire insurance companies in the world, whose motto is "prompt and liberal settlements."

SIX TRAINS WENT THROUGH CITY YESTERDAY TO QUEBEC

Six trains went through the city to Quebec on the CPR. yesterday between twelve and three o'clock. Each one was filled with soldiers going to the Tercentenary. Many people were at the station to see the local composite company depart.

There were 800 of the Queen's Own of Toronto, who went through in two sections about 12.30. They were followed by the 13th Regiment of Hamilton, the 79th of Waterloo, and 91st of Hamilton.

There were a number of Peterborough old boys on the trains. Fred Might, Fred Staples and Sergt-Major Brittain, with the Queen's Own, and Melville Robinson, of the Hamilton Spectator, with the 91st of Hamilton.

The local boys paraded to the station at 12.30 and went on the same train as the 91st regiment of Hamilton.

Those who left were, Capt. Jos. Mills, 1st Lieut. W. Langford; 2nd Lieut. J. M. Gemmell; Color-Sergt Roberts. Sergeants Staunton, Waterman and Halpin; Corporals Miller, Ringer, Hall and Hart; Privates Dummitt, Lavelle, Giles, Leach, Stone, Shaughnessy, Price, Sucree, Barrett, Derocher, Manley, Hatton, Elcombe, Campbell, Haughton, Smeadmore, Logan, Lowry, Henry, Wallace, Little, Patterson, Weatherstone, McNirm, Coffock, Hall Skidmore, Morency, Abbott, Huggins, Storey and Picard.

Men in waiting.—Ptes. Seymour and McPherson.

CROPS IN THE WEST WILL BE BETTER THAN EVER THIS YEAR

Mr. and Mrs. J. G Shook returned Friday evening after a seven weeks' trip to the Canadian West and British Columbia. They left here on the 28th of May, Mr. Shook going to attend the General Assembly of the Presbyterian church which met in Winnipeg.

Mr. Shook's trip was a pleasure one and he and Mrs. Shook thoroughly enjoyed it. They visited Vancouver Victoria and Nelson. Mr. Shook says that the prospects for a bountiful harvest were never better. Everything looks prospering and the people apparently are enjoying prosperity. Mr. Shook did not visit in Manitoba, outside of Winnipeg, but one passing through the country is impressed by the immense fields of beautiful grain. If the unforseen does not happen, the farmers will enjoy what promises to be their richest year. It is expected that harvesting will commence in about three weeks.

A BIG SNAKE

Last Monday, Alex. Jackson while cutting hay on his farm at Mud Lake, near Gananoque, encountered a huge snake. The reptile seized his horse by the fetlock, but Mr. Jackson kept a-going and cut off this head with a mower-knife. Did you ever hear such a tale in your life! According to the Gananoque Journal the snake was at least nine feet long with a chest measurement of thirteen inches.

LAKEFIELD YOUNG MAN SANK TO DEATH IN THE OTONABEE

Joseph Mailiss, Aged Twenty Two, Drowned Near Lakefield Village Last Evening—Was Fishing and Boat Upset.

Joseph Mailiss, twenty-two years of age and a resident of Lakefield was drowned in the Otonabee river about a half mile from the village at 7.30 o'clock last evening. In company with a young man named Harry Dodds he was fishing from a boat just north of lock No. 2, and the accident occurred as the result of a fish which had been caught, jumping out of the boat. Mailiss tried to grasp it as it was going over the side of the boat and in doing so upset the craft. Dodds was able to swim but Mayliss could not. The latter was able to secure a hold on the boat but before his comrade could rescue him his strength gave way and he sank. The water is about eighteen feet deep at the place where the fatality occurred and the current is very strong.

The body has not yet been recovered although a vigilant search is being made. The swiftness of the current makes the recovery of the body a difficult task.

The unfortunate young man worked in the Cavendish Lumber Co's. mill at Lakefield and his death is greatly regretted. He had many friends and they were pained to hear of this tragic end of his life. He had been a resident of Lakefield for the past three years and was unmarried.

WHERE ARE THE BERRY PICKERS WHO FLOURISHED YESTERDAY?

Although the season for wild berries and huckleberries is in full swing the dealers in Peterborough can not secure sufficient of them to supply the demand. In fact it is difficult to secure them at all. No, it is not because the berries don't grow any more in the district that they are scarce. They are as plentiful, or almost as plentiful as they ever were. There's another reason.

"The fact is" said a fruitman in talking about the matter to the Review "that the people won't pick the berries now. It used to be the proper thing to organize parties and go berry picking but that's not done any more. The gentle art of berry picking is fast becoming one of the lost arts. Even the farmers' wives and daughters don't appear to pick berries to any extent any longer. If they do they are not picking any more than enough for their own use; at any rate they are not bringing any to the city although good prices are offered and we are having a hard time to satisfy our customers."

Can't someone start a crusade to make berry-picking popular again. How about a "Berry picking club." Someone should take the matter up.

LITTLE BOY WHO HAD CROSSED THE OCEAN ALONE PASSED THROUGH PETERBORO

On the 5.20 C.P.R. train which passed through Peterborough Saturday evening was an unusually interesting passenger. He was little Harry Standing, seven years of age, who was on his way to Toronto after travelling all alone from London, Eng. At Toronto, he was met by his grandfather, Mr. Edward Scott, 61 Westmoreland street, with whom he will reside. He came across the Atlantic on the Allan Liner Corsican and was met at Montreal when the boat arrived on Monday evening by Chief Campeau, who had been notified that the little fellow was coming. A Montreal policeman placed the boy upon his train and gave the conductor instructions regarding him.

The little fellow attracted considerable interest on the car in which he rode especially when his interesting story became known.

WEDDING BELLS

WINSLOW—RUSSELL.

A quiet but pretty wedding took place at the home of the bride's parents, Mr. and Mrs. W. G. Russell, King street, Millbrook, on Wednesday, July 15th, when their daughter, Miss Edythe Isabella, was united in marriage to Major Charles Henry Winslow, both of Millbrook. In the presence of only the immediate relatives of the contracting parties, numbering about twenty-five. Rev. Rural Dean Allen performed the ceremony.

The ceremony took place in the drawing-room, which was prettily decorated with sweet peas and nasturtiums. As the bride entered the drawing-room leaning on the arm of her father, who gave her away, Lohengrin's wedding march was beautifully played by Mrs. W. C. Allen, who also rendered Mendelssohn's march at the close of the ceremony, which took place precisely at 3.30.

The bride's dress was of brown broadcloth, with trimmings of braid and white satin, with touches of white and blue, with hat to match. After the happy couple had received the congratulations of all present refreshments were served, and at 4.30 the bride and groom drove to Cavanville and took the C.P.R. for a trip to Toronto and Buffalo.

The presents to the bride were were numerous and pretty, testifying to the high esteem in which she is held by her many friends. Those from a distance in attendance were Miss Mabel Smithoren, of Lindsay; Miss Belle McLaughlin, of Cartwright; Dr. and Mrs. A. L. Russell, of Bailieboro and Mr. and Mrs. Louis H. H. Winslow, of "Woodleigh," Ida.—Lindsay Warder.

TO PREACH ABOUT TERCENTENARY

At St. John's Church next Sunday morning, Rev. Archdeacon Batty will preach a sermon on the Quebec Tercentenary. It will be of an unusually interesting nature.

GRAIN FROM THE FAR WEST

Ex-Ald. Edgecumbe Sends Samples to a Friend Here

A friend in the city has received from Ex-Ald. Jas. Edgecombe, who is now residing in Nanton, Alberta, samples of wheat and rye grown in the immediate vicinity of that town. They are of last year's crop and are splendid specimens. The wheat is of the variety Dawson's Golden Chaff and is unusually large and well formed.

Frank Hogan, from Parry Sound, serving a term in Kingston penitentiary, hanged himself.

HAVE NOT RAN AWAY FROM LOCAL GAOL

Rumor That Alleged Pickpockets Had Escaped is Untrue

A rumor is being circulated throughout the city to-day to the effect that the four alleged pickpockets awaiting trail in the county gaol had escaped some time between last night and this morning. However, it is pleasing to state that the report is totally unfounded and the originators of it must have been slightly twisted. They evidently have got the escape of the seven prisoners from the Toronto gaol mixed up with the four confined in the local gaol. They appear for trial to-morrow morning.

DOAN FAMILY HAVE RE-UNION

At Newmarket---Mr. F. W. Doan of Peterborough Was in Attendance

One of the most successful family reunions ever held in this province took place on Saturday afternoon last on the grounds of the Friends' meeting house on Yonge street, near Newmarket. Ebenezer Doan's family settled in North York in June 1808 and to celebrate the centenary of this event a reunion of his descendants and their friends was held on the farm on which he located and which has been in the possession of his descendants ever since, Mr. Charles Doan being now the owner.

Mr F. W. Doan of Peterborough, was in attendance.

The proceedings began at 3 o'clock Mr Charles E. Lundy of Newmarket, a great-grandson of Ebenezer Doan, acting as chairman. Letters of regret at not being able to be present at the reunion were read from Right Rev. William Croswell Doan, of Albany; Dr W H Doan of Cincinatti; Mr. Alfred A. Doan of Everett, Mass., Mr A J. Doan of Jersey City, Mr. Harrison Doan and Mr. Frank Haight of Waterloo.

The first speaker was Mr. R. H. Doan, principal of Dufferin school, Toronto. He briefly outlined the careers of the heads of the families in the direct line for seven generations beginning with Deacon John Doan, who came from England to Plymouth Massachusetts, in 1630, being one of the Puritans who came over in such numbers at that troublous time. He was associated with Governor Wynslow, Miles Standish and John Alden on the Plymouth Council of that date. Among the other heads of families spoken of was Daniel Doan, the second of the name who moved from Massachusetts to Buck's county, in Pennsylvania, in 1696, a journey of seven hundred miles by waggon. Having joined the Friends, whose doctrines were then attracting much attention, he was the first of his family to desert the Puritan faith, the faith of his ancestors. He was the founder of one of the most important branches of the family.

Ebenezer Doan, in whose honor the celebration was held, was born in Bucks county, Pennsylvania, in 1733. He died on the farm where the reunion was held and was interred in the Friends burying ground on the same lot in 1818. The speaker read a letter from one of the pioneers of this immigration, Amos Armitage, son-in-law of Ebenezer Doan, which illustrated the social condition of the people here one hundred years ago. Many others of the family were referred to. The speaker concluded by paying a glowing tribute to the memory of the late Right Rev. George W. Doan as a preacher and as a poet.

Other speakers followed.

VOL. LVII., No. 17. PETERBOROUGH, ONT., CANADA, TUESDAY, JULY 21, 1908 TEN CENTS PER WEEK

GUESTS INVADE OLD QUEBEC THOUSANDS ARE POURING IN

Day Has Little Programme But a Plentitude of Color and Excitement—"Bobs" is Dined by Garrison Club—Preparations for Prince.

Quebec, July 21.—This city of expectation rested last night content, her gates full, her streets and houses bannered and festooned, her harbor spangled with the warships of three nations, the consummation of the battlefield show made a certainty, and the triumph of her great pageant assured. It was a day of scant program, but it was made generous use of in completing the decorations and arrangements. Uncle Sam sent one of his best fighting machines, and when the New Hampshire rounded the Isle of Orleans yesterday afternoon the French and British fleets and the Citadel reared out welcomes that bespoke the three-cornered entente cordiale. Distinguished visitors continue to arrive, and to-day the guests of the nation will be officially received, the afternoon fixture being the first performance of the pageant.

Yesterday morning an official reception was extended at the City Hall to the members of the Canadian Union of Municipalities, most of whom came on from Montreal to Quebec after the annual meeting at Montreal. They were welcomed by Ald. Pacard, acting mayor, whose address was replied to by Controller Ward of Toronto. Among other members of the union present were: Mayor Oliver and Ald. McGhie, Toronto; Mayors Ashdown of Winnipeg, Stevely of London, Bethune of Vancouver, Hall of Victoria, Mentor of Verdon, Man., W. D. Lighthall of Westmount, secretary-treasurer of the union; ex-Mayors Judd of London, Dyke of Fort William and Fred Cook of Ottawa.

All the Troops In.

All the troops have arrived and are now in the various camps. The Queen's Own Rifles, the Royal Grenadiers and the 48th Highlanders, Toronto, reached the city yesterday.

Shortly before 1 o'clock yesterday afternoon the United States battleship New Hampshire steamed slowly around Indian Cove into the harbor. Her coming had been expected since 10 o'clock and a tremendous crowd had gathered on Dufferin Terrace, on the wharves and on the slopes of the Citadel to watch her.

About 4.30 o'clock a round of official visits by the Governor-General and admirals to the various ships was signalized by more salutes, heard all over the city. As the crash of the guns re-echoed one could not help but think of the days when in turn France and Britain and Britain and the United States fought for the possession of what is now Canada.

"I am already a member of the Canadian militia, being honorary colonel of the Royal Canadian Artillery and of the Queen's Own Rifles. I shall watch the parade of the militia, and I know I shall be as well pleased with them as I was with the conduct of the Canadians in South Africa."

These words, uttered by Lord Roberts in the course of an address made at the Garrison Club dinner in his honor last night, called forth round after round of cheers. The gallant soldier was the honored guest of the club.

Col. Turnbull, president of the Garrison Club, was chairman.

Among the guests present were the Duke of Norfolk, Gen. Sir R. Pole-Carew, Rear-Admiral Jellicoe of the British navy, Vice-Admiral J. Anre Gurbery of France, Lord Lovat, Vice-Admiral Cowles of the United States navy, Gen. Otter, Major.-Gen. Wilson and Col. G. T. Denison.

It is expected that there will be at least 125,000 people to greet the Prince of Wales when he arrives on Wednesday afternoon. Immediately on landing, the prince will be received by a naval and military guard, after which an address will be presented by Sir Wilfrid Laurier on behalf of the Government of Canada. His Royal Highness will then be conducted to the Governor-General's carriage, when, accompanied by His Excellency the Governor-General, and attended by Lieut.-Col. Sir Arthur Biggs, his private secretary, and Col. Williams, he will proceed, escorted by a field officer's escort, to the Citadel, where a guard of honor will be mounted.

THE VICTIM OF MURDER PLOT

Young Man Who Had Just Been Married Killed His Aunt.

Poughkeepsie, N.Y., July 21.—Awaiting the home-coming of their son with his bride, whom they believed he had married in New York yesterday, the parents of August Eberhard, were awakened by detectives at dawn to learn that the young man is being sought by the police of the whole continent in connection with the atrocious murder of his aunt at Hackensack, N.J., Sunday.

Lured from her home in Austria to this country because it was known she possessed a small fortune, then decoyed to a lonely spot about two miles west of Hackensack, N.J., murdered and robbed of $2,450 and her body placed upon a railroad track in a clumsy effort to conceal the crime, was the fate that befell Mrs. Ottilie Eberhard within 48 hours after she had landed in this country. Her daughter missed death by the narrowest margin. Young Eberhard is still at large.

"Mounteds" For Oxford.

Ingersoll, July 21.—The organization of a mounted infantry regiment in Oxford and Waterloo Counties is being promoted. There will be two squadrons in Oxford County, one in each riding. Ingersoll will be the headquarters for the South Oxford squadron, of which T. R. Mayberry, M. P. P., will probable be major, and W. A. Edgar captain.

Fulfils Her Prophecy.

Jamestown, N.Y., July 21.—Mrs. Leroy Noble, some time ago prophesied that she would die on June 28. On the date she named she died.

Yesterday the coroner announced his findings of a chemical analysis of the woman's stomach. She had poisoned herself with strychnine and fulfilled her prophecy.

Registrar For Perth.

Toronto, July 21.—The announcement was officially made at the Parliament Buildings yesterday afternoon of the appointment of James Steele, barrister, of Stratford, as registrar for North Perth.

Forest Fires Costly.

Ottawa, July 21.—Disastrous fires have destroyed between 150 and 200 million feet of timber in Ottawa Valley. J. R. Booth, Gillies Bros., and Shepard & Morse are among the big losers.

Disobeyed Summons; Is Jailed.

Ingersoll, July 21.—Elijah Titus, who disobeyed a summons to appear in the Police Court on July 8, was yesterday sentenced to six months in the Central prison.

Slaughter by the Railroads.

Buffalo, July 21.—Between midnight and daybreak yesterday morning six foreigners were run down and killed by trains in the railroad yards at South Buffalo.

Peace Union Invited.

Ottawa, July 21.—The Peace Union are to be invited by Parliament to meet in convention at Ottawa next year.

THREE YOUNG MEN WERE DROWNED

While Trying to Shoot Rapids in a Canoe.

New Liskeard, July 21.—Yesterday search was diligently prosecuted for the bodies of three young men, drowned Sunday while trying to shoot the rapids in Montreal river in a canoe.

The victims are Oswald E. Newberry of Elgin Mills, York County; Bryce M. Black, son of James Black, Toronto, and Harold Dowsley of Kingston. Will Cameron of New Liskeard managed to save himself.

The party were out to take photographs, and they borrowed a 16-foot canoe, which struck a rock nine miles below Gillette's Depot. Black clung to the canoe and Cameron also reached it. Newberry was only 25 feet from shore, but was unable to reach it. Dowsley shouted his distress and Cameron tried to reach him, but failed. He got bottom, however, and grabbed at Black, but the latter, in throwing out his arms sent Cameron into deep water again, and when he shook free was 150 feet from shore. He just reached land before he collapsed.

Black was 19 years of age and a graduate of Jarvis street Collegiate, Toronto. Newberry was 23 years old and a lieutenant in the G. G. B. G. Dowsley was 18 years old and a mining student at Queen's. Dowsley was working on the Government geological survey at the Gillis limit and the others were employed by Sinclair & Smyth, engineers.

Starving Themselves.

Yorkton, Man., July 21.—Since the arrest and imprisonment of their leaders, 40 odd Doukhobors in Camp Arcadia have refused to eat food of any kind until the brethren are restored, an improbable event until their six-months' terms expire. Things are so serious that mounted police have been obliged to remove the children, 15 in number, by force, and they are now being cared for in Yorkton Jail.

England Inconsistent.

London, July 21.—(C. A. P.)—Prof. Goldwin Smith writes to The Guardian, saying that England goes to the peace conference, and the next thing we hear is that she has sent out the largest fleet ever seen. What is this but a challenge to all nations? He then points out the barrenness of wars, remarking the sad fact that labor treats them as sprees.

Quadruplets Born.

Kansas City, Mo., July 21.—Mrs. Susan Turner, wife of Louis C. Turner of Argentine, Kansas, gave birth to quadruplets, three boys and a girl. The girl died a short time after birth, but the boys are alive and apparently healthy.

Rojestvensky Is Dead.

Badnacheim, Germany, July 21.—Vice-Admiral Rojestvensky, who commanded the ill-fated Russian fleet, which was annihilated by the Japanese in the Sea of Japan in May, 1905, died here Sunday night from heart trouble.

It is believed that the heart affection resulted from injuries received by Admiral Rojestvensky in the battle of the Sea of Japan.

LETTER IS THREATENING

Farmer Near St. Catharines Gets Black Hand Message--Demands $500.

St. Catharines, July 21.—A. Sylvain, one of the leading fruit growers of Louth Township, near St. Catharines, has received a letter signed "Black Hand," demanding that he should place the sum of $500 in a spot named, near the Rubber Works, Port Dalhousie. If he does not comply with the writer's demands, the letter states that his residence and barns will be destroyed and family murdered.

Mr. Sylvain takes the matter seriously, and does not consider it in the light of a joke. High Consable Boyle is at work on the case and visited the place named Sunday night, but found no trace of the writer.

The writing is of vertical kind, and has created quite a sensation in the vicinity of the Sylvain home.

Take Contract to People.

Stratford, July 21.—The City Council last night decided to have a bylaw submitted to the ratepayers, authorizing the signing of the Niagara power contract in its present form.

This bylaw will be submitted, along with two others providing for extraordinary expenditure and for cleaning out Victoria Lake and the erection of a new concrete dam.

Mellis Ferguson of Kingston was appointed city engineer at a salary of $1,200. The appointment was vigorously opposed by Ald. Savage and Ald. Roberts, who sought the appointment of Mr. Roberts of Toronto.

After the Land Grants.

St. John, N.B., July 21.—The western lands which are to be given to Col. Sam Hughes and other South African veterans will not go begging, so far at least as the east is concerned.

Speculators have called upon numbers of the men entitled to receive the land, and are making offers either for the scrip or for the land which may be allotted. In Halifax, Moncton, Fredericton and St. John, and over in Charlottetown, the veterans are getting together, and are arranging to apply for lands en bloc.

Ottawa Wants Historic Gun.

Ottawa, July 21.—Steps are being taken to obtain the 12-pound gun which Ottawans saved at Lillifontein in South Africa, for an ornament in the City Hall Park.

In the action which centred round this gun at Belfast, there were won by Canadians two Victoria crosses and two distinguished service orders.

New Atlantic Line.

Berlin, July 21.—Prince Christian Kraft Zu Hohenlohe-Oehringen, who has a large interest in the Deutsche Levante Steamship Co. of Hamburg, is preparing, according to The Kleine Journal, to found a system of great shipping lines in opposition to the Hamburg-American line.

WILD RIDE WAS FATAL

Midland, Ont., Man is Killed in New York Tunnel---Risked Lives to Save Him.

New York, July 21.—Unconscious and dying, from a fractured skull, Jos. Murphy, 30 years old, of Midland, Ont., yesterday was held dangling from the roof of the fast mail train of the New York Central road for almost two miles through the Park avenue tunnel by three companions who risked their own lives to save him from instant death.

Murphy and the three men had stolen a ride from Syracuse to this city on the roof of the car. Murphy was struck on the head by one of the girders in the tunnel. His companions who seized him as he was about to fall from the top of the car, said they were John Conley of Buffalo, Michael Mara of Cincinnati and Geo. McCormack of New York.

Murphy will probably die. His companions are unhurt.

Niagara Bonds Sell Well.

Montreal, July 21.—It is learned in Montreal financial circles that William Mackenzie, president of the Canadian Northern, has placed the Niagara power issue in the London market at a very advantageous rate. The issue amounts to $2,500,000 and is said to have sold at par.

It is also said that a contract has been made for the construction of the C. N. R. from Montreal to the great lakes with a branch to Toronto later on.

Writ Is Issued.

Toronto, July 21.—At Osgoode Hall, Toronto, yesterday morning, James Smith issued a writ against the City of Hamilton and Hamilton Cataract Power, Light & Traction Co., to have it declared "that the corporation of the said city have no power to pass a certain bylaw (No. 775), to wit: A bylaw purporting to have been passed on the 17th July 1908, purporting to authorize the entering into of a contract between the said city and the defendant company with respect to the purchase of electric energy by the said city from the said company as therein set forth and to have said agreement declared ultra vires, and for an injunction."

All Britain Interested.

London, July 21.—(C. A. P.)—No paper seems complete without glowing leading special articles on the Quebec tercentenary. The Pall Mall Gazette says our future relations with Canada must be not those of guardian and ward, but equals, actuated by ties of mutual respect and affection.

The Earl of Crewe writes the secretary of the Atlantic Union of 1900 that the memorable tercentenary at Quebec, attended by representatives of both great English-speaking countries, is an object lesson to the Atlantic Union.

R. R. GAMEY, M. P. P. FOR HOUSE OF COMMONS

Aurora, July 20.—It is altogether probable that the next member for North York in the House of Commons will be Mr. R. R. Gamey, M. P.P. "The Liberal-Conservatives are anxious to nominate him as their candidate, and if they do, it goes without saying that he will be elected. Mr. Gamey has been a frequent speaker in the riding and is popular with all classes of people here. He is liked for his platform ability, and for his knowledge of public affairs.

It is recognized that Mr. Gamey is one of the best speakers in public life to-day, and that if elected, he would do the riding credit on the floor of Parliament. Liberals and Independents in large numbers would give him their support. The nomination of Mr. Gamey against Mr. Aylesworth is regarded as exceedingly appropriate in many quarters, because of the connection of Mr. Aylesworth with the bribery case.

The fact that Mr. Aylesworth was consulted by Mr. Stratton when the affair was going through was one of the important points in that transaction. The circumstances that Mr. Aylesworth, instead of telling Mr. Stratton not to go on with the transaction, actually suggested a written document from Mr. Gamey, to bind him, and even submitted the paper to Mr. Gamey to sign, is not forgotten. This matter has not been satisfactorily explained by Mr. Aylesworth, and the campaign will certainly give the Minister of Justice an opportunity to enter a defence.

That Mr. Gamey would put up a splendid campaign in North York, and that he would win is generally conceded. He has the people with him, and certainly he will have a good platform to present. The fight against graft challenges public sympathy, just as the fight against ballot-box stuffing and corruption did in the provincial arena, and a good candidate, with anti-graft policy, would find no difficulty in defeating the Minister who represents the Ottawa evils.—Mail and Empire.

TO BE TREATED AS COMMON THIEVES

No More Kleptomaniacs in New York's Big Stores

All the great department stores of New York have decided in a plenary council of delegates from each big emporium that henceforth the word kleptomania shall be expunged from their dictionaries. In the future whether a woman be proved to be of such financial and social status as to be both able and entitled to purchase the goods purloined, she must reconcile herself to the fate of entering into the category of the common thief, no matter how high her rank. The rule will, of course, apply equally to men who are addicted to the kleptomania habit. Paris and London dry goods men, acting in sympathy with their brethren in New York have also concurred in the view that the term kleptomania is simply a conventional synonym for theft, and that no amount of respect for the conventionalities can justify them as good business men in sacrificing every year thousands of dollars just out of regard to the social standing customers.—New York Herald.

Winnipeg has subscribed $1000 to the Quebec Battlefields Fund.

A bush fire is raging near Port Arthur and surburban residences are threatened.

SOLDIERS ALL REACH QUEBEC

About 3,500 Troops Carried by the C. P. R.

A Montreal despatch says: The C. P. R. landed their full complement of troops in Quebec by 5.30 this morning though they had till noon to carry out their contracts.

There were 3,500 in all passed over the C. P. R. on their way to Quebec.

In addition to the regular 11.30 train there will be a C. P. R. special daily at 10.15 a. m. Ten trains left yesterday, and today and each one carried about 350 passengers.

MANY TENDERS WERE RECEIVED

For the Erection of the New Rectory of St. John's Church

A large number of tenders for the erection of the new rectory of St. John's church have been received. They will be opened tonight at a meeting of the committee in charge and the contract will likely be awarded.

THE HOUSE CLOSES QUIETLY ENTIRE ABSENCE OF DISPLAY

Sir Charles Fitzpatrick Acts in Earl Gray's Place—Color and Display That Usually Attends End of Session is Missing—Soldiers Angry at Delay.

Ottawa, July 21.—The last session, in all probability, of the tenth Parliament of Canada, was closed yesterday with the usual formal ceremonies. Sir Charles Fitzpatrick acted as Governor-General.

Earl Grey being in Quebec, Sir Charles was escorted from his residence to the House by the Princess Louise Dragoon Guards and had the Governor-General's Foot Guards as a guard of honor at the House. The second field battery fired the usual salute on Nepean Point, just as if the officiator were the vice-regal personage himself. The scene at the House was not so brilliant as usual, as all the society people and everybody that is able, have gone to Quebec.

The speech from the throne was couched in the usual formal language, thanking the members and referring to the principal acts of the session, including the reduction of postage on drop letters, amendments to the Revenue Act, on behalf of tobacco growers, the placing of telegraph and telephone systems under the jurisdiction of the Railway Commission, the measure for the suppression of opium, and so on. The speech concludes:

"Gentlemen of the House of Commons:

"I thank you for the liberal provision you have made for the public service.

"Hon. Gentlemen of the Senate:

"Gentlemen of the House of Commons:

"Let us earnestly hope that when we meet against the present bright prospects for a bountiful harvest in all parts of the Dominion will have been realized, prompting an additional reason for expressing our heartfelt thanks to a kind Providence for the many blessings we enjoy in this favored land."

The Governor-General's Foot Guards left last night for Quebec. They were an angry body of men, for through some blundering they have been euchred out of a day in the Ancient Capital. The Guards were to have gone Sunday night, but owing to the delay in the prorogation of Parliament they were ordered to remain to furnish a guard of honor for the closing ceremony. Accordingly, the Guards assembled at the drill hall yesterday, only to be informed that their services would not be required. The Princess Louise Dragoon Guards and the firing party received a similar notice.

Ottawa dearly loves the little military displays which accompany the Parliamentary ceremonials, and are not much enamored of the democracy of Sir Charles Fitzpatrick, who was deputy Governor-General yesterday.

Sir Wilfrid and Lady Laurier left yesterday for Quebec.

PETERBOROUGH SETS EXAMPLE

To Other Cities in Regard to Street Railway Traffic on the Glorious Twelfth

Peterborough, July 20th, '08.

To the Manager of the
Peterborough R.R. Co.,
Peterborough, Ont.,

Dear Sir,—I am desired to convey to you and the officials of the Radial Railway Company the thanks of the Orangemen for the satisfactory manner in which the street car service was conducted on the occasion of our celebration on Monday, the 13th inst.

We are pleased to note that, owing to your thoughtful interest in the matter nothing occurred during the day to cause any friction or unpleasantness between the Company and the Society, thereby setting an example to other cities in this respect.

Yours very truly,
E. C. CLARKE,
Corresponding Secretary of West Peterborough.

LINDSAY HOTEL CHANGES HANDS

Toronto Man Has Purchased the Pyon House

Lindsay, July 20.—The hotel property of the Pym brothers, changed hands Saturday. The Messrs. Pym have conducted an uptodate house since taking it over eight years ago. They kept improving it, until to-day it is one of the best appearing and best kept hotels in the town.

The purchaser, Mr. E. A. McCrohan of Toronto, comes to Lindsay highly recommended as a practical hotelkeeper, and will in no way mar the popularity that the house has enjoyed for the past years, but will make the house even more popular.

Mr. McCrohan comes from Toronto, where he was proprietor of the Jersey house. He owns the Oshawa House at Oshawa, and is an all-round hotel man. Mr. Pym intends to retire and look after other interests, but will remain a resident of the town.

FREIGHT TRAIN LEFT TRACK NEAR TWEED

Second Section of 4.48 C. P. R Train Yesterday Was Delayed Three Hours

The second section of the 4.48 C. P.R. train last evening was delayed three hours. The first section arrived here on time and the second one is due a few minutes after it. However, it did not get in until 8 o'clock. Several cars of a freight train jumped the track this side of Quebec, resulting in the above detention to the express. The auxiliary from Havelock had to go to Tweed, to put the cars on the track and it was fully three hours before the train could proceed.

WILL SUPPLY AT KNOX CHURCH

Rev. Jos. Cardner Will Occupy Pulpit During Mr. Keith's Absence

Rev. Jos. Cordner, recently of Belfast, Ireland, and now in charge of Nazareth street church, Montreal, will supply at Knox church during the month of August when Mr. Keith will be away on his holidays. Mr Cordner will reside at 584 Reid St.

DEVLIN HAS QUIT QUEBEC

Will Resign His Portfolio in Quebec Cabinet---May be Nominated in Quebec.

Ottawa, July 21.—Hon. Charles R. Devlin, Minister of Mines and Colonization, was in Ottawa on Sunday on his way north from a fishing trip, when he received word of the contestation of his recent election to the Quebec Legislature. He immediately changed his plans and returned to Montreal, and it is stated by his friends that his intention is to resign his portfolio in the Quebec Cabinet and to secure the Liberal nomination for the House of Commons in South Renfrew, with the hope of being taken into the Dominion Cabinet as the Irish-Catholic representative, in place of Hon. R. W. Scott.

Mr. Devlin is credited with the statement that he was through with Quebec politics and sick and tired of the persecution to which he had been subjected in Quebec because of his being an Irishman.

Conciliation Board Concludes.

Winnipeg, July 21.—Early yesterday afternoon the majority report of the C. P. R. conciliation board was made public. There is also a minority report signed by Mr. Somerville, the men's representative, objecting to some of the findings.

The report favors the new rules put into effect by the company, and fixes the machinists' wages at 40 cents per hour. It fixes the number of machinists' apprentices as one to five journeymen, and one for the shop.

The report states the C. P. R. is willing to institute the nine-hour day in the east if rival companies are agreeable.

See Rumor Denied.

Montreal, July 21.—Mr. T. J. Drummond, vice-president of the Algoma Steel Co., gives a denial to the reports which have appeared in the press with respect to the probability of the Canadian Pacific Railway taking over the Algoma Railway, which is owned by the Lake Superior Corporation, and the steel plant as well.

Fell From Fourth Story.

Montreal, July 21.—A man asleep in the fourth storey window in the City Hall yesterday fell to the ground. He escaped serious injury. Instead of receiving commendation for his feat he had to appear before Judge Lafontaine yesterday morning on a charge of attempted suicide. He was let off.

Second Victim Dies.

Hamilton, July 21.—Bert Green, the second man who was injured in the explosion at Doolittle and Willcox's stone quarry near Dundas, died yesterday. James Sturrock died about two weeks ago. An inquest last night into Sturrock's death resulted in a verdict of accidental death.

Government May Be "Stung."

Ottawa, July 21.—The Lord's Day Alliance is going to see if the Government is to be allowed to work the Printing Bureau on Sundays, as it did this week and frequently does.

Seven Still at Liberty.

Toronto, July 21.—The seven men who broke jail here on Friday last are still at liberty, and word has been received of them in the district north of Toronto. One man at Myrtle was held up by five men and a farmer and his wife near Myrtle were robbed by the same quintette.

Prince Nears Quebec.

Quebec, July 21.—H. M. S. Indomitable, with the Prince of Wales, passed Belle Isle at 6 o'clock last evening.

Fort Douglas Pat, a well [illegible] B.C. Indian and trapper [illegible] with his squaw in [illegible]

Zam-Buk
is made like the ideal balms of Ancient Greece - From pure herbal saps & juices. Not an ointment, but a salve, but Nature's own—
Healing Balm.
ANTISEPTIC

The Daily Review
TUESDAY, JULY 21, 1908.

THE ELECTION BILL

The Opposition did not obtain a complete victory over the forces of the Government in the Aylesworth Election Bill matter. They freed British Columbia and Manitoba from its operations but could not succeed in freeing the six constituencies in Ontario lying along the route of the GTP. Jas. Conmee, M.P., of unsavory memory in the Ontario House was the victor in this case. The Opposition concluded to leave this injustice to Ontario to the people to decide upon rather than to prolong the session further. To show the full force however, of the Laurier Government's victory in N. Ontario, it is only necessary to show what proposed safeguards were voted down. The elections in that district will be managed without these simple measures of protection. They are as follows;

Proposed by Mr. Bryce to strike out the clause interfering with Ontario lists.

By Mr. Henderson to strike out the clause which allows ballots to be counted that are marked by returning officers.

By Mr. Borden, that writs for by-elections be issued forthwith when a vacancy occurs.

By Mr. Borden that Sheriffs or Registrars should be returning officers, etc.

By Mr. Cockshutt, imposing heavy penalties on disqualified persons acting as election officers.

That poll clerks should be residents and voters.

By Mr. Boyce, that in general elections that all constituencies should poll on the same day.

By Mr. Lancaster to prevent printers making extra ballots.

By Mr. Bennett requiring special examination of ballot boxes to prevent fraud.

By Mr. Foster to prevent bribery of districts by promise of public works on condition of supporting certain candidates.

By Mr. Alcorn, requiring all campaign expenditure to be paid by the agent and reported in detail with the vouchers.

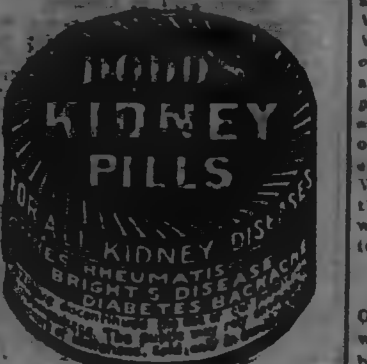
By Mr. Lake preventing Government officials from acting as agents, organizers or canvassers in campaigns.

By Mr. Alcorn, imposing heavy penalties on Government contractors for corrupt practices.

A glance over this list will demonstrate the intentions of the framers of that infamous bill. It looks as if Sir Wilfrid was endeavoring to protect himself against Ontario but it will not avail.

THE WOOLLEN TARIFF

Sir Wilfrid has at last refused point blank to reconstruct the woollen tariff on national policy lines. The preference is good enough for him. No matter how clearly it is shown that prices are now no less than under a protective woollen tariff the same fatuous persistence in legislation against our own people is shown. Prices of the necessaries of life almost without exception were less under protection all around than they used to be. But because we have done our own manufacturing we have kept the money in the country. There's where the difference comes in. Farmers in Canada raise wool when they have factories to sell it to. Because it seems to certain theorists absurd that we should need protection and yet maintain that the market price of goods is not more, they would do away with protection as in this instance piece by piece. It is not that we cannot compete against the world in manufactures.— that is not the contention. It is the preponderance of a huge mass of capital that upsets our Canadian manufacturers. If it were not for that we could protect ourselves. We could do so now if we lowered the standard of living of our operatives. But that cannot be done unless we cease to be a people. Our people have not fallen so low as to put up with that as yet. It may come to it, it is true, but not yet. Meanwhile compare prices in the market before our woollen manufactories went down and after. If Sir Wilfrid seeks justification it must be there. Can he find it? During the interim 100 mills go down and just by so much do we cease to be a self-contained nation. This determination of Sir Wilfrid's to make us fit into the great international scale must naturally bring us down to the European level. Do our people want that? If not Sir Wilfrid should be notified. To maintain that it is necessary to admit goods free in order to live is an absurdity. We can live at just such a standard in Canada as we set for ourselves and if it is to be low we will begin at the foot of the ladder. If the Canadian tariff be the better one at present why do we suffer from depression? Why does Britain maintain the Cattle Embargo if protection is foolishness?



FINANCE UP-TO-DATE

Senator Ferguson on Tuesday absolutely established the fact that the western farmers got no benefit from the extra issue of Dominion notes made last November and December ostensibly to assist in marketing their wheat. He showed that the banks did not ask for these notes but without them were able to finance the crop and in fact had not then issued their own notes to the full authority. The Government has preserved as preserved a mysterious secrecy about the transaction, but the bank and treasury returns and the trade records show that the notes issued went back at once to the Treasury in exchange for gold and that this gold was immediately exported to New York, where it commanded a premium. The extra issue of notes was a little over $5,000,000 and the exports of gold in excess of the same month in the previous year was about the same amount.

It will be remembered that the banks repudiated the insinuation that they were unable to handle the western crops at the time. Senator Ferguson has done a great work. It was a bold thing to tackle, since few would suppose that a government would do such a thing. But a week has failed to shake the indictment. It appears to be established beyond doubt, and if it is true, as a short time will show, there will be such a row in this fair Canada of ours as has not been heard since the roar of the falling bridge at Quebec. However, it would be only one item in a thousand. The government record is already unrivalled.

HOW KE IT?

Paid on G.T.P.	$ 26,000,000
Amount to be borrowed	166,041,973
Loans falling due by 1911 net	74,800,000
Total to be borrowed	240,841,973
To be raised within three years	192,216,797

Notwithstanding this the following expenditure and obligations have been authorized this season—

Estimates and bounties	140,953,331
Subsidies, placing cost of railways at $20,000 per mile	22,566,300
Guarantees	11,067,000
Total	$175,385,681

The national expenditure a few years ago was $8 per head. It is now $18 per head. There can be no justification on the score of immigration or increased paying power for that. The rate of increase from $8 to $18 per head proves the fact in itself. It is simply expenditure of an extravagant and reckless kind unexampled in Canada or anywhere else.

The above table shows first of all that Canada has paid so far on G.T.P. account $26,000,000 in cash. The amount yet to be borrowed is $166,041,973. Oh! What pickings there will be there, my countrymen! And "they are the boys can do it." The estimates for this year's subsidies and bounties included amount to $163,800,000, of course a wholly different account from the $166,041,973 above. We will not discuss the guarantees. We have enough to bankrupt any country like Canada ten times over already. If the rate of expenditure per head has increased by 2 1-2 times since 1896, what would it be in another five years? It will be observed that no attempt is made by Sir Wilfrid et al to work out and justify the national accounts in the usual way. He "orates" and leaves the rest to fortune.

Thos Kennedy's new residence at Oshawa was burned yesterday and his wife and two children were rescued by a ladder.

STILL ANOTHER SCANDAL

Another case of the methods pursued by the Government at Ottawa in disposing of the people's lands has just been revealed in the House by Mr. Boyce, M.P. of Algoma, this time in connection with Indian lands.

Mr. Boyce brought to light a curiously long drawn transaction over some timber lands which are part of an Indian Reserve in Algoma, and so are under control of the Federal Government. Negotiations for the sale of this timber began in 1900 and the transaction was not consummated until the autumn of 1906. The essence of the affair is that a group of persons—one or two of these persons have had relations with Mr Calton in other matters, obtained these limits in 1900, allowed the transaction to drag for half a dozen years, obtained substantial reductions on the original price, beat the Department for most if not all of the conditions originally imposed, finally sold the timber to American interests at ten or eleven times the price paid to the Government and then closed the bargain and obtained their patents. Further, the business was complicated by several curious circumstances, including the acceptance by the Government of a valuator nominated by the purchasers.

The lands involved amount to 29,301 acres or rather less than 46 square miles; they are situated in the townships of Fisher, Haviland and Tilley.

	Acres	Original Price Valuation	at 2nd Sale
Fisher	10701	$3681	$37,346
Haviland	13358	4397	49000
Tilley	5424	1909	15484
	29301	$9987	$101830

The actual price paid was $9,071; therefore the profit was $92,813.

It was made clear by Mr. Boyce that the Department agreed to sell the land on April 18th, 1900, and proceedings to that end were begun soon after. The interesting thing to note is that the Department started out with a considerable number of conditions. These conditions altogether numbered eight or ten, of which we may note;

1 The value was to be determined by a competent valuator under oath

2 Payment was to be made in cash at the time of sale.

3 Where the land was fit for agriculture, settlement duties should be performed.

4 Pine and spruce not removed within three years by the licensees, to be paid for by the purchasers at prices prescribed by the valuator.

5 The purchasers were to build a large sawmill at Batchewana Bay.

6 In working this sawmill Indians were to be given preference.

7 Minerals were to be retained by the Crown.

And several others.

It appears that the only work which the Wilson-Philip-Reesor group seems to have done during the six years was to affect a sale to American capitalists. This sale was affected in August and November, 1906, and in August 1906, Mr. Wilson wrote, urging that the patents be issued at once, as he had sold the property. This was done and the patents were issued on September 11th, 1906.

The other conditions which have not been noted by this time had been abandoned and the patent was granted, absolutely from conditions, except as to the ownership of minerals.

A feature of the affair is that Mr D. A. Gordon, M.P. for East Kent, wrote in 1906 to the department expressing surprise at the sale of so large a tract of land at 30 cents an acre.

EDITORIAL NOTES

Call back the Canadian bowlers. This is too much.

There has been a decrease of 25 per cent. in C.P.R. earnings this year available for dividends.

The Ottawa correspondent of the Globe says that Hon. Geo. E. Foster has been the prophet of gloom since 1896. Haven't his prophecies come true?

Why did the Laurier Government discriminate against Ontario? Is anybody complaining about the lists in the late Ontario election? No one. All was fair and square. What does Sir Wilfrid want then?

That last awful day! Six lines guaranteed, 89 railways and 33 bridges subsidized. Twenty millions of dollars more in cash. Eleven millions more in guarantees! When do we stop?

The chief criminal court in Vienna sat until 4 a.m. recently in order to finish a case. One juryman asked the judge for a certificate that the trial had lasted until that hour. "Otherwise," he said, "my wife will never believe me." The judge granted the certificate.

Local Liberals are, it is understood, not likely to meet in Dominion convention until forced by circumstances. The whole face of the party there has changed. The unexpected has happened. Circumstances over which there is no control, have changed the minds of some who had minds to change. A few know of the inevitable, but the many had yet to learn of it. "Oh! Would I were without a past!" is the name of a new dirge. Banquo's ghost or goat is nothing to it. The elections are, it is regarded, as certain to be held in October or earlier. As a Conservative leader put it. "It will be all over by Nov. 1st, anyhow." Mr. Finlay is pricking up his ears again on learning that what was to have been is and points, we presume with pride, to what he has done for his constituency. Jiu-jitsu is the Japanese plan of turning a man's energy against himself. That is how it all happened. Mr. Hall, M.P., and Mr. Finlay, M.P., will likely be the party's representatives.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion —	25 cts.
Three insertions —	50 cts.
Six insertions —	80 cts.
Ten insertions —	$1 00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement

DISTEMPER IS PREVALENT AMONG HORSES AT TORONTO

Owing to some cause, which the veterinary surgeons have not yet discovered, there is an epidemic of distemper among horses such as Toronto has not experienced in years. The forwarding companies have lost a number of valuable animals, while one of them has had, up to the present, as many as 25 carried off by the disease.

"I don't know how to account for it," said Dr. J. H. Black, "but there is no doubt about it being an epidemic. Every year about this season there are a number of cases, but this year is almost twice as bad as ever before. The disease is contagious, being caused by a germ, and unless prevented must affect every animal in the stable."

"The worst feature about it," said Dr. J. P. Bond, "is that this year the distemper is more virulent than ordinarily, and is proving fatal, in a great number of cases. It has taken a much more acute form, in a lot of cases resulting in blood poisoning. I can't account for it, unless it is that the wet weather is very favorable to the propagation of the germ."

Other veterinaries tell the same story. According to them, as soon as a case is discovered the animal should be isolated, the stalls and stable well disinfected and deodorized, and the services of a surgeon called in to apply the necessary remedies.—Toronto Star.

OVER ONE HUNDRED THOUSAND PEOPLE ATTEND WINNIPEG FAIR

Good Times Prevails in the West—Real Estate Men Held Convention.

Over one hundred thousand people attended the Winnipeg Industrial Fair. Could anything speak more strongly of the good times now being enjoyed by the people of Winnipeg and in fact the three prairie provinces. From every standpoint the exhibition was a grand success and one which could not have been possible had times been hard. Commercially, the exhibition exceeded all previous fairs and the merchants, farmers and business men in general, who exhibited, state that they have been repaid fully for their trouble.

The Winnipeg Exhibition ran for one week and in that time an excellent opportunity was given to size up the conditions existing in business circles. With stores decorated and the city masses of flags and bunting, Winnipeg never looked better fit for business and the strangers who arrived in thousands during the week were struck at first sight with the knowledge that the Western metropolis was enjoying a season of great prosperity.

There were strangers from all points in Western Canada and many from the States. It was from the latter that your correspondent succeeded in obtaining unbiased views, both on the exhibition and on the city of Winnipeg.

It may be true that Americans do not know all about the great advantages open in Western Canada but they know sufficient to make statements which are, to say the least, true, and to the point. One of the biggest business men in Duluth stated that while he anticipated coming to a great city he had no idea that Winnipeg was so much to the fore. "I have been proud of my city for years and thought that it had the world beaten, comparatively speaking, but I must say that Winnipeg takes the cake. It is not only growing in leaps and bounds, but its streets, buildings, parks, etc., are far in advance of any city of its population in the States and I have been around them too."

Statements like the above were heard on all sides and the visitors from across the border were really enthusiastic over Winnipeg's growth.

To make an estimate of the amount of money which changed hands at the Winnipeg Fair would indeed be a difficult job. It is safe to say, however, that the amount will exceed all other years. Hard times in Winnipeg! Not if you know it. People and plenty of money count for anything.

REAL ESTATE CONVENTION.

Over one hundred delegates answered the assembly call of the Winnipeg Real Estate Exchange on Wednesday last; Regina, Calgary, Edmonton, Saskatoon, Fort William, Port Arthur, Brandon and many other live western centres were represented. "Honesty of Purpose" was the slogan of the new Western Canada Real Estate Association and upon this text there were some brilliant speeches made.

A banquet at the Manitoba Hall was held on Wednesday July 15, at which among the prominent speakers were: W. Sanford Evans and Ald. T. Wilson representing the city of Winnipeg; U.S. Consular-General John E. Jones; J. J. Wale of the Standard of Empire, London, England and others. Following the banquet the constitution was adopted and the following gentlemen elected for the coming year;—Officers R. D. Waugh, Winnipeg, Pres; G. S. Houston, Regina, Sask., 1st Vice President; A. W. Fridham of Fort William 2nd Vice-Pres. District Vice-Presidents A. Carmichael, Kenora, for Western Ontario; R. F. Fortune, Brandon, for Manitoba; A. H. Hanson, Saskatoon, for Saskatchewan; Wm. Toole, Calgary, for Alberta; C. D. Rand, Vancouver, for British Columbia. Hon. Secretary, Hugo Ross of Winnipeg; Hon. Treasurer, N. T. MacMillan, of Winnipeg.

CATTLE MARKETS.

Toronto Junction Live Stock.

TORONTO JUNCTION, July 20.—Receipts of live stock at the Union Stock Yards, West Toronto, were 56 carloads, composed of 1152 cattle, 59 hogs, 11 calves and 55 horses.

Exporters.

Export steers sold at $5.25 to $5.60 per cwt.; bulls, $3.75 to $4.25 per cwt.

Butchers.

Prime picked lots sold at $4.90 to $5.10; good, $4.75 to $5; medium, $4 to $4.50; common, $3.50 to $3.85; cows, $2.50 to $4; canners, $1 to $2 per cwt.

Milkers and Springers.

About eight milkers and springers sold at $34 to $50 each.

Veal Calves.

Limited supplies caused a brisk demand at firmer prices, ranging at from $4 to $6 per cwt.

Sheep and Lambs.

Receipts light; prices firm, at $3.50 to $3.75 per cwt. for export ewes; rams, $2.25 to $2.50; lambs, $7 to $8.50 per cwt.

Hogs.

Gunns, Limited, quote prices same as last week. Selects, $6.90, fed and watered; $7.15 off cars, at market, unfed and unwatered, and $6.65 at country points, f.o.b. cars.

Montreal Live Stock.

MONTREAL, July 20.—(Special.)—At the Montreal Stock Yards West End Market the receipts of live stock for the week ending July 18 were 2143 cattle, 577 sheep and lambs, 1085 hogs and 240 calves. The wants for local consumption this morning consisted of 1200 cattle, 25 sheep and lambs, 255 hogs and 50 calves. This was lambs, 255 hogs and 50 calves. There was no actual change in the condition of the market for cattle since this day week, but the feeling continues easy owing to the fact that supplies are coming forward more freely and are somewhat in excess of the requirements of the local trade, as the consumption of beef during the hot weather is smaller than usual. Therefore the demand from butchers was rather lighter to-day and chiefly for small lots to fill actual wants; in consequence, trade was a little slow, as exporters were not in the market for any stock, on account of the quality not being up to the mark for that purpose. Really choice grass-fed steers and heifers were scarce, there being none on the market, and the top prices realized for the best were 5½c to 5¾c, while fairly good stock sold at 4¾c to 5¼c; fair at 4c to 4½c, and lower grades at from 2½c to 3½c per lb.

Owing to the low prices that have been bid for sheep during the past two weeks from exporters, receipts have fallen off to almost nothing; in consequence, supplies are very limited this morning, for which there was an improved demand, and the undertone to the market was stronger at an advance of ¼c per lb., with sales of a few small lots of choice at 3¾c per lb., and this figure would have been paid for a full carload, while culls sold at 3½c. The market for lambs was also stronger, with a good demand from local buyers at $4.00 to $5.50 each. There were no choice calves offered, but the demand was good for what stock was on the market, at prices ranging from $3 to $8 each. A much stronger feeling developed in the market for hogs this morning, and prices scored an advance of 25c to 40c per 100 lbs. This was due principally to the fact that the receipts showed a considerable falling off, there being only about 400 head on the market. Cable advices from the leading foreign markets on Saturday were also very firm in tone, which tended to add strength to the situation. The demand from packers and dealers was good, and sales of selected lots were made at $7.25, and one lot of a bunch of 50 was sold to a Quebec buyer at $7.40 per 100 lbs., weighed off cars.

East Buffalo Cattle Market.

EAST BUFFALO, July 20.—Cattle—Receipts, 4200 head; bulls and feeders active and strong; others fairly active and 15c to 25c lower; prime steers, $6.25 to $6.75; shipping, $5.75 to $6.25; butchers, $4.50 to $4.85; heifers, $3.75 to $5.75; cows, $2 to $5; bulls, $3 to $4.75; stockers and feeders, $3.25 to $4.40; stock heifers $3 to $3.50; fresh cows and springers, $2 to $3 higher, $20 to $50.

Hogs—Receipts, 12,000 head; slow and 10c to 15c lower; heavy, $7 to $7.25; mixed, $7 to $7.10; yorkers, $6.90 to $7.05; pigs, $5 to $6.50; roughs, $5.75 to $5.90; stags, $4 to $4.50; dairies, $6.90 to $7.

Sheep and Lambs—Receipts, 5000 head; sheep active; ewes and mixed sheep 25c higher; lambs slow and 25c lower; lambs, $5.50 to $7.25; yearlings, $5.25 to $5.50; wethers, $4.50 to $4.75; ewes, $4 to $4.25; sheep, mixed, $2 to $4.50.

New York Live Stock.

NEW YORK, July 20.—Beeves—Receipts, 2862; steers firm to 10c higher; bulls and cows 10c to 15c higher; steers, $5 to $7.40; bulls, $2.25 to $4.10; cows, $1.75 to $4.65; dressed beef steady, at 8c to 11½c per lb.

Several cases of chicken-pox have developed in the Children's Shelter in London.

HAD TO USE BOX CAR FOR BAGGAGE

On the Port Hope-Toronto Train This Morning

A box car was used for baggage this morning on the Port Hope-Toronto train. It appears that the running gear of the baggage car became disabled and it had to be left over in Port Hope for repairs. A box car was procured and was utilized for the baggage.

B.A.C. MEMBERS HAD AN OUTING

Enjoyable Time Spent Down the River Last Night

The members of the B.A.C. had an outing down the river last night, and had the time of their lives. Two gasoline launches conveyed the party about three miles down stream and a landing was made at a suitable spot. A programme of sports was first run off, four events being contested, shot put, standing long jump, standing hop, step and jump and 100 yards dash. Ernie Bruce cleaned up the two jumps and the shot put and had the largest number of points.

The results in detail were as follows;—

Shot Put—1, E. Bruce, 42 feet 6 inches; 2, R. Dobbin; 3, W. Richardson.

Standing Long Jump—1, E. Bruce, 7 feet 11 inches; 2, W. Wood; 3, L. Turner.

Hop, Step and Jump—1, E. Bruce, 24 feet 8 1-2 inches; W. Wood; 3, W. Richardson.

100 yards' dash—1, D B MacRae; 2, W. Wood; 3, W. Richardson.

Time, 10 seconds flat (very.)

After the sports had been decided an elaborate supper was partaken of, the feature being a big can of Linton's tea, which was used in Canada for the first time last night. It was pronounced highly satisfactory. In fact it was remarked that it was good tea, and a big demand is henceforth assured.

The party reached the city about 10.30 after one of the best outings the boys have ever had.

FELL FOUR STOREYS AND WASN'T HURT

A Montreal despatch says—To fall from the fourth story of the Court House and escape without serious injury was the lot of Henri Arcand, who instead of receiving commendation for his feat, had to appear before Judge Lafontaine on the charge of attempted suicide this morning.

Dr. Picotte testified that the man was not mentally unbalanced, and that his fall had been due to his falling asleep in the window, and tumbling out unawares. How he escaped uninjured is a mystery, as Arcand did not awake until he was in the police station. He thinks that he must have struck a shutter and delayed his fall, otherwise, he would have been killed.

The judge accepted the plea of Arcand and discharged him with an admonition to choose safer places for a siesta.

THE BODY HAS BEEN RECOVERED

No Inquest Will be Held in Connection With Drowning of Joseph Mailiss

Word was received in the city today that the body of Jos. Mailiss, the young man who was drowned near Lakefield on Sunday evening, was recovered this morning. It was found a considerable distance from where the unfortunate fellow sank.

Coroner Dr. Gray was notified, but as the drowning was purely an accident, he decided that an inquest was unnecessary and accordingly issued a burial certificate. The remains will be interred at Lakefield.

Be wise and have a glass of iced "Salada" Tea when you feel warm. A small piece of lemon will add to its flavor.

TAXES ARE NOW BEING PAID IN

Those Who Have Not Received Bills Can Secure Them at the Collector's Office

A good deal of money is going into the tax collector's office at the City Hall these days, the first instalment of the taxes having to be paid before August 1st, to escape the three per cent. interest, which will be added. Five per cent. will be added to taxes unpaid by November 15th.

In some cases there have been complications over the payment of taxes on land which has changed hands since the assessment was taken over a year ago. Tax Collector Green states that those who have purchased property since that time can secure their tax bills by calling at his office. Any others who for any reason have not secured their bills, can also get them by calling at the collector's office.

Keep Cool Keep things cool This is easily accomplised by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

+ If we could only ADD more names to our list of pleased customers, properly fitted by us with GLASSES

− It would SUBTRACT from the necessity of our making repeated appeals for the better care

× of the Eyes to a MULTIPLIED number of people, all of whom have more or less eye trouble which could be relieved by wearing GLASSES

÷ and there would be a DIVISION of good will on both sides, followed by pleasant business dealings. Try us and see the benefit.

CRESSMAN'S--THE HOME OF THE LADIES' HOME JOURNAL PATTERNS

HORSE DIED AND LINDSAY GIRLS COULD NOT GET HOME

And Had Some More Time to Spend in Peterborough—Loss to Lindsay Liveryman.

A jolly bunch of seven girls procured a team of horses and double rig at Mr. A. Jewett's livery, on Sunday morning and proceeded to drive to Peterborough where they intended to spend the day.

Upon their arrival at that city they had the horses stabled at Mr. George Lipsett's barns. The horses at that time appeared to be in first-class condition but in the evening when the girls 'phoned for their rig, the stableman informed them that one of the horses had passed peacefully away during the afternoon. Of course this put the girls in quite a dilema but they decided, however, to 'phone to Lindsay for instruction so Mr. A. S. Rae, who is running the Jewett stables was called up at ten o'clock and was asked two questions —would they, the girls, wait until he sent another rig after them, or would they come home on the next train at his expense. Mr. Rae informed them that they had better suit themselves, if they were in a very big hurry to get home they had better get a rig down there and come home at once.

Mr. Rae did not say who paid for the message; however, the girls waited till this morning and came up on the train. The horse that died was one of the greys off the hack and was a valuable animal. It will no doubt be quite a loss to Mr. Jewett.—Lindsay Post.

TWO MILLION FEET OF LUMBER DESTROYED BY FIRE

News has been received in Ottawa of one of the most disastrous forest fires that has visited the Ottawa Valley in several seasons.

The region visited lies along Lake Nipissing and the Montreal river, where much valuable spruce and pine is to be found. It is estimated that between 150 and 200 million feet of timber has just been destroyed. J. R. Booth, Shapard and Morse Company and Gillies Bros., are owners of limits in the vicinity and they are among the losers in the fire.

Lumbermen trace the heavy loss to mining prospectors, who are said to have depended too much on the green forest to check a blaze should one start. Unfortunately there was a long, dry spell, followed by an unexpected storm, which drove the flame in all directions once the destructive element got under way.

There is a feeling among lumbermen that prospectors should have been kept out of the limits at the time. The recent loss is said to be greater than could be made up by many years of reforestration, which is being prosecuted vigorously and at considerable expense.

ENGINEER ON PORT HOPE TRAIN LOST CONTROL OF ENGINE

The regular train from Port Hope Saturday night happened with a serious accident between Omemee and Reaboro. Engineer Mimms, who was in charge of the engine, lost control of it through the breaking of some important part, and the air brake refused to work also. The train was on a down grade at the time of the accident and picked up marvellous speed, and the engineer and fireman expected to see the engine leave the track at any time. The passengers began to notice the increase in speed and became alarmed at the runaway train. However it was not to last for long, as soon as the train got to the bottom of the grade it had to face a heavy upgrade just outside of Reaboro.

There being no steam the engineer did not think that the train had gained enough momentum to carry it over the grade, which proved to be the case and the train was stopped within a few yards of the top of the grade. The passengers all got out and congratulated themselves on their marvelous escape.

Another engine was sent out from Lindsay and the runaway brought in.

The capacity of the Calgary lighting plant is to be tripled.

TEACHERS APPOINTED

At a meeting of the Collegiate Institute Board of Cobourg, Mr. Clayton E. Smith, of Norham, was appointed as commercial specialist and Mr. J. H. Bennett, B.A., of Stratford, received the appointment of classical master.

LIVE WIRES DANGLED TO THE STREET

Kingston, July 20. —A feed wire on the street railway line broke this morning and the parts hung down. G. Grimshaw, the city boardwalk repairer came along and was shouted at to keep away but failed to understand and drove his horse into the wore. It fell shocked by 500 volts, becoming rigid at once. Mr. Grimshaw jumped to help his horse but a warning not to touch it saved his life. The linemen cut the wire and the horse recovered in 10 minutes.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. C. J. Shannon, of California, was in the city for a few days.

Mr. S. Fitzpatrick, of Downeyville, is registered at the National Hotel.

Miss B. Hudson, of Peterborough, is visiting Mrs. M. Wardell. —Huntsville Forester.

Miss E. Brownless of Toronto, and Miss Gladys Hogg of Orangeville are the guests of Mrs. R. V. McGuire, Stewart St.

Miss Eva Tangney, of the office staff of the Quaker Oats Co., is spending her vacation at "Uneedarest' cottage, Rice Lake.

At the Toronto College of Music examinations, held in Regina on June 24th Miss Jean Shaw, formerly of Keene, took first-class honors.

Misses Clara Craig and Lillian Houghton of Buffalo, N.Y. are spending their vacation with the former's parents, Mr. and Mrs. J. Craig, East Hunter street.

Mrs. H. C. Winch, of Peterborough is the guest of Mrs. Jame Logan, of Centre street. Mrs. Winch is delighted part of Muskoka. — The Forester, part of Muskoka. B — he Forester, Huntaville.

On Sunday morning the congregation of St. Luke's church listened with great pleasure to Mrs. Chambers of Montreal, who is here visiting friends. The charm in Mrs. Chambers' singing is her clear tone and distinct enunciation.

Miss Gertrude Mantell, formerly head trimmer in the millinery department of Robinson & Co., Napanee, is spending a short vacation with her sister, Mrs. J. C. Edwards, 498 Charlotte street, before leaving for New York, to enter as a nurse-in-training in Hahnemann hospital.

PUPILS PASSED EXAMINATIONS

The following pupils of Mrs. Greenslade have been successful in their examination with the Toronto College of Music.

First year piano—First class honors—Ethel Goodenough.
Primary—First class honors — Ruby Carr, Alberta, Rehill, Cecil White
Senior rudiments—Honors — Ethel Goodenough.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F. R. J. Macpherson's. tf

CITY NEWS NOTES

NO POLICE COURT.

There was no police court this morning, the usual drunks postponing their carousals till dryer weather.

KINMOUNT FAIR.

Kinmount fair will be held this fall on September 10th and 11th. The directors promise that it will be the best ever.

TO S.A. BANDSMEN

The Salvation Army band will give their weekly band concert in Victoria park tonight. The members of the band are requested to wear their dark tunics.

DELIGHTFUL EVENING TRIPS

The Steamer Otonabee will leave the Wolfe Street wharf on Monday, Tuesday, Wednesday and Friday evenings at 8 o'clock. Good music on board.

GLOBE REFERS TO DOAN RE-UNION

The reunion of the Doan family near Newmarket was an event of more than ordinary interest. The founder of the Canadian branch of the family settled in North York just a hundred years ago and the farm he acquired then has been in the possession of his descendants ever since. Such reunions ought to be more frequent than they are, and advantage should be taken of them to promote the formation of historical collections.—The Globe.

Interesting News from the Drapery Section

A Lot of Imported Cretonnes, Linen, Taffeta and Madras Muslins at Decided Reductions

What more acceptable news could we offer housekeepers than this Special Offering of fine French, German and English Cretonnes, and splendid Linen Taffetas? ¶Here are selected qualities of just the light materials you are in need of now for bed-room curtains, draperies, bed coverings and canopies, and for covering boxes. Your choice of a host of artistic designs, in numerous pretty colorings, at much below regular prices. ¶And this is not all, for our Drapery Department will make up these materials for you in any way you may desire at decided reductions from our regular charges for this work. Workmanship guaranteed first class in every respect.

A CORRECTION

Editor of the Review

Sir,—In regard to some sweeping assertion of a defamatory character, in regard to certain ex-Salvation Army members, which was publicly made in the S.A. hall Sunday night, by the one who is nominally the officer in charge I would very emphatically state that the statements, in their comprehensiveness are untrue, and possibly very misleading to quite a number who heard the same. Following the Lord Jesus Christ, is the condition, whether in the Army or out of it. No doubt there were very many in the earlier days of the Army in its purity, who in leaving the Army ranks, ceased following Jesus. God does not change. Men and things do, in these days, in my humble opinion, many who are now in the S.A. ranks if they continue to be followers of the Lord Jesus, will have to come out from among them and be separate. I myself was thrust out of the S.A. ranks, through my being faithful to the Army's best interests. While this was done I have to state that I could not remain a member of the Army and retain my integrity to God, under the present existing state of the Army here. Nor can I accept the offer of Commissioner Coombes, who stated that he would receive me back into the ranks again with open arms. It is quite easily understood that my ceasing to be a soldier of the S.A. did not cause me to cease to be a follower of the Lord Jesus. But this course has been abundantly blessed of God to myself, family and many others. I rejoice in this separation and am thankful that I am in the position where I do not have to endorse wrong doing. Sin committed and covered up, brings its deadly result. Any amount of sacrifice of time, strength or means, put forth by the individual or organization, in professedly working for God, having in them sin covered up, is of no avail.

MARK THOS. BUTCHER.

HAS GRADUATED FROM HOSPITAL

Miss Mary Cunningham the Guest of Relatives Here

Miss Mary Cunningham is visiting her brother, A. B. Cunningham, 331 Reid street.

Miss Cunningham has recently graduated from Christ Hospital, Cincinnati, and is again associated with the Methodist Deaconess work in Toronto, after an absence of 6 years for hospital training. She has been appointed nurse for the "fresh air' contingents at Whitby during August, and will then be permanently associated with the Fred Victor Mission, Toronto.

REPORT WITHOUT FOUNDATION

Rev. Wm. Major Has Not Been Appointed to St. George's Church Montreal

A report was circulated on the streets this morning to the effect that Rev. Wm. Major, rector of All Saint's church has been appointed to St. George's church, Montreal. However when Rev. Mr. Major was spoken to regarding it he replied that the report was untrue, he having received no such appointment.

A WORTHY LINK

The Fall term of Canada's Greatest Chain of Modern, High-Grade Actual Business Schools, located in the towns of Clinton, Goderich, Wingham, Walkerton, and Orangeville and the city of Peterborough, will open on the 1st of September. The Peterborough Business College is a worthy link and the success of its graduates has not been excelled. The new advertisement of this school is to be found on page—and will be changed weekly.

IN MEMORIAM

Of Dan Joseph Conway, who died on July 8th, 1908, aged 4 months.

A precious one from us has gone,
His pain an sufferings past,
And all his work on earth is done.
He is numbered with the blest.

This little bud, so young, so fair,
Called home by early doom,
Just come to show how sweet a flower
In Paradise would bloom.

We wish he's stayed; but God knew best,
So sent His angels to give him rest,
With tear stained face and aching heart,
We say farewell when we must part.

A FRIEND.

Irwin and Leland Diamond of Lancaster, Ohio, Industrial School could not enter Canada at Niagara as they had not $25 each.

OBITUARY

MRS. W. J. STACEY.

The many friends of Minnie Robertson, daughter of the late Alexander Robertson, of Springville, and wife of Mr. W. J. Stacey, vice-principal of the South Central School, were greatly shocked and grieved when it became known last evening that she had passed away at 3 o'clock yesterday afternoon at the Nicholls Hospital after an illness of only a few days. The deceased was very well known in Peterborough, and her many amiable qualities had made her beloved by all with whom she had come in contact. She had been a resident of Peterborough for the past six years and was a member of St. Paul's church, in the work of which she was greatly interested, and her death will cause a gap that will be hard to fill. She was 34 years of age.

She is survived by her husband, her mother, Mrs. Alexander Robertson; one sister, Miss Florence Robertson, trained nurse at Waterbury, Conn., and three brothers, Robert, of Springville; George of Manitoba, and Kenneth, of Hague, Sask.

The funeral will take place tomorrow afternoon at 2.30 o'clock from the family residence 206 Park street, to Little Lake cemetery. The Rev. Robert Pogue, of St. Paul's church, will officiate.

MRS. ALEX MERVIN

The death occurred this morning at 96 Chamberlain street, of Sydney Wilson, wife of the late Alexander Mirvin, who died some forty-five years ago. Deceased was 75 years old, and her death was not wholly unexpected, as she had been ailing for the past three or four months. She was born in Ireland, coming to Canada when about twenty-five years of age and had since lived in Peterborough.

Deceased was a member of All Saint's church, and leaves two children, a son and a daughter, to mourn her loss. Both live in the city, the former being John Mirvin, who keeps a butcher shop at the corner of Hunter and Aylmer streets. The latter is Mrs. Thomas Lee, of Albert St.

The funeral of the late Mrs. Mirvin will take place from the family residence, 96 Chamberlain street at 2.30 o'clock on Thursday afternoon and proceed to Little Lake cemetery.

SPORTING NEWS

CANADIAN SPRINTER MAKES FASTEST TIME IN 220 METRE

Bobby Kerr Won his Heat in 22 1-5 Seconds, One Fifth Faster Than Any Competitor—There were Fifteen Heats—Other Results.

For those who wish to figure out the exact distance represented by the Olympic races announced in metres, it may be stated that a "metre" is equal to 39.37 inches.

Special to J. N. Barber.

London, July 21.—Kerr, of Canada, made the fastest time in the fifteen heats of the 220 metre dash this morning, covering the distance in 22 1-5 seconds. The results were.—

200 METRE DASH.

1st heat, won by George, England, 23.
2nd, Huff, of America, 22 4-5.
3rd, Roche, England, 22 4-5.
4th, Cammel, America, 23 1-5.
5th, Roydosey, Hungary, 23 1-5.
6th, Cloughen, America, 23 2-5.
7th, Malfaet, France, 22 3-5.
8th, Laftman, Sweden, 23 4-5.
9th, Hurdsfield, England, 23 3-5.
10, Hamilton, America, 22 2-5.
11, Kerr, Canada, 22 1-5.
12, Sherman, America, 22 3-5.
13, Reed, England, 23 1-5.
14, Gattormsen, Norway, walk over.
15, Hawkins, England, 22 4-5.

400 METRE RUN.

400 metre run, Heat 4, won by Montague, England. Time, 50 1-5,
2nd, not reported.
3rd, Ryle, England, walk over.
4th, Taylor, America, 50 4-5.
5th, Michel, England, time 50 4-5.
6th, Malfat, France, time 50.
7th, Robbins, America, 50 2-5.
8th, Prout, America, 50 2-5.

800 METRE RUN.

800 metre run, final heat, Sheppard, of America, first; Lughi, Italy, 2nd, and Braun, Germany, third. Time, 1.52 4-5.

1,500 metre swim, heat 3, won by Raidmilovic, England. Time, 25.02 2-5.

WRESTLING.

London, July 21.—Catch-as-catch-can wrestling, Anderson, of Sweden, defeated Craig, of America, after wrestling full time of 15 minutes.

Graeco Roman heavyweight, wrestling trials.—Petroff, of Prussia, defeated Humphreys, of England, and Weiss, of Hungary, defeated Gensen, of Denmark.

Catch-as-catch-can, 1st round—All the Americans draw byes. Middleweight wrestling, 1st round, Coleman, of England, defeated Wallis, England.

Catch-as-catch-can wrestling, Beck, of England, defeated Narganes, of America.

JUMPING.

Running high jump, 1st heat—Monsen, Norway and Leader, England, tied for 1st place, height 5 ft. 10 7-8 in. Gidney, of America, third. Height, 5 ft. 9 3-4 inches.

London, July 21.—Running high jump section 3 and 4. Leahy, England, and Andre, of France, tied for 1st, with 6 feet 2 inches.

London, July 21.—Running high jump, section 5. Porter, America, won. Height, 6 ft 3 in, setting a new Olympic record.

London, July 21.—The running high jump final was won by Porter, of America with 6 feet 3 inches. Stomaty, of Hungary, second, 6 ft. 2 in. Moffat, of America, third. 6 ft. 1 in.

Special to the Review

London, July 21.—Bobby Kerr, of Hamilton, Canada, carried off his heat in the 220 metre flat race to-day, defeating W. W. May, University of Illinois, one of the best men on the American team. 1st heat, George, United Kingdom, won, beating Henney, of Holland. Time, 23 2-5.

2nd heat, Huff, United States, won from Duffy, of South Africa, Time 22 4-5.

3rd heat, Roche, United Kingdom, won from Robertson, United States, in 22 4-5.

4th heat, Cartmell, America, won. Time, 23 seconds.

5th heat, Mafait, France, won from Duncan, United Kingdom. Time, 22 3-5.

6th heat, won by Laaftmen, Sweden, in 23 4-5.

7th heat, Radocky, Hungary, had walk over.

8th heat, Cloughen, America, defeated Barozzi, Italy, in 23 2-5.

9th heat, Hurdsfield, United Kingdom, won 23 3-5.

10th heat, Hamilton, United States, defeated Sebert, Toronto, in 22 2-5.

11th heat, Kerr, Canada, beat May, United States, by 2 1-2 yards. Time, 22 1-5.

12th heat, won by Sherman, United States, who beat Morton, former English champion. Time 22 4-5.

13th, won by Reed, United Kingdom, in 23 1-5.

Gussormsen, Norway, won 14th by default, no other entry.

15th heat won by Hawkins, United Kingdom, 23 4-5 seconds.

LONGBOAT, LAWSON AND SIMPSON, CANADA'S BEST

The Marathon Situation Discussed—United Kingdom Pins its Faith to Duncan, Beal, Lord and Appleby Who Run Long Distances Like Shrubb With Frequent Sprints.

London, July 8. — England does not concede the Marathon to Canada.

Neither does Sweden, or Germany or Greece, and the U.S. is a little dubious.

Greece has a wholesome respect for Canada's prowess ever since Billy Sherring trimmed up the big race in Athens in 1906 and the Yankees know that Harry Lawson, Fred Simpson, Eddie Cotter and men of that ilk to say nothing of Tommy Longboat, are not to be despised.

England, or rather the British Isles are pinning their faith to Duncan of the Salford Harriers, Beal of London, Fred Lord, a Yorkshireman and Fred Appleby of Herne Hill. Duncan Duncan won the 22 1-2 mile trial with Beal only 60 yards back of him and Lord third.

DUNCAN TALL AND RANGY

Duncan is a big tall rangy fellow of the Longboat stamp. I saw him run in the four-mile race the other day. He is a gingery, long-striding fellow who is liable to sprint at any moment. Though training for the long distance he finished fifth in a four mile race that was done in 19.47 2-5. Duncan was only beaten 50 yards, so he finished under 20 min. and four miles in 20 minutes is going some. Duncan is a grand runner and no mistake. He will be a dangerous man on account of his early speed.

Beal and Lord are little stocky fellows who chased Duncan hard all the way in the trials. Appleby is a veteran, a lightly-built fellow who looks much like Sherring in build and style. He broke down in the trial but has rounded to. All these have their following, and Harry Lawson, the Canuck, is much fancied, especially in Yorkshire, where he was taught how to run. The Englishmen say the first ten miles will be done under 55 minutes, and that's going some.

The Swedes still stick to Swanberg but Swanberg is only a plugger and from what I saw of him I think W. H. Wood Eddie Cotter and a couple more of the Canuck team can trim him. He has but little style and no stride.

THE HOPE OF CANADA.

Looking over the Canadian team it looks like a toss-up between Tommy Longboat, Harry Simpson and Fred Simpson, the Mississauga, to lead the way home to the Maple Leaf. Lawson is going as strong as ever and is training harder than any other member of the team. Simpson who seemed to have only endurance in Canada, has developed speed, under Billy Sherring's attention. He is finishing his trials like a race horse, mowing them down right and left. He is a very tractable fellow in training and is one of the team's entertainers. He does a good buck and wing dance and is the team's barber. He is as fit as a fiddle. So is Tommy Longboat, according to Irish advices, but what Tom Flanagan is doing with the Onondaga is unknown here.

THE REST OF THE TEAM

Of the other members of the team much can be said.

Bert Goldsboro of Toronto is peiling hard, but the question is will he last the route. Bert has all sorts of speed and ginger. If he gets beaten he will go down while running in the vanguard. He is training hard for early speed and is determined to be in the van all the way.

W. H. Wood of Brantford, who was second to Lawson, has not up to date shown any improvemnet in speed but he is working hard. He is a quiet fellow and may have more than is suspected. He will finish in the first fifteen all right.

Eddie Cotter, the Burlington boy, has been suffering from inflamed eyes ever since he arrived and has not been able to train hard. He does not seem to strike out like a winning man but at that he is no slouch.

Geo. Lister who fell on the boat and hurt his hip has just got back to work a day or two ago and what he will do is as problematical as his performance in Toronto.

VETERANS HAVE SMALL CHANCE

Jack Caffery of Hamilton and Frank Noseworthy of Montreal, the veterans in the Marathon are both fine fettle. Noseworthy, however, has no speed and will be left far behind in the first burst. Caffery has more speed but no one here believes he will repeat his old Boston Marathon performances. If he doesn't he won't be within hauling distance, for this 26 miles, 600 yards will be run in 2.31. — so great English judges say.

Geo. Goulding, the walker, won't run in the Marathon, but Jack Tait, the miler, will go. Tait ran a good fifteen miles in Montreal last fall, but his training here has all been for the 1,500 metre races so he may be sadly lacking in reserve for the big grind.

COURSE HARD AND DUSTLESS

The Canucks walked over the entire course yesterday. The course is a winding one, through scores of villages and long avenues of trees, but it is as hard as flint and dustless.

"Every man will wear out a pair of shoes on the journey," said Caffery, when he came in. "I did when I ran the 26 miles the other day."

The United States team has gone to Brighton Beach to train. Since their arrival the Longboat controversy has re-opened.

SHERRING A HARD WORKER

If the Marathon does not come to Canada it will not be Billy Sherring's fault. Every day he dons his running togs and leads the boys five or ten miles, rating along the slow ones and coaching them the whole way. The boys all like him.

LOU. E. MARSH.

REGATTA DAY AT STURGEON POINT

Sturgeon Point regatta day is fixed for August 6th and the Chemong regatta will take place on Aug. 10th, Civic holiday, thus permitting the Lindsay and Sturgeon Point people to take advantage of this.

'TWAS YANKEE DAY.

They Take Three of Four Finals and Are Better Pleased.

London, July 21.—The Yankees taking three of four field finals yesterday may be expected to stop cabling babyish nonsense to New York re unfair treatment. By brilliant running in the 100 metres sprint nine Yankees, five British, two South Africans and one Canadian reach the semi-finals.

Rector of the United States, with 10 4-5, equaled the Olympic record, and has taken equal place with Kerr as favorite. Cartmell and Cologhen of the United States; Morton, England, and Walker, South African, like Kerr, did 11 flat. Kerr meets Morton, England, and Hamilton and Sherman, United States, in the semi-finals, and should win.

C. M. Daniels, United States, broke the world's record for 100 metres swim, 15 3-4.

To date Britain has won 15 stadium events and the United States eight.

The Marathoners field was to-day reduced to 58 by the withdrawal of Burns of Calgary.

CANADIANS AT BISLEY.

Team Competes In Contest For Prince of Wales' Prize.

Bisley Camp, England, July 21.—The weather yesterday was cloudy, but there was no rain. In the competition for the Prince of Wales' prize the Canadian scores at 300 yards were:

Capt. C. R. Crowe 32, Pte. W. M. Eastcott 32, Lieut. T. F. Elmitt 33, Col.-Sergt. Freeborn 31, Corpl. Haystead 31, Corpl. McInnes 29, Staff-Sergt. Kerr 33, Pte. J. Leash 30, Capt. Pope 31, Sergt. W. A. Smith 34, Lieut.-Col. Spearing 30, Lieut. C. D. Spittal 31, Pte. A. Steele 30, Sergt.-Major Utton 31, Pte. B. M. Williams 33, Schlater 32, Mortimer 33, Bayless 30.

At the 600 yards' range the scores were:

Crowe, 42, Eastcott 49, Elmitt 45, Freeborn 42, Haystead 46, McInnes 45, Kerr 45, Leash 30, Pope 43, Smith 47, Spearing 41, Spittal 45, Steele 48, Utton 42, Williams 47, Mortimer 43.

The prize winners are: Eastcott (seventh), 100 shillings; Smith (10th), 60 shillings; Williams (18th), 60 shillings; Steele (59th), 40 shillings.

The 200 yards' range scores in the Alexandra competition were:

Brown 32, Crowe 32, Eastcott 33, Elmitt 28, Freeborn 32, Haystead 30, McInnes 34, Jones 28, Kerr 26, Leask 31, Martin 31, Morris 33, Pope 27, Rowe 31, Smith 31, Spearing 30, Spittal 32, Steele 29, Utton 31, Williams 33, Schlater 32, Mortimer 34, Bayless 33.

The scores at the 600 yards' range were:

Brown 27, Crowe 33, Eastcott 24, Elmitt 34, Freeborn 30, Haystead 30, McInnes 32, Jones 30, Kerr 30, Leash 29, Martin 30, Morris 34, Pope 30, Rowe 33, Smith 29, Spearing 28, Spittal 33, Steele 34, Utton 31, Williams 32, Schlater 31, Mortimer 33, Bayless 28.

In the Wimbledon Cup, S.R., open to all-comers, ten shots at 600 yards, Lieut. C. D. Spittal of Ottawa won a prize of £3.

CRICKET CLUB HAS SEVERAL GAMES AHEAD

Enthusiastic Meeting Was Held at the Snowden House Last Night

A largely attended meeting of the Cricket Club was held at the Snowden House last night, when several matters of interest were discussed. The president, Mr. Lovekin, was in the chair, and the meeting was of a most enthusiastic nature.

The club has four games arranged, the most important of which will be against the Toronto Cricket Club here on August 15th. Colborne will also play here in the near future, and the locals will play return games at Millbrook and Warkworth at the latter place on August 10th.

Several other matters of interest in connection with the club were discussed.

SPORTING COMMENT

There must be some great diplomatists on the Capital executive. Wonder could they make a success of a walking match at Lindsay.

New Westminster Lacrosse team play their first game against the Shamrocks to-day. The Irish will likely keep the cup, all predictions to the contrary.

A tug-'o-war has been suggested as an event at the Printers' Picnic. There is no doubt but that "Paxy" would get the half back position when the teams were selected.

GOOD CROPS WILL WIPE AWAY ALL TRACES OF DEPRESSION

And Westerners are Preparing to Garner the Biggest Harvest in the History of the Country—Mr. E.M. Best Home.

Mr. E. M. Best, of the Best Stove Company, has returned home from Winnipeg and other points in the west, where he spent the past month. He states that the people of Manitoba and other western provinces are looking forward to harvesting the greatest crop in the history of the country. Everything points towards a record yield unless early frosts do damage, and these have been so few in recent years that the farmers do not regard them with much apprehension. Harvesting will be commenced in a few days.

The financial stringency is about dampened the enthusiasm of the westerner in the west and it has in noway tamer. A good harvest this year will wipe away all traces of the depression and start the country on its onward march again.

Mr. Best spent the greater part of his time in Winnipeg, where his parents reside, but also visited several other points. He was accompanied on his return to the east by his sister, Miss Irene Best, who will spend a few weeks with friends in Ontario. She is in Peterborough at present.

ENGLISH TEAM WILL PULL AMERICANS WITH BOOTS OFF

Special To the Review.

London, July 21.—In the first round of the catch as catch can wrestling, middle weight, to 161 pounds, Craigly and Narsants drew byes. In the second round Beck, United Kingdom, threw Narsants and Anderson, Sweden, beat Craig, American, on points after the two men had struggled on the mat for the full 15 minutes without either securing a fall. The team of London police which won the Olympic tug of war, has issued a challenge for a match with the American team. The members of both teams to be in their stocking feet or any way the American prefer and the match to be for glove or any charity.

WORK ON BOWLING ALLEYS AT Y.M.C.A. BEING RUSHED

Work on the YMCA bowling alleys is progressing at a rapid rate at present. The wall separating two of the store rooms in the Boys' department has been torn down converting them into one long hallway in which will be installed the new alleys.

It is estimated that the total cost will be about $1500, which will include fittings of the most up-to-date fashion and which will provide alley ways equal to the best in the country.

The directors of the YMCA have three estimates for the work, two from Toronto firms, and one from a local concern.

Mr. Lillie leaves tomorrow for Collingwood where he will examine the bowling plant which one of the Toronto firms has established in that place. On the way back he will call at Toronto, visiting several of the bowling alleys and on his return will give a report of his trip to the property committee of which he is a member.

If nothing serious occurs the beginning of September will see two first-class alleys installed in the local Y.M.C.A. and it will then be up to the young men to show that they appreciate the efforts of the directors.

YOU CAN SHAKE HANDS
—WITH YOURSELF—

when you have a good Fire Insurance Policy in one hand. Shake off the lethargy you are in. Be a business man and look after your own interests. The wise would never think of allowing their personal property to be uninsured. If you have been so foolish hitherto, wake up now and get interested for your own interests. We can insure your house and contents for a small premium. You will hardly feel the paying of it yet it affords you a permanent protection against fire. We represent several of the largest fire insurance companies in the world, whose motto is "prompt and liberal settlements."

SPORTING COMMENT

If Bobby Kerr wins the sprints at the Olympic, sprinting will become popular in Canada. It will be hard on the police.

The average man wonders how the time keepers can cut a second up into fifths, but it is quite plain that it is necessary to do so when it is remembered that a man who does the hundred in ten seconds covers thirty feet every second and six feet every fifth of a second. A fifth of a second matters a good deal.

Manager Crocker of the Canadian Olympic team picks either Simpson or Longboat for the Marathon. Here's hoping that Fred wins.

Josh Craig is working out daily at Nicholls Oval in preparation for the walking match at the Printers' picnic. He is getting better every day.

If there is to be a special train to Lindsay on Thursday it is pretty nearly time an announcement was made. A good crowd would go.

A typographical error makes the Kingston Standard credit an item to the "Selville Ontario." Of course the "Belleville Ontario" is meant but the first title is equally appropriate. The next will be a reference to the "Port Hope Guy" instead of the "Port Hope Guide."

The sprinters are already getting into shape for the printer's picnic. A good programme of sports will be pulled off at Idyl Wyld.

It seems mighty peculiar to us that the man at Gananoque who saw a nine foot snake did not see two snakes. It could be more easily understood even if the reptiles were smaller.

The question, "Why is a hen?" takes a back seat to the latest query, "What happened the Port Hope ball team?"

When a player is ruled off in the British Columbia League the referee gives him a card on which is marked the time he is out of the game. As the time is only taken from the moment the penalty timekeeper is handed the card, it is likely the policy of the player ruled off to bike to the fence as fast as his legs can carry him. If he stops to argue the point with the referee or any of the players he is adding to his penalty.

So Davey Hartley says he was doped in the big walking match. Someone must have given Ray Fenton, the boy wonder, a pinch of the same stuff.

President Thompson of the N.L.U. seems to have got into a peck of trouble as a result of his ruling in connection with the Capital—Tecumsehs game. Tears to us as if the Indians get one or two raw deals every season. The eastern clubs seem determined to prevent the Minto cup from going to Toronto.

PRACTICAL JOKE ON BRITISH NOBLEMAN

How "Rimouski" Honored Arthur Murray on Way to Quebec

Quebec, July 18—It has leaked out since the arrival of the Empress of Britain in the port of Quebec that one of the distinguished passengers was made the victim of an amusing practical joke when the ship was off Rimouski. It appears, however, that all the first-class cabin passengers were not acquainted with the facts of the case, for fear that the incident might be related by one of the travellers to the Quebec celebration. Some person, however, let the feline out of the sack, and the story is being told to laughing listeners in the clubs and hotels of the Ancient Capital. On board the Empress of Britain was Captain the Hon. Arthur Murray, the descendant of one of the heroes of Quebec, and it appears that as he is somewhat of a practical joker, some of his fellow-passengers decided to get up one at Murray's expense.

The first thing that they did was to concoct a Marconigram purporting to be from the mayor of Rimouski, asking Captain Murray to accept a formal address from the citizens as a mark of respect and admiration for Murray. The interest among the jesters became intense when the captain prepared a reply in the affirmative, and then proceeded to his cabin to prepare an appropriate speech to be delivered when His Worship the Mayor of Rimouski should make his appearance, bearing with him the expression of good-will from the French-Canadians of the Lower St. Lawrence.

The merry-makers then pounced upon the representative of the Daily Mail who looked very much like a Frenchman and dressed him up as the representative of municipal authority on the shores of the gulf. A military scarf was requisitioned from Lord Roberts and pinned to the shoulders of the would-be mayor as the symbol of civic distinction. But the mayor must have a wife, for it was taken for granted that the function would not be complete without the presence of a lady mayoress at his side. No sooner said than done. Lord Bruce was attired as the mayor's wife and a fine representative of feminine splendor he made. No sooner had the Empress of Britain arrived off the eastern end of St. Barnaby Island than his worship and wife entered the crowded saloon, where Captain Murray had been asked to await their coming. The Daily Mail man bowed very nicely, and his better half, alias Lord Bruce, followed suit, after which the mayor opened upon the representative of the proud house of Murray, who is also a Liberal M.P. in the British Parliament. The address spoke of the coming of such distinguished strangers to these Canadian shores mentioning His Royal Highness the Prince of Wales as well as Captain the Hon. and told of the loyal respect in which they were held by the good people of the Dominion who were represented on this occasion by the mayor of Rimouski.

Captain Murray's reply was a masterpiece of rhetoric and eloquence, as he had been preparing it for the occasion, and although all present were acquainted with the huge joke, they were crowding handkerchiefs into their mouths to obviate undue laughter, the orator went on, and at every good point the delighted spectators cheered him to the echo. There were greetings all round and his worship of Rimouski retired, while the gifted captain wiped the perspiration from his brow.

THE TRIUMPH OF "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets Are Now Used and Praised in Every Section of the Dominion

A 25c. TRIAL SIZE HAS JUST BEEN PUT OUT SO THAT EVERY FAMILY IN THE LAND MAY GIVE THEM A TRIAL

"Fruit-a-tives" have been a wonderful success because they have proved their value in every case. Whether it was Constipation or Biliousness—Headaches or Neuralgia—Rheumatism or Sciatica—Indigestion or Dyspepsia—Sallow Complexion or Eruptions on the skin—Pain in the back or other indications of Kidney Trouble—"Fruit-a-tives" have never failed to give the promised relief. People tell about their cures and write to the company about them. Thus, the good news has spread that here was a medicine that actually cured—that did more than was claimed for it. And more people tried "Fruit-a-tives." To-day, "Fruit-a-tives" are the acknowledged success in the medical world and are known from ocean to ocean. Some wholesale druggists order 100 gross (14,400 boxes) at a time. Practically every druggist and general store in Canada sells them.

The new trial box at 25c will make "Fruit-a-tives" more popular than ever because it gives everybody the chance to try them.

If you only know "Fruit-a-tives" by reputation, the 25c trial size enables you to test them at a very small cost.

Write direct to Fruit-a-tives Limited, Ottawa, Ont., if your dealer does not have both the 25c and 50c boxes.

YOUNG MEN HAD TO PAY BIG FINE

Lindsay Magistrate Soaked Those Who Had Been Disorderly on Train

Several young men appeared before Magistrate Moore on Saturday, charged with being drunk and disorderly on the train while coming home from Peterborough, on July 13th. They were all acquitted with the exception of one, against whom the charge was proven. The Magistrate imposed a fine against him of $20 and costs to be paid forthwith. The fine was paid and the prisoner allowed his freedom.—Lindsay Free Press.

DISTINGUISHED PARTY WILL TRAVEL VIA GRAND TRUNK TO QUEBEC

ALLEGED PICKPOCKETS ON TRIAL BEFORE JUDGE WELLER

Four Suspects Pleaded Not Guilty to Charges Laid Against Them--P. C. Newhall, First Witness, Tells Story of the Arrests on Circus Day.

The trial of the four alleged pickpockets Jos. Adams, Jas. Graney, Geo. Williams and Harry Hamilton opened this morning at 11 o'clock at the court house, before His Honor Judge Weller. Crown Attorney R. E. Wood is conducting the prosecution and Messrs. O'Connell and Gordon are defending the prisoners. They pleaded not guilty to two charges, of stealing twenty dollars from Mr. A. R. McTaggart of Brockville and two dollars from Jas. Groves on circus day, June 17th.

During the evidence of Mr. Newhall this morning the quartette listened attentively and at the close of the forenoon's session expressed themselves as being hopeful as to the result.

P. C. NEWHALL

P. C. Newhall was the first witness He said that he was on duty the 17th day of June. He told his story as follows;

"About 11 o'clock that morning I noticed the prisoner Williams in the vicinity of the CPR station, I watched him for a couple of minutes. I met the 11.20 train on the CPR, I then came to the police station talked to the chief and then went to the CPR. station. I again noticed Williams, When the train came in from Lindsay There was a large crowd, there being two wedding parties I noticed the other three prisoners on the platform of the rear of the second coach. A large number were trying to board the train Adams the prisoner came down the steps first. Mr E McTaggart was trying to board the second coach. Adams got behind him ku his left hand side Hamilton got in front of Mr McTaggart and Graney stood on the gentleman's right. Adam's right hand went into Mr. McTaggart's right hard pant's pocket, pulled out what appeared to be a pocketbook. Hamilton and Graney pushed him, knocking him down. The three quickly got out of the crowd, all going in different directions till they reached Charlotte street. Williams remained on the platform. When the three reached the freight sheds Graney remained on the sidewalk and Hamilton and Adams got right close up to the freight shed. Adams passed several bank bills to Hamilton. Hamilton put them in his trousers pocket. Williams and Graney approached Hamilton and Adams said something and they appeared to take great stock of me from that moment. I had previously drawn the attention of Alex and Jas. Reid to the prisoners When I saw they noticed me I returned to Mr. Alex Reid. He had a trunk and a valise taking them to his express wagon, Adams and Graney were close behind me. I said "Where does that train go to." He said "Port Hope." I said "take that trunk and valise up to Smith street for me." He took them and I paid him a quarter. Adams and Graney seemed satisfied and went away. Then the four came back. They were pushing and jostling about the passengers. Finally they all left pretty quickly, walking a few yards apart from each other. They went east, along Charlotte street to the Snowden House went in there for a few moments came out and went to the Greek restaurant travelling about ten yards apart. Williams wasn't with the other three. There was a crowd on the corner of Charlotte and George streets. Hamilton got behind a man fumbling at his hip pockets. Graney and Adams were jostling against the same man. They crossed the great to another crowd tried the same bu- pickpockets 222 siness there. They went then to the White House and remained. As I was coming away from the White House I noticed Williams on the opposite side of the street. I came to the police station found the chief had gone to dinner. I went to the Crown hotel and found him there. I told him what happened and asked for another man.

ON STREET CARS

I then went home. I boarded a car at Hunter street and at Charlotte St. Adams, Hamilton and Graney got on it. The car was crowded and they were pretty quiet until they reached the CPR station when they commenced jostling and pushing the people. Hamilton appeared to be trying one man's hip pocket, and Graney and Adams were shoving. The conductor came along. They stood outside one on the west and two on the east side of the vestibule. When they arrived at the grounds Williams was standing there. The other three jumped off before the car stopped. All four went along Lansdowne street and into the grounds. I watched them for a few minutes, then went home.

AT THE CIRCUS

In fifteen minutes, dressed in old clothes. I returned and met P. C. Mcharry. We watched the cars for a while then went into the grounds. Opposite the big tent there were some booths, a small crowd being in front of each one. Graney was walking up and down. Williams was at big tent, and Adams was in the crowd. I didn't see Hamilton. I watched them and Detective Robinson of the CPR. was close by Graney. I heard Robinson tell a man to keep watch on Graney. From that moment they cleared right away. I lost sight of them all. Robinson came up and spoke to Mcharry. On the west side of the big tent I saw Williams, Adams and Graney come from under the big tent. They laid down on the grass. Adams took off his coat. I ckpt watch on them for a few minutes

DID NOT KNOW EACH OTHER

Mcharry came along and we arrested the three an said that we were arresting them for picking pockets. Adams and Williams tried to get away. Finally we got them handcuffed and brought them to the police station.

On the way upon the car I said to Adams, "Which way did you come to town."

He replied "on the CPR."

"What time did you get here," I asked.

"About noon."

Graney said that he had also come here on the CPR. and Williams said that he beat his way here on the circus train. At the police station they denied knowing each other until a few minutes before their arrest.

HAD MONEY GALORE

When we searched Adams I found $83.86, six ten dollar bills on the United Empire Bank, two on the Montreal Bank. In his right hand coat pocket one two dollar bill and one one dollar bill and 80 cents. There were several Montreal street railway tickets and a light tweed cap.

"Have you any more money," I asked.

"Not a cent, you have got it all," he answered.

Shortly after midnight I brought him out again and searched him. In a seam in his pocket I found two one hundred dollar bills.

"I guess you have got my plant," he said.

"Is that all." I asked.

He answered "yes."

But in another seam I found another one hundred dollar bill.

Now you have got the lot he said.

On Williams was found $1.12, several Montreal street car tickets and GTR. ticket from Toronto to Montreal.

On Graney there was $6.45, a five dollar bill on the Traders Bank, one dollar bill and 45 cents in silver. Also a GTR ticket, and a memo book showing the name of H. Goldfarb, one of the pickpockets we had here last summer. He said that was all the money he had. Later on we searched him. Underneath the lining in his pants was a hundred dollar bill and down in the seam of his left hand pockets I found a diamond

On Hamilton there was $20.20 one ten, on the Dominion Bank, one five on the Bank of Commerce one two and twenty cents in silver, five new silk handkerchiefs. At midnight I brought him out again. He said "i haven't any more." In the seam of one of his pockets I found a fifty dollar bill.

NEVER PICKED A POCKET

After arresting the three I returned to the circus grounds and after being there a little while, I noticed Hamilton standing in the crowd, opposite one of the booths. He had his hand under the tails of a man's coat Mcharry came along and Hamilton wheeled round, walking right towards us.

He said you have made a terrible mistake. I am a telegraph operator on the Erie railroad. I am troubled with consumption and came from Rochester by way of Port Hope. At the car he got into terrible passion.

"This is terrible to arrest me. I never picked a pocket in my life," he said.

When in the police station, I asked him, "Where did you sleep last night."

"At Parkston Jct." he said.

"AS OLD BILL SAID"

Hamilton and Williams were in the middle cell while Graney was in the south one and Adams was in the north one.

Adams yelled, "Are you there, Arthur.

A voice from the middle cell said "yes."

This is what Adams said, "It came out just as Old Bill told us. We would have best kept away He found my plant. Somebody has put us away."

MCTAGGART'S PURSE

Mr. Newhall produced a purse with the name, A. R. McTaggart, inscribed on the inside of it. It was given to him by James Jackson a few days after the arrest.

Harold Livingston, the three-year-old son of H Livingston a farmer of Lulu Island, O, was drowned in a dyke.

Claude Macdonald, M. P. expects to leave Dansville, NY. shortly where he has been a patient at a sanitarium

THIRTY POUND 'LUNGE CAUFHT

Mr. John Doris, of Otonabee while trawling yesterday in the Otonabee river near Campbelltown, caught the fish of the season. It weighed cleaned, scaled and ready for the pot, over 24 pounds which would mean that with head, offal etc. it would weigh at least six pounds more, or thirty pounds. Mr. Doris who is 75 years of age and an expert fisherman, thought at first that his hook had caught in a sunken log but he was soon undeceived. The monster proved to be full of fight but after a prolonged and exciting struggle it was successfully landed by its somewhat fatigued captor.

HE SANG WITH MUCH SWEETNESS

Master Jos. Common is Soloist of Unusual Ability

One of the features of the song service at Knox church on Sunday evening was the singing of Master Jas. Common, boy soprano, who sang with great sweetness "Come Unto Me Ye Weary." He is a son of Mr. Roland Common, choirmaster of Knox church, and bandmaster of the Peterborough band. He arrived from England a few days ago and will be a regular member of Knox church choir. His vocalism was greatly appreciated on Sunday night.

YOUNG BOY WAS ALMOST CUT IN TWO BY A SAW

Lindsay, July 21—Mr. H. Bryant was the victim of a horrible accident on Saturday morning. He and his father have been running a portable saw in the district of Haliburton since last spring, and some few weeks ago they moved their saw down to a small place called Lochlin, about 8 miles from Haliburton. Since arriving at that place the saw had not given the best of satisfaction so they decided to bring it to Craig and Austin, at Kinmount, where they had it repaired.

As soon as it was fixed they brought it back to a farm house within two miles of Lochlin where they set it up to cut lumber, and it was here the accident occurred.

MACHINE LURCHED

They had just set it up and father and son were complimenting each other on how nice it worked, when the boy leaned over the saw to examine a boxing. While in that position some of the stakes that were holding the machine to the ground gave way and the belt running from the machine to the engine being very tight, causing the sawing machine to give a lurch, bringing the saw against the boy's shoulder.

RIGHT LUNG SEVERED

There were several other parties present who witnessed the accident. One of the parties remarked to the Free Press this morning that he never saw such a horrible scene in his life. The saw entered at the boy's right shoulder, taking a downward course, severing the right lung as it went and almost cutting him in two. Those standing around went after a doctor as quickly as possible, but the boy had passed away before he arrived

The unfortunate victim lived for 45 minutes after the accident which only added to the horribleness of the affair, and to make it worse he was conscious for about 35 minutes.

FATHER NEARLY FRANTIC

The father was nearly frantic, he tried to stop the flow of blood, and do everything he could for his boy but it was of no avail. The son spoke several words to his father which the grief-stricken parent answered, but they were inaudible to the parties standing around.

The deceased was removed to his home some few miles north of Haliburton.

DETECTIVE W. J. WELLS HAS RE-OPENED MURDER CASE

Makes an attack on Detective Greer and Attorney General's Department—Wells is Well Known Here

A Toronto despatch says;—

W. J. Wells, of 15 Louty Avenue, signing himself "The Ontario People's Detective," is reviving the Barton murder affair. Mr. Wells, who was once connected with the provincial department, did some work as a "free lance' in attempting to solve the mystery of the shooting of the unknown woman whose body was found on Hamilton Mountain He got results which he says would have proven a great deal more successful if he had received the assistance from the Ontario criminal investigation department that his efforts merited.

He now states that he has documentary evidence to show these things.

1. That the murder occurred on October 9, 1905.

2. That he (Wells) acting on his own authority, issued, on Jan. 22, 1906, a circular letter to shoe and corset manufacturers in the United States which brought him certain information.

3. That he turned this information over to the Attorney-General's department on February 3rd. 1906.

4 That on Feb. 24th, 1906, Government Detective Greer, who had been detailed on the case from the beginning, issued a circular letter asking for the very information which Wells had already given him.

COMPLAINS TO ATTORNEY GEN.

Yesterday Mr. Wells sent the following letter to Hon. J. J. Foy, Attorney General.—

"In my letter, dated June 26, I charged Policeman Greer and other officials in your department with incompetence, trifling, juggling and obstructing the advancement and promotion of the work of criminal justice in connection with the murdered dead, also with squandering the people's money. Wells then outlines his charges in a lengthy letter.

Wells is well known in Peterborough, having visited here in connection with the Gow case.

VOL. LVII., No. 18. PETERBOROUGH, ONT., CANADA, WEDNESDAY, JULY 22, 1908 TEN CENTS PER WEEK

BOBS REVIEWS THE TROOPS SOLDIERS ARE COMPLIMENTED

Says They Are Fine Lot of Men—Naval Officers Give Ball Which is Splendid Function—Break in Water Main Leaves City at Mercy of Fire.

Quebec, July 22.—The Prince of Wales arrives on the Indomitable at 2 o'clock to-day. Official visits will be made on board the ship by the Canadian authorities and the prince will land at 4.

Lord Roberts is staying very quietly. Mayor Oliver has seen him, and after several changes, the program at a late hour last night was announced to include a visit to Toronto on the fifth, sixth and seventh of August. He will arrive on the evening of the fifth, and the afternoon of the sixth will be a civic half holiday. A parade of the local troops will be held in Exhibition Park.

On Friday Lord Roberts will go to Hamilton, instead of London, as originally proposed, and will be entertained to luncheon by the military officers.

On Saturday Lord Roberts will go with Hon. J. S. Hendrie in the colonel's motor car by Winona, Beamsville, Grimsby and St. Catharines to Niagara. Nothing has been decided of his further movements.

Premier Whitney arrived yesterday and is staying in the Speaker's Chambers at the Parliament Buildings.

The fleet ball last night was the first great social function of the celebration. Sir Asheton Curzon-Howe and the officers of the fleet were the hosts, the ball being official. Over eight hundred guests were invited, and the occasion was marked by the utmost brilliance. The United States and French navy were well represented, and almost every distinguished person staying in the city was present, the Governor-General, however, being unavoidably absent.

The ball was held in the Parliament Buildings, one chamber being converted into the ball room and the other into the supper room. The ornate decorations of the chambers were tastefully supplemented with naval trophies, life buoys from each of the British vessels in red, white and blue were hung high on the wall with trophies of flags intermingled.

The throne and Speaker's dais were decorated with trophies of arms, and a shield presented by Admiral Curzon-Howe for gun-laying. The supper room was brilliant with the ships' plate, heavy silver centre pieces standing on the tables. A life-size silver cock held by the Albemarle for regatta superiority crowed magnificently on the main table. Each ship took charge of one table.

The entrance and hallway were furnished with 12-pounder field guns. On the first landing a trophy of sword bayonets with torpedo warheads, and supported by a marine and bluejacket was erected by the Exmouth men. On the second landing a trophy of cutlasses was the work of the Duncan crew. Dancing continued till after two this morning.

Earl Roberts yesterday inspected the regiments in camp, and his satisfaction was expressed in the following remark:

"A fine lot of men in physique, in appearance, in drill, in behavior, in everything that pertains to a good Britisher and a good soldier."

The field marshal, who was in civilian togs, brown suit and white felt hat, was accompanied to Camp Savard by Lieut.-Col. Septimus Denison, his aide, Gen. Cotton, and staff, and the troops marched past after Brigadier-Col. Macdonald had been introduced to the famous warrior, who asked many questions concerning the various corps as they swung by.

The Highlanders, Grenadiers and Queen's Own, of which latter regiment Gen. Robert is honorary colonel, marched past in the order named and they never looked better.

The cavalry brigade and then the Windsor, Hamilton and London regiments were next inspected.

Incidentally the field marshal was introduced to Capt. Leonard of St. Catharines, who invented the "gig infantry" outfit for field work, which seemed to attract his attention favorably.

All along the lines, the visitors were greeted by exceptionally hearty cheering.

For a whole day the major portion of Quebec has been without water. In case of fire there would have been almost no protection. The trouble was caused by a break in the 30-inch main at Charlebois. There was a small flood at this point, and workmen were promptly set to work to make repairs. Yesterday morning the waterworks department reported the main repaired and promised water plenty by noon.

While the crowds are coming in flattering numbers, there is still good accommodation for several thousand more, though the hotels are full at from $5 to $10 per room.

No one who has not seen the historical pageants will understand the ecstacies of those who have had the privilege to say that nothing on the American continent has been seen like it, but faintly suggests the reality. The noble natural theatre of the spectacle could not be readily matched, while the historical associations which cluster round the Plains of Abraham belong to one nation alone.

Sir Wilfrid and Lady Laurier arrived yesterday and made an official call on the Governor-General. Sir Wilfrid is staying at Spencerwood.

Earl Grey visited the French admiral and lunched on the Leon Gambetta.

A military tattoo was held last night, under the management of John Slatter, bandmaster of the 48th Highlanders. The Queen's Own men and Grenadiers took part.

A grand concert was held at the armory, when 400 voices sang the cantata "Christophe Columbo."

The most serious difficulty is in connection with the feeding of the unusual number of visitors. Everything is closed up before midnight and those who rely on late suppers to eke out scanty dinners, meet with disappointment.

CHEESE BUYERS INDULGE IN SOME LIVELY REPARTEE

Mr. Kerr and Mr. Cook Have Dispute Over Precedence as to a Bid—Buyer Charges That He Was "Buncoed" —11¾c the Ruling Price.

At to-day's session of the Peterborough Cheese Board, Mr. Cook accused Mr. Kerr, a fellow buyer, of trying to "bunco" him. It was quite lively for a few minutes. The trouble arose over the question of precedence in bidding. Mr. Cook offered 11 3-4c. for selections and Mr. Kerr offered the same bid for the balance of the board. According to the rules of the Board, Mr. Kerr's bid got the precedence. Mr. Cook looked resigned and everything went smoothly as Mr. Kerr called the Board. All sold until Stony Lake, South Burleigh and Oak Leaf factories were reached. Mr. Kerr refused these at factory inspection, which is the inspection called for in the rules of the board. Mr. Kerr would take them at Montreal Belleville, Hastings or Peterborough inspection, but the factory man said no and said it decidedly.

Mr. Kerr said he would not take the three factories then.

Here Mr. Cook made a vigorous protest, demanding that Mr. Kerr should take all the board factory inspection or that his bid should be out and his (Cook's) offer allowed precedence. He would make Mr. Kerr stick to the rules of the Board.

"Mr. Cook is trying to run a bluff on me and then he'll laugh at me going down on the train," said Mr. Kerr

"Nothing of the kind," said Mr. Cook. "If Mr. Kerr will not take all the balance of the Board my bid of 11 3-4c. takes precedence over his. I only want fair play."

Mr. Kerr said no other buyer had ever had to inspect cheese at the three factories in question.

"I beg to differ with you there," said a salesman.

"I think its unreasonable and I'll call for an arbitration on this matter," said Mr. Kerr.

"What's your ruling on the matter, Mr. President," asked Mr. Cook.

"I claim Mr. Kerr is entitled to take the three factories," said Mr. Coughlan.

Mr. Kerr then asked the three salesmen if they would ship at Peterborough and they all answered in the negative.

"I won't take them then," said Mr. Kerr, "are you satisfied now, Mr. Cook?" he asked.

"Why won't you go back there and inspect the cheese," Mr. Cook asked Mr. Kerr.

"I was back there once and I'll never go back again," was the reply.

"What happened," was asked.

"I nearly got killed," said Mr. Kerr.

"Get someone to inspect the cheese for you," suggested President Coughlan, but to this Mr. Kerr demurred.

"Mr. Cook wants to get me away for a week so he'll have an advantage. That's his scheme," Mr. Kerr stated.

"You've buncoed me out of the cheese," was Mr. Cooke's retort as the Board adjourned.

The ruling price was 11 3-4 to-day, with several factories going at 11 11-16 cents.

A total of 4,413 boxes was offered for sale as compared with 4,874 boxes at the last sale on July 8th. There was a large attendance of buyers and salesmen.

Mr. Cook opened the bidding at 11 3-16c which was advanced to 11 1-4 cts. by Mr. Gunn.

Mr. Fitzgerald first raised to 11 3-8 and then to 11 1-2c, when his first offer was on third.

Mr. Gillespie offered 11 9-16c and Mr. Gunn bid 11 5-8 c. Mr. Gillespie bid 11 9-16 c and Mr. Fitzgerald raised it to 11 3-4c. There being no advance, Mr. Fitzgerald called the board and secured the following factories: Warminster, East Emily, Benafort and Otonabee Union.

Mr. Gunn bid 11 3-4 c and secured, Daisy D., Ormonde, Norwood, Brickley, Shamrock, and Killarney.

Mr. Gillespie made the same bid, 11 3-4c and called Westwood, Villiers, Central Smith and Keene.

Mr. Gillespie offered 11 11-16c for further selections and called Shearer, Selwyn, Trewern, Warsaw King King Edward, Myrtle and Cedar Dale.

Mr. Kerr offered 11 3-4 c fo the balance of the board and the following sold: Lakefield, Pine Grove, Maple Leaf, Young's Point, Cavanville, Crown, Fleetwood, Lang, Fraserville, North Dummer and Oakdale.

On Mr. Kerr refusing to take South Burleigh, Stony Lake and Oakleaf on factory inspection, Mr. Cook protested as already detailed. The three factories mentioned did not sell.

CHEESE BOARDED.

The boarding in detail was as follows:

Keene	175
Warminster	195
Shearer	200
Central Smith	180
Selwyn	185
Villiers	100
Warsaw	145
Westwood	205
Oakdale	150
Daisy D.	85
Lakefield	100
Pine Grove	145
King Edward	135
Otonabee Union	70
Maple Leaf	155
Myrtle	140
Ormonde	170
Youngs' Point	95
Lang	150
Fraserville	110
North Dummer	70
East Emily	125
Trewern	145
Benafort	181
Cloverdale	65
Stony Lake	45
Cavanville	115
Crown	150
Norwood	160
South Burleigh	45
Brickley	45
Shamrock	105
Fleetwood	100
Killarney	140

OFFICIAL REFEREE

The secretary, Mr. Hawthorne, read a letter from Dairy Commissioner J. A. Ruddick, informing the Board of the appointment of a competent official, Jos. Burgess, to act as referee for cheese and butter at Montreal. He will only act when called in by buyer and seller.

The Board adjourned for two weeks.

AN ELECTION THIS AUTUMN

Saskatchewan Dissolution is Sure Sign, Conservatives Say.

Ottawa, July 22.—The news of the sudden dissolution of the Saskatchewan Legislature caused a good deal of satisfaction in Conservative circles here yesterday, being looked upon as an indication of a general Federal election in the fall.

Premier Scott's move is regarded as a desire for self-preservation on his part. If Sir Wilfrid Laurier is beaten at the polls, or even if his majority is considerably reduced the fate of the Liberal party in Saskatchewan would be a foregone conclusion, hence, it is believed, Mr. Scott's haste.

It is freely admitted by Liberals that a big Liberal victory is hoped for in order that with the prestige of Saskatchewan to help him, the Premier could go the more safely to the country.

Goes Crazy on Train.

Niagara Falls, Ont., July 22.—Passengers and trainmen of Grand Trunk train No. 8, from Chicago, were startled at the sight of an apparently crazy foreigner, who jumped up from his seat, and began disrobing himself. Before anyone could prevent him, he whipped out a penknife and began stabbing himself in the abdomen several times. The train hands forcibly overpowered the man and secured the knife. When this station was reached he was placed in charge of the station agent.

Ministers Defend Rockefeller.

Atlanta, Ga., July 22.—At the meeting of the Atlanta Baptist Ministers' Association yesterday there was a chorus of cheers when Dr. John E. White, pastor of the Second Baptist Church, defended John D. Rockefeller.

"John D. Rockefeller has always been a good Baptist," he declared, "and a good philanthropist. I think it is abominable the way he is traduced. We all know that Mr. Rockefeller is not the demon he is painted."

Wants Contract Extended.

Montreal, July 22.—The Dominion Iron & Steel Co. have applied to the Dominion Coal Co. for a year's extension of the special contract which was signed in this city on Dec. 6, 1906, by which the coal company agreed to give the steel company all the coal they required for the term of two years at the rate of about $2.80 per ton, the same expiring Dec. 6, 1908.

ROUND-UP AT TERCENTENARY

Detectives Have Corralled a Number of Criminals Who Have Interesting Records.

Quebec, July 22.—Quebec has been infested with the best line of high-class pickpockets of the United States and Canada since the opening of the tercentenary festivities. There have been, too, a line of the highest priced shoplifters on the continent at work in the city.

Supt. W. H. Welsh of the Canadian Detective Bureau, Toronto, has cornered some prize packages in Tommy Ryan, Bill Townsend, Ed. Brough, Mabel Carson, Fred Wilson, Kid Murphy, Lot Rosen, Simey Lepsichty and Bert Johnson, a bunch of Boston pickpockets and shoplifters, all of whom are "in" for prosecuting their profession in the festival city.

With Supt. Welsh in these pinches were Detective O'Grady of the Buffalo force and Detectives Taite and Callahan.

Arrested the Constable.

Ottawa, July 22.—High Constable Groulx went to Maniwaki to make a seizure on one Audre Neault, but when he got into the building they locked him in until the Ottawa train was due. He was then told to get aboard. They threatened to beat him otherwise. Now he will go up again with warrants and assistance.

Snow Seen at Uxbridge.

Uxbridge, July 22.—An Uxbridge man says the boy Snow, who escaped from Toronto jail Friday, was at Uxbridge on Saturday.

He didn't conceal his identity, but said that the others had made the hole and he'd taken advantage of their kindness, and intended to stay out as long as he could.

Borden to Run in Halifax.

Ottawa, July 22.—While officially it is stated as premature, it is learned that R. L. Borden, the Conservative leader, will contest Halifax at the next general election, keeping Carleton County as an anchor.

John C. O'Mullin, who ran with him in 1906, will probably be the other candidate.

Port Rowan Man Jailed.

Chicago, July 22.—Lindsay Russell of Port Rowan, Ont., is in jail here on a charge preferred by Miss Daisy Phillmore of Highland Park, who claims he is the father of her six-months-old child. Russell has a wife in Canada, having separated from her in St. Thomas six years ago.

TWO POLICEMEN ARE SHOT TROUBLE AT NIAGARA FALLS

Early Morning Rowdies Are Caught Coming From Saloon Carrying Parcels and Patrolmen Stop Them—One Policeman is in a Serious Condition.

Niagara Falls, Ont., July 22.—At 12.45 this morning a murderous attack was made on two of Niagara Falls' policemen on Main street, one of the principal thoroughfares of the city opposite the International Hotel. Patrolmen McCormick and Wagner patrolling the street met two strangers coming from the side of Coley's saloon stealthily carrying two parcels. One of the patrolmen stopped them, and asked what they had there. One of the men said, "Wait a minute and we will show you," and quick as flash both men drew revolvers and opened a fusilade on the patrolmen, both policemen falling to the pavement and the desperadoes made good their escape for the time being.

McCormick was wounded in the abdomen and right arm, and is in a very precarious condition, the bullet wound cutting one of the main arteries near the shoulder. Wagner was hit in the leg.

The cries for help from the wounded men soon drew out large crowds and the entire force is out scouring the city in all directions, every avenue being covered. The police of Niagara Falls, Ont., and other nearby places have been notified to keep a lookout. A good description of only one of them was secured. The man is about 28 years of age, 5 feet 8 inches, 150 pounds, dark clothes, light cap, smooth face with about five days' beard. It has been learned that the men were coming out of the saloon with the parcels when accosted by the police. They had been creating a disturbance in the saloon drawing revolvers and threatening to shoot and the police had been summoned to take care of them.

HARVESTING IN THE WEST WILL BEGIN ABOUT AUG. 15th

Mr. Walton Brisbin, of Pilot Mound Manitoba, is home on a visit to his parents, Mr. and Mrs. G. F. Brisbin, 370 Burnham street, Ashburnham. Mr. Brisbin left here ten years ago for the west and in that time has visited his home only once, and that seven years ago. He is accompanied by his wife and little boy. They will spend about three weeks here before returning.

Pilot Mound is a busy little town, it being in the centre of the wheat growing lands in Manitoba. It is twenty miles from Dakotah on the Deloraine branch and it has a population of between six and seven hundred people. Land in the vicinity of Pilot Mound is very valuable, owing to its excellence for wheat raising. Mr. Brisbin owns a large harness business in Pilot Mound and is doing a flourishing business.

Speaking of the prospects for good crops this year, Mr. Brisbin said that they were never better. The grain is looking fine and if nothing happens the farmers are going to have better crops than ever before. It is expected that harvesting will commence about the middle of next month.

THE QUEBEC TERCENTENARY

Sunday Scene on the Plains of Abraham at the Ancient Capital.

Turkey Has Trouble.

London, July 22.—A special despatch from Constantinople to The Daily Telegraph says that there is not the slightest doubt that Turkey is suffering from the greatest crisis in her internal affairs that it is possible to imagine.

The Sultan, continues the correspondent, is furious with his Ministers, whom he holds responsible for the situation in Macedonia, and whom he accuses of misleading him as to the true facts of the situation.

They have advised him to pardon the officers now awaiting the court-martial, on the charge of assisting the "Young Turkey" agitation, but he obstinately refuses to do this and declares that the Ministers are traitors. The Sultan threatens to remove all the officers of the third army corps and crush the Albanians by force.

Old Man Drowns.

Smith's Falls, July 22.—Thomas Farrell, aged 80 years, is believed to have committed suicide by drowning in the river here Monday night. Yesterday morning his coat, hat, walking stick and pair of spectacles were found near what is known as the basin, and at 5 o'clock his body was found. The deceased lived among his children, but of late had been visiting in town.

Nearly Drowns Rescuer.

Windsor, July 22.—William Quinn, local manager of the Bell Telephone Co., had a narrow escape from drowning at the foot of Ferry avenue yesterday, and almost caused the death of W. T. Patterson, an employe of the Bell Co., who attempted his rescue. Quinn was accidentally knocked into the river.

Drowned in Niagara.

St. Catharies, July 22.—While Percy Sheppard, son of Fred Sheppard, was in bathing at Queenston, he dived from the old fruit dock into the river and disappeared. Not appearing again the alarm was given, but the body was not recovered for about an hour. He was about 19 years of age.

Bishop Potter Is Dead.

Cooperstown, N.Y., July 22.—Bishop Henry Codman Potter of the Episcopal Diocese of New York, died here last night. Death followed a sickness of several weeks, which began with stomach trouble and developed complications.

Steamer Is Destroyed.

Detroit, Mich July 22.—The steamer Chas. A. Street, bound down with three barges in tow, caught fire Monday night in Lake Huron, 25 miles above Port Huron, and was destroyed. The crew of 13 was landed safely.

Guard Wires Might Have Saved.

Tillsonburg, July 22.—A coroner's jury returned a verdict that guard wires might have averted the electrocution of J. R. Brown, a telephone lineman, killed by a Windsor, Essex and Lake Shore trolley wire.

Pensions Bill Now Law.

London, July 22.—The House of Lords has passed the second reading of the old age pensions bill, thus insuring its becoming a law.

CIVIC PAY LISTS WERE STUFFED

Scandal in Montreal---City Official is Accused of the Stuffing.

Montreal, July 22.—The discovery was made yesterday at the City Hall that civic pay lists have been stuffed, and that in all human probability the corporation has suffered to the extent of many thousands of dollars. The accused is a trusted employe and the exposure was made quite accidentally yesterday afternoon. The name is withheld.

The mayor suspended a foreman of the road department, awaiting investigation into charges of stuffing pay rolls. The name is withheld.

His method was to introduce on the pay roll names of men who never existed, and then draw pay for them.

Will Rule the Seas.

Auckland, New Zealand, July 22.—In justifying the expenditure of the fund raised for the entertainment of the United States battleship fleet, the Premier said that the United States, with its great sea power, while on friendly terms with Great Britain, spends fifty million pounds annually in trade with the Empire. The day will come, he said, when a great fight will be necessary for the supremacy of the white races in the Pacific, and when this time comes, Great Britain can have the assistance of the American fleet, and the two nations will be found fighting shoulder to shoulder to preserve to future generations the rights and privileges due to all classes.

Speedy Liquidation.

Toronto, July 22.—One of the quickest liquidations on record was accomplished by Louis Gurofsky of Toronto on Monday.

Harry Pollock, who ran a clothing and gent's furnishing store in Fort William, got into financial difficulties and came to Toronto to see his creditors. At 10 o'clock Monday morning he assigned to Louis Gurofsky, with assets of $4,000 and liabilities of $6,000. At 2 p. m. the entire estate was sold to Mr. Enser of Fort William, who paid enough to give the creditors 50 cents on the dollar.

Aged Farmer Hangs Himself.

Tweed, July 22.—William G. Rogers, a highly respected farmer living near Bogart, committed suicide by hanging. He was 75 years of age.

For several months he has been ailing and his death was the result of a weakening of the mind through nerve trouble.

The body was suspended by a strap fastened to a rung of the ladder leading to the loft of the barn.

They Are Still Free.

Toronto, July 22.—This is the fifth day since the escape of the seven jail birds, and they are still at liberty, though there is a daily batch of reports of one or other having "been seen" in various places.

There is a suspicion that friends of the prisoners are helping to send in false returns, so as to keep the authorities looking where the prisoners aren't.

On Monday Rose and Snow were reported from Caledonia.

Independent 'Phone Spreads.

Chatham, July 22.—Still another independent telephone company is seeking an entrance into this city. Neil Watsons, Ridgetown and Mull Co. is said to be ready to compete with the Blenheim and South Harwich Co. Both are fighting the Bell Co. in the rural districts.

Woman Captured Thief.

Windsor, July 22.—Mrs. [illegible] Shalhub, wife of a [illegible] Sandwich [illegible] whom [illegible]

"PILSENER" Means Purity

The Daily Review

WEDNESDAY, JULY 22, 1908.

THE IRISH LABOURER

The following extract is of interest in view of much that is being written and said of the Irish at this present time.—

"The report on Irish migratory labourers in 1908," says the Freeman's Journal, "does not contain much evidence of 'inertia' or 'moral languor' among the 'congests' who migrated to England last year to earn the rent. 'When on piecework they do not mind how long or how hard they work' is the verdict from Yorkshire. Nor does it appear that the efforts made for the past thirty years to lift up their hearts and their condition are so barren as the critics of their friends would have us believe. They are 'better fed, more intelligent, stick steadily to agricultural work, and are not so quarrelsome as they used to be.'

"They 'are now better educated, better clothed and fed, and smarter in every way, as a rule.' They 'come to save money, but do not care to work by the day at the ordinary rate of pay for day labourers.' They bring back to 'Ireland about £275,000 a year of the economic drain. Such a record shows the material that there is for building up the west. It is evidence more reliable, as well as more encouraging, than that we have been having lately respecting 'the fibre of Connaught.'"

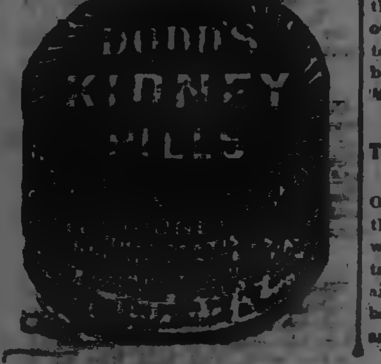
THE SESSION OF PARLIAMENT

The longest, the costliest and in many ways the most unsatisfactory session of the Parliament of Canada has drawn to an end. It is within eight days of eight months since the members assembled at Ottawa. Their general way of proceeding was such that popular interest in their doings ceased long ago. There was at the beginning shameful waste of time in so-called discussion of matters of little or no national consequence. There was at the close a shameful haste to rush legislation through without either members of the public knowing what it meant or what its consequences might be. The theory that Parliaments lose their strength as they grow old has had much to sustain it during the last months at Ottawa. It can be hoped that the reports of an early dissolution are true and that not again will the men who are mainly responsible for what is weak and foolish and wicked in the record of the session of 1907-8 meet again in the House of Commons of Canada, under existing circumstances.

The outstanding feature of the work of the session is the tremendous expenditure provided for. The estimates of expenditure for the current twelve months are vaster than have been. Provision was made largely within the closing weeks, for an outlay on administrative services and works of $129,902,903. This for a population that at most does not greatly exceed six and a half millions is beyond reason. Nor is it all that the country has been made responsible for. The system of giving railway subsidies has been revived and carried to an extreme length. The minimum liability put upon the treasury in this connection is about fourteen millions, to which is to be added a considerable sum in connection with the guarantee of railway bonds and the cost of the Quebec bridge first of the ruined structure and then of the new one it is proposed to erect. The grand total of all this has been put at $175,000,000. This, of course will not all be spent in one year. Some of the railway subsidies are for uncommercial lines that it is unlikely will ever be built. They were inserted in the list through political pressure with a political purpose in view. It will take years to prepare plans and do the work connected with the new Quebec Bridge. The Government will not be able between now and March 31 to spend all that has been given it for public buildings, piers, etc. Many of the votes, like many of the railway subsidies, were for political effect. They are bribes to supposedly venal constituencies to give their support to ministers who by their actions are assuming that the money which passes through their hands may be rightly used to advance their partizan interests and is not a trust of the public. But even with allowance for what the Government cannot spend and what will not be called for the outlay will be huge and beyond the limits of reason. Coming also at a time when the revenue is falling off when large loans are falling due and when the money market is not favorable it will necessitate the borrowing of considerable amounts at high rates of interest thereby adding unjustifiably to the burden of the public debt. It will be many years before the treasury recovers from the effect of this and recent sessions' work.

By many the session will be remembered for the scandals that were brought to light at least partially for there were those, and their work was effective to a notable extent, who strove the prevent the truth about many dubious transactions being made known. The Civil Service Commission declared that in some departments there was a lack of conscience. This was not too strong an expression. There are departments in which the public interest seems to have been the last thing thought of. The officials themselves estimated the loss to the country through the unbusinesslike methods followed at hundreds of thousands of dollars. That was bad, but it was not the worst. The enquiries conducted by the committees left no doubt on the public mind that at one time there was in the Department of the Interior a system by which political friends of the ministers were permitted to learn what other men were offering for timber lands and were in the department given the opportunity of revising their own tenders so as to secure the property they coveted. This was unjust to honorable men honorably seeking to succeed in their business. It made the action of the government in calling for tenders a mockery. Akin to this sort of thing was the case of the purchase by the Transcontinental Railway Commission of land for the St. Boniface terminals. A man whom no one knew either as a capitalist or a real estate dealer was found to have purchased just before the commission made up its mind to buy, the land the terminals are to be created on. As a consequence the cost of the property to the Government was more than doubled and $100,000 was needlessly added to the cost of a road the country pays for. The same sort of thing, it will be remembered took place in connection with the purchase of land for the Intercolonial at Halifax and Moncton. It is part of the system which makes a public trust a means of private gain. So are the arrangements exposed not once but many times by which valuable timber and other lands for a small price are given into the control of favored individuals who hold them without making payment till they can at a great price sell them to others who need them. The state of affairs thus outlined is bad. It is not as bad though as the action of the Government supporters in the House of Commons in refusing to condemn it as those who wrongly profited by it. It might be said, indeed, that the majority of Parliament put the seal of its approval on what every honest man in the country must condemn.

Besides so much that was unsatisfactory there were some satisfactory things done. The first step has been taken to free the civil service from the influence of political partisans, looking after their own rather than the country's interests. So far as the law can secure clean and fair elections it has been improved somewhat by the Aylesworth Bill, some clauses of which were the occasion of a conflict greater than their importance justified. Some old laws have been revised and improved. An attempt has been made to curtail some of the evils of the patent medicine trade. The preparation of opium for use by smokers has been made illegal and an act has been passed which it is hoped will check the use of tobacco by the young. What is good, however, is but a minor part of the session's work. It does not affect the evil nor mitigate the reasons for hoping that an early dissolution will be had in order that the country may have the opportunity of electing a Parliament that will better represent what is honorable and businesslike among the voters.—The Montreal Gazette.



THE SUPPLEMENTARY ESTIMATES

If the government thought that the Opposition would not dare to condemn this comprehensive subsidy scheme, it was quite mistaken. Mr. Borden attacked the resolutions without mercy and a dozen or more opposition members followed, denouncing the policy as a whole and condemning its introduction within forty-eight hours of the close of the session. Mr. Borden showed that the railway mileage involved was equal to a transcontinental railway. Yet the house had been in session 7 months and 19 days, when this measure of nearly 100 items was handed down. It was recalled that the Liberal organs and orators had denounced Premier Whitney for the "last awful week," in which he brought down a guarantee for a railway company. But in the last awful two days of the session of 1908 the Laurier government produces guarantees for more than one company, subsidies for about eighty, and a Quebec bridge bill, involving nearly $15,000,000.

The subsidies for railway side lines amounted to $30,000,000. The country is stupified. No expenditure seems too extravagant. The Quebec bridge has long since sunk into insignificance with its $7,000,000 dead loss. It looked bad at the time but alongside other things since unearthed it looks like thirty cents literally. How much of all this expenditure will be "put upon the roads?" In the light of the immediate past we should say, the general rake-off would be from 30 to 50 per cent. Scalawags won't work for less. It isn't worth it. Let others do the work anyhow. These gentry were ordained to live by their wits.

EDITORIAL NOTES

This enduring popularity of Sir Wilfrid Laurier is the chief asset of the Liberal party.—Examiner.

We fancy that this is quite true. Heaven knows that it hasn't any other assets.

Mr. Foster headed the list with over 600 pages, which represents a cost to the country of over $3,000.—The Globe.

If Mr. Foster took $3,000 worth of space, how many hundred millions worth did the ministerialists take up of Hansard?

A member of Parliament having criticised the conduct of the men responsible for the Quebec bridge disaster and loss, was told by Mr. Parent, son of the president of the Bridge Company, that his words were the last kick of a dying ass. Laurierism may be short in business capacity, but it is well equipped with repartee.—The Montreal Gazette.

The failure to apply the new Civil Service Reform Bill to what is known as the outside (of Ottawa) service leaves the door wide open for all sorts of patronage and humbug as before. When we consider that it is possible under its provisions at any time by a stroke of the pen to transfer a civil servant from the outside to the inside service, or vice versa, we see how easy it is to devise and promote abuses to even a greater degree than formerly. This is a case in which half a loaf is much worse than no bread. At first it looked as if the government intended to give the long-suffering country one real measure of reform. But as one paper expressed it, "This parliament has plastered the map of Canada with schemes for spending money." It will be known for the future as "The Spending Parliament."

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

ABOUT THE NEW POSTAGE STAMPS

Some Interesting Features That Have Not Been Enlarged Upon

There are some interesting features in connection with the Tercentenary issue of Canadian stamps which may not be generally known. For instance one of them—the fifteen cent stamp—depicts Champlain's departure for the West. It is entitled "Partement pour Ouest," and the use of a now obsolete French word "partement" is significant. The scene has been designed from Champlain's own words. In his account of the third voyage he says;—"With our canoes laden with provisions, our arms, and some merchandise to be given as presents for the Indians, I started on Monday, May 28th, from the Ile of Sainte Helaine, accompanied by four Frenchmen and one Indian. A salute was given in my honour from some small pieces of artillery."

The same note of old French is also to be found in the inscription on the five cent stamp entitled l'Habitation de Quebec. This is Champlain's old house, the first house built by Frenchmen in Canada, and the cut has been made from his own drawing in his own book. All the portraits and scenes depicted on these stamps were personally chosen by the Postmaster-General the Hon. Rodolphe Lemieux, who has received congratulations from all quarters on the artistic taste displayed.

The steamer Toronto had to drift to her wharf at Kingston as the water was high and so broke all her fenders.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pick-axe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts.
Ten insertions	—	$1 00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

HERE'S A KNOCK FOR SWING BACK, BALL-BEARING CHAIRS

You will notice, if you make a tour through the town, that the men who have the most business-like, wide-awake appearance are the men in straight legged, straight leged chairs. The employees most liable to have an idle, thousand miles away look are those seated in swing back, bial bearing seats of rest.

It is not the fault of the employee that he looks lazy, it is the fault of the chair. A mistaken idea of comfort had led manufacturers to develop a style of chair which is comfortable in theory but which for business purposes is a mistake. It makes working a hardship. No man can lower himself into a device which instantly invites him to loll back, light a good cigar, clasp his hands behind his head, and tell a good story—no average man can sit in such a chair and work.

Mental concentration is dependent on physical stimulus. The chair which makes a man sit erect, keeping him pointed at his work—best both for the employer who hires and for the man who uses the chair.

There is at least one employer in the city of Chicago who has discovered this fact and acted upon the discovery. He owns a large printing business. Not long ago he moved into new quarters. His office force he placed in a large room in full view of the entrance. This room he elaborately finished in costly woodwork, furnished it with heavy desks and with luxuriant chairs.

One day he awoke. He had been showing an out of town customer over his plant, and on returning to his private office settled back contentedly with, "Well, what do you think of it?" The reply was, prompt "Everything is fine, except the parlor. You have the laziest looking office force I ever saw in my life. I came here from a small city expecting to see things done as they should be, and here I find only a set of idlers, who do nothing but lie back and yawn. How do they ever work? Take my advice, either get a new set of clerks or put firecrackers under those you have."

The employer pondered—and watched. About a week later a furniture van brought to his door a sufficient number of erect, energetic looking chairs to supply his office force. It departed loaded with an equal number of the indolent kind.

To-day that employer points with pride to a roomful of what he declares to be the most alert, wideawake interested looking desk workers in the city. The change of chairs did it.

ARE DOGS AND CATS NATURAL ENEMIES AS IS SUPPOSED?

Dogs and cats are regarded as proverbial enemies and to fight like cats and dogs has long been a common expression. Persons coming down George street this morning, however, were favored with a sight that belied the truth of the prevailing opinion about the enmity between canines and felines. On the door step of a house on the east side of the street sat a small dog and peacefully sleeping on his back was a little kitten. The kitten had apparently no love for the cool morning air, and was cuddled up into a small furry ball. The dog seemed proud of the duty he was performing, and seemed to relish the interest with which he was regarded by those who passed.

BIG HUCKLEBERRY CROP BEING HARVESTED AROUND HAVELOCK

Havelock, July 21.—The huckleberries in East Peterborough have been a very good crop this year, and large quantities are being brought into town. Last year the crop was very poor on account of the early frost but this year warm weather with plenty of rain to counteract, has made the huckleberries an extra good crop. Raspberries are also a very good crop since last week's rain.

Mr. Tim Beaver, of Rainy River, has purchased the tonsorial parlor of Mr. Claude Williams, who has had charge of it for a number of years.

The Seabrooks' mine at Preneveau, which contains both copper and gold, is being offered for sale by Mr. John Seabrooks.

Mr. Willis Campbell, of Napanee, is visiting at his home here.

Messrs. T. P. Lancaster and Beaver spent Sunday at Koskobogamog Lake.

The death of Mr. Joseph Richards at the age of 71 years, took place on Monday morning at the residence of of Mr. Primrose, old Havelock, after a long illness of over six months. The deceased has lived in Havelock for a number of years back and was the father of Mr. A. Richards, of Deltor and John Richards, of Frankford.

The barn of Mr. Tobias Sexsmith, who lives on the Cordova road in Belmont, was completely destroyed by fire on Thursday night last. The barn was a very good one and the loss to Mr. Sexsmith will be great. There was only a few loads of hay in the barn when the fire occurred. The cause of the fire is unknown.

Last week there were a large number of fires in the back country caused by huckleberry pickers neglecting to put out their fires. The fires were becoming larger, but the recent rains have put out the fires and saved a lot of valuable timber.

The hay crop in this vicinity has been very good and the price will not be as high as it was last year. It is nearly all in now.

COTTAGE PRAYER MEETING

Rev. Dr. Langfeldt will conduct his weekly cottage meeting on Thursday, July 30th, at the residence of Mr. H MacKay, Douro.

Several cases of chicken-pox have developed in the Children's Shelter in London.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

NORWOOD

Special to the Review.

Norwood, July 21st. — The much needed rain fell in abundance one whole day last week and the benefit to the crops can hardly be estimated. Since the rain the spring crops have improved in appearance fully twenty-five per cent. Oats and peas are sure to be ahead of the average. Fall wheat looks extra well. Hay is a fair crop but on account of the rain will not be harvested in first-class condition. However this slight drawback will be more than counterbalanced by the benefit to the other crops, both grain and root. Raspberries, both the wild and garden, are coming in in large quantities. The latter are selling at $2.50 per crate and will very likely go lower.

Mr. John Hendren delivered on Tuesday of this week a beautiful cabinet grand piano to the Cottage Association of the East End of Stony Lake to be used in their new pavilion during the camping season.

Mr. John Davidson, M.A., paid a flying visit to Norwood on Monday from his Stony Lake Summer cottage.

Mr. C. W. Waters and family are spending their summer vacation at their cottage at the lake.

Rev. W. H. Adams preached on Sunday evening last at the pavilion at Crow's Landing, Stony Lake. Messrs. A. Brethen and H. Thistlethwaite conducted the Sunday evening service at the Methodist church here.

Messrs. Bert Niebel, Bert Huyckе and Albert Shriver have gone to the Quebec Tercentenary with the redcoats.

Mr. and Mrs. T. F. Finlay and family spent a couple of days last week the guests of Mr. and Mrs. J. N. Ackerman at Stony Lake.

Master Harland Keefer who has been in Toronto for the past few weeks having his knee treated, returned home last week much improved. It is expected that he will soon be all right again.

Mr. J. S. Fry has in his garden a patch of field corn, not yet shot out which will measure at least eight feet in height.

Miss Katie McCarthy is visiting her parents in town.

Miss Davies of Peterborough, visited Miss G. Sherry last week.

Miss Marion Chisholm, who has been visiting her aunt, Mrs. T. Howson, for the past two weeks, has returned to her home in Toronto.

Mrs. Sanders and Master, Bert, of Toronto Junction, are visiting with friends in town.

Mrs. Jetty Thompson, of Campbellford, is visiting her parents, Mr. and Mrs. O. J. Searight, Peterborough street.

Mrs. T. Gilchrist has moved to Hastings.

Mr. J. A. McNicholl of Campbellford was in town last week. We understand that he intends returning to Norwood.

Mrs. H. O'Neil, of Town, has had the pleasure of an invitation from Capt. Filgate and lady veteran officer of the Queen's Light Dragoons, to which the late Capt. O'Neil was also attached, while stationed at Quebec in 1879. Mrs. O'Neil at once answered, thanking Captain and Mrs. F. for their kind invitation to Quebec and the Tercentenary.

Dr. and Mrs. A. P. Ford left last week to visit Prof. H. R. Ford and wife of Washington, Pa.

PARISIAN SAGE

Puts Hair on Your Head and Keeps It There.

Whats the use of being bald? What sense is there in deliberately allowing your hair to turn gray?

Do you want to look old before you time? Give up the thought old age will come all too soon.

Look after your hair. Parisian Sage will kill the dandruff germs, and is the only preparation, so far as we know, that is guaranteed to do so.

Man or woman, no matter how old you are, Parisian Sage will make you look younger.

Why not go to Wm. Madill, druggist, Peterborough, and get a large bottle to-day. It only costs 50 cents, and your money back if it does not cure dandruff, stop falling hair, or itching of the scalp. It will make your hair luxuriant, bright and beautiful, and it is the most refreshing pleasant and invigorating hair dressing made.

LINDSAY MAN TO BE ONE OF THE TEACHERS

In the New Normal School Here—Mr. Cornish Well Qualified for Position

The friends of Mr. Geo. A. Cornish will be glad to learn of his appointment to the Peterborough Normal school.

Mr. Cornish for the last six years has been science master in Lindsay Collegiate Institute, and will be greatly missed from the staff of that school. He has always been regarded as a friend of the scholars and among the students there will be a want that will be hard to fill.

Mr. Cornish has always been an energetic church worker and since coming to Lindsay has been an elder in St. Andrew's church and also superintendent of the Sunday school in that church.

Mr. Cornish will receive a salary of $1,800 a year with an annual increase of $100 until $2,000 is reached. He graduated from the University of Toronto in 1900 with first class honors, having won during his course three science scholarships as well as prizes in botany, mineralogy, and geology. For the next two years he pursued post-graduate work in biology at the University of Toronto and spent three summers in research work, at the Canadian marine biological station, and has published two scientific monographs on the marine animals of Eastern Canada.

FOOTBALL NEWS FROM HAVELOCK

Havelock Expects to Land Championship—Teams Good Showing Against Norwood

Special to the Review

Havelock, July 21— Havelock won the championship of this part of the Trent Valley Football League, composed of Havelock, Norwood and the Peterborough Quakers. They have done well this year, not having lost one game. They defeated the Norwood team twice, the Quakers once and the latter also defaulted to them once. They have also won all the exhibition games that they have played.

They were pretty sure of this district from the first and by defeating Norwood they made this point secure.

Havelock have now to go up against Warsaw, winners of the other district, and the game will be played at Norwood on Saturday of this week.

Havelock has a good line-up for the game and are quite confident of winning it and the championship of the League.

The Havelock II football team journeyed to Norwood on Wednesday last and played a game against a team from that town composed of seven senior men and four junior men. The game was a fast one and very interesting, resulting in a score of 1-0 in favor of Norwood. Havelock put up a fine game considering the team they were up against. Following was the line-up of the Havelock team:

Goal—L. Stuart.
Backs—Livingston, Rose.
Half backs—Buchanan, Brooks, Copp.
Centre—Ryan.
Right wing—Armstrong, Warner.
Left wing—Young, Frost

The return game will take place at Havelock on Friday night of this week when Havelock expects to put it over the Norwood deputation.

THE STORY IS DISCREDITED

Tramps at Port Hope Not Likely the Escaped Prisoners

Port Hope, July 22.—The local correspondent of the Associated Press sends the news that Churchill and Rose two of the escaped prisoners from the Toronto jail were seen in Port Hope on Friday night at six o'clock and Sunday morning having taken meals at Mr. R. A. Mulholland's residence, Pine street.

When interviewed this morning Mr. Mulholland stated that tramps were at his place on both of these dates but he did not see them. They were provided with meals by the maid and after their departure she picked up the paper bearing the photogravures of the escaped prisoners and was satisfied that her callers were Churchill and Rose.

The prisoners did not escape from the jail until 2.30 o'clock Friday afternoon and it hardly seems likely that they would be in Port Hope that evening in time for supper. It is thought the young lady is a little astray in her identification and Chief Hood is not acting upon the story.

THE RETORT EFFECTIVE

To the Editor of the Review.

Sir,—In reply to the vulgar remarks of J. Short, I may say an English gentleman does not concern himself about exhibition athletics or policemen's feet.

Yours, etc.,
W. A. BAILEY.

Central Canada
EXHIBITION
AT OTTAWA
Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalise the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

TENDERS CALLED FOR CURLING RINK

Will be Received up to Friday, July 31st.

In another column of the Review will be found an advertisement asking for tenders for the erection of a curling rink on Charlotte street. Tenders will be received on or before Friday, July 31st. Mr. J. E. Belcher is the architect of the new building, which will be erected on the site of the old rink.

ALMOST HAD BACK BROKEN

Lindsay, July 22.—While working in Madison Williams' foundry on Monday Mr. David Davis met with a serious accident. He was working one of the machines when the chain broke and fell with terrific force on his back. The man's back was nearly broken, but by dropping he eased the blow, and thus escaped more serious injury.

Chatham housekeepers have formed a union to keep down prices at the market.

SUSPICIOUS CHARACTERS AT REABORO

Lindsay Hears That Jail-breakers May be in Neighborhood

A gentleman who arrived in town this morning from Reaboro, a few miles east of here, states that several suspicious characters have arrived in that place, and the residents are terrified, as they believe them to be the seven jail breakers who left Toronto some days ago. The report of the Reaboro man has not been confirmed, but the rumor that these jail breakers are in the vicinity of Lindsay is being spread throughout the town.

From the reports received by the Toronto police, as mentioned above, it would seem that these desperate men were heading this way. As soon as they found that their appearance in Myrtle was discovered they have hit northwards. Several detectives are on their tracks, and it is hoped that before long they will be taken into custody.—Lindsay Free Press.

HOW TO FIGHT HOUSE FLIES

The Board of Health of St. Joseph, Missouri, has undertaken a campaign against the house fly, which on scientific evidence now stands convicted as one of the chief agencies in the spreading of typhoid fever and other forms of disease. The St. Joseph Health Board has outlined the following suggestions for the instructions of householders, which might well be followe everywhere;—

Screen all food and keep flies away from it.

Keep the streets clean.

Keep stable manure, the chief breeding place for flies, in a vault, or pit, or screened enclosure, and sprinkle its surface with chloride of lime.

Quickly cover up food after a meal and bury or burn table refuse.

Keep damp cloths near meat dishes, milk judgs and other receptacles.

Burn pyrethrum powder in the house. It will kill most of the flies and those it does not will fall stunned, when they may be swept up and burned. Sticky fly papers are a second-rate palliative.

Remember that the exposure of any kind of refuse near a dwelling, furnishes a breeding place for flies, and if food is left exposed, the flies will deposit germs on it.

EXCURSION TO HASTINGS

The steamer Otonabee will make a special trip to Hastings, calling at Idyl Wyld, Friday, 24th July, leaving Wolfe-st. wharf at 7.30 a.m. sharp, and street railway wharf at 8 a.m., returning at 7.30 p.m. This will be one of the best trips of the season. Return tickets 75c, children 40c. 2d

SOME NOTES FOR WOMEN READERS

About the Latest Fashions—Has a Wife a Right to Search Her Husband's Pockets?

A fluffy tulle bow concealing a too thin neck is, of course, a charity, but, imagine the effect when it provides a bed for the accommodation of a double chin. Far better a plain, neat, lace stock. If the chin is square or the face particularly round, it will be better to add a pointed tabb. This should be flat, however, not the pleated kind that one sees so often nowadays that shape, and the lace with which it is usually edged makes it unbecoming to stout women. This form of neck dressing is going to be much worn this spring with tailored suits. It is headed by a little bow and just fills in the space left empty by the turning back of the coat fronts. In these, too, colors are preferred to white, and certainly, if well chosen, this small accessory gives a bright touch to dark toilets.

Now that it is the fashion to trim the bottom of the skirt with deep fold every woman seems to be adopting it whether it is becoming or not. Decidedly it is not when the wearer is short or unduly stout, as it cuts the height, the wearer's height apparently ending where the fold begins. If, however, she will slash the deep fold in several places, and round off every corner she will be able to wear this up-to-date style most successfully.

Has a Wife a right to search her husband's pockets? Mr. Justice Bucknill says emphatically "No." At Lancaster Assizes when it was stated before him that a prisoner's wife had taken letters from the man's pocket, His Lordship strongly condemned her behaviour. Anything in a man's or a woman's pocket, he said, should be as safe from examination by anyone else as though locked in a box. It was quite a mistake to suppose that one person had a right to search another's pockets and he hoped people would remember it. It made no difference if it was a husband taking his wife's letters, or a wife taking her husband's, as in this case. Husbands and wives who are accustomed to regard each other's correspondence as their common property will find this judicial dictum rather startling.

Small and wasp-like waists are henceforth out of fashion. The present smart figure is short-waisted—quite trim in line, but perfectly easy in movement—and has shoulders that look sloping whether they really are so or not. Bell-shaped skirts have vanished, and tunics, long or short, are the craze in every variety and form. "Trottin'" skirts hang very straight, have lost much fulness, and are held out at the bottom by a few soft silk flounces. Petticoats must be fitted to accord.

MERRY HALF DAY SALE

THE PROMISING FUTURE

From the Catholic Standard and Times

Signor, I now will speak' true
Som' things that goin' surprisa you,
Baycause you have not ondrastood
Italian people verra good.
Ah! You will see what eet shall be
Ef you will leesen now to me.

Een all dees fina biga land
Where evratheeng eet ees so grand
An' all men erra 'spose to be
Wan lika 'nother, equal, free.
Dere ees wan mosta noble race
Dat should be put een highest place
Baycause dey play such bigga part
Een evra bees'ness, evra art.
For mak so young a land like dees
To be da greata thing eet ees
Bayho'd da grand Italian race!
Oom, see what pride ees een ma face;
Ah! Verra verra many year,
We been mooch leetla people here.
But now all dat ees goin' be change
You theenk that what I say ees
strange,
Ah! Yes but true. Eh! How I know?
Big, wisa man he tell me so.

You laugh. I s'pose you tink dat
be
Dat tal all dies news to me
Ees like mysel, Italian.
Not so; he ees 'Merican.
An he eet verra reech an' swall.
I weesh dat you could hear him tal
W'at granda theengs ees goin'a be
For poor Italiano like me.
Dat wee'l be wise an' "boost de
game"
By helpin' Meester W'at's-Hee's-
Name"—
You know—dat bigga fatta gent
Dat's goin' be leeta President.

Ah! verra manny, manny year
We been mooch leetla people here.
But now we look you in da fast—
Bayho'd da grand, Italian race!

DEER SEEN NEAR KEENE

Large Doe Had Apparently Strayed Far From its Usual Haunts

Special to the Review

Keene, July 22—A wild deer made its appearance in Otonabee last week and was seen by several farmers near Keene station one morning. It was a large doe and must have strayed far from its haunts. It has, however, never been seen since and has probably returned to the north.

BAND GAVE A PROGRAMME OF MUCH MERIT

The Salvation Army band gave an excellent programme at their weekly concert in Victoria park last night. A large number listened to their selections with great pleasure and several numbers were encored, among them the Plymouth m[illegible]. Bandmaster Greene directed the band.

CONTRACT LET FOR NEW RECTORY

Mr. Edward Page Will Build the Rectory for St. John's.

The contract for the building of the new Rectory of St. John's church, has been awarded to Mr. Edward Page. The contract was to have been given on the 13th, but the time was extended for a week.

The work on the new rectory will commence at once, and it is hoped to have it ready for occupation before winter.

Lindsay Free Press Becomes Real "Sassy"---Some Caustic Remarks

Commenting on the suggestion that Lord Roberts be invited to Peterborough, the Lindsay Free Press says;

"If Bobs goes to Peterborough he will come to Lindsay for sure. When he sees the public library, town hall, shady parks and beautiful river in Lindsay he will wonder why he ever visited Peterborough, where the only thing they can boast of is a large jail and a beautiful cemetery. Their library is up over a grocery store and their city hall looks like a factory.

"Now, if Bobs wants to go home with a good impression of Canada, he wants to pass through Peterborough at night."

PERSONAL

Send or Telephone Your Personals to The Review.

Miss Aileen Primrose is visiting friends in Perth and Ottawa.

Miss Mary Feeney left this morning to visit friends in Toronto.

Mrs. W. F. Stubbs of Galt is the guest of friends in the city for a few days.

Miss Elsie Brownlee of Toronto is the guest of Miss O'Dee Dutton, London street.

Mr. and Mrs. John Graham Weir, of Otonabee, have gone to the Tercentenary.

Miss Ada Whaley of Toronto, is the guest of Miss Ada Graham, Hunter Street, Ashburnham.

Mr. and Mrs. Walton Brisbin, and little son of Pilot Mound, Man. are guests of the former's parents, Burnham street, Ashburnham.

Mr. J. C. McCarthy, of the Parry Sound Lumber Company, is in the city for a day or two on business. Mr. McCarthy has many friends in the city.

Messrs. Ed. Hooker, A. A. Taylor and M. Bennett, returned today after spending a few days at Idyl Wyld. They went down on the Eko Camp launch.

Mrs. Collins and her son, James, of Peterborough, left for Kinmount this morning, where they will spend a few weeks with friends......Mr. W. Smith left for Peterborough on business this morning.—Lindsay Post.

Lindsay Warder — Mrs. G. W. Johnston, of Peterborough, is visiting her son on Sussex street, Mr. Sin Johnston. Mr. S. Clegg, government inspector, of Ueterborough, was in town to-day. Miss Hamilton, Miss Hall and Mr. E. H. Ford, of Peterborough are in town to-day on their way from Rosedale where they spent the past week holidaying. Mr. and Mrs. Geo. J. Brummel of 58 Wilson street, Hamilton, formerly of Lindsay, arrived in town last night and will spend a few weeks visiting friends in Lindsay, Peterborough, Buckhorn and other places.

CANOE TIPPED TWO PEOPLE WET

Boating Accident on the Otonabee Monday Night

There might have been another drowning accident on the river Monday night. A young lady and gentleman were out for a paddle and were passing in front of Rye's boat house, when they began to move about in the canoe, with the result that the boat tipped.

Fortunately the pair were able to keep their heads above water until assistance reached them, and they were rescued from their dangerous position.

CITY NEWS NOTES

COMMITTEE MEETING

A meeting of the Fire, Water and Light Committee will be held on Friday night.

ST. LUKE'S CHURCH.

NEW FILTRATION SYSTEM EXPLAINED TO COMMISSION

Mr. Howard Bridge of the Ozone Filtration System Had Conference With Water Commissioners.

Mr. Howard Bridge, of the Ozone Filtration Company, who are installing a plant in Lindsay, was in the city yesterday and had a conference with the local water commissioners. Mr. Bridge explained his system fully pointing out the many advantages it possessed over old methods of filtration. The purification of water by the ozone process is a new invention, for which Mr. Bridge is responsible. It is claimed that it possesses many advantages and the Lindsay Council decided to adopt it a few weeks ago.

The commissioners took no action, but intend going into the matter very fully. Mr. Bridge returned to Lindsay last night.

THE NORMAL SCHOOL STAFF; MR. WALKER IN THE CITY

Mr. Duncan Walker, who has been appointed principal of the Normal school here is in the city to-day and will spend about a week with Peterborough friends.

The Normal School will open on September 15th with four teachers in charge. As stated before, Mr. Walker will be principal and his assistants will be Mr. Cornish of Lindsay, Mr. H. G. Park, late principal of the Uxbridge high school and Mr. S. J. Keys, who has been principal of the Model School at Cornwall. It is expected that the school here will open with a large attendance.

DETECTIVE WELLS, OF BARTON MURDER FAME IN PETERBORO' TO-DAY

W. J. Wells, of Toronto, who has made a number of charges against the Attorney General's Department in connection with the Barton murder mystery is in the city today. Seen by the Review Mr. Wells stated that he intends pressing his charges vigorously as he has a case that cannot be ignored. He charges the provincial detectives with lack of energy and poor work generally. Further he states, they worked against him in connection with the murder case and did all in their power to prevent him from following up his clues successfully.

WINNERS OF THE WRITING MEDALS

Offered by Mr. J. Crane for Excellency in Penmanship

The winners of the medals offered by Mr. J. Crane to encourage excellence in writing in the Collegiate, Separate and Public schools, have been decided upon.

In the Collegiate Miss Kate Skinner is the winner, while Edgar Ellahy and Stasia Lynch are deserving of honorable mention.

In the Separate and Public schools the winner in the Fourth Book classes is No. 931, with No. 1,046 deserving honorable mention.

In the Third Book classes the winner is No. 1 067, with No. 906 deserving honorable mention.

The teachers whose pupils had the numbers above mentioned will make public the names as the judges had no means of finding them out.

GLASS WATER TUBE BURST

While tied to the uptown wharf about 5 p.m. last night, the glass water tube of Mr. McConnell's yacht bursted tearing away parts of the heavy wadding which was packed about the front of the boiler and allowing a large amount of steam and hot water to spurt over the wharf and surrounding boats.

The quick action taken by Mr. B. Newton and Mr. J. Brown to shut off the steam and open valves only saved the yacht from more serious damage.—Lindsay Free Press.

Wm. C. Ross, mechanical superintendent of the I.C.R. at Halifax, is dead.

BOBBY KERR CAME THIRD IN THE 100 METRE FINAL

Walker of South Africa Was First and Rector of United States Second—Time Was 10 4-5 Seconds—Kerr Wins in Semi-final of 200 Metre—Bricker Third in Running Lond Jump.

Special to the Review.

London, July 22—Running broad jump—Trials—Section 1 and 2, B. T Cook, America, 22 feet 10 1-2 inches. Section 3 and 4, D. J Kelly, America, 23 feet 3 1-4 inches. Section 5 and 6 C. Irons, America, 24 feet 5 inches beating Olympic record of Myer, Princeton, by 4 inches. Section 7 and 8, Bricker, of Canada, 23 feet 8 inches. Section 6 and 7 Murray, England, 22 feet 1-4 inches.

Running broad jump final was won by Irons, of America, with 24 feet 6 1-2 inches. This breaks his record jump in the trials by 1 1-2 inches and establishes a new Olympic record.

In the running broad jump Kelly, of America, was second, with 23 feet 3 1-4 inches. Bricker, of Canada, was third.

KERR THIRD.

London, July 22.—100 metre dash final—Walker, South Africa, first; Rector, America, second, and Kerr, of Canada, third. Time, 10 4-5.

KERR SHOUD WIN THIS.

200 metre dash semi-finals—Heat 1, Kerr, Canada. Time, 22 2-5. Heat 2, Carmel, of America. Time 22 3-5. Heat 3, Claughen, America, 22 3-5. Heat 4, Hawkins, England, 22 3-5.

400 metre hurdle final—Bacon, America, first. Time, 55 seconds; Hillman, America, second, and Tremer, England, third. Bacon's time is a new Olympic record.

WATER POLO.

London, July 22.—In the final heat at water polo England defeated Belgium 9 to 2.

400 METRE FLAT.

London, July 22.—400 metre flat, semi-final heat—J. C. Carpenter, America, time 49 2-5; heat 2, Hallswell, England; time, 48 2-5. This is 4-5 of a second under Olympic record. Heat 3, Taylor, America, time 49 4. Heat 4, Robbins, America; time, 49.

WRESTLING.

Catch as catch can wrestling featherweight final. Dole, of America, defeated Slim, of England.

400 metre hurdle final—Bacon, America, first; time 55 seconds; Hillman, America, second, and Tremer, England, third. Bacons time is a new Olympic record.

Special to the Review

London, July 22—Beautiful weather greeted the contestants at the Olympic games today and attendance was large. The first event was the running broad jump, Cooke, America, won first section with 22 feet 10 1-2 inches, defeating Bellah, America, Halics, Hungary and Bloden, United Kingdom.

Second section Kelly, America, won defeating Hearne and Bellaby, United Kingdom, distance 23 ft. 3 1-4 inches.

Third section, Irons, America, broke Olympic record with jump of 24 ft 5 inches.

Fifth section was won by Bricker, Canada, with 23 ft. 3 inches.

Irons, Chicago; Kelly, New York, and Bricker, Canada, qualify for finals.

In the first heat of the semi-finals 200 metres, Kerr, Canada, beat Hamilton, America, in 22 2-5 seconds. Cartmell, America, won second heat in 22 2-5.

Clougham, America, won third heat in 22 2-5.

Hawkins, of United Kingdom, won fourth in 22 2-5.

REMARKABLE IMPROVEMENT

Shown by Fred Simpson Since Billy Sherring Took Charge of Him.

Lou Marsh, writing from London to the Toronto Star says;

Today's Marathon trial of the Canadian long distance men gives Manager Crooker and Coach Sherring, and, in fact, the whole team, more confidence than ever that Canada will be at the front in the tid-bit of the great Olympic sports.

The way Fred Simpson the Mississauga Indian ate up the field and the time he made—1.57.30 for 20 miles—was a source of jubilation. Simpson ran as he never ran before.

Simpson, as he ran yesterday, is an entirely different runner to the Indian, you saw run in Canada.

Simpson in Canada never had any early speed. He always began slowly and then came on towards the end depending on his endurance and final speed to bring him up. Here Billy Sherring has taken him in hand and by dint of setting him a fast early, pace in short distances on the track, has eliminated any deficiencies in this regard.

REGATTA DAY AT STURGEON POINT

Sturgeon Point regatta day is fixed for August 6th and the Chemong regatta will take place on Aug. 10th, Civic holiday, thus permitting the Lindsay and Sturgeon Point people to take advantage of this.

A bush fire is raging near Port Arthur and surburban residences are threatened.

Winnipeg has subscribed $1,000 to the Quebec Battlefields Fund.

KNOTTY LEE TO BRING TEAM HERE

Will Bring All-Star Aggregation to Meet the Petes.

Arrangements are being made for the appearance here at an early date of Knotty Lee's all-star baseball team. They will meet the Peterboroughs and a great game should be the result. Lee was with the Montreal Eastern League team last year but is located in Toronto at the present time and is bringing down a team that he is confident will take a fall out of the Midland League leaders.

SPECIAL TRAIN FOR LINDSAY

Peterborough Lacrosse Team Will be Accompanied by Many Supporters To-morrow.

The long-looked for game with Lindsay is at last in sight. To-morrow the local team journeys to that place to play a Trent Valley League game. The Lindsay team has been practicing steadily for the last two or three weeks and will no doubt put up a stiff fight.

The line-up of the locals will be decided to-night at a meeting of the team committee. Mr. Wallie Pirnell has been chosen captain of the team which is an assurance that the best possible men will be selected.

A special train will carry the team and supporters of the boys and will leave here at 1.45 o'clock. The return fare will be 65 cents, and it is expected that a large number will take in the trip.

BASEBALL

KELLY TO GO.

A Toronto despatch says;

At the expiration of a lengthy conference this afternoon between President J. J. McCaffery of the Toronto Ball Club and Manager M J Kelley, it was announced that Mr. Kelley had resigned his position as manager of the club, the resignation to take place at once. He will sever his connection with the team at once.

The Ball Club directors will hold a meeting tonight to select a successor to McKelley. It will likely be Larry Schafly, the present second baseman of the team.

COBOURG DOING BETTER NOW

The Cobourg management of the Midland League have released all their money kings, i.e., those players who have been on the pay list, during the season and now they say that Cobourg is playing better ball than ever, and winning games. Such is life in a large city. —Lindsay Warder.

A meeting of the Executive of the Midland League has been called for tomorrow afternoon in the British hotel, Cobourg. It is expected that an agreement will be reached to cancel the future scheduled games and return to each team their marked checks of $50

CANADIANS SHOOT WELL.

Scores in King's Prize Contest Are High.

Bisley Camp, July 22.—(C. A. P.)—The first stage of the plum of the Bisley meet, the King's Prize, was shot yesterday at the 200 yards' range. The Canadians' scores were, on the whole, very good. Sergt. A. Martin of Calgary scored a possible, his seven bulls being close in to the centre. Corpl. McInnes, Major J. M. Jones, Capt. Pope, Sergt. Smith and Lieut. Spittal each got six bulls and an inner:

Browne 33, Crowe 33, Eastcott 33, Elmitt 31, Freeborn 33, Haystead 33, McInnes 34, Jones 34, Kerr 31, Leash 33, Martin 35, Morris 31, Pope 34, Rowe 31, Smith 34, Spearing 32, Spittal 34, Steele 31, Utton 31, Williams 32, Sclater 33, Mortimer 32, Bayless 32.

In the Secretary of State for War competition, ten shots at 800 yards, the Canadian scores were: Sclater 38, Mortimer 48, Bayless 45.

Pte. Steele, 30th Regiment, Guelph, made the magnificent score of ten consecutive bulls. Lt.-Col. Spittal stood next on the Canadians, with a score of 47.

Browne 43, Crowe 40, Eastcott 42, Freeborn 39, Haystead 45, McInnes 46, Leash 41, Morris 46, Rowe 31, Smith 46, Spearing 41, Spittal 47, Steele 50, Williams 46.

KERR'S CHANCES GOOD

Hamilton Boy Easily Wins His Preliminary Heat.

He Is Showing His Best Form at 200 Metres—Sebert of Toronto Has Little Chance to Win 400 Metres Event—Sheppard of United States Wins 800 Metres in Record Time—Longboat Finishes Training.

London, July 22.—(C. A. P.)—In the second round of the 200 metres, Bobby Kerr meets five Americans, four Britishers and a Frenchman, a Swede, a Norwegian and a Hungarian. Kerr shows his best form at the 200. The hundred is more problematical. Kerr is better acquainted with the game than Rector, whom he had to beat in the shorter race.

Lou Sebert of Toronto has little chance in the 400-metre race, though he won his heat yesterday. Helsweiter cutting one-fifth of a second off Carpenter's .49 3-5, in this event, arouses the hope of England wiping out Wilson's failure, but the best Americans were never pressed.

The series of American successes yesterday were climaxed by Sheppard's record-breaking win in the 800-metres final in 1.52 4-5, and the half in 1:54. His compatriots cheered him wildly, and his enthusiasts carried him to his dressing room. Just, England's hope, quit cold, but in the stretch, amid frenzied appeals for renewed activity, whipped up his stride.

The 400 hurdles seems at the mercy of the Americans, after Hillman's .56 3-5.

Tom Longboat, Canada's first hope in the Marathon, has completed his training in Ireland, and has left for London to join the other Canadian Marathoners.

In the high jump, Macdonald, Canada, failed at 6 feet 9 3-4 inches and was weeded out.

In the 100-metre semi-final, Kerr caught Sherman half-way and won by two yards, in 11 seconds. Morton was a close third. Walker's heat was .10 4-5. Rector's was also .10 4-5 easily. Cartnell's was .11 1-5.

It is stated that King Edward will personally start the Marathon on Friday.

In the 200 metres, tenth heat, Hamilton beat Sebert, the Canadian, two yards, in .22 2-5.

In the eleventh, Kerr, leading throughout, beat May 2 1-2 yards, in .22 1-5. This was the fastest heat of the day and a very popular win.

In the third heat of the 200 metres, Roche nipped Robertson at the tape. Lukeman, the Canadian, led for a half and finished third. Time .22 4-5.

Towns, the world's champion professional sculler, got an enthusiastic reception upon his arrival. The crowd included Tom Sullivan, Blackstaffe and Barry. Towns was driven in a coach to Sullivan's hostelry at Putney, and was loudly cheered en route.

In the 400 metres, sixth heat, Malfail sprinted easily from Buddo of Canada, winning in 50 seconds.

The best jump of George Barber, the Canadian, was 5 feet 9 3-4 inches. Eight jumpers did better. Porter, the American, jumped 6 feet 3 inches, and Moffitt 6 feet 1 inch. The event is unfinished.

In the 400 metres, tenth heat, Lou Sebert (Canada) collared Jacquemin (Belgium) in the stretch and quite easily defeated Cartaegna (Italy). Time, 50 1-5 seconds. Kerr was scratched in this event.

The Argonaut eight rowed over half the course Monday afternoon in 3.43. Lou Scholes rowed the full course yesterday morning in 10.10. The water was very dead. The Canadian oarsmen are all well and are getting used to the new boats. None of the Canadians are thought to be dangerous by the English critics.

The Marathon course for Friday's race is in splendid condition. Interest in the race is reaching fever heat. Tom Longboat is greatly fancied and his win would be a popular victory. The progress of the race will be signalled at the stadium. Boss Sullivan, on being interviewed, states that he intended to protest Longboat, adding "just to show we are right in our protest. Boyd, a Canadian delegate to the sports, is walking around with a similar protest in his pocket. The Canadian officials must protect their men as we are trying to protect ours."

The Algonquin cheese factory, near Brockville was burned, with $5000 loss.

Wood's Phosphodine,
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

SPORTING COMMENT

If New Westminster ever hopes to get the Minto cup they should come after it with a small army. They don't seem to grow fast players west of the Rockies.

A thirty pound 'lunge has been caught in the Otonabee. But thank goodness there are plenty of suckers at liberty in the world yet.

By the way, what has happened Port Hope's Ten Thousand Club. It appears to be at rest with Sandy Lockington's Midland League baseball team

It is reported that John Hogan is playing ball with Mariposa league. Next we will hear of some journalist playing in the Mari Ann league.

Peterborough lacrosse team plays in Lindsay tomorrow. Seems like old times and if the visitors get a few pieces of coal and broken bottles, etc. hurled at them it will be even more reminiscent of the days of long ago.

A despatch says that Art Burn has dropped out of the Marathon. And Alberta had such a time scraping up the money to send him. Ain't it awful! We can't understand it at all.

When the Peterborough lacrosse team appears on the field at Lindsay tomorrow they will sing "There's a land where they don't cut the hay."

Ernest Best couldn't keep off the lacrosse field even when out west. A cut over one eye shows that they lay on the wood occasionally out that way.

Those jail breakers had better play away from Lindsay, or a certain chap up there will promptly handcuff them if they come near the burg.

The sporting editor of the Lindsay Free Press has taken some matter which appeared in the Review, substituted Peterborough names and put it in his paper. He must have been brought up in a telephone office where they frequently have to reverse the charges.

The Peterborough Review boasts of a twenty-seven and a half pound 'lunge having been caught in the Otonabee. That's nothing. We made a hundred and seventy-five pound lunge at a seasy insurance agent this morning.—Lindsay Post.

Farmers' horses around Peterborough have broken out with what looks like typhoid fever, propably caused by bad water. The reason Peterborough men don't get the fever is because they don't drink the —well, you can draw your own inferences.—Belleville Intelligencer.

LACROSSE

For some time past Trenton has been boasting of arranging a match with Port Hope for $100 a side. Two representatives of the local club visited the eastern town yesterday to carry out the deal, but Trenton backed up at the sight of the greenbacks. —Port Hope Guide.

SIR WILFRID LAURIER'S TELEGRAM TO WOOLLEN MEN

High or Low Walls—The Old Issue Reserved—Shall it be Free Trade and No Trade or Protection for the Operative and Workingman?—The Chill of Death Already on the Country—Shall the Standard of Living for Our Operatives be Lowered?

The following is Sir Wilfrid Laurier's letter in full;—

"Canadian Manufacturers' Association, Toronto: Government regret that with present information they are unable to agree to the proposals respecting increased duties on wool goods. In a country with the climate of Canada the cost of woollen clothing becomes a question of very great importance. A proposal to increase the taxes on what might also be called a necessity of life naturally arouses much opposition among the consumers and their representatives. The Government have on more than one occasion given evidence of their appreciation of the importance of the woollen interest and desire to give reasonable encouragement to it. They hope that to some extent the difficulties which the manufacturers are meeting are due not to tariff conditions but to a depression in trade which they believe is but temporary. This view is supported by the fact that in the neighboring Republic, where a very high wool tariff is in operation, there has been depression. The Government, with due regard to the people of all sections of the country, feel that this is not the moment at which they should adopt a policy of increased taxation, especially on articles of a necessary character. The complaints that have been made by the woollen trade as to evasions of the Customs laws are being carefully looked into, and if it be ascertained that they be well founded the proper remedy will be applied. The question of tariff revision as respects the woollen industries cannot possibly be dealt with in the few hours of this session that remain. We can assure the manufacturers that we are fully appreciative of the industry, and that if we cannot at this stage meet their wishes it is because we are obliged to consider the wishes of all classes throughout the country.'—(Signed) Sir Wilfrid Laurier.

The woollen men have been petitioning the Laurier Government to save the woollen industry from extinction. Woollen mills have been shutting down and going out of existence by twos and threes. Out of 153 woollen mills great and small in Canada employing a large number of operatives, about 15 remain. These begged the Government to intervene. If a preference was to be given let it be to our own Canadian workingmen they said. But Sir Wilfrid has answered "No."

If one branch of industry is thus to be put at the mercy once more of the low-priced operatives of England and Germany, how long, may we ask, will it be before Canada will have gone back to her old days of weakness and poverty? The tariff is not only an issue. It is the issue. Remove the tariff and every mill in Peterborough will shut down within 24 hours. Sir Wilfrid boasts that Canada is and is to be a consumers' country. Once again we are to hear the slogan "the consumer pays the duty." Once again in Canada we shall be confronted with Adam Smith, Cobden and Bright.

But Great Britain has changed her tactics over there. She has brought about the Patents' Act, which compels manufacture of articles patented in Britain. Isn't that protection? She has enacted the Cattle Embargo. Isn't that protection? Do we not see tariff reform the live issue of British politics to-day? It remains for Canada under Sir Wilfrid Laurier to let down the bars again. No wonder there is a rumor of a peerage for him. They ought to give give two peerages. The woollen operative is compelled by him to give up his work. The Preference has kept thousands at work in Yorkshire and the West of England while it has compelled thousands here to lie idle. If the workingman will work for less the problem is solved. No tariff is needed if we are to have the naturally high tariff or low labour. Lower wages and the doors of the markets of the world open one by one like magic. Raise wages and they close. When they close we turn our energies to the development of our own country, our own beautiful homes and to the greater circulation of good there. We let foreign markets where the product of the slum and the sweatshop is on sale, alone—severely alone. But now, Sir Wilfrid is bringing the old order back again. The woollen mills are closing. The cotton mills are crying out. Slowly but surely we are sinking. Wages must come down if we are to keep our trade even here at home. The country that we build up is no longer ours. The foreigner seizes our markets, and grins defiance. It is no longer Canada for the Canadians but Canada for the Jap, the Chinaman, the Syrian, the Jew—for the sweat shops of Europe. But our wages shall not come down. The operative and workingman has a right to a high standard of living such as they do not dream of abroad. Protection established that and Protection will maintain it. Shall our work people once more be a "class," distinguished by poor dress, poor food, poor dwellings with no amusements, no time for education, no accomplishments, with none of the pleasures and beauties of life, but with all its work and weary round of toil. If so then let us vote for Sir Wilfrid who rejects the manufacturers' requests and offers to the toiler the "take that or nothing" of the bare old days.

SUMMER SEASON IS AT ITS HEIGHT AT STONY LAKE

Light's Gleam at Night From Every Cottage—The Guests at the Different Resorts—Many Visitors From Peterborough and Elsewhere.

Special Correspondence

Stony Lake, July 22.—The majority of cottages at Stony Lake are filled and every person is having a splendid time. The fishing at the lake this year is excellent and there has been many large fish caught, among the largest being caught by Mrs. Miller of Pittsburg, who is a guest at Miss Brown's boarding house, Kawartha park. She with her son, Paul, and Mrs. John McKenney went for a quiet fish to the bay south of Sandy Point and Mrs. Miller who handled the line called for the boat to stop as she had bottom but later on they found it to be a twenty pound 'lunge. It was so big that they had to run upon the beach and there they landed it and with the assistance of the Y.M.C.A. boys got it in the boat.

Mr William Braly of Pittsburg, at Kawartha park had the good fortune to land three bass on Friday last, they weighing three, three and one half, and four and one quarter pounds.

Mr J. S. Cidon who gave his ankle rather a serious sprain last Wednesday is improving fine and although he walks with a cane and is a little lame yet he suffers no pain.

A moonlight excursion journeyed to Juniper Island on Thursday evening from Lakefield. There were about two hundred on board and instead of the usual form of dancing they gave a free and very good concert which included recitations, instrumentals and selections by the Lakefield band.

Mrs. C. H. Winch and daughter, Jean, of Montreal, have opened their beautiful summer home Wan Winnett, at upper Stony.

Mr and Mrs. R. J. Winch with Misses Irene and Agnes Pentland have opened up their cottage, Yarrow Brae at upper Stony.

Miss Violet Johnson of Montreal is the guest of Miss Jean Winch for the summer at Wan Winnett.

Miss I. Edwards is the guest of Miss Brown at Kawartha park.

Mrs R. P. Rogers and family have opened their cottage, Hermitage, at Kawartha park.

Mr. and Mrs. Fitzgerald and family have opened their cottage at Sandy Point for the summer.

Mr. H. C. Wright returned to the city Saturday morning after spending a short holiday at the Lakes.

Mr Archie Frowde came up to the lake Saturday from the city where he has been the last few days on account of an accident.

Mr John Carlisle, Dr. and Mrs. Munro returned to the city on Saturday after spending a short holiday at Mr. Carlisle's cottage.

Mr. Wm. Irwin has received his fine new launch which he purchased from Ald. J. W. Jutton of Hamilton and it is working fine.

Mr. A. A. Hollingshead passed through the lakes on his way to Chemong with his new motor boat the White Cap, which is a very speedy and handsome boat built by the Peterborough Canoe Co.

Mr C. N. Brown came up to his cottage, Woodside, at Kawartha park where he will spend a short holiday.

Mr. and Mrs. Crane and family have opened their beautiful summer home Glad Haleka, for the season.

Messrs. Fred Heaslip, H Carr and H Searight and Miss F. Dounce are the guests of Miss Brightman at Stony Lake.

Mr. and Mrs. Felix Brownscombe, and family have opened their summer home at Burleigh.

Mr. F. H. Dixon is the guest of W. F. Nelson, Kawartha park.

Mr. Arthur Hall and Leslie Stevens are camped at Sandy Point.

Miss Doris Burnett is the guest of Miss Kathleen Wallis at Juniper Island.

Mr. W. Fortye is the guest of Mr. Hugh Wallis at Juniper.

Miss Huldah Dobbin is the guest of Mrs. Benj. Shortly at Beachlink.

Mr. and Mrs. Smith have opened up their cottage for the summer.

Mr. M. Smith and Miss Grace Stewart, W B. Stewart and John Duncan of Toronto are the guests of Mrs Smith at Shota.

Marjorie Schrubes of Toronto is the guest of Mrs Graham.

Miss Mollie Blois is spending her holidays at the lake.

Miss M. Thompson is spending her holidays at the lakes.

Miss Mabel Rae returned to the city Thursday morning after spending a very delightful holiday at the lake.

Mr. J. Brooks of South Beach left for Peterborough on Thursday.

Mr Wm Irwin and Mrs Jas Hamilton returned to the city on Thursday morning.

Mr. E. A. Peck and Miss Peck were the guests of Mr. N. Geale at Saint's Rest on Thursday.

Service as usual was held at Juniper Island on Sunday morning. It was very largely attended and the weather was ideal. Mr L. B. Cole of Toronto lead the service.

Next Sunday service will be held as usual. Dr. Chown of The Temperance Moral Reform, of Toronto, will lead the service.

The new and much talked of piano has at last arrived coming up Monday morning on the steamer Stoney Lake and it certainly be very much appreciated.

We are pleased to say that we will have Mr. Clayton Chowen with us again this year at Juniper Island store where he will look in place and he is certainly welcomed by all the cottagers who appreciate his always pleasant and happy smile.

Among the registered guests at Juniper are.

Miss Maye Edgar, Peterborough; Mrs Rose O Patton, Ottawa; W J. Stubbs, Toronto; Gordon K Fraser, Hamilton; R M Haultain, Port Hope; H M Wallis, Peterborough; Gordon Northey, Lakefield; S Aylis, Lakefield; Ralph Bee-wheel, Toronto; G. G. Mills, Peterborough; J. C. Acton, Jr. Toronto; W M. Perks, Fred Baldwin, Peterborough; W Hamilton, Ross Hamilton, Toronto; Russell Hamilton, Toronto; Mrs D G. Campbell, Calgary; O Ostrom, Sturgeon Point; H. H Emery, Rochester; L Emery, Rochester; Percy Knowles, Brantford; Vincent Pine, Peterborough; Edith, Clarence and Mrs. R. Quarrington, Toronto; Alma Knapman, Alberta Gooding, Peterborough; Violet Stevens, Peterborough; Herbert Mohare, Lakefield; Fred Lajorie, Hastings; G Spilsbery, H Eastwood, Peterborough; M F Rice, Toronto; O H Williams, Colin M Lees, F Reddy, D J H Eastwood, Peterborough; R. M. Mowatt, Edmonston; Florence Eastwood, Eleanor Eastwood, Mrs. W. Eastwood, Hubert Eastwood, Will Eastwood, Peterborough; Mrs J L. Parton, Whitby; W Austin, H. G Austin, Clarence Rice, E Rice, Toronto; H H Brightman, E J Searight, Miss L Higgins, O Mowry, Peterborough; R V Warne, E Sanderson, W B Warne, Fred Heaslip, Florence Dormer, E Ballin, D M Davidson, Peterborough; F G Webb, Edinburg, Pa; Vera O Stratton, Hamilton; P M Chamberlain, Toronto; J H Stratton, R L. Stratton, Hamilton; B S Clary, Peterborough; Mr and Mrs R B Foote, Annie Edgar, Ken Crane, Peterborough; M Gullett, Miss F M C Clark, Mr and Mrs H Sutherland, Toronto; W H. Crosby, Port William.

Donald Cairns, of Port Elgin, cut a twelve-acre field of wheat yesterday.

FROM KEENE

Special to the Review.

Keene, July 22.—Mrs. Anthony Taylor and Mr. Chester Taylor were the guests of Mrs. Susan Taylor last week.

Messrs. George Gray and Roy Becker, Oshawa, who have been visiting friends in Otonabee, returned home Monday.

Miss Ruby Sullivan, Whitby, is the guest of Miss Katie McFarlane.

Mrs. Carruthers, Peterborough, who has been a guest at the Victoria House, returned home on Monday.

The lawn social under the auspices of the Women's Foreign Missionary Society held at the home of Mrs. Robert Miller on Wednesday evening was a decided success. There was a very large attendance and the proceeds amounted to a large sum. A lunch was served after which a musical programme was run off. Among those taking part in the programme were Miss Margaret Bryce, Mrs. W. T. Harrison, Misses Bella and Mary Renwick, Misses Stella and Lila Shearer, and Mr. Fred Weir, Rev. D. D. McDonald acted as chairman. After the programme considerable interest and amusement was occasioned by the auction sale of cakes and fruit. Mr. Sam Armstrong, who acted as auctioneer, made an excellent salesman and disposed of his wares to good advantage.

We are pleased to state that Mr. Fred Taylor, who has been seriously ill with appendicitis is very much better and is on a fair way toward recovery.

Mrs. W. Campbell and Dr. J. A. Campbell are spending the week in New York.

Mr. Yates, of the Bank of Montreal, Peterborough, is a guest at the Victoria House.

The bass fishing in the Indian River is excellent, and is the best it has been for several years. The river seems full of bass and good catches are being made every day.

The Long-Miller huckleberry party which left Monday to pick berries near Burleigh Falls returned Friday afternoon with lots of berries. The party numbered twenty-two, fourteen being from Keene and the balance from Warsaw. They got from two to three pails of berries each, and besides, had a jolly good time.

Mr. Arthur G. Yokome, Peterborough, spent a few days in the village last week.

Miss Rose Doris Rochester, is visiting relatives in Keene.

The steamer Rainbow called at Keene Friday with a scow load of brick for Mr. James Lang's new house.

Mr. T. W. Purser, Cobourg, visited friends in Keene Monday.

Mrs. Bindash, New York, visited Miss Nellie McCrae last week.

Messrs. M. W. T. Purser and J. Carmen, Cobourg, and a party of party of choir boys of the Cobourg Episcopal Church, are holidaying at Mr. Purser's cottage on Grape Island, Rice Lake.

The baseball team and a few of their friends had a very pleasant outing on Rice Lake Monday afternoon in Mr. James Wedlock's yacht. They called at Hastings for supper, and while there played a friendly game with Hastings, defeating them by a score of 13—11.

Mr. and Mrs. Walter Howson returned Saturday after a fortnight spent at Syndicate Island, Stony Lake, the guests of Mr. and Mrs. A. D. Anderson.

A party from Cobourg are holidaying at Fairbank's Island, Rice Lake.

Miss May Nesbitt, Peterborough, is the guest of Miss Lila Shearer.

Mr. Carruthers, Peterborough, spent Monday in the village.

Master Albert McCarthy, Rochester, is visiting relatives in Keene.

Miss Maud Harrison has returned from visiting friends at Stony Lake.

Mr. and Mrs. Stewart and Miss Marion Stewart, Port Huron, are the guests of Mr. Alex. Stewart.

Mr. and Mrs. John McFarlane and family are visiting friends near Lakefield.

Messrs. Albert Stillman, Jas. Henderson and Wm. Wedlock went back to Burleigh huckleberrying last week.

Mrs. Dr. V. H. McWilliams returned from Toronto last week.

Mr. and Mrs. R. Bradburn, Peterborough, are the guests of Dr. W. T. Harrison.

Mr. and Mrs. Robert Weir are visiting friends in Harvey.

Mr. and Mrs. Williams very kindly entertained a party of friends on the steam yacht Mermaid on Saturday, calling at Harwood, Idyl Wyld, Gore's Landing and Mr. James Wedlock's popular summer resort. The party were as follows; Mr and Mrs Jas. Wedlock, Mr and Mrs Wm Kempt, Mr and Mrs. Thos. Wedlock, Mr and Mrs Harry McLacklan, Mr Michael Kenneally, Miss Josephine Kenneally, Sadie Kempt, Flora McLacklan, Edna Wedlock and Lillian Wedlock.

Miss Adella Wedlock and Miss Reta Young of Monaghan, spent Sunday and Monday in the village the guests of Mr. and Mrs. Wm. Wedlock.

Mrs. D. K. Shepherd, Toronto, is the guest of her daughter, Mrs. V. H. McWilliams.

Rev. W. D Harrison spent Monday in Hastings.

Miss Vera Polley is visiting friends in Keene.

Miss Sarah Taylor is receiving the congratulations of her friends in passing her Normal School examinations.

Miss Katie Skinner has returned from visiting friends in Bethany.

Miss Laura McFarlane returned on Monday from visiting friends in Toronto.

Mr. Walter Humphries, of Hastings spent Sunday in Otonabee.

Mrs. Kempt who has been spending a few days in Keene, returned to her home in Lakefield, on Monday.

Mrs. Robert Brown is visiting relatives in Lakefield.

Mr. C. H. Sterling, Toronto, was in Keene Friday installing the new coal oil lamps of the Uradium Co. of Toronto, in several of the shops and residences of the villages.

FIRE INSURANCE Policy

YOU CAN SHAKE HANDS WITH YOURSELF

when you have a good Fire Insurance Policy in one hand. Shake off the lethargy you are in. Be a business man and look after your own interests. The wise would never think of allowing their personal property to be uninsured. If you have been so foolish hitherto, wake up now and get interested for your own interests. We can insure your house and contents for a small premium. You will hardly feel the paying of it yet it affords you a permanent protection against fire. We represent several of the largest fire insurance companies in the world, whose motto is "prompt and liberal settlements."

MILLINERY - DRESSMAKING

THREE ARE GUILTY ONE IS DISCHARGED

Hamilton, Adams, Graney, Charged With Picking Pockets, Will be Sentenced To-morrow—Williams Not Guilty.

Harry Hamilton, Jas. Graney and Jos. Adams were convicted of picking the pocket of A. R. McTaggart of Brockville by His Worship Judge Weller. Geo. Williams, the fourth of the quartette arrested on circus day was discharged.

YESTERDAY'S EVIDENCE.

His Honor, after reading the records of the three convicted prisoners, stated that he would reserve sentence until tomorrow morning at 11 o'clock.

The trial of the alleged pickpockets was resumed yesterday afternoon before His Honor Judge Weller at 2.30 o'clock. A large crowd of interested persons were present. The afternoon session opened with the cross-examination of P.C. Newhall by Mr. O'Connell, lawyer for the defence. Question after question was put to the police officer, but he was unchanged in his statements and held to his first evidence. Little was gained for the defence by the severe cross-examination and after two hours on the stand he was relieved of his somewhat tiresome position and was told that he might step down.

In answer to a request from Mr. O'Connell to explain the plans that he had made for circus day, he at first refused to do so until His Honor should say that he had to. The judge ordered it, whereupon the officer said that after leaving Chief Rossel and P.C. Meharry at the Crown Hotel, he went home and changed his clothes. P.C. Mehary, shabbily dressed, was to come down on the same car as the prisoners and was to meet him at the circus grounds where they would arrest them.

"You were leading sheep to the slaughter, as it were," said Mr. O'Connell.

"Why didn't you arrest them at the White House and do the plain, common sense thing," asked the defending lawyer, "instead of planning a dramatic act?"

"Well, if Meharry had been dressed oddly on the streets, he would have been followed by two hundred people," replied the officer.

"At the G.T.R. station you saw a man have his pockets robbed and you let him go away without telling him" said Mr. O'Connell. "Why did you not arrest them?

"Is it your idea to get the criminals or to save the people from losing their money...?"

"I try to do both," was the answer of the witness.

While Mr. O'Connell was looking over the money, Crown Attorney Wood came and stood over him. This Mr. O'Connell strongly resented. "Why, you are talking to me as though I were a schoolboy," said Mr. O'Connell to the Crown Prosecutor, "Go and sit down in your place."

Mr. E. McTaggart of Brockville was ni the city on the 17th. He purchased a ticket here for Port Hope. When the train arrived he proceeded to get on it, going to the rear end of the second last car. He said that he was carrying a heavy suit case. He was shoved by some man. He had his money in a purse in his left hand trousers pocket. He thought that he saw Hamilton at the station. He first that they were the ones he [illegible] to pay his bill at the hotel in Port Hope. In his purse were two Bank of Montreal ten dollar bills. Two ten-dollar Bank of Montreal bills were produced. He said that his were folded small so as to get them in the purse and the ones in court had evidently been folded pretty small.

Mr. McTaggart recognized the pocketbook found by Jas. Jackson, as being his. He showed how the bills were folded in. His daughter's name was on the inside of it. "Agnes Ruby McTaggart." He was under the impression from the folds in the bills that they were the ones he had lost.

Jas. Reid, the mail carrier, was next called. He was at the GTR depot to meet the 11.40 train on the June. He saw all the prisoners with the exception of Williams. They were standing on the platform looking around at the crowd. Three of them went up Charlotte street as far as Greenslade's shop. They were about four or five feet apart. They stopped at the corner. One stepped off the sidewalk, hiding the other two. Witness could not see what they were doing. Williams was standing just on the sidewalk to the station leading off Charlotte Street. Witness said that Mr. Newhall told him to keep his eye on the four.

Mr. Alex Reid was sworn. He identified the four prisoners as being the ones he saw on the platform at the GTR on circus day. They were jostling the passengers. Witness said to Mr. Newhall, pointing to the four that they were suspicious looking devils. Williams, Hamilton and Adams were on the steps of the car.

Mr. Jas. Jackson, 233 Perry street, sworn, stated that he found a pocketbook on Charlotte street. He was coming up Aylmer street on the 21st of June when he found it right out in front of Greenslade's shop. He first gave it to his daughter and then later brought it to Mr. Newhall.

P.C. Meharry said that he was with P.C. Newhall on circus day. He assisted in the arrests. He heard Newhall warn the prisoners regarding what they said, that it would be used in evidence against them. Witness said that he was dressed in plain clothes.

Mr. Gus White stated that he had seen the four before. They had had dinner at his place on circus day. It was not a very busy day.

This concluded the evidence in the McTaggart case, for the prosecution. His Honor called an adjournment until this morning at 10 o'clock when the witnesses for the defence were heard.

TODAY'S SESSION

This morning's session opened with the evidence for the defence. Several witnesses were called.

Archie Moore, County Constable, was sworn. He stated that he remembered circus day, June 17th. He went to the grounds about a quarter to one. He reached the circus by boarding a car at Sherbrooke street. Someone on the car called his attention to two suspects. He saw Hamilton get off the car. He remained at the grounds all afternoon. He was outside the tent till about a quarter after two. There was another one with Hamilton. He did not think they were acting suspiciously.

Mr. Wood, in questioning the witness asked him if he was not bad friends with P. C. Newhall. He replied that he was good friends with all the police officers with the exception of the chief.

Mr. F. Sandy, station agent for the GTR. was called. He remembered the 17th of June. The 11.40 train that day was five minutes late. He got a telephone message from Mr. McTaggart of Port Hope regarding the pocketbook that he lost about 11.45. He informed P. C. Newhall about it after the first arrests had been made. It was about 3.30 o'clock.

Mr. John McCann, Inspector of the Peterborough Street Railway Company, stated in answer to a question that it took ten minutes from the corner of Hunter and George streets to run to Lansdowne street. To the end of the line it would take thirteen minutes. This would be scheduled time. The cars did not run on scheduled time on circus day.

Mr Graham Ferguson accountant of the Royal Bank, sworn, stated that he had handled bills considerably. Bills are folded in different ways. He did not think one could identify them by the folds.

Mr Walter B. Snow, accountant in the Bank of Ottawa, gave evidence practically the same as Mr. Ferguson.

Mr. O'Connell in pleading for his clients pointed out that the police officer's evidence was uncorroborated and in some part was contradicted. He spoke at some length on the evidence that was given drawing His Honor's attention to what he deemed were inconsistencies.

Crown Attorney Wood addressed His Honor.

His Honor Judge Weller in giving judgment, said:

"It is not very important which one took it, provided that assistance was rendered. The one who renders the assistance is equally guilty. Adams is the one who did the stealing but the others helped him. The conduct and evidence of Mr. Newhall would be criticized. His Honor was of the opinion that a policeman often looked upon a man as guilty before he was proven so. At the sight of the prisoners, the officers at once looked upon them as suspicious. The Judge thought that he himself would have arrested them at the GTR station when he saw them pick Mr. McTaggart's pocket. However the policeman wanted to round them all up and he did not deem it advisable to arrest them. "And I don't know that his plan was an improper one," remarked the judge.

"I can't under the evidence, do otherwise than to find Adams, Hamilton and Graney guilty," said His Honor. "Adams picked the pocket, while Hamilton and Graney assisted him." In regard to Williams there is suspicion against him, and I am inclined to think that he is one of the gang, but there is not sufficient evidence to make a conviction."

"Geo. Williams," you are discharged," said the Judge, and Williams was at once released and walked out of the box and took his place in the audience. After court he was given his money, amounting to $1.12, and some other of his belongings.

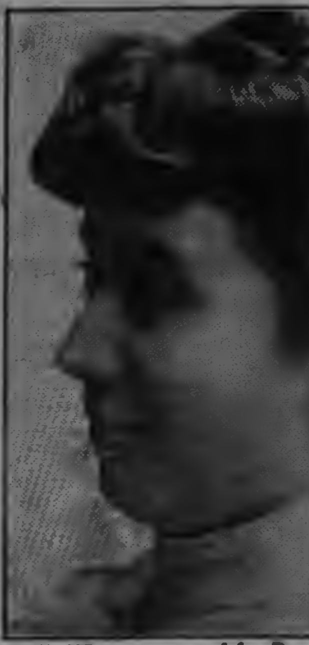
The records of the others were then read. They are very unsatisfactory, especially that of Hamilton who but recently got out of Kingston Penitentiary after serving six years. The records will be published to-morrow.

DRINK JOHNS' TEA

A GIRL'S LETTER,

Miss Rose Hurst, 733 Harris Street, Appleton, Wis., Writes Something of Interest to All Women.

Read What She Says:



"I WANT to say ***a word for Peruna*** for systemic catarrh and trust others who read this ***may try it*** and receive the same good from it that I did.

"I had been ***ailing for a long time*** and nothing seemed to do me any good, although I tried many doctors and many medicines. I had become so bad that there was no pleasure in living.

"I was finally asked by a friend to ***try Peruna***, which I did, with many misgivings. What was my delight, after taking the first bottle, to see a great change for the better and I kept on improving until completely recovered.

"***I now feel like a new woman.*** It has done wonders for me and I gladly recommend it to others."—Rose Hurst.

No ailing woman can fail to be interested in the above testimonial. Miss Hurst was persuaded by a friend to try Peruna, and she is now perfectly well and feels like another woman. Such is her story in brief.

A WINDSOR LADY'S APPEAL

To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box H62, Windsor, Ont.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F. R J. Macpherson's. tf

The best part of breakfast, to most people, is their cup of Chase & Sanborn's Coffee.

HIGH GRADE COFFEE

FIRE BRIGADE MADE QUICK TIME IN RESPONDING TO CALL

A very satisfactory test of the new fire brigade was held last evening. The mayor and aldermen were out on a tour of the town, inspecting the street lighting system, against which several complaints have been registered lately. At about ten o'clock, the Mayor decided to send in a false alarm to the fire hall in order to find out the state of efficience of the brigade. Some of the aldermen were of the opinion that it would be fairer to Chief Howard to wait for another couple of weeks, but the first suggestion was finally adopted, and the alarm sent in from box 27, which is at the corner of Water and Macdonell streets.

They could certainly not have chosen a more befitting time to make the test as four of the men were in bed and the rest of the force were not in the least expecting a call.

Nevertheless, they made a most creditable showing, it taking only three minutes and twenty-seven seconds, from the time when the alarm was first sent in, for the teams to reach the place of the supposed fire.

Mayor Rush himself, held the stop watch and was highly pleased with the whole affair.

LAST NIGHT'S FOG WAS HARD ON THE NAVIGATORS

It was as black as a stack of black cats on the Otonabee river last night and those who were out in launches and canoes had troubles of their own. About nine o'clock a mist gathered and in a short time one could not see two feet in front, lineal feet of course. A fog has that property of being a light almost useless, a fact that the launch owners found at to their sorrow. The steamer Otonabee which went out on a moonlight excursion shortly after eight o'clock was not able to get in until 11.30 and some gasoline launches were also going all over the river being unable to locate the landing. No accidents happened, however, and they all got in safely, although some of them were very late

There appears to be as much dissatisfaction over the way the scoring is done at the Olympic as there was about the Port Hope walking match.

THRONGS GREET SON OF ENGLAND'S KING AT QUEBEC

Splendid Function Marks His Arrival—Sir Wilfrid Laurier Reads Address of Welcome and H.R.R. Replies in English and French.

Quebec, July 23.—It is difficult to imagine, and the present generation can never expect to see anything more imposing, more impressive, or more completely adorned with those accessories of weather and season which crown such an occasion with success, than was seen yesterday when the man-o'-war Indomitable arrived at Quebec bearing the most puissant George, Prince of Wales, and Lord of the Isles, come to visit his inheritance of the north and the west.

A fog down the river delayed the approach of the prince's man-o'-war for about half an hour. At 2.30 she was observed off Indian Cove, and, followed by the Minotaur, and making a wider curve than usual, she steamed into mid-stream and then, coming up sharply and answering her helm like a ferryboat, she swept majestically up the river.

Band music rose out of the clustered houses. The Union Jack flew large and bright from the Garrison Club, the city hall, and the Chateau Frontenac. Down in the harbor, civilization frowned in the ocean homes of the big navy guns. Levis lay south with its dark woods and spreading streets, and dim hills lay like faint shadows in the far south.

H.R.H. THE PRINCE OF WALES.

A gun from the Citadel gave the signal. The British flagship followed. The United States battleship "New Hampshire" was not a second behind. Out crashed the royal salute from ship after ship and the cliffs echoed and roared with the clangor as the three great nations joined their artillery in solemn salutation. France and America and Britain were as one, and they flung their colors in lavish beauty over the monster craft and lined their bulwarks with ranks of seamen set like rows of pearls in the gleamless grey.

It was just after 4 o'clock when the official visits having been paid the Prince of Wales boarded a small, green painted launch and steamed for the King's wharf. Sir Wilfrid Laurier and the Cabinet Ministers met him at the stage. Capt. Newton led the way from the launch, and Col. Hanbury Williams followed. Earl Grey, Earl Roberts with Countess Grey, Lieut.-Col. Septimus Denison, Sir Asheton Curzon-Howe and Col. Sherwood preceded the prince, who was received with the royal salute from the Ottawa regiment and band.

Lord Roberts wore five stars and a dozen or more medals. All the notables on the wharf cheered like schoolboys as the royal banner was unshipped and the prince mounted the gangway. He decided at once to inspect his regiment (the 43rd Ottawa), and marched up and down the ranks before proceeding to the pavilion. He was dressed according to his rank as rear-admiral, and wore the broad blue ribbon of the Garter, besides many other orders. His beard was closely cropped, and his blue eyes shone bluer than usually, as if the Atlantic had imbued them with color.

He listened most attentively to the address of welcome read by Sir Wilfrid in English and then in French, and, replying, spoke in clear audible tones, with such unaffected and traceless accent as might well be styled King's English. He also read his reply in French.

A brilliant party gathered on the reserved seats on the east side of the enclosure on the wharf and near the prince's pavillion. The visitors assembled long before the hour set for the ceremonies and there was much coversation and renewing of old acquaintances.

Official visits were paid to the prince as soon as the Indomitable dropped anchor. The Governor-General and Lord Roberts, attended by Col. Hanbury Williams and Capt. Newton, were the first to go on board, after the admirals and captains of the Atlantic fleet, with whom was Rear-Admiral Kingsmill of the Marine Department.

Sir Wilfrid Laurier with Under Secretary Joseph Pope, Lieut.-Col. Sherwood and Lieut.-Col. Roy followed. At ten minutes intervals the representatives of the United States and of France, the Lieutenant-Governor of Quebec, and the members of the battlefield commission, including Byron E. Walker, Col. Denson and Col. Hon. J. S. Hendrie, and finally Major.-Gen. Lake and Brigadier-Gen. Otter were admitted.

First Col. Sir Henry Pellatt, A.D.C., received word from Field Marshal Earl Roberts that he will ride at the head of the Queen's Own Rifles, of which he is honorary colonel, at the great review on Friday. This is an undoubted and an appreciated compliment to the whole militia.

The 48th Highlanders also have reason to feel more than ordinarily pleased, for they have been selected from the whole army brigarded here to furnish to-day's escort for the Prince of Wales.

The 43rd Regiment of Ottawa was guard of honor for the prince at the wharf. The 13th Regiment of Hamilton acted as guard of honor at the Citadel.

Pte. Stevenson, Signaling Corps, 90th Rifles, Winnipeg, was drowned in the Charles river at Savard Park yesterday morning.

Cannonading at Tabriz.

St. Petersburg, July 22.—A despatch received here yesterday from Tabriz says that as a result of the Shah's refusal to remove the Mujtihid the leader of the clerical party, a heavy rifle and cannon fire began Monday afternoon between the revolutionists and the Shah's supporters.

W. A. Gilmour Appointed.

Brockville, July 22.—W. A. Gilmour received notice from the Department yesterday of his appointment to the position of collector of customs.

Appointed Colborne's Principal.

Colborne, July 22.—W. W. Southon, principal of the public schools here, has been appointed principal of the central school at Fort William at $1,200 per year.

Revolution Only Begun.

Paris, July 23.—The correspondent here of the Associated Press was informed yesterday that the present insurrectionary movement in Macedonia, under the leadership of the Young Turks, was only the beginning of the realization of the program mapped out by the congress held in Paris last fall by representatives of the various races and religions in Macedonia, Macedonians, Bulgarians, Albanians, Armenians and Kurds, as well as the progressive Turks and Egyptians, all desiring to put an end forever to the oppression of the Sultan.

Socialist Arrested at St. Kitts.

St. Catharines, July 23.—Ernest Drury, a Toronto Socialist, was charged in the Police Court yesterday with obstructing the street by addressing a crowd on a street corner. Drury was arrested Tuesday night, and when the chief of police took him in charge he told the crowd they were simply slaves or they would not let the police interfere. When the police tried to move the crowd on, Drury called to them: "You see you are slaves, when the police can move you in this way. We're are slaves."

Castro Expels Minister.

Caracas, Venezuela, July 22.—Via Port of Spain, Trinidad, July 23.—President Castro has expelled J. H. DeReus, the Minister resident of the Netherlands, from Venezuela.

Punch's Quebec Cartoon.

London, July 23.—(C.A.P.)—Punch's cartoon yesterday represents the prince giving "Salut aux morts" to the shades of Wolfe and Montcalm on the cliffs at Quebec.

Injured by Cave-In.

Ingersoll, July 23.—At a gravel pit in West Oxford Township a cave-in occurred yesterday, and Wm. Payne is hurt internally and has a compound fracture of the thigh.

Two Bodies Are Recovered.

Cobalt, July 23.—The bodies of Harold Dowsley and Oswald Newberry, two of the victims of Sunday's drowning accident on the Montreal river, have been recovered.

Attempts Suicide.

North Bay, July 23.—Archie Baristow, stonemason, attempted suicide by cutting his throat and wrists with a razor. The police arrived in time to save his life.

Boy Drowns In Reservoir.

Niagara Falls, Ont., July 23.—Charlie Learn, 11 years old, was drowned in the city waterworks reservoir, located near Falls View, yesterday afternoon.

Outlawry In Kentucky.

Louisville, Ky., July 23.—Night riders burned the Illinois Central stations at Gracia, Otter Pond and Cerulean Springs, in Christian County, Ky. The object is supposed to have been revenge for the company's allowing the state militia to camp on the railroad property.

Worked on Sunday.

Toronto, July 23.—Six of Contractor Godson's men were charged in court yesterday with working on Sunday, July 19, by shovelling coal at 9 p.m., so that work could begin at midnight. Men from the city engineer's department will give evidence this morning as to necessity.

Yacht Sinks Schooner.

Newport, R. I., July 23.—The President's yacht Mayflower, with the President on board, ran into and sank the lumber-laden schooner Menawa, in a dense fog Tuesday night. The captain and crew of the schooner, six men in all, were taken on board the Mayflower.

Policeman Succumbs.

Niagara Falls, N.Y., July 23.—Patrolman Michael McCormick, who was shot early yesterday, died in St. Mary's Hospital two hours later. Officer Magner, who was shot in the leg, will recover.

Child Is Drowned In Tub.

Woodstock, July 23.—Lewis Peabody, aged 18 months, was drowned by falling into a tub of water kept for watering stock.

YOUNG GIRL WAS BEHEADED

Paid Full Penalty for Murder of Her Lover.

Freiborg, Saxony, July 23.—Grete Beier, the 18-year-old daughter of the Mayor of Freiborg, was beheaded on Tuesday night sometime between dark and dawn, in punishment for the murder of the man to whom she was engaged to be married.

The personality of this young girl, who came of a good family, and her thoughtfully-arranged murder of her fiance, Herr Preteler, a rich young civil engineer, attracted international attention. She was seemingly a happy and fun-loving girl. At her trials she admitted with utmost simplicity that she visited her fiance's house one evening, gave him cyanide of potassium in a drink she mixed for him, and then, to make sure of his death, shot him in the mouth with his own revolver. She then dropped the weapon at the dead man's side, placed a forged will in her own favor on his desk, together with a note of goodbye, also forged, saying that he feared to lose her love through the revelation of a dishonorable liason.

Double Drowning.

Hamilton, July 23.—Peter Sauvey and Alex. Wilson, Chippewa, two workmen employed by Contractor Dickenson, on the Beach piers, were drowned yesterday afternoon. They rowed out from the piers in a boat heavily loaded with apparatus, and the boat sank. Their bodies were recovered, locked in each others' arms.

Poisoned by Accident.

Ingersoll, July 23.—Bert Butterworth of Foldens accidentally swallowed a quantity of paris green mixture which was being used on potatoes, and his life was saved by means of the stomach pump. Butterworth was struck in the face by a stream from a tank sprayer.

Wouldn't Stop For Chief.

Hamilton, July 23.—A radial conductor, with orders to run right through to the canal, refused to stop his car Tuesday evening to let the president of the road, Col. J. M. Gibson, off. He said he was sorry, but his orders were to run right through.

Government Withholds Names.

Ottawa, July 23.—The Government heads of Departments decline to give the city the lists of employes for purposes of assessment. Ordinary employes are liable to a penalty for such refusal, and the city will try to find out if the Government is exempt.

His Bride Backs Out.

Hamilton, July 23.—Thomas Fitzgerald, 70 years of age, secured a license yesterday to wed Miss Cusick, Dundas, 45 years of age, but she backed out, her explanation being that she did not want to cross the ocean to live in Ireland.

ROBBERS SHOOT ELEVEN PERSONS

Desperadoes in Boston Pursued by Citizens Work Terrible Havoc

Boston, July 23.—Eleven people were shot last night, one of them mortally, and two probably fatally, by two desperadoes, who, pursued by policemen and a crowd of citizens, fled for two miles through a thickly settled district of Jamaica Plains, firing madly right and left, disappearing later in the woods near Franklin Park. The men are believed to be two of the gang of three who Tuesday night robbed a saloon in Jamaica Plains after shooting and killing one man and wounding two others.

Mrs. Delia Fallon of South street was standing in front of her home with her baby in her arms, when the two men, pursued by a crowd, came down the street. As they passed her, one of the fugitives fired a shot which entered her head. She is in a critical condition.

Herbert E. Knox, 48 years old, night watchman at the Forest Hills cemetery, and Edward McMahon, 21 years of age, a policeman, both received bullets in the abdomen. Knox died later and McMahon is not expected to survive the night.

Others wounded are Patrick McGinn, shot in the side; Michael Flynn, slightly wounded in the head; Policeman Thompson, shot in the leg.

It is believed that the desperadoes lay concealed in Calvary cemetery yesterday while the police were hunting for them on account of Tuesday night's hold-up and robbery.

Five Break Jail.

Fernie, B.C., July 23.—Five of the Blackhand suspects held here escaped from prison yesterday morning at 6 o'clock. Exit was made through a coal chute. They were evidently helped by confederates.

One man was captured at Morrissey last evening, about eight miles from here.

A Chicago Knocker.

Regina, Sask., July 23.—Reports from Chicago that W. B. Snow, the alleged crop expert, is knocking the Saskatchewan crop after a hurried trip through a corner of the province, are received here with amusement rather than indignation.

New Judge Appointed.

Ottawa, July 23.—J. J. Kehoe of Sault Ste. Marie, a former resident of this city, has been appointed to the district judgeship of Sudbury. This is a new district for which provision was made at the recent session of Parliament.

Saves Sweetheart's Life.

Detroit, July 23.—While preventing her sweetheart, Robert Coombs, from committing suicide by cutting his throat, Miss Flora Cook of Toronto was seriously wounded on the left hand.

TITLES FOR CANADIANS WILL SOME BE HONORED

Prince is Said to Have Another Offer of Peerage for Laurier—Premiers Gouin and Whitney May Get Knighthood—Others May be Honored.

Quebec, July 23.—Those who are in the inner circles are quietly discussing the prospects of imperial honors being bestowed on distinguished Canadians in connection with the tercentenary.

It is even said that the Prince of Wales will confer several honors, including a peerage to Sir Wilfrid Laurier, before he leaves this port for England.

One day last week the two French-Canadian papers of Montreal, viz., La Press and La Patrie, had on the same night editorials that read very much as if from a common inspiration. They were to the effect that King Edward, through Lord Minto, had offered a peerage to Sir Wilfrid Laurier some years ago and that it had then been declined, but that in all probability the offer would be renewed at Quebec by the Prince of Wales, acting directly for the King.

One of the papers went so far as to say that it had no doubt of the previous offer, inasmuch as it had seen the private correspondence. Both papers [illegible] their articles by saying that as the honor was intended as much for Canada as for Sir Wilfrid, he would be in duty bound to accept the compliment. These two articles were so distinct and pointed that people here imagine that something along that line will happen next week.

There is also a good deal of talk about other honors that will be bestowed by His Royal Highness before he leaves. It is likely that Mr. Gouin, Premier of Quebec, and Mr. Whitney, Premier of Ontario, will be knighted, and both are here for the celebration.

It is also likely that some of the battlefields commissioners will be knighted, including Mr. B. E. Walker of Toronto, nor need the public be surprised if Mr. Charles M. Hays of the Grand Trunk, and Mr. William Mackenzie of the Canadian Northern are also honored.

The names of at least half a dozen others are mentioned.

Crops Worth $140,000,000.

Montreal, July 23.—The banks and other financial institutions of the city, which are so much interested in the crop reports daily coming from the three western provinces, are inclined to the belief that if the weather continues good and the heated terms prevalent in some of these western districts do not engender hailstorms, there will be a crop of wheat well on the 120,000,000 bushels.

In fact, after a close calculation, a high-up official in one of the milling companies figures out that the wheat, barley and oat crop of the Canadian west this season will at least foot up to $140,000,000.

Wife Starving; He Steals.

New York, July 23.—Cornie Van Debart, a young Toronto actor and banjo player in vaudeville, who came here a few weeks ago with his young wife, a Schenectady, N.Y., girl, to take an engagement at a Coney Island theatre, was arrested for stealing a bicycle. He admitted the theft and said he had to steal as he was out of a job and his wife was starving.

Drowns In Shallow Water.

London, July 23.—William McCullough was drowned while bathing at Port Stanley yesterday afternoon. He attempted to swim from the west pier around the beach, but became exhausted in five feet of water. He was 37 years of age and of the firm of McCullough & Willsie, butchers.

THE PAGEANT AT QUEBEC

Blackfoot Indians Taking part in the festivities of the Ancient Capital.

HUGE FINE IS RULED OUT NEW TRIAL FOR STANDARD OIL

United States Court of Appeals Decides That Judge Landis of Chicago Had no Right to Impose Penalty of $29,000,000.

Chicago, July 23.—By unanimous opinion of the United States Court of Appeals for the seventh district, the famous case of the Government against the Standard Oil Co., in which the latter was fined $29,240,000 by Judge Landis in the district court, must be retried.

The decision, concurred in by Judges Baker and Seaman, was delivered here yesterday by Judge Grosscup, its author. The concluding sentence reads:

"The judgment of the District Court is reversed and the case remanded, with instructions to grant a new trial and proceed further in accordance with this opinion."

The Court of Appeals differs with the trial court on three vital points, holding that Judge Landis excluded evidence for the Standard Oil Co. of Indiana which should have been admitted to show proper intent in the rate the company paid on oil; that he erred in considering each carlot a separate offence; and that in imposing the maximum fine for a first offence he abused the discretion vested in his court.

[illegible] doctrine, says the opinion, whereunder a million dollar corporation such as the defendant, the Standard Oil Co. of Indiana, may be fined 29 times the amount of its capital stock in order to punish a defendant not even under indictment. By this latter is meant the parent company, the Standard Oil Co. of New Jersey.

Following closely upon the decision of the United States Court of Appeals yesterday reversing the decision of Judge Landis in the Government suit against the Standard Oil Co. of Indiana, The Daily News yesterday said:

"Bankers who have close affiliations with the Standard Oil Co. state that the organization will soon announce an increase in the capital stock of $100,000,000 by $500,000,000, making a total capital stock of $600,000,000.

There will be added from the earnings for the fiscal year about $40,000,000 as the organization's surplus. It was given out that the large increase in capital is a diplomatic movement in order that the dividends may not look so large.

Big Fire at Fort William.

Fort William, July 22.—Fire, which started in the John King Co. yesterday, caused $160,000 loss, among 26 concerns, with $105,000 insurance. The heaviest losses are King & Co., $100,000; Kirkup & Wilkie, $15,000; and Snelgrove & Waddington, $20,000. The sprinkling system in the Victoria Block did splendid work. The Port Arthur fire department assisted in fighting the flames.

Wheat Crop Estimate.

Winnipeg, July 22.—W. A. Black, manager of the Ogilvie Milling Co., after a 1,700-mile trip through Manitoba and Saskatchewan and from reports from buyers and inspectors, estimates the wheat crop at 120,000,000 bushels — "providing conditions continue favorable."

Trouble Brewing In Hayti.

Washington, D.C., July 22.—Significance is attached here to the arrival of the British warship Indefatigable at Port au Prince, Hayti, strengthening the belief that the State Department has an understanding with the British and French Governments in regard to Hayti and that all three Governments are sending war vessels in the fear that trouble is imminent.

Soloist Is Killed.

Toronto, July 22.—Miss Annie Foley of 80 Bond street, aged 28, was fatally hurt in a runaway accident near Streetsville on Monday night. Two years ago her father, Edward Foley, superintendent of the waterworks department, met death under similar circumstances in East Toronto. Miss Foley was soprano soloist at St. Michael's Cathedral.

ARE BUILDING UP THE CITY

Permits Issued at City Hall During the Past Few Days

The following building permits have been issued at the city hall during the past few days;—

Jas. Curran, frame dwelling on Lake street, $9 000.

J. A. McConnell, brick dwelling on Gilmour street, $1,300.

N. Routley, store and dwelling on Brock street, $1,800.

A. Harding, barn on Dunlop street, $35.

Ed. Courtney, dwelling on Hunter street, $175.

Dr. Greer, office on Aylmer street, $400.

Mrs. S. Brault, woodshed on Ware street, $30 00.

Two More Shootings.

Niagara Falls, N.Y., July 23.—After a controversy over the genuineness of a coin offered for beer, James Henry was shot in the arm by the proprietor of the saloon, an Italian, who fled. Mayor Douglas, in an auto, headed a posse in pursuit, but without success late last night.

At Akron, a village on the county line, Stephen Davis, aged 29, was shot through the chest by an Italian and may die.

Boston Saloon Shot Up.

Boston, July 23.—Three men, armed with heavy calibre revolvers, dashed into a crowded Jamaica Plains barroom ten minutes before closing time, and calling "Hands up," began shooting up the place. When they had grabbed the money till and emptied it and had finished shooting and made their escape, one man was dead on the floor, another dying and a third was seriously wounded.

Vein Under Street.

Cobalt, July 23.—A vein has been found on the streets of Cobalt, a stone's throw from the square, and just west of the Imperial Bank, on Nipissing property, R.L. 401. It runs under the Lebris Block and Sol White's law office. It carried cobalt and niccolite and assays will have to be made before it is known whether it has silver values or not.

Brutal Murder Disclosed.

Boston, July 23.—A brutal murder was disclosed by the discovery of the body of Mrs. Emma Payrow, 38 years old, gagged and with her throat cut, crushed into a small closet in one of the apartments on Columbus avenue in Back Bay.

The woman's body was found by her husband, Charles H. Payrow, when he returned to his room.

Highwaymen at Work.

Likely, Dakota, July 23.—The Likely and Alturas stage was held up on Tuesday night by two masked men, who were heavily armed. They compelled the Wells-Fargo messenger to throw down the box containing, it is believed, a large sum in gold.

Crashes Into Freight Train.

Montreal, July 23.—A C. P. R. Ottawa train crashed into a freight at St. Anne de Bellevue yesterday morning, blocking all western traffic. No one was hurt, and the crew threw on the brakes and jumped.

Rojestvensky Not Dead.

Berlin, July 22.—The announcement made Monday from Bad Nauheim, Germany, that Vice-Admiral Rojestvensky had died there from heart trouble, is incorrect. A Russian named Rojestvensky did die at Bad Nauheim, but he was not the admiral.

Embargo Only Way.

London, July 22.—(C. A. P.)—The Morning Post, referring to the embargo, says no responsible Minister of Agriculture dare reverse the policy which his own Department has proved the only successful means of dealing with disease.

Engineers In Session.

Ottawa, July 22.—The union meeting of the Brotherhood of Locomotive Engineers and Grand International Auxiliary was formally opened here yesterday with about 1,500 members of both bodies in attendance.

"FRUIT-A-TIVES" CAN BE HAD IN 25c. TRIAL SIZE

AS WELL AS IN REGULAR 50c. BOXES.

Everybody Can Afford To Give These Wonderful Tablets a Trial at Least And Prove Their Value.

"Fruit-a-tives" or "Fruit Liver Tablets," the wonderful medicine made from the juices of ripe fruits, have scored a remarkable success. The demand for them has grown in four years till it now extends from the Atlantic to the Pacific. Druggists at first bought them in lots of one dozen boxes—to retail for $6.00. Now it is no uncommon thing to receive orders from wholesalers for 100 gross lots (14,400 boxes)—to retail for $7,200.

There is only one reason for this great success—they cure sick people.

But still there are homes where "Fruit-a-tives" have not been tried—homes where they still suffer from Constipation, Biliousness, Kidney Trouble, Skin Diseases, Neuralgia, Rheumatism and kindred painful and weakening ailments — often because they have not cared to risk 50c. to try "Fruit-a-tives" when other medicines—supposed to cure — could be had for 25c.

This last objection to trying "Fruit-a-tives" has now been overcome. We have put out a new trial size to retail at 25c. The price no longer stands in the way. Get a trial box and see for yourself that "Fruit-a-tives" will help you.

If your dealer has not the 25c. trial size, let us know. Give us your name and address and we will send you a booklet—free — containing valuable recipes and stories of what "Fruit-a-tives" have done. Fruit-a-tives Limited, Ottawa, Ont.

The Daily Review

THURSDAY, JULY 23, 1908.

WHY SHOULD IT?

When the Miners' Eight Hours Bill was being discussed in the Commons on July 6, Mr. Churchill asked, "Why should cheapness of production always be achieved at the expense of the human factor?" As coal is sold in the South of England the pit-mouth price is only one-fifth of the price paid.

"The member for Cambridgeshire mentioned people whose conditions of life he thought worse than some of those of coalminers," added Mr. Churchill. "Why stop here? we are asked. Who ever said we would stop here? I welcome and support this measure, not only for its own sake, but much more because it is, I believe, a symptom and a precursor of the general movement which is in progress all over the world, and in other industries besides this, towards a reconciling of the conditions of labour with the well-ascertained laws of science and health."

Mr. Churchill, M.P., England, asks a question which would give one the idea that the workingmen of Great Britain are asleep. "Why should cheapness of production always be achieved at the expense of the human factor?" Why should Sir Wilfrid Laurier not ask himself this simple question, too? He telegraphs the woollen men instead. Canada, as Sir Wilfrid sees it, or wishes to see it, is a giant with a monster open mouth, into which go men, women and children, labelled, "cheap food." So long as the consumer is satisfied and the consumer par excellence is the rich or well-to-do, Sir Wilfrid is satisfied. So long as wages are low on the G.T.P. he was satisfied also, and to keep them low he emptied the slums of the east upon our shores. Let the wage-earner have a chance to live and move and have this being. If all the world beside Canada were suddenly wiped out of existence, what would happen to Canada? Canada would develop according to the high standard established by the N.P. unless some prime minister devoted to the interests of the rich came along and left the uncapitalized workers at the mercy of the capitalists.

THE GLOBE AND MR. BORDEN

The Globe pretends to believe that Mr. Borden has fallen low enough to misrepresent the opinions of the London Economist. It charges him with having quoted from the Economist in the recent debate in the House as if the quotation were from the editorial opinions of the Economist whereas it was from the Ottawa correspondence. The opinions expressed in the quotation were very severe upon the extravagance of the Laurier Government. These are the admitted facts. Now for the argument involved. The Times reports from Shanghai are quoted as the work of that paper. The correspondent there is a member of the regular staff. That journal is responsible for the news and views expressed. When the Times is quoted respecting it, it is customary and proper to say that "The Times says so and so is going on at Shanghai." No allowance is made for the good or bad character etc., of the correspondent. He may be the best man on the staff. Regularly employed to gather information and give opinions he does so and the Times founds its policy thereon. It is ditto with the Economist, the great London financial journal. Mr. Borden's action was of course usual and correct. But it hurt mightily and the Globe seeks to minimise it by assailing both the source of the quotation and Mr. Borden. When the air has cleared we find that a competent correspondent of a London financial journal, resident on the spot at Ottawa, criticised unpolitically and it must be presumed impartial the Laurier policy. The rest is mere noise on the part of the party organ. To say that Mr. Borden has become degraded as a consequence, is very weak.

AN AMUSING ADMISSION

Under the following headlines, "Mere Subterfuge — Reasons for Barring Canadian Cattle from Britain — No Pleuro-Pneumonia Exists among Canadian Herds, and in regard to other Diseases they are no worse than British Cattle themselves." the Globe prints this criticism on British protectionists:

Special Despatch to the Globe.

Ottawa, July 21. — The statement of Sir Edward Strachey in the British Commons yesterday, that the embargo against Canadian cattle would not be removed because of the prevalence of tuberculosis, anthrax, mange and other infectious diseases amongst the cattle in this country is regarded by the officials of the Agriculture Department here as a mere subterfuge. The diseases enumerated by the representative of the Board of Agriculture in the British Commons are common to cattle of all countries. Canadian cattle are in nowise worse than British cattle in this respect. The reason originally given for the imposition of the embargo was the alleged presence of pleuro-pneumonia among Canadian cattle.

The Canadian Governmnet has always maintained and still maintains that this disease does not exist in this country and has made repeated assurance to that effect to the Imperial authorities. The real reason for the embargo in Britain is believed to be fear of Canadian competition among British cattlemen. The embargo is thus a disguised form of protection."

The amusing part of it is that so soon as the efficiency of the Department at Ottawa is attacked the cat jumps clear out of the bag. It is admitted that the embargo is a mere subterfuge — a measure of PROTECTION! And it is protection to British Agriculture, too just as if there could be such a thing. The Globe is thus made to swallow its "brave words" in dozens at a gulp. Facts beat theories every time. The immense damage done to Canadian cattle-raising is requited with a silly "preference." There is a "nigger in the fence" somewhere in the management of affairs in this country.

THE PUBLIC CREDIT

The public credit of Canada is in danger. The last loan of even so small a sum as $25,000,000 was but half-subscribed and at a higher rate of interest than usual. The same day the Irish loan of one hundred millions more than that was over-subscribed thirty-five times. Yet none of the surplus came to us. Our resources are large but not illimitable. Is it any wonder that the Hamilton Times (Liberal) says "An hundred million dollars is what the Georgian Bay canal will cost at the least. Unless somebody has the money handy and wants to lend it we might put off this little spending party until we see where the transcontinental railway proposition comes out." There is one consolation, however. When we have mortgaged our inheritance to the full and our future prospects as well, nobody will give us any more money. It will be the "prodigal son" for ours then.

LAURIER AND LOW WAGES

Irish cattle-raisers are fighting to retain the embargo on Canadian cattle. The interests of Canada will not receive much practical consideration, but the issue will be between cheap beef with freedom to purchase and dear beef with the beef trust.—The Globe.

There it is again! The Globe clings to its old free trade fad. Trade is only free when it is protected just as with people. A one-sided, jug-handled, non-operative, free trade isn't trade at all. It is about as free as a little child out on an iceberg on a winter night in a directoire gown. We must be protected by tariffs as by ironclads. But the Liberals will stick to their theories. The rich want everything cheap, labour, goods and lives. The poor want work and fair wages and cheap food too, but not cheap food at the sacrifice of labor and lives. It is so simple a child might learn. If our people would work for ten cents a day we could beat the world in their own markets. And vice versa. Therefore we must keep our great country for ourselves. It has everything within its own borders. The independence and high spirit of the great body of the people must not be sacrificed to Sir Wilfrid's theories.

AN ENGLISH OPINION

The Investors' Review of London, England, is one of the latest of the English financial journals to hold up a finger of warning to Canada. That we have reached our limit is apparent. We have borrowed on and pledged our credit to the last straw. No wonder times are bad and are to be worse this coming winter. The Investors' Review points out first of all that Canada is loading itself to the gunwale. It says that "No element seems to have been neglected by the government and people of Canada to make the result of financial heedlessness a first-class one when it does come." Surely such an opinion ought to wake our people up to the criminal extravagance of the Laurier government. Capitalists, contractors, brokers, middlemen—the whole spending class applauds Sir Wilfrid. He is held up high by them as a very torch of progress and progressiveness. They say that it takes money to make money, etc—for them. All that there is to get out of it they get. Meanwhile times are growing harder and wages are sinking. $150 for each and every family in Canada is the expenditure for this year. How can times be good with such a burden. Even the banks are amazed and continue to implore caution. But the end must come. With no money left for private enterprise the latter cannot be financed. The shock of hard times will unseat them. There is one thing we will say, however. No one has heard Sir Wilfrid boast that his government is an economical one.

THE ALL ROT SCHEME

When the Association of the Patrons of Industry was crushed by collision with the regular politicians in the Legislature of Ontario this little journal was saved from the wreck by one who thought he saw that the most necessary and respectable industry of the country was in danger of again suffering the disadvantage to which from not breeding politicians or having special interest with the Government it had up to that time been exposed. It is a special function therefore, of writers in these columns to keep the farmers alive to the necessity of vigilance and union. Power is largely in the hands of men of the Imperialist stamp, full of magnificent schemes, which, whether ultimately successful or not, will enable them to play a greater part perhaps bring them imperial honors, but will not make wheat grow any better or sell higher. When a grand enterprise is proposed farmers should look at it closely to see whether it has a practically useful object and one which they will share. We do not want to discourage great enterprises provided they are really beneficial. If the All-Red Line is a line practically needed by commerce, by all means let it be undertaken. But let it not be undertaken merely because it is Red.—Weekly Sun.

"Bystander" in the Weekly Sun, hits the nail pretty hard on the head when he speaks of the "Magnificent schemes" of rhetoricans and all-red politicians. If the scheme is needed and we can afford it, well and good but as a matter of fact all that is being said to justify it is that it is all-red.

THE WOOLLEN QUESTION

The decision of the Government to stand by the public regardless of the threatening attitude of a strong and well-organised interest should be rewarded with practical expressions of approval on every possible occasion. —Globe.

The "well organized interest" referred to is the woollen interest. The language here applied to an industry that so far from fattening is starving to death, eighty per cent of the mills having failed, is a disgrace to any journal. The tariff is the issue. It is not settled and never has been. The people were buncoed in more ways than one in 1896, but it won't happen in 1908.

EDITORIAL NOTES

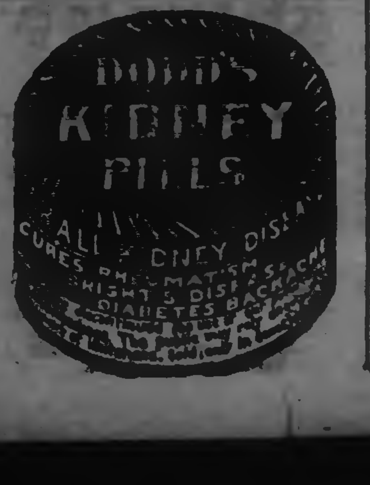
That there will be a general election before there is another session of Parliament is universally expected.—Mail and Empire.

editorial notes

Mr. Lennox had a word of praise for his friend, Mr. R. R. Gamey, who he said deserved more from the people of Ontario than any other man in the province. Mr. Gamey seems to have lots of friends.

The Globe's article on the Attorney General's Department at Toronto is about right. Hon. Mr. Foy is all right as a man and as a civil lawyer but as the head of a criminal department he is not alive to the necessities of the hour. He should get to work and liven things up. The Orangeville case was almost foolish. It is time case was almost foolish. It is true it is not his own personal fault but it will be if he does not hurry up.

The western harvest will start early in August.



REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help, servants, hands, or workmen, try the Review want ad columns. If you have anything to sell, from a pick-axe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	25 cts.
Three insertions	50 cts.
Six insertions	80 cts.
Ten insertions	$1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

HOW PARENTS SHOULD TAKE CARE OF BLIND CHILDREN

An Interesting Article by Principal of Pennsylvannia Institution for the Instruction of the Blind.

How shall parents manage their blind children in their early years at home and how to bring them up. If you have a blind child consider that God has given it to you to be tended with unusual love and care. If you give it proper care, and it lives to grow up, it will be a capable and happy being who will fill its place in life and will bring comfort to you. But if, on the contrary, you neglect or spoil your child, it will then be a poor bit of humanity, a burden both to you and to itself. Hence, attend to the following rules:

1. Treat the blind child exactly as if it were a seeing child and try as early as possible to make it put its body and mind into action. As soon as it begins to use its hands, give it toys to play with. Talk to it, sing to it and give it toys that make a noise to attract its attention and rouse its mind.

2. Teach the child to walk at the age when seeing children learn.

3. Do not allow the child to sit long in one place alone and unoccupied but encourage it to go about in the room, in the house, in the yard and when older, even about the town. Teach it to know by touch all objects around it.

4. As soon as possible teach the child to dress and undress, to wash itself, to comb its hair, to take care of its clothes, and, when at the table, to use properly spoon, fork and knife. A blind child can do all these things as well as a seeing child but you must give it much practice in doing them, because it cannot learn by observation.

5. Watch carefully the child's personal appearance. It cannot see how others act and so readily acquires habits which are disagreeable to its companions. Some of the most common mannerisms of blind children are rocking the body, twisting the head about, sticking the fingers into the eyes, distorting the face, swinging the arms, stooping and hanging the head in walking and bending over in sitting. As soon as you observe such practices in your child, you should make a vigorous attempt to break them up; for if they once become habitual, years of schooling may be unable to overcome them.

6. Permit the blind child to play as much as possible with seeing children and to romp often with them out of doors. Frequently take the child walking and direct it in some simple physical exercises. If it is obliged to sit still you should at least give it balls, pebbles, blocks, a harmonica or such toys as appeal to touch and to hearing.

7. If you would inform your child of the world about it you must let it touch all the objects that you can get at and must teach it to appreciate space and distance by actual measurement, to cultivate its sense of touch let it handle familiar objects like different woods, plants and coins.

8. Allow the child to take part as early as possible in household duties. Allow it to string buttons or shell and pick over beans, peas and nuts; to clean furniture and kitchen utensils; to wash dishes; to grind the coffee; to peel the potatoes; to gather the fruit in the garden; to feed the hens, doves, dog, cat and other domestic animals. You can also occupy the child pretty well in easy handiwork, such as winding yarn, braiding the hair and in coarse knotting.

9. Speak with your child much and often; for since it cannot read the loving care which is written in your face, it has special need to hear your voice. Ask the child frequently what it hears or feels, and induce it to ask many questions as to what is going on around it.

10. Take care what you say before your child; for the blind is more attentive to all which it hears than the seeing child and for this reason retains it better.

AVOID PITYING INFIRMITY

11. When in the presence of your child never indulge in expressions of pity for its blindness and allow no one else to do so. Such expressions can only discourage and depress the child. Rather seek to encourage it and to keep it engaged in happy activity, in order that it may strive cheerfully and courageously to be independent later in life and to do without external consolation and assistance.

12. Give the child occasion to exercise its memory. A good memory will later be found invaluable. Have it commit to memory such proverbs, short poems and stories as it enjoys.

13. The blind child's moral and religious nature can be developed just as early as that of the seeing child.

14. As soon as the child is of school age—six years old—send it, if possible, to an institution for the education of the blind. To make this possible, you must apply in good season, say six months in advance. The superintendent will then tell you what questions you will have to answer before your child can be admitted.

HINTS FOR SCHOOL TEACHER

15. If it cannot be admitted to the institution before it is seven, then send it with its seeing mates to a public school. In this case you should beg the teacher to write to the superintendent of an institution for the blind, or better to visit such a place so that he may learn something of the way blind children are taught, and that he may get the necessary special appliances, such as books, embossed for the blind and some instrument for writing.

The above advice is the result of the experience of many years. Would that everyone reading it should take pains to spread the information among the people by word and deed, and would that the excellent editorial staffs of the various newspapers should take notice of it and publish it for the good of the country. If a single blind child can be saved from neglect by this means a dreadful misfortune will have been averted.

THE FIELD CROP COMPETITIONS

Many Agricultural Societies Are Taking Part—Good Prizes Being Offered

The Ontario Department of Agriculture has sent out the following circular to competitors in the standing field crop competitions;

The increased number of Societies which are taking part in the Standing Field Crop Competitions this year and the excellent results that have already accrued have been so marked that the Hon. Nelson Monteith, Minister of Agriculture has consented to extend the competition still further by arranging to have the five prize winners in each of the different Agricultural Societies competing enter into a provincial contest at the winter fairs at Guelph and Ottawa. Each exhibitor will be required to forward two bushels of the grain with which he takes a prize in the Standing Field Crop Competition this year. The amounts offered in prizes at each of the above named Winter Fairs will be:—

- 1st—$35.
- 2nd—$30.
- 3rd—$20.
- 4th—$10.
- 5th—$5.

All Societies west of Toronto will compete at Guelph and those east of Toronto, at Ottawa. Each exhibitor will send his grain by express COD addressed to the Superintendent of the fair at Guelph or Ottawa and the transportation charges will be paid by the Department of Agriculture.

The grain winning the prizes at the Winter Fairs will become the property of the Department and will be used for experimental purposes. All grain exhibited other than that taking prizes will be sold by auction at 10 am. on the morning of the last day of the fair and the proceeds remitted by the Department to the owners.

An affidavit must be furnished by each exhibitor at the time of making entry certifying that all the grain exhibited by him was grown on the plot which was judged by the official sent by the Federal Department to judge the grain while standing in the field.

Owing to the fact that there were not a sufficient number of Societies entered in other kinds of grain we are confining this competition at the Winter Fairs to oats.

Further particulars will be mailed you later.

I trust that you will appreciate the desire of the Minister of Agriculture to improve the standard of the grain crops in the province of Ontario and give us your hearty co-operation in this important forward movement.

Faithfully yours,
J. LOCKIE WILSON
Superintendent

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

PEPPER TWINS GOOD SEASON

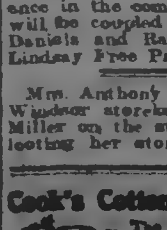
Are Spending Their Holidays in Lindsay—Will Perform at the Fall Fairs

After closing a successful season in the United States the Pepper Twins have returned to Lindsay, and are the guests of their brother, the popular photographer. It is learned that the boys are contemplating visiting the fall fairs in the surrounding district, and will perform at the one given here.

Lindsay has more theatrical talent than any other town of its size in Ontario. It has turned out several actors for the stage and they have all "made good," and from the showing made at the minstrel show a few months ago there are several others who would do credit to their town should they care to go before the footlights. The Pepper Twins stand out above the rest in a class by themselves, and have been the recipients of many flattering, but merited comments from the American press. They are only young boys as yet, and after a little more experience in the comedy line, their names will be coupled with those of Frank Daniels and Raymond Hitchcock.—Lindsay Free Press.

Mrs. Anthony Shabihub, wife of a Windsor storekeeper, grabbed C. H. Miller on the street accusing him of looting her store.

Cook's Cotton Root Compound.



The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

HAD DESPERATE FIGHT WITH CAT

Aged New York State Farmer Is In Serious Condition—A Strange Encounter

Greenwich, Conn., July 21.—Frank Sands, an aged farmer of Mount Kisco, N. Y., is in a serious condition in his home, the flesh being torn from his left hand and arm in several places as a result of a result of a fight with a large tomcat that has been roaming the woods near his house for two weeks.

Mr. Sands had been losing his chickens at the rate of one every night and about a week ago he laid in wait for the thief. In the moonlight he saw a large cat steal out of the woods and into one of the coops in his henyard. He made an attempt to catch the animal, but it escaped him.

Mr. Sands was aroused about dawn yesterday by a commotion in the henyard. Arriving there he saw the cat in the act of killing a hen. He rushed at the cat to drive it away, and the animal turned on him. Springing a distance of about eight feet, it landed on his breast and set its teeth in his arm. He shook the animal off but it took the flesh with it.

It had no sooner reached the ground than it sprang at him and bit him again, all the time tearing his arms with its claws. He finally succeeded in stunning the cat, and a farmhand killed it with an axe. Mr. Sands fainted and had to be carried to the house. It was thought at first that he would die from shock and loss of blood.

The cat was weighed and just tipped the scales at twenty-two pounds. Other farmers in the neighborhood say that the cat has been living in the woods for months and robbing poultry yards.

AN EXPLOSION OF GASOLINE

Serious Accident to a Gasoline Launch at Fenelon Falls

A very serious explosion occurred at Fenelon Falls on Tuesday evening, when the fine gasoline launch owned by Mr. McLean, of the Bank of Montreal took fire and the gasoline in the tank was expanded and exploded, slightly injuring several of the party, who had just returned from a trip on the lake and badly damaged the launch. The party was composed of Mr. and Mrs. McLean, Mr. and Mrs. A. McIntyre, Mrs. McTaggart, and Miss Hurd. A leaking pipe is thought to have been the cause of the accident.

Central Canada EXHIBITION AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

"THIS SHOWS THAT YOU ARE SLAVES"

St. Catharines, July 22 — Ernest Drury, a Socialist from Toronto, was arrested here last night charged with blocking the streets. When the police interfered, Duruy shouted to the crowd: "This shows you are slaves." He refused to move on and persisted in telling the crowd they were slaves until the policeman led him away. He was later released on his own bail of $200.

Mayor Watson of Collingwood, is dead.

WANT A SYRINGE?

Of course, every well-regulated house wants one. But there are syringes and syringes—those that don't work and those that do. If you want the first we haven't them; if you want the last, the kind that work, and work well, and always work, we have them.

ENJOYABLE DANCE AT CHEMONG PARK

Given Last Evening by Misses Ruby Clegg and Edna Jobbitt in Honor of Their Friends

An enjoyable dance was held at Chemong park last evening, about two dozen people from the city attending. It was given by Misses Ruby Clegg and Edna Jobbitt in honor of their friends, Misses Lola Ostrom, of Toronto and Lannan, of London. The party drove to the park in 'busses and a couple of hours was enjoyed in dancing after which luncheon was served. Music was provided by different persons in the party.

OBITUARY

MRS. ANDREW YOUNG.

The death occurred this morning of Agnes Dunlop, relict of the late Andrew Young, of North Monaghan. Deceased was sixty-one years of age and passed away at the residence of her son, George Young, 493 Aylmer street, with whom she had resided for the past three months. Her husband predeceased her nine years ago. The late Mrs. Young was born in North Monaghan and had resided there all her life. She was a member of the Springville Presbyterian church and held in high esteem by a large number of friends. Her death was due to heart trouble from which she had suffered for some time.

Mrs. Young is survived by one son George H., of this city, and two sisters, Mrs. Robt. Graham, of Lindsay, and Mrs. Wm. Jackson of Cavan and three brothers, Andrew, of Fenelon Falls, D'Arcy of North Monaghan, and William, of Arden, Bruce County.

The funeral will take place on Saturday from 493 Aylmer street, to Little Lake Cemetery.

NEVER SAW AN AUTO, NOR NEVER RODE IN STREET CAR

Chicago, July 22.—After spending 27 of the best years of life with the horizon of his world limited to the stone walls of Joliet penitentiary, and his ambitions ground down by the routine of a convict's existence, John Gale, aged 49, but appearing to be 60, stepped into the outside world yesterday. He began his sentence when he was 22 years old.

For more than a quarter of a century the development of John Gale had been stayed, but the hand of time had not stopped. Today the friends drawn to him because they have a common land of nativity, are trying to find work which will be neither too hard for an old man's body nor too exacting for the childish simplicity of a boy of years ago. Life in the penitentiary has dulled but not hardened Gale, and yesterday he showed the eagerness of a child in looking at the strange sights of which he has only heard stories for years.

Mathew J. Huss, president of the Luxemburger Brotherhood of America, through whose efforts pardon was obtained, met him at the gate of the penitentiary. Gale came to this country from Luxemburg 28 years ago. He had been here only a few months when in a fight at Evanston he killed a fellow labourer with a hatchet.

A trolley car stopped in front of the penitentiary gate yesterday and the man clambered on. Even in the penitentiary walls the prisoner had heard the clatter of those cars, but he had never ran on one, and his ideas of what they were like came only from surreptitious accounts by the younger prisoners.

But he showed no surprise. An ordinary man might ask questions or attempt some pleasantry, but something more startling is necessary to evoke a flicker of emotion from a man who has lived a convict's routine for 27 years. It was not in his life to ask "Why?" but to go forward, unseeing and unthinking.

The car sped through town—men and women and children were laughing and talking on the streets, oblivious to the passing of the life convict. For 27 years he had never made a move without the consciousness that somebody was watching him and that a guard's bullet would be his deserts if he attempted to follow his inclination. Gale dared to look round the car and sat more nearly erect.

An automobile swished past the open window and he jumped. That was a new sensation, and he glanced apprehensively at his companion for the result of the involuntary emotion. Then he looked relieved for he was no longer in prison where a breach of discipline would evoke punishment. He asked Mr. Huss if that was an automobile, of which he had seen pictures. He was assured that it was and a faint smile of gratification lighted up his face.

CRIMINAL RECORDS OF PICKPOCKETS CONVICTED

His Honor Judge Weller Will Not Pass Sentence Until August 1st.—Guilty Ones Appeared Before Him This Morning—Hamilton's Record the Worst—Recently Served Six Years in Penitentiary.

At eleven o'clock this morning, Harry Hamilton, Jos. Adams and Jas. Graney, who yesterday were convicted of picking pockets on circus day, appeared before His Honor Judge Weller. Mr. G. N. Gordon was present on behalf of the three. It was His Honor's intention to pass sentence on the prisoners to-day but as Mr. O'Connell, their chief counsel, was unable to be present and had requested the Judge to defer sentence, he had decided to postpone the day of sentence until Saturday, August 1st, at 11 o'clock in the morning. Then, His Honor said, Mr. O'Connell would have the privilege to address him on the question of sentence.

There was a large crowd present expecting to hear the sentence but they went away disappointed.

The records of the three prisoners are as follows:

HENRY R. HAMILTON.

As Henry F. Carter, he was sentenced, at Brockville, Ont., Sept. 19th, 1900, by Chief Justice Falconbridge, to six years in Kingston penitentiary, for bringing stolen goods into Canada.

As Harry Willard he was arrested on suspicion at Philadelphia on 8th April, 1899.

He was arrested at Sherbrooke, P.Q. and sentenced to six years and also at Weatherfield, Conn., one to 3 1-2 years.

As Harry Willard, July 7th, 1907, he was arrested. Kept five days and ordered to leave the city.

As Harry Sullivan, Northern Indiana State Prison, he was discharged 3rd January, 1893.

As Harry Hammond at Detroit, on the second October, 98, he was given suspended sentence.

As Harry Sullivan, at Buffalo, October, 1898, for shop breaking and theft, he was sentenced to six months in the penitentiary.

On April 12th, 1899, he was arrested as a professional thief. Bail of $1,000 was granted.

JOS. ADAMS.

On March 13th, 1902, he was arrested in the act of stealing a watch from the pocket of Sol Wolff. He was discharged on the 17th of March. He was re-arrested as a fugitive from justice, wanted in Chicago.

On May 12th he was convicted at Chicago of burglary and given ninety days in jail.

As Arthur Jones, he was arrested at Cleveland for picking pockets. No record of disposition of this charge.

As Arthur Williams, alias John Hayes, he was arrested at Buffalo for picking pockets and ordered out of the city.

He is now wanted in Chicago for the theft of a gold watch.

On May 21st he was arrested at Chicago for theft and allowed out on his own recognizance.

On April 4th, 1907, he was arrested in New York city for disorderly conduct and sent to the city reformatory.

On May 13th, 1908 he was arrested as Arthur Stanley and fined $10.

On December 10th, 1904, he was arrested as Arthur Jones at Cleveland for picking pockets. Fined $10.00, and thirty days.

JAS. GRANEY.

On July 11th, 1906, at Boston, Mass., he was sentenced to three months for grand larceny. He stole a purse containing $35.00.

PHOTOS OF PETERBORO BABIES PUBLISHED IN BUFFALO COURIER

Photos of Children Requested by Buffalo Courier for Reproduction—Local Correspondent Appointed.

Mr. J. H. VanDewater, circulation manager of the Buffalo Courier, was in the city to-day. While a large number of copies of the Sunday editions are sold on the streets of this city on Saturday by the loud-voiced newsboys, an endeavor is being made to increase that number of nearly five hundred to a thousand within the next few weeks. The Courier intends to publish a series of photographs of Canadian children of the age between one and fifteen years and they will be pleased to receive these photos from anyone in the city who have them.

Mr. G. J. Murphy, 206 Charlotte st., has been appointed their agent here and he will receive the photos and forward them to the Courier. The reproductions will be well made and will appear in the half-tone section of the Courier each week.

Special attention will be paid to Canadian news and a local correspondent has been appointed. Of the many American papers that are offered for sale on our streets and in the bookstores the Courier is, without doubt the most popular, and there are many homes in the city where the paper is read with interest each week.

PRISONER KEPT PEOPLE AWAKE BY HIS SCREAMING

There was a big docket at the police court this morning and a number of fines were paid into the city coffers.

Larry Twoomey, of Emily, came to the city yesterday, got intoxicated, and while returning home last evening was taken in charge by P. C. Newball. He was driving, or rather attempting to drive, along Aylmer street, near Brock street, when arrested. He was lying in the bottom of the waggon, dead to the world. Had he not been taken in custody something surely would have happened to him.

After being placed in the cells he kept the neighbors awake by his awful yells.

"Well, I was freezing," said he this morning in court. "I wanted more clothes."

"It is called the cooler, you know," said His Worship.

The Magistrate imposed a fine of one dollar and costs, amounting to $5.00.

TWO VAGS ARRESTED.

Walter Glass was charged with being a vagrant. He arrived, he said, from Trenton yesterday. He pleaded not guilty.

"Have you any money," asked His Worship. "As long as you have you can stay here."

"I can get out of town in an hour," said the prisoner, whereupon the Magistrate allowed him to go.

Elis Langford, another vag, was allowed to go on his promise to leave the city.

FOR THROWING STONES.

Three young lads pleaded not guilty to throwing stones at Mr. L. W. Jeffries on Tuesday evening last. The charge was not sustained, it being proved that it must have been three other youths, as these ones were not there. His Worship dismissed the boys.

WILL TAKE TRIP TO LAKE SIMCOE

"Rob Roy" to Start on a Long Cruise in the Near Future

Mr. R. M. Roy intends taking a rather long cruise in the "Rob Roy" in the near future. Leaving Peterborough he will proceed by way of the canal and lakes to Lake Simcoe and will call at several points on that body of water. The trip, of course, will include going over the lift lock at Kirkfield. A party of friends will accompany Mr. Roy on the trip, which will last about three days.

The "Roy Roy" has been thoroughly overhauled and is running better than ever this year.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr Harvey, of the Collegiate Institute staff, is in the city.

Mr. Jas. Mercier went up the lakes yesterday to spend a few days.

Mrs. G. Learmouth spent last week with Mrs. G. Bishop, at her cottage, Stony Lake.

Miss Rosie Dawson left yesterday morning for Cobourg, where she will spend her two weeks' vacation.

Mrs. Frank Hughes, of Youngstown, Ohio, is the guest of her parents, Mr. and Mrs. Geo. Fitzgerald, Sheridan street.

Miss Oalen O'Connor, of Ennismore who was taken ill, was brought to the city yesterday morning in Comstock's private ambulance.

Mr and Mrs. Ben Stacey of Lorneville, passed through town last night on their way to Peterborough to attend the funeral of Mrs. W. J. Stacey.—Lindsay Post.

CITY NEWS NOTES

COMMITTEE MEETING.

There will be a meeting of the Fire, Water and Light Committee tomorrow night.

SPECIAL.

There are eight new bicycles to be sold at away down price, before Aug. 1st, at the J. M. Greene Music Co., Grand Opera House Building.

C.O.C.F.

The regular meeting of the Canadian Order of Chosen Friends will be held in the SOE. hall at eight o'clock Friday evening.

'PRENTICE BOYS.

The regular meeting of Jubilee Lodge No 7, Prentice Boys will be held tomorrow night in the Orange Hall.

COLLECTING MONEY.

A colored gentleman has been in the city during the past few days, collecting money to aid the negro churches in Ontario. He has met with considerable success.

PASSED EXAMINATIONS.

At the recent pianoforte examinations held in connection with the Toronto Conservatory and College of Music, Miss Mary Doris was successful in passing her first year (Conservatory) and Miss Grace Naylor her first year (College). Both are pupils of Miss Addie Doris.

EXCITING RUNAWAY.

Last evening as Mr. Wm. White of Nassau, was nearing the corner of Sherbrooke and Aylmer streets his horse, a young and spirited animal, took fright at the street cars, running away and doing considerable damage. By a sudden turn the buggy was upset and Mr. White, who had been unable to extricate himself, in time, was caught beneath the cover. Frotunately by another twist the buggy turned rightside up, leaving Mr White on the road unconscious, where he was found by witnesses of the accident. Meanwhile the horse ran on until it reached Mr. Ackerman's yard, where it was captured. Mr. White recovered from his severe shaking up and was able to return home a few hours later. The horse was little the worse of its escapade.

The best tea can be utterly spoiled by exposure to contaminating influences, as bulk teas so often are. The sealed lead packets of the "Salada" Tea Company give you tea fresh and fragrant from the gardens to the teacup.

EXCURSION TO HASTINGS
The steamer Otonabee will make a special trip to Hastings, calling at Idyl Wyld. Friday, 24th July, leaving Wolfe-st. wharf at 7.30 a.m sharp, and street railway wharf at 8 a.m., returning at 7.30 p.m. This will be one of the best trips of the season Return tickets 75c, children 40c. 2d

PRODUCTIVE WHEAT IS THIS

Splendid Results Attained by an American Farmer

Every one who knows anything about farming or gardening, even in the remotest degree, and many others besides, know about Luther Burbank the wonderful manipulator of nature's products, and the great things he has done to create new varieties in fruits and flowers. Yet, when it comes to actual value to the country and world at large, the most wonderful thing ever accomplished has been by Abraham Adams of Juliatta, Idaho, who has performed almost a miracle with wheat, and made it possible to increase the wheat crop of every individual who raises that cereal ten fold.

While it has not been generally known, many governments through their scientific men, have been striving for many years to avert a world famine. How soon will the world starve to death, asks Sir William Crookes who shows by statistics that the average yield per acre of wheat for the world is only 12.7 bushels. Yet after years of skillful trial the government stations have been able to perfect wheat bearing only a trifle, and they are now aghast at the result of experiments by this Idaho farmer, who has been able by mathematical figuring on individual stands of wheat as perfected by him, to show an increase of 278 fold.

It will be hard for old wheat raisers to believe this wonderful story, but proof has been made by surveys of the land, on which wheat was planted and accurate affidavits of wheat threshed. Here is what is coming to the wheat business, a marvellous thing but actually true.

Mr. Adams in 1904 succeeded in getting one single head of wheat, that satisfied him of a discovery. This one head of wheat he planted in the fall of that year, and in the following summer, procured seven pounds of the wheat. This seven pound he planted in the spring of 1906 and he secured from the seven pounds, 1548 pounds. Here was a startling yield at the ratio of 222 bushels to the acre. This seed was planted in the fall for winter wheat, but bad weather and hail during the summer, destroyed all the fields of ordinary wheat so they were not fit to harvest. Yet the new wheat left standing threshed out 53,000 pounds.

From these statements it is easy to figure what this wonderful wheat is. Because it is impervious to frost and also to light hail, and because it partially withstands the heaviest hail, Mr. Adams named his wheat the Alaska, to mark its wonderful sturdiness. But the wonderful things were yet to come. On a government station test, it was found that this wonderful wheat was hard wheat. It is therefore, a wheat that succeeds equally well as winter or spring wheat, and in both plantings will grade No. 1 hard.

This means an absolute revolution in wheat raising. It means that the countless acres of California, where only soft wheat is grown, can now raise hard wheat. It means that in all the vast winter wheat region, which is greater than the spring wheat territory, growers can now compete with the northern countries in growing hard wheat. It means that an average crop for the farmer will not be twenty bushels to the acre, but two hundred. It means that the worn-out farms of the east with such a yield can afford to have farmers manure their lands for wheat crops because of the enormous return. It means that in time, when the seed can be distributed everywhere, the wheat crop of the world will be multiplied many times. It means that this year, if Alaska wheat could have been planted instead of an estimated American crop, of 500,000,000 bushels, America would raise for the world close on to five billion bushels. When this is realized, the wealth that Alaska has given in gold, pales into insignificance by the side of what the farmer will be able to lay up in wealth for the country.

Mr. Adams' wheat has been raised on dry land, under slight moisture, showing that this Alaska wheat is suited to thrive in drouth. In southern countries a test has shown larger results. Planted in Alabama, its leaves have attained a width of 7-8 of an inch. A head planted in that state showed greater results than that from the original head in Idaho.

Truly, the man who can have a field of Alaska wheat next year, no matter how small, will be more envied than the man with an automobile.

Hon. Wm. Paterson is resting at Picton.

The Saskatchewan Provincial Exhibition was opened yesterday at Regina.

YOUNG RUSSIAN OFFICER PASSES THROUGH THE CITY

There passed through Peterborough on the C.P.R. yesterday a gentleman who attracted considerable attention as he strode up and down the station platform with his swinging military stride.

He was Cyril Korostowetz, a youth of 22, and a typical Russian, standing six feet in his uniform of captain. The young officer is a nephew of Korostowetz who signed the treaty of peace with Japan as a colleague of Count de Witte. He is engaged in a study of methods of naval construction and after a visit to the Brooklyn and Philadelphia navy yards he thought it worth his while to see Montreal, Ottawa, the government yards at Sorel, as well as the ports of Toronto and Collingwood. After seeing the ports of the Pacific Coast he will proceed through Japan and China to Odessa, where he is to report. Although his lips are sealed by official restrictions, Mr. Korostowetz admits that he has gathered important information with a view to the rebuilding of the Russian navy. "My country cannot be a great power without a navy," he said to a gentleman who talked with him on the train, and who was the Review's informant, "and we will spend our last cent to restore our maritime power as fast as it is mechanically possible."

Procession of the Society of Catholic Young French Canadians, at Quebec, in honor of Champlain

Hon. R. W. Scott, for the first time in many years, has left his Ottawa office and is in Quebec.

Graeco-Roman. lightweight wrestling, round 2, Persson, Sweden, defeated Blount, England; Orloff, Russia, defeated Lund, Sweden.

HOW BOBBY KERR'S QUICK START SAVED HIS LIFE

Canadians little know how near they were to losing Bobbie Kerr, the famous little sprinter, who now holds the limelight in England. It was last fall, while the Toronto baseball team were on their way to Columbus. Bobbie met to train at Hamilton, and was busy talking to several of the party in the coach, when the train commenced to pull out. Bobbie jumped off, but there were two tracks between the ball team's train and the platform. Another train was on the first track, and on Kerr alighting he walked behind the coach onto the track nearest the platform, just as a yard engine came thundering down, and here Bobbie's quick start saved his life just by an eyelash.

PETERBOROUGS, ATHLETICS AND COBOURG IN LEAGUE

Contrary to expectations the Midland league is not going to the wall Cobourg, the Peterboroughs and the Athletics have decided to stick together and the league will finish the schedule without Port Hope.

A meeting of the league was held at Cobourg yesterday when Mr. A. Jex, the president, presided. "Ife" Walters represented Port Hope, Carney Burns, the Peterboroughs, Martin Connors the Athletics. Cobourg was also represented by Secretary Lockington.

The question of whether the Peterboroughs should get Port Hope's deposit of $50 as the result of the Port Hope team defaulting last Saturday's game here. The league ruled that Port Hope could keep their greenbacks, although the decision looks kind of funny.

Cobourg will be here to play the Athletics on Saturday.

BASEBALL ON SATURDAY COBOURG MEETS ATHLETICS

Cobourg Midland League team of homebrews will be here on Saturday to meet the Athletics in a league game at Riverside park. The team from the horse show town is said to be playing faster ball than when imported talent was used, as the homeaters taken on are anxious to win their spurs and are playing great ball. They beat the locals in Cobourg last Saturday, 4-2, and are coming up determined to repeat the trick. They will have a hard time, however, as the Athletics are anxious for revenge and intend making a great effort to win by a sustantial margin. MacKinnon and Floyd will be in the points for the visitors, while Quinlan and Rattray will be in the service for the home team. It will be an interesting game and should be well attended.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

SPORTING COMMENT

The British athletes are winning most of the prizes at the Olympic games in London and accordingly the "Americans" protest that they are not being given a fair chance. For example, the Ogdensburg Journal utters a pitiful editorial wail under the heading "Poor Sportsmanship" in the course of which it says:

"The English are poor sportsmen. They hate to lose, that's the trouble."

This is really amusing, considering the fact that the British—or the 'English," as the United States provincialists express it—set the standard for clean and honest sport an fair fighting the world over be it in games or war. There is no race which takes a licking as well or which more frankly acknowledges the prowess of an opponent than the British. "Play the game' is an essential of the British sporting creed. but the United States creed appears to be, "Win, honestly if you can.—but win.' The United States has earned for itself an unenviable reputation for trickery in sport—and diplomacy — which ought to make it the last to squeal over defeat. The yachting races for the "America" cup are a shining example of this. The conditions for the race are so one-sided that a transatlantic opponent has no chance to win. Even The Rudder, the leading yachting journal of the States felt constrained to protest against the unfair terms laid down by those who controlled the contest in New York. But braggarts are invariably poor losers.— Brockville Times.

It's one safe bet that the Minto Cup don't travel West. The Irish will have a safe margin on the next game.

Just what will happen in Peterborough if Fred Simpson wins is hard to say. But even if he only finishes in the front ranks he will be doing credit to the old town. The Olympic Maraton of 1908 is no ordinary event.

A gentleman who formerly lived in England and takes a keen interest in sporting affairs across the water, stated last night that Duncan would win the Marathon to-morrow. But Tommy Longboat and Fred Simpson will have something to say about that.

The Peterborough lacrosse team is playing in Lindsay to-day. It will be like old times. The Petes should pull out a victory.

The Athletics and Cobourg will make a fine game here on Saturday Both teams are playing fast ball and a big crowd should see the contest.

Longboat's remark "I guess I'll win' was what might be expected from the stoical Indian They say that when the Mayor of Toronto told Tom he was proud of him after the Indian's great victory at Boston, the Onondaga simply said, "is that so."

It appears that Bobby Kerr ran the final in the 100 metres shortly after he won in the semi-finals in the 200 metres. That hardly looks like a fair deal. One heat in a sprint in a day is enough for a runner's nerves.

LONGBOAT IN GREAT SHAPE

Finished His Training with Three Mile Run---Lawson and Simpson Are Good Ones

Lou Marsh cables to the Star, Toronto, as follows:

London, July 22. — Tom Longboat arrived to-day from Ireland. He is in grand shape. His injury is trivial, and he looks fit to run the race of his life on Friday.

Longboat finished his training today with a 3-mile run.

The other Canadian Marathoners did five miles. Simpson and Lawson are still the pick of the bunch.

Tait and Goulding will both run a good race.

Cotter is in grand condition.

LACROSSE TEAM WENT TO LINDSAY

Good Crowd Accompanied the Boys Who Were Hopeful of Victory

A large crowd accompanied the Peterborough lacrosse team to Lindsay this morning. The special train pulled out shortly before two o'clock and was well loaded. A strong team was taken along and the boys were hopeful of victory.

ALL'S READY FOR THE RACE

Between Seventy and Eighty Men Will Start in Marathon-Athletes Finish Their Training

Special to The Review per G. N. W.

London, July 23 — Between 70 and 80 athletes representing seventeen countries are getting the last touches of their training for the great Marathon race, the feature of the Olympiad, which will start to-morrow from the private grounds of King Edward at Windsor Castle. The course has been most carefully selected with a view to getting a stretch of country, as nearly as possible like the twenty-six miles between Marathon and Athens over which the famous Herald ran 2,000 years ago. The real struggle is expected to be between the United Kingdom, Canada and the United States, South Africa and Sweden, but is believed in the end the United Kingdom or Canada will provide the champion.

The chief hope of Canada is Tom Longboat, the Indian There is still some doubt whether he will be allowed to run, owing to charges of professionalism preferred against him, but it is considered probable he will face the starter.

THE MARATHON

FRED SIMPSON

One of the Favorites in the Great Marathon Race To-morrow.

BOBBY KERR'S GOOD RECORD

Has Been Running Several Years —Is An Irish Canadian

Hamilton Herald.—Robert Kerr is an Irish-Canadian, and has spent almost all his days in Hamilton. His father is George Kerr, who for the past eighteen years has been in the city's service as Board of Works foreman for No Seven Ward, and who is a fine, brawny specimen of an Irishman. Bobby was educated here, is in the early 20's in age, and occupies a position of responsibility in the employment department of the International Harvester Company, with which he has been almost ever since it established its Canadian branch here. He has been running several years, first coming into prominence as the crack sprinter of the Harvester Company's fire brigade. He is a fine type of young man, clean in life and character, well educated, intelligent and trustworthy. He is a member of the First Methodist church, where he is to be seen at every service when in the city, and of which church his father is a leader and member of the quarterly board. Bobby is the sort who, win or lose, will be a credit to himself and his city, and who will leave any sport better for having been in it.

THE MARATHON

The great Marathon race at the Olympic games will be run to-morrow. It will start at 12.30 (English time), which means 7.30 a.m., Canadian time The result should be known in Peterboro three hours later provided the race starts sharp on time. The Review has made special arrangements to get the result quickly and invites its readers to telephone 189 to get the news. The result will also be bulletined.

Longboat and Simpson are the favorites on this side of the water although in England, Duncan, an English runner, is considered good enough to win. Fred Simpson, Peterborough's representative, can be depended upon to make a showing to-morrow, of which his admirers need not be ashamed.

KERR GETS THIRD.

Unknown South African Boy Beats Him at 100 Metres.

London, July 23.—The Olympian athletes met a dark horse yesterday in the person of the South African youth R. E. Walker. Walker broke the tape in which is considered the most important event in the Olympic games, the 100 metres dash, a short two feet in front of J. A. Rector, the University of Virginia crack. The Canadian, Kerr, was a few inches behind the Virginian in third place, according to the decision of the judges.

The Daily Telegraph, however, referring to the 100 metres final, says that Kerr was undoubtedly second, in view of experts in excellent position to judge. While three judges declared so, the fourth disagreeing, the referee gave the position to Rector.

A world's record, by C. J. Bacon of the Irish-American Athletic Club, in the 400 metres hurdling, which he won in 55 seconds; an Olympic record of 24 feet 6 1-2 inches, by F. C. Irons of Chicago Athletic Association, in the running broad jump, and the victory of C. S. Dole of Yale in the featherweight wrestling, out of seven finals, was the day's performance of the United States competitors.

Great Britain came second among the countries, with S. V. Bacon winning the middleweight wrestling and the English team defeating the Belgians in the waterpolo. Saaral conquered all-comers in the Graeco-Roman wrestling bouts.

Walker, the South African sprinter, got a great ovation. When he won his race 40,000 people rose with a great cheer and filled the air with hats. The boy who yesterday morning was unknown, but whose name fills London to-day, was lifted on the shoulders of enthusiastic friends.

It would be hard to imagine a finer spectacle than the Stadium presented yesterday. Queen Alexandra and other members of the royal family were present and congratulated the African runner on his victory. The stands contained 40,000 persons, of whom at least one-half were women.

Longboat is eloquent over the Marathon course. If it is a fine day, he says he will beat all records. He cultivated a new stride, keeping his hands close down by his side. He glides over the ground, raising his feet inches only.

In the 200 semi-finals yesterday, Bobby Kerr, the Canadian, won by a foot in 22 2-5 secs. Hamilton, the American, coming fast, almost caught him at the tape.

Others in the finals are: Cartmell, American; Cloughen, American; Hawkins, Englishman. Each took 22 3-5.

A CITY WHERE GOVERNMENT BY COMMISSION PREVAILS

Visitor From Houston, Texas, Gives Some Interesting Information About Municipal Matters There

Messrs. Rick and Waddell, of Houston, Texas are the guests of Mr Hugh Waddell of this city. Mr. Rick is a staunch Democrat and looks for the election of Mr. Bryan. In speaking of that part of the State of Texas, in which he lives, he remarked that negroes were a necessity as they alone could do the outdoor work. It was impossible for any other nationality to stand the sun. The pure negro is docile and easily managed besides being a good worker. He earns the same wages as a white man. It is the half-breed who does the mischief of which northeners hear so much. Mr. Rick described the mode of governing the City of Houston, where he lives and carries on an extensive furnishing business. Formerly the city was $400,000 in debt, on current account. Its affairs were badly managed. Continual wrangling characterized the meetings of the council. Four years ago the citizens determined to inaugurate government by commission with the result that the city is now $250,000 to the good on current account, no debt has been incurred and the utmost satisfaction prevails. Every two years an election is held. Four commissioners are elected, one of whom is called the Mayor. The Mayor has a good deal of power. The Mayor's salary is $5,000 per annum and each of the others $3,000. One commissioner manages the police and fire department, another the waterworks, another streets and bridges and city property. They have regular office hours and give all their time to the city's business. The rate of taxation is now 18 1-2 mills on a fair assessment. A few years ago it was much higher. There is now absolute efficiency, no graft and general satisfaction. All appointments are in the hands of the board. Accounts are investigated and checked by a public auditor.

Houston has a population of 75,000

MONTREAL BOOK AGENT WHO SHOT POLICEMAN WANTS $5000

A Montreal despatch says;—Little has been heard lately from John Dillon, the book agent, who is now confined in jail awaiting trial on the charge of shooting and killing Constable Shea in a Mance street boarding house. Now, however, the accused promises to come before public attention without waiting for his regular trial before the Court of King's Bench in September.

This forenoon he is going to have his counsel, Mr. A. Papineau Mathieu, enter an action for $5000 damages in the Superior Court against the proprietor of a St. Lawrence street haberdashery store for having exhibited in the store window a picture of himself (Dillon) standing between a detective and a constable.

The news of this exhibition reached Dillon in jail and he was indignant. He resented any storekeeper attracting business in such a way, especially before he (Dillon) had come up for trial.

Dillon bases his action on the grounds that he is a humble petitioner presently detained in the common jail, to which he pleaded not guilty, and on which he is awaiting trial.

He claims that during the month of May, 1908 the proprietor of the furnishing store in question up to the 25th of that month, had exhibited in one of his store windows a picture representing Dillon in company with on of the detectives, Detective McCall, and two members of the police force in uniform.

He further sets forth that the proprietor added Dillon's name and those of the detective and policeman in conspicuous hand-writing, and that to further attract public attention and increase his trade he had written on the top of the picture the following words;—"Dillon is death to policemen and we are death to high prices."

The public congregated in large numbers before the windows of the store, he says, to see his picture and the words in hand-writing and that this tended to prejudice the public against himself and would render it difficult to secure an unbiased jury at his trial.

Dillon's petition will be filed in court this morning.

Dillon is said to be enjoying good health in jail, the bullet wound in his arm having fully recovered. Sometimes he is despondent, but in general he is hopeful that he will be liberated on charge of murder.

HEAD OF 'LUNGE CAUGHT BY MR. DORIS 11 INS. IN LENGTH

It certainly was a monstrous fish that Mr. John Doris landed on Monday while out fishing on the Otonabee river. Mr. Doris, with Messrs. J. J. Howden, D. G. Cameron, Chas. James, P. C. Adams and M. Tooley, have been spending a few days' fishing at Campbelltown. When weighed by Mr. J. J. Howden it tipped the scales at 36 pounds. A larger one has never been caught around these parts for some time. The head is on exhibition at Mr. M. Tooley's, the Queen's Hotel. When separated from the rest of the fish, the head measured fully eleven inches. The width of the mouth was eight inches. Several persons viewed it last night, and all claimed it to be the largest they had ever seen. Mr. Tooley intends to have it mounted.

The party have enjoyed excellent luck, having caught several 'lunge and a number of bass. Messrs. Tooley and Adams returned last evening, but the other are remaining for a few days longer.

400 MILE TRIP ALONE FOR MAN NINETY-NINE YEARS OLD

Mr. Joseph Mantell, grandfather of Mrs. J. C. Edwards, 496 Charlotte St., left this morning on the 7.10 Grand Trunk train for Toronto and points west. He is ninety-nine years of age and travelled alone. He expects to cover 400 miles while away, a remarkable feat for one of his age to accomplish alone. Mr. Mantell will attend the Old Boys' Re-union in London, a celebration which he never misses. He lived in London when it was a mere village composed of one store and a few houses.

Mr. Mantell is hale and hearty and has the use of all his faculties.

LIVELY TWEED

Things are bound to be on the move in Tweed. New houses are going up and more are in contemplation. A very large amount of paint has been used in town this season. Our business men have been toning up their stores, offices and dwellings. Considerable property has changed hands, one of the most recent sales noted being the blacksmith property of Mr. N. J. McNair to Mr. Jay Farrar.—Tweed News.

SPORTING

THE REGATTA AT STURGEON POINT

Good Programme Has Been Prepared—A List of the Events—Committee in Charge

The following is the programme for the Sturgeon Point regatta, which will be held on Thursday, August 6th:

Sailing race for Sturgeon Lake Championship flag.
Gasoline Power Boats, open, 3 miles.
Dinghy Race, 6 miles.
Swimming Race, 16 years and under.
Canoe Paddling, girls' tandem, 18 and under.
Canoe Paddling, boys' tandem, 18 and under.
Canoe paddling, ladies' singles.
Upset Race.
Swimming Race,
Gasoline Launch Race, 6 h.p., and over 3 h.p.
Gunwale Race.
Gasoline Launch Race, 3 h.p., and under.
Canoe paddling, mixed tandem.
Crab Race.
Canoe Paddling, open, tandem.
Open Launch Race, 3 miles.
Canoe paddling, 4 in canoe.
Tug of War, 4 in canoe.
Tilting Tournament.

The races will commence sharp at 1.30 p.m. There will be at least three contestants for each event.

A detailed programme with prize list will be issued later.

The committee in charge is composed of the following:

Messrs. J. D. Flavelle, J. C. Grace, A. O. Hogg, G. A. Hopkins, R. A. Millar, Joseph Brown, W. H. Simpson, J. M. Knowlson, F. H. Clary, F. E. Doggit, W. Lloyd Wood, jr., Bruce Wilson, Blake Carruthers, Carlton Warner, A. B. McIntyre, Chairman of Committee; F. H. Hopkins, president, and J. E. Anderson, Sec.-Treas.

SHOOTING FOR KING'S PRIZE

Bisley Camp, England, July 22.—At the 500 yards' range in the first stage of the King's prize, the Canadians scores yesterday as follows: Brown 33, Crowe 32, Eastcott 25, Elmitt 32, Freeborn 34, Haystead 34, McInnes 31, Jones 31, Kerr 29, Leash 30, Martin 31, Morris 32, Pope 34, Rowe 33, Smith 32, Spearing 30, Spittal 33, Steele 32, Utton 34, Williams 28, Sclater 31, Mortimer 30, Bayles 34.

A mirage was blamed for the poor scores made.

At the 600 yards' range, the last in the first stage of the King's, the scores were: Elmitt 29, Haystead 27, McInnes 30, Kerr 32, Morris 34, Pope 31, Smith 34, Spittal 34, Steele 33, Utton 32, Williams 30, Bayles 31, Brown 33, Crowe 28, Jones 32, Leash 35, Martin 28, Rowe 27, Spearing 30, Sclater 29, Eastcott 29, Freeborn 30.

Up to the present there are two scores of 103, two of 102, several of 101 and 100, and 96. It is likely they will shoot off. The weather is warm and hazy.

The Canadians yesterday fired in the Duke of Cambridge squadded competition. The distance is 900 yards, ten shots, with service rifle. The scores made were: Leash 44, Crowe 40, Brown 38, Eastcott 37, T. F. Elmitt 34, Haystead 35, McInnes 31, Freeborn 35, Smith 36, Rowe 34, Jones 39, Kerr 30, A. Martin 32, F. H. Morris 39, Spearing 38, Spittal 34, Steele 39, Utton 33, Williams 36, Sclater 37, Mortimer 37, Bayles 30, Pope 27.

Lieut. Love of Hartney, Manitoba, has been shooting in several competitions, and was fairly successful.

A detachment of the 48th Highlanders, Toronto, is expected to arrive at the Maidi Barracks at Aldershot on Sept. 1.

SOME PRINTERS "GET THE HOOK"

Two Members of Review Staff Commence an Onslaught on the Small Fry

"Get the hook," sang out Bob Browne this morning, and one Ross McGuire, took up the refrain. The result was they went fishing. McGuire went out and dug worms with the meekness of an Italian navvy and Browne reiterated that there were bigger fish in the sea than in the brewery creek.

Armed with lathes for fishing poles and hooks of 1836 model, they set out, and at the time of going to press had landed a half a sunfish, one mudcat and a respectable looking clam. They will likely get into an altercation as to how the spoils will be divided.

The man Enright, shot at Montreal by "Crooked Neck" Smith, was known in Hamilton as Michael Malone.

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.
Mrs. Frank Emsley, Lindsay, Ontario, writes to Mrs. Pinkham:
"When I wrote to you some time ago, I was a very sick woman suffering from female troubles. I had inflammation of the feminine organs and could not stand or walk any distance. At last I was confined to my bed and the doctor said I would have to go through an operation, but this I refused to do.
"A friend advised Lydia E. Pinkham's Vegetable Compound. After using three bottles of it, I feel like a new woman.
"I most heartily recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer with female troubles."
FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

THE MARKET.

CATTLE MARKETS.

Cables Steady — Hogs Are 5c. Higher at American Markets.

LONDON, July 22.—London cables for cattle are steady at 11½c to 13½c per pound, dressed weight; refrigerator beef is quoted at 10½c to 10⅝c per pound.

Montreal Live Stock.

MONTREAL, July 22.—(Special.)—About 250 head of cattle, 65 milch cows, 15 calves, 250 sheep and lambs and 160 hogs were offered for sale to-day. The butchers were present in considerable numbers, but it was small stuff they were after, and the cattle were very dull of sale. A few of the best steers, for which 5c per lb. was paid in Toronto, were sold at 5c per lb. here. Most of the sales were made at 3c to 4c per lb., and some of the leaner cows would not bring 3c per pound. Milch cows sold at $25 to $50 each, with a slow demand for them. Calves sold at $3.50 to $12 each, or 3c to 5½c per pound. Sheep sold at 3c to 4c per pound; spring lambs at $4 to $5.75 each. Good lots of fat hogs sold at 7c to 7½c per pound. A number of the hogs died on the cars before reaching the market, owing to the hot weather. A car of hogs brought from Lawrenceville, N.Y., had 13 dead porkers on board, involving a loss of over $200 to the shipper. There were also several dead hogs in the other shipments.

East Buffalo Cattle Market.

EAST BUFFALO, July 22.—Cattle—Receipts, 150 head; dull; prime steers, $6.25 to $6.75.

Veals—Receipts, 125 head; active and 25c higher, $5 to $8.

Hogs—Receipts, 2500 head; slow and steady; heavy and mixed, $6.80 to $7; yorkers, $6.50 to $6.95; pigs, $4.50 to $6.40.

Sheep and Lambs—Receipts, 1800 head; slow; sheep steady; lambs 25c lower; lambs, $5 to $6.50.

New York Live Stock.

NEW YORK, July 22.—Beeves—Receipts, 2049; steers 15c to 25c lower; culls and cows weak to 10c lower; steers, $5.50 to $7.50; oxen and stags, $4 to $5.25; bulls, $3.35 to $3.90; cows, $1.60 to $4.35. No exports.

Calves—Receipts, 2568; veals opened active and firm, closed easier; buttermilks 25c lower; veals, $5.25 to $8.50; culls, $4 to $5; buttermilks, $4.50 to $4.75; dressed calves steady.

Sheep and Lambs—Receipts, 8308; sheep firm; lambs 25c higher; sheep, $3 to $4.50; culls, $2.00; lambs, $5.50 to $8.00; culls, $4.

Hogs—Receipts, 2843; feeling lower; New York State and Pennsylvania hogs, $7 to $7.40 per 100 pounds.

YOU CAN SHAKE HANDS WITH YOURSELF
when you have a good Fire Insurance Policy in one hand. Shake off the lethargy you are in. Be a business man and look after your own interests. The wise would never think of allowing their personal property to be uninsured. If you have been so foolish hitherto, wake up now and get interested for your own interests. We can insure your house and contents for a small premium. You will hardly feel the paying of it yet it affords you a permanent protection against fire. We represent several of the largest fire insurance companies in the world, whose motto is "prompt and liberal settlements."

WATER COMMISSIONERS ARE CONSIDERING IMPROVEMENTS

Building of new Cement Dam is Probable—New Pumps May be Installed.

It is understood that the Peterborough Water Commissioners are considering the advisability of replacing the present waterworks dam with a new cement structure and installing new pumps to replace those now in use. The present dam has done service for many years and is considered none too strong. There was fear that the high water last spring might sweep it away and if the water should be high again next year there is little doubt but that damage would be done.

As to the pumps, the great increase in the amount of water used in the city has made it necessary to increase the present equipment. Duplicate pumps are needed to avoid shutting off the water supply in case of a break down of one pump.

The Commissioners have these matters under consideration at the present time and will likely come to a decision in the near future.

STEAMER WAS DESTROYED BY FIRE ON LAKE SCUGOG

Special to the Review

Lindsay, July 22—Some unknown fishermen and a few campers along the shores of Scugog Lake witnessed Monday evening a tragic occurrence on the placid bosom of that broad sheet of water. It was no less an event than the burning to the water's edge of a steamer on its way down the lake from Port Perry to Lindsay.

The unlucky vessel was the steamer Stranger, owned by Mr. James Carnegie, of Port Perry, the well-known mill owner and was in charge of his son, Jack Carnegie. The boat was on its way to this town with an empty scow to take on a cargo of lumber, lath, shingles, etc., from the Baker Lumber Company.

Just what caused the disaster is not known, but when the steamer was nearing Washburn's Island at about 7 p.m. spectators saw a great sheet of flame burst forth and envelop the craft with wonderful rapidity. The three or four men on board made their way aft to the dinghy which happened to be towing behind and took refuge on the scow, at the same time cutting loose the tow rope in order to guard against a possible collision with the burning craft. Half an hour later the men gained the shore and soon after, the steamer stripped to the water's edge by the devouring element, filled and sank.

Mr. McCormack, C P R agent at Burketon Junction was camping in the vicinity at the time, and witnessed the disaster. He says the spectacle was a weird one and recalled to mind many of the startling ocean disasters of the past. The fire could be seen for miles, and farmers along the lake saw a sight, the like of which they had never before witnessed—the destruction of a steamer while traversing the waters.

DRINK JOHNS' TEA

PASSED THEIR MUSICAL EXAMS.

Pupils of Miss McCabe Made Highly Creditable Showing

The pupils of Miss Margaret McCabe were very successful at the recent examinations in connection with the Toronto College of Music. They took the following standing;—

Second year, intermediate grade.—First class honors Harold Brown.

First year, junior grade.—Honors—Nettie Rutherford. Alice Neil.

Senior rudiments. First class honors—Harold Brown, Hazel Moffat. Honors—George Davidson and Ruby Cunningham.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F. R J. Macpherson's. tf

CANNIBALISM AMONG FROGS

Big Bull Swallowed a Smaller Member of the Family---A Sensational Story

Hearing of the big fish being caught at the mouth of the river, a well-known fisherman determined to out-do all records. But let him tell it himself. "Small fish can't swallow big bait," says I, "so I goes into the swamp where the big bulls are and hung a bit of my old red shirt to the hook. A big bull soon spies it and gets his jaws open when a little green frog lept over the boat and lit right into his jaws. The bull shook his head, gave a gulp, and sank out of sight. Says I this is no place for me and I went home."

LEFT THE CITY FOR TORONTO

Geo. Williams Who Was Acquitted Yesterday Has Left Town

Geo. Williams, the young man who was acquitted yesterday on the charge of picking pockets on circus day, left the city last evening on the 5.45 G.T.R. train for Toronto. He was accompanied by two friends who, it is said, were present throughout the trial. They found him at the station last night and all left for the Queen City.

CRANE DOES GOOD BALANCING FEAT

Party Down River Treated to an Interesting Sight

Apparently a crane takes a delight in doing balancing feats. Ungainly though it may be, the bird is all to the merry when it is perched upon a slender twig a few score feet above the ground. A party of young people had an example of this down the river last night. A crane which had been flying about in the vicinity, settled upon a small limb on the very top of a dead tree that was at least sixty feet high. It had a hard time maintaining its balance, bending backward and forward and flapping its wings to keep its poise. It kept this up for over a minute and at last was able to remain perfectly steady. The crane perched on the extreme top of the slender tree would have made a fine snap shot for a bird lover.

YOUNG MEN HAD TO PAY HEAVY FINES

Went in Swimming Without the Proper Attire --- In Court To-day

For swimming without the proper bathing attire, three young men were each fined two dollars and costs amounting to $4.60 and a fourth one was taxed one dollar and costs amounting to $5.10, at the police court this morning. Three pleaded guilty. Two witnesses were called and testified to the whole four being in swimming in the river near Auburn.

Several complaints have reached the Magistrate regarding this abominable practice, and he stated that it was his intention to put a stop to it.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

NO DETECTIVE APPOINTED

Police Commissioners Take No Action on Petition Sent In—Salaries of Two Constables Increased

A meeting of the Police Commissioners was held last night when several important matters were dealt with.

A petition from a number of citizens asking that a detective be appointed to work in connection with the police department was received and considered. It was decided to take no action on the matter at the present time.

The chief of police, Mr. Rossel, presented a report in connection with the annual convention of the Chief Constables Convention at Quebec. A resolution was passed thanking the chief for his report and congratulating him on his election to the presidency of the Association.

P. C. Newhall was granted two weeks leave of absence.

The salary of P. C. Newhall was increased to $650 per year, and that of P C Meharry to $600, both taking effect on July 6th.

Adjournment then took place.

TO BENEFIT THOSE WHO CANNOT SEE

What Is Being Done at the School for the Blind at Brantford

In making his annual appeal to the readers of Ontario Newspapers for information which will enable him to locate the children and youths of both sexes who are eligible for admission as pupils of the school for the Blind at Brantford, Principal Gardiner asks The Review to call public attention to the need for some institution where the adult blind may be instructed and employed. General experience has demonstrated the inadvisability of combining a workshop for adults with a school for children under one management, yet the blind adults who far outnumber the children of school age, should be no longer neglected. In New York State it has been ascertained by careful inquiry that out of 6,008 blind persons only 584, or 9.72 percent. of the total number are under 21 years of age; 3,193, or 53.14 per cent., are over 60 years of age; while 1,375 or 22.88 per cent., are between the ages of twenty-one and fifty—in the prime of life and capable of being rendered in whole or in part self-supporting. It is probable that the percentages in Ontario are similar to those in New York. Many lose their sight by accident after passing school age, and many who have been blind from birth or childhood need help and direction in order to work profitably. In California, Connecticut, the District of Columbia, Illinois, Indiana, Massachusetts, Michigan New Jersey, New York, Ohio, Pennsylvania, and Wisconsin, workshops or "homes" have been provided, and in Washington, Colorado and other states the matter has been taken up by Women's Clubs and other associations of philanthropic ladies, whose influence upon public opinion and the Legislatures will certainly effect the desired result.

The first necessary step is to get an accurate knowledge of the facts and to this end Mr. Gardiner will gladly receive information relating to blind residents of Ontario of all ages, names and post office addresses. Those under twenty-one years of age not deficient in intellect and free from disease and physical infirmity who are blind, or whose sight is so defective that they are unable to read ordinary type and attend a school for the seeing without serious injury to the sight, should attend the school at Brantford, which is maintained by the Provincial Government for their benefit. A letter or postcard, addressed to the Principal will receive immediate attention.

COBOURG'S BIG HORSE SHOW

Cobourg, July 22—The Cobourg Horse Show Committee have just issued the prize lists for their fourth annual summer horse show, to be held at Donegan park here on August 18, 19 20 and 12. There are many attractive features. One that will come in for keen competition is a prize of $200 offered by the association for a record high jump. Hugh Wilson, Burns and Sheppard, Robert F. Covert, Toronto, are offering valuable cups and special prizes. Other specials which will be keenly competed for are given by Mrs. Dorland Smith. R. Diaz, Albertine; J. R. McColl, MP., Sam Clarke, MPP, Cobourg W E Phenn, Welland, Dr. Dickenson, Port Hope. The 48th Highlanders' Band will be in attendance, as well as the Cobourg Citizens' Band. Polo exhibition, sporting tandems, steeplechases, will be new features. Entries close August 8th. J. D. Hayden is president and John H. Davidson, secretary.

MUSIC HAS CHARMS TO SOOTHE, ETC.

But It Must Be Remembered That Some of Us Are Civilized

The following communication appears in the Montreal Star and will be read with interest by fellow-sufferers in this city;—

"Sir,—Having noticed a letter in your paper complaining of the variety of noises which disturb sleepers in the early morning hours, I wish to draw attention to what some of us residents of the West End suffer in our waking hours, both on week days and Sundays. Our neighbors, for purely selfish reasons, I conclude, play the piano and other instruments, take singing lessons, and exercise their voices from early morning till late at night with open windows. I am a lover of good, and even fair music, but the quality of what we cannot escape from is mostly below the average. In some German cities where good musicians abound the law obliges them to practice with closed windows. The iceman, the milkman, the coal cart and even the barking dog, are all necessities, and have their mission in life, and are inconveniences we must bear with patience. But I fail to see why we should be disturbed all through the summer months by individuals who are singing and playing purely and simply for their own amusement.

A LOVER OF MUSIC.

Experienced farm hands are offered $25 to $40 per month in the west.

William G. Rogers, 75 years old, an old resident of Hungerford township committed suicide.

The Brotherhood of Locomotive Engineers is in session at Ottawa.

NOTICE To Contractors

Tenders will be received by the undersigned endorsed "tender" up to one o'clock p.m. on the 7th day of August next, for the building of abutments for two buildings, namely, North River Bridge, Belmont, and Victoria st. Bridge, Norwood, abutments at North River stone with cement mortar and abutments at Norwood concrete county supplies cement. Lowest or any tender not necessarily accepted.

A market cheque for $250.00 must accompany each tender to be retained until approved securities are given for the completion of the work. Cheques promptly returned when tender is not accepted. Plans, and specifications may be seen at the office of the county engineer or at the county office.

NOTICE

STEEL WORK FOR BRIDGES

Tenders will be received by the undersigned up to one o'clock, p.m., on the 7th day of August next, for the steel superstructure of two bridges namely, North River Bridge, Belmont; and Victoria street Bridge, Norwood. Bridges are 32 feet and 50 feet long, respectively. Lowest or any tender not necessarily accepted. Plans may be obtained from the County Engineer, John E. Belcher, C.E., Peterborough.

ED. M. ELLIOTT,
County Clerk.

BRAVE RESCUER SUCCUMBS J. C. SMITH PERISHED IN WATER

Employee of J. H. Reynolds Construction Camp is Upset in Rapids With Companions—After Saving Both He Loses His Own Life.

McDougall's Chutes, Ont., July 24.—J. C. Smith of Memphis, Tenn., was drowned in the Buck Deer Rapids, about 30 miles north of here, while attempting to run the rapids in a birchbark canoe.

He was employed by the J. H. Reynolds' Construction Co. at the Crusher Camp, where stone is crushed for use at the crossing of the Transcontinental Railway and Abitibi river.

In company with two fellow-laborers, he started down the rapids, but when only about half-way down the swift current caused the canoe to swerve toward a rock which projected above the water. The man in the bow reached out and tried to shove the canoe away, but his action capsized the boat, and threw all three men into the water.

Smith was a good swimmer, and immediately attempted to save his companions, succeeding, after a hard battle, in getting both to shore. His exhaustion and excitement, however, seemed to have turned his head, for he struck out immediately, and tried to swim up stream against the current. He sank from sight almost at once. His body has not been recovered.

GASOLINE LAUNCH AND CANOE IN COLLISION ON OTONABEE

As a result of a gasoline launch without lights at night an accident was narrowly averted on the Otonabee the other evening. A gentleman and his wife were out in a canoe and were run into by a launch that had no lights. The canoeists did not notice the launch approaching in time to get out of the way with the result that the smaller craft was struck and damaged to some extent. Fortunately however, it was not upset and outside of the slight injury to the canoe no damage was done.

The canoeist is very indignant about the matter and intends taking legal proceedings if he ascertains that it is unlawful to run a launch at night without having lights on it

WHEELBARROW FULL OF CASH IS DRINK BUYER'S CHANGE

Denver, July 22.—There have been a good many "iron money" stories circulated in Denver since the convention began, but none quite so strenuous as the story being circulated about "Joe" Cassidy, of Far Rockaway, N. Y. Far Rockaway suggests oysters, but the New Yorkers have not been as "mum as oysters" in spreading the story on Cassidy. It appears in the story as told that Cassiday had been springing $20 and $50 bills on a certain Denver dispenser of liquid refreshments until that gentleman got tired of the game. He went to a good friend of Cassiday and engaged him to set up a job on Cassiday.

This friend persuaded Cassiday, who was more or less nettled at the cool and calm manner with which his financial onslaughts had been met, to put all his money in a $1,000 bill and pass it over the counter. It was made plain to Cassiday what a real joke this would be — on the other fellow. Cassiday bit. Walking into the place, Cassiday bought a round for several friends, and tendered the $1,000 bill in payment.

"Give the gentleman his change," said the barkeeper to the porter. Forthwith the porter rolled out from behind the counter a wheelbarrow containing 999 silver dollars and a quarter. It took Cassiday an hour to compromise the situation and several more rounds besides.

COMMISSION TO BE APPOINTED

To Consider the British Meat Supply—Newspaper Makes a Suggestion.

London, July 24.—A departmental commission will be appointed shortly on the subject of the British meat supply.

The Daily Standard suggests as a solution of the Canadian cattle embargo question that the Canadian Government should breed steers for export here; under supervision, or utilize Newfoundland, Prince Edward Island, or Cape Breton as breeding grounds, strictly protected against all possibility of disease.

The president of the National Federation of Meat Traders declared that the board of agriculture was the only Government department which did not feel the force of the opinion.

On the question of Canadian cattle embargo the federation passed a resolution urging the removal on Premier Asquith.

Fanatics Still Marching.

Winnipeg, July 24.—Sharpe, with his party of fanatical Adamites, is now within 40 miles of the Doukhobor community, and is standing off the police. No concerted attempt to round them up has been made, any approach being met with a determined show of arms. Though near the border of Saskatchewan they cannot now be deported except by the request of the municipality to which they are allotted. The officials do not seem to know what to do, but there is one thing sure, and that is Sharpe will get a cool reception from the Doukhobors.

Murderer Confesses.

Hackensack, N. J., July 24.—August Eberhard, arrested this morning, has confessed that he murdered his aunt, Mrs. Ottillie Eberhard, at Hackensack. Yesterday afternoon he led the police to a place in Little Falls, where he had buried under a tree $2,500 in money which he took from his aunt's body. The money was found where it had been hidden. Eberhard is now in the Hackensack jail.

Murderer Was Lee.

Niagara Falls, N. Y., July 24.—The Niagara Falls, N. Y., police have identified the man that shot and killed Police Patrolman McCormick and maimed Patrolman Magner, as Ed. Lee, the Toronto jail-breaker. It was through the photo that Chief Grasett sent Niagara Falls, Ont., police that he was recognized as the murderer of McCormick, and in their notice of reward of $500 using his photo and name as the man wanted.

LEMIEUX ACT CONDEMNED

By Brotherhood of Locomotive Engineers.

Ottawa, July 24.—At one of the secret sessions of the convention of the Brotherhood of Locomotice Engineers yesterday, the Lemieux Act came in for strong criticism. It was described as futile as a means for settling railway disputes. It was alleged that men who had brought their grievances before the tribunal had been dismissed on the first opportunity.

Every appeal to a conciliation board meant two polls and two polls on the C. P. R. alone cost $5,000.

The meeting closed yesterday afternoon with a big picnic at Rockliffe.

Triple Tragedy In New York.

New York, July 24.—Maddened by jealousy, Julien C. Hanna, a young court stenographer, shot and mortally wounded the girl he loved, then put a bullet into his supposed rival and with two more shots ended his own life.

This triple tragedy occurred on the verandah of the Fort Lowry Hotel, in Bath Beach, at 10.30 o'clock Wednesday night. Scores of guests witnessed the shooting and in the wild panic that followed many women fainted.

Swift Justice.

Quebec, July 24.—Sharp justice was dispensed to two of the pickpockets arrested two days ago after stealing $98 from a man's pocket.

They threw the money away when pursued, but were captured and received five years each yesterday from Judge Chauveau.

The men are Jacob Cohen and Abraham Click of Boston, both with American records.

Lightning Strikes Camp.

Pittsburg, Pa., July 24.—According to a telephone message received here at 12.30 o'clock yesterday morning from a local newspaper man now with the Pennsylvania National Guards at Gettysburg, three members of the guard were killed and twelve are known to be injured as a result of Wednesday night's electrical storm. Governor Stuart's tent was demolished, but the governor was not injured.

Horse Disfigures Child.

Woodstock, July 24.—Little Miss Rogers, who lives with her mother on the farm of E. W. Lick, near Sweaburg, was terribly injured by a horse which she had gone out into the field to see. She began patting the animal when the horse suddenly turned upon her, biting and terribly mangling her face. Her lips and cheek were terribly disfigured.

WHITNEY IS NOW SIR JAMES ONTARIO'S PREMIER KNIGHTED

Sir James Pliny Whitney, Sir Lomer Gonin and Sir J. G. Garneau and Sir John Hanbury Williams Are Made Knights of Victoria Order.

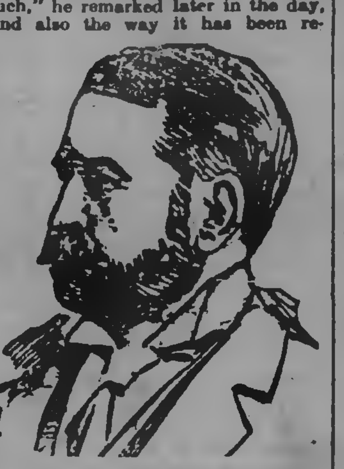
Quebec, July 24.—Samuel de Champlain was specially and socially honored in the ceremonies of the tercentenary celebration yesterday, and Ontario participated in the reception of a knighthood by its Premier, now Sir James Pliny Whitney.

The honor of knight bachelorhood was conferred on the Premier early in the afternoon at the Citadel.

The first public intimation was given to press representatives by Sir James himself at the evening of the ceremonies at the Champlain monument.

"Knighthood," he said, "were conferred on Mayor Garneau, on Premier Gouin and on the Premier of Ontario.

"I appreciate the honor very much," he remarked later in the day, "and also the way it has been received. I am sure the people of Ontario will appreciate it as an honor really meant for the province."



SIR JAMES PLINY WHITNEY.

Col. Hanbury Williams also becomes Sir John Hanbury Williams, receiving the K. C. V. C.

Earl Grey, the Governor-General, received a G. C. V. O.

Sir George Drummond, Byron E. Walker, Adelard Turgeon, Joseph Pope and Col. Otter became Companions of the Victorian Order.

In the city of Quebec, H. J. B. Chouinard gets three more initials in the C. M. Y., and Cols. Sherwood and Roy become M. V. O. Mr. Chouinard is accorded the credit of having first suggested the celebration.

These honors added zest to the brilliant ceremonial at the foot of Champlain's magnificent statue on Dufferin terrace. The grand stands were filled as on last Sunday, but yesterday with a most brilliant company of celebrated and distinguished personages. Almost everyone mentioned so far in connection with the celebration was present. One whole front row on the south wing of the stand was devoted to the naval officers, with admirals, all resplendent in their gilt uniforms, covered as they were with medals, orders and ribbons of honor. The ladies of the company were beautifully dressed and titled dames were more numerous than ever before in a Canadian gathering.

Sir George Garneau, mayor of Quebec, was the first to approach the prince, after the royal group had assembled. He read the address, which was afterwards presented in a jewelled casket. It welcomed the prince to Canada this time in behalf of the French-Canadians of Quebec and the ancient capital. The prince replied in French and then in English.

Earl Grey at His Royal Highness' bidding read the message of King Edward to Canada. It was as follows:

"Please convey to mayor and citizens of Quebec my congratulations and good wishes on the joyous celebration of the three hundredth anniversary of the foundation of their city by Samuel de Champlain.

"I am much gratified to learn of their cordial reception of the Prince of Wales, whom I have sent to represent me on this great occasion.

"I received with pleasure the renewed assurances of loyalty on the part of my Canadian subjects, in whose welfare I am deeply interested and to whom I wish an ever increasing measure of progress and prosperity."

Princess Louise, Premier Asquith, Lord Crewe, Colonial Secretary, Lord Minto also cabled felicitations.

The French representative spoke briefly delivering a cordial message from his Government. He reiterated the recent expressions of good-will between Britain and France and said that his countrymen applaud the union accomplished in Canada between the two races.

The military parade through the streets yesterday morning was a spectacle which lost something in striking effect by reason of the unevenness of the thoroughfares, which compelled the men to march in fours throughout, but nevertheless it was an impressive demonstration of the strength of the army encamped about the ancient capital.

Early in the morning the crash of bands, rub-a-bub of arms and the martial tramp were to be heard as the soldiers of the Levis encampment, who had crossed the river, formed in close order at the landing, marched to join the battalions of the east and west Savard camps on the historic plains, where they were marshaled by Gen. Otter, 12,000 strong.

Yesterday morning the Prince of Wales returned the official calls of Wednesday, and the warships were dressed in their gayest for the occasion. All forenoon the repeated thunders of saluting guns attracted dense and denser throngs to the Dufferin terrace, to watch the little green launch, the Royal Standard at her bows, and attended by a minature flotilla of four launches, as she passed from ship to ship of the visiting navies.

France was first honored, and then the United States. The foreign vessels flew the Union Jack and played the British anthem, while they cheered as lustily as any jack tars of the King.

The display of fireworks on the Levis Heights last night attracted to Dufferin terrace a jostling, elbowing throng, while the slope above was one mass of humanity rising tier after tier.

Private Benoit of the Governor-General's Body Guards, Ottawa, died yesterday of lockjaw, which developed from a cut made by a rusty nail before leaving for Quebec.

The state dinner last night at the citadel was a most brilliant affair. The list of guests included the most eminent and distinguished Canadians, as well as all the notable visitors in the city

Railwaymen May Strike.

Montreal, July 24.—Bell Hardy, chairman of the federated trades in the mechanical and car departments of the C. P. R., says that the men are restless and dissatisfied with the Winnipeg verdict.

But the men are not bound to observe the finding and while he does not say so, leaves it to be understood that they don't propose to do so.

A vote of the whole federation will be taken as to whether they will accept or go on strike. They feel that with the crop about to move they have the C. P. R. at a disadvantage, and therefore a strike would mean a cave-in on the part of the railway.

Galt Out After Weeds.

Galt, July 24.—The police yesterday, acting under peremptory orders of the council, entered on a vigorous enforcement of the bylaw providing for the destruction of weeds in the municipality.

All citizens, whether of high or low degree, who are offenders against the bylaw, have been notified to cut the obnoxious vegetation forthwith or else the work will be done for them by the corporation road gang and charged up against the property.

A good deal of feeling has been aroused by the sudden and determined action taken.

UNIVERSITY FEES TO BE INCREASED

Important Proposal Now Under Consideration by Board of Governors

The Governors of the University of Toronto have under consideration a proposal to increase the fees of students.

The necessity for larger financial equipment is confronting the University authorities. The remarkable increase in attendance has forced a material expansion of the staff and emphasized the necessity for additional buildings and equipment.

The Governors some days ago conferred with the Provincial Government with a view to arranging for increased financial aid, and are preparing, it is understood, co-operation in the matter of increasing fees.

The most material increases will be made in the course of applied science. Here, at the present time the student pays an annual fee of $80, while at McGill the assessment is $175.

In Arts the fee at Toronto is $36 and will likely be increased. The lift, however will not be material, as the aim is to encourage the student to take the Arts course preliminary to entering upon other courses.

As to medicine nothing has yet been determined, but the whole matter is to be taken under advisement and conference held with the medical authorities.

In order not to work undue hardship on the poorer students the increase in fees will probably be accompanied by the creation of a series of valuable scholarships which will give the diligent and able student an opportunity to more than recompense himself for the increased expenses.

Called to Orangeville.

Orangeville, July 24.—The Presbyterian Church here has extended a call to Rev. A. L. Morris to succeed Rev. Mr. Birch, who was appointed traveling secretary for the Montreal Presbyterian College.

Esperanto Congress.

Chatauque, N. Y., July 24.—The Esperanto Association of North America in general conference yesterday unanimously voted to invite the fifth international congress of Esperantists of America.

Grist Mill Burns.

Vanessa, July 24.—Fire consumed the gristing and shingle mill of William Roberts & Son, together with contents. Loss about $1,500; no insurance.

Seaman Killed on Battleship.

Newport, R.I., July 24.—Joseph J. Henry, an ordinary seaman and powder passer on board the new battleship Mississippi, was killed during a gun drill in one of the forward eight-inch turrets yesterday.

His neckerchief caught in the cogs of one of the guns and Henry was drawn into the machinery and his neck was broken.

THE CELEBRATION AT QUEBEC

Arrival of the "Indomitable" with the Prince on board, showing the King's Wharf and the Guard of Honor.

Perjury Charge Against Clergyman.

Halifax, N. S., July 24.—Rev. H. R. Grant, secretary of the Nova Scotia Temperance Alliance, was arrested at Guysboro, N. S., on a warrant charging him with perjury. The charge is laid by a Mulgrove liquor dealer, in whose premises Mr. Grant seized a quantity of liquor. The trial is set for July 28.

Wood Refuses Indemnity.

Ottawa, July 24.—Senator Josiah Wood of Westmoreland, N. B., has again refused to draw his sessional indemnity. For three years he has not taken his check. Senator Wood was bitterly opposed to the increase when it went into effect.

Governor Besieged.

St. Petersburg, July 24.—A special despatch received here from Tabriz, Persia, says fighting was resumed in that city yesterday. The revolutionists captured three lines of trenches and earthworks that had been thrown up around the residence of the governor, who is in virtual captivity.

Fights Racing License.

Welland, July 24.—A local politician, who is not satisfied that Tom Crooks of Hamilton be given the sole rights for selling liquor at the Fort Erie racetrack, has retained a lawyer to quash the license.

THIS EVENING'S BAND CONCERT

57th Regiment Band Will Render Good Programme in Viotcria Park

By permission of Lieut.-Col. Stevenson and officers the band of the 57th Regiment will give the following programme in Victoria park this evening under the direction of Bandmaster Gliddon.

March—71st Regiment.
Overture—Pique Dame.
Concert Mazurka, Amourosa.
Medley of Popular Songs.
Serenade—La Paloma.
Cakewalk.
Narcissus.
Waltzes—Homage to the Ladies.
Plantation Songs.
The Forge in the Forest.
God Save the King.

Mother Mary, for 12 years Superior of the Ursuline Convent at Chatham is dead, aged 67.

The steamer Ionic was damaged at Fort William and will have to go into drydock at Duluth.

Bryan Wants Negro Vote.

Lincoln, Neb., July 27.—The determination of the Democrats to capture the negro vote of the country was further emphasized yesterday when W. J. Bryan told a delegation of negroes from Lincoln that it was the desire that they should get in touch with their brethren everywhere and particularly in Ohio, and agree upon a line of campaign in behalf of the Democratic ticket.

"Peeping Tom" Gets Five Days.

Welland, July 24.—Frank Lowry of Toronto, who went into Sheriff Smith's house and demanded $10 in broad daylight, got a very easy sentence, only 15 days.

He came out on Tuesday and was arrested before evening for crawling on his hands and knees and peeping into windows. The magistrate gave him five days this time.

Kicks Out 'Phones.

New Westminster, B. C., July 24.—Exasperated at the inefficient service given by the British Columbia Telephone Co. to patrons in this city, and to the officials of the civic department in particular, Mayor Keary has ordered every instrument removed from the City Hall within 30 days.

ANSWERED TWO FALSE ALARMS

Fire Brigade Given Two Calls About 12.30 Last Night

The fire brigade shortly after midnight last night, were given two calls, both being sent in at practically the same time. One came in from box [illegible] in Ashburnham, while the other was from box 18 near the C.P.R. station. Both, however, were false alarms, there being no fire in the vicinity of either place.

The brigade went to East City first, making splendid time. When they found out that there was no fire there they immediately turned round and hurried to box 18, only to find that there was no fire at either place. The sending in of the alarms was evidently the work of some smart Aleck.

Premier McBride, of B.C., may enter Federal politics.

Francesco Sabello on his way to France, went crazy near St. Catharines and stabbed himself.

The Maple Leaf Flour Mills of Kenora is reported to have purchased the Wheat City Mills at Brandon.

The Daily Review
FRIDAY, JULY 24, 1908.

SIR JAMES WHITNEY

In a democratic country like Canada titles are largely out of place. Yet so long as they are the prevailing means of indicating general public esteem or royal favor we know of no one upon whose shoulders could fall the blade of Knighthood more worthily than the present Premier of Ontario. We congratulate the premier of Quebec also. It is satisfactory that there has been no attempt to decorate shady reputations. There are some things which cannot be bought and a good record is naturally one of them

IS THIS FAIR?

In a recent issue the Globe said of Mr. Borden's closing of the G.T.P. debate:

"Instead of waiting for the statement of what had been done during the year, and then assuming the ordinary function of critic, Mr. Borden seems to have thought it would be a clever and effective Parliamentary trick to give his own statement of the case and force Mr. Graham to adopt the attitude of an apologist."

This, however, is what Hon. Mr. Graham, the Minister of Railways and Canals, himself, had to say of that same incident:

"I was not blaming my hon. friend or complaining; he did not take the least advantage of me, and I did not mean it in that way."

If that is not descending to the lowest depths of misrepresentation on the Globe's part, what is? When it charges Mr. Borden, therefore with misrepresenting the London Economist, we may well be prepared to look doubtful. As a matter of fact, Mr. Borden did not for one moment attempt to mislead anybody. The Economist is on fyle at the House of Commons and anybody can read it. Mr. Borden stated that the Economist said through its Ottawa correspondent and he also stated that the Economist said without further explanation, which of course, is perfectly true, that a day of reckoning was coming for Canada through the Laurier Government's extravagance. The attempt to besmirch Mr. Borden is puerile. The late provincial elections showed us what the Globe could do during a campaign, but the electorate will not let it off again so easily. It cannot escape the charge of lack of decency in a halo of amiable professions. "Once caught twice shy." The people are getting by this time pretty shy.

AN INDEPENDENT VIEW

The Weekly Sun from which the following is taken, is an independent farmers' journal, which survived the wreck of the Patrons by the political parties and continues to propagate their views.

A SESSION WITHOUT A PRALLEL.

In the session of the Dominion Parliament which came to an end yesterday appropriations were made for the public service to the extent, counting in the vote for seed grain of a little more than the seven one hundred and thirty millions. In addition to this subsidies were devoted to private railway companies for the building of nearly 4000 miles of line. These subsidies at the rate of $3,200 per mile where the cost of construction does not exceed $15,000 per mile, with a graded increase due to a maximum of $6,400 per mile where the cost is in excess of this standard. At the lowest scale the subsidies promised will amount to $12,000,000; they may reach upwards of $30,000,000. Even this does not cover the whole of it. Bonds to be issued for 600 miles of extensions to the Canadian Northern in the Western provinces are to be guaranteed to the extent of $13,000 per mile, while cash subsidies of $[illegible] are voted for bridge building. At the very least, therefore, allowing only $3,000 per mile for the railway subsidized the total cash appropriations voted by Parliament in the sessions just closed aggregate $143,000,000, while the indirect obligations assumed in guarantees of bonds total nearly $8,000,000 more. It is quite possible, probable, indeed, that some of the railways to which subsidies have been voted will not be built, and that consequently the money set aside to aid in building will never be called for. But the amount so saved will in all likelihood be about offset by the subsidy in excess of $3,200 a mile called for. If it is fair to assume, therefore, that of the money voted in the session just closed $140,000,000 will be expended.

$20 PER HEAD.

One hundred and forty million dollars would be an enormous load for Canada, even if it represented the sum total of our public expenditure for a single year. It amounts to $20 per head for a population of 7,000,000 people, and we have not yet reached that figure. In addition to this there are the people being compelled to provide for municipal, provincial and Dominion purposes, nearly $150 per family.

This burden might be borne in patience if some great national emergency exists. Millions upon millions of the appropriations made by the Dominion Government are absolutely indefensible, and some of them represent so much waste. Not one dollar of the twelve or twenty millions voted in subsidies to railways ought to have been granted by Parliament. Wherever population, present or immediately prospective, is sufficient to call for the construction of a line, the revenue in sight is ample justification for building without a subsidy. Where there is no such immediate prospect no company should be allowed to build on any terms. To extend railways in advance of the needs of settlement unduly scatters population and makes it impossible to maintain an efficient educational system and to provide neighborhood advantages generally.

Much of the money voted for public buildings—and this will all be spent with more on top of it, because the first vote for a building seldom does more than buy the site—is absolute waste. As the Sun has pointed out again and again, buildings are being erected in towns in which the gross postal revenue will be insufficient to meet the local charges in the form of maintenance, salaries, etc. For such expenditures there is no possible defence, the one object almost openly avowed, is to buy the support of the towns which are supposedly benefitted out of the general revenue and the greater part of which revenues are contributed by farmers who get no benefit whatever from these town expenditures.

CRIMINAL FOLLY.

The spending of millions on fortifications, guns, reserves of clothing, and in the maintenance of the skeleton of an army of 100,000 men calls for even stronger condemnation, than the sinking of money in useless public buildings. No nation lies near enough to cause us harm with the exception of the United States—a country in which at least one member of almost every family in Canada has found a home. The only possible effect of arming against invaders from that source can be to arouse suspicion and distrust and thus bring about the very conditions our jingoes profess to fear. The greater part of our military expenditure is therefore, not only wasteful but criminal.

A DUMB OPPOSITION.

The most regrettable feature in the situation is that, while the Government of the day is primarily responsible for the conditions which exist, the so-called Opposition has become in many cases a party to the crimes committed against the people. Against the military folly there has been so far as the sun has observed only one voice raised — that of Mr. Broder of Dundas — and this but on one occasion. The appropriation for public buildings in such places as Elora and Fergus called for in the supplementaries, appear to have gone through without a single protest being made; in fact, in some cases Opposition members have called for a more liberal spending of public money in their ridings. It is true some members on the speaker's left, including the leader of the minority, spoke against the railway subsidies, but no attempt was made to divide the House, and a protest that is not followed by a demand for the yeas and nays does not amount to much.

A RECORD WITHOUT PARALLEL

Where there is so much to condemn, it is gratifying to know that there is at least something to commend. Two urgent demands were made during the closing days of the session for additional protection for the manufacturers of pickles and of woollen goods and in both cases the demands were rejected. The pickle manufacturers have a protection of 25 per cent. now; the woollen manufacturers enjoy a protection ranging from 22 1-2 per cent. to nearly 50 per cent. and averaging over 30 per cent. Besides this, they are allowed to import raw material at a very low rate of duty. The duties paid on imported woollens cost the people of this country more than our own woollen manufacturers pay in wages to employees. The added cost of home-made woollens, due to protection increases the burden the burden. In rejecting the demands made by the woollen men and pickle manufacturers the Government did well, but in becoming responsible for appropriations which call for $20 per head from the people of Canada, and with millions upon millions of the total wasted, and worse than wasted, it has made a record without parallel in Canada and we doubt if a parallel can be found in any other country in the world. —Weekly Sun.

EDITORIAL NOTES

That a railway train should be in danger of running away because the regular brakes were broken is something that should be rectified at once. A supplementary brake is evidently badly needed.

The highest valuation placed by the Bureau on all the field crops of the Province up to 1896 was less than $145,000,000. The figures for last year are not yet made up by the Bureau, but the total will probably be a little less than for the year before, the higher price per bushel or per ton not off-setting the decrease in volume of yield. An addition of $100,000,000 to the value of this year's harvest over last would, therefore, mean an increase of about 60 per cent. That is simply preposterous. The increase in 1906, when high water mark in total value was reached, over ten years before, one of the poorest of recent years, was less than 37 per cent.

We are promised a fairly good return this year, but nothing like that counted on by amateur agricultural census enumerators. If farmers do get what these enumerators promise their wives will be able to take in the Quebec celebration in their own automobiles.—Exchange.

Kingston, July 21—Present indications are that there will be no protest of the recent provincial election in Kingston. The Liberal Executive decided upon one, but Mr. Pense the defeated Liberal member has refused to take any part in it. The object of the protest was merely to expose the corruption of the Tory party which is charged with having spent more money in this constituency than was spent in any other in the province in order to defeat Mr. Pense.

The latter has announced his retirement from political life and has no desire to press the protest, even though it would likely result in the unseating of Mr. Nickle. The general impression is that if the protest was entered Mr. Nickle would throw up the seat to save his friends from the court exposure, and run again figuring that in a bye-election no opposition would be offered him. Time for entering the protest expires on Thursday and that day is likely to pass without any proceedings being taken. —Special to the Globe.

Isn't this a bit thick. If everything was to turn out so easy as here stated, why call off the dogs of war?

HAPPENINGS AT CROWE'S LANDING

New Piano Placed on Pavilion—Many Guests at Bellaidere—Inquiries for Cottages

Crowe's Landing, Stony Lake, July 23rd. — The Bellvidere is booming.

Mr. Jno. Hendren has placed a new cabinet grand piano in the pavilion.

Mr. Hamilton, of Toronto, has purchased the cottage of Mr. Young known as the Cumming's cottage.

There are a great many inquiries for islands and cottages to buy or rent.

Mr. and Mrs. Burgess of Toronto, are occupying the cottage recently purchased by Mr. Hamilton.

Mr. A. B. Mitchell and family have arrived and are comfortably settled in their handsome cottage, which has just been overhauled, painted, etc.

Mr. H. G. Buck's cottage looks like new. He has had the carpenters and painters going for the last two weeks.

Mr. J. W. Rork and family are enjoying his neat little cottage and launch.

Rev. W. H. Adams and family are the guests of Mr. J. Davidson, Salmon Island.

The following are registered at Bellvidere;

Mr. and Mrs. Alexandrew, N. Y.; Henry Altman, Buffalo, N.Y.; Mr. and Mrs. S. St.A. Sewell, Toronto; Stephen and Claudia Sewell, Toronto. R.D. Latchford, A.R. Latchford, and A.E. Nelson, of Rochester, N.Y.; J. F. Whitson, Toronto, Mr. and Mrs. T.J. Lavery, Hamilton; Dr. and Mrs. A. C. Burnet, Hamilton; Ed. McLean, Wingham, Huron County.

Rev. W. H. Adams conducted service in the Pavilion last Sunday evening There was a large audience present.

Miss Mary Rork, of Toronto, is visiting at Mr. J. W. Rork's.

Mr. and Miss Eaton, of Toronto, Junction are guests of Mr. and Mrs. Rork.

Miss Perrin, Mrs. J. W. Rork's sister, is here for a few days.

A number of Indian men and women who are camped at Duck Point, are quite an attraction. They are making and selling fancy work, baskets, etc.

Mrs. Taylor, and daughters, of Picton, are the guests of Mr. and Mrs. H. G. Buck.

Mr. Russel Finlay, of Norwood, yesterday morning landed a lunge which weighed 12 pounds 2 oz.

Miss Pearl Kelly is visiting Miss J. Levia McKelvie at Bellvidere.

Our old friend Mr. Chas. Gould paid us a flying visit this week, and stayed over night with his parents at Gould Cottage. Charlie has just arrived from Paris, France. He will be back for a couple of weeks shortly.

Mr. and Mrs. Geo. Burnham and Mr. and Mrs. Reynolds have returned after a pleasant outing of two weeks at Burnham Cottage.

The steamer Chas. A. Street was burned 25 miles above Port Huron.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: *"A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death."* The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."

Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."

Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I find it in use everywhere."

Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."

Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."

Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."

Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."

Dr. J. A. Boarman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."

Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

HEALEY FALLS AN IDEAL PLACE FOR PICNICKING

Havelock Methodist Sunday School Has an Enjoyable Outing There—Work Commenced on Addition to Havelock's Public School.

Special to the Review.

Havelock, July 23—The Methodist and the Presbyterian Sunday Schools held a union picnic at Healey Falls, one of the largest falls in Ontario, outside of Niagara, on Wednesday. The picnickers composed mostly of young people and children, left Havelock at 9 a.m. and drove to Healey Falls, a distance of eight miles. Here on the north side of the bridge is a large level strip of land prettily dotted with shade trees, which makes it an ideal place for picnics. Then to the south of this picturesque picnic grounds can be found the falls and rapids which rushing, jumping and frolicking playfully between the two great pillars of rock on either side fall a distance of 73 feet. Here, as the water takes its last long leap over the slippery rock, is the most beautiful spot on the majestic Trent. Here, the spray and mist glimmers like diamonds in the sunlight and the splash and song of the water after it falls shows up nature in all its beauty. Here the children spent the day, boating, fishing and bathing.

Miss Zeta Herrington by taking the highest number of marks of the R.C. Sunday School pupils at the recent entrance examinations, won the $5.00 in gold donated by Rev. Father Kelly.

The citizens of town took advantage of the half holiday on Wednesday afternoon as large numbers spent the afternoon at Healey Falls, Trent Bridge and several others of the many other summer homes in this vicinity.

At last operations have been commenced on the new addition to the school which has been held off so long. $1000 is the sum to be expended on the addition which will be built on to the south of the present building.

The Board advertised for tenders for the erection of the addition but none of them were accepted for some reason and the Board will be a committee to supervise the erection of the building themselves. Mr. R. J. Graham has been engaged as foreman and work has already been commenced at excavating which was given to Mr. C. W. Coon at $95. It will be 36x86 feet and 4 feet deep. The walls will be built of cement blocks and foundation of concrete and the contract for that will be given to Mr. Wm. Elphick of Hastings.

A large number of the friends of Mr C. Williams who is leaving for the west, having sold his barber shop, gathered at the Armstrong House on Friday night of last week when Mr Williams was presented with a beautiful gold locket and chain. Mr. Jas. Thompson, MPP. read the adress, while the presentation was made by Mr. J. Hastings.

Twenty-four pupils out of thirty-one were successful in passing the recent entrance examinations at Havelock which is a credit both to the town and to the principal, Mr. Geo. Priddle

The Park Board has a balance of $179 on hand from the 1st of July celebration after all expenses have been paid.

Mr. Gillies of Port Hope is spending a few days in town.

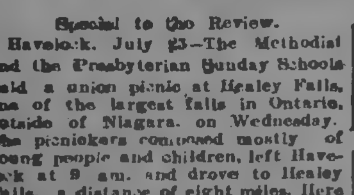
Mr. Richardson of Norwood was in town on Thursday.

Mr. Robt. Craig, formerly of town passed through on Sunday with the London troops en route to Quebec.

The engagement is announced of Miss Isabel Caplan, daughter of Rev. and Mrs. H. Caplan, of St. John's rectory, town, to Mr. H. Crawford, of the Bank of Hamilton, at Alliston.

Mrs. Thos. Smith has returned to Cobalt where Mr. Smith is very seriously ill.

Mr. W. J. Ross of Collingwood, is visiting at his home here



CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

TROUBLE OVER A BOAT HOUSE

Boat House Pushed into River by Constable—Is Now an Obstruction

The boat house trouble at Fenelon Falls is apparently not all over yet. Mr. Glaspell's boathouse which was on the street line and was pushed off into the river by Constable Jones on instructions from the council has not been taken away by the owner and is now obstructing the canal right-of-way. Lockmaster Junkin who is in charge of the canal there, has received instructions to have same removed at once and unless the owner complies with the demand to remove the building, it will no doubt be torn down or blown up.

The suggestion has been made by several citizens of the village that Lockmaster Junkin should order the stop-logs raised and allow the boathouse to float over the slide used by the lumbermen for the passage of the saw-logs. The event might be timed so as to provide an interesting spectacle for excursion parties and visiting tourists.—Lindsay Free Press.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

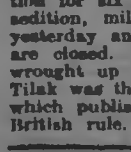
Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Hindus on Strike.

Bombay, July 24.—In order to demonstrate their sympathy for Tilak, the Nationalist leader who was on Wednesday sentenced to transportation for six years on the charge of sedition, mill-hands went on strike yesterday and all the Hindu shops are closed. The native are greatly wrought up and rioting is expected. Tilak was the editor of a newspaper which published virulent attacks on British rule.



Cook's Cotton Root Compound.

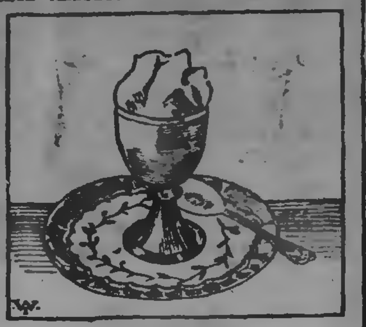
The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

COOLING DESSERTS.

Mousse a Delicious Sweet For Warm Weather Dinners.

The sooner a housewife realizes the fact that it takes no longer to put together and freeze a quart of ice cream or mousse than it does to mix and watch a pudding steaming away over a hot fire and that the result this time of the year is more acceptable and wholesome the use of the ice cream freezer will become an everyday affair.

A mousse is frozen without even being stirred. It is simply whipped cream flavored to taste packed into a mold, then imbedded in ice and salt until thoroughly chilled. It takes a long time to harden—about four hours—but the labor of preparing it is almost nothing. It receives its name from its mossy texture, resembling the fine moss found in dense forest shades. It is appropriate for a dinner dessert or for afternoon or high tea. It must not be stirred or the mossy effect will be destroyed. Serve in dainty little china or glass cups.

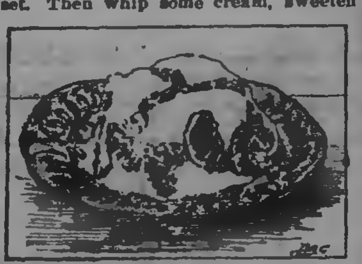


COFFEE JUNKET.

Pineapple Mousse.—Place in a saucepan two cupfuls of grated pineapple, one cupful of sugar and a half cupful of water and simmer five minutes. Add the juice of a half lemon. Take from the fire and cool. Have ready a pint of cream, whipped stiff; add to the pineapple mixture, then pack in a mold and let stand in salt and ice mixture for three or four hours.

Cherry Mousse.—This may be made of the fresh fruit mashed to a pulp or of chopped candied cherries. For the latter cook together until it threads a cupful each of sugar and water. When it reaches the threading stage pour slowly over the whites of three eggs beaten to a stiff froth. When cold fold in a pint of cream whipped stiff, then add the candied cherries, a teaspoonful of almond flavoring and a tablespoonful of sherry. Pack in covered mold, then in ice and salt.

Coffee Junket.—This is a quickly made, delicious sweet. Take a pint of fresh milk. Reserve one gill, which bring to boiling point and pour over a tablespoonful of coarsely ground coffee. Allow this to infuse for ten or fifteen minutes. Strain, sweeten and add to the remainder of the milk. Warm gently to blood heat, taking care that it does not get really hot, or the junket will not set. Remove from the fire, add a teaspoonful of prepared rennet, stir and pour at once into custard glasses or into a dish if preferred. If glasses are used, fill them only two-thirds full. Leave in a warm place till set. Then whip some cream, sweeten and flavor with a little vanilla. Place a spoonful or two on the top of each glass and serve.



ORANGE SPONGE.

Orange Sponge.—Melt an ounce of leaf gelatin in a little boiling water, sweeten the orange juice to taste with lump sugar which has been rubbed on the peel of the oranges and add the melted gelatin. Beat the whites of three eggs till very stiff and gradually beat them in with the orange juice. Beat for about four or five minutes. Oil the inside of a plain mold, line it with sections of the orange and pour the sponge mixture gently in. Keep in a cool place till serving time and then unmold and serve with a custard sauce made from the yolks of the eggs.

SLEEP CHANGED THIS MAN'S MIND

Wanted a Month Last Night to Sober up But Yearned for Freedom in the Morning

At this morning's police court, Chas. Davis, was up, charged with having no visible means of support. Charles came to the police station yesterday afternoon somewhat the worse of liquor, and asked to be given a month to sober up. This morning he had recovered enough to see the error of his ways and he decided that he would spend his holidays otherwise.

City Clerk Armstrong, who occupied the chair in Magistrate Dumble's absence, allowed him to go, on his promise to abstain from the lime-juice for a year.

CRESSMAN'S--THE HOME OF THE LADIES' HOME JOURNAL PATTERNS

WHO CONTROLS THE WHARVES? "NOBODY" IS THE ANSWER

Steamboat Men Can do as They Please as There is no One in Authority—Someone Should be in Charge—A Matter for the Government.

Who controls the wharves of the country, and the Wolfe street wharf in particular?

This is a question which has frequently been asked of late and the answer is about as difficult to give as the solution to the time-honored query "How old is Ann?" If one replied that "nobody," or "everybody" was in control the answer wouldn't be far from the truth.

It is a case of first come, first served among the boatmen at the wharf; the one who gets there first gets the best position and at times it is a hard matter to decide which one is first. There is no agreement among the boatmen as to where they shall anchor and there is no one in control to specify where they shall go. There is the whole trouble.

The wharves throughout the country are built by the Dominion Public Works Department. This branch of the government built the Wolfe street landing place. The Public Works Department keeps the wharves in repair, or is supposed to do so at least, but the Department says nothing or does nothing about the control of a wharf once it is built.

The Wolfe street wharf is the principal wharf at Peterborough. Frequently eight or nine boats are tied up there, passenger boats, tugs, etc. There should be someone to look after a wharf of so much importance. The Government should look into the matter and do something before trouble occurs or some damage results as a result of those in charge of boats being allowed to do as they please.

One would naturally think that the wharfs along the local waters should be regulated from the office of the Trent Canal officials. As it is now, however, the canal officials have no authority to do anything about the wharves.

Somebody should be responsible. Who will it be?

"IDEA OF THE CHOSEN RACE"

Under the above title an editorial, of which the following is a translation appears in the "Nikka Kaion," the local Japanese weekly;

"In ancient times the Jewish people called themselves the chosen people, of God, and were waiting for the advent of Christ. When Jesus did come they believed Him to be the Messiah, and have heightened and confirmed this ancient faith as is seen by the fact that they introduced it into Europe. When the religion was gradually accepted by the people they felt that they themselves were the 'chosen race,' and all those who were not were heathen dogs.

"In modern times there are indications that this foolish idea has been somewhat abated, but still there can be found a great many white people who believe in this idea. Especially is it true among the lower classes of labor and the ignorant ones. They think that the white race is provided by the heavens, to be superior to the yellow race, and the yellow people are rendered inferior also by this decree. People having this unreasonable idea sometimes try to brag of their greatness under the name of the Anglo-Saxon race. We look down contemptuously on men who dare to hold such an ancient view, and who do not understand the real idea of the true civilization.

"It appears that there exists the idea of the chosen race on the immigration question. Leaving on one side at present the question as to whether the Japanese laborers are or are not in excess in British Columbia, or whether British Columbia is really so retrograded in her industries that she is obliged to prevent the incoming of Japanese immigrants who come to the United States and Canada. During the past year the former received 1,500,000 while the latter admitted 250,000 and did not feel any excess or burden at all.

"It is very strange to think that only two or three thousand Japanese caused such a great riot. As a matter of fact, it was not due to the number of Japanese immigrants. There must have been some hidden reason behind this visible phenomenon. This is the logical conclusion. Well, then, what is the real cause of it? We rather think it is caused by the ignorant and mistaken idea of the white race adopted from ancient Israel.

"Do they think that the whole of the North American continent is bestowed by God on the white race, only, and all other races must abide there as strangers and tenants? Do they imagine so illogically that the white race has the right to dictate to the other people—to bid them come to her shore, or to forbid them to land in this country? If this be so, can the fundamental idea of Europe and American nations—can their Christianity—be so narrow and bigoted? We do hope that the dream of ancient Israel may soon be awakened by the white people today and the idea that the brotherhood of man and the true friendship knows no political demarcation, be quickly realized by this people."

We leave this with our readers, merely remarking that if it indicates anything in particular it is that the Oriental question is only in its beginnings and that if it does not shortly cease to be a question at all it is likely to be a very much bigger one a generation hence than most of us have any conception of.—Vancouver World.

FIRE ENGINE TEST SATISFACTORY

Made in Creek at Brock and Aylmer Sts. Last Evening

The fire engine was tested last evening in the creek at Brock and Aylmer streets and resulted in its working splendidly and to the entire satisfaction of all present. His Worship Mayor uRsh and all the members of the Fire, Water and Light Committee were present and expressed themselves as being highly pleased with the result of the test.

CHARGED WITH ROBBING STORE OF ROBT. NEILL

George McDonald Has Been Placed Under Arrest at Brockville —Committed for Trial

Brockville, July 22—In connection with the robbery of Neill's shoe store on Wednesday last, George McDonald, a boarder at the Island City boarding has been placed under arrest. A pair of the shoes taken from Neill's cellar ware found in his possession. There is no other charge against him other than having received stolen property knowing it to be stolen. Warrants are out for the arrest of two others in connection with this affair, but the men have taken a timely warning and left for parts unknown; although they have been given a hot chase they have been successful in evading arrest. Mr. Sanderson, manager of the Brockville branch of Neill's several shoe stores, and a clerk, R. Batterton, were the only witnesses heard against McDonald who identified the shoes as those taken from the store. The prisoner was committed for trial.

SOME RICH ORE BEING FOUND

Good Prospects for the Season Copper Mines at Stoney Lake Being Operated

Stony Lake, August 23rd. — The prospects of the Leason copper mines going on are very good at the present time. They are finding some very rich ore and the company are about to put in a steam hoist and a steam pump and as soon as they get these installed they are going to put on a night gang. They are putting up a building over the whole plant. The success of this mine will be a good thing for the Leason family as they are to receive a good thing as soon

BOAT FOUNDERED ON PIGEON LAKE

Steam Yacht Pearl Met With Disaster—No Loss of Life Fortunately

Special to the Review.

Lindsay, July 23—On Monday afternoon Pigeon Lake was the scene of a marine disaster which luckily was unattended with loss of life, although the financial loss will be considerable.

While the steam yacht Pearl, owned by Crow Bros. proprietors of the summer resort known as The Cedars, was crossing Pigeon Lake in the early afternoon the craft foundered when close to Red Rock, about two hundred yards distant from the northernmost point of Big Island. The crew, numbering two persons escaped in the yawl just before the disaster happened. There was a heavy deck load of trunks belonging to guests who had arrived earlier in the day, and these floated when the yacht went down, and bobbed about on the waves for over half an hour until they were rescued with the assistance of a party of campers who had hurried to the scene from their camping ground a mile or so distant.
